The Lord 1661

Chapter 1661 Elephant Person

Bang!

As the powerful fist energy slammed into the sword, Zhao Fu slid back ten or so meters and the hand that he held his sword with trembled; his hand ached, as if the webbing between his thumb and forefinger had been torn.

The Elephant person leapt forwards and reached Zhao Fu in an instant, and the fist covered with blue aura flames gave off explosive power as it blasted towards Zhao Fu.

Zhao Fu's gaze became cold as his blood seemed to boil and he sent all of his power into the Sadistic Killing Sword. The sword spirit within opened its blood-red eyes and gave a trace of a cruel smile as the sword gave off brilliant sword light and a bloody sword intent spread out, causing the surroundings to chill.
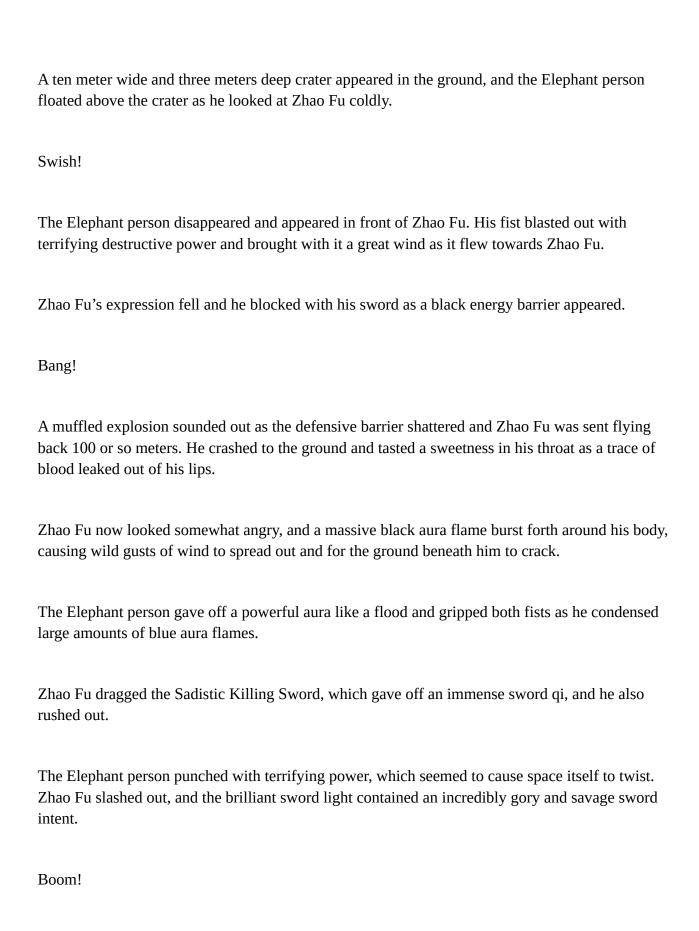

Boom!

As the fist slammed towards Zhao Fu, Zhao Fu slashed out, sending out a terrifying sword light that unleashed a massive sound and sent the Elephant person flying back.

The Elephant person flew back 20 or so meters before stabilizing himself, and drops of blood dripped out of his fist as a small cut appeared on his knuckle.

"You are qualified to challenge me. I will use my full power and show you my power as one of the Outlander Race's ten geniuses," the Elephant person said with a serious look as he looked at Zhao Fu.

Boom!

A massive explosion sounded out as the Elephant person exploded out with immense power, causing a wild gale to spread out. The ground cracked as a blue aura flame appeared around the Elephant person and his body expanded out. He became three meters tall and was covered with powerful muscles, and he gave off an aura of suppression.

A ten meter wide and three meters deep crater appeared in the ground, and the Elephant person floated above the crater as he looked at Zhao Fu coldly.

Swish!

The Elephant person disappeared and appeared in front of Zhao Fu. His fist blasted out with terrifying destructive power and brought with it a great wind as it flew towards Zhao Fu.

Zhao Fu's expression fell and he blocked with his sword as a black energy barrier appeared.

Bang!

A muffled explosion sounded out as the defensive barrier shattered and Zhao Fu was sent flying back 100 or so meters. He crashed to the ground and tasted a sweetness in his throat as a trace of blood leaked out of his lips.

Zhao Fu now looked somewhat angry, and a massive black aura flame burst forth around his body, causing wild gusts of wind to spread out and for the ground beneath him to crack.

The Elephant person gave off a powerful aura like a flood and gripped both fists as he condensed large amounts of blue aura flames.

Zhao Fu dragged the Sadistic Killing Sword, which gave off an immense sword qi, and he also rushed out.

The Elephant person punched with terrifying power, which seemed to cause space itself to twist. Zhao Fu slashed out, and the brilliant sword light contained an incredibly gory and savage sword intent.

Boom!

A massive explosion sounded out as the two terrifying powers clashed. A shockwave spread out as the ground caved in, forming a 100 meter wide crater and causing dust to billow.

The fist covered with blue aura flames and the sword covered with intense blood-red sword light grinded against each other, neither side willing to retreat. The Elephant person's body was covered with blue aura flames while Zhao Fu's body was covered with black aura flames, and as the aura flames clashed, massive gales rushed out.

"Arghh!" the Elephant person roared as his aura flame doubled in size and an even more terrifying power exploded out from his body. The Elephant person pushed his fist forwards, and a massive power rushed out.

Bang!

A muffled explosion sounded out as Zhao Fu was sent back hundreds of meters and he crashed to the ground, with blood once again leaking from his lips.

The Elephant person leapt into the air before punching out with both hands as he rushed down towards Zhao Fu. Because of the blue aura flames, he looked like a blue meteor giving off destructive power as he shot down towards Zhao Fu.

"Roarr!" As the blue meteor descended, Zhao Fu exploded out with all of his Divine Bloodline's power, and an even greater black aura flame exploded out, forming an enormous black dragon head that roared towards the heavens.

Zhao Fu swung his sword and the massive black dragon rushed out with terrifying power towards the blue meteor.

Bang!

The two collided in the air, resulting in an enormous sound. Countless rays of brilliant light blasted out and a terrifying destructive power spread out, causing the ground to crack and all trees and boulders to be shattered.

Zhao Fu was sent back ten or so meters while the Elephant power flew out and crashed onto the ground, a trace of blood leaking out of his lips.

The Elephant person climbed up from the ground, looking somewhat infuriated. He roared towards the sky and clouds started to swirl as large amounts of Heaven and Earth Power flowed into him.

The Elephant person's body once again became bigger, until he was five meters tall. The blue aura flame around him continuously flickered and swayed, and a wild gale spread out as the ground continuously cracked.

Boom!

The Elephant person turned into an intense ray of light as he charged towards Zhao Fu with terrifying power.

Zhao Fu leaned forwards and he tapped off the ground as he shot towards the Elephant person. At the same time, an even greater black aura flame appeared around him, and the Heaven and Earth Power in the surroundings continuously flowed into his body, causing an even more terrifying power to flood out.

Bang! Bang! Bang...

The two of them once again clashed together, and the Elephant person continuously punched out, sending out fist energies while Zhao Fu sent out sword lights. Their attacks continuously clashed and resulted in massive explosions, causing terrifying shockwaves to ripple out.

As the people in the surroundings sensed these terrifying shockwaves, they quickly gathered and saw the two people intensely clashing.

They could not help but feel shocked – these two people were fighting with everything they had, and they knew that the Elephant person was the tenth-ranked genius. However, they did not know who the cloaked person he was fighting with was.

They were quite shocked that this person was not any weaker than the Elephant person and was able to engage him in such an intense battle.

The people on the viewing platforms were also quite shocked. They had never thought that that perverted bandit would have such great power. Seeing the two of them fight intensely, they felt incredibly excited. The main reason they came here was because they wanted to see intense battles like this.

Back on the battlefield, the two sides once again clashed before being forced back hundreds of meters apart.

The Elephant person performed a horse stance with his legs and placed his fist by his waist before punching out simultaneously.

Boom!

The two fist energies turned into an intense ray of light that contained destructive power as it shot towards Zhao Fu incredibly quickly. The air that it passed through continuously exploded and it left a two meter wide groove on the ground.

Zhao Fu sent large amounts of power into the Sadistic Killing Sword and black aura flames covered it, dyeing it black. The Sadistic Killing Sword excitedly trembled, and an extremely bloody and twisted sword intent rushed out.

Chapter 1662 Dual Wielding

As the terrifying blue ray of light shot out, Zhao Fu slashed out with the Sadistic Killing Sword, sending out a terrifying sword intent that contained immense destructive power that split the light in half, causing it to dissipate into countless motes of light.

However, the Elephant person's body suddenly appeared in front of Zhao Fu, and a massive fist containing great power blasted out towards Zhao Fu's head.

Zhao Fu hurriedly blocked with his sword, but in the next moment, he was sent flying by a great force.

The Elephant person rushed forwards and caught up to Zhao Fu, and he continued to punch at him with terrifying power.

Zhao Fu twisted in the air, and his sword gave off a massive sword light as it slashed towards the incoming fist.

Bang!

The two of them collided, resulting in a shockwave that sent both of them flying back. The instant that both of them landed, massive aura flames once again burst forth around them as they rushed towards the other person.

The Elephant person's fists left behind afterimages as they punched towards Zhao Fu, creating massive sounds.

Zhao Fu continuously slashed out, sending out massive swathes of sword light, but they were shattered by the Elephant persons' fists. Because the Elephant person was using his fists, he was able to attack much faster than Zhao Fu, and he was able to gradually suppress Zhao Fu. Soon, there were fewer and fewer sword lights while there were more and more fist energies from the Elephant person.

Bang!

The Elephant person once again punched out, causing the air to explode, as a terrifying punch landed on Zhao Fu's chest. Zhao Fu felt as if his body had been struck by an enormous beast, and he flew backwards.

The Elephant person's expression was cold as he raised a hand towards the sky, and blue aura flames flowed out.

Heaven and Earth Power madly gathered as a massive image of an elephant foot appeared in the sky, giving off an incredibly suppressive feeling. It vigorously stamped down towards Zhao Fu with enough power to shatter a small mountain.

Boom!

A massive sound rang out as the ground continuously trembled and a 1,000 meter wide and 100 meter deep footprint appeared.

The people in the surroundings were quite startled and their hairs stood on end. This was the terrifying power of a top ten genius in the Outlander Race, and they could not help but feel awed. They did not have such terrifying power and facing this kind of power, they would be dead beyond a doubt.

Now that that person had been stomped by such a terrifying foot, was he alive or dead? Even though that person was quite strong, his cultivation was quite lacking and he did not seem like a match for the Elephant person.

However, with dust billowing everywhere, no one could tell, and they all stared towards the center of the massive footprint.

"Arghh!" a loud cry sounded out as a black aura flame rushed into the sky, forming a black pillar of aura flames that stood between the heavens and the earth.

The sky gradually darkened as the black aura flames spread across the sky, covering it, and massive amounts of Heaven and Earth Power madly gathered as an immense might spread out.

The temperature of the surroundings plummeted and the air seemed to solidify. Everyone in the surroundings, including the Elephant person, felt their hairs stand on end as they looked somewhat shocked as they stared at the center of the footprint.

A figure dressed in a black cloak holding a black sword gave off an incredibly terrifying aura, causing the space around him to twist. This person looked both corporeal and incorporeal, both real and illusory.

That figure raised the sword in his hand and slashed down, and a 1,000 meter long black sword light ferociously blasted out, slashing the ground apart as it flew towards the Elephant person.

The Elephant person was greatly shocked and crossed his arms in front of his body as he gave off an intense blue aura flame. It covered him and formed a powerful blue aura flame barrier.

Bang!

A massive sound rang out as the blue aura flame barrier was slashed apart, and the Elephant person was sent flying backwards. He heavily crashed to the ground and coughed up a large mouthful of blood.

The spectators all gulped as they looked at the Elephant person. Facing such a terrifying person, how was he meant to defend?

The Elephant person got up from the ground with great difficulty and looked at Zhao Fu coldly as he breathed out.

Boom!

A massive explosion sounded out as an enormous blue aura flame flooded out of the Elephant person's body, covering the surrounding 1,000 meters. His body once again grew until he was ten meters tall, and his body seemed to be exploding with muscles. The space around him was unable to withstand his power and started to crack.

Everyone stared at the Elephant person in shock; he was still unable to unleash such terrifying power. This kind of power could rival the number seven genius, and it seemed that he had made great progress.

Now, everyone felt incredibly excited about this battle, and they held their breaths as they awaited the next clash. Would it be the prestigious Elephant person, the tenth-ranked genius, who would prevail, or the mysterious and perverted bandit?

Back on the battlefield, the two people gave off terrifying auras as they stared each other down. Their gazes were incredibly cold, and in the next moment, they both simultaneously disappeared.

Boom!

A massive explosion sounded out as the two people reappeared in the middle. The Elephant person punched out while Zhao Fu slashed out with his sword, and the collision resulted in brilliant light shooting out. A 1,000 meter wide crater appeared in the ground.

"Roar!!" The ten meter tall Elephant person gave a massive roar as he unleashed a ferocious aura. He gripped his fists, which were surrounded with blue aura flames.

Boom! Boom! Boom...

The Elephant person continuously punched out, sending out fist energies containing terrifying power. The fist energies seemed like they could even reduce a powerful godly spirit into dust.

It was that attack again, and Zhao Fu would not suffer because of it again. He took out the Death Disaster Sword and held the Sadistic Killing Sword with the other hand, sending out gray sword lights and blood-red sword lights.

Bang! Bang! Bang...

Massive explosions sounded out as the fist energies and sword lights continuously clashed, sending out powerful shockwaves. The ground continuously collapsed and countless trees swayed as boulders rolled. Cracks appeared in the space around them and the world seemed to fall into terror.

Everyone in the surroundings hurriedly retreated, as they were already being caught up in the shockwaves. If they did not get away now, it would be too late later.

Boom!

This time, Zhao Fu came out on top. A powerful sword light slashed the Elephant person flying away, and he heavily crashed into a cliff, opening up a crater. A trace of blood leaked out of his lips as a gash appeared on his chest.

Zhao Fu held a sword in each hand, which gave off different sword lights, as he rushed towards the Elephant person.

Chapter 1663 Terrifying Battle

The Elephant person's eyes were bloodshot and his expression became somewhat savage as runes appeared on his body. A berserk aura flame exploded out of him and the cliff around him started to crumble. The Elephant person seemed to have entered a crazed state and did not have much of his reason left.

Boom!

Facing the incoming Zhao Fu, the Elephant person deeply breathed in before vigorously breathing out from his trunk, causing a ferocious pillar of air to slam towards Zhao Fu.

Zhao Fu crossed his swords in front of him, but he was still blown back by the pillar of air.

The Elephant person's expression was quite savage as he pushed off the cliff and shot forwards, catching up to Zhao Fu. He punched down with immense force, causing the space to twist.

Bang!

Zhao Fu was hit by the punch and plummeted downwards, smashing into the ground and opening up a large crater.

In the next moment, the Elephant person once again turned into a ray of light and shot towards Zhao Fu with immense power. His fists gave off large amounts of berserk blue aura flames as he punched towards Zhao Fu.

Boom!

Within the crater, Zhao Fu raised the Death Disaster Sword and sent large amounts of power into it. Massive amounts of deathly qi flowed out, bringing with it icy cold aura and forming an enormous, sharp cone that stabbed towards the Elephant person.

Bang!

The Elephant person's expression was savage as he vigorously punched against the cone with both fists. The immense power from his punches caused the cone to explode, turning into a gray aura that dissipated.

The Elephant person's fists continued towards Zhao Fu, but Zhao Fu showed no fear. He sent large amounts of power into the Sadistic Killing Sword, causing it to give off intense sword light, and he vigorously slashed out.

Shing!

An enormous blood-red crescent containing terrifying power slashed out, sending the Elephant power flying back.

The Elephant person flew back hundreds of meters before crashing to the ground and opening up a large crater. Another gash appeared on his body, from which blood continuously flowed out, and the immense pain caused the Elephant person to roar out as his aura became even more berserk.

Bang! Bang! Bang...

The Elephant person once again madly charged over incredibly quickly, causing the air to explode, and he looked like an enraged beast.

The Elephant person quickly reached Zhao Fu and punched towards him with both fists, while Zhao Fu blocked with his swords, causing his feet to sink down into the ground.

"Roar!" The Elephant person suddenly breathed in before unleashing an enormous blast of air from his trunk. Zhao Fu was startled and quickly unleashed his defensive barrier, and as the blast of air smashed into the defensive barrier, it caused the barrier to crack.

Zhao Fu could not relax because right after blocking this attack, the Elephant person raised his foot and kicked out with terrifying power.

Bang!

A muffled sound rang out as Zhao Fu was sent flying and crashed through a few large boulders before stopping, and he coughed up a large mouthful of blood.

"Roar!" The Elephant person furiously roared and gave off a berserk aura as he continued to charge at Zhao Fu with unstoppable momentum.

Zhao Fu got up from the ground with an expression of pain, holding the Sadistic Killing Sword with one hand and the Death Disaster Sword in the other. He split his power into two waves and sent them into the two swords. One sword gave off an intense blood-red sword light that was filled with a bloody and twisted sword intent, and the other gave off an intense gray sword light that was filled with a deathly sword intent.

The Elephant person gave off a terrifying aura and would reach Zhao Fu soon. Zhao Fu crossed the two swords and boundless sword light spread out, forming a ten or so meter sword of light that was gray on one side and blood-red on the other.

Boom!

The Elephant person punched out with both fists, sending out two fist energies that turned into two enormous rays of blue light that gave off destructive power as they blasted towards Zhao Fu.

Shing!

Zhao Fu gripped the ten or so meter long sword of light with both hands and vigorously slashed out. An enormous crescent slashed out, and the terrifying sword energy shaved a layer off the ground as it slashed towards the Elephant person quickly.

It first slashed apart the two rays of blue light before slamming into the Elephant person and sending him flying. He crashed onto the ground, and an incredibly deep gash appeared on his body, through which bone could be seen.

"Roar!!" The heavily wounded Elephant person roared towards the sky, his voice sounding out in the surroundings. He unleashed all of his power and did not hold any back as his blood flew towards the sky, making his body wither a bit.

Immediately, clouds swirled as the entire world's energy seemed to gather, and countless rays of blue light spread out in the sky.

A 10,000 meter long blue elephant gradually appeared in the sky, giving off a mountain-like pressure that seemed to cause the ground to sink down. The atmosphere in the surroundings seemed to solidify and everyone felt terror in their hearts.

Zhao Fu's expression became quite serious as he held the Sadistic Killing Sword in one hand and the Death Disaster Sword in the other, and he sent all of his power into the two swords, causing them to give off a brilliant light.

Countless traces of deathly aura spread out like a gray mist, giving off an intense deathly intent. At the same time, the mist seemed to be filled with countless broken corpses: Angels with broken wings, headless Demons, blind Elves, and Humans with only half their bodies...

The deathly mist coldly spread out, forming an enormous sea of deathly mist. Countless broken corpses appeared within it, and a cold deathly intent and berserk killing intent covered everyone in the surroundings, causing them to fall into terror.

"Roar!!" The elephant in the sky gave a heaven-shaking roar, making it seem as if the sky was going to split open. It then gave off a massive aura as it ferociously charged towards Zhao Fu, and the space around it crumbled.

Shing!

A sword hum tore through the sky as Zhao Fu slashed out with both swords with all of his strength. The sea of deathly mist, containing its deathly intent and berserk killing intent, flowed forwards with an exterminating power.

Boom!

A shocking explosion sounded out as the entire secret realm trembled. The sea of deathly mist and the massive blue elephant collided, causing intense light to shoot everywhere, and a semi-spherical dome of destructive power blasted out – everything within the surrounding 100,000 meters was reduced to dust.

The area outside the blast zone was also greatly affected – countless trees had been snapped and broken rocks lay everywhere, creating a wretched scene.

At that moment, everyone in the secret realm felt that terrifying shockwave and stopped what they were doing as they looked towards the location of the battle in shock.

The people in the surroundings and the people on the viewing platforms all felt incredibly dumbfounded as they saw how destructive the battle was.

The ripples had not yet subsided, but some people found out about the outcome of the battle through the rankings. Zhao Fu, who had been last, had instantly entered the top 30, while the Elephant person had fallen out of the top ten. It was evident that the perverted bandit had won.

Chapter 1664 Brilliant Star

"That perverted bandit actually won?" The people on the viewing platform looked shocked as they looked at the aftermath of the battle. They had never thought that the perverted bandit would have such strength.

He had been fighting as the lowest-ranked person, and everyone did not take him seriously and thought that he was seeking death. They thought that he only knew how to play with women and could not possibly have power that could rival the top ten geniuses; after all, these ten geniuses were the most powerful people in the younger generation of the Outlander Domain.

However, this perverted bandit had exceeded everyone's expectations. He had not used any tricks and had used real power, making everyone feel a trace of respect for him.

Nevertheless, when everyone realized that they now felt some respect for this perverted bandit who did every woman he came across, everyone felt somewhat uncomfortable.

Now, everyone felt quite curious as to who this person was. He definitely did not have a simple identity, or else he would not be able to defeat one of the top ten geniuses.

Countless people started to look into Zhao Fu and see what kind of person he was.

The people from the Elephant person's Empire started to feel quite anxious and worried for the Elephant person's safety. Given how terrifying the battle was, it was possible for him to lose his life – this was no small skirmish.

As one of the top ten geniuses, the Elephant person had extraordinary talent and was one of the most important people to the Empire. Even though he had lost, facing the powerful Zhao Fu, it was not shameful at all.

Within the secret realm, the people in the surroundings stared in shock. This was a battle between true geniuses, and they would not be able to wield this kind of terrifying power even if it took their whole lives.

Everyone felt incredibly excited and their blood started to boil. To be able to witness a battle between two peerless geniuses was their fortune. Afterwards, they would be able to tell others with pride that they had been here to witness this battle.

They had seen the fall of one peerless genius and the rise of another, becoming a brilliant star.

The nine other geniuses in the top ten all looked somewhat serious as they cast their gaze towards the place of the battle. They knew that the remainder of the trial would not be as simple; a terrifying person had appeared.

The Elephant person had chosen to leave the secret realm and Zhao Fu had obtained his points. He had received some heavy injuries and quickly left the scene of the battle to avoid others, and he found a remote place to recover.

Two or so days later, Zhao Fu's wounds had fully healed. Because he had defeated the Elephant person, he could sense that he was now closer to awakening the Outlander Emperor Star. He could also sense a powerful will within the secret realm observing him.

Zhao Fu was quite startled and could not tell if this will contained any good intentions or ill intentions. That will was unimaginably powerful, and Zhao Fu felt an instinctive fear.

As time passed, Zhao Fu felt that that will did not contain any ill intent and was just observing him; only then did he relax.

Now, his task was to find his next opponent, which was the ninth-ranked Eight-Winged Feather Person, Yu Luohua.

Zhao Fu found her quickly; there seemed to be some kind of power guiding Zhao Fu, and Yu Luohua also seemed to be expecting Zhao Fu.

Yu Luohua was a peerlessly beautiful woman with a proud aura. She was tall and slim and had long, snow-white hair. She wore a white robe, had eight silver wings, and gave off a holy power, making her look like an angel.

"You're finally here," Yu Luohua stood on the spot and looked at Zhao Fu with her beautiful eyes as she said coldly and arrogantly.

Zhao Fu felt quite surprised, as it seemed that Yu Luohua was waiting for him. He did not know what was going on, but he had to defeat this woman. Only by defeating these geniuses would he raise his affinity with the Outlander Emperor Star and awaken it.

The people on the viewing platforms felt quite startled as they saw Zhao Fu and the ninth-ranked Yu Luohua meet. They felt quite excited, as a terrifying battle would definitely erupt between these two geniuses.

Now, everyone's views towards Zhao Fu had greatly changed. Before, people had been clamoring to do the will of heaven and kill him, but now no one dared to say such a thing.

The two Empires who had been demanding for Zhao Fu to pay a heavy price now quietened down, and they kept a close eye on him.

Facing Yu Luohua's words, Zhao Fu took out the Sadistic Killing Sword and replied, "Since you know why I've come to find you, let's not waste any words and begin!"

Boom!

A massive explosion sounded out as an enormous black aura flame blazed around Zhao Fu, sending out large gales.

Boom!

Another explosion soon followed as Yu Luohua drew a slim, white sword as a silver aura flame burst forth around her, sending out powerful gusts of wind.

Before the two of them even started to fight, the gales from their auras collided, causing countless trees and grasses to sway and for small rocks to be blown into the sky, creating a shocking scene.

Shing!

A clear sword hum tore through the sky as the two people turned into rays of light and shot towards each other. Yu Luohua's sword gave off powerful Holy Light energy as it slashed out, while Zhao Fu's sword gave off blood-red sword light as he slashed out, and the two swords collided with immense power.

Yu Luohua stared at Zhao Fu and her expression became slightly more serious. Just from that one strike, she could tell that Zhao Fu was not any weaker than her. However, she definitely would not accept falling at Zhao Fu's hands, and she coldly harrumphed as her aura flame expanded and her strength doubled.

Zhao Fu sensed the power that Yu Luohua exploded out with, and he did not hesitate as he also released more of his power.

Boom!

The silver aura flame and black aura flame clashed together, resulting in a massive explosion as both of them flew back ten or so meters.

Yu Luohua's expression was cold as she vigorously slashed out, sending out a crescent of searing light towards Zhao Fu. It was incredibly fast and seemed like it would hit Zhao Fu in an instant.

Zhao Fu also vigorously slashed out, causing the Sadistic Killing Sword to give off a sharp sword light that destroyed the incoming crescent and turned it into countless motes of white light.

Swish!

At that moment, Yu Luohua moved incredibly quickly, rushing in front of Zhao Fu in the air. She gripped her sword with both hands and sent large amounts of power into it, causing it to give off an intense white sword light as a powerful Holy Light energy spread out.

Boom!

Yu Luohua blasted downwards, bringing with her a terrifying aura as she hacked towards Zhao Fu.

Seeing this, Zhao Fu was given a fright and quickly used his sword to block.

Bang!

Zhao Fu successfully blocked the attack, but the massive force from Yu Luohua's strike caused the ground beneath Zhao Fu's feet to collapse, opening up a ten meter wide crater.

Chapter 1665 Yu Luohua

Bang!

In the next moment, Yu Luohua twisted her body as she vigorously kicked out onto Zhao Fu's chest, causing him to slide back ten or so meters before he stopped.

Zhao Fu felt a wave of pain on his chest and he looked at Yu Luohua seriously. As the ninth-ranked genius, she was much stronger than the Elephant person.

Yu Luohua raised her head and said somewhat proudly, "With your current power, it's impossible for you to defeat me. You should go and challenge other people and keep your ranking as number ten. Only then will you have the right to ascend the King of Kings Mountain."

Zhao Fu did not know what the King of Kings Mountain was, but he was not very pleased with Yu Luohua's arrogant tone. His expression was cold as he exploded out with an even greater aura and rushed towards Yu Luohua.

Seeing that Zhao Fu was unwilling to give up, Yu Luohua coldly harrumphed and gave off a powerful aura as she shot towards Zhao Fu.

Shing!

Zhao Fu slashed out with great power, sending out a blood-red sword light with great force. In response, Yu Luohua also swung her sword, sending out a white sword light that contained searing hot power towards Zhao Fu.

Bang!

The two sword lights collided, resulting in an enormous explosion. Sword light shot out everywhere as a sword qi storm blasted out.

Shing! Shing! Shing...

Zhao Fu sent large amounts of power into the Sadistic Killing Sword and slashed out with terrifying power, sending out blood-red sword lights towards Yu Luohua. Yu Luohua also sent immense power into her sword and continuously slashed out, sending out white sword lights towards Zhao Fu.

Bang! Bang! Bang...

The sword lights collided, resulting in massive explosions, and the surrounding ground, trees, and boulders were all covered with sword gashes.

No one on the viewing platforms said anything and the entire scene was silent as everyone stared at this battle.

Shing!

A sword hum sounded out as Yu Luohua's sword gave off large amounts of white light as she vigorously slashed out, causing a brilliant white sword light that illuminated the surroundings to fly towards Zhao Fu with searing heat.

Facing this attack, Zhao Fu took out the Death Disaster Sword and held one sword in each hand. He sent two massive waves of power into the two swords, causing them to give off intense sword light, as he vigorously slashed out, causing a blood-red sword light and a gray sword light to slash towards Yu Luohua in the shape of a cross.

Bang!

A massive explosion sounded out as the two attacks collided, resulting in yet another massive explosion. This time, a terrifying shockwave spread out, sending the two people back.

Zhao Fu was forced back a few steps while Yu Luohua was sent flying back seven or eight meters, and her clothes and hair became somewhat disorderly because of the blast.

Yu Luohua looked quite angry as she said coldly, "You've angered me now; since you insist on doing this, you can go and die!"

Boom!

A massive explosion sounded out as Yu Luohua gripped her sword with both hands, held it in front of her chest, and pointed it towards the sky. Her expression was cold as her eight silver wings spread out, giving off an intense silver-white light and a terrifying aura spread out from her body.

Yu Luohua raised her sword, and it gave off a brilliant white sword light that covered the surroundings as an extremely dangerous aura spread out.

Zhao Fu's hairs stood on end as he felt quite startled. His aura flame became even stronger as he sent large amounts of power into his two swords, and he raised them before crossing them together. A blood-red and gray sword of light appeared in Zhao Fu's hands, and an enormous sword energy spread out.

Shing!

Yu Luohua's expression was cold as she slashed down with her sword, sending out an enormous sword light that gave off searing heat that seemed to be able to purify the entire world. The air that it passed through exploded, resulting in massive explosions.

Shing!

Zhao Fu gripped the ten or so meter long sword of light and also slashed out, sending out a terrifying sword light that seemed completely unstoppable towards Yu Luohua.

Bang!

A massive explosion once again sounded out, and blinding light spread out as a terrifying destructive power blasted out, causing the ground to tremble.

After everything settled, the spectators could see that a crater that was hundreds of meters wide had opened up. Zhao Fu and Yu Luohua were lying on opposite sides with traces of blood leaking out of their lips. Both of them had cold gazes as they looked at the other person.

In the next moment, the two of them gave off powerful auras as they charged at each other. Yu Luohua ferociously slashed at Zhao Fu, while Zhao Fu's sword of light had become two swords again, and they gave off a powerful sword light as they slashed towards Yu Luohua.

Shing, shing, shing...

Sword hums continuously sounded out as Yu Luohua slashed out again and again, sending out white sword lights. Zhao Fu's hands also blurred as he slashed towards Yu Luohua incredibly ferociously. The sword lights continuously clashed, sending out massive gales.

Zhao Fu's two swords gradually suppressed Yu Luohua, and as he continuously attacked, she was forced to start passively defending.

Bang!

A muffled sound rang out as Zhao Fu vigorously sent out a blood-red sword light containing immense power, sending Yu Luohua flying back.

Yu Luohua flew back ten or so meters and looked at Zhao Fu furiously. She spread her wings and flew into the sky.

Boom!

A massive power exploded out from Yu Luohua's body as her eight wings gave off intense silver-white light, and a terrifying aura spread out from those wings.

Swish, swish, swish...

Yu Luohua beat her wings, and eight rays of silver-white light shot out from her wings, bringing with them searing energy as they shot towards Zhao Fu incredibly quickly.

Zhao Fu was startled and quickly dodged to the side, but the eight rays of light seemed to have a will of their own and chased after him. Zhao Fu flew upwards and tried to shake them off, but the eight rays of light once again changed direction and continued to chase after Zhao Fu.

This time, Zhao Fu was unable to dodge anymore and he could only release a defensive barrier to protect himself.

Bang! Bang! Bang...

Massive sounds rang out as the rays of light slammed into Zhao Fu's defensive barrier and exploded.

After the explosions stopped, Zhao Fu fell from the sky and crashed onto the ground.

Yu Luohua coldly smiled and gave off an even greater power as her eight wings once again gave off intense silver-white light, illuminating the surrounding ten kilometers as a terrifying power spread out.

Swish, swish, swish...

Yu Luohua once again beat her wings and eight searing white rays of light once again shot towards Zhao Fu.

Zhao Fu got up from the ground and wiped the blood at his lips. Facing the eight rays of light, he exploded out with a wave of his Divine Bloodline's power.

"Roar! Roar! Roar..." Dragon's roars sounded out from within Zhao Fu's body as a massive black aura flooded out, and nine black dragons gave off terrifying power and might as they appeared around Zhao Fu.

Chapter 1666 Twelve Wings

Bang! Bang! Bang...

The eight powerful rays of light shot towards where Zhao Fu was with terrifying power, resulting in explosions. The ground collapsed as dust billowed up.

A 100 meter wide crater appeared, but after the dust settled, everyone could see that the nine black dragons were swimming around Zhao Fu and had protected him so that he was not injured by those rays of light at all.

Yu Luohua looked quite startled and had never thought that Zhao Fu would be able to block her attack so easily. Her eight silver-white wings spread to their limits and intense light covered the ground. The light was incredibly bright and made it difficult for anyone to fully open their eyes.

The temperature of the surroundings quickly rose and any water in the surroundings evaporated. All vegetation started to weather as the ground started to crack.

Boom! Boom! Boom...

Eight massive silver-white rays of light blasted out incredibly quickly towards Zhao Fu, bringing with them power that seemed to be able to raze and purify everything.

Zhao Fu did not move and looked at Yu Luohua as he ignited his Divine Bloodline's power, and an all-surpassing might spread out.

An even greater wave of black aura flooded out of Zhao Fu, rushing into his surroundings.

"Roar! Roar! Roar..." Nine dragon's roars sounded out as the nine savage black dragons received large amounts of power and became bigger. They gave off intense black light and gave off terrifying destructive power as they rushed towards Yu Luohua, causing the space around them to crack.

Bang! Bang! Bang...

The searing rays of light and the ferocious black dragons collided, resulting in a massive explosion. The space around them seemed to start to fall apart as terrifying ripples spread out, causing the weather to change.

The people in the surroundings sensed those terrifying ripples and their expressions fell, but they then smiled as they hurried over. It was most likely another two peerless geniuses going all-out fighting, and ordinary people would not have the opportunity to see such a thing.

At the same time, they were curious as to which two geniuses were battling it out. The battle from two days ago had been incredibly exciting, and they wanted to see another battle of such scale.

When they reached the outer regions of the battlefield, they were shocked to find that it was that same cloaked figure fighting with the ninth-ranked Yu Luohua.

They had not seen that person after the battle two days ago, and they had never expected that he would come and find the ninth-ranked genius to fight; it was truly admirable.

The people on the viewing platforms continued to watch attentively. They felt both excited and nervous as they watched that terrifying battle and did not want to miss a second. Currently, no one could tell who was going to win.

Boom! Boom! Boom...

Zhao Fu and Yu Luohua continuously clashed in the sky, and sword lights shot out as ferocious sword qi gales rushed out.

Bang!

Zhao Fu once again crossed his two swords and formed a ten meter long sword of light. He swung it with immense power, sending Yu Luohua crashing to the ground and smashing open a ten or so meter wide crater.

Yu Luohua coughed up a large mouthful of blood and looked at Zhao Fu furiously. She gave a long whistle as a silver-white light exploded out from her, causing terrifying power to blast out, and the ground in the surrounding 1,000 meters caved in.

After the light disappeared, Yu Luohua stood in the center of the crater and gave off a faint light. There were two more pairs of wings on her back, and she was now a Twelve-Winged Feather Person and had extraordinary power.

No one expected Yu Luohua to be a Twelve-Winged Feather Person; she had now shown all of her cards, and her strength was now comparable to the seventh-ranked genius.

Yu Luohua's gaze fell coldly on Zhao Fu. She slowly raised her sword and vigorously slashed out, sending out an enormous white sword light containing searing power. The air became incredibly hot, and cracks appeared in the space that the sword light passed through.

Boom!

The sword light heavily slammed into the ground, causing the ground to tremble. A 1,000 meter long sword gash appeared in the ground, giving off a scalding heat.

Zhao Fu avoided the main attack, but he was hit by the shockwaves and flew out.

Yu Luohua gave off faint light as she stood in the air and looked at Zhao Fu coldly. She once again slowly raised her sword, and a terrifying sword energy spread out.

Zhao Fu's expression became savage as he no longer held back and ignited all of his Divine Bloodline's power. A massive black aura flame erupted around his body, and ground under him crumbled as the nine savage black dragons once again appeared around Zhao Fu.

Shing!

Yu Luohua slashed down, sending out a terrifying white sword light towards Zhao Fu.

At that moment, Zhao Fu also slashed out, and a blood-red sword light containing a berserk sword intent ferociously flew towards the white sword light.

Bang!

Yet another massive explosion sounded out as the two sword lights clashed together, and a powerful destructive force blasted out.

Right as the explosion sounded out, Zhao Fu gripped his two swords and rushed towards Yu Luohua with his nine black dragons. Yu Luohua's expression was icy cold as she also gave off immense power and shot towards Zhao Fu.

Shing! Shing! Shing...

Zhao Fu's two swords continuously slashed out, sending out sword lights towards Yu Luohua. Each sword light contained immense destructive power, and Yu Luohua also continuously swung her sword, sending out terrifying white sword lights. The sword lights of the two sides clashed, resulting in massive collision sounds and great gales rushing out.

Yu Luo's gaze hardened as her 12 wings spread out and gave off large amounts of silver-white light as a searing energy spread out.

Boom! Boom! Boom...

Twelve rays of silver-white light shot out with ferocious power, giving off explosions as they blasted towards Zhao Fu.

"Roar! Roar! Roar…"

Nine dragon's roars sounded out as the nine savage black dragons around Zhao Fu gave off terrifying dragon mights and slammed towards Yu Luohua.

Bang!

The black dragons gave off large amounts of black light as they clashed with the silver-white rays of light. A terrifying shockwave blasted out, and because of how close Zhao Fu and Yu Luohua were, they were both blown back over 100 meters and traces of blood leaked out of their lips.

In the next moment, the two of them once again gave off powerful auras as they transformed into rays of light and once again clashed in the air.

The people in the surroundings watched on seriously with excited expressions; this battle was even more intense than the previous one.

Chapter 1667 Feather Person Soldiers

Shing!

Yu Luohua stabbed her sword at Zhao Fu's throat and Zhao Fu blocked with the Sadistic Killing Sword before slashing at her with the Death Disaster Sword. Yu Luohua dodged to the side, and she slashed out another white sword light.

Zhao Fu dodged to the side and avoided this white sword light before sending power into the Death Disaster Sword. The Death Disaster Sword gave off large amounts of a gray deathly aura that spread out like a mist, causing the temperature of the surroundings to fall.

Boom!

Zhao Fu swung the Death Disaster Sword and the massive amount of deathly aura flooded towards Yu Luohua with a massive sound.

Yu Luohua spread her 12 wings, which gave off intense white light that contained a searing energy as it spread out.

Under the white light, the deathly aura quickly dissipated and disappeared.

Suddenly, Zhao Fu appeared behind Yu Luohua; he had only used the deathly aura as a distraction. He sent large amounts of power into the Sadistic Killing Sword and vigorously slashed out.

Bang!

Yu Luohua was sent flying by Zhao Fu's attack and a gash appeared on her body, from which blood flowed out, and her pure-white wings were stained with some blood.

Boom!

Yu Luohua's expression was cold as she gripped her sword and exploded out with an even more powerful aura, slashing out an enormous sword light with all of her strength, which tore through the air towards Zhao Fu.

Zhao Fu was quite startled that Yu Luohua could still attack like this, and he exploded out with power as he crossed his swords and released a firm black defensive barrier.

Bang!

The massive sword light shattered Zhao Fu's defensive barrier and caused him to fly back hundreds of meters before he was able to stop. He felt immense pain in his hands, as if the flesh on his hands was going to be torn apart.

Yu Luohua turned into a ray of light and shot towards Zhao Fu. Zhao Fu coldly harrumphed as he gripped his swords and also charged towards her.

Bang! Bang! Bang...

Zhao Fu vigorously slashed out again and again. Each strike gave off terrifying ripples, and Yu Luohua also sent terrifying power into her sword and each attack brought with it brilliant sword light.

Boom!

Yu Luohua cried out and her body exploded out with intense white light as she held her sword which also gave off bright white light and forcefully slashed towards Zhao Fu. Zhao Fu roared as he gave off ferocious black aura flames and slashed towards Yu Luohua.

A terrifying explosion once again sounded out, and the two of them were sent flying back by the shockwave before crashing to the ground.

This caused everyone to look quite startled; was it a tie?

Boom!

A ray of white light exploded out, illuminating the surrounding tens of thousands of meters. A terrifying and wild wind blew, causing countless trees to sway.

There was a trace of blood leaking out of Yu Luohua's mouth as she stood on the ground, holding her sword up with one hand. The sword gave off a formless sword energy that caused the space around it to twist, and beside her, powerful images appeared – they were Feather person soldiers with two wings.

They had serious expressions and were dressed in ornate armor, and they gave off powerful auras. There were many of them, at least tens of thousands in total.

Boom!

A massive black aura flame shot into the sky as the surrounding Heaven and Earth Power madly gathered and the two swords that Zhao Fu held both gave off intense sword light.

A wave of deathly mist spread out, covering the surrounding 10,000 meters. At the same time, broken corpses appeared around Zhao Fu: There were headless Demons, limbless Humans, Elves with only half their bodies...

An icy deathly intent and a cruel and berserk sword intent flooded out, causing the surrounding temperature to plummet.

Boom!

Yu Luohua heavily slashed down and the countless Feather person soldier images gave off terrifying auras as they surged towards Zhao Fu, seeming like they would destroy everything.

Boom!

Zhao Fu also slashed out with his swords, causing the deathly mist filled with corpses to ferociously flood out with an aura of extermination.

Boom!

The two enormous attacks collided, resulting in a heaven-shaking explosion. A terrifying wave of destructive power spread out, causing the surroundings to collapse as everything within 100,000 meters was reduced to dust.

The ground continuously trembled violently as clouds swirled and a terrifying shockwave blasted out. The people spectating from far away felt as if they had fallen into icy water and their bodies trembled.

Zhao Fu crossed his swords in front of him and released a defensive barrier to withstand that terrifying destructive power, and he managed to avoid taking any injuries. A 100,000 meter wide crater had appeared on the ground, from which traces of black aura rose up, and the surroundings were deathly silent.

Shing!

Suddenly, a sword hum sounded out and tore through the sky as a white sword light rushed into the sky, shining down on the land. A massive sword qi storm erupted out, destroying everything around it.

A bloodied Yu Luohua was standing in the air, holding up her sword with an icy gaze in her eyes as she heavily swung downwards.

Boom!

A massive white sword light containing abnormally searing heat slashed towards Zhao Fu, seeming to be able to tear apart the heavens and earth.

Zhao Fu's expression fell and put everything he had into defending. However, after being hit by that attack, he flew back 1,000 meters and crashed into a cliff. An incredibly deep gash through which bone could be seen was in his chest as blood poured out.

The spectators all looked quite shocked; they had never thought that Yu Luohua would still be able to unleash such a devastating attack.

Had Yu Luohua won?

With Yu Luohua's current power, it seemed that she could enter the top six, and despite falling to her, being able to force her to such a state was something this person could take pride in.

"Arghh!" A pained howl tore through the sky, and everyone felt quite startled as they looked towards the cliff.

Zhao Fu's expression was wracked with pain and blood leaked out of his left eye as a black and red sword pupil gave off faint light and gradually split open, as if the gates of hell were being opened.

Shing, shing, shing, shing, shing...

Massive amounts of sword qi containing terrifying power madly flooded out of Zhao Fu's left eye and continuously shot out. Each trace of sword qi contained berserk killing intent and destructive sword intent as they slashed out.

Everything in range was slashed apart by the traces of sword qi, and countless traces of black and red sword qi flowed out, creating a hellish scene.

Yu Luohua was greatly dismayed, but she did not have any strength to defend. As her body was ripped apart by the sword qi, opening up countless wounds, she did not hesitate to choose to leave the secret realm or else she would die here.

Seeing the berserk sword qi, everyone in the surroundings were terrified and quickly retreated.

Chapter 1668 Genius

The countless traces of black and red sword qi instantly covered the surrounding 100,000 meters, flying about and reducing everything to nothingness. Space itself was covered with cracks and the berserk, murderous, and cold sword intent filled the entire heavens and earth.

Sensing this sword intent, the spectators' bodies all felt icy cold and they could not help but tremble. It was the first time they had seen such a terrifying sword intent.

Rumble...

The sky darkened as clouds swirled and the ground trembled. Everyone in the secret realm once again looked towards the scene of the battle, and their expressions became more serious.

They understood that another terrifying battle had erupted, and only people from the top ten would be able to unleash such ripples. This person had already defeated two geniuses; just who was this person with such terrifying power?

The people on the viewing platforms were completely dumbfounded. After Yu Luohua had unleashed that terrifying attack, they had thought that the battle was decided. However, they had never thought that Zhao Fu's eye would release such a terrifying sword qi that would defeat Yu Luohua in one attack and reverse the situation.

Now, everyone was even more curious about Zhao Fu's identity; such a terrifying figure was someone who would shake the Heaven Domain.

The sword qi gradually dissipated and the cracks in space recovered. There was now a 100,000 meter wide crater covered with sword gashes, looking quite terrifying.

Zhao Fu pressed his hand against his chest as blood leaked out from his left eye, and he stumbled as he limped away.

The spectators all felt incredibly nervous and no one dared to make any noise as they made way for Zhao Fu. This was their respect for a peerless genius – everyone understood that he would definitely become incredibly famous.

Zhao Fu came to a place with no one else around and quickly sat down cross-legged and started to recover from his injuries. His wounds this time were quite severe.

It was not just the wound on his chest, but his left eye had also taken a great amount of damage, especially his Killing Sword Pupil. Zhao Fu had used the Killing Sword Intent, which had incredibly destructive power.

Fortunately, Zhao Fu had unlocked the Celestial Mode, so his eyes had become much more powerful. Otherwise, he could have permanently damaged that pupil. For now, he would not be able to use that pupil for a while.

Time passed and Zhao Fu gradually recovered from his wounds. This time, it took him three days, and Zhao Fu felt that he was one step closer to awakening the Outlander Emperor Star. The 34 totems on his back gave off different lights and some Outlander Fate started to enter Zhao Fu's body. This meant that Zhao Fu started to receive the acknowledgement of the Outlander race's Fate.

Zhao Fu gave a trace of a smile; none of this had been a waste. He needed to defeat more geniuses and receive more acknowledgement from the Outlander race's Fate.

There was also the matter of points. Now that Zhao Fu had defeated Yu Luohua and obtained one-third of her points, he was ranked fifth.

Outside the door to the secret realm, Yu Luohua also finished recovering from her injuries. Her expression was cold – she had well and truly lost this time. Facing that terrifying attack, she had not been able to resist at all, and she felt a trace of terror in her heart. Just who was that young man, and how did he have such terrifying power?

She had wanted to challenge other geniuses and raise her ranking; perhaps she would have a chance at drawing out the King of Kings Sword.

However, Zhao Fu's arrival had ruined all of her plans; she had lost to someone else so early on.

The Elephant person was also thinking the same thing. He had recovered from his wounds, and seeing the bloody Yu Luohua exiting the secret realm, he looked quite surprised as he asked, "Were you also defeated by that person?"

Yu Luohua's expression was quite unsightly as she nodded. She did not say anything else before going to recover from her injuries. She had another chance to enter and she had to make the most of her time.

The Elephant person felt quite surprised; it seemed that that person was going to challenge each of the top ten geniuses. He did not know whether or not it would be possible, but seeing that another genius had been defeated, he felt better and re-entered the secret realm.

By now, Zhao Fu had found his next opponent. This person was quite tall and was covered with muscles. He had iron-colored skin and held an axe, and he gave off an extremely powerful aura. He was the eighth-ranked Iron Mountain Orc, Gudu.

Gudu seemed to have been affected by some kind of power and could sense Zhao Fu, causing him to sit on a large boulder on the summit of a mountain as he waited for him.

Zhao Fu was dressed in a black robe and looked quite calm as he arrived, and he looked at the Iron Mountain Orc Gudu.

Gudu loudly laughed, "Boy, you're not too bad, being able to defeat the two of them. However, you're quite brave for challenging me; do you know my strength?"

Zhao Fu calmly took out the Sadistic Killing Sword as he said, "You'll be the third!"

"Hahaha, boy, you're quite arrogant. I want to see just how strong you are," Gudu loudly laughed as he held his axe and walked towards Zhao Fu.

Boom!

A terrifying aura exploded out of Gudu's body, and an iron-colored aura flame burst forth around him, giving off wild gales.

Gudu raised his axe and started to run, reaching Zhao Fu incredibly quickly. He sent a massive wave of power into the axe, causing it to give off boundless cold light, and he vigorously swung down towards Zhao Fu.

Zhao Fu leapt backwards and avoided this trike, and the axe slammed into the ground, causing the ground to split open. A shockwave spread out, causing a ten meter wide crater to appear.

While in the air, Zhao Fu vigorously slashed with the Sadistic Killing Sword, sending out a sharp blood-red arc of light.

Clang!

Gudu quickly withdrew his axe and blocked, causing a metallic collision sound to ring out.

Gudu loudly laughed and gripped his axe with both hands as he vigorously swung it, sending out a powerful axe light towards Zhao Fu.

Zhao Fu sent large amounts of power into the Sadistic Killing Sword, causing it to give off large amounts of sword light as he once again ferociously slashed out.

Bang!

The black axe light and blood-red sword light clashed, resulting in a massive explosion. Cold light shot out in all directions as a shockwave spread out, forcing Zhao Fu and Gudu back. Gudu took two steps back while Zhao Fu took five steps back. Gudu was a strength-type cultivator and was significantly stronger than Yu Luohua; he was quite difficult to deal with.

The people on the viewing platforms once again looked quite excited as they watched this battle. Zhao Fu had defeated the tenth-ranked Elephant person and the ninth-ranked Yu Luohua, and he was now facing the eighth-ranked Gudu. Everyone understood his goal – to defeat each of the top ten geniuses one by one.

Chapter 1669: Iron Mountain Orc

Thinking about that, everyone felt even more shocked because no one had ever dared to try to do such a thing before. Those were the top ten geniuses of this generation, and they stood at the very peak of the Outlander Race. No one dared to challenge them one by one.

Now that this person wanted to challenge all ten geniuses, everyone felt both shocked and respectful; this person was quite valiant for daring to do such a thing.

They felt quite excited for this upcoming battle because they had seen how terrifying the previous two battles were, and they understood how intense this battle would be. Just thinking about it made their blood boil.

The two Empires that had wanted to kill Zhao Fu no longer felt as angry and started to observe Zhao Fu.

Boom!

Back at the battlefield, Gudu gripped his axe and vigorously hacked down, sending out an enormous axe light with terrifying destructive power towards Zhao Fu. The air that it passed through exploded, resulting in a massive sound.

Shing!

Zhao Fu sent large amounts of power into the Sadistic Killing Sword, causing it to give off a large amount of sword light. An extremely terrifying sword aura spread out as Zhao Fu vigorously slashed out, and a blood-red sword light containing sharp energy slashed out.

Bang!

The two sharp lights collided with terrifying power, and a massive shockwave blasted out. Zhao Fu was sent back ten or so steps while Gudu only took a few steps back.

"Hahaha, boy, you're not a match for me. Your cultivation is too low; don't blame me for bullying you," Gudu said as he loudly laughed before rushing towards Zhao Fu.

Gudu quickly reached Zhao Fu and swung his axe horizontally, bringing with it a large arc of light.

Zhao Fu flipped forwards, avoiding this attack and coming behind Gudu. His sword gave off large amounts of blood-red light as he stabbed at Gudu's heart.

Gudu spun and slashed out with his axe, blocking Zhao Fu's stab and forcing Zhao Fu back.

Gudu loudly laughed and raised his axe, sending large amounts of power into it, and the axe gave off an intense light.

Boom!

Gudu vigorously slammed his axe down, and an enormous black ray of light blasted towards Zhao Fu with extremely destructive power, leaving a deep crack in the ground.

Zhao Fu was quite startled and blocked with the Sadistic Killing Sword while also releasing a defensive barrier.

Bang!

The black ray of light slammed into Zhao Fu, and the defensive barrier instantly shattered as he flew backwards. However, most of the damage was blocked by the barrier and Zhao Fu was not injured.

However, Gudu rushed forwards and caught up to Zhao Fu, and his axe gave off cold light as he hacked at Zhao Fu.

Zhao Fu could only once again block with his sword and defend.

Bang!

Zhao Fu was once again sent flying backwards but in a different direction, and he heavily crashed against a tree. The tree violently trembled and its leaves fell like rain as a trace of blood leaked out of Zhao Fu's lips.

Gudu loudly laughed as he once again came before Zhao Fu and raised the axe with both hands. The axe gave off large amounts of cold light, and a massive aura spread out.

Boom!

An enormous axe light flew out with terrifying power towards Zhao Fu, and Zhao Fu dodged to the side. The axe light split the tree that had been behind him from top to bottom with an incredibly clean cut.

Zhao Fu looked at Gudu with a cold expression, and he felt somewhat angry. He exploded out with a powerful aura as a black aura flame burst forth around him.

Gudu did not show any weakness and also exploded out with a powerful aura as an iron-colored aura flame burst forth around him and gave off ripples.

Zhao Fu rushed at Gudu and slashed out with great force, while Gudu gave off a terrifying aura and also charged at Zhao Fu. Gudu hacked at Zhao Fu with his axe with shocking power.

Bang!

A massive sound rang out as the sword and axe clashed, and a shockwave blasted out, sending out large gales.

Gudu wildly laughed as he gripped his axe and pressed down on Zhao Fu, and Zhao Fu's sword was forced lower and lower.

Boom!

Zhao Fu's expression was savage as he exploded out with an even greater aura, and the aura flame around him became even larger as he pushed back.

Bang!

A muffled sound rang out as Gudu was forced back five or six steps. He looked quite startled before his expression became cold. He exploded out with a greater aura and the iron-colored aura flame around him became even more ferocious.

Gudu rushed at Zhao Fu like a ferocious beast before leaping up into the air and gripping his axe with both hands as he hacked down at Zhao Fu with terrifying power.

Zhao Fu did not move, and he instead sent large amounts of power into the Sadistic Killing Sword, causing it to give off a blinding sword light and a wave of blood-red sword qi spread out.

Boom!

The axe descended with terrifying power, and Zhao Fu also vigorously slashed out. The two weapons clashed, exploding out with terrifying destructive power, as the ground beneath Zhao Fu's feet cracked before caving in, forming a 100 metre wide crater.

After bearing the brunt of this impact, Zhao Fu's arms ached and his feet felt weak, and he sunk into the ground.

"Roar!!" Gudu roared as an even more powerful aura exploded out. The iron-colored aura flame around him expanded in size, and it almost covered Zhao Fu. With this power, Gudu pressed down forcefully with his axe.

Bang!

The ground cracked and Zhao Fu's calves were forced into the ground as well. His expression was quite unsightly, and his sword was being forced down by the axe.

"Roar!" At that moment, a dragon's roar sounded out as Zhao Fu ignited his Divine Bloodline, and a supreme aura exploded out as nine savage black dragons appeared around Zhao Fu, giving off terrifying dragon's might.

The aura flame around Zhao Fu became many times bigger and clashed against Gudu's ferocious aura flame, causing large winds to blow out.

Zhao Fu's strength was also greatly increased, and he vigorously slashed out.

Bang!

A massive sound rang out as Gudu was sent flying back dozens of meters. He crashed to the ground and his expression became serious. He understood that if he did not use his full power, he could very well lose.

However, facing such a powerful opponent like Zhao Fu, it was worth going all-out.

"Roar!!" Gudu raised his face to the sky and roared as the iron-colored aura flame around him expanded by many times, covering the surrounding ten or so meters. A terrifying power blasted out as the ground around him continuously cracked.

A blood-red Orc totem appeared on Gudu's chest before spreading out and covering his entire body. Gudu looked much more savage and his aura flame became blood-red colored.

Chapter 1670 Totem

Boom!

Gudu rushed at Zhao Fu like a ferocious beast, giving off massive sounds.

Boom!

The nine savage black dragons circled around Zhao Fu, and Zhao Fu gave off a terrifying dragon's might as he charged at Gudu.

Bang! Bang! Bang...

The two people clashed, and Gudu continuously hacked out with his axe, sending out powerful axe lights. Zhao Fu continuously slashed out with his sword, sending out blood-red sword lights, and explosions sounded out.

Massive gales swept out and the ground continuously cracked as sharp lights tore it apart, creating a terrifying scene.

"Roar!!" Gudu roared as he exploded out with a powerful aura. He gripped his axe with both hands and sent terrifying power into it. The axe gave off large amounts of light as he vigorously slashed out, and a massive axe light containing destructive power blasted out, causing the space around it to crack.

"Arghh!" Zhao Fu also yelled out as he ignited all of his Divine Bloodline's power. A powerful ripple spread out as large amounts of power flowed into the Sadistic Killing Sword, causing it to give off boundless blood-red sword light. He vigorously slashed out, sending out a berserk sword light.

Bang!

The two sharp lights collided as a terrifying destructive force blasted out and the ground continuously trembled. The two people were sent flying back, and only stopped after traveling 100 meters or so.

Both of them had a trace of blood leaking out of their lips, and they looked at each other with cold expressions.

Boom!

Gudu's blood-red aura flame started to sway as it became a large, blood-red tiger that gave off shocking power.

"Roar!" A dragon's roar sounded out as the nine savage black dragons around Zhao Fu turned into aura flames and dissipated, and the massive black aura flame around Zhao Fu turned into an enormous savage black dragon.

Gudu rushed towards Zhao Fu with the terrifying blood-red tiger, while Zhao Fu also shot towards Gudu followed by the powerful black dragon.

Both of them traveled incredibly quickly, and in an instant, they were only five meters away from each other.

"Roar!" The blood-red tiger behind Gudu gave a massive roar as it gave off boundless blood-red light, dyeing the surroundings blood-red. A powerful aura flowed out of the blood-red tiger's body, causing clouds to swirl.

"Roar!" The black dragon behind Zhao Fu gave a domineering roar as boundless black light shone out, dyeing the surroundings black, and it exploded out with terrifying power.

Bang!

The two massive beasts gave off shocking power as they collided, and it was as if two worlds were colliding. A massive explosion rang out as a terrifying shockwave blasted out, destroying countless trees and boulders.

Zhao Fu and Gudu once again both flew out, and they coughed up a mouthful of blood.

Sensing these ripples, the people nearby felt quite startled; why were there such terrifying ripples? Could it be that two geniuses were fighting again?

Thinking about that, everyone looked quite excited and gathered towards that place, and they saw the mysterious cloaked figure fighting with Gudu, the eighth-ranked Iron Mountain Orc.

It was this person again? He had already challenged two geniuses and had challenged another one after disappearing for three days. This made countless people feel great admiration towards him.

At the same time, everyone felt quite excited for the terrifying battle between this mysterious person and Gudu. They wanted to see the terrifying power of these peerless geniuses.

Boom!

Gudu chopped out, and a black axe light containing terrifying power flew towards Zhao Fu. Zhao Fu dodged to the side, and the axe light slammed into the ground, opening up a large crack.

Zhao Fu vigorously slashed out, sending out a blood-red sword light containing a sharp aura towards Gudu. It was incredibly fast and flashed through the air.
Gudu punched towards the sword light, sending out a powerful fist energy which crashed into the blood-red sword light and shattered it, causing it to turn into countless motes of light and dissipate.

Bang!

Zhao Fu's Sadistic Killing Sword gave off blood-red light as he stabbed towards Gudu incredibly quickly, leaving behind a trail of light in the air.

Bang!

Gudu sent great power into his axe, causing it to give off black light. He vigorously swung upwards, slamming into the Sadistic Killing Sword and sending it flying away.

Gudu gave a cold laugh and quickly spun as he ferociously kicked at Zhao Fu.

Zhao Fu gripped his right hand into a fist and gathered large amounts of power as he punched out.

Bang!

An explosion sounded out as Gudu's foot and Zhao Fu's fist collided, creating a shockwave that forced both of them back a few steps.

At that moment, Gudu once again heavily swung his axe, bringing with it a powerful axe light as it slashed towards Zhao Fu.

Zhao Fu grabbed at the air, and the Sword Mark on the back of his hand flashed as a sword filled with deathly aura appeared in his hand. Holding this sword, Zhao Fu vigorously slashed out, and a gray sword light containing icy deathly aura flew out.

Bang!

The axe light and sword light collided, causing light to shoot everywhere as a powerful wind rippled out.

Gudu roared and rushed at Zhao Fu, vigorously swinging his axe at Zhao Fu's head.

Zhao Fu forcefully slashed out with his sword, bringing with it a cold sword light as it flew towards Gudu.

Clang!

The two weapons clashed with great force, and sparks flew as a shockwave blasted out.

The two of them had similar strength and neither pushed the other back, resulting in a stalemate. At that moment, the cross-shaped pupil in Zhao Fu's right eye started to quickly spin as a wave of cold ghostly qi spread out.

"Roar!" A ghost that was dozens of meters tall and covered with muscles appeared behind Zhao Fu, vigorously punching out and sending Gudu flying back. He crashed onto the ground and coughed up a large mouthful of blood.

In that situation, Zhao Fu had used the Six Paths of Reincarnation Power.

"Arghh!" Gudu looked furious as he got up from the ground and gave an enraged roar as the blood-red totem on his chest gave off intense blood-red light, and a terrifying power spread out from his body.

Gudu's skin became blood-red colored and he doubled in size. He looked incredibly savage as two small black horns appeared on his head, and his hands became claws. A row of bone spikes appeared on his back, making him look quite terrifying.
