### Chapter 631 - Celestial Art

Since Zhao Fu had the Great Qin King Art, which was an S grade Art, he did not want the Azure Stone Divine Art.

Moreover, if one cultivated two types of Arts, that could cause their power to become quite chaotic, and they could lose themselves to the chaos. Unless Zhao Fu obtained some sort of supernatural Art, he would not bother with any other Arts and would only use the Great Qin King Art.

Just as Zhao Fu was about to put the matter of the Art aside, the golden dragon suddenly said within Zhao Fu's mind, "Zhao Fu, I have a Celestial Art; do you want it?"

Hearing this, Zhao Fu felt quite surprised. With the information from the demon god, he knew about such things.

In the Heaven Awaken World's records, Celestials had the power to destroy worlds. They were not within the six paths of reincarnation or five elements, and they far surpassed godly spirits. Their power was monstrous, and they were about the nine cultivation realms in the Celestial realm.

There did not seem to be Celestials in the Heaven Awaken World; at the very least, the demon god had never seen any Celestials, and they were just a legend within the Heaven Awaken World.

Hearing the golden dragon suddenly mention a Celestial Art, Zhao Fu's heart leaped, and he asked in shock, "Are you serious? Did the Heaven Murder Empire really have a Celestial Art?"

The golden dragon laughed proudly and replied, "Of course! Celestial Arts are incredibly precious, and even ordinary Holy Empires would not have such things. Back then, our most talented Emperor, which was Emperor Wushi, entered the Six Desires Celestial Palace and obtained a legacy, which was how he obtained that Celestial Art!"

After hearing the golden dragon's words, Zhao Fu felt incredibly shocked. He had never expected it to really have a Celestial Art. As for Emperor Wushi and the Six Desires Celestial Palace, Zhao Fu did not know much about them. However, he could easily guess that they were incredibly powerful existences.

Hearing that the golden dragon really did have a Celestial Art, Zhao Fu felt an itch within his heart; he could imagine just how powerful it was, so he immediately said, “I want to cultivate it!”

The golden dragon explained, “The Art is called the Six Desires Celestial Manual, and it is extremely powerful. It leans slightly towards the demonic path, and it requires at least Heaven Grade to cultivate. It is split into two main cultivation methods:

“The first is Suppressing Desires, which means that you will not be able to touch a single woman. Only after completely mastering the Art will you have a sliver of a chance, but even then it will still be quite dangerous.

“The second is Indulging Desires, and you can think of it as a dual cultivation method. You can cultivate together with countless women, and those with Phoenix Qi are the most suitable and beneficial to you. Your Cultivation will rise exponentially, and those women will receive benefits as well.

Both methods had their own advantages: the power one gained from the first method was purer, while the second one gave the fastest Cultivation speed. Which one should he pick?

Zhao Fu felt a bit at a loss. If he chose the first method, Suppressing Desires, he would have to wait until he completely mastered the Art to have a chance at being with a woman. With how difficult this Celestial Art was, perhaps he would never be able to touch a woman for his entire life.

This made Zhao Fu feel quite uncomfortable. After all, Zhao Fu still had some interest in those things.

However, if he chose the second method, that sounded too licentious. He would dual cultivate with countless women, which he felt quite repulsed by.

Currently, Zhao Fu’s feelings were still closed off. Even though he had been somewhat intimate with some women, he knew clearly that he had never loved a woman.

Of course, Zhao Fu was not interested in men; he was sure that he was attracted to women.

The two options given by the golden dragon were both quite extreme, and after thinking about it, Zhao Fu felt as if his head was going to explode.

However, the Celestial Art's might was simply too alluring, and no one would be able to resist it. However, facing these two extreme choices, Zhao Fu did not know what to do. He decided to put this matter aside for now and spend some time thinking about it.

Zhao Fu looked at the next Region Treasure Box and opened it up. Countless traces of light shot out as a City Creation Stone appeared before him. This City Creation Stone looked quite special, and it gave off a powerful aura.

[Unnamed City Creation Stone]: A City-level City Creation Stone that has never been used. It needs to be named and for a City Lord Seal to be condensed.

“Hahaha...” Zhao Fu couldn't help but laugh out loud; he had unexpectedly received a City for free. Back then, it had taken a great deal of time and effort for Great Qin to take down the Orc City, which had been their first City.

Who would have thought that they would obtain another City just like that? Zhao Fu felt as if he had won the lottery.

This City would be perfect to give to Tuoba Qing, as it had never been used before. After Tuoba Qing used it, it would be connected to her bloodline and spawn people with her bloodline. Afterwards, he would give her people some Villages, and it would not take long to spawn 100,000 people.

With a City's Fate to use as the foundation of the Desolate Blood Fate, there would be an even greater chance of restoring the Desolate Blood Mask. When that happened, Great Qin would have another Nation Armament.

Zhao Fu quickly called Tuoba Qing to the Meeting Hall.

Tuoba Qing had a faint blush on her face as she gently asked, “What is it, Your Majesty?”

Seeing how shy she looked, Zhao Fu smiled. After making her a concubine, Tuoba Qing had not seen Zhao Fu, and her blushing look seemed quite cute.

“This is for you. Go and condense a City Lord Seal!” Zhao Fu said as he handed over the City Creation Stone.

Tuoba Qing felt quite shocked; she had never thought that Zhao Fu would give her a City. However, when she thought about it, she realized that there was most likely some reason for this.

However, this was still a City, and giving it to her meant that she held some position within his heart.

Tuoba Qing went forwards with a red face and received the City Creation Stone before respectfully bowing to Zhao Fu and saying, “Thank you, Your Majesty!”

“Mm!” Zhao Fu nodded before saying, “Now that you’re a concubine, you don’t have to be so overly courteous!”

Tuoba Qing happily nodded before leaving to condense the City Lord Seal.

Zhao Fu looked at the remaining two Region Treasure Boxes and wondered what they contained.

He opened another Region Treasure Box, and a wave of heat rolled out. A flaming stone appeared before Zhao Fu.

[Flame Spirit Stone]: An Epic grade material that can be used to forge Epic grade weapons. It has an extremely powerful power that is of the Fire attribute.

After looking at the stone’s description, Zhao Fu found that it was an Epic grade material, making him feel quite disappointed.

Boom!!

Just as Zhao Fu was about to open the final Region Treasure Box, an explosion sounded out from outside, and Zhao Fu felt quite startled as he immediately went outside.

A blood-red pillar of light shot into the sky, dying the sky incredibly red, and it was as if the sky was about to start dripping blood.

A mighty, bloody, ancient aura covered the entire land, causing everything to fall silent. That boundless might caused countless people to feel their bodies sinking downwards, and Zhao Fu's expression fell as he felt just how terrifying this might was. He could not even use his own might to defend against it.

Countless traces of Heaven and Earth Qi gathered, and a berserk wind blew everywhere. Blood-colored clouds roiled about, gathering towards the blood-red pillar of light.

As the qi and blood-red aura gathered, the ancient might in the sky became more and more powerful. It seemed to become corporeal, and it weighed down on everyone below.

“What’s going on?”

It was not just the residents of Great Qin but even Zhao Fu who did not know what was happening. However, seeing that the blood-red pillar of light was quite close to Great Qin, Zhao Fu suddenly remembered telling Tuoba Qing to condense a City Lord Seal – could it have to do with that?

Zhao Fu felt quite curious and quickly went over to that place. Some other people from Great Qin had also gone over to see what was going on.

After Zhao Fu arrived, he saw Tuoba Qing within the blood-red pillar of light and Wu Qing, who had collapsed to the ground in terror.

The ground around Tuoba Qing had cracked, and this place was the center of the massive storm. Massive gusts of wind blew outwards, destroying countless trees and sweeping large rocks into the air.

This matter seemed to be linked to Tuoba Qing, but those shockwaves were simply too powerful!

Following this, Zhao Fu went up and took Wu Qing out of the storm before asking, “What happened?”

Wu Qing calmed herself down before saying fearfully, “I don’t know; big sis was just condensing the City Lord Seal when her body suddenly exploded out with blood-red light, and then this happened. Your Majesty, will big sis be alright?”

Zhao Fu could feel her body lightly trembling, and he said in a comforting tone, “She’ll be fine! Don’t worry. I’m here!”

Wu Qing looked at Zhao Fu with her teary eyes and nodded. Feeling Zhao Fu’s body heat, a faint blush appeared on her face.

“Your Majesty, what’s going on?” The Generals had all arrived, and they asked in shock as they looked at the scene before them.

Zhao Fu looked at the blood-red layer of clouds and the Heaven and Earth Qi being gathered, and his expression became serious as he said, “It’s most likely something caused by Tuoba Qing’s bloodline!”

The only thing that Zhao Fu knew about Tuoba Qing right now was that she was part of a Royal Clan and had a Royal Bloodline. However, he was not sure as to what bloodline it was.

Whoosh! Whoosh! Whoosh!

Three rays of blood-red light flew over from the side, and Zhao Fu’s pupils contracted. He saw that those were the three Desolate Blood Mask Shards, and they flew towards Tuoba Qing and entered the blood-red pillar of light before covering Tuoba Qing’s pretty face.

The three shards formed an incomplete mask, and there was a gap on the left side of Tuoba Qing’s face. However, it gave off a mysterious, ancient, terrifying aura. The mask caused Tuoba Qing’s aura to become incredibly terrifying, making those around her shiver.

“Zhao Fu! I know what her bloodline is now – She’s a Creation Human!” the golden dragon said in a serious tone.

“Creation Human?” Hearing this, Zhao Fu felt quite confused as he did not know what that was.

Hearing this, the golden dragon explained, “They were the earliest Human Clan at the beginning of the world.”

Zhao Fu looked quite shocked as he asked, “Humans who existed at the beginning of the world? Wouldn’t they be even more ancient than the Heaven Murder Empire?”

The golden dragon replied seriously, “Her identity might be quite extraordinary, and there may have been some divine meddling in this world of yours. Many people like to use this sort of method to pass their legacy and power into newer worlds and use the advantage of worlds on the edges to escape some enemies and troubles!”

Zhao Fu could hear the golden dragon’s wariness towards Tuoba Qing’s identity. With how powerful the Heaven Murder Empire had been and how solid its foundation had been, it was the first time that the golden dragon had acted like this.

“Is her identity that terrifying for even you to fear it?” Zhao Fu asked uncertainly.

The golden dragon said in a certain tone, “That’s right. Even in the ancient times that the Heaven Murder Empire existed in, the Creation Race was already quite rare. They innately possess the Origin Bloodline, which is more powerful than you can imagine. Even the Heaven Murder Empire at its peak would not want to be enemies with the Creation Race.

“You can easily imagine just how powerful they were; they have existed from the beginning of the world, and it is said that they know the secret behind the birth of the Heaven Awaken World.

“The lower civilizations and your humanoid shapes are all counted as Human, while the Creation Race was the foundation of all of this. Even the Heaven Murder Empire did not have complete information on this.

“Apart from the Creation Humans, there are also Creation Gods, Creation Devils, and Creation Undead, but it is unlikely to see them, and even I haven’t seen them many times.”

Waves of shock crashed within Zhao Fu’s heart; he had never thought that Tuoba Qing, who he had neglected all of this time, would have such a terrifying background. Zhao Fu gulped before asking, “What’s going on right now?”

The golden dragon looked at Tuoba Qing and said, “Her bloodline was stimulated by the condensing of the City Lord Seal, and with the Desolate Blood Mask’s support, her bloodline is going to go through a slight awakening!”

“Blood!” Just as Zhao Fu wanted to say something, a clear voice sounded out. Zhao Fu immediately felt his soul tremble, and all of his hairs stood on end as a wave of fear assaulted his heart.

Boom!!

The heavens and the earth seemed to split apart as a massive shockwave rippled outwards, bringing with it an incredibly destructive power. As it blasted outwards, the blood-colored clouds and wild wind dissipated.

Everything on the ground was obliterated by the shockwave, including trees and rocks. The City Lords were all given a big fright, and they quickly released their City Lord Seals, but they were still blasted backward.

Zhao Fu’s pupils contracted as he hugged Wu Qing with one hand and unleashed his King’s Domain with his other hand, causing a black dragon barrier to cover them.

Bang!

As the shockwave hit Zhao Fu’s King’s Domain, Zhao Fu felt a massive impact, and his body flew hundreds of meters, crashing into the face of a mountain and forming a crater.

After the shockwave rippled out, the ground continuously shook, and birds and beasts escaped in terror from the white light behind them that had destroyed everything in its path.

After a while, that terrifying shockwave finally stopped, and a 10,000 meter wide, 1,000-meter deep crater remained. The figure at the center seemed to have woken up from a dream, and she looked at her surroundings hazily.

Chapter 633: First

Tuoba Qing's appearance had gone through some changes – her black hair had become blood-red colored, and its length reached her waist. Her eyes also became a pure blood-red color, and her pretty face became incomparably beautiful.

Her aura also changed – she not only gave off the airs of a next-door big sister but also a trace of devilishness and heroism, making her seem quite attractive.

“Skreeee!!”

An immense wave of Phoenix Qi rushed out of Tuoba Qing's body and entered the Emperor Phoenix Statue. The Emperor Phoenix spread its wings, causing countless rays of golden light to shoot out. The Emperor Phoenix seemed to have become a golden sun, shining light in all directions.

The Emperor Phoenix's wingspan of 40 meters grew to 120 meters, and the aura that it gave off became even more powerful and shocking.

Tuoba Qing looked at the destruction that she had caused. It was not just Great Qin that had been affected; the surrounding villages had also been heavily damaged as well. She saw Zhao Fu some distance away and hurriedly ran over and knelt on the ground as she said apologetically, “Please punish me, Your Majesty!”

Zhao Fu climbed up from the heap of rocks, a trace of blood leaking out of his lips. He looked at Tuoba Qing kneeling on the ground and looked around at the devastating scene as he bitterly laughed and said, “You may rise. This wasn't your fault.”

Tuoba Qing hesitated before getting up. Wu Qing went to Tuoba Qing's side and asked caringly, “Big sis, are you alright?”

Hearing her words of concern, Tuoba Qing lightly smiled and nodded.

The other Generals came to Zhao Fu's side with some light injuries. Seeing that everyone was fine, they let out sighs of relief.

Tuoba Qing's expression became quite worried, as she had caused not only Great Qin's Generals to be injured but even His Majesty himself.

Zhao Fu looked at Tuoba Qing, and thinking about her terrifying identity, his expression became serious as he said, “Tuoba Qing, come with me.”

Tuoba Qing nodded and lowered her head, feeling quite depressed. She wondered how Zhao Fu was going to punish her, and no matter how it was, she decided to prepare herself for it. After all, this had been caused by her, so she should be punished.

She followed behind Zhao Fu, and they soon arrived at Zhao Fu’s room.

Zhao Fu thought for a moment before telling Tuoba Qing about her identity. Without Zhao Fu telling her, she would find out sooner or later. This was an important matter, and Tuoba Qing had the right to know about her identity so that she could make preparations for the future if anything happened.

After hearing what Zhao Fu had to say, a look of shock appeared on Tuoba Qing’s face. After hearing that she had a Royal Bloodline, she had already been quite surprised, and she had never expected to be part of the Creation Race.

“Your Majesty, will I bring trouble to you? You won’t chase me away, will you?” Tuoba Qing asked anxiously as she nervously looked at Zhao Fu. Tuoba Qing felt that her identity could be dangerous.

Seeing this, Zhao Fu lightly laughed, “How could I? You’re my concubine now, and I’ll take responsibility for you!”

Tuoba Qing felt her heart stir, and she leaped into Zhao Fu’s embrace and tightly hugged him. Her face became incredibly red as she leaned against Zhao Fu’s chest and said, “Your Majesty, you’re the best!”

Zhao Fu laughed as he also hugged her.

“Husband!” Tuoba Qing said. Her heart beat rapidly as she made a decision and lifted her head as she blushed. She then stood on her toes as she lightly kissed Zhao Fu, her tongue clumsily entering Zhao Fu’s mouth.

Immediately, Zhao Fu felt as if his head had exploded, and he felt his mind being inundated by Phoenix Qi, making Zhao Fu seem to lose his rationality.

Zhao Fu instinctively reacted and passionately kissed Tuoba Qing back. Tuoba Qing shyly responded, and Zhao Fu started to take off her clothes.

For the next four hours, immense thumping and moaning sounds sounded out within the room. Because of Zhao Fu's Sovereign Bloodline, he received great bonuses and had immense stamina.

Back when he had received a Royal Bloodline, Zhao Fu had felt that something had changed within him, and he had never dared to allow himself to indulge himself in pleasures as he knew that he might not be able to control himself. After rising to a Sovereign Bloodline, he became dozens of times more powerful in that area.

If it wasn't for Tuoba Qing's special bloodline and the Phoenix Qi from the Emperor Phoenix Statue, it would have been very difficult for Tuoba Qing to endure this.

Tuoba Qing was currently powerlessly lying on Zhao Fu's body as she raggedly breathed. Only after a while did she regain some of her strength, and she lightly hit Zhao Fu with her small fist as she said, "You baddie! It was my first time, but you didn't hold back at all!"

Zhao Fu apologetically smiled as he said, "Sorry, I really couldn't control myself."

Tuoba Qing lightly harrumphed, but she did not feel angry at all. Instead, she simply sweetly laid on Zhao Fu's chest.

Zhao Fu stroked Tuoba Qing's smooth back and said in a promising tone, "Lil Qing, you're my first woman, and I'll definitely take care of you in the future!"

Tuoba Qing felt quite touched, and she looked at Zhao Fu with eyes full of love, saying, "Husband, I'll be yours forever!"

Zhao Fu smiled and held her in his arms. Soon, it was night time, and now, within Zhao Fu's dantian, there were seven black auras – he had already started cultivating the Six Desires Celestial Art.

Back when Zhao Fu had lost control, countless black runes had entered his head. Perhaps it was because of his Heaven Grade, but Zhao Fu learned the Art instantly.

The central tenet of the Six Desires Celestial Art was ‘desire.’ After fully cultivating the Art, one could even create an illusory world. Right after cultivating the Art, Zhao Fu could feel how powerful this Art was, and his Cultivation power had become many times purer.

Zhao Fu had wanted to call some people to bring some food, as Tuoba Qing was unable to get off the bed. However, at that moment, someone knocked on the door, and Nü Lü walked in with some food.

Seeing Nü Lü walk in, Tuoba Qing’s face became incredibly red, and she dove under the blankets, feeling quite embarrassed.

Nü Lü glared at Zhao Fu before saying, “Lord husband, how could you ravage little sister Qing for such a long time? You didn’t treat her tenderly at all.”

Zhao Fu felt quite awkward because he and Tuoba Qing were both naked on the bed. Even though there was a blanket partially covering them, Nü Lü had suddenly walked in on them.

However, Zhao Fu could tell that Nü Lü did not feel displeased, and there was instead a faint blush on her face.

Following this, Zhao Fu got up and put on his clothes.

“Little sister Qing, I made some chicken soup for you so that you can recover quickly!” Nü Lü ignored Zhao Fu, brought a bowl of chicken soup over, and sat down next to Tuoba Qing.

Tuoba Qing quickly got up, put on some clothes, and said embarrassedly, “Thank you big sister Lü. I’ll eat it myself!”

Seeing that Tuoba Qing had recovered so quickly, Nü Lü felt quite surprised and smiled as she handed the bowl over.

Zhao Fu sat at the table and ate as the two women chatted. Tuoba Qing seemed like a shy and innocent little sister while Nü Lü was like a gentle big sister who seemed to know everything.

After a while, Zhao Fu finished eating, and seeing the two women talking happily, he did not bother them and instead took out the final Region Treasure Box. Because of the abnormal signs from Tuoba Qing earlier, he had not opened it yet.

## Chapter 634: Unfettered Star

After the light receded, a medicinal pill appeared before Zhao Fu.

The medicinal pill was as big as a longan fruit and was pink-colored. It gave off a very enchanting fragrance, and after smelling it, Zhao Fu felt that something was suspicious about this medicinal pill, and he looked at its description.

After reading it, Zhao Fu almost choked – why had he receive a medicinal pill like this? Zhao Fu had never expected it to be the tenth-ranked medicinal pill from the Disaster Festival.

[Hundred Dragon Sun Pill]: A special Enhancement-type medicinal pill that countless men would dream of having. It was refined using all sorts of Yang-type spirit grasses, and after consuming it, one's body will be greatly enhanced in a special way. The enhancement is permanent, and legends say that one will be able to conquer hundreds of women with it.

Looking at the medicinal pill in his hand, Zhao Fu felt quite curious; were its effects really that great? After looking at that description, with the Sovereign Bloodline's bonuses, Zhao Fu felt a bit of disbelief.

However, since he had obtained this pill, Zhao Fu decided that he might as well eat it. He swallowed it and felt as if a ball of fire had spread throughout his body, making his body incredibly hot. However, under Zhao Fu's control, that feeling of heat quickly disappeared.

Zhao Fu could feel that the effects were about half as potent as the Sovereign Bloodline. Even though it did not feel very powerful to him, to other people, it would be incredibly powerful. After all, a Sovereign Bloodline was a bloodline that could only be birthed after creating a true empire.

After consuming the medicinal pill, Zhao Fu's body reacted to it, and looking at Nü Lü's tender figure and her enormous breasts, Zhao Fu couldn't help but walk over.

Nü Lü felt Zhao Fu's burning gaze, and her face became red. She shyly got up and gently hugged Zhao Fu.

Zhao Fu showed no hesitation and lowered his head to kiss her before taking off her clothes.

The sound of thumping and moaning continued until dawn, and as the sun rose to the center of the sky, causing bright sunlight to pour into the room, Zhao Fu slowly opened his eyes. He looked at the sleeping beauties beside him and did not bother them, and he instead got up as quietly as he could. After all, he had exhausted them the previous night.

After washing up, Zhao Fu found that everyone he passed looked at him with a knowing smile. Those smiles seemed to have some hidden intentions, and he realized what it was about, but he did not pay them much mind.

Zhao Fu called over his Generals and started to discuss with them Great Qin's next steps.

Now that they had conquered the eastern side, all that remained was to devour all of them completely. Clearing out the six regions would take much of Great Qin's time, as just clearing out four regions had taken a few months.

Great Qin's population was now at 26 million, and Zhao Fu expanded the army to 4.5 million soldiers. The army previously had 3.8 million soldiers, so they had increased it by 700,000 soldiers.

Now, their job was to continue clearing out those six regions; after completely unifying those six regions, Great Qin's strength would once again greatly grow and would help them in their future plans.

Now that Great Qin's focus had turned to clearing out those six regions, Zhao Fu had a lot of free time on his hands.

Around that time, Li Wen came to find Zhao Fu, and seeing him, Zhao Fu grinned. Li Wen had always been in charge of the exploration of the underground region, so he would not come and find Zhao Fu if there was not something important.

The only times he had appeared was when they had enough Soldier Souls or when they had discovered something of significance.

Seeing the smile on Li Wen's face, Zhao Fu guessed that they had collected another 100 Soldier Souls, meaning that Great Qin would have another General Armament.

This General Armament should have belonged to Zhang Han, but he did not have one of the 13 General stars, as they still lacked a few historical Generals' corpses, so he could only give this General Armament to someone else.

During the New Years Festival, Zhao Fu had taken in five Great Generals, and all of them had General Stars and an immense amount of General Fate, and they did not require Zhao Fu to fuse anything.

Zhao Fu thought about it and decided to give this General Armament to Li Mu, as he had pledged his loyalty to Great Qin earlier than the others and had more achievements. He had also integrated with Great Qin more, so he deserved this General Armament.

"These orbs of light are filled with my Heaven Murder Empire's aura!" the golden dragon said within Zhao Fu's mind.

Zhao Fu felt quite startled; these Soldier Souls were obtained by killing the Skeletons in the passageways. Now that he heard this, he understood why they were so powerful – they were soldiers of the Heaven Murder Empire.

Zhao Fu did not want to and could not hide this information from the golden dragon, so he told it about this.

"Mm, looks like they did not die in vain!" the golden dragon replied before not speaking anymore.

Zhao Fu felt quite surprised – he had thought that the golden dragon would try to stop him, as they were technically killing the Heaven Murder Empire's people, or rather, their Skeletons. However, the golden dragon had accepted this quite easily.

Since the golden dragon did not mind, there was no need for Zhao Fu to say anything.

Zhao Fu went to a remote area, fused the 100 Soldier Souls into ten Divine Soldier Souls, and gave them to Li Mu.

Li Mu respectfully received the Divine Soldier Souls. He had never thought that Zhao Fu would give such an important thing to him – this showed Zhao Fu's trust in him, and Li Mu became even more loyal to Zhao Fu. He received the Divine Soldier Souls and went to the center of this open area.

The ten Divine Soldier Souls gave off a faint white light and automatically flew into the sky, forming a circle. The soldiers within the orbs of light also turned into traces of violet aura, giving off a corporeal might.

Boom!!

Suddenly, an explosion sounded out, causing the sky to shake. The ten massive orbs of light seemed to be drawn to each other, and the violet auras continuously flickered as a terrifying power exploded outwards.

Immediately, the heavens and earth seemed to dim as dark clouds rolled about and gathered. A massive wind blew, causing trees to sway and rocks to be lifted into the air as if a disaster was about to descend.

Boom!!

In the sky, a massive explosion sounded out as a violet star giving off resplendent starlight gradually descended.

Seeing this, not many people were very shocked, as this had happened many times before. However, everyone was quite interested as to what sort of General Star would be awakened this time.

After the massive violet star, which gave off a powerful aura of suppression, descended, Li Mu drew his Legendary grade sword and raised it to the sky. He gave a loud shout, and countless traces of violet and blood-red aura rushed out of his body.

Bopm!!

A violet and blood-red pillar of light shot into the sky, straight into the violet star, causing it to shake, and it turned from violet to a blood-red color. It then gave off a large amount of violet and blood-red light, and its powerful aura also had a trace of evilness to it.

That evil aura made countless people feel quite afraid – this was not the type of fear when facing death but the hair-raising fear when facing ghosts and monsters.

Everyone looked at that violet and blood-red star in shock – this was the Unfettered Star!

## Chapter 635 - Glass Peacock

In ancient texts, the Unfettered Star was described to be a ‘killing star’ and ‘imprisoning star’ – it had a trace of the murderous aura of the Seven Murders Star and a trace of the baleful aura of the Imprisoning Star.

The Imprisoning Star represented imprisoning and disciplining, and it was a malicious star.

The Unfettered Star had both the killing and imprisoning attributes, so it had a trace of an evil aura. That evil aura was manifested in its unfettered and unbounded nature, doing whatever it wanted and disregarding what other people thought. It was somewhat different from most evil auras.

After the Unfettered Star appeared, it shot down a violet and blood-red pillar of starlight onto Li Mu’s body, causing his aura to go through changes. The power emanating out from his body became more and more powerful.

Following this, the pillar of starlight shrank until it only touched the sword that Li Mu was raising, engraving onto it the word ‘Unfettered,’ after which the starlight disappeared.

After the General Armament formed, the Unfettered Star in the sky, which gave off an immense aura of suppression, gradually rose and was hidden in the sky.

Zhao Fu took a look at the Unfettered Star and found that it had become violet and blood-red, and it gave off a malicious aura that struck fear into people. Zhao Fu looked at its description curiously.

[Unfettered Sword]: Grade: Epic, Stats: Strength +26, Intelligence +25, Constitution +20, Agility +20, Description: A Legendary grade sword that fused with the Unfettered Star's power and formed the General Armament, Unfettered Sword.

The stats were quite good, and the Unfettered Sword also had six Special Effects. The first five were the same as the others, so Zhao Fu just looked at the sixth one.

[Killing and Imprisoning Soldiers]: A type of soldier who has extremely powerful attacks and is also proficient at capturing. They are suited at capturing missions and are extremely powerful. They are able to suppress all sorts of military types to a certain degree and can use the Unfettered Star's power.

Each General Armament's sixth Special Effect was quite good, and this was especially so for the Killing and Imprisoning Soldiers. They would be quite useful on some battlefields.

After looking at the Unfettered Sword's description, Zhao Fu gave a satisfied smile and returned the sword to Li Mu.

Afterward, Zhao Fu heard that Great Qin's Assassins, who had sneaked into India's territory, had caught a few Indian women who ranked highly on their beauty rankings. Currently, the Maurya Dynasty's Nation Armament had already been refined by Great Qin and had become Great Qin's Nation-Suppressing Pillar. As one of the human world's four Clan Armaments, the Glass Peacock was immensely powerful, and Zhao Fu had witnessed its power for himself. He could not let this opportunity go, and after refining it, Great Qin would once again become much more powerful.

Right now, they lacked Indian women, and Zhao Fu had set his sights on the women on India's beauty rankings. All of them had a decent amount of Phoenix Qi, and capturing them would most likely be able to satisfy the amount of Phoenix Qi required to refine the Glass Peacock.

Zhao Fu did not pay too much attention to this, as Great Qin's Assassins had not captured many women yet.

The disappearance of the women from India's beauty rankings aroused great attention. After all, in this world, even if one was completely useless, as long as they had great looks, they would attract other people's attention.

As women on the beauty rankings, there was a lot of attention placed on them, so their disappearances caused a great uproar.

“How did those people disappear?”

Countless Indian people tried to guess what had happened. Some said that they had married into rich and influential families, making it so that they would no longer appear in public. Other people guessed that they had been kidnapped. Others said that they no longer entered the Heaven Awaken World, which was why no one saw them anymore.

Some people blamed their fans for giving them too much pressure, forcing them to go into hiding or even committing suicide.

Not many people had disappeared yet, so the Indian people could only make wild guesses. However, after a while, they would most likely be able to guess who was behind this.

They would most likely explode with anger – putting aside killing their people and conquering their territory, they were now daringly stealing their women. That was simply too outrageous.

However, even if they knew that this was done by Great Qin, Zhao Fu would still continue to capture women. After all, this was necessary to refine their Clan Armament. Before, they had invaded China, so this was Great Qin’s revenge. As such, Zhao Fu did not hesitate at all to do this.

As for capturing Chinese women so daringly, Zhao Fu had not considered such a thing before. He did not want to stir up any trouble, and because they were from the same country, he did not want to harm them for no reason unless they offended Great Qin or forced Great Qin.

Zhao Fu left the matter of the Indian women here, as it would take some more time until they had enough women.

Zhao Fu went around Great Qin and looked at the construction. Afterwards, he felt that he did not have much to do, so he returned to the real world.

Zhao Fu felt that he had not gone on his computer in a long time. Ever since he had become the Ying family’s proxy leader, he had not had the need to go on the Heaven Awaken World forum to look for information, so he had not used his computer.

Zhao Fu decided to have a look to see if there was anything that had escaped his attention. Perhaps he would be able to find something or obtain some inspiration.

After Great Qin was reconciled with the other Dynasties, China had settled into a time of peace, and all of the various factions did their best to develop.

Great Xia, Great Shang, Great Zhou, and Great Han had all unified a region now. Their speed was not slow, and they chased after Great Qin. Seeing the various Dynasties working so hard, no one else wanted to fall behind, and they also desperately developed.

The boundary regions were still just as chaotic before, but no one gathered a large amount of their forces to fight, and they resisted the temptations of the rewards. The rewards right now were not much, and the aftermath of the previous invasion gradually settled down.

China was now relatively peaceful, but the Legacy Land was still in chaos. This was because people of various countries still fought, and this was not just in the Midland Continent but in the other four continents as well.

Zhao Fu was quite concerned about the outside world, because if Great Qin could not defend against them, they would need the help of others.

This was quite frustrating; if Great Qin could not stop them, they would have to work with others, or they would be destroyed. Now that Zhao Fu had some information about the world outside the Legacy Land, he felt quite worried.

He did not know when the next stage of the Chaotic World would be unlocked, and when that happened, it would not be long until the Heaven Awaken World devoured the real world. When that time came, they would be connected to the rest of the Heaven Awaken World, and people would be able to freely move around and kill.

Zhao Fu then looked at some other interesting threads and gained some insights.

A while later, Zhao Fu closed the Heaven Awaken World forum and looked at the penguin icon on his desktop as he hesitated. Ever since he had obtained Great Qin's Legacy, he had cut off all of his relationships, whether they were friends, classmates, or other acquaintances. He had not had much time and had been focusing everything into developing Great Qin.

Now, there was some change within Zhao Fu's heart, and after thinking about it, he signed into QQ. After such a long time, he wondered how the people he knew were, and he inwardly felt quite complicated.

## Chapter 636: Things of the Past

After opening QQ, Zhao Fu found that there were quite a few messages waiting for him.

Niu Gu: Bro, where'd you go?

Lin Qingyu: Bastard, are you going to return that \$5 I lent you? I trusted your character and lent you that money!

Boss Dong: Ai, I closed the shop. Now that there's the Heaven Awaken World, business has gone down.

The first message was from Niu Gu. He was Zhao Fu's former co-worker, and he had already met him in the Heaven Awaken World. Zhao Fu had brought him into Heaven's Choice, and he was currently being protected in the Ying family's residence. After Heaven's Choice had been destroyed, he had been sent to another region to develop there.

Zhao Fu had never thought that the first message would be from him. It seemed that he really saw Zhao Fu as a friend, and Zhao Fu's treatment had not been in vain.

The second message was from Lin Qingyu, who was a shop assistant Zhao Fu had worked with. Her looks were delicate and pretty, but she was quite stingy. Zhao Fu had forgotten his money once and borrowed \$5, and even then she had hesitated for a long time.

The third was from the owner of the convenience store that he had worked at, and she was called Dong Meimei. Her personality was quite bright and cheerful, and she was a young wife. She had a 1-year-old child and a good character, and she treated her workers well.

Zhao Fu had foreseen her shop closing, as most people spent the majority of their time within the Heaven Awaken World. There was barely anyone to maintain production and transportation in the real world, and the world's economy was facing collapse.

Moreover, the world economy was only hanging in there because of the combined efforts of the governments and large families. Without their support, the real world would have collapsed long ago. Without any production, there would not be any spending, and this would become a vicious cycle. Before the Heaven Awaken World devoured the real world, the real world would have already fallen into chaos.

Of these three people, there was no need to worry about Niu Gu, and Lin Qingyu just so happened to be online, so Zhao Fu sent over a message for her to send him her bank account details.

Lin Qingyu quickly replied: Have you come back to life, you bastard? Give me back my money, or you're dead!

Zhao Fu couldn't help but smile. Even though Lin Qingyu was quite stingy, their relationship was quite good. As such, he had asked for her bank account details.

Lin Qingyu asked curiously: Why do you want my bank account details? I'll just take that \$5 loss and pretend that I threw it away; there's no need for you to return it. What have you been doing all this time?

Lin Qingyu's words were quite sharp, but Zhao Fu was not angry. He smiled as he replied, "I've been quite busy, but hurry up and give me your bank account details!"

"Ah, alright, my bank account details are..." Seeing that Zhao Fu was not giving up, Lin Qingyu felt quite strange and sent over her bank account details.

Soon, Lin Qingyu received a message that she had received \$500,000. Lin Qingyu was given a big fright – this was the first time that she had seen so much money before.

Thinking about the fact that she had just given Zhao Fu her bank account details, she quickly sent a message, "Why do you have so much money? Did you sell yourself? Are you trying to buy me with this money?"

Zhao Fu lightly laughed as he replied, "I have plenty of money; that money is for you. Also, I have no intentions towards you at all!"

Seeing this, Lin Qingyu coldly harrumphed and replied unhappily, "I wouldn't consider you either. I'll save your money for you, but if you want interest, it'll be \$1 per day. I'm going into the Heaven Awaken World now."

Seeing this, Zhao Fu replied that the money was for her and that there was no need to save it for him. With his identity, let alone \$500,000, even \$5 billion was not much. However, by then, she had already logged off.

Zhao Fu then looked at the third message. Dong Meimei had helped him in the past and treated him quite well. She was not online right now, so Zhao Fu thought about it and decided to repay her. He sent a message saying, "If you need anything, let me know. If the place you're staying at is not safe, I can protect you!"

After going through these three messages, Zhao Fu went through the other messages.

Zheng Dong: What happened? Why did you quit uni? What a pity!

Dong Suzhen: Lil Fu, why did you drop out of uni?

Zhang Yue: Hahaha, Lil Zhao, come follow your big brother. Your big brother has made it big!

Zheng Yuqin: Fufu, I miss you. Why didn't you tell me you were dropping out? I can't even contact your phone!

The first message was from Zheng Dong, who was the class president at Zhao Fu's university. He had a warm and passionate heart and liked to help others. Zhao Fu's impression of him was quite good, and they had a decent relationship. He had been helped by him many times.

Zhao Fu replied, "It isn't that much of a pity. Thanks for your concern, but I'm doing quite well."

The second was from Dong Suzhen, who was the teacher in charge of Zhao Fu's class. Her looks were very dignified and composed, and she was one of the female beauties of the university. Zhao Fu had helped her with some things before, and their relationship was quite good.

Zhao Fu replied, "I had some things that I needed to do, so I decided to drop out. Don't worry. I'm doing quite well!"

The third message was from Zhang Yue, who had been Zhao Fu's roommate at university for a while. They had been friends during the first year of university. He was a decent person but was sometimes pompous and liked to show off.

There had been four of them in a room, and Zhao Fu's relationships with the two other people were quite ordinary. They had not bothered to ask each other for their QQs, so they were no longer in contact.

Zhao Fu wondered what sort of opportunity Zhang Yue had made for himself, but from his words, it seemed that he had become the leader of a small faction or had established his own Village.

In response, Zhao Fu sent back an emoji of a person rolling their eyes.

The fourth person was Zheng Yuqin. Thinking about her, Zhao Fu felt quite complicated. Whenever she spoke, she would say things that could be easily misunderstood, but she did not have any romantic feelings towards Zhao Fu.

She was 35 years old and looked quite gentle. Her figure was quite voluptuous, and she had snow-white skin, making her look quite alluring. She was the owner of the snack counter at the university, and she had divorced a long time ago. Because she could not give birth, she did not have any children.

Back then, she had been moving things about, and seeing that she had been struggling, Zhao Fu had decided to help her. That was how they had gotten to know each other, and Zhao Fu had always treated her like an older friend.

However, she had started to develop feelings towards Zhao Fu. She would look at Zhao Fu with eyes filled with love, treating him as her own son.

Zhao Fu did not like this, as his mother had died while he had still been young. He was already 21 years old, and because his personality had already formed, he felt quite cold towards this and felt that it was unnecessary.

After knowing how she felt towards him, Zhao Fu did not contact her as much, but she would still go to find Zhao Fu and try to care for him. Zhao Fu could not bear to allow this to continue.

As such, after Zhao Fu dropped out of university, he did not contact her anymore.

Zhao Fu currently felt quite complicated. He thought for a moment before replying, “I had some urgent matters, so I had to leave. However, I have some time now. This is my new number. You can find me if you need anything. I’m currently at the Ying family’s residence; if it’s dangerous outside, you can move in, and I’ll take care of you!”

## Chapter 637 - Before

Those six messages were all the personal message that Zhao Fu had received. He was not particularly close with anyone, so apart from those messages, he only had messages from two groups that he was in.

One was from when he was in high school. After being classmates with them for three years, he had some feelings towards those people. They had all split up and pursued their own goals, and because they might not ever see each other again, Zhao Fu decided to join the group to at least keep in contact.

The other group was his university group, which was created by Zheng Dong, and he had added everyone from their class.

Both of these groups had people speaking, and Zhao Fu opened the first group, which was his high school group.

Hao Qun: “Big brother Gao, you’ve struck it rich! When are you going to treat your old classmates?”

Zhan Lirong: “Big brother Gao was already quite exceptional in high school, and now, he’s doing even better. He’s managing a few hundred people and earning \$300,000 or so every month. I admire you so much!”

Li Shan: “Big brother Gao, when are you going to treat your brothers to a drink?”

Gao Changfeng: “Haha! I only just created a small faction in the Heaven Awaken World; it’s not much. Don’t worry! I’ll treat you all to a big meal sometime.”

Following this, Gao Changfeng sent a \$1,000 red packet, and everyone quickly tried to snatch the red packet.

At that moment, someone called Li Ba wrote: “Eh, even Beauty Liu is here? I heard that you’re going to be married. Is that true? My heart aches.”

Wang Changyong: “That’s right! Beauty Liu, are you really going to get married? My heart aches as well. Back then, everyone in our class had a crush on you!”

Zhu Hong: “I also feel sad; an amazing beauty is going to belong to someone else.”

Liu Hanyan: “You men... I’ve already been married for 2 years, but none of your hearts have left me.”

At that moment, ‘Beauty Liu,’ who was Liu Xi, said: “Mm! He’s doing quite well, and we’ve dated for about a year, so we feel that we should get married.”

Hearing this, the group went silent for a while – it seemed that there were many people who had been interested in Beauty Liu.

Zhao Fu thought of how Liu Xi had looked – she had delicate features, supple skin, and a slim figure. She was indeed a beautiful woman, and she was the most beautiful person Zhao Fu had known in high school. Hearing that she was going to get married, he couldn’t help but feel a slight ripple within his heart as well.

However, after meeting more people, Zhao Fu had met many more beauties, but Liu Xi was still incredibly beautiful even among those people, though not the most beautiful.

Gao Changfeng: “Um... Liu Xi, why don’t you consider me? I’ve secretly liked you before, and with my conditions, I’ll definitely be able to take care of you.”

After this message was sent out, the group once again fell silent. Within the group, some were still in university, some were working, and some had already gotten married.

In their eyes, Gao Changfeng was doing the best out of all of them, and he was quite generous, so many people said good things about him. He had actually confessed to Liu Xi at such a time, making things quite awkward. Everyone felt quite nervous and wondered how Liu Xi would reply.

Liu Xi: “Haha... I’m about to get married, so why would you say that? Of course I’d reject you.”

Everyone relaxed but did not feel happy, as Liu Xi was going to marry someone else.

Zhao Fu flicked through a few messages and felt that there was not much. He was about to close the chat when he saw another message.

Wang Xiao: “Who can lend me \$400,000? I’ll definitely repay you!”

This sudden message caused the group to fall silent again. With their relationships from the past, they would only borrow a few thousand from each other at most, and no one would be willing to lend such an amount.

Everyone knew that Wang Xiao’s family was quite poor, and it would be almost impossible for them to return the money. As such, no one said anything in response.

Even Gao Changfeng, who was doing the best out of all of them, would not be able to casually take out so much money.

Seeing that there were no replies, Wang Xiao felt quite disappointed. However, he did not expect anyone to lend him that money, and he had only wanted to try out his luck.

“What do you need the money for?”

A message suddenly appeared, and Wang Xiao felt a trace of hope. He quickly told them about his family’s situation and his father’s serious illness.

Wang Xiao had been Zhao Fu's seat-mate in high school. The high school that Zhao Fu went to did not have great conditions, and because there had been many students, it had always been two people sitting together at one desk.

Because of their living conditions, both of them had low self-esteem, but because of this, they could relate to each other and could be said to be friends.

Everyone felt quite curious. After Zhao Fu had joined the group, he had never messaged before, but they still had a deep impression of him. He had been quite introverted and taciturn, but his grades had been very good, and it was said that he had done well in his exams and entered a top university.

Seeing Zhao Fu send that message, they understood that Zhao Fu had some intentions of helping Wang Xiao.

After reading Wang Xiao's message, Zhao Fu felt that he was most likely telling the truth. After all, he had heard about Wang Xiao's family back when they had been in high school.

"Give me your bank account details; I'll transfer the money to you!"

After seeing this, everyone gasped – this was \$400,000, and it would take an ordinary person ten years to earn that much. No one could have expected Zhao Fu to be so willing to lend it.

Following this, Wang Xiao excitedly sent his bank account details over, and soon, he received \$400,000. He felt so emotional to the point that he almost cried.

"Zhao Fu! Thank you so much! You're the benefactor of my entire family, and I swear I'll return the money to you someday!"

Zhao Fu did not care about this money, and after being desk-mates for three years, he felt that it was not much to help Wang Xiao. As such, he replied: "No need! Just live well from now on."

Those words shocked the entire group – Zhao Fu was just giving \$400,000 away? He was simply too rich! Wasn't he still studying in university? How could he have so much money? Could it be that entering a top university had done something for him?

Gao Changfeng felt quite shocked as well. Even he couldn't just give away \$400,000.

“Zhao Fu, how do you have so much money?” some people couldn’t help but ask.

Zhao Fu replied simply: “Nothing much, I just have a bit of money. I have some things to take care of, so I’ll be going now!”

Zhao Fu did not want to continue talking to avoid any problems. If it wasn’t for Wang Xiao’s situation, he would not have said anything in the group.

After Zhao Fu stopped replying, everyone else started to talk about Zhao Fu, and some people said that they wanted to ask Zhao Fu for money.

Zhao Fu did not bother looking at his high school group anymore, and he planned to look at his university group. At that moment, he received a private message, and he saw that it was from Liu Xi.

“Are you still there?”

Seeing this message, Zhao Fu felt quite surprised. He had never thought that Liu Xi would message him, and he replied: “Yep.”

Liu Xi: “Zhao Fu, you must be doing quite well! You’re really standing out!”

With Zhao Fu’s current status, he wasn’t just doing well or standing out; he was on the level of international fame. However, he replied: “I’m doing alright. What is it?”

Liu Xi replied: “It’s nothing much. I’ve just wanted to chat with you for a while!”

Chapter 638: If You Say No

Zhao Fu felt quite surprised – she wanted to chat with him? He had never spoken to Liu Xi before, and even though they had been in the same class, he had been quite introverted.

However, Zhao Fu still replied: "Sure."

Liu Xi started to talk about things from before: "Zhao Fu, I remember you were so silly the first time I met you. You couldn't speak clearly, and you were so awkward when talking in front of the class!"

Zhao Fu felt quite awkward. During the first year of high school, their teacher made everyone do a self-introduction. Zhao Fu was quite introverted, and he had been nervous to the point that he could not say anything properly at the time. However, that had been five years ago, and even he did not remember it clearly.

He felt quite embarrassed as he replied: "I never thought that you would remember such a thing. I was very introverted before, but I'm better now."

Liu Xi: "Really? I quite liked your personality back then. Do you remember the big sweeping incident?"

Zhao Fu felt even more awkward because all that Liu Xi remembered were dark things from his past, and he could only awkwardly reply.

A while later, Liu Xi had recounted ten or so embarrassing events from Zhao Fu's past, some of which Zhao Fu himself had already forgotten about. Zhao Fu felt quite speechless and replied: "Who would have thought that you would remember all of those things!"

Liu Xi: "Of course! I've noticed you since the beginning!"

Zhao Fu sensed something from this, but he didn't know what to say, and the atmosphere became a bit awkward.

After a while, Liu Xi sent another message: "I only noticed you; don't think too much. I'm about to get married. I've just said something I've always wanted to say during high school. Now that I think about it, it's been so long; what a pity. Now that you're finally online, if I didn't say it now, it'd be too late."

Seeing this, Zhao Fu felt quite complicated and replied: "Mm! I wish you happiness!"

Liu Xi did not reply to Zhao Fu, and he deeply breathed in before looking at the university group.

Zhang Hao: “Things are becoming more and more troublesome. So many shops have closed, and only the big supermarkets are still selling things. However, everything is so expensive!”

Liu Anping: “Things are continuously becoming more expensive, and money is quickly losing its value!”

Zhang Qiuyan: “Yeah! A few of the cosmetics I used to buy aren’t even being sold anymore. It’s much easier to earn money in the Heaven Awaken World with the 1:10 ratio, and everyone’s run into the Heaven Awaken World to earn money!”

Bai Hui: “Don’t talk about these things; who should we go into the Heaven Awaken World? Did you know that our old president is planning on creating a faction?”

Zhang Hao: “No way! The president doesn’t have any money or power, so how can he create a faction? In terms of pay, Beauty Wu gives the best pay, and the pay offered by all the other factions are so-so. Those with any money or power have already created factions, and it’s hard to choose which one to join.”

Zhao Fu had never expected Wu Qingniang to be recruiting people within the university as well. She had been the Student President, so she would be quite famous, and because Nanshi University was a top university, it would have quite a few talented people who would be willing to join her.

As for their class president creating a faction, Zhao Fu felt that it was possible. Even though he did not have money or power, he had charisma, so it was possible for him to succeed.

Yang Ze: “Bai Yan and I broke up!”

This sudden message shook the entire group, and some people did not believe it. Yang Ze was the most handsome guy in their class, and he was quite rich. Bai Yan was the most beautiful girl in their class, and her family was quite well off as well.

They had started dating during the first year of university and had always been lovey-dovey, making everyone feel quite envious. To everyone, they were a perfect match.

Hearing that these two, who had seemed so in love, had broken up, everyone felt incredibly shocked.

Liu Anping: “No way! Why did you suddenly break up? What happened?!”

Yang Ze: “Ai, she said that the world had changed and that our relationship should end here. Afterward, she dropped out of uni and did not come again. She doesn’t even pick up her phone now, and my heart aches so much!”

Qian Xiao: “Don’t feel too sad! There was another beauty in our cohort; she’s single now, so you can go and pursue her!”

Yang Ze: “How could I pursue Xiao Xiyun? Her family has billions of dollars, and she has so many people pursuing her. There are many people with better looks and more money than me.”

Zhang Qiuyan: “Handsome Yang, how about we get together?”

Wu Xia: “Choose me! I’ve liked you for a long time!”

Sun Wenli: “Please also consider me!”

As the most handsome man in the class, Yang Ze was quite popular, and now that he had broken up with his girlfriend, there were many girls interested in him, wanting to be his girlfriend. This made all of the other men feel quite envious.

Xiao Xiyun: “What are you all saying?”

Seeing Xiao Xiyun suddenly speak in the group, the group suddenly fell silent. No one had expected her to talk at such a time.

Yang Ze: “Err... nothing much. Xiao Xiyun, you don’t talk much in the chat!”

Xiao Xiyun: “I just came out of the Heaven Awaken World and was bored while I was eating. I heard the class president was thinking of creating a faction, so I’m considering supporting him!”

Xiao Xiyun's appearance made it so that ordinary people did not dare to speak, and even in front of her, Yang Ze felt inferior.

Yang Ze: "I heard about that too; it's probably true."

Zheng Dong: "Hahaha... so you all heard about it! I'm indeed thinking about that because I feel like the real world is quite lacking. Every country and large family has thrown all of their resources into the Heaven Awaken World, and I want to create my own faction to make sure that I can sustain myself in the future!"

After class president Zheng Dong appeared, he laughed and explained the matter of creating a faction.

Xiao Xiyun: "Mm! Class president, I can support you. Let me know if you need money!"

Since Xiao Xiyun was willing to support the class president, he would not be lacking in money, so everyone else decided to voice their support as well.

Zhao Fu: "I'm in support as well. If you need help, I can provide some help as well!"

At that moment, Zhao Fu couldn't help but voice his support as well. However, there were too many people speaking, and his message was immediately bumped up by countless other messages.

Only after a while did the class president see his message, and he said in surprise: "Zhao Fu, where'd you go? It's like you just evaporated out of this world! I was worried about you for a long time!"

Only then did everyone else notice Zhao Fu. They remembered that the first day that the Heaven Awaken World had come out, he had dropped out of university. Back then, none of them could understand why, but they could now guess – many people from Nanshi University had dropped out, spent all of their time in the Heaven Awaken World, and made some great gains.

Zhao Fu: "Mm, I had some things to do, but they're taken care of now. Let me know if you want any support. If there's nothing else, I'll be logging off now."

Xiao Xiyun looked at Zhao Fu's name and suddenly remembered that Great Qin's Legatee's representative was also called Zhao Fu – surely it couldn't be that coincidental. How could this Zhao Fu be that Zhao Fu? Their identities were worlds apart. Xiao Xiyun did not think too much and would never guess that he was indeed that Zhao Fu.

Zhao Fu closed the university chat, and right as he was about to turn off his computer, he saw another message from Liu Xi: “Actually... if you say no, I can consider not marrying!”

## Chapter 639: World of Ice and Fire

Zhao Fu felt quite startled and did not know what to say. Back in high school, he had had a crush on her, but after such a long time, those feelings had disappeared. Now that she was about to get married, it would not be good to disturb her.

“I wish you happiness!” Zhao Fu breathed in and typed out four words, feeling a melancholic and heavy feeling within his heart.

“You... bastard, I never want to see you again!” Liu Xi quickly replied. Zhao Fu could sense that she was quite angry.

Zhao Fu felt a slight trace of pain with his heart – she was the first girl he had been interested in, and things were going to end like this. Zhao Fu thought about his high school period and decided to reply again.

“I'm sorry. I take back my words. I hope that you won't get married so quickly!” Zhao Fu felt quite bad inwardly, and he couldn't help but type those words out and send them.

However, after sending that last message, Liu Xi had already logged off and had not seen Zhao Fu's last message.

Zhao Fu felt a bit disappointed, though he knew that she would see it the next time she logged onto QQ. However, he couldn't help but feel that he was about to lose something.

This was the first time that Zhao Fu had felt such chaos within his heart, and he felt some regret as to why he would say such a thing.

Looking at her gray display picture, Zhao Fu couldn't hold back anymore and asked for Liu Xi's number in the group, and he nervously dialed it.

Ring... Ring... Ring...

The dial tones continuously sounded, but the call did not go through, and Zhao Fu felt his heart sink.

Zhao Fu did not give up and dialed one more time, but Liu Xi still did not pick up.

Zhao Fu felt quite uncomfortable inside, and this was the first time that he had felt like this before. He deeply breathed in and did not think about this matter. He went to the bathroom and washed his face with cold water before settling his emotions and entering the Heaven Awaken World again.

It was afternoon in the Heaven Awaken World, and the sunset's glow dyed half of the sky orange and gold.

Zhao Fu went to the Meeting Hall to see if there was anything that needed to be taken care of. He only found some reports from the teams clearing out the regions, and after going through them, there was not much else for him to do.

Great Qin's main task right now was to clear out the regions they had taken over. Even though they had a large army, clearing out an entire region took quite a lot of time, and during that time, Zhao Fu had a lot of free time. He thought about it and decided to do something that he had put off for a while.

After making some preparations, Zhao Fu started to head out.

Nü Lü had long since woken up, and seeing that it was almost night time and hearing that Zhao Fu had entered the Heaven Awaken World, she diligently made some food and brought it to the Meeting Hall.

Seeing Zhao Fu, a faint blush appeared on Nü Lü's face. Thinking about how he had ravaged her in all sorts of ways the previous night, she was simply too embarrassed. This was especially because Tuoba Qing had been there and seen her and Zhao Fu doing those things.

However, afterward, Zhao Fu had done the same to Tuoba Qing, and after seeing Tuoba Qing do it with Zhao Fu, she did not feel as embarrassed.

“Lord husband, it’s getting dark. Where are you going?” Nü Lü felt quite curious when she saw Zhao Fu preparing to go out.

“I’m planning on exploring the inner region of Gloomy Jungle!” Zhao Fu said as he checked through his items.

Nü Lü nodded and felt a bit disappointed as she said, “Lord husband, how about you leave after eating? These...”

“That’s alright. I’ll be going now!” After saying this, Zhao Fu directly left the Meeting Hall.

Seeing Zhao Fu leave, a slight look of hurt appeared on Nü Lü’s face. She felt that Zhao Fu was a bit different today, as he had never treated her like this before.

However, Nü Lü could sense that Zhao Fu’s mood was not great, and she wondered what had happened.

If Zhao Fu did not leave, Nü Lü had wanted to do some shameful things to cheer Zhao Fu up. After doing it with Zhao Fu, her body had become more sensitive, and after seeing Zhao Fu just then, her lower half had some reaction.

When had she become this lewd? Nü Lü’s face became red, and she couldn’t help but think about the embarrassing scenes from the previous night, making her legs feel weak.

If she could have gone with Zhao Fu, she might have been able to do it again with him!

As someone with Nü Wa’s legacy, she had extraordinary power, but she had never demonstrated it. Instead, she had only acted as a mild and kind wife.

“I can’t keep thinking about those things!” Nü Lü’s face was completely red, and she felt that her lower half had started leaking.

“Big sister Lü, where is His Majesty?” Tuoba Qing asked with a slightly red face.

Seeing Tuoba Qing arrive, Nü Lü gave her a knowing smile, causing Tuoba Qing’s face to instantly become bright red, and she lowered her head, not daring to look at Nü Lü.

Zhao Fu quickly arrived at Gloomy Jungle. Even though it was dark outside, it was different within this place – the sky was always gray and cloudy here, and there was not much difference.

After Zhao Fu had killed the Goblin King and obtained the King’s Crown last time, he had not continued onwards, as he had felt that it had been too dangerous. The soldiers had remained in the outer region, killing some Goblins and Minotaurs, and they did not enter the inner region.

After such a long time, Zhao Fu was far stronger than before. He had long since wanted to explore the Gloomy Jungle, but he hadn’t had the time to do so.

There were no longer any creatures in the outer regions of Gloomy Jungle, as they had all been cleared out by Great Qin’s soldiers, so Zhao Fu directly headed towards the inner region of Gloomy Jungle.

The scenery around him immediately changed; there was actually a world of ice and fire within the inner region of Gloomy Jungle.

Some places were covered with thick ice, which gave off a bone-chilling feeling, while other places had ferocious flames that gave off blistering heat. Seeing these two phenomena in one place, it seemed quite strange.

Right after Zhao Fu entered this place, he discovered some creatures. They were humanoid and were about one meter tall. They were either formed from ice or fire, and they gave off cold, white auras or gave off extremely hot auras.

These were Ice Spirits and Fire Spirits, and they were part of the Spirit Race. This was because their bodies were completely formed by energies, and they were creatures birthed from energies.

Their strength was comparable to someone at Stage 2-5, which was quite strong. They would be able to easily beat a Minotaur in a one-on-one battle as they had Magic professions and long-range attacks. They could easily kite and defeat the Minotaurs.

If Great Qin's soldiers had entered this place, they definitely would have suffered many casualties. The Ice Spirits and Fire Spirits here were quite powerful, and their fireballs and ice shards were all specially enhanced, giving them great destructive power.

Zhao Fu flew in from the air, and because he had not tried to conceal himself, he was immediately greeted with countless fireballs and ice shards, forcing him back onto the ground.

The Ice Spirits and Fire Spirits here all had some intelligence, and after Zhao Fu landed on the ground, they all retreated into the distance and attacked from there, not daring to come closer.

Zhao Fu unleashed his King's Domain, and fireballs and ice shards crashed against it. However, the black dragon barrier was not damaged in the slightest.

Even though the Ice Spirits and Fire Spirits were not weak at all, just Zhao Fu's Cultivation alone was at Stage 4. With his City Lord Seal's power, it would be no problem for him to deal with these Ice Spirits and Fire Spirits.

#### Chapter 640: Crystal Palace

Zhao Fu found it quite difficult to deal with these Ice Spirits and Fire Spirits, as they all hid far away while Zhao Fu used a sword to fight at close range.

Zhao Fu did not want to charge up and kill them all one by one, as that would be troublesome. As such, he could only use a large AOE attack to deal with them all in one hit.

Just as Zhao Fu tried to take out the Sin Dragon Sword, he heard her angrily harrumph, acting as if she wanted to ignore Zhao Fu. The previous night, when Zhao Fu had been doing it with Nü Lü and Tuoba Qing, this perverted dragon had wanted to rush out and join in.

However, Zhao Fu had sealed her within the Sword Mark, so she could only watch, making her feel extremely angry and uncomfortable.

Now that Zhao Fu wanted to use her, Long Xiaoxiao hid within the Sword Mark and refused to come out, making it so that Zhao Fu could not take out the sword.

Seeing her like this, Zhao Fu couldn't help but smile, and his mood became a bit better as he said, "If you come out now, I'll give you a kiss."

Long Xiaoxiao felt quite delighted, but she still held it in. After all, this was the first time that Zhao Fu had taken the initiative to kiss her. She felt that she could push it a bit more, so she said, "I want to do it with you, or else I'm not coming out!"

Those words made the other sword spirits' faces red, and Zhao Fu couldn't help but laugh as he said, "I'll just use another sword then!"

"Don't!" Sensing that Zhao Fu was about to take out another sword, Long Xiaoxiao cried out, and a green sword light shot out from the Sword Mark. A sword appeared in Zhao Fu's hand, and a figure appeared before him, immediately hugging him tightly and passionately kissing him. Her tongue quickly darted into Zhao Fu's mouth and entangled itself with Zhao Fu's tongue.

Zhao Fu also lightly hugged Long Xiaoxiao, and he felt quite surprised towards her almost maddened kissing, so he also started to kiss her back.

After a while, Long Xiaoxiao reluctantly parted from Zhao Fu's lips, but in the next second, she once again tried to kiss him. She did not know why, but she felt that after Zhao Fu started cultivating the Six Desires Celestial Art, he had become dozens of times more attractive.

Zhao Fu still had to deal with the Ice Spirits and Fire Spirits, so he had to quickly pacify Long Xiaoxiao. Seeing that she wanted to continue, Zhao Fu rapped her on the head with his knuckles.

"Aiya!" Long Xiaoxiao covered her head as she let go of Zhao Fu.

Long Xiaoxiao pouted, but she still happily went into her sword.

"Roar!!!" Zhao Fu raised his sword and a dragon's roar sounded out. Countless traces of water vapor gathered, condensing into tens of thousands of water swords in the air that gave off an incredibly sharp aura.

Whoosh, whoosh, whoosh...

As Zhao Fu lowered his sword, the water swords in the air quickly descended, tearing through the air. It was as if there was a wave of sword rain, slicing through everything beneath them.

The Ice Spirits and Fire Spirits in the surrounding 10,000 meters were decimated by the countless falling water swords, pitifully crying. Their bodies dissipated into traces of icy qi and fiery qi, and ice crystals and fire crystals fell to the ground.

In just a single attack, Zhao Fu had killed roughly 3,000 Ice Spirits and Fire Spirits. Zhao Fu put the Sin Dragon sword by his waist and walked over curiously to take a look at those crystals.

[Chilling Ice Crystal]: A special type of crystal that contains a large amount of Ice energy. It can be added to a Domain and can also be used as an attack item.

[Explosive Fire Crystal]: A special type of crystal that contains a large amount of Fire energy. It can be added to a Domain and can also be used as an attack item.

These crystals looked like ordinary crystals, but they had different types of energy. Moreover, what did it mean by it could be used as an attack item?

Zhao Fu tried it out and threw out a Chilling Ice Crystal. The ice crystal turned into an ice shard as it flew out, instantly piercing through a massive rock that was five meters wide.

Following this, Zhao Fu threw an Explosive Fire Crystal, and a fireball flew out, blasting a ten-meter wide crater in the ground.

With their power, it would be possible to instantly kill Stage 2 soldiers.

Zhao Fu felt quite pleased, and he collected all of the crystals before heading onwards.

There were not any threats as he moved on, and he killed Ice Spirits and Fire Spirits as he moved forwards, netting many crystals.

However, because he was too eye-catching as a target if he flew in the air, Zhao Fu could only walk, so his speed was quite slow.

A few days later, Zhao Fu arrived in the innermost depths of Gloomy Jungle. There, he discovered a large palace made of crystals, on which many pictures were carved. There were humans and flowers, and the pictures looked quite beautiful.

Over the course of the past few days, Zhao Fu had killed countless ordinary Ice Spirits and Fire Spirits and an Ice Spirit Lord and a Fire Spirit Lord.

They had been dozens of times more powerful than ordinary Ice Spirits and Fire Spirits, and they were about three meters tall. They could casually cast ice storms and fire rain and had extremely destructive power. They also had large AOE attacks, and it took Zhao Fu a while to deal with them.

After killing them, Zhao Fu obtained two Lord Crystals. They were different from ordinary ice crystals and fire crystals as they could be used multiple times.

With these Lord Crystals, one could use three types of skills – for example, the crystal that the Ice Spirit Lord dropped could cast an ice storm, an ice shield, and an ice shard, which was quite powerful.

After coming into the depths of Gloomy Jungle and seeing a crystal palace, Zhao Fu became serious. Even though there did not seem to be any danger, as the central region of this place, it was definitely quite extraordinary and would contain something dangerous.

Zhao Fu cautiously walked ahead and found that there were two crystal coffins, and there seemed to be two people lying within them. Zhao Fu became even warier and hesitated, wondering if he should go in.

At that moment, one of the crystal coffins gave off countless traces of icy qi while the other gave off countless traces of fiery qi. A cold aura and a hot aura rippled outwards like floods in all directions.

The people within the crystal coffins had come to life.

Boom!!

An explosion sounded out as two rays of light shot into the sky and turned into two figures.

Both figures were women who had extremely beautiful looks. Their skin was tender and as white as jade, and their long hair reached their legs. Their figures were quite graceful and elegant, and they did not wear much, only covering their important parts.

Both of them held metallic magic staffs that were about two meters long, with a picture of a moon on the top. The magic staffs gave off faint lights and looked like treasures.

One of them had flaming red eyes, and her coffin had the name Binoche on it. The other had icy eyes, and the name on her coffin was Kerache.

Both of them stood in the air, giving off mighty auras. Both of their eyes were fixed on Zhao Fu.

Seeing them appear and sensing their power, Zhao Fu's gaze became serious, and he tightly gripped the Sin Dragon Sword.

Binoche's beautiful face had a savage expression on it, and she waved her magic staff, causing a gigantic fire bird to instantly condense and rush at Zhao Fu.
