

## The Lord 1671

### Chapter 1671 Gudu

An even more berserk and ferocious aura flame erupted around Gudu's body, and the ground around him collapsed, unable to withstand his terrifying power.

Gudu stood in the air above the crater and held his axe with one hand as he looked at Zhao Fu icily, and he gave off a powerful aura as he rushed at Zhao Fu.

Boom!

Zhao Fu's cross-shaped pupil quickly spun as he exploded out with Six Paths of Reincarnation Power. Massive amounts of cold and eerie ghostly qi flooded out, covering the surrounding 1,000 metres. The temperature of the surroundings plummeted, and it could make anyone's hairs stand on end.

Facing the incoming Gudu, Zhao Fu raised his sword and the ghostly qi in the surroundings gave off immense power as it flooded towards him.

Shing!

Gudu vigorously hacked out with his axe, sending out an enormous axe light that split the incoming wave of ghostly qi in half.

Boom!

Gudu sent another massive wave of power into the axe, causing it to give off boundless light and terrifying ripples as he once again raised the axe and swung it at Zhao Fu.

Zhao Fu sent large amounts of Six Paths of Reincarnation Power into the Death Disaster Sword, causing it to give off boundless deathly qi. He tapped off the ground, causing it to crack, as he shot towards Gudu and slashed out at him.

Bang!

An explosion sounded out as the two terrifying powers clashed, resulting in a shockwave blasting out.

Bang! Bang! Bang...

Gudu madly swung out again and again, sending out powerful axe lights towards Zhao Fu. Zhao Fu vigorously slashed out continuously, sending out gray sword lights. Their attacks continuously collided, sending out massive ripples.

The sounds were massive and wild gales blew out, causing countless trees to sway, and all creatures in the surroundings felt terror.

“Arghh!” Both sides looked somewhat crazed as they roared. Their auras clashed as they simultaneously slashed out with terrifying power.

Bang!

Another collision sounded out as the two of them flew back 100 meters with blood leaking out of their lips.

Gudu looked quite savage as he gripped his axe with both hands. The blood-red totem on his body actually started to spread to the axe, causing it to turn blood-red colored, and it gave off a destructive aura.

Boom!

Gudu once again swung his axe, and ten or so rays of blood-red sword light containing immense power flew towards Zhao Fu incredibly quickly.

Zhao Fu sent large amounts of power into the Death Disaster Sword, causing it to give off large amounts of deathly qi. He swung out with great power, sending out a gray sword light that destroyed a few axe lights, and he then slashed out again, destroying a few more axe lights.

At that moment, eight or nine blood-red axe lights containing immense power simultaneously slashed at Zhao Fu, who was unable to respond anymore, and he could only block with his sword.

Bang!

Zhao Fu was sent sliding back ten or so meters, leaving two grooves in the ground.

Gudu held his blood-red axe as he once again gave off a powerful aura as he rushed forwards.

The cross-shaped pupil in Zhao Fu's right eye, as well as the six gray dots, quickly spun as an ocean of deathly qi flowed out.

“Arghhh...” Howls sounded out as ghosts appeared, giving off fearsome power as they flooded towards Gudu, forming a gray ghostly tide.

Gudu's expression was savage as he continuously slashed out with his axe, sending out countless blood-red axe lights that hacked apart the incoming ghosts. After being struck, the ghosts turned into ghostly qi and dissipated.

Shing!

Suddenly, a sword hum sounded out as Zhao Fu appeared behind Gudu and his sword gave off large amounts of icy light as he vigorously slashed out a gray sword light towards Gudu.

Bang!

Gudu was greatly startled, and it was too late to respond. He was sent flying by Zhao Fu and smashed open a ten meter wide crater in the ground, a bloody gash on his back.

“Argh!!” Gudu furiously roared and exploded out with even greater power. The blood-red axe in his hands gave off a blood-red light and a 1,000 meter long axe image giving off destructive power appeared. The space around it cracked, and an aura of despair spread out.

Zhao Fu's expression fell as he raised the Death Disaster Sword and sent all of his power into it.

A beautiful woman in a palace dress appeared behind Zhao Fu as a massive wave of deathly qi flooded out, causing the surroundings to become icy cold. An aura of death filled the surroundings, and a deathly intent covered the surrounding tens of thousands of meters.

Boom!

At that moment, Gudu vigorously swung his blood-red axe, and the 1,000 meter long axe image gave off a destructive power as it slashed towards Zhao Fu. Everything the axe passed by was obliterated, and even long cracks were left in the space that it passed through.

Shing!

Zhao Fu slashed out with all of his power, and the beautiful woman brought the ocean of deathly qi flying forwards. Everything they passed over lost its vitality, filling the world with death.

Boom!

A shocking explosion sounded out as the two extremely terrifying powers clashed. A monstrous shockwave blasted out, causing all mountains, trees, and boulders in the surrounding 1,000 kilometers to be obliterated and the ground to be leveled. All of the clouds in the sky dissipated, and the sky darkened.

Everyone watched on in shock; just as they had expected, this battle was incredibly terrifying and intense, and even those watching from far away trembled as they sensed those auras.

The two geniuses had not disappointed them, displaying unimaginable power and making them feel immense excitement and respect.

At the same time, some of them rejoiced that they had been nearby, allowing them to witness this terrifying battle, or else they would not have been able to see it with their own eyes. They wondered who would win, the mysterious figure or the eighth-ranked Gudu; it was possible for either of them to win.

“Arghh!” A long cry sounded out, causing the spectators to feel shocked as they looked at the battlefield; the battle still wasn’t over?

Gudu stood up, covered with blood, and a blood-red aura flame blazed around him. He slowly raised his blood-red axe, and a blood-red light shot into the sky.

Immediately, an unimaginably terrifying aura flooded out, causing the world to fall into terror. A 10,000 meter tall Orc image holding an enormous blood-red axe appeared behind Gudu, and the space around it continuously collapsed.

Countless people looked incredibly shocked – the power that the 10,000 meter tall Orc gave off seemed to be able to easily destroy the heavens and earth; was this really power that a mortal could wield?

## Chapter 1672 Death Race

The 10,000 meter tall blood-red Orc gave off a sky-toppling aura and it coldly looked forwards.

“Arghh!” Another cry sounded out as Zhao Fu, covered with blood, stood up with a terrifying ghostly flame around him. The cross-shaped pupil and six gray dots in his right eye quickly spun, and blood continuously flowed out from it.

A 100 meter tall ghostly flame erupted around his body as a terrifying aura spread out. Intense gray light covered the surroundings, and an eerie wind blew out, causing countless trees to sway and boulders to roll.

Boom!

Zhao Fu squatted down and raised his hands, gathering great power into his hands, before pressing them against the ground. The ground cracked and a massive explosion sounded out as a formless energy spread out from Zhao Fu and covered the surrounding 10,000 kilometers.

It was as if a gate to the Underworld had been opened, and the ground in the surrounding 10,000 kilometers gave off traces of ghostly qi that gathered in the air. Soon, the entire sky was covered by ghostly qi, and the surrounding temperature plummeted.

The 10,000 meter tall blood-red Orc image’s expression was cold as it sent terrifying power into its blood-red axe, which gave off a blood-red light. A monstrous destructive power spread out as space continuously crumbled.

“Arghhh...” Howls sounded out as the countless traces of ghostly qi turned into ferocious ghosts that densely covered the sky, giving off massive sounds.

The blood-red Orc image coldly locked onto Zhao Fu and raised its axe as it swung out.

Boom!

A massive explosion sounded out as space cracked and a massive blood-red crescent containing destructive power slashed out, quickly tearing through the sky and seeming to rend the heavens and earth in half.

The ground, trees, boulders, and everything else in front of Zhao Fu were all annihilated and turned to dust.

“Arghh!” Zhao Fu loudly roared and pressed both his hands against the ground, causing the ground to crack, and the countless ghosts in the sky all simultaneously looked at the blood-red Orc image with their pale eyes.

Boom!

The ghosts gave off powerful auras and wicked smiles as they flooded towards the blood-red Orc image. They gave off world-destroying power, and the heavens and earth continuously trembled as the sky darkened.

Bang!

The two extremely terrifying powers collided, resulting in a shocking explosion. Countless rays of light blasted out, and everything in the surrounding 100,000 meters was obliterated. Dust covered the sky and the ground continuously shook.

The destructive aura continuously flooded out, and the people spectating from the distance felt immense chills in their hearts and looked incredibly shocked; this kind of power was simply too shocking. The people on the viewing platforms also stared at the battlefield, looking incredibly excited as they watched the battle between these two geniuses.

After everything settled, a 100,000 meter wide and 1,000 meter deep crater had appeared in the ground. The area around it had been completely leveled and was in a wreck.

Everyone looked around but could not see the two people; had the battle ended?

Bang!

A rubble of rocks blasted open as Gudu stood up, covered with blood. He held his blood-red axe as he savagely looked around.

Shing!

A sword hum once again sounded out as a blood-red sword light flashed towards Gudu. Zhao Fu had appeared behind Gudu. Zhao Fu's chest was bloody and he looked heavily wounded.

Gudu held his axe and vigorously swung it, destroying the blood-red sword light.

Everyone was incredibly shocked; the battle still had not finished. However, these two people had used up most of their strength and were heavily injured, so their attacks were no longer as powerful.

Bang!

Zhao Fu once again slashed out with all of his strength, and a powerful sword light sent Gudu flying. Gudu coughed up a large mouthful of blood and crashed to the ground, and he finally decided to leave the secret realm. Seeing this, Zhao Fu turned into a ray of light and disappeared over the horizon.

Only then did everyone realize that Zhao Fu had won, and a third genius had fallen to his hands. He had not used any tricks and had used his strength to face Gudu directly. Facing such terrifying power, everyone was completely convinced and had no objections.

Now, countless people felt even more respect for Zhao Fu. Before, many people had cursed at Zhao Fu and wanted him to quickly die, but their attitudes towards him now completely changed. It was mainly because the power that Zhao Fu had revealed was far too terrifying and the fact that he was bold enough to challenge the top geniuses one by one.

In light of this, him being a perverted bandit was not as big of a deal. In fact, many beautiful women wondered how they could meet him so they could serve him.

The two Empires who had been out for Zhao Fu's blood were now quite satisfied. If a peerless genius like this could marry into their Empires, it would bring unimaginable benefits to their Empires.

Now, they were not thinking about how to kill Zhao Fu but how to have Zhao Fu join them. After all, things were already like this, and since their Princesses seemed to like this boy, they could only use gentler methods.

They also sent people to investigate Zhao Fu's identity and see where he was from and how he had such terrifying power. Such a terrifying genius definitely had a shocking background, so it should be quite easy to find information about him.

However, they were left disappointed – their people could barely find any information about him; it was as if he had appeared out of thin air.

This made Zhao Fu seem even more mysterious, and everyone felt even more curious about his identity. In fact, they did not even know what race he was.

However, from the massive amounts of ghostly qi he had given off, it was quite likely that he was from the Death Race; it would be virtually impossible for anyone not from the Death Race to be able to use ghostly qi like that. However, that was only a guess as Zhao Fu's aura was quite complex and no one could confirm it.

Now, more and more people were investigating Zhao Fu's identity, and even some higher-beings became interested in him.

Most people in the secret realm sensed the ripples from this battle, and their expressions became even more serious.

Even the Sun Elf, who had awakened ten-colored light, felt a trace of pressure, as if there was a ferocious beast chasing after him.

However, it was only a trace of pressure. As someone who had the Outlander Race's supreme Emperor Star and the person most likely to draw out the King of Kings Sword in 1,000 years, he felt immense confidence. No matter how powerful that person was, he would not be able to surpass him. After all, he was the limits of this world and no one would be able to defeat him.

## Chapter 1673 Number 7

Of course, for that person to give him a trace of pressure, he could feel immense pride. The Sun Elf lightly laughed and cast his gaze to the secret realm creature in front of him that was giving off ten-colored light.

He did not pay too much mind to Zhao Fu, as he had only just taken down the eighth-ranked genius and was still far from challenging him. Perhaps he would only take down one more person before being taken down himself.

The second-ranked person, Medusa, also took notice of that person. From the powerful ripples that person had sent out, as well as the fact that he had defeated the eighth-ranked genius, he was quite noteworthy.

However, Medusa did not pay him much mind either, as he had only defeated the eighth-ranked genius. Thinking about that, Medusa looked somewhat condescending; with her strength, she could easily defeat Gudu.

Zhao Fu did not have the qualifications to challenge her, and there was only one person she was concerned with, which was the Sun Elf. Only the Sun Elf was worthy to be her opponent, and she would not even spare the others an extra glance.

The Treasure Dwarf Durni did not care too much either. This person was challenging each genius in order, and as the third-ranked genius, there was still a while until it was his turn. He felt that Zhao Fu would be taken down before then.

No one in history had even dared to challenge every genius in the top ten in order, as the difficulty was like scaling the heavens. If he really could do it, it would be a miracle.

Moreover, he had come fully prepared. His goal was to defeat Medusa and the Sun Elf, take first place, draw out the King of Kings Sword, and become the leader of the Outlander Race.

He was someone who wanted to lead the Outlander Race, so how could he fall at Zhao Fu's hands? If he fell at Zhao Fu's hands, his hopes would be crushed.

The other geniuses felt quite serious because they did not have the strength to enter the top three.

The one who was the most sober about this was the seventh-ranked genius, Three-Headed Ogre. Now that the tenth-ranked, ninth-ranked, and eighth-ranked geniuses had all fallen to this person, he would be that person's next target.

He was ranked seventh and was naturally the weakest remaining one of the original ten. Facing the mysterious and terrifying Zhao Fu, he felt immense pressure and was worried that he would fall at Zhao Fu's hands; this would be incredibly humiliating.

Moreover, if he lost to Zhao Fu, the chance of him pulling out the King of Kings Sword would become even smaller. If he lost to someone else, his Fate would be suppressed, making it incredibly hard for him to pull it out. Only the true successor of the King of Kings would not have to worry about such a thing.

The Three-Headed Ogre could only wait for that person to challenge him. He guessed that that person was most likely heavily wounded, so if he went to challenge him now, he would have a great advantage. In fact, he could also bring some other people to gang up on Zhao Fu.

However, the Three-Headed Ogre was no small figure and came from the most powerful Ogre Empire, and he was one of the top ten geniuses.

He had his pride and would not do such a thing. Moreover, once he did such a thing, everyone would immediately find out that he had resorted to such shameless tactics, and that would bring shame to his entire family.

He felt a faint power telling him to stay here to fight with the mysterious person. This power came from the depths of the secret realm, and he understood that it came from the King of Kings Mountain. As such, he decided to wait here.

He did not know why the King of Kings Mountain cared about this battle. In past times, the top ten geniuses and some special existences had the right to climb the mountain, and battles would often break out. However, the King of Kings Mountain had never seemed to show so much interest before.

He knew that it was not because of him but rather that someone else was very special, which was why the King of Kings Mountain was acting like this.

At the same time, the news of Zhao Fu defeating three of the top ten geniuses spread throughout the entire secret realm, as did some other information about him.

“Heavens, does that person really only have Harmony Realm Cultivation? He defeated three of the top ten geniuses in a row; just who is he?”

“Exactly, I’m incredibly curious as to who he is as well. I was fortunate enough to see one of his battles – he did not use any tricks at all and directly confronted the other person, resulting in a terrifying battle.”

“Mm, I’ve also seen one of his battles. It made my blood boil and was definitely the most intense battle I’ve ever seen in my life.”

“I’m guessing that that person is healing from his injuries and will soon go and challenge the seventh-ranked genius, Three-Headed Ogre. I wonder how strong he is and how many geniuses he’ll be able to defeat.”

“I feel that with his cultivation, at most he’ll be able to defeat the seventh-ranked genius. The sixth-ranked genius has Divine Realm Cultivation; there’s too much of a gap between their cultivations.”

“No matter what happens, he has already won my respect and admiration.”

Countless people were discussing this matter, making the secret realm incredibly lively. Zhao Fu’s fame skyrocketed, and it was not any inferior to the Sun Elf’s.

“Long Yue, that person they’re talking about seems to be our husband,” the Elf Princess came to a gathering place and said to the Dragon Princess after listening to the discussions around them.

They had been separated from Zhao Fu for quite a while now, ever since Zhao Fu had chased down that Halfling. They had waited for a few days before deciding to gather at the center of the secret realm, as they expected Zhao Fu to go there.

Hearing this, the Dragon Princess smiled as she said, “They’re probably talking about that big baddy. I knew he wasn’t simple, but I’m still shocked that he’s been challenging the top ten geniuses and has defeated three already.”

The things Zhao Fu had done were too shocking and made them feel a trace of awe towards him. They could not do such a thing; for him to be their man, having such strength was sufficient.

The Elf Princess gave a beautiful smile and said, “That’s right, husband’s performance has been quite surprising. With his abilities, he will be just as brilliant no matter wherever he goes and will reign above others. Looks like we didn’t follow the wrong person.”

The Goddesses all happily smiled and felt quite proud. For them to follow such a terrifying existence like Zhao Fu was their fortune.

The Ogre Chief was also incredibly delighted. His daughters would have a terrifying existence protecting them from now on and he would not have to worry about anything. His daughters would also receive unimaginable benefits and would definitely surpass him. Perhaps even he would benefit from this as well.

#### Chapter 1674 Prophesied Person

They did not know Zhao Fu’s true identity, and if they did, they would be incredibly shocked. After all, Zhao Fu was someone who had shaken the entire Heaven Domain, and there were countless terrifying factions searching for him.

It was not just those in the inner regions of the secret realm who knew about Zhao Fu challenging the top ten geniuses; even those in the outer regions heard about it, and those who had interacted with Zhao Fu all looked incredibly shocked.

Of them, Gou Yan was the most shocked. Thinking about what he knew about Zhao Fu, even though he could guess that Zhao Fu was very powerful, he would never have been able to guess that he was on par with the Outlander Race’s top ten geniuses. Those were people who stood at the peak of this generation, and Zhao Fu had already defeated three of them.

Thinking of the fact that he had met someone like this, Gou Yan felt as if he was dreaming. It was incredibly good fortune that he had met Zhao Fu; without him, he would not be here.

At the same time, Gou Yan could not help but sigh. With how powerful Zhao Fu was, he could only look up at him from far below, and it was not his place to continue trying to be friends with him.

As for the others, thinking about how terrifying Zhao Fu was, they decided that if they met him, they would definitely try to establish a relationship with him. That way, they would receive unimaginable benefits.

Gudu returned to the area outside the secret realm covered with blood, and he happened to see Yu Luohua, who was about to enter again.

Seeing Gudu covered with blood and looking heavily injured, she looked quite surprised. Gudu was the eighth-ranked genius, so who could make him suffer such heavy injuries and force him out of the secret realm?

Even though she was quite surprised, Yu Luohua quickly thought of a possibility and asked, “Were you also defeated by that bastard?”

Gudu’s expression was quite unsightly as he nodded. “I lost to that boy!”

This made Yu Luohua feel slightly better and she gave a trace of a smile as she said, “Was he very strong? Did he use any terrifying attacks when he fought with you? I was forced out by that extremely terrifying sword qi; otherwise, I might have died at his hands.”

Gudu’s expression was serious as he said, “That boy is indeed incredibly strong. I went all-out but still could not defeat him, but I’m not angry about it. I just feel that that boy didn’t use his full strength and might be hiding even more terrifying power.”

Following this, Gudu told Yu Luohua about his battle with Zhao Fu.

Hearing this, Yu Luohua’s expression became quite serious. “After hearing this from you, I also feel that that bastard is not simple. He didn’t use any ghostly qi when he fought with me, and when he fought with the Elephant person, he didn’t use that extreme sword qi either.”

Gudu said, “How many more geniuses do you think that boy can defeat? I’ve already fallen at his hands so I can’t say much, but I want to see the others fall at his hands as well. That way, I’ll feel somewhat better.”

Yu Luohua replied seriously, "I'm not sure; his cultivation is a bit lacking. However, who knows what kind of terrifying powers he's still hiding. I want to see him at least defeat the fourth-ranked genius. As for the top three, we're completely powerless against them. Even though he's quite powerful, I don't think he can defeat them."

Gudu thought about it and nodded. "I think the same. Also, I wonder what that boy's identity is; he's so mysterious. I've never heard of someone like him before in the Outlander Domain, and I think he might be from another Domain."

Yu Luohua lightly nodded. "I'll be going in first. In actuality, I don't care much about the rankings, but I have to ascend the King of Kings Mountain and see if I can pull out the King of Kings Sword."

Gudu nodded and sat down to recover from his wounds so that he could return to the secret realm as soon as possible. The King of Kings Sword was everyone's goal. Anyone who could pull it out would become a legendary figure in the Outlander Race and would become the leader of the Outlander Race in name, the new King of Kings.

The teachers on the viewing platforms looked at Zhao Fu; they were the teachers who had been previously standing on top of the tall building.

The elegant-looking beauty gave a trace of a smile as she said, "He has already displayed extraordinary power; do you think it's possible that he's the prophesied person? Were the statues outside triggered by him?"

The Gnome elder shook his head. "I don't think so. He received great injuries in every battle and I feel that he's still a bit too weak. Also, his cultivation is quite low, and his morals are also lacking. I don't see much hope in him.

"Also, we still haven't determined the cause for those 23 statues simultaneously giving off ten-colored light; it might be different to what we think."

The chubby Bear person elder laughed as he said, "Even if he's not necessarily the prophesied person, just from him defeating those three geniuses, it's enough for his name to resound throughout the Outlander Domain. He will become the newcomer with the most potential in our college. Even though he's somewhat licentious, I'm quite interested in him."

A serious-looking middle-aged man said, "I'm not interested in him, and I don't think he's the prophesied person. Think about what a supreme existence the King of Kings was; his name has resounded from ancient times until now, and no one could compare to him. Look at that boy, how can he be the prophesied person? With his abilities, he definitely won't be able to pull out the King of Kings Sword, nor will he become the new King of Kings – he is not worthy."

"Also, the sixth-ranked genius has Divine Realm Cultivation; can he defeat him with just his Harmony Realm Cultivation? I believe the seventh-ranked genius will be his limit."

The Fox Race man smiled and said, "There's still quite a long time left in the examination; I want to see if this boy can defeat the seventh-ranked genius. As for who will win between him and the sixth-ranked genius, we'll see soon anyways. Let's talk about who is right and who is wrong then!"

The serious-looking middle-aged man said, "You can all watch him; I'm not interested. I feel that the prophesied person is still hidden, and it's still early and many people have not revealed themselves yet."

Hearing this, everyone else nodded.

Zhao Fu had once again found a place with no one else around to recover from his wounds. His wounds were slightly less serious than the previous time, and his recovery speed was quite fast.

This time, Zhao Fu only used a bit more than one day to fully recover. Now that he had gained one-third of Gudu's points, he had risen to tenth place on the rankings.

At the same time, Zhao Fu felt that his affinity with the Outlander Emperor Star had once again increased. Even more Outlander Fate had fused into his body and become a part of him. When the amount of Outlander Fate he possessed reached a certain amount, he would be able to awaken the Outlander Emperor Star.

Zhao Fu resting for a while, Zhao Fu went to find the next genius.

## Chapter 1675 Green Ligh

The Three-Headed Ogre had been waiting for Zhao Fu for a while, and as his gaze fell on Zhao Fu, he said, "Are you that person who has defeated three geniuses in a row? Seems like you're somewhat special, but as an Imperial Prince, I definitely won't lose to you. Also, what is your name? I don't want to fight with a nameless person."

Zhao Fu's expression was calm as he stretched out a hand and the Sadistic Killing Sword appeared in his hand as he replied, "You don't need to know; all you need to know is that you'll be the fourth person to fall at my hands."

The Three-Headed Ogre coldly harrumphed, "Boy, you're quite arrogant. I want to see just how powerful you are and if you're qualified to say such words."

Boom!

A powerful aura exploded out from the Three-Headed Ogre's hands, sending out a wild gale as the Three-Headed Ogre's body gave off a green light and a terrifying aura.

A spiked club appeared in the Three-Headed Ogre's hands as he shot towards Zhao Fu with massive sounds. He quickly reached Zhao Fu and swung at him with great force.

At that moment, Zhao Fu sent large amounts of power into the Sadistic Killing Sword, causing it to give off terrifying blood-red light, and he slashed out.

Bang!

The two weapons clashed with great power, resulting in a loud explosion and for wild gales to blast out.

"Arghh!" The Three-Headed Ogre loudly roared and gripped his club as he continuously swung out, sending out powerful energy and causing loud sounds to ring out.

Zhao Fu also continuously swung his sword, sending out blood-red sword lights with incredibly sharp power towards the Three-Headed Ogre.

Bang! Bang! Bang...

The club energy and sword lights continuously clashed and were shattered, causing shockwaves to ripple out. The ground started to crack and Zhao Fu was forced to slowly retreat, moving back four meters in total.

Boom!

At that moment, the Three-Headed Ogre sent even greater power into his club and once again vigorously swung out. A massive club image slammed towards Zhao Fu, seeming to be able to smash boulders into dust.

Bang!

A muffled explosion sounded out as Zhao Fu blocked but slid back ten or so meters before stopping, and he felt a wave of pain in his arms.

As the seventh-ranked genius, the Three-Headed Ogre was much stronger than the eighth-ranked Gudu. He was able to suppress Zhao Fu with brute strength alone.

“Arghh!” The Three-Headed Ogre once again roared and gave off ferocious power as he rushed at Zhao Fu.

Zhao Fu’s expression was cold as a black aura flame burst forth around him and he gave off a terrifying power. He powerfully slashed out, sending out an enormous blood-red crescent that gave off a savage aura as it flew towards the Three-Headed Ogre.

Boom!

The Three-Headed Ogre vigorously swung out and a massive wave of energy destroyed the incoming blood-red crescent, causing it to shatter into motes of light and dissipate.

Swish!

Zhao Fu leapt forwards and appeared above the Three-Headed Ogre as he slashed down, sending out a blood-red sword light towards him.

The Three-Headed Ogre gripped his club and swung upwards, sending out a massive energy towards Zhao Fu.

Bang!

The two attacks once again collided and resulted in an explosion, sending out large gusts of wind that caused the trees in the surroundings to sway.

The Three-Headed Ogre roared as he continuously swung his club, sending out powerful blasts of energy and causing the air to explode. Zhao Fu continuously slashed out with his sword, sending out countless sword lights towards the Three-Headed Ogre.

Bang! Bang! Bang...

Massive sounds rang out as the powerful attacks from the two of them continuously collided, sending out intense shockwaves. The ground continuously cracked and rocks flew everywhere.

The people on the viewing platforms watched the battle between the two people seriously. Just as they had expected, Zhao Fu had gone to find the seventh-ranked Three-Headed Ogre and challenged him. What would follow would be another intense battle.

This battle was now the center of everyone's attention, and it was given far more attention than even the Sun Elf.

The Sun Elf was currently killing secret realm creatures for points and nothing posed any challenge to him. On the other hand, this battle was an intense battle between two geniuses, so everyone would naturally choose to watch this.

As for the outcome of this battle, no one could predict it. They all stared at the battlefield to see what kind of terrifying power these two geniuses would unleash.

"Arghh!" The Three-Headed Ogre roared as he raised his club with both hands, causing it to give off an intense green aura flame. It gave off immense destructive power and a powerful gale as he ferociously slammed it towards Zhao Fu.

Shing!

A clear sword hum rang out as Zhao Fu sent great power into the Sadistic Killing Sword, causing it to give off blinding blood-red light. He vigorously slashed out, sending out a terrifying sword light towards the Three-Headed Ogre.

Bang!

A loud sound rang out as the two people's powerful attacks collided, resulting in an enormous explosion. A powerful destructive force expanded out, and both people were sent flying back ten or so meters, traces of blood leaking out of their lips.

The Three-Headed Ogre looked quite furious and exploded out with even greater power. His green aura flame doubled in size and gave off even more powerful wind, and he once again charged at Zhao Fu.

Zhao Fu's gaze was cold as he also exploded out with terrifying power, causing his black aura flame to become even more intense, and he showed no weakness as he also rushed at the Three-Headed Ogre.

Bang!

The two weapons once again clashed, and a green and blood-red shockwave spread out, causing the ground to collapse.

The two weapons locked against each other as they gave off immense power, neither one budging at all.

At that moment, the Three-Headed Ogre's two other heads opened their mouths, causing countless rays of green light to gather as a terrifying aura spread out.

Boom! Boom!

Two green beams of light shot out with immense power, giving off massive sounds as they flew towards Zhao Fu. Zhao Fu was greatly startled and immediately unleashed a defensive barrier.

Bang!

Because they were too close, the two beams of light pierced through the defensive barrier before it could be fully formed and slammed into Zhao Fu's body, causing him to fly backwards.

Right as Zhao Fu crashed to the ground, two bloody holes in his body, the Three-Headed Ogre's three heads all opened their mouths, gathering countless rays of green light.

Boom! Boom! Boom...

Three more green rays of light shot out with terrifying power, tearing through the air.

Zhao Fu's expression fell and he quickly dodged to the side.

Bang!

The three rays of light blasted into the ground, resulting in a massive explosion as a ten or so meter wide crater appeared in the ground, causing dust to billow.

Chapter 1676 Three-Headed Ogre

This time, Zhao Fu was able to react faster, and he dodged the three beams of light.

The Three-Headed Ogre's expression was savage as his three mouths once again gathered intense light and an even more dangerous aura spread out.

Boom! Boom! Boom!

Three more green beams of light shot out with terrifying power, causing three explosions as they blasted towards Zhao Fu.

Zhao Fu could only once again dodge to the side, avoiding the attacks.

The Three-Headed Ogre felt quite annoyed and once again opened his mouths, causing countless rays of green light to gather.

Boom! Boom! Boom...

Green beams of light containing terrifying power continuously shot at Zhao Fu, forcing him to continuously dodge. As the beams of light struck the ground, they opened large craters and caused rocks to fly everywhere.

Soon, dozens of craters had appeared in the ground, and fragments of trees and boulders were scattered everywhere, creating a wretched scene.

Bang!

Just as the dust was about to settle, another green beam of light shot out, and this time Zhao Fu was unable to evade in time. He was hit by the beam of light, and he flew backwards and crashed onto the ground.

The Three-Headed Ogre gave a savage smile and opened his mouths and green light once again gathered before blasting towards Zhao Fu.

Zhao Fu got up from the ground and looked quite furious, and facing the three incoming beams of light, he sent large amounts of power into the Sadistic Killing Sword, causing it to give off an intense sword light that covered the surrounding 1,000 meters.

Boom!

Zhao Fu slashed out a terrifying sword light towards the three beams of light, destroying them and causing them to dissipate.

At the same time, Zhao Fu looked at the Three-Headed Ogre and the cross-shaped pupil and six gray dots in his right eye quickly spun. A massive wave of ghostly qi giving off a ferocious aura flooded towards the Three-Headed Ogre.

“Heheheh...” The massive wave of ghostly qi became countless ghosts that gave savage laughs as they rushed towards the Three-Headed Ogre.

The Three-Headed Ogre coldly harrumphed and swung his club, sending out a terrifying wave of energy towards the ghosts. All of the ghosts that were hit dissipated into ghostly qi and disappeared.

Shing!

A sword hum suddenly sounded out from behind the Three-Headed Ogre as Zhao Fu slashed out with the Sadistic Killing Sword, which gave off an intense blood-red light.

The Three-Headed Ogre was greatly startled and quickly tried to defend, but it was too late.

Bang!

A muffled explosion sounded out as the Three-Headed Ogre was sent flying. He crashed dozens of meters away, a bloody gash on his back, from which blood continuously flowed.

The Three-Headed Ogre furiously got up from the ground and roared, “You’ve made me angry, boy. I’m going to kill you now.”

Boom!

A massive aura spread out as the green aura flames around the Three-Headed Ogre’s body expanded to cover the 100 meters around him. The ground started to crack and a massive might covered the surroundings.

Bang!

The Three-Headed Ogre gripped his club and rushed at Zhao Fu, giving off massive sounds. Everywhere that the green aura flame passed over the ground collapsed, and trees and rocks were obliterated.

Boom!

Zhao Fu’s expression was serious as he exploded out with a terrifying black aura flame that also covered the surrounding 100 meters and gave off immense pressure. The ground around him continuously cracked as he also charged at the Three-Headed Ogre.

Bang!

A massive explosion sounded out as the two aura flames ferociously clashed, resulting in an intense wind spreading out.

The two aura flames repelled each other, but the two people continued to rush at each other.

The Three-Headed Ogre roared and gripped his club as he gave off ferocious power and smashed it at Zhao Fu. Zhao Fu vigorously slashed out, causing the Sadistic Killing Sword to be covered with incredibly sharp sword light.

Clang!

A metallic collision sound rang out as the two weapons clashed. A terrifying destructive force blasted out, causing the ground in the surroundings to crumble, and countless rays of blinding light shot out.

The two people were sent flying back and crashed onto the ground, coughing up a large mouthful of blood. Between them was a crater that was a few hundred meters wide.

Zhao Fu got up from the ground and wiped away the blood at his mouth. He turned into a ray of light and shot at the Three-Headed Ogre, while the Three-Headed Ogre got up and looked furious as he also charged at Zhao Fu.

Shing!

Zhao Fu slashed out, sending out an enormous blood-red sword light towards the Three-Headed Ogre. The Three-Headed Ogre dodged to the side and avoided this attack before swinging out with his club with great power.

Zhao Fu blocked with his sword, and the club slammed into the sword with great power, sending Zhao Fu back a few steps.

The Three-Headed Ogre raised his club and gave off a shocking aura as he slammed down the club towards Zhao Fu's head, wanting to smash it open.

Zhao Fu sent a large amount of power into the Sadistic Killing Sword, causing it to give off boundless sword light, and he vigorously slashed out.

Bang!

The two weapons once again clashed a large explosion sounded out as both people were forced back a few steps.

The Three-Headed Ogre's mouths opened and green light gathered. Three intense beams of light shot towards Zhao Fu incredibly quickly, and they were about to hit him.

Zhao Fu released a defensive barrier and the three beams of light slammed into the defensive barrier, shattering it and sending Zhao Fu flying backwards.

At that moment, Zhao Fu's cross-shaped pupil quickly spun and large amounts of ghostly qi flowed out, forming a massive ghost that was dozens of meters tall and covered with muscles. After appearing, it gripped its fist and punched out with great force.

The Three-Headed Ogre was greatly started and hurriedly blocked with his club, but he was still sent flying by that massive power.

The two people once again got up from the ground, glaring at each other.

Boom!

The Three-Headed Ogre's expression was savage as he raised his club with both hands and sent a terrifying wave of power into it. The club gave off intense light and a terrifying aura spread out, causing clouds to swirl.

Three massive mists spread out as the creatures in the surroundings fell into terror. Three 1,000 meter long savage wolves with green fur, blood-red eyes, and mouths filled with sharp fangs appeared, looking at Zhao Fu coldly.

“Roar!!” Facing the Three-Headed Ogre's terrifying power, Zhao Fu ignited his Divine Bloodline and a massive dragon's roar sounded out as an all-surpassing power flooded out.

## Chapter 1677 Savage Wolves

Nine domineering black dragons appeared around Zhao Fu, accompanied by an immense dragon's might. The terrifying power that they gave off caused the surroundings to become deathly silent.

Zhao Fu tightly gripped the Sadistic Killing Sword, and the nine black dragons entered the sword, causing it to be dyed black and for dragon inscriptions to appear on it. It gave off an extreme sword light and caused the space around it to twist.

Boom!

The Three-Headed Ogre heavily swung down his club, and the three savage wolves gave off shocking power as they rushed at Zhao Fu, seeming as if they could destroy everything.

Shing!

Zhao Fu also slashed out, and nine enormous black dragons rushed out with terrifying auras towards the Three-Headed Ogre.

Bang!

A shocking explosion sounded out as the two monstrous powers clashed, and a terrifying destructive force blasted out. The ground collapsed and everything around Zhao Fu and the Three-Headed Ogre was obliterated.

Terrifying shockwaves rippled out and countless trees were uprooted as boulders were blown into the sky and dust billowed.

Sensing these shocking ripples, the people in the surroundings looked incredibly excited because there were two more geniuses clashing. It was extremely likely that one of the two people was the person who had continuously defeated three geniuses, and he was now challenging his fourth.

When the people ran over, they saw that it was indeed that mysterious person. He was currently fighting an intense battle with the seventh-ranked Ogre.

“It’s him!” Everyone felt delighted, as they felt great expectations for Zhao Fu and wanted to see just how many geniuses he could challenge and how far he could go.

What Zhao Fu was doing now was something that countless people wanted to do but had no chance of succeeding at. And yet, Zhao Fu had been successful so far, making them feel immense respect for him.

Shing!

A massive sword light slashed out, bringing with it an enormous sword wind storm as it flew towards the Three-Headed Ogre.

The Three-Headed Ogre gripped his club with both hands and forcefully swung out, sending out a massive wave of energy towards Zhao Fu.

Bang!

The two attacks collided, resulting in a terrifying shockwave that blasted out and caused rocks and dust to fly everywhere.

At that moment, the Three-Headed Ogre once again opened his mouths, causing green light to gather. Three powerful beams of green light tore through the air, shooting towards Zhao Fu.

The cross-shaped pupil in Zhao Fu’s eye continuously spun as countless traces of ghostly qi flooded out of him and turned into three waves. They gave off eerie power as they shot towards the Three-Headed Ogre ferociously.

Bang! Bang! Bang!

Three loud sounds rang out as the three rays of light and the three waves of ghostly qi clashed, causing ghostly qi and cold light to shoot everywhere.

Shing!

Zhao Fu once again shot at the Three-Headed Ogre and slashed out with his sword towards the Three-Headed Ogre's throat.

The Three-Headed Ogre blocked with his club before raising a foot and kicking at Zhao Fu with immense power.

Zhao Fu dodged to the side before slashing out again, his sword giving off sharp sword light. The Three-Headed Ogre once again blocked with his club before gripping his other hand into a fist and punched out with terrifying power.

At that moment, Zhao Fu also gripped a fist and punched out with great power.

Bang!

The two fists collided, resulting in an explosion and forcing both people to take a few steps back.

"Arghh!" The Three-Headed Ogre roared and exploded out with a mighty aura, sending out wild gales, and he sent terrifying power into his club, causing it to give off a dangerous aura.

Bang! Bang! Bang...

The Three-Headed Ogre continuously swung out, sending out massive club images that seemed to cover the sky. They gave off immense destructive power and slammed towards Zhao Fu with massive sounds.

Zhao Fu's expression was serious as he continuously slashed out sword lights to defend. However, the club images were too powerful, continuously forcing Zhao Fu back. The web between his thumb and index finger had split open, and he felt great pain in his hands.

Bang!

Another massive club image slammed at him, and Zhao Fu blocked with his sword. Even though he was able to stop the club image, he was still sent flying back.

Bang! Bang! Bang...

Just as Zhao Fu had stabilized himself, the Three-Headed Ogre once again rushed up and sent out massive club images with terrifying power.

Facing the incoming Three-Headed Ogre, Zhao Fu coldly harrumphed and took out the Death Disaster Sword. He sent large amounts of power into the two swords, causing them to give off intense sword light, and a ferocious sword qi spread out, forming a sword qi storm.

Shing!

A sword hum sounded out as Zhao Fu crossed his swords, forming a ten meter long sword of light. Terrifying sword energy flowed out, causing the surrounding space to seem to twist.

Boom!

Facing the incoming club images, Zhao Fu vigorously slashed out a massive sword light containing terrifying power, causing the space around it to crack.

Bang!

A massive sound rang out as the countless club images were destroyed by the sword light and dissipated, and the Three-Headed Ogre was blasted back.

“Arghh!” The Three-Headed Ogre roared as he once again charged forwards, his club giving off intense green light. He vigorously swung out and an enormous green wolf appeared, howling as it gave off a ferocious aura and sprang at Zhao Fu.

Zhao Fu gripped his sword of light with both hands and showed no fear as he rushed towards that massive wolf.

The two of them quickly closed the gap between them, and the savage wolf opened its mouth and bit towards Zhao Fu. In response, Zhao Fu vigorously slashed out, sending out a terrifying sword

light towards the savage wolf and splitting it in half from head to tail, causing it to dissipate into countless traces of green aura.

The Three-Headed Ogre's expression was somewhat unsightly as he continuously swung his club, sending out terrifying energy as more and more savage wolves giving off ferocious power charged at Zhao Fu.

Bang! Bang! Bang...

Loud sounds rang out as Zhao Fu advanced and continuously slashed out, slashing, piercing, and hacking apart the savage wolves.

Seeing Zhao Fu come closer and closer, the Three-Headed Ogre became resolute and exploded out with a powerful aura as he gripped his club with both hands and started to spin.

Boom! Boom! Boom...

Massive explosions sounded out as the Three-Headed Ogre began to spin faster and faster, and the wind around him became more powerful and sped up, forming a shocking tornado.

Chapter 1678 Devouring Heaven

Rumble...

After this terrifying tornado was formed, it seemed to stir the heavens and earth and gave off massive rumbling sounds as a destructive aura of suppression appeared. The ground continuously crumbled apart, and the space around it was unable to withstand its power and started to crack.

What was even more terrifying was that the tornado sucked in all of the surrounding trees, rocks, and earth before shredding them into dust.

The people spectating from the surroundings and the people on the viewing platforms all felt incredibly shocked. That tornado seemed like it had world-destroying power; could this person withstand it?

It seemed that the Three-Headed Ogre had made great improvements and had become much stronger than before.

Everyone's gazes fell on Zhao Fu's body, wondering how he would face this incredibly destructive power. If he could not block this attack, he would definitely lose.

Boom!

A massive sound rang out as Zhao Fu raised his sword of light with both hands, pointing it towards the sky. He ignited all of his Divine Bloodline and a terrifying power exploded out, flooding into the sword of light. The sword of light blasted out with an all-surpassing sword qi, slashing apart the space around it.

Gray and blood-red sword lights shot into the sky, and Heaven and Earth Power madly gathered, forming an enormous vortex in the sky that absorbed large amounts of Heaven and Earth Power. The ten meter long sword of light instantly became 1,000 meters long and gave off an incredibly mighty aura.

Rumble...

The terrifying tornado rushed towards Zhao Fu with incredibly destructive power, seeming completely unstoppable.

Facing the incoming tornado, Zhao Fu's expression was serious as he tightly gripped the sword of light before slashing down with all of his strength.

Boom!

An enormous sword light containing world-destroying power blasted out, bringing with it boundless sword wind as it slammed into the tornado, resulting in a shocking explosion.

The sword light gave off a power that seemed to be able to slash apart anything, and the power that the tornado gave off seemed to be able to shred apart everything. As the two of them collided, a monstrous shockwave blasted out as terrifying gales spread out.

Bang!

In the end, the sword light was proved stronger, splitting open the tornado and causing it to dissipate. The Three-Headed Ogre at the center of the tornado was sent flying and was covered with blood as he slammed into a mountain. No one could tell if he was dead or alive.

Zhao Fu gave off a supreme aura as he stood in the air, holding a sword in each hand; the 1,000 meter long sword of light had already disappeared.

“He won!” countless people excitedly cried out. They had witnessed Zhao Fu successfully challenging another genius, and they felt incredibly stirred up.

This was the fourth genius, and there were still six geniuses left in the top ten. They wondered how far Zhao Fu would go, but he definitely would not disappoint them. Also, just where did that mysterious person come from? Countless people felt incredibly curious.

Someone said with admiration, “It’d be great if I had such great power; I also want to challenge the top geniuses and shake the Outlander Domain, feeling the admiration and worship of countless people.”

Suddenly, a confused voice said, “The rankings haven’t changed; the Three-Headed Ogre still hasn’t lost yet.”

Boom!

Right as that person spoke, an unimaginably powerful aura blasted out, causing the heavens and earth to tremble. Everyone felt a chill in their hearts as the mountain that the Three-Headed Ogre had crashed into was instantly devoured by a ray of green light and disappeared.

A figure appeared amidst the green light – it was the Three-Headed Ogre, but his appearance had greatly changed. A horn had appeared on each of his heads and he looked ugly and savage. There were many more sharp fangs in his mouth, his hands were sharp like claws, and he also had a tail.

“It’s Devouring Heaven!” some people cried out seeing the Three-Headed Ogre’s appearance.

Devouring Heaven was one of the Ogre Empire's most powerful techniques, and very few people could use it. All of those people had Emperor Heaven Realm Cultivation, while this Three-Headed Ogre only had World Realm Cultivation, making many people shocked.

The Three-Headed Ogre looked at Zhao Fu with his dark-green eyes and grabbed out with his hand. A massive wave of energy gathered, forming a green ball of energy.

Bang!

The Three-Headed Ogre vigorously threw out the green ball of energy, and it flew out incredibly quickly as it expanded out to 100 meters wide, slamming towards Zhao Fu.

Facing the incoming ball of energy, Zhao Fu powerfully slashed out a blood-red sword light.

However, something shocking happened – just as the blood-red sword light reached the ball of energy, it was absorbed into the ball of energy and did not affect it at all, and the ball of energy continued onwards with a powerful aura.

Zhao Fu was greatly shocked and quickly dodged to the side.

Boom!

The green ball of energy struck where Zhao Fu had been, exploding out with countless rays of green light and resulting in a massive sound. The surrounding space disappeared, forming a spherical black hole.

Seeing this power, Zhao Fu felt quite startled; this power seemed to be able to devour even space.

Bang!

Suddenly, the Three-Headed Ogre appeared in front of Zhao Fu and grabbed at him with a hand glowing with terrifying green light, giving off a loud sound.

Zhao Fu was shocked and hurriedly released a defensive barrier, but he was still sent flying by that power. He heavily crashed to the ground, smashing open a large crater.

The Three-Headed Ogre stood in the air with a look of condescension. “You’re not a match for me at all. I need to thank you for helping me comprehend Devouring Heaven. If you scam now, you can keep your life.”

Zhao Fu’s expression was cold as he replied mockingly, “Is that so? Let me witness your Devouring Heaven’s power then and see if it can devour me.”

“Hmph! As you wish.” The Three-Headed Ogre coldly harrumphed and exploded out with an intense light, forming a 1,000 meter wide green ball of light. It looked like a green sun had appeared in the sky, with the Three-Headed Ogre standing at the center like a godly spirit.

Boom!

The green sun blasted out with an intense green light that covered the heavens and earth, and a terrifying devouring energy spread out. The surrounding mountains, streams, trees, rocks, and ground all seemed to be devoured. Even the sky seemed to turn into nothingness and fell into darkness.

The people watching on the viewing platforms looked quite shocked. It was the first time many people had seen the power of Devouring Heaven, and it was terrifying beyond belief. It could easily devour the heavens and the earth – no wonder it was called Devouring Heaven.

Zhao Fu was covered by the green light as well, and he could feel a ferocious power savagely trying to devour him. However, Zhao Fu showed no fear and his eyes became blood-red as his pupils turned into rose-like flowers that gave off evilness, devilishness, and darkness.

Facing these eyes, the Three-Headed Ogre felt a chill in his heart and his hair stood on end.

Chapter 1679: Lion

Boom!

A shocking explosion sounded out as Zhao Fu lay on the ground, streams of blood trickling out of his eyes. The sky was covered by a black and blood-red starlight, which condensed into a pillar of starlight and fell on Zhao Fu's body, causing an extremely terrifying power to blast out.

The ground violently trembled and a countless massive white root burst up from the ground, tearing the ground apart. Soon, all that could be seen was white roots.

After the roots shot out, they gave off shocking power as they flooded towards the sky with unstoppable momentum, seeming to be able to cover the sky.

The Three-Headed Ogre felt greatly dismayed and loudly roared, causing the green sun to give off an even more intense light. An even more terrifying devouring power spread out, destroying everything in the surroundings.

However, the countless roots showed no fear and gave off a ferocious power as they continued to shoot towards the Three-Headed Ogre.

Bang!

A shocking explosion sounded out as the two terrifying powers collided, causing a monstrous shockwave to blast out. Countless trees were uprooted and boulders were blown into the sky. Even the people standing far away were caught in the radius, forcing them to retreat.

Bang! Bang! Bang...

Loud sounds rang out as something shocking happened – the green light that had been devouring everything could not devour those roots, and the white roots gave off terrifying devouring power as they instead started to devour the green light and continued to ferociously shoot towards the Three-Headed Ogre.

The Three-Headed Ogre's expression fell. He had wanted to give off an even more intense light, but the countless roots had shot within the green ball of energy and rushed towards him. The Three-Headed Ogre could only retreat or else he would definitely die here.

Countless people watched this scene in shock – just what were those roots? They were so terrifying that even Devouring Heaven could not devour them, and they instead devoured Devouring Heaven. Looking at those dense roots, everyone felt quite terrified.

There was also the starlight in the sky; it gave off an incredibly powerful demonic power. Only a star of the Demon Race could give off this kind of power.

Just who was this person? Everyone felt even more curious about Zhao Fu's identity because he had used terrifying Death Race power before and was now using Demon Race power, which made him seem even more mysterious.

Now, everyone saw the Three-Headed Ogre leave the secret realm, and they were sure that Zhao Fu had won. He had successfully challenged his fourth genius.

Countless people looked incredibly excited; this battle had not disappointed them at all. It was yet another battle that made their blood boil, and it had been decided with pure power and no trickery at all.

Now, Zhao Fu had a group of supporters. Even though they knew that Zhao Fu was quite licentious, his power had convinced many people.

The starlight in the sky disappeared and so did the white roots. The world once again became peaceful, and this time Zhao Fu did not receive very serious wounds. He found a place to recover his strength and prepared to find his next opponent.

After defeating the Three-Headed Ogre, Zhao Fu had obtained one-third of his points, causing him to rise two ranks. Even more Outlander Fate flowed into his body and he felt that his affinity with the Outlander Star had once again increased.

Outside the door to the secret realm, the Three-Headed Ogre came out covered with blood. Gudu, who was recovering outside, smiled because he could guess that the Three-Headed Ogre had also been defeated.

Seeing Gudu's smile, the Three-Headed Ogre said angrily, "What are you so pleased about? You were also defeated by that boy."

Gudu gave a mocking smile and said, "Yes, but you're ranked higher than me. Since you also lost, there's nothing for me to say. Also, it looks like you're not that strong either, to be defeated by that boy."

The Three-Headed Ogre coldly harrumphed, “Even so, I’m still stronger than you. Also, that boy’s power is unfathomable and he’s most likely hiding even more. I lost wholeheartedly and have no complaints.”

Gudu felt quite surprised and asked with a serious expression, “What did he use to defeat you?”

The Three-Headed Ogre coldly laughed, “Why should I go tell you? If you’re so capable, go and challenge him again and see how much of his power you can draw out.”

Gudu looked quite displeased but felt quite shocked – just how much more power was that mysterious person hiding?

A day later, Zhao Fu had finished recovering his strength and he went to find his next opponent. It was the sixth-ranked White Lion person, Madio.

The difficulty of this battle would be much higher, as the Lion person had Divine Realm Cultivation; it was far superior to the World Realm.

The Lion person held a spear and had been guided to a certain place by that power, and he was waiting for Zhao Fu.

The Lion person’s white eyes fell on Zhao Fu as he said, “For you to make it here is already a miracle, but your run will end here. I will not fall at your hands. Also, your cultivation is far too low.”

Zhao Fu calmly replied, “Is that so? We’ll know after we fight.”

The Lion person coldly laughed, “Just what I wanted. I want to see just how special you are and whether you’re worth paying attention to.”

Boom!

A powerful aura blasted out, causing a massive wind to spread out. The Lion person held a spear and started to attack.

The Lion person turned into a ray of light and rushed at Zhao Fu. His spear shot out white light as he ferociously stabbed at Zhao Fu, causing the air to explode.

Zhao Fu took out the Sadistic Killing Sword and vigorously slashed out a sword light, knocking the spear off-course. The Lion person pulled back the spear before forcefully stabbing towards Zhao Fu's throat. Zhao Fu once again slashed out, blocking the spear.

The Lion person spun, and the spear drew an arc of light as it horizontally slashed towards Zhao Fu.,

Zhao Fu was somewhat startled and blocked with his sword in front of him.

Bang!

Zhao Fu felt a massive impact and slid back ten or so steps before he stopped. The Lion person instantly caught up to him and ferociously pierced out like a bolt of lightning.

Facing this attack, Zhao Fu immediately released a defensive barrier.

The Lion person coldly laughed and sent massive amounts of power into his spear, causing it to give off an intense white light.

Bang!

A powerful white ray of light shot out, slamming into Zhao Fu's defensive barrier and shattering it. Zhao Fu flew backwards and crashed to the ground, a trace of blood leaking out of his lips.

This sixth-ranked Lion person was indeed quite powerful and was actually able to injure Zhao Fu right from the start. His Divine Realm Cultivation could completely suppress a Harmony Realm Cultivator.

Chapter 1680: Get Serious

The people on the viewing platforms understood that this battle would be quite difficult; it was possible that Zhao Fu's run would end here, as that Lion person was simply too powerful.

Boom!

An explosion sounded out as Zhao Fu exploded out with a powerful aura, causing a black aura flame to erupt around him as he unleashed all of his power.

Boom!

The Lion person gave a trace of a cold smile and also exploded out with a powerful aura. A white aura flame appeared around him, and a terrifying power spread out.

The two people gave off powerful auras as they rushed at each other. The Lion person quickly stabbed out with his spear, bringing with it a sharp spear light, while Zhao Fu vigorously slashed out a terrifying sword light that destroyed the incoming spear light.

Bang! Bang! Bang...

Loud sounds rang out as sword lights and spear lights continuously collided, causing shockwaves to blast out and turn into wild gales.

The Lion person looked at Zhao Fu condescendingly; he was now clear about Zhao Fu's strength. Even though Zhao Fu was quite powerful, he had a great advantage in terms of cultivation and he could still deal with Zhao Fu easily. He had overestimated Zhao Fu.

Bang! Bang! Bang...

The Lion person gave a condescending smile as he gripped his spear with both hands and stabbed out even faster, sending sharp white spear lights towards Zhao Fu.

Zhao Fu continuously slashed out blood-red sword lights, destroying the incoming spear lights. However, facing such fast and ferocious attacks, Zhao Fu was forced to continuously retreat and was completely suppressed by the Lion person.

“Arghh!” Zhao Fu looked slightly angry as he loudly roared and exploded out with all of his power, causing the black aura flame around him to become even bigger. It covered the surrounding ten meters, including the Lion person, and Zhao Fu’s power became many times greater.

Shing!

Zhao Fu vigorously slashed out and an enormous blood-red sword light containing terrifying power slashed out, destroying the countless incoming spear lights and causing them to dissipate into motes of light.

The Lion person was forced back a few steps by that sword light, and his expression became cold as he also exploded out with a terrifying aura. His white aura increased in size, becoming larger than Zhao Fu’s, and he vigorously stabbed out with his spear, causing a massive white ray of light to shoot out.

Facing this attack, Zhao Fu powerfully slashed out, sending out a terrifying sword light towards the white ray of light. A massive explosion blasted out, forcing Zhao Fu back many steps.

“Roar!” A roar suddenly sounded out as the Lion person’s aura flames formed an enormous white lion. The Lion person stabbed out with his spear, and the massive white lion gave off a ferocious aura and charged at Zhao Fu.

“Roar!!” Zhao Fu immediately sent large amounts of power into the Sadistic Killing Sword, dyeing it black. He vigorously slashed out, causing a savage black dragon giving off terrifying destructive power as it rushed towards the white lion.

Bang!

The white lion gave off brilliant white light as it clashed with the black dragon giving off intense black light. A massive explosion sounded out as a shockwave blasted out, causing the ground to collapse and dust to billow.

Both people were hit by the shockwave, and the Lion person was forced back five or six steps while Zhao Fu flew backwards ten or so meters and crashed to the ground, coughing up a large mouthful of blood.

Seeing this, everyone felt quite disappointed. The battle had only just begun but that mysterious person was being completely suppressed by the Lion person. He was unable to retaliate at all and was not a match for the Lion person.

After all, his cultivation was too lacking, and the Lion person had a great advantage. If that mysterious person had World Realm Cultivation, perhaps he would be able to put up a fight. However, he only had Harmony Realm Cultivation.

It seemed that just as everyone had expected, the mysterious person would finally fall at the sixth-ranked genius' hands. At first, they had felt a trace of hope, but now that they had seen how the battle was going, they felt quite disappointed.

Many people had been hoping to see if Zhao Fu had a chance at challenging the top three geniuses, but it seemed that this was impossible.

Back at the battlefield, the Lion person held his spear and gave off a massive aura flame as he once again rushed at Zhao Fu. He coldly laughed and said, "With your current strength, you're still too weak to challenge me. Just admit your loss so you can suffer less."

Zhao Fu got up from the ground and wiped away the blood at his lips. The Lion person was right – the difference between the Divine Realm and the Harmony Realm was too great, and it was very difficult to make up for that difference.

Facing the Lion person's words, Zhao Fu put the Sadistic Killing Sword away and said seriously, "You're qualified to make me get serious."

Hearing this, the people on the viewing platforms felt quite confused; had he not been using his full strength all along? The power he had exploded out with was already quite terrifying, so just how strong was he?

Also, he only had Harmony Realm Cultivation and did not seem to be hiding his true cultivation; what more did he have? Was he just putting on a front?

The Lion person laughed; he did not believe that Zhao Fu had any more strength. With his Divine Realm Cultivation, he could completely suppress Zhao Fu, and now it was time to teach Zhao Fu a lesson.

“Roar!” The Lion person’s white aura flame once again condensed into a massive white lion, which gave off a terrifying aura as it rushed towards Zhao Fu like a tsunami.

Zhao Fu was expressionless as he grabbed out with his hand, and a black and red sword with a plain and ancient aura appeared in his hand.

“Sword Master!” Zhao Fu lightly cried out as a massive wave of sword qi exploded out from the sword, forming a terrifying sword qi storm. The surrounding ground, trees, and rocks were cut with sword gashes, and a chill seemed to spread through the heavens and earth.

Sensing this terrifying sword qi, the Lion person looked quite startled, and Zhao Fu slashed out.

Shing!

An extremely sharp sword light flashed out through the air, and all trees and boulders in the surrounding thousands of meters were split in half with clean cuts.

Bang!

The Lion person was sent flying and only stopped after crashing into a large tree. Blood flowed out of his mouth and he looked incredibly furious.

The people on the viewing platforms felt quite shocked; that attack from Zhao Fu had been incredibly terrifying – was this his true power? It was much stronger than before.

At the same time, everyone sensed that the sword in Zhao Fu’s hand was not simple at all and that it contained an extremely terrifying power.

“Arghh!” The Lion person furiously roared and exploded out with an even greater aura. Heaven and Earth Power continuously flowed into him and the aura flame around him covered the surrounding 100 meters, bringing with it a power that could cause people to feel immense despair.
