

## The Noble 211

Chapter 211: Akihara (2)>(r18)

"Glup!, it certainly is... Lick, good."

Akihara, having before her something of such magnitude after a long time, swallowed saliva and immediately, without hesitation, put the big member in her mouth.

She had teeth sharper than a human would have, giving Chris for a moment a sense of crisis, when he saw her open her mouth.

Schlup... mwah... slrrp!

"arghHH!"

But when he saw that he felt no pain, but a surge of pleasure, he realized that Akihara's technique was sublime, to the point that, even with that huge member, it didn't affect him at all....

schlup.... slp.... shhrkk!

She, without any reservation, began to suck intensely on Chris's member, reaching from the tip to the root, in a vulgar sound that scattered around the room.

Akihara was enjoying the sensation, and her body was getting hot. quickly She didn't know why, but today she was in a particularly good mood and very motivated.

What she didn't realize was that Chris spared no methods and activated the strongest possible thing he could: his pheromones, and his Enchantment .

They were already maxed out from before, and Chris had no reservations about using them, even though he didn't normally use them on his girls.

Not that he didn't use them at all, as he sometimes did to spice things up from time to time.

Not that he didn't use them at all, as he sometimes did to spice things up from time to time.

Thanks to that he realized that pheromones and Enchantment , although activated with mana like any other ability, left no mana trace when they left his body.

For people, no matter how powerful or sensitive to mana they were, pheromones would be perceived as a natural phenomenon, no matter how intense they were, being an intoxicating weapon, and an aphrodisiac without a trace of mana, which worked to some extent even if your defense or resistance to them was high.

The same was true of Enchantment : it didn't affect perception or influence mentally, but somehow made you more visually desirable without really changing anything

Both seemed like simple abilities, but like everything in legacy, it had a depth that was hard to explain.

Due to the use of these two skills, normally useless for Chris, Akihara was warming up very quickly. Akihara liked Chris more and more and could not stand his cravings, which grew particularly fast.

splash....Squelch ... sckshhh.

"mnnha~ Mhhh~... hnngh~♥□ "

She dragged one of her hands and brought it towards her vagina. At this moment, the 'bodysuit', which was very skin-tight due to it having a latex-like texture, but at the same time was more of a cloth, made it so that, being wet, the definition of her labia, and vagina in general, were noticeable in detail.

If viewed from behind, even the now hard clitoris could be glimpsed through the black fabric. It was so thin that, instead of moving it aside, Akihara began stroking herself over it, giving her a sense of relief from her cravings as she enjoyed sucking on that big cock.

"puhaa!, this, muam is, curious~, mhum~ glup".

She began to taste salty and a little bitter; that was normal, but this time she felt a more addictive taste. It was sweet, but at the same time it was not sweet.

She, who had experienced this many times, was left wondering about this peculiarity. It was a tasty, ghostly taste that seemed to exist, but at the same time it was only her imagination, she thought for a moment that she was liking Chris so much that she began to imagine things.

Since, if she concentrated, it was salty and bitter, like all the others. Still, unlike the rest, she was really determined to want more of that very normal but addictive taste. She wanted more and more.

glck!... slurp.... chuup...Gulp

" Mmmph... nnngh!!~♥□"

And Chris wasn't letting him down like the lust monster he was, his illogical balls were working as usual and pumping out more precum that seemed at the level of a normal cum continuously, while Akihara kept sucking and swallowing everything that came out without any qualms.

Chris was enjoying more and more the oral work akihara was doing, her tongue was unique and long, she was wrapping her friend and sucking them to the root, without any problem she was giving him a deep blowjob.

On the other hand Akihara was getting more and more excited and in a good mood, with her hand, she had already reached her own little climax, but her excitement was not extinguished and kept growing and wanting more and more.

Reaching an even higher level of arousal, Akihara couldn't take it anymore, her pussy wanted more stimulation than just her fingers. With one swift movement, she positioned herself on top of Chris and

....

"Lick!"

She authoritatively said that as she turned her focus back to what was in front of her, thrusting her breasts out and using them to command Chris even more intensely.

Chris, who had decided to tacitly back off and let whatever happened happen happen, looking for an opportunity to turn the tables, quickly heeded Akihara.

Seeing the big, wet pussy through the bodysuit gave him a tinge of excitement and he didn't hesitate at all. He had no prejudice against demons. He ran his hands over Akihara's soft thighs and cupped the huge buttocks, which were soft giving him a great grip.

Suck!... Slurp!... Mwah!!

" Mmmhh!?...uhh!!!...hnngh!!~♥□♥□ "

She quickly brought her face close to the wet pussy and began to lick with her best technique. He began to lick intensely, still through her clothes, Akihara, who feeling Chris's technique made her body twitch and a shiver ran through her body, giving her a sudden, small orgasm.

She was liking Chris more and more, but that wasn't enough to make her go easy on him.

Slrrrp... thhhmmmp... slurrppp.

She immediately began to squeeze as she squeezed the member with her soft, but at the same time oppressive breasts.

If Chris didn't have four metamorphoses, if Chris didn't have in his possession the art of lust that was now making him stronger the more lust he felt, instead of pleasure, he would be feeling more pain.

The pain of having his cock ripped from being sucked and kneaded by Akihara. Luckily, even though it was intense, Chris could handle it. Chris didn't know exactly how much statistically his art elevated him, as it didn't reflect on his state.

But he could feel that it could sometimes raise him up to twice or more his strength, if he was really excited. And at worst with a little lust it would only be 30 percent which was a lot.

Although now, in this situation, Chris certainly wasn't someone who wouldn't feel aroused at the thought of doing it with this huge Demoniza, while this one transformed into a pseudo-shota, so to speak.

It was one of the countless scenarios he wanted to do at least once, and, in fact, when he met the goddess of purity because of her large size and voluptuousness, he imagined these scenes.

It was one of the countless scenes he did in his head, and it earned him a reincarnation as a woman. But anyway, Chris was going all out and would not be oppressed, even if Akihara is on a higher level of existence.

" Gulp, stick your tongue, tongue~, Gnnnhh~♥□, "

Akihara who suddenly stopped sucking, for a moment only to give Chris a command and satiate his still growing desire.

" At your command, my lady."

Chris, who listened obediently, did so. He tried to remove the ebodysuit that was interfering between him and Akihara pussy, but despite its malleability and softness, it did not move at all when he tried.

He didn't think these clothes would be so special, they seemed fused to the skin itself, but obviously they weren't, Seeing how Akihara pulled his huge melons out of them earlier.

In the end with no time to further analyze this strange fabric, Chris had no choice but to rely on the elasticity of the fabric, he stuck out his tongue and tried to stick it in.

Lick!!... Smmmch!...Sluurp!!

"...Nnnmph!~♥□... hhmm...uhnmg~♥□"

The contours and shape of the pussy through the wet fabric were so clear that he easily knew what he was looking for and easily invaded akihara's hot, wet interior.

Chris didn't know exactly what material this fabric was, but it surprised him. Although it was difficult to pull aside, Chris was able to slip his tongue in with relative ease, as if he wasn't there to begin with.

He could feel the wetness through the fabric, which felt like latex, but was as breathable as cotton. Certainly, the clothes that an existence like her wore were not common.

Shlrrp!... ssshhh!... glulkk!

"humnn~♥□, yeeees~ Right there, just like that!, mmhnn~♥□, So good!, more!!, Gulp."

Chris began to flick Akihara's insides with his tongue, searching for her sweet spot, as he took one of her hands and began to stroke her clit and the rest of her vagina, making Akihara moan for a moment before returning her focus back to enjoying the delicious treat that seemed to want to get her addicted.

Chapter 212: Shenlong singed>(R18)

"Mmmh~... gluck~♥□ nnnghh!!~♥□. Chuup~."

Akihara was reaching her limit and increased the intensity of her blowjob, as if tacitly asking Chris to be just as intense, which he easily picked up from the reactions of Akihara's body that indicated she would soon cum....

He himself was also reaching his limit, after all, Akihara's blowjob was no joke.

Akihara felt Chris's cock twitch intensely, a sign that a big load was on its way. Eager for more of that sweet nectar, Akihara sucked deeply and took the cock as deep as she could down her throat, and right on cue Chris mercilessly attacked Akihara's sweet spot.

"Gnnnhh!!... mhh!... nnnghuuuh!!~♥□♥□♥□"

Psshht!... squirt!!!.

Akihara felt an intense shiver run through her body as she finally reached the point of release. She was having a strong orgasm that caused her body to contract and make intense involuntary movements, something she hadn't done for a long time.

squirt!!-squirt!-squirt!

Akihara began to let out intense spurts as she cummed, spraying them all over Chris's face, who had also reached his limit.

At that moment, Akihara felt the intense contractions of Chris's cock and, without hesitation or opposition, she braced herself. After all, tasting that was one of her hobbies and she had especially liked the taste of Chris. He had prepared himself so he wouldn't waste any of it.

"ugh!!!"

Gush!... Schloop... schloop.

Akihara was lost in pleasure. Still, she felt Chris's immense release, the pressure with which he came in her throat as he made small movements that intoxicated and made her dizzy, prolonging her own orgasm.

Unconsciously, she began to suck Chris even in the midst of his cum, as if she wasn't satisfied even with the sheer amount.

Chris didn't hold back at all. He was shooting intensely, releasing his thick load in large quantities down Akihara's throat.

During his cumming was when Chris was at his most sensitive, and the merciless Akihara kept giving him deep fellatios, not stopping even when he was cumming, making him writhe and unconsciously wrap his legs over her head as he spurted impressive amounts of cum.

"uagh!"

"mmmnhnn~♥ mhhhgg!!HggGlug!!~♥□♥□♥!"

Eventually, even Akihara reached the point where she was beginning to feel full. Akihara, still lost in her orgasm, unconsciously felt she could take no more and gave in, pulling Chris's cock out of her throat.

Chris's legs, wrapped around her head, didn't stop her, to the point that she didn't even seem to notice.

"haaa...aahh!!!~♥ How good it feels!~♥"

Her face turned to the ceiling as she enjoyed the rest of her orgasm and the taste of that delicious nectar on her tongue, her eyes were misty with ecstasy her mouth saliva and the milky liquid that was left when she pulled it out, came out the side as, she made an expression, like never before.

An expression, which the person watching from the side had never seen his mistress make, in the many years he had served her.

Along with that Chris kept spewing the milky liquid over her face, hair and breasts, until Chris finally stopped cumming, and she too ended her deep ecstasy and began to resume clarity.

..

.

After a moment, calm returned to the room. Slowly, the intensity of the pheromones and the smell of sex thickened. For her part, Akihara stared at the cum-covered cock with a frown, as if she didn't like what had just happened.

Chris, who from his position could only look at her ass, though he had no complaints, was a little nervous due to the silence.

Suddenly, and without warning, a black fire spread around, causing Chris to panic because through Akihara's leg, he could see his Shenlong on fire.

"Gyaaa!!"

An obviously masculine scream came out of him as he saw his friend on fire. Out of reflex, he was about to uninvoke it, but with tenacity, and because it would be hard to explain, he held it and vowed to avenge it in the distant future.

For now, he had to endure the pain and find a way out of this dangerous situation. Chris blamed his cursed body, which was generating insane amounts of semen that enraged the demoness.

'No, wait a minute...'

To her surprise, the pain she expected to come never came, and she wondered if it was a special kind of painless magic. He opened his eyes and noticed that the fire wasn't dangerous.

Although if he looked closely, it seemed that Akihara's control was very good. With her level and affinity, a task like this would be simple.

To his luck, he would not have his Shenlong singed. Akihara, as Chris was wont to do, cleaned up the place, which meant there was still more to come, which pleased Chris.

Now calm again. Chris could appreciate that beautiful, shapely ass, and thick thighs of which there were traces of wetness coming from her still dripping vagina, the sight was to Chris's liking.

"..!!!!!"

But in a blink of an eye that Chris didn't seem to understand, he was suddenly looking into Akihara's eyes, those red eyes staring at him with intensity, and heat, made Chris even more aroused, although if he had to give his opinion, nothing would beat a cold stare....

"What did you say your name was?"

"Uh... My name is Eryon."

"Well, Eryon, my name is Akihara, you can call me Lady Akihara or Mistress, I'm starting to like you. Depending on your performance, you will be rewarded".

"..."

Chris didn't understand exactly what Akihara meant by what he said, but he didn't care. After all, that's what he was planning to do, even without rewards.

'I will definitely do it. I'll give it my best. Huehuehueh.'

'Hey, remember the purpose!'

'Hey! What are you doing paying attention here? Or rather, you're doing it too, Number One.'

'Well, I felt you were done and I wanted to at least enjoy the memory.'

'Me too, even though it feels like keeping the leftovers, it's better than possibly, soiling your pants.'

Chris recalled an occasion when a Doppelgänger coordinated with him at a bad moment. They were all the same and thought the same; the only difference was what they had experienced while controlling their respective Doppelgänger, although that was immediately corrected when they reconnected.

The problem was that the doppelgänger coordinated with him right in the middle of an orgasm, which caused the body controlling the doppelgänger to confuse the sensations and cause a mess that he had to clean up with purification. Since then, regardless of who does it, they ignore it until it ends.

'Hey, focus on your own thing, you bastards! Besides, pleasing this demoness will also help us with our goal. It's the same as the plan we came with in mind, only the difficulty increased.'

'You can only say that because your body is the only one who enjoys it. Damn, I miss the girls.'

'I hear you, now this is hot.'

'You guys go back to your business. I'm in the middle of what's important, don't break my concentration.'

There was no point in complaining, as they were all the same mind, but their inhabited body had unmet needs. For Chris, the original, this was not his problem.

Chris finished that quick little chat that reminded him of his goals.

He regained focus and concentrated. He looked at Akihara, eager to continue.

"Your answer?"

"Yes, my lady, I will do my best,"

Chris answered honestly. He would give him his best in this challenge, which, despite that little feeling that bothered him, he was beginning to enjoy.

"Good, I like your attitude....mhn...ahh!!~ "

akihara satisfied with Chris's positivity, stepped back a little, and lined up her wet pussy with the never hesitating shenlog, it looked like akihara would start the fun, without further seremony.

"aahhh, my lady feels so hot!"

it wasn't just a saying, akihara's inside was v very hot, like chris had never felt before, that wetness and how hot it felt instead of making him shiver, it made Shenlong stiffen and emit the same heat as if he was competing, who was hotter.

"It's been a while since I've had one this size, haaa~❤️☐...you certainly are someone nice haaah~❤️☐".

"it feels so good"

"oh, you like it, what you feel, you want me to move"

Said akihara with a smile and enjoying the feeling of fullness she hasn't had in a long time.

"yes, please"

Chris wasn't lying Akihara's insides were very client, in more ways than one and he was squeezing it so hard that he really enjoyed it and wanted her to start moving, he had to hold back the urge he had to make a pumping motion, for fear of pissing her off.

Perhaps because she was holding back the cravings and because Akihara's vagina was giving her a unique and new sensation, she didn't even have to contain her flushed expression full of pleasure and desire, selfishly craving for more, which she had practiced, because she thought it would be useful, for someone with Akihara's fetishes, and Chris was right.

And Chris was right because Akihara, seeing this, felt pleased, something inside her tingled. That's why she liked people smaller than her and looking like her; that feeling that overwhelmed her, as well as the fact that they look tender when they want something, aroused a fire in her that brought out her worst side.

Slap!!

No longer able to bear it herself, she began to move. Akihara was getting more and more satisfied with Chris, the more she looked at him, the more she liked him, and the member that began to scratch her insides was excellent and with no space for complaints.

She watched as Chris looked at her bouncing breasts and again a smile formed on her face, that face full of desire, she liked it, and as if to please him she leaned over and put her breasts on Chris' face.

"Nnnmfh... nnnfhh.."

Plap!... Slap!.... Plap!

Akihara did not stop moving her hips and the sound was prominent and obscene, after a moment, she felt how Chris began to suck her breast and , with his hands , he began to massage her, without forgetting to give his best.

Akihara wondered how much he would go from pleasure to begging for mercy . Usually, when he did it like that, they would give up, saying that his hip couldn't take it or that he needed to catch his breath , desperately begging for mercy .

Something that also fanned the flames in her, but whether or not Chris would suffer the same fate as his predecessors, he had only one thought in his head at the moment.

' Fuck , this is heaven , because no one told me there was a nirvana like this . This is how I should have died in my previous life . '

Chapter 213: I like to keep doing>(R18)

Chris was in nirvana , enjoying the feeling . He was more than happy , not only for that ; he was overwhelmed by the chest , but his lower part also felt good .

For Chris , at this moment , he was in the place he was supposed to be . He vowed to himself to bring his control over metamorphosis to a level where he could become a shota , or at least enough so that Astrid could do this to him , himself .

He was sure it would be a hell of a lot better, since Astrid had a sinfully soft and addictive body; the sensation would be a hell of a lot better. Akihara certainly had a unique softness, but Astrid was always in a league of her own,

Chris was enjoying it, but he had not forgotten that this was a battle for supremacy, earlier he wanted to take advantage of the situation , but he realized that right now he was blinded and could not use his lust eyes, so he used his raw experience and , with his hands, began to massage.

Chris began to play with and her, stroking and squeezing her gently, afraid to anger her if he was rough. With technique, more than anything else, he followed you have to stimulate as best he could Akihara.

Akihara's hot vagina reached another level and finally began to feel herself cumming, Akihara's vagina wanted to squeeze him, her hip movement was intense and she didn't falter in the slightest, giving him continuous pleasure that was finally pushing him to the limit.

Slap!... glssshhh!...Plap!

"haaa!~ yesssss, Ohhh, it feels so good!!uhmmn~♥□, hold on a little, you can't give up you understand, ahh!!!~♥□, just a little more!!"

Akihara was at the peak of pleasure, eager for more. Her hips moved uncontrollably as she rode Chris, slamming her ample backside against him without any regard.

It was no coincidence that some of her previous toys had broken before she even finished using them.

The pleasure intoxicated her more and more, and the ecstasy kept building endlessly in her insatiable pursuit. Akihara began moving her hips in circles while combining up-and-down motions, making Chris's cock bring her even greater pleasure.

Her drive was relentless, regardless of what Chris might have been feeling, and her movements grew increasingly erratic.

She kept up this rhythm until, finally, she reached absolute ecstasy. The buildup of pleasure was reaching its peak.

"yes, yes, yes! Right there!ahh!!!.~♥□"

The warm sensation spread through her belly, to the point of no return, her build up of pleasure was at critical levels and she could no longer hold it back even if she tried.

Blood flow increased, intensifying the sensitivity of her most intimate area, causing an even greater release of natural juices.

"aaahh!~♥□♥□"

She began to contract her pelvis more intensely as her pelvic muscles tightened, making involuntary twisting movements with Chris's cock inside her urging her to release that pleasurable sensation that began to come out.

"that's more , more! , more! yeess!!~♥□♥□♥"

Psshht!.. squirt!!!...

akihara began to release large, warm amounts of fluids, which accompanied the sensation of release as her body tensed.

Akihara's already hot vaguina became even hotter and more constrictive, which also pushed Chris to the absolute limit.

"my lady there goes AAhh!!"

Slapp!!!....Spurt!! Schloop!...gush

Chris With an involuntary movement, he held Akihara's gigantic breasts tightly , and with an intense upward pumping, which made him reach deep inside her, he began to release the hot and in large quantities seed .

"haaa, osi this feels great, goood, haaa!!~♥□♥□♥"

Causing Akihara's already intense orgasm to intensify and her vagina to shudder even more in reaction, causing herself to release large amounts of love juice and together with Chris's seed she was making a mess, in the connection they both had.

"mmmhnn!!~♥♥♥"

Slrrppp! Skkshhhh!... splrrpp

Akihara felt too good. As she bit her lower lip with plear Her eyes were misty and her hips were still moving on their own trying to prolong this venomous pleasure as long as she could.

She didn't know what it was, but Chris's seed had something that made her insides tingle, and the amount was enough to overwhelm her and continually give her this strange, pleasurable, poisonous addictive feeling....

..

.

"haaaa...~ "

Finally, her body slowly relaxed as the wave of pleasure began to dissipate, leaving her exhausted but satisfied.

It had been many years since she had felt such an intense sensation..... No, in fact it was the first time Akihara felt something so overwhelmingly pleasurable.

I felt that Chris was someone I needed to treat better. It would be a waste to break it off quickly. It would be difficult to find someone who perfectly matched her tastes and managed to satisfy her at this level.

So she would act sparingly and, in order not to break it, she would use it in special situations. That's what Akihara thought as she recovered . From now on he would make it his privileged toy and use it sparingly.

Finally, Akihara stood up, afraid to choke him between her breasts, and she clearly felt the big member come out of her, making her bite her lip, almost moaning.

She didn't want to stop, but she didn't want to ruin it either. Once she stood up, the seed began to spurt out in large quantities. She even felt like she had a large amount of it in her womb, but most of it had slipped out the ends and was now leaking out of her vagina.

A combination of semen from both of them was falling directly out of her now hot and very wet vagina due to the different fluids onto Chris's cock below her.

"glup!"

Chris watched this sexy scene and his throat went dry. Chris was a man with ample taste, and big women were among them.

In fact, Astrid was big for a woman, being about his height as a man and taller than in her normal form.

"Let's stop for now. You certainly were excellent, keep it up next time y...."

"huh!?!..." Before akihara could finish speaking Chris let out an exclamation of disappointment, which annoyed her.

"What are you disappointed, because there are next times, do you want to die?"

Akihara was annoyed. While she knew that rarely were the men she was with doing this willingly, she was annoyed that now he, whom she especially liked, was showing disappointment that there was a next time.

Although she had been lenient and had only done it once so as not to break it, his disappointment bothered her a lot, she definitely had to punish him for that negative attitude, but those thoughts vanished when she heard his next words.

"No, it's just that I'd like to keep doing..."

Chris was an insatiable being and had had two or three days of abstinence. And what better opportunity than this, his main goal? Well, now that he was in it, it was best to get it over with as yet no clear winner had been decided.

At this point, all the fear and doubt he had were eclipsed by his lust, the thought that she would be an opponent out of his league and it would be useless to fight was gone, he wanted to go all the way or she would fall or he would fall, taking her with him.

Yes, Chris was a sore loser and was not willing to give in even when his stats showed those numbers.

To begin with, his original plan was that he had to satisfy this demoness as a first requirement, although the situation changed a bit when he discovered her power, he still had to try.

Self-pleasure was only a secondary gain, or so he repeated to himself, convincing himself that he definitely hadn't lost focus of the overall situation.

"eh?...., you really want to continue, aren't you tired or overwhelmed?"

"Yes, my lady, I'm more than fine. I can do it until you satisfied."

"..."

Akihara was surprised, By this point, those who had gone this far always said that once was their limit begged to stop, which she didn't, if they could once complete, they could at least twice, that's what she thought, and so far there had never been anyone willing to continue.

She never thought there was anyone who would voluntarily ask for more. It was the first time it had happened.

Akihara smiled, this toy was giving him more surprises than he thought. He looked down, and sure enough, that big member didn't seem to shrink in the slightest.

Again he arranged his black fire around the place and cleaned up the mess. Chris was glad there was no need to clean up.

While once or twice was fine, the third time onward it would become a nuisance to have so much moisture scattered around.

Although, unless you were experienced, it would be difficult to distinguish whether or not someone was using an imbued blessing. Chris wasn't going to risk checking if Akihara could do it, although he was confident in his control and could pass it off as a cleansing spell.

But for starters those kinds of spells don't exist and at most would be something like what Akihara was doing, with her fire.

Also, he had noticed that, aside from Akihara, there was another presence in the room, which bothered him a bit, but he couldn't complain in his situation, and decided to ignore it. He thought it was a subordinate or something like that of Akihara's.

Seeing that it looked like she was going to continue, Chris looked forward to it. He still didn't risk acting on his initiative, as he still didn't understand Akihara's personality and might earn himself another slap.

So he waited patiently, and it was worth it. Akihara did something he didn't expect: she grabbed him by the waist and lifted herself off the bed, her feet were suspended in the air.

"!!?"

At that moment, Chris didn't understand what Akihara wanted to achieve, until she parted her legs a little and slightly bent her knees, bringing her pelvis forward a little in a vulgar position.

It was a position that, if Chris had to say so, was exciting. Before he could think any more and appreciate this vulgar position, his face was again caught by the huge reddish breasts, and his hands, almost reflexively, encircled the circumference of them, which kept him steady of what was to come.

On the other hand, her lower half began to feel the heat, knowing what Akihara was about to do. At that moment, Akihara took his cock and guided it inside her...

Chapter 214: Bad Dragon>(R18)(amazon)

She was standing with her legs slightly spread and bent, allowing him enough room to enter her deeply.

"oh! this is good mmnhahhh!~♥□"

Slowly, akihara slowly worked his way inside Chris's cock, who again felt the heat combined with the wetness inside akihara. Unlike him, who could do a deep cleaning, Akihara could not, which made her insides still very sticky and wet, from the first round.

"haaa~, hummm~, yessss!~♥□"

Akihara grabbed Chris by the buttocks and began moving him from side to side. In this unusual position, Chris, unable to touch the ground, wrapped his legs around Akihara and pressed his body closer to hers. He could feel her heat, her body was naturally very warm, and with his face buried in her breasts once again, Chris didn't mind the position at all.

In fact, Leyla, who is usually the one who is more dominant with the positions, had more than once done him Amazon style.

But because he was taller, it was impossible to do this pose. Which made it, for Chris, his first time in this very dominant and uncontrolled position, now Akihara was using him, as a kind of dildo.

slrrrrppi... !glssshhj..Slap!.. !plpsshhh!...

"Ughhhh!!~♥□ Nngh!~♥□ Yes, ahhh!!~♥□..."

The vulgar, wet sounds along with Akihara's moans began to spread in the room, and Chris again buried in breast nirvana, felt many desires, even from his previous life, being completed.

Akihara felt her arousal increase, her legs wavered a little at the in and out of that member she controlled herself, it was intense and hot.

Akihara could have a lot of vitality and therefore stamina, but as Chris thought earlier, that wasn't all.

"ahhh!!~♥□....mnhhaaHH!!~♥□...AAHH!!~♥□"

The stimulation, from the big cock Chris was making Akihara so client and horny that her body was sweating and her breathing was irregular with moans coming out involuntarily as the cock hit, correctly her sensitive spots over and over again.

It felt so good, and the fluids kept leaking out of her more and more. the excitement in her was increasing more and she was slowly losing control, even though she wanted to try not to hurt Chris as much as she could, her lust was more and the ecstasy overcame her.

"Ahhh!~♥□ Oooohhh!~♥□ Nnghh~♥□..."

!slrrrrppi, !Plap!...,!glssshhj, iSmack!..

Using Chris as a dildo, even more intensely, she held Chris's buttocks and with a faster, more intense rhythm, began to self-inflict pleasure on the spots she wanted, how she wanted, and when she wanted.

That Chris managed to reach those places is what made it special and increased her arousal even more.

Chris who was sucking his abundant chest while being used, by Akihara, felt, Akihara's increasing intensity, that caused him, to start feeling, that he was close to release the next load.

'this is the best I... no, wait, the mission, yes, the mission!'

Yes now that he thought about it, he couldn't get too carried away, by akihara he had to put up resistance and turn the tables on them, for the sake of his goal, main goal, which he definitely hadn't forgotten again.

I had to make Akihara feel really good. The more he succeeded, he believed his plan would have a better chance of success. Although he was a bit overwhelmed by the difference in existence ranks and statistics.

She would not give up, right now having only the breasts in front she could not use the eyes of lust, and pheromones, and Enchantment are already working at maximum, but she could still do something to put up a resistance, without angering this dangerous demoness.

He tried a new technique he was developing, or basically had thought of in his spare time since hearing Eira talk about the possibilities of morphogenesis in sex.

He immediately remembered how in his past life he had searched out of curiosity on the internet for the name "Bad Dragon", which he had heard from somewhere, it was one of the many things you could find on the internet, and that someone like him who often transited that part of the internet would find sooner or later.

Honestly, at the time he found it interesting, what the human body was capable of accepting in so many shapes and sizes was a madness. And now to some extent he could embody that madness with his morphogenesis.

With his morphogenesis, Chris began to concentrate the change in his shenlong, and, truly, following what seemed to be Akihara's taste, he transformed it into a real bad dragon.

"Hiiii!!!?~♥□ What is this, hmnaaaah!!!?~♥□ all of a sudden, uhnmm~, Ahhh!!, how good!~♥♥"

Akihara immediately felt the change ; she felt how many parts were stimulated strongly, while she felt how now the slightest movement caused shivers and made her insides tremble . Something had clearly changed inside her, but she didn't stop .

" Ughhh~Ahhh~♥□... So deep!~♥□... Yes, yes, yes! ♥□ !~ Ghh... ahh!!~ Yes~♥♥..."

Plap!..., thhhmmmp!..., plsshhhhhhh!..., Thmp!

The pleasure was overwhelming and intoxicating, and her hands did not stop moving, poking herself more intensely . She felt how the member now did reach, deep inside her , giving her a painful pleasure that began to make her dizzy and her legs tremble, with every thrust she caused herself in her ecstasy and pleasure, but the tension kept her steady.

'damn, this, it's...'

Chris, now with his improved, new shenlong, didn't think the change in form could influence the pleasure. He'd made it bigger and smaller before, but this was the first time he'd done it in this irregular shape.

Now it fit perfectly inside Akihara, and the friction was intense all over, the stimulation that was coming to him was different and unique, akihara was getting wetter and wetter and her insides were contracting more often and intensely. They both felt an abrupt surge of pleasure.

Chris squeezed harder between Akihara's breasts, while the latter began to feel her legs failing more intensely. She could clearly feel Chris inside her, stimulating her in an unprecedented way. Every little movement brought enormous pleasure.

Now, Akihara, intensely and without measure, could not understand the degree of pleasure she was feeling.

"mmmnhaaa!!~♥□Oooh... yes~♥□♥□"

sckshhh!!... plpsshhh!

Her insides kept quivering and releasing juices to keep everything flowing. Along with Chris's precum, which was in large quantities, lubrication was the last thing they needed to worry about.

The most likely thing at that point was that the lingering tip of Chris's member, which was pounding her uterus, would sneak even further inside her.

It had never happened, not even with his own kind, so he didn't know how it would feel, his arousal was so intense that the mere thought made him tremble, making his legs even weaker.

But her showed that the state Chris saw was not a sham and he held his ground and she became more intense, not worrying that he might hurt Chris in the slightest.

"yes, that's how it should be, aaahhH!!!~♥□"

The pleasure dulled any sense of pain and, instead of lessening the intensity, Akihara became increasingly intense and wild, her face was pure delight and she kept rocking Chris.

Her clitoris, soft yet taut, swelled with each movement, demanding more attention, more rubbing. It also added, to her pleasure, along with the breasts that Chris kept stimulating.

She felt that the latter alone would be enough to cum, but she gritted her teeth and tried to prolong as best she could this poisonous, intoxicating pleasure that was making her dizzy...

Slrrppp! Skkkshhhh!... splrrpp!!.

"Aahhh, I can't take it anymore!~♥□nnnhhgghh!!~♥"

Akihara, who was pleasuring herself very intensely using Chris's 'bad Shenlong', but even she had a limit, finally felt that the pleasure had reached the unstoppable peak.

Her belly began to tighten, the muscles in her hips and abdomen reacted, feeling a growing pressure that seemed to intensify with every second.

Heat enveloped her, a heat that concentrated right in her most intimate area, flooding her with a sensation of need.

The pulsations of her body seemed synchronized with her breathing, each movement more marked, more intense.

The sensation in her center intensified, she began to feel soft, rhythmic contractions, coming and going. Each of these spasms made her feel lighter, more lost in the sensation.

Her body arching slightly in an instinctive movement as the pleasure built up, building like a wave that never stopped growing. Her clitoris throbbed, the pressure almost unbearable, but at the same time delicious, as if she were on the edge of something much bigger.

"ohhhh, yesss, ,hnnn so good, aaahhhhhHH!!!♥□♥□♥□♥"

Psshht!.... squish!!... squirt!!!...

everything exploded. The pressure was released in a surge of sensation that swept through her from head to toe. The muscles in her pelvis contracted rhythmically, pulses of pleasure pounded through her body in intense, rapid waves, as her breathing quickened, almost choking.

A searing heat spread across her skin, the climax enveloped her in a torrent of sensations that left her breathless, caught up in that moment of pure release....

"iaaaaahhh!!~♥□♥♥♥"

The release was so intense that finally Akihara fell backwards onto the bed, Chris who was inside her, thanks to the fall, unintentionally entered where he wasn't supposed to.

This caused a chain reaction in Akihara that drove her vagina crazy. Chris who felt Akihara's erratic internal spasms, how hot and tight she got, pushed him, who had also been holding back for a while, to his limit.

"there he goes take it all! Hrrngh!"

Spurt!! Schloop!!!,Gush!!!...

He clamped down harder on Akihara's breasts and began to release a large amount from the tip of his now bad shenlong, discharging directly into Akihara's womb a large amount of seed.

Undeterred by the fact that Akihara had fallen, he was now on top of her, returned her lack of consideration and began to inseminate her with his semen without any hesitation.

Chris took control of his own waist and made short, strong movements inside Akihara, as if he wanted to go further than he had already come.

This triggered more spasms and continuous orgasms in Akihara who was in her own world of ecstasy.

"This... is... good... More, moorre... G-give mehh... moorr!! D-dhon't sthopp!!!~♥♥♥♥"

The hot, thick seed that seemed to burn and numb began to overwhelm her more and more. She felt full like never before and without any control over her body.

Akihara began to have more orgasms due to the hot, abundant, Chris seed stimulating her, even more intensely.

"mmnnnhaaahh!~♥♥♥♥"

squirt!!.. squish!!.. squish!!.. squirt!!..

Her body, filled with high tension and contractions invading her, began to involuntarily move her pelvis upward, while releasing continuous spurts, leaning on her hands and legs

Chris, still on top of her as if riding a wild animal, held on to Akihara's breasts so as not to fall under the intensity of her pelvic movement.

Gush... Spurt!!... gush!!!... schloop... schloop

As if Making sure to fulfill the purpose of existence of living beings, Chris continued, moving his own waist and leaving his seed inside Akihara without worrying about overfilling her, stimulating Akihara even more and intensifying and creating more orgasms that just wouldn't stop.

"Thaa'th ihht!!! S'hoo good!! ~Ghhivv me moorr!! Aaahnnng!!~ Yeehss oohh!! Aaahhn Ghods!!~♥♥♥♥"

..

.

Chapter 215: Berserk>(R18)(Anal)

Chris kept pumping until finally they both finished their long and intense orgasm.

"haaa....haaaah~"

"haaaaaah...."

Regaining lucidity faster, Chris pulled his head out of Akihara's breasts and stood up, finally taking out his Shenlong , which returned to normal before showing it.

That would be one of his new trump cards. Chris looked at Akihara, who, despite her height, was showing a bulge in her stomach .

He watched as the thick, copious seed began to emerge from her dark pink labia and trickle all the way down to her anus , which was also a dark pink. Chris was very aroused at that moment , and when he saw Akihara's dreamy face , which was a mess , it gave him a sense of accomplishment .

As always , her Shenlong was up to her lust and ready again . Akihara , who seemed to notice Chris's gaze on her , regained clarity , looked at Chris expressionlessly for a moment , as he obviously still had a look of lust on his face .

She looked down and saw that member she now felt more dangerous than she thought , but she herself also wanted more , and Chris seemed to comply with what he said and was ready for more .

She did not hold back , she quickly enveloped them both and the bed with black fire , and when all was clear , again everything was in order to continue .

The next rounds followed the same theme , where Akihara was in total control , from missionary to amazonian positions , using Chris. Until, slowly, he began to take control.

..

.

Slap! slap! Slap!

"Mmmph~♥□... Right there, don't stop!~♥□"

Before they realized it, Chris had taken control of the movements, holding one of her legs and thrusting from behind as they lay on their sides in bed

"there you go take it!!"

Gush!!...Schloop!!..

Chris held her raised leg tightly and made one last intense pumping stroke and began to deposit his seed in her deepest parts.

Ahhh ♥️... So deep! ♥️... Ohhh, yes! ♥️♥️♥️♥️"

Squirt!!.. squish

Akihara began to cum, as she spurted forward, her vagina was a mess, and without remembering how many times Chris had filled it.

Without stopping for a moment, they continued.

..

.

plsshhhhh!.. Plap!..sssshhhhh!..Thwapp!

In no time, Chris was in a position holding her two big thighs and searing them together, while mercilessly pumping Akihara, with her bad shenlog, now having total control over the rhythm.

Chris had previously doubted his ability to sexually confront Akihara, but he was not fully aware of how capable he was.

And it was the same thing that used to happen with Leyla, who always wanted to show off her technique and experience with him, but slowly lost control in the face of pleasure, only for Chris after a while to be in control.

"haaa, I'm cumming, ahhhh!!!!~ Yessssss, like this!~♥♥♥♥"

Psshht.... squirt...

"ughhh"

Spurt!! Gush!!!

Again, Chris filled Akihara's insides. She could no longer remember exactly how much time had passed, and she didn't even bother to think that at some point she had lost control before Chris, for the pleasure she was feeling was majestic and she didn't want to stop.

Chris, for his part was no better, he had been slowly letting himself go and slowly losing control, entering a state that girls who have experienced it, call 'Berserk'.

He completely loses control and acts without measuring the consequences in pursuit of pleasure for both himself and them . This state has earned him more than once scoldings and re-education, with George from Elena .

" Haaaa !!~♥□"

He pulled his thick member out of Akihara , soaked with both of their juices , and then brought his soaked member closer to Akihara's mouth , while holding her by the head and enjoying the sensation , not caring about anything else .

Luckily , Akihara did not care and was just as intoxicated as he was , to the point of barely thinking clearly . Perhaps , out of instinct, she agreed to suck the fluid-contaminated member in front of her face

.

¡Shlup... Mmmwaa!... slrrp!... Chlup!!

She was still enjoying the remnants of her previous orgasm and Chris's still warm seed inside her , which stimulated her . Sucking eagerly on Chris's member, she devoured it completely, not caring that Chris controlled the movement of her head.

The pheromones, at this point , were acting up and were thick in the room that reeked of sex.

And it would be worse if it weren't for the fact that by instinct, from a certain point, Chris began to throw purifications unconsciously, as a habit.

But no one cared , neither Akihara nor the existence that watched them , and the maelstrom of pleasure did not stop . Akihara , for better or worse , had a lot of stamina , and Chris was unstoppable .

"chuup... sliiick..Pwah...more~♥□"

Akihara , at that moment , moved , more out of instinct in search of pleasure than anything else , she had never gone this far and today she had discovered she had so much , desire , it seemed she had released a self imposed limit and she simply could not stop either . She grabbed Chris and pulled him on top of her again.

Again, taking control of the pumping, she held Chris's buttocks. The latter had no complaints and waited for Akihara to reach euphoria again. Then he pulled out the bad shenlong which by instinct he now activated as he felt the heat of Akihara's vagina.

..

.

Hhrrrrpphh... mmmplp... thwppshhh

"Haaaa~♥□.. hhhhhh~♥□... hhaaahhh~♥□.."

Still, hours passed and Chris was getting bolder. Akihara could no longer resist; she didn't care what they did to her body, simply continuing to enjoy the pleasure was more than welcome.

Chris, who stopped being cautious, did not hold back. Somewhere in the middle of the act, he shoved his cock into her anus.

Akihara was so numb with pleasure that she didn't even mind that they used a hole she had never used. For her, the pleasure came anyway.

Chris went on , and he was getting bolder and bolder and more and more excited without thinking about the consequence, finally ...

" That moans more!!! "

smack!!

Chris now had Akihar in doggy position, with her kneeling on top of the bed with him semi standing, pumping from behind.

Chris stopped worrying about her life, her future and her mission and spanked Akihara with all his might, on her red ass, making her redden even more, the bodysuit at some point akihara had taken it off, leaving her completely naked.

Chris had definitely gotten out of control and he didn't normally do that kind of very rough play, he always felt he didn't have the heart to do that to girls, even if they actively asked for it like Alice.

But maybe, since Akihara wasn't an important person to him, this side came out. He didn't mind treating her roughly, to the point that if Alice saw them she would definitely feel very envious.

Chris was intensely assaulting Akihara's anus without any mercy or restraint, the lubrication was perfect, the result of previous cumshots and Chris's precum.

Plap! Slrp... glrk...Plap!... hrrk..!

"Ghhhh... mmmphhh... hhaaaa~♥♥♥"

He entered and exited without mercy, at this point Akihara stopped thinking and only guttural sounds came out of her.

Her breathing was sharp and her face was a mess her eyes staring into nothingness lost in pleasure her long tongue lolled out of the side of her mouth drooling.

The sweat made her hair stick to her skin and even though her skin was reddish to begin with you could see the intense redness in it.

"Ghhhh... mmmphhh... hhaaaa!~♥♥"

"okay, good girl!"

smack!!

"Ahhhhnnggh!!~♥□♥□♥"

The moment she felt the stroke, her vagina began to quiver and she released another orgasm with a loud squirt, right with the old cum Chris had left in her vagina earlier, causing the already lost count how many she's had that night.

If it weren't for her vitality, there would have long ago been a problem with the loss of so many fluids.

Lucky or not, her vitality helped her get this far, and her body could handle everything Chris did to her, even when he erupted ferociously into her anus ; the pleasure outweighed any discomfort or dilemma.

"yes, that's it, that's how I like it, huehue, you like the sound of your butt, huehuehu!!!"

smack!!, samack!!, samack!!

Chris kept pumping, whipping her ass, and every so often Akihara would cum, releasing more and more play.

Even someone like her, there was a limit, and she who was in a doggy style position on her knees, couldn't take it anymore her thighs were trembling from so many orgasms that were slowly making them give in to the point that they finally gave in.

"haaa!!~❤❤"

Akihara limply fell onto the bed, causing her legs that had given way to spread and she fell like a frog causing Chris's member to almost pop out.

Chris who had lost his fear of death, dissatisfied by this again without holding back, slapped, the buttock of the fallen akihara.

smack!!

" Did I tell you to give in?"

" Haaa!!~❤❤, mooree haaa~❤❤. "

" Damn, let's continue. "

He didn't seem to be able to have a rational conversation with Akihara at this point, so he just gave in, he wasn't thinking clearly himself to begin with or he wouldn't be doing what he was doing.

Without removing his member, he positioned himself on top of her and began to move his shaft in a downward pumping motion.

As he stretched out his arms and grabbed Akihara's abundant breasts from behind, they were so large that even when she was on her stomach, Chris could easily grab her sides from behind.

Slap! mmmplp! Slap! thwppshhh glrp!Thwapp!

Chris continued pumping intensely, while sounds of his waist colliding with her big buttocks, stood out in the silent room from which now only muffled moans from Kihara who now had her face buried in the mattress.

The member kept going in and out from the tip to the root, from akihara's anus, while her swollen and still fluid-covered vagina kept dripping non-stop, at the anal pleasure she was receiving for the first time in her life.

Plppshhh! slap! thwppshhh! thwapp!

Finally, Chris again came c to his limit and intended to fill Akihara with another anal creampie.

"Take it all!! "

Spurt!!... Schloop!

"aaahhhh!!!!!!~♥♥♥♥♥"

Psshht.... squirt... squish

Akihara , who was being given from behind , felt herself being filled again and she herself came to another orgasm . This time it was anal , but perhaps, because her clitoris, especially sensitive , came into contact and scraped against the bed , she was also brought to the vaginal limit .

"nmmhnmmmmhaaa!!~♥♥♥♥♥"

she had a double orgasm that unleashed strong reactions in her , as Chris's seed continued to be deposited in her . She felt so ecstatic and intoxicated that she could barely breathe, or perhaps at some point she had simply stopped breathing without realizing it. That's how intense the sensations were.

"haaa... this, this is great!"

plop

!haaa~♥♥"

Chris, in the middle of his cumming pulled his member out of Akihara's anus with a vulgar sound, and shot the rest of his cum into her vagina filling it enough, to finally, pull it out and dump the rest on top of her ass and back.

Without thinking of stopping, Chris crawled up until he was level with Akihara's face , flipped her over and put his member on Akihara's face, who had a smile on her ecstatic, messy face.

She didn't mind and stuck out her tongue to clean , licking it deep to finally suck it full.

Chris just because he could , he used his rapid-fire technique and smeared even more on Akihara's face, and shoved his cock into her mouth one last time to continue.

"haaa..., that was good, now we continue with..."

And he was ready to continue and used Akihara's breasts, to make himself a Russian; and when he was about to position himself on top of Akihara .

" Stop!...., my mistress can't take it anymore. "
