

The Lord 1591

Chapter 1591: Goat People Blessing

Within the palace, Zhao Fu was already doing it with the three Leopard Queens. Before the battle had even started, Zhao Fu had waved his hand, sending out countless chains and binding them up.

This made the Goat people's morale surge, while the Leopard people looked devastated; this caused the battle to conclude incredibly quickly.

Afterwards, Zhao Fu hugged the three Leopard Queens who were completely strengthless. Their faces were red and powerlessly gasped. These three Leopard Queens were no ordinary women, and Zhao Fu had expended a great deal of energy to subdue them.

However, subduing them gave a sense of satisfaction and pleasure.

Bao Jing lay in Zhao Fu's embrace and looked at Zhao Fu as she said, "You bastard! We just want you to let off our families; we don't ask for anything else, and you can do what you want with our bodies."

Zhao Fu hugged their bodies and lightly laughed as he said, "There's naturally no problem in letting off your families, but you also need to give me things I'm interested in. I want ancestral items, similar items, powers, or godly spirits."

Bao Hongye angrily hit Zhao Fu a few times and said, "Our bodies are already yours and yet you still have more demands; you're so bad."

Bao Zi thought about it and said, "We have an ancestral item, which is a Leopard Soul Pearl; it is something condensed from our ancestor's soul and has powerful soul energy. We'll give it to you, so please let off our families!"

She took out a crystal pearl that was as big as a lychee, and there was a violet leopard's image within it. It gave off a faint violet light and a powerful aura.

Zhao Fu felt quite pleased as he took the crystal pearl and smiled as he replied, "Mm, you don't have to worry; I promise that I won't harm your families."

The three Leopard Queens let out sighs of relief. Now that the Leopard Kingdom had been destroyed, they were just worried about the safety of their relatives. Now that this had been resolved, they gave beautiful smiles.

Bao Hongye happily smiled as she said, "You bastard, let's continue after I rest for a while. When that time comes, I definitely won't beg for mercy again."

Zhao Fu smiled and lifted her chin as he said, "Maybe some other time. I want to immediately refine this Leopard Soul Pearl, so I'll need to ask you to leave. You can go and find your families, and I'll take you all away later."

Hearing this, the three Leopard Queens smiled and agreed because this was what they were concerned about the most. They put on their clothes and left the room.

Zhao Fu sat cross-legged on the bed and consumed the Leopard Soul Pearl. The Leopard Soul Pearl exploded out with a violet light and spread through his body before shooting out, and a violet leopard's image appeared within Zhao Fu's body.

Seeing this violet leopard, Zhao Fu did not feel too surprised and used his Divine power to cover the illusory image. He then started to gradually absorb its energy.

The leopard's image became weaker and weaker before turning into motes of light and disappearing, and the crystal pearl also gradually melted.

Zhao Fu not only felt a large amount of energy flow into his body, but he also felt a large amount of energy flow into his mind and soul as well, causing his mental power to also grow.

Zhao Fu once again felt a pain on his back, and a Leopard totem appeared on his back.

Sensing the violet totem on his back, Zhao Fu gave a smile and came outside. Now it was time to obtain the Goat People Blessing.

All of the Goat People had been gathered, and there were around 20 million of them. There was an altar at the center, and Zhao Fu stood on the altar while the Goat people looked at Zhao Fu with reverence and worship. It was Zhao Fu who had saved them, and without Zhao Fu they would still be suffering humiliation and bullying.

The blessing began, and countless Goat people chanted as traces of white aura rose up from their bodies. The traces of aura were similar to Fate and faith energy, and it continuously gathered in the sky.

The massive amount of auras condensed a Goat person that was hundreds of meters tall, and it gave off an enormous aura.

The Goat person's gaze was somewhat blank, and there was no joy or sadness within it. A massive aura came out of the Goat person's body and formed a wild gale that rushed at Zhao Fu, and it flooded into Zhao Fu's body.

Zhao Fu felt a massive wave of power enter his body, and his body exploded out with a powerful aura as countless rays of white light spread out from Zhao Fu that felt quite gentle.

This made Zhao Fu standing on the altar look like a godly spirit receiving the worship of countless people. He once again felt a pain on his back, and a white Goat person totem appeared on his back.

After receiving the Goat People Blessing, Zhao Fu did not stay here and continued onwards with the merchant group.

Yang Long greatly wished that Zhao Fu would stay for a bit longer. After all, the Goat Kingdom had just been established and was not very stable yet, and the people were not very united. If Zhao Fu was willing to stay, no one would be able to resist.

However, if Zhao Fu left, people might start making trouble. As such, Yang Long would have to carefully govern the Kingdom and gradually solidify his political power.

After leaving the Goat Kingdom, the merchant group travelled for another day before finally reaching the Fox Race.

The people of the Fox Race had fox ears and tails, and the men were handsome and the women were quite flirtatious.

Now that the merchant group had reached its headquarters, and their journey had concluded.

Zhao Fu came with Hu Shan to a large and luxurious mansion and met her relatives. Hu Shan began to hand over various matters of the merchant group to them, and she told them that she was going to leave with Zhao Fu.

Some people were happy while some were sad to hear this. Those who were happy were Hu Shan's ex-husband's older brother. Now that Hu Shan was going to leave, the merchant group would be his. However, there were many people who liked Hu Shan who felt quite sad that she was leaving.

Hu Shan was not too reluctant to leave. Ever since she had met Zhao Fu, her life and fate had greatly changed. She was not the same Hu Shan as before, and she would enter a better world and would not remain part of a small faction that feared everything.

After taking care of all matters, Hu Shan left with Zhao Fu and headed to the centre of the Fox Race's territory, which was where they were holding the Fox Race Meeting.

This was where the Heaven Fox Stone was being offered as a prize, and the most powerful person would obtain it. Many geniuses of the Fox Race would come.

Zhao Fu was quite interested in this, and he planned to obtain it using his own strength and not through using his Nation Armament. He wanted to gain some experience and not always rely on his Nation Armament. This would be good training for his participation in Outlander Ten College's examination.

Chapter 1592: Fox Race

Zhao Fu headed on by himself. If he brought too many people, taking the Heaven Fox Stone might be difficult, so he had everyone else wait for him elsewhere.

A day later, Zhao Fu came to the Fox Race Meeting. Virtually everyone was from the Fox Race and it was rare to see outsiders. They all had powerful auras and many tails; some people had seven tails.

Zhao Fu found a corner where there was no one else and quietly waited for the beginning of the Fox Race Meeting. Since he decided not to use his Nation Armament, he had to keep a low profile. He was primarily seeking to refine himself and train himself not to rely on his Nation Armament.

At that moment, a white-skinned and chubby middle-aged man appeared on the stage and loudly announced, "The competition will hereby begin!"

At the same time, five young men and women giving off icily arrogant auras appeared, and they sat on five chairs on the stage.

The first was a bewitching-looking Fox Race young man. He was sloppily dressed and seemed somewhat lazy. He had seven tails and was called Hu Xie. He was one of the most powerful people in the Fox Race and was one of the biggest contenders for this competition.

There was a cold and beautiful-looking young woman with a graceful figure. She was dressed in white clothes and also had seven clothes. She was called Hu Lengleng and was second-ranked behind Hu Xie. She came from one of the biggest factions in the Fox Race.

The third person was an honest and simple-looking young man who had a powerful aura. He also had seven tails and was called Hu Hou. The fourth person was a ferocious-looking, well-built young man called Hu Sha.

The fifth person was a beautiful young woman with a mature figure dressed in a pale yellow dress. She looked quite sweet and was called Hu Meili.

The five people were the most powerful of the Fox Race's younger generation and came from different factions. They were the top contenders for the Heaven Fox Stone, and they were allowed to directly skip to the finals while everyone else had to climb their way there.

Everyone looked up at the five people on the stage. Those five people weighed down on everyone like five mountains, and wanting to surpass them would be incredibly difficult.

However, for that precious Heaven Fox Stone, everyone wanted to at least try, and they would not give up so easily or else they would not have come. Some people looked resolute and trusted in their own power.

The five people sitting on the stage looked at the people below with condescension. They did not take those people seriously at all, and they were only wary of the people next to them; everyone else was garbage.

There were also countless people spectating, making the scene seem quite lively. This was the Fox Race's largest meeting, and countless people came to watch the fun.

The scene was incredibly raucous as everyone heatedly debated who would obtain the Heaven Fox Stone.

"From how I see it, Hu Xie will definitely obtain the Heaven Fox Stone. He's powerful and terrifying, as well as incredibly strange; who can defeat him?"

"I don't think so, I feel that the second-ranked Hu Lengeng has a good chance. Her strength has greatly increased and she's our Fox Race's number one beauty. I'll definitely support her."

"I don't like either of them. Such a powerful item like the Heaven Fox Stone should fall into the hands of someone with morals, so I support Hu Hou. I don't like Hu Xie; I've heard that he keeps male and female slaves and is a cannibal."

"The strong reign supreme! If you don't have strength, having morals is pointless. I support Hu Meili; just looking at her makes my heart almost explode."

"Oi, who says that one of those five people will obtain the Heaven Fox Stone and that the people below have no chance at all?"

"Hahaha, what a joke. Look at the people below; how are they meant to win the Heaven Fox Stone? I feel they're just here to have some fun."

"That's right, if it wasn't for the Meeting, these people would not have the right to fight for the Heaven Fox Stone, and it would definitely go to one of those five on the stage."

As the people below intensely discussed, the major figures sat on seats on the viewing platform and smiled as they looked down. They also discussed amongst themselves, giving off the auras of upper-level figures. Read more chapter on vipnovel.com

They naturally also supported the five people on the stage; the people below did not catch their attention at all.

Zhao Fu brought his number plate and came to an arena. His match was a weak-looking young man who only had Stage 6 or 7 strength.

Zhao Fu hid his aura and no one could tell what his cultivation was. He was also wearing a black cloak, making him seem quite mysterious and so that nobody could see his appearance.

Facing Zhao Fu's gaze, the weak-looking young man felt as if he was being looked at by an extremely dangerous predator. His hairs stood on end, and he felt a cold feeling in his heart and instinctively felt fearful. He did not dare to move, and his arms and legs trembled.

Zhao Fu did not attack, and he calmly looked at the young man.

Facing Zhao Fu's terrifying and unhuman-like eyes, the young man could not take it anymore and called out in fear, "I surrender!"

Everyone booed, feeling quite contemptuous of this young man for not daring to even attack before he surrendered. Many people mocked this young man and called him a coward.

Facing those voices, the weak-looking young man's face became quite pale, and he did not seem to hear those voices. Those terrifying eyes still lingered in his mind, and he still felt incredibly terrified.

The umpire announced Zhao Fu's victory and gave Zhao Fu's his number plate for his next match. Zhao Fu went to the next arena and there was a white-haired elder waiting for him there.

Zhao Fu stepped forwards and looked at the elder, preparing to easily dispatch him.

"I surrender!" Facing Zhao Fu's gaze, the elder also felt a wave of terror, just like the weak-looking young man from before.

This made everyone quite surprised, and they started to feel quite curious about Zhao Fu. Why did two people surrender to him before even fighting? Was he that terrifying?

Some people felt that Zhao Fu was quite ordinary and there was nothing special about him. Others said that Zhao Fu had bribed those two people, or else they would not have surrendered so easily. Some people said that Zhao Fu was bullying the elderly and young.

The umpire once again announced Zhao Fu's victory and gave him the number plate for his next fight.

Zhao Fu headed to another arena, and a well-built big man giving off a ferocious aura soon arrived. Everyone felt that this time they would be able to see an intense battle. However, facing Zhao Fu's terrifying gaze, the big man was unable to take it either and surrendered as well.

Chapter 1593: Hu Xie

Many people looked quite confused and could not understand what was happening and why three people had successively been scared into surrendering.

Some people were dissatisfied that Zhao Fu had bought off those people, but some people found that there was something special about Zhao Fu. They started to pay attention to him.

Following this, the umpire once again announced Zhao Fu's victory.

In his fourth, fifth, and sixth matches, there was still no one who dared to make a move against him.

This made people feel incredibly shocked; did he buy off that many people, or was he that terrifying? Now, more and more people were paying attention to Zhao Fu.

Zhao Fu felt quite helpless about this. The people he faced off against were simply too weak, and most of them were around Stage 5 or 6, while Zhao Fu was a Harmony Realm expert. Moreover, Zhao Fu's eyes were the most terrifying eyes in the world.

Zhao Fu's left eye had nine layers of pupils and his right eye had a cross-shaped pupil with six gray dots around it. Not only did they contain the power of five Emperor Stars, but they also contained all kinds of other powers as well.

Zhao Fu came to the arena for his seventh match, where he saw a beautiful woman with an enticing figure wearing a red dress. She had five tails and gave off a trace of a bewitching aura. She had a reddened face, and her eyes were slightly watery.

“Sir, as long as you’re willing to let me serve you for a night, I’ll surrender,” after she said this, the surrounding spectators were sent into an uproar and had never thought such a thing would happen. The woman in red was incredibly pretty and yet she took the initiative in offering to serve this person and surrender; how could such a good thing happen to someone?

Now, everyone was certain that Zhao Fu was a fake, and they thought that he had bought off people to seem cool.

At the same time, more and more people started to pay attention to Zhao Fu.

Facing the woman’s words, Zhao Fu felt quite confused, but he lightly laughed and nodded, and the woman happily looked at Zhao Fu as she said, “Sir, I’ll wait for you by the side, but you have to hurry. When I smell your scent, I almost can’t wait.”

Zhao Fu nodded, and the umpire once again came up and announced Zhao Fu’s victory.

For Zhao Fu’s eighth match, he was up against an ugly-looking young man who had Stage 8 or 9 strength. After so many rounds, most of the weaker people had been eliminated, and the remaining people had decent strength.

“砰!”

Zhao Fu calmly looked at the ugly-looking young man, and the young man’s heart tightened as he felt his hairs stand on end. However, he did not want to surrender like the others and decided to quickly attack.

The ugly-looking young man quickly charged at Zhao Fu and arrived in front of him quickly. He formed claws with his hands and grabbed towards Zhao Fu with immense piercing power.

Bang!

A muffled explosion sounded out. Just as the ugly-looking young man attacked, before he could react, he was sent flying backwards and he crashed below the arena and coughed up a large mouthful of blood before he fainted.

Everyone looked quite shocked and had never thought that Zhao Fu would have such strength.

On the stage, Hu Xie looked over to Zhao Fu and gave a nefarious smile as he said, "That person is quite interesting; perhaps he can take a few blows from me."

Hearing this, the other four people also looked at Zhao Fu.

The fourth-ranked Hu Sha said with a trace of condescension, "If it's me, I can finish him off with a single punch!"

Hu Hou looked quite serious and said, "I feel that this person is quite powerful and can rival us. That casual attack from him was already so terrifying, so he definitely isn't simple. However, I should be able to defeat him."

Hu Meili lightly laughed as she said, "Rather than his strength, I'm more interested in his strength. Even from here, I can smell an intoxicating scent from him; it's the first time I've encountered such a thing."

Hu Lengleng did not say anything and sat there icily. She glanced over at Zhao Fu before looking away.

Next to her, Hu Xie looked over her figure and gave a trace of a smile as he said to the Fox Race's number one beauty, "Hu Lengleng, this time the Heaven Fox Stone will definitely be mine and none of you will be able to take it away. If you're willing to do it with me once, I'll gift it to you."

Hu Lengleng coldly looked at him and said, "Don't be so overconfident; no one knows who will take the Heaven Fox Stone. Also, do you believe I won't chop off your thing and feed it to dogs?"

Hu Sha loudly laughed as he said, "Hu Xie, do you want to have a competition right now? I've long since wanted to test out your strength. Your elder has never been happy being ranked fourth."

Hu Meili reminded them, “The people below are still competing; as people participating in the finals, we can’t start fighting now.”

Hu Sha arrogantly stood up, “How is it possible for that group of trash to compete with us? How about we directly compete and whoever wins can take the Heaven Fox Stone; there’s no point wasting time like this.”

Hu Xie lightly laughed as he said, “I agree!”

Hu Hou thought about it and said, “I also agree, let’s begin then. I don’t want to keep sitting here either.”

The middle-aged MC felt quite troubled. These five people fighting ahead of time would disrupt the procedure of things. If the finals were concluded, there would be no point in the preliminaries anymore.

He came up and pleaded with them, saying, “Young sirs and misses, please wait; I will try to have the preliminaries conclude as quickly as possible; it won’t be long.”

Hu Sha said dissatisfiedly, “You say that it won’t take long? Do you think we’re stupid? Look at how many people there still are; I don’t want to keep waiting.”

As he spoke, Hu Sha pushed aside the MC and walked to the center of the stage, where there was a stone stele on which was a blood-red stone. That was the Heaven Fox Stone.

Hu Sha picked up the Heaven Fox Stone and said arrogantly, “There’s no need for you trash to compete anymore; you can all come! This Heaven Fox Stone will belong to whoever can snatch it!”

After saying this, Hu Sha vigorously threw the Heaven Fox Stone into the air.

The major figures on the viewing platform did not stop him and smiled as they watched on and started to speak.

“In previous years we’ve always held rounds of competitions, but our Fox Race now has five geniuses. They are simply too far above everyone else, and there’s no need to continue wasting time

like this. Let's allow them to chaotically fight so that everyone can reveal their true abilities. I'm looking forward to those five little fellows' performances."

Everyone else smiled and nodded. This Fox Race Meeting was the best opportunity for Hu Xie and the others to make their names known.

Chapter 1594: Blood Devour

After being tossed up, the Heaven Fox Stone quickly fell and countless people's gazes fell on that Heaven Fox Stone. However, no one dared to go up to take it because taking it now would be useless.

They were too weak, and even if they could seize it now, they would not be able to protect it and would be attacked by everyone. As such, most people decided to try to snatch it when things became more chaotic; that way, they would have more of a chance.

That was what ordinary people planned, and for Hu Xie and the others it was naturally the opposite. After all, they were incredibly powerful, and seeing the falling Heaven Fox Stone, they exploded out with powerful auras and rushed towards it.

The one who was closest was naturally Hu Sha, as he was the one who had tossed it up into the air. He shot into the air and gave a pleased smile as he was about to grab the Heaven Fox Stone.

However, a suction force suddenly covered the Heaven Fox Stone and whisked it away.

Everyone followed the Heaven Fox Stone to a person dressed in a black cloak, who grabbed it and said coldly, "I wanted to refine myself; why did you do this?"

Hearing this, no one understood what Zhao Fu meant. However, now that he had obtained the Heaven Fox Stone, countless people wanted to go and snatch it from him.

Hu Sha felt quite furious; he had nearly obtained the Heaven Fox Stone but it had been stolen away by Zhao Fu. He exploded out with a powerful aura and rushed towards Zhao Fu with a powerful gust of wind as he roared, "You're seeking death!"

Zhao Fu's expression did not change in the slightest, and seeing Hu Sha about to reach him, he stretched out a hand and lightly cried out, "Eight Forbidden Blood Art!"

Chi!

Zhao Fu's outstretched hand became covered by a blood-red light and as Hu Sha rushed down, Zhao Fu's hand pierced through his chest, resulting in a loud stabbing sound.

"Arghhh!" Hu Sha howled in pain as his body instantly melted and became countless traces of blood-red water that formed an orb that covered Zhao Fu's hand. The orb of blood-red water gave off a faint blood-red light and blood-red runes floated out of it, and they surrounded the two meters around the blood-red orb.

Zhao Fu gripped his hand and slowly withdrew it from the blood-red orb, drawing out a blood-red sword. The runes in the surroundings flowed into the blood-red sword, and the blood-red sword immediately gave off a terrifying and dangerous aura.

Everything happened too quickly and no one would have expected that the powerful Hu Sha would be instantly killed by Zhao Fu. Seeing this, others started charging forwards to try to snatch the Heaven Fox Stone.

Facing the people charging up, Zhao Fu held the blood-red sword and vigorously slashed out, sending out an enormous blood-red sword arc that slashed everyone in the surrounding 100 meters into two halves and dyed the ground blood-red.

The rest of the people charging up immediately stopped and stared at the heap of corpses in terror. That person in the black cloak seemed like a god of death.

The scene fell into a deathly silence, and Hu Xie and the remaining three people stared at Zhao Fu with pale faces. Now, they were thankful that they had not rushed up or they would have ended up like Hu Sha.

Just who was this person and how did he have such terrifying power? Seeing how Zhao Fu had instantly killed Hu Sha, they were certain that they would also be crushed to death by Zhao Fu.

“What? Are we not going to continue? This Heaven Fox Stone will belong to whoever can snatch it,” Zhao Fu held the blood-red sword in one hand and the Heaven Fox Stone in the other as he talked coldly.

The people in the surroundings looked terrified and sensing Zhao Fu’s aura, their bodies instinctively trembled. They finally understood why those people before had surrendered before attacking.

“I’ll kill you!” A voice exploded out from the viewing platform as a bearded middle-aged man exploded out with a savage aura and furiously charged at Zhao Fu. He was Hu Sha’s father, Hu Li, and he had Great Earth Realm Cultivation.

Sensing this ferocious power, everyone else quickly retreated, while Zhao Fu stood there and watched Hu Li charge over.

Shing!

Zhao Fu raised the blood-red sword and slashed down, sending out an enormous vertical blood-red sword light.

Bang!

Hu Li was sent flying back by the blood-red sword light and heavily slammed into a wall of the viewing platform, causing a massive crater to appear in the wall.

The expressions of the people on the viewing platform fell, and they exploded out with powerful auras as they looked at Zhao Fu seriously.

They had similar strength to Hu Li, and yet Hu Li had been easily defeated by a strike. This proved that Zhao Fu could defeat all of them, so they felt quite shocked.

Now, everyone understood that Zhao Fu was not even someone from the Fox Race. A violet-haired elder asked seriously, “Who are you? Why have you come to steal our race’s Heaven Fox Stone and kill our people?”

Zhao Fu was the only outsider here and everyone else was from the Fox Race. There were countless experts here, as well as large numbers of Fox Race soldiers; the Fox Race had an absolute advantage in terms of numbers.

Hearing the elder's words, Zhao Fu put the Heaven Fox Stone away and said coolly, "The Heaven Fox Stone belongs to anyone who can snatch it, so it is now mine. Also, I just killed a bunch of trash; do you have a problem with that?"

The violet-haired elder yelled, "This is the Fox Race's territory. Don't go too far, or else you'll die a horrible death."

Bang!

Just as the elder spoke, Zhao Fu shot forwards and his body turned into a few bloody wisps and dissipated. In the next moment, he appeared in front of the elder and his blood-red sword stabbed through the elder's chest. Moreover, because of the momentum behind Zhao Fu's attack, his sword nailed the elder into the wall behind him.

Zhao Fu was now face to face with the elder, and he gave a cold smile as he asked, "What can you do even if I go too far?"

Blood leaked out of the elder's lips, and he furiously glared at Zhao Fu. He gathered a wave of power in his hand and raised it, wanting to strike Zhao Fu.

Zhao Fu laughed and lightly cried, "Blood Devour!"

The blood-red sword gave off large amounts of blood-red aura that instantly sank into the elder's chest. The elder cried out in pain as his body withered and he turned into a dry corpse.

Zhao Fu withdrew the blood-red sword from the elder's withered corpse, and everyone in the surroundings quickly retreated. That elder was one of the strongest people in the Fox Race's senior generation, and yet he had also been killed by Zhao Fu in a single strike.

"Grandpa!" Hu Xie howled in pain. The elder who Zhao Fu had just killed was his grandpa, and he had treated him incredibly well.

Zhao Fu turned his head and looked at Hu Xie as his left eye widened and his golden pupil quickly spun.

Clang, clang, clang...

Chains shot out from the air with immense power, piercing through Hu Xie's body.

Chapter 1595: God of Killing

Blood flew everywhere and before Hu Xie could even cry out, his body was pierced by chains, making him look like a sieve. There was no part of him left intact, making him look horrifying. The Fox Race's number one genius fell just like that.

"Kill!" seeing their master being killed, countless soldiers loudly roared as they gave off terrifying auras and charged towards Zhao Fu.

Zhao Fu spun and gave a cruel smile as he turned into a ray of blood-red light and shot towards the soldiers. His blood-red sword turned into a blood-red ribbon that was ten or so meters long, and he vigorously swung it, causing it to quickly shoot out.

Chi, chi, chi...

The soldiers around Zhao Fu were sliced in half, and their corpses gradually fell and their organs spilled everywhere. Blood flew everywhere, but it was eerily held in the air by an invisible force.

At that moment, Zhao Fu gave a savage smile, stretched out a hand, and grabbed at the air.

Bang! Bang! Bang...

The blood floating in the air turned into nail-sized orbs of blood and gave off immense force as they shot out, shooting into soldiers' bodies. Blood sprayed everywhere as cries continuously sounded out and countless holes appeared in the soldiers' bodies.

In just those few moments, Zhao Fu killed over 50,000 people. There were corpses and blood all over the ground as the incoming soldiers all looked terrified and did not dare to rashly rush ahead.

“Kill!” a roar sounded out as the middle-aged man who had previously been sent flying, Hu Sha’s father, charged forwards.

His faction’s soldiers obeyed and gave off a massive aura as they rushed at Zhao Fu. Zhao Fu gave a trace of an evil smile – these people charging at him was exactly what Zhao Fu wanted, as he still had not killed enough.

The ribbon within his hand shrank and re-formed into a sword. Zhao Fu gave off a massive aura as he ferociously charged towards the soldiers.

It was the first time that Zhao Fu had used the Eight Forbidden Blood Art in battle before, and even without having fused with any powerful bloodlines, it already had terrifying power. This was not only a bloodline-fusing power but an art of killing.

Chi, chi, chi...

Zhao Fu’s sword slashed out as a blood-red sword light slashed through soldiers’ bodies, causing blood to spray out. Zhao Fu spun, and all of the soldiers around him were cut into pieces.

This was not a battle but a one-sided slaughter. Zhao Fu’s sword continuously slashed out, cutting apart the incoming soldiers like grass.

The ground was dyed red and there were corpses everywhere. Most of the corpses were in pieces and there was an incredibly gory stench.

Boom!

Hu Sha’s father exploded out with the power of a Nation Armament, and a terrifying aura spread out like a flood, bringing with it a wild gale.

Hu Li charged towards Zhao Fu like a wild beast, giving off massive sounds and seeming to be able to destroy everything as if nothing could stop him.

Pa!

Hu Li gave off a terrifying aura as he rushed in front of Zhao Fu. Before he could attack, Zhao Fu condescendingly stretched out a hand and grabbed his head, and he spoke with a cold voice, “Blood Extermination!”

Hu Li felt extreme pain and gave an incredibly painful howl as his body instantly turned into blood-red water that formed an orb. It gave off an attractive force that caused the blood on the ground to turn into a few pillars of blood and fuse into the orb.

The orb became bigger and bigger and flew into the sky as it exploded with an enormous suction force. The soldiers below were sucked into the sky as if they were ants, and they were stuck against the blood-red orb, unable to resist at all.

100,000 soldiers were sucked into the sky, forming an orb made up of countless soldiers.

The orb was incredibly big, and the soldiers pressed against it vigorously struggled and howled or wept.

Zhao Fu raised a hand towards the orb and vigorously clenched his hand.

Bang!

A massive explosion sounded out as the enormous orb in the sky exploded. Blood and bits of flesh shot everywhere, descending like a bloody rain, dyeing everything in the surrounding red and creating a hellish scene.

The surroundings became deathly silent, and everyone looked at Zhao Fu with terror as they trembled. In their eyes, Zhao Fu was like a god of killing.

Those with Nation Armaments released their Nation Armaments, and those with cultivation exploded out with their cultivation power. More and more soldiers gathered.

Zhao Fu stood at the center of the scene and looked around him. His gaze settled on the Fox Race's experts and he said coldly, "Do you still have any objections?"

The Fox Race's experts looked quite serious. After seeing Zhao Fu commit that slaughter, they understood how terrifying Zhao Fu was. If they rushed up, they might die at Zhao Fu's hands.

Such a powerful person could only be stopped by an ocean of soldiers. There were still soldiers hurrying over, but they would still not be enough. Moreover, was it really worth it to sacrifice so many soldiers to kill Zhao Fu?

Furthermore, with Zhao Fu's power, even though the soldiers might be able to stop Zhao Fu, they would not be able to stop him from leaving.

Facing Zhao Fu's words, the experts looked at each other and a dignified-looking middle-aged man said, "You can take the Heaven Fox Stone, we have no objections. However, please leave quickly."

Zhao Fu killing so many people had turned this perfectly good meeting into a slaughterhouse. If this news spread, the Fox Race would lose a lot of face. Moreover, they were quite afraid of Zhao Fu's power and did not dare to act.

Hearing this, Zhao Fu lightly harrumphed and waved his hand, sending out three chains that bound up three women. He then turned into a ray of light and shot over the horizon.

With more and more soldiers gathering, even if he used his Nation Armament, he had to quickly leave or else things would become dangerous. The power of a few billion soldiers gathered together was quite terrifying, and he might not be able to withstand it.

The three women Zhao Fu brought away were the red-clothed woman from before, who was called Hu Mei; Hu Lengleng, the Fox Race's number one beauty; and Hu Meili.

Because of how suddenly Zhao Fu had acted, the Fox Race's experts were unable to react in time. Moreover, even if they could react in time, they would have hesitated as an intense battle would have erupted.

Soon, news of what had happened here spread to other places.

Chapter 1596: Naga

The Fox Race was sent into an uproar because the Fox Race Meeting had been turned into a slaughterhouse. The strongest people from the senior and junior generations had died, and the various experts present could not do anything.

Some people said that this was the most terrifying thing that they had experienced in their lives, and it was as if the world had been dyed blood-red. There were broken corpses everywhere, and the screams still sounded out in their minds.

Everyone in the Fox Race felt quite curious about that person and wondered just who he was and how he had such terrifying power. Even the surrounding worlds had never heard of this person before.

The most fortunate one was Hu Hou, the honest-looking young man.

Of the Fox Race's five geniuses of the younger generation, the first-ranked Hu Xie had been killed, the second-ranked Hu Lengleng had been kidnapped, the fourth-ranked Hu Sha had been killed, and the fifth-ranked Hu Meili had been kidnapped. There was no one to compete with him, and he was now the Fox Race's only genius.

News of what had happened spread to the surrounding worlds, and the other worlds all became wary and hoped that this terrifying person would not come to where they were.

Zhao Fu brought the three women to a cave and set down restrictions within their bodies before undoing the chains binding them.

The three women were quite afraid of Zhao Fu, as they had personally seen how terrifying, bloodthirsty, and cruel Zhao Fu was.

Zhao Fu lightly laughed as he said, "Don't worry, I won't harm you. Of course, you all need to obediently submit to me."

Seeing how gentle Zhao Fu seemed, no longer as cold and cruel, Hu Mei felt at ease and hugged him as she said, “Sir, I’ve always been yours and you can do whatever you want to me. Let’s start, I’ve waited for so long already.”

Zhao Fu looked at the lewd Hu Mei in his embrace and pressed her below him and started to do it with her.

Hu Lengleng and Hu Meili’s faces were red as they watched Zhao Fu and Hu Mei do it in front of them.

A while later, Hu Meili’s breathing became rough and she looked at Hu Lengleng as she said, “We’re going to become his women sooner or later, so it’s better that we take the initiative and please him. I’m going over.’

However, Hu Lengleng shook her head as she said, “I won’t submit to him; my man has to be an upstanding hero, not a bloodthirsty and domineering evildoer who kidnaps women.”

Hu Meili did not say anything else as she looked at the two people intensely doing it. She had already been tempted by Zhao Fu’s aura, and seeing how much Hu Mei was enjoying herself, she could not help but join in.

In the end, Hu Lengleng was also pressed down by Zhao Fu, and she was no longer as cold and was just as lewd as the other women.

Afterwards, Zhao Fu hugged the three women and smiled. The Fox Race’s women had a bewitching air about them, which could make one feel intoxicated.

Hu Mei happily smiled as she said, “Husband, you’re so powerful. I can’t leave you in the future.”

Hu Meili also flirtatiously smiled.

Hu Lengleng’s face was red and she lay in Zhao Fu’s embrace and did not say anything. She felt that she had been too lewd, which was completely unbecoming of her.

Zhao Fu lightly laughed as she said, “I’ll let you all go back to say goodbye to your families before leaving with me.”

Hu Lengleng and Hu Meili felt quite delighted and had never thought that Zhao Fu would allow them to say goodbye. They were already prepared to never see their families and friends again, and they had felt quite sad.

However, Zhao Fu had unexpectedly allowed them to say goodbye; was he not afraid that they would run off and not come back?

The two women examined their bodies and realized why – their bodies were filled with Zhao Fu's restrictions and he could control them at will. Moreover, Zhao Fu had just conquered them, and they now felt a slight sense of reliance towards him.

The two women sighed; it seemed that they would not be able to escape from Zhao Fu for the rest of their lives. However, they were not angry and were instead quite happy. Read more chapter on vipnovel.com

Following this, the two women left while Hu Mei stayed with Zhao Fu. She did not have anyone to say goodbye to, and she only wanted to stay by Zhao Fu's side and receive his love.

After they left, Zhao Fu took out the Heaven Fox Stone and started to fuse it.

The Heaven Fox Stone floated in front of Zhao Fu's body, gave off an intense blood-red light, and became a small nine-tailed fox as big as a palm.

This little fox did not show any resistance or aversion, and it instead excitedly leapt into Zhao Fu's body. Zhao Fu suspected that it was because of his relationship with Tamamo-no-Mae and Su Dafei – they were pure-blooded Nine-Tailed Foxes, which made the little fox like Zhao Fu.

After the little fox entered Zhao Fu's body, Zhao Fu exploded out with a powerful aura as his body gave off an intense blood-red light.

The little fox turned into a powerful blood-red energy that spread throughout Zhao Fu's body, and Zhao Fu focused on absorbing and refining this power, turning it into his.

After Zhao Fu finished refining the power, he once again felt a pain on his back as a nine-tailed fox totem appeared on his back.

Sensing the various powers in his body, Zhao Fu gave a satisfied smile.

Following this, Hu Lengleng and Hu Meili returned, looking quite happy having said goodbye to their families and friends. Zhao Fu then brought them to the meeting place with Hu Shan and the others.

Beneath a small hill, there was a massive and exquisite-looking carriage. The women had been waiting for a long time, and seeing Zhao Fu return, they all looked delighted. They immediately pulled him into the carriage, and indescribable sounds rang out.

Now that the merchant group had returned to the Fox Race, Zhao Fu's goal was to go to Outlander Ten College, and he ordered the three-headed demon wolf to head in that direction.

Because the three-headed demon wolf was incredibly intelligent, it did not need a driver, and Zhao Fu and the women could enjoy themselves inside the carriage.

Five days later, Zhao Fu and the women had passed through the outer region and reached the inner region. The people here were much stronger than those in the outer region, and the strongest people had Emperor Heaven Realm Cultivation. Zhao Fu could no longer act as unrestrainedly as before.

After receiving much love from Zhao Fu, and adding on the Beauty Spring Pearl's effects, the women all looked incredibly beautiful and gave off bewitching auras.

By now, Zhao Fu and the others had reached a small Naga Kingdom. These people had human upper bodies and snake lower bodies. They were incredibly fast, but they found it hard to turn corners.

Zhao Fu sat next to the window and hugged the red-faced Hu Lengleng as he looked at the Naga City outside.

Chapter 1597: Naga God

There were Nagas walking on the streets, selling things, sitting in restaurants, and laughing and talking; there was not much different from a normal human settlement.

However, all of the building styles and engravings were related to snakes, and snakes could be seen everywhere.

At that moment, the street started to become quite lively as people started to crowd together. Zhao Fu felt quite curious and got off the carriage to take a look at what was happening.

He saw a beautiful Naga woman with a mature figure dressed in red armor. She held a spear and gave off a valiant aura, and she led a group of Naga soldiers as they led along some people in chains.

Zhao Fu asked a Naga next to him curiously, "What's going on?"

The Naga ignored Zhao Fu because he could immediately tell that Zhao Fu was not a Naga. After Zhao Fu tossed over a bag of coins, the Naga smiled and explained.

The woman in red armor was one of the Naga Kingdom's Princesses, and the people in chains were criminals. They had all committed great crimes and they were being taken to be sacrificed to their Kingdom's Naga Gods.

The Kingdom's Naga Gods were the Naga Kingdom's guardian gods, and they were very powerful. There were two of them, one male and one female. Even though they protected the Naga Kingdom, their personalities were incredibly savage, and they liked to eat people, and they ate 800 people every month.

To a big Kingdom, 800 people every month was not a big deal, so the Naga Kingdom's royal family always sent over people every month. Moreover, they would always be delivered by a Princess out of respect to the Naga Gods.

After hearing that there were Naga Gods, Zhao Fu felt quite interested and thought about it before following the group to a large mountain.

This mountain was quite big and was the tallest in the mountain range. There was a large cave in front of the mountain that was 100 meters tall and dozens of meters wide, and there were a few massive, ferocious-looking snakes engraved around it.

It was pitch-black inside the cave and nothing could be seen, but traces of cold air came out from within, accompanied by a gory stench.

After coming before the cave, the Naga Princess ordered the soldiers to tie the criminals on the pillars in front of the cave before retreating away. She then came in front of the cave by herself and loudly called out, “Esteemed Naga Gods, we have prepared the food for you. Please come out and enjoy them.”

Slithering sounds could be heard as two Nagas appeared in front of everyone.

One Naga looked like a well-built man from the waist-up and had a silver snake tail. The other was a beautiful and lazy-looking woman who also had a silver tail, and they both of them gave off powerful godly spirit auras.

Seeing the Princess, the male Naga God smiled and said, “Daughter you’ve come again!”

The Princess smiled as she said, “Father, it’s time to present the sacrifice to you, so I naturally came. This time, I’ve picked out many strong Nagas for you to eat.”

The people tied to the poles felt incredibly confused upon hearing the Naga God calling the Princess daughter and the Princess calling the Naga God father.

After all, this Princess was the daughter of the current Queen, so why was she calling the Naga God father?

They could not help but think about that rumor that the Queen and the Naga God had an unspeakable secret. It was said that the Queen had only seized the throne with the Naga God’s help, and it seemed that this rumor was true.

So it seemed that the Naga Kingdom’s Queen had this kind of relationship with the Naga God. This was an incredibly shocking matter, and no one in the Kingdom knew.

Now that they knew this secret, they would definitely die. After all, the Princess only did not mind them hearing because they had been brought here to feed the Naga Gods.

The Nagas started to beg for mercy, asking the Naga Gods to spare them. They promised that they would turn over a new leaf and that they would not spread this information.

Some Nagas knew that they would not live, so they started to curse at the Naga God and the Queen; they had never thought that they would be so deprived.

The female Naga God looked quite dissatisfied before turning into a massive silver snake that was hundreds of meters long. She opened her mouth and devoured 20 or so Nagas in a single bite, causing the remaining Nagas to look terrified and beg for mercy.

In the end, the 800 Nagas were all eaten by the female Naga God, leaving behind only bloody traces and limbs.

After eating these people, the female Naga God returned to her Naga form and wiped away the blood at her lips and angrily returned to the cave.

The male Naga God helplessly laughed, knowing why the female Naga God was angry.

At that moment, the Princess said coquettishly, "Father, you haven't gone to see mother in a long time. Mother misses you, so can you come with me to visit her? Please, father."

The male Naga God could not refuse the Princess' request and left with her.

After they left, a figure came out from the side. It was Zhao Fu, and he had never thought that this would happen.

The two Naga Gods had World Realm power, and the male Naga God was slightly stronger and was at the peak of the World Realm.

The Naga Kingdom had billions of Stage 3 soldiers as well as a Nation Armament, and it was not something to be trifled with. As such, Zhao Fu acted cautiously and did not reveal his power.

After the male Naga God and Princess had gone quite some distance away, Zhao Fu looked at the cave and took off his cloak as he smiled and walked in.

The inside of the cave was not as he expected. There were torches hanging from the walls and the ground was lined with bricks. As he walked forwards, he came to a very large and luxurious room where there were all kinds of furniture made of valuable materials. There were beautiful paintings on the walls, and there was a massive luminous gem on the ceiling.

There was a large bed at the center, where the female Naga God was lying.

She was resting her head on her hand and she smiled as she looked at Zhao Fu and said lazily, “Young sir, why have you come here?”

From the instant that Zhao Fu had approached the cave, the female Naga God had noticed Zhao Fu. Now, seeing his incredibly handsome face and sensing his intoxicating aura, she did not attack him and instead waited for him on the bed. She felt quite expectant and wanted to take revenge on the male Naga God.

Chapter 1598: Naga King

Zhao Fu smiled as he walked over and sat on the bed, as he understood the female Naga God’s intentions. He lifted up her face and said, “Seeing how beautiful the Naga God was, I could not help but want to meet you.”

The female Naga God gave a trace of a smile as she said, “Is that so? Even though your cultivation is quite low, based on your talent, you don’t seem like an ordinary person. This God will give you a chance, but you need to serve This God well or else This God will eat you.”

Zhao Fu lightly laughed as he said, “I’ll definitely make you satisfied.”

Following this, Zhao Fu pressed the female Naga God under him, and the female Naga God had never thought that she would feel such pleasure. Zhao Fu was more than 100 times better than the male Naga God, and soon she was completely lost in the pleasure and became incredibly lewd.

Elsewhere, the male Naga God and the Princess secretly came to the palace. They came to a room and lightly knocked, and two Naga female attendants opened the door.

The male Naga God and Princess entered, and there was a beautiful woman with good looks and a mature figure waiting. One could tell at a glance that she was a very ambitious woman. She was the Naga Kingdom's Queen and was called She Xiaoxiao.

"Husband!" She Xiaoxiao smiled as she dove into the male Naga God's embrace and wrapped her arms around his waist as she affectionately called out.

The male Naga God also hugged She Xiaoxiao as he smiled and asked, "Did you miss me a lot?"

She Xiaoxiao's face became red as she lightly replied, "Of course I did, you're my husband; how could I not miss you. Also, why haven't you come to see me in so long?"

The male Naga God said apologetically, "It's because I didn't want your husband to find out about us. If he found out, both of us would suffer for it, so we need to hold back."

She Xiaoxiao said in dissatisfaction, "I can't take it, I just want to stay by your side. Can you really bear to have us stay in this palace and live in fear? We might be executed any day!"

The male Naga God felt quite troubled as he said, "I also don't want this, but I can't do anything to resolve this situation."

Hearing this, She Xiaoxiao smirked and said, "I've long since wanted to cause an uprising. Husband, you need to support us; if you support us, our chances of success will be much greater. When that time comes, I will be the ruler of the Naga Kingdom and we can openly announce our relationship. We can be together every day and won't have to hide it anymore."

The male Naga God looked quite hesitant, and She Xiaoxiao gave a flirtatious smile, kissed the male Naga God, and pleaded, "Please, husband?"

In the end, the male Naga God agreed after thinking about it.

She Xiaoxiao said happily, "Thank you, husband! Did you miss my body? I'll come and serve you now."

轰!

The Princess She Mi smiled and felt that she should not continue staying here, so she turned to leave.

Boom!

A terrifying power blasted on the room, causing it to explode. Countless pieces of rock and wood were sent flying, and a slightly-skinny middle-aged Naga giving off a powerful aura appeared above the room.

When he saw the two people hugging, he felt furious to the extreme, as he was the Naga Kingdom's King, and She Xiaoxiao was his Queen. She was currently affectionately hugging the male Naga God with a reddened face, and her clothes were somewhat disorderly.

If he had not arrived in time, perhaps they would have started doing it already. Thinking about that, the Naga King felt even angrier; he had been a fool for trusting She Xiaoxiao.

She Xiaoxiao's face became pale and she felt strengthless. She had never thought that they would be exposed before they had even begun their plan. Now, everything was finished. She wanted to go up and explain and see if there was any chance to turn the situation around.

However, the Naga King was filled with hatred towards She Xiaoxiao. He raised his hand and launched a terrifying attack towards her; he was determined to kill her.

She Xiaoxiao looked terrified; she did not have the power to defend. At that moment, the male Naga God acted and blocked the Naga King's attack.

"You can all die together!" the Naga King furiously roared as he directly exploded out with his Nation Armament's power, causing the heavens and earth to dim. A wave of Divine Realm power spread out, accompanied by massive sounds.

“砰!”

The male Naga God's expression fell, and he quickly said to She Xiaoxiao and She Mi, "Hurry and leave, I'll stop him."

She Xiaoxiao and She Mi came back to their senses and hurriedly ran.

The male Naga God also gave off a terrifying aura, causing abnormal signs in the heavens and earth. This was a peak World Realm Cultivation, and he was only a bit away from breaking through to the Divine Realm.

The Naga King gripped his fists and gave off enormous power as he turned into a ray of light and shot towards the male Naga God. The male Naga God also gave off terrifying power as he rushed towards the Naga King and vigorously punched out.

The two fists clashed together with monstrous power, causing destructive shockwaves to blast out. The ground instantly cracked, and the entire room was destroyed as dust billowed into the air.

The male Naga God was incredibly powerful, making the Naga King stumble back a few steps while he only took a single step back.

The Naga King's cultivation was lower, and he had less battle experience than the male Naga God. As such, despite having Divine Realm power because of his Nation Armament, he was still at a disadvantage.

“Arghh!” the Naga King roared as he exploded out with an even stronger power and rushed at the male Naga God. The male Naga God looked quite serious as he went up to meet him, and the two of them continuously clashed.

轰轰轰...

“砰!”

“轰!”

Boom! Boom! Boom...

Explosions continuously sounded out as the two men battled, and terrifying shockwaves spread out. Sensing this power, countless people's hairs stood on end as they looked towards the palace.

Bang!

The Naga King used his Nation Armament's power to punch the male Naga God to the ground, opening up a large crater.

Within the crater, the male Naga god coughed up a large mouthful of blood.

At that moment, the Naga King looked over at She Xiaoxiao and She Mi running away and coldly said to the soldiers who had hurried over, "Kill them and cut them up."

Even though the soldiers did not know what had happened, they obeyed the Naga King's orders and held their weapons as they rushed towards the mother and daughter.

Boom!

A terrifying power once again exploded out as a silver aura flame burst forth around the male Naga God's body. He then turned into a ray of light and shot over to She Xiaoxiao and She Mi, taking one of them in each hand and flying off.

The Naga King furiously roared, "Chase after them! Don't let a single of them escape!"

Chapter 1599: God Devouring

The male Naga God hugged the two women and rushed towards the cave. It seemed that they could no longer stay in the Naga Kingdom, so he planned to take his other wife, the female Naga God, and leave this place or else they would die.

With their World Realm power, there was no Kingdom that would not welcome them. They would become their godly spirits and receive large amounts of faith energy.

The male Naga God had deep feelings for his wife, as they had lived together for many years, but he also could not let go of She Xiaoxiao either. He also deeply loved her, or else he would not agree to help her with an uprising.

Moreover, they also had a product of their blissful union, who was their daughter, She Mi.

Now, the male Naga God felt somewhat regretful. He knew that the Naga King was suspicious, but he still went to see She Xiaoxiao. His peaceful days from before had been quite good, but they were gone now.

What made him feel quite surprised was that as husband and wife godly spirits, his wife should have sensed him being in danger.

And yet, she did not react at all, so the male Naga God started to feel quite worried about his wife. He quickly flew and soon arrived at the cave.

At the entrance of the cave, he sensed another person's aura. This aura was incredibly dangerous, and he felt quite startled and rushed in with She Xiaoxiao and She Mi.

After rushing in, he saw his wife lying red-faced on the bed, not wearing any clothes. There was a handsome young man continuously doing her, while she cooperated with him.

The male Naga God stared at this scene in disbelief before coughing up a mouthful of blood. He had already been injured, and his anger caused him to receive internal injuries.

She Xiaoxiao and She Mi were also shocked to see this scene. However, seeing how powerful the handsome young man was, they could not help but feel quite tempted. Their faces became red and their breathing became erratic, and they somewhat wanted to replace the female Naga God.

"I'll kill you!" the male Naga God roared furiously and exploded out with a powerful aura as he punched toward Zhao Fu, sending out a wave of energy.

Zhao Fu coldly harrumphed and took out the Emperor Killing Sword as he also exploded out with his Nation Armament's power. He vigorously slashed, and a black sword light flew out and destroyed the incoming wave of energy. The sword light continued onwards and blasted the male Naga God back, causing him to smash into the wall behind him and cough up a large mouthful of blood.

Great Qin now had seven worlds, and the power that Zhao Fu's Nation Armament had far exceeded that of the male Naga God. As such, he was able to easily deal severe injuries to the male Naga God with a single blow.

Seeing that the male Naga God was heavily injured, Zhao Fu naturally would not let him off. He grasped this opportunity and stabbed out, sending a sword light flashing out, sinking into the male Naga God's throat. The male Naga God instantly died and his corpse sank to the ground.

Looking at the dead male Naga God, the female Naga God's eyes became filled with tears and she angrily hit Zhao Fu as she said, "You bastard, why did you kill my husband?"

Zhao Fu hugged her and said domineeringly, "You're my woman now, not his wife."

The female Naga God lightly harrumphed, "I got it! But he was still my husband, and I still feel sad seeing you kill him."

Zhao Fu put away the Emperor Killing Sword and lifted up her chin as he lightly smiled, "You won't be sad soon."

The female Naga God understood Zhao Fu's intention and glared at him as her face turned red. She lightly hugged Zhao Fu, while Zhao Fu's gaze fell on She Xiaoxiao and She Mi's bodies. He could guess at their identities, as She Mi looked like She Xiaoxiao.

Seeing that her father had been killed, She Mi looked at Zhao Fu hatefully. Her father had treated her incredibly well and she liked her father a lot, which was why she hated Zhao Fu.

She Xiaoxiao felt quite shocked. The male Naga God was so powerful and yet he had been killed by Zhao Fu so easily. Now, they were in danger as Zhao Fu might kill them at any moment, and even if Zhao Fu did not kill them, they could not escape the Naga Kingdom.

If they were caught by the Naga King, they would be doomed. They would be skinned from the waist up, and the scales on their lower bodies would be ripped off. This was the Naga Kingdom's harshest punishment, and she knew how painful it would be.

She Xiaoxiao did not hesitate and gave a flirtatious smile as she pulled over She Mi and came in front of Zhao Fu as she said bewitchingly, "Sir, let us serve you!"

Zhao Fu smiled and nodded, and She Xiaoxiao and She Mi started to serve him.

The female Naga God also smiled. She did not like She Xiaoxiao for seducing her previous husband, nor did she like She Mi. However, seeing how depraved they looked, she felt quite happy.

Zhao Fu enjoyed the service of the mother and daughter and had wanted to have a good taste, but he sensed a massive disturbance from outside and understood that there were many soldiers charging over here.

He did not hesitate and put away the male Naga God's corpse before bringing the women to his carriage and leaving the Naga Kingdom.

After leaving the Naga Kingdom, Zhao Fu let out a sigh of relief. He knew what had happened but did not care too much.

They came to a place without anyone else and Zhao Fu took out the male Naga God's corpse and decided to devour it.

Countless traces of black aura poured out from Zhao Fu's hand and covered the male Naga God's corpse. The powerful energy continuously ate at the corpse, causing it to melt and gradually disappear.

In the end, the corpse formed a pool of silver liquid which floated in the air. It gave off a faint silver light and a powerful godly spirit aura.

Zhao Fu opened his mouth and sucked the liquid into his mouth and continued refining the silver liquid.

The silver liquid spread throughout Zhao Fu's body and caused him to feel a chill. After absorbing the silver liquid, Zhao Fu once again felt a pain on his back as a silver Naga totem appeared on his back.

Zhao Fu knew that refining the male Naga God's corpse would definitely give a Naga totem.

After all, the male Naga God was a godly spirit and had powerful Naga godly spirit power, so his corpse would fulfill the conditions to create a totem.

After refining the male Naga God's corpse, Zhao Fu's appearance did not change much except that he now had a trace of Naga aura. The Naga bloodline was too low-grade, so it could not affect Zhao Fu's powerful Divine Bloodline and cause many changes in him.

Chapter 1600: Centaur

Zhao Fu and his group headed on and came to a lake that had clear and still water, and the water looked like a mirror. It reflected the blue sky and white clouds, and there was also lush green grass around the lake, creating a stunning scene.

Because Zhao Fu and the women often did it in the carriage while traveling, their bodies felt quite sticky, so the women wanted to bathe here.

Zhao Fu nodded in agreement; after having a taste of She Xiaoxiao and She Mi, he also wanted to have a bath.

For the Nagas, even though their lower halves were those of snakes, they could transform certain parts of their bodies into that of humans. Most Outlanders had this ability, including the Fishmen from before.

Everyone took off their clothes and entered the water to start bathing. Zhao Fu was quite fast and had a simple bath before coming up. However, the women took their time in cleaning themselves, and some started to play in the water.

Zhao Fu sat by the side, appreciating the women's beautiful figures under the blue sky and white clouds.

At that moment, Zhao Fu sensed something and told the women to put on their clothes, as a group of Centaurs came over from the distance.

Just like normal centaurs, they had the lower bodies of horses and upper bodies of humans. They had western-looking faces, four hooves, and horse tails, and they were natural-born Cavalrymen.

The group of Centaurs was led by a young male Centaur who had golden hair and blue eyes, and he looked quite dashing. There were hundreds of Centaur soldiers behind him, and they all had Stage 4 Cultivation. They were most likely all personal guards and the Centaur at the head did not seem simple at all.

Seeing the women who had just come out of the water, with their wet hair, beautiful faces, and enchanting figures, the young Centaur's eyes lit up, and his heart rate sped up.

What delighted him was that the women were all of different races: Orcs, Lizardmen, Nagas, Fox people, Minotaurs, etc.

For any man, collecting all of these women from different races into his harem would be an amazing accomplishment.

Thinking about that, the young Centaur came up and said with a trace of arrogance, "All of you bathing in our Holy Lake have contaminated our Holy Lake. As a Centaur Prince, I hereby declare that you are all my slaves."

The women all laughed and looked at Zhao Fu. The Naga Goddess laughed as she said, "Husband, did you hear that? He said we're all his slaves now – what should we do?"

The Centaur Prince felt quite displeased because these people evidently did not take him seriously at all. He looked at the only man, Zhao Fu, and said, "Did you not hear This Prince's words? If you don't obey my orders, don't blame me for being discourteous."

Boom!

A massive aura exploded out, causing the surrounding atmosphere to become heavy. A grim-looking middle-aged man next to the Centaur Prince looked at Zhao Fu's group with a sharp gaze as he gave off the power of a Divine Realm expert.

The Stage 4 soldiers also exploded out with their auras as they locked onto Zhao Fu's group and prepared to attack at any moment.

This Centaur Kingdom was quite powerful and was a Royal Kingdom level faction. They could sense that the Naga Goddess was the strongest among Zhao Fu's group, and since she only had

World Realm Cultivation, they felt great confidence in capturing them. Read more chapter on vipnovel.com

Zhao Fu lightly smiled as he said, “And what if we don’t obey? What are you going to do?”

The Centaur Prince coldly harrumphed, “You’re seeking your own death. However, I’ll properly savor your women. Even I don’t have such exquisite women in my harem. Men, kill him and take the women!”

The soldiers obeyed and gave off powerful auras as they charged at Zhao Fu’s group. The grim-looking middle-aged man directly attacked the Naga Goddess, as he felt that she was the strongest among them. The Centaur Prince rushed at Zhao Fu; he wanted to personally cut off Zhao Fu’s head to relieve his anger.

The Centaur Prince had thought that things would be resolved quickly and that he would easily chop off Zhao Fu’s head and then take away his women to enjoy.

However, what happened was exactly the opposite of what he expected.

Zhao Fu directly exploded out with an even more terrifying power, which dispelled all of the clouds and caused countless people to feel as if they had fallen into icy water as their bodies uncontrollably trembled.

“Arghh!” a cry sounded out as the grim-looking middle-aged man was cut in half at the waist by Zhao Fu. His blood and organs spilled all over the ground, which looked quite disgusting.

Zhao Fu once again slashed out with his sword, and a massive blood-red crescent containing terrifying power flew out.

The countless Centaur soldiers rushing over were all bisected as their upper bodies and lower bodies separated, and their broken corpses crashed to the ground, dyeing the ground red and leaving behind a gory stench.

The Centaur Prince looked terrified and had never thought that such a thing would happen, and he immediately turned and ran.

Zhao Fu turned into a ray of light and shot out to stop him.

The Centaur Prince said in fear, “You can’t kill me, I’m a noble Prince of the Centaur Kingdom. If you kill me, you’ll die a horrible death.”

Zhao Fu did not care at all and slashed out with his sword, sending the Centaur Prince flying and he crashed ten or so meters away. Zhao Fu stepped on his head and asked, “Do you think I fear you?”

The Centaur Prince felt incredibly angry, but in order to keep his life, he said in fear, “If you’re willing to spare me this once, I’ll give you anything; I definitely won’t lie to you.”

Zhao Fu lightly laughed and asked as to his aim, “Do you have any ancestral items or anything related to godly spirits? If you satisfy me, I’ll spare you this once, or else I’ll cut off your flesh bit by bit and eat it. I’ve never tasted horse meat before.”

The Centaur Prince quickly thought in terror before saying, “We have an ancestral altar nearby. If all of the dead soldiers are sacrificed, you can gain the Centaur Ancestor’s power. Of course, someone from the royal family has to conduct the sacrifice.”

Hearing this, Zhao Fu gave a pleased smile and lifted his foot, and the Centaur Prince climbed up.

However, Zhao Fu climbed onto his back, making the Centaur Prince feel incredibly humiliated. He was a Centaur, not a horse, and he was the Prince of a Kingdom. He would never allow anyone to ride on his back.

Nevertheless, thinking about Zhao Fu’s terrifying power and savage methods, if he objected, Zhao Fu would definitely kill him and eat him.

Zhao Fu had the women wait here while he collected the corpses and rode the Centaur Prince towards the altar.
