

The Noble 256

Chapter 256: Warm Reunion (2)>(R18)(Yuri)(Threesome)(futa)(Anal)

Seraphina accepted Alice's invitation and slowly slipped the member into Alice's mouth, and Alice received it masterfully, even in her uncomfortable position, being face up.

Gulck!!,

The Second Seraphina, while enjoying the inside of Alice's mouth and coming deep inside her, moved her hand closer to Elena's rear entrance, moistened by Alice's saliva, and began to insert a finger.

"Huhmmhn~"

Elena was clearly feeling that, but she still thought it was Alice who was making her increasingly out of control.

She couldn't put together coherent enough thoughts at the moment and was running out of oxygen due to the long kiss that just wouldn't stop.

Seraphina made sure Elena couldn't resist.

The second Seraphina, feeling Alice's throat which as if it were natural adapted as her size easily, started to move her waist.

Glck!..., slurp!...slrrk..Chupp, shlck,

And as usual, because it was Alice, she did it without any consideration for her, using it as a hole just to lubricate herself.

Gluckmhn!!!~❤️

Alice perhaps understood that Seraphian was using her and seeing her in this way, she had an intense shudder at such a situation, which only made her more excited.

Plsshhhhh!... jshlkshhh!... jslkktkk!

She could barely breathe or think clearly, but she was losing herself in the ecstasy of being used by two Seraphians at the same time; after all, not for a moment did the first Seraphina stop rubbing against Alice's vagina.

The second Seraphina pumped sharply downward, putting Alice in a difficult situation that made it hard for her to breathe and even to keep her teeth from touching the big member, she was doing even in her uncomfortable situation, the impossible to please Seraphina.

But even in her overwhelming difficulty, she was finding orgasmic pleasure.

"Gulck!!... Chupp!!, Glck! hggh~♥□♥□, "

skkkssh!.... plsshhhhh... plsshhhhh!....

Along with her pussy, besieged by the first Seraphina, she simply could not explain how good it felt at that moment for her at this moment Seraphina was showing her Heaven as she promised her.

Spurt Schloop...

It was quick; second Seraphina had already activated the rapid fire mode, and released a 'small' charge quickly into the throat, causing Alice to.

"hung gggfghg hghkfg!! ~♥□♥□♥"

As Seraphina shot deep into these's throat, without any warning and with her vagina already stimulated to the extreme, she began to squirm like a fish out of water.

As she had contractions all over her body from intense orgasm.

Even the toes that Seraphina held between her arms buckled from the intensity of it and she kept spurting, increasing the wetness even more.

"unhggg!!~♥□♥□♥□"

This was also the limit of the first Seraphina , who in alignment with Alice began to have intense contractions, causing her waist to move even harder, fueling the stimulation between the two even more intensely.

¡Shhhhrkk!... ¡ssssllrrp!... ¡glssshhhj !plpsshhh !.

The wet and rubbing sounds became more prominent and distinct as they both experienced a feeling of fullness and intense release that fed back into the continuous rubbing between their vaginas, giving more stimulation.

It was a hot, viscous mess that further stimulated each, prolonging their pleasure as much as possible.

"Puhaa!"

The second seraphina pulled her member out of Alice's mouth, leaving a mess as well.

While her cum was mild compared to normal, it was still enough to leave Alice's mouth a mess, even making some come out the wrong side.

Alice's ecstatic, dreamy expression was a mess worth remembering, and with that appearance; Alice had fallen unconscious .

But, being a daily occurrence, neither the first nor the second Seraphina paid any attention to her, and even the first kept persistently rubbing herself against her using her in that state .

Which even unconsciously she seemed to feel instinctively causing an untidy smile on her already messy face.

On the other hand, the second Seraphina saw that her member couldn't be more lubricated and, as she originally planned, grabbed Elena by the waist.

"...!!?"

At that moment, Elena began to sense that something was wrong, but it was too late. The second Seraphina's limb had already lined up with Elena's backdoor, and she, at that instant, could only react by feeling a shiver.

Her body reacted first and his knew what was coming, but her mind was still not clear enough to put matters together.

Until she began to feel something burst into her.

"haaa!!? aahh!~♥□♥□"

At that moment, due to the sensation, she gave a loud moan that put an end to their long kiss, something the first Seraphina didn't care about; she already had Elena at her mercy, and it was already too late.

Why would Seraphina risk angering Elena even though they had just met again?

It was because, from experience, she knew Elena had better reactions when she did it this way, and even if she denied it and said she didn't like it, and resisted until the end, she knew Elena liked doing it this way.

Although afterwards she would act like she didn't like it and maybe even hit her. Seraphina was willing to risk it to see that cute side of Elena.

Plap!

"MnghaaAA!, noo!~♥□♥□"

It didn't take long and Elena quickly began to let out louder than normal moans; they weren't moans of pain or discomfort, they were moans of pleasure.

Her white skin blushed even more including her face giving her appearance an even sexier touch.

They excited the first Seraphina who simply did not resist and began to suck his chest, after all, she did not want to stifle his cute moans.

Plap! Slap! Plap!

"Aaahhng~♥□"

Although the second Serafina was also aroused by these moans, she made sure to pump gently; she started with small pumpings of just the tip to stimulate it little by little.

Plap! Plap!,Thwapp!

With each pumping, more lubrication came out of the member and the second Serafina penetrated deeper and deeper into Elena's backdoor, finally breaking through to the point where she could pump wider and deeper.

"haaa~...no~...mnhaaa!!~♥♥, there~ nuuo~♥♥"

Elena kept letting out louder and louder moans at the second Seraphina's attack. She felt Elena's insides squeezing her while giving her pleasure very different from her frontal hole.

Now Elena was being attacked both frontally and from behind by both Seraphinas and she was so weakened that she could not put up any resistance.

She felt the brazen member invading her and creating in her a feeling of pressure and fullness difficult to describe.

Elena honestly couldn't explain that feeling, it was like doing something she wasn't supposed to do, but at the same time she didn't feel bad about doing it.

With each pumping she slowly surrendered to simply letting her do what Seraphina wanted with her body.

After all, that was the way it always was. Later she would complain, but for now, helplessly, she would let her do whatever she wanted.

That's what Elena thought and what she always thought every time she felt this forbidden pleasure that she definitely wouldn't let Seraphina make her like it.

She wouldn't play along this time, as she knew her and knew that was what she wanted.

But again it was too late and as much as she denied it internally, the reality was that pleasure was the dominant sensation.

That feeling of how they entered and invaded her in a different way drove her crazy and made everything inside her tremble.

As Seraphina had said, Elena had already fallen for this kind of pleasure; she just refuses to admit it.

Hhrrrrpphh..Thwapp!. jPlsshhhhh!... thwppshhh.

"mhnaaa!!~♥□nggh~♥□, stopaaahh!~♥♥"

Seraphina had already served her purpose and was now enjoying the rewards, listening to Elena's melodious and expressive moaning, which was getting sweatier and sweatier and arousing more and more desire in her, to the point that the Seraphina behind put her hands on Elena's shoulders and pumped even more intensely.

Chluuuup!... muah!, ¡Sluurp!!

While the first Seraphina concentrated on molding, sucking and shaping Elena's bouncing breasts.

All this was happening while using Alice to satisfy her Lower parts , even though Alice was still unconscious.

Thwapp! gllkkk! Plap!

By this time, the second Seraphina was at the height of his arousal , she felt Elena constrictingly holding him.

As he struggled in and out of Elena, with each pumping she pulled his member out as far as possible until she left just the tip inside only to then push it all the way in, making Elena's buttocks deform from the impact of the pumping and making even more vulgar sounds, she was enjoying this like never before.

Plap! Thwapp! thwppshhh...!

" Haaaa ~ how about it, Elena? You like it, admit you like it!"

" Haaaa ~ no !!~♥□"

" Hum, well your moans tell me otherwise. Don't worry, I'll listen to what you have to say when you become more honest."

Seraphina knew that the more they did it, there came a time when Elena would lose Reason, and was starting to become more honest and, anticipating that moment, she couldn't take it anymore.

THWAPP!!!

Holding Elena's shoulders tightly, he made an intense motion all the way down, thrusting his hips so insistently that the sound echoed in the room above all others .

" Ugh, there goes Elena."

Spurt!! Schloop!... gush!!

" Haaaa ! AAAHH!~❤️👄❤️👄❤️"

Se released a load inside Elena; she, in reaction, began to contract and tremble

her legs trembled intensely and writhed as she raised her head, staring at the ceiling. Her face was an indescribable chaos, full of anger, shame, but mostly, ecstasy.

Psshht!!... squirt!! splish!!!..

Her vagina wouldn't stop quivering either and began to release her honey, which dripped down onto the unconscious Alice, as well as the now overflowing semen from Elena's back door.

Gush!!....schloop!! plop!

At that moment, only bad ideas were flowing from Seraphina's head, and letting them guide her quickly, she pulled out before finishing her cum and quickly put it inside Elena's vagina.

"wait!!!, noo Phina, nooo now!!!Mnnnhaaa~♥□♥♥♥"

Elena who felt how suddenly the member in full cum suddenly entered her vagina , which was extremely sensitive at this moment.

She lost her cool; feeling that hot, thick seed now broke even more her sanity to which she was barely clinging, and her vagina went out of control, squeezing even more intensely Seraphina, who did not stop filling her.

"ghhhm, Elena!!! c-calm hughh!!~"

"MMnghhhaaaAA!!!~♥♥♥♥"

This change between sensations, thrilled Seraphina and to the point that she herself was squirming at the intensity of the situation. She was giving her all while Elena seemed to want to rip off his member.

"huaaa~"

"mnhng~♥♥"

Finally, when he felt he had filled Elena completely and she gave him leeway to leave.

Seraphina looked at Alice who due to her bad position, was also a mess, Seraphina without any remorse or hesitation, saw this and the one whose member was near her mouth, used the unconscious Alice, to clean up the last of it.

Not to mention that the first Seraphina kept rubbing and grinding her vaginas.

The second Seraphina, satisfied with this, pulled the member out of Alice's mouth and shoved it back into Elena's back door, this time starting to intersperse between front and back.

Elena was helpless at how Seraphina was using her as she wanted, but the problem was that, as always, it felt good and, as always, she was swept away by the pleasure Seraphina was giving her.

Chapter 257: Warm Reunion (3)>(R18)(Yuri)(Threesome)(futa)(Anal)

..

.

Hours passed and now Elena was out of combat, and the perverse seraphinas, guided by pleasure, were planning something with poor Alice, who luckily was conscious at this moment.

Mwah,! Chuup.... sliiick!, lick

The three of them were sitting on the edge of the bed, with Alice in the center of both seraphinas , and as if that wasn't enough, the two seraphinas had a long meat stick between their legs.

Alice, although conscious, was not quite in a rational state; her eyes seemed a little misty and she just, seemed to be moved by the impulse of the moment.

"mnha~ big sister, ahhhmn~♥□ mnhg~ "

At that moment both seraphinas were attacking Alice; one was with her mouth licking her right ear while massaging her breasts, and pinching her little cherries.

"nngghaa~♥□"

!glssshhj !plpsshhh slrrrrpp!

while the other, from the other side, did the same, but her hands were concentrated on massaging Alice's crotch, making slimy and vulgar sounds, Alice was very wet and eager for what was to come.

At that moment Alice was holding one of the Seraphinas' members with each of her hands, moving her hands up and down their lengths.

"my sweet Alice come here~"

"mnaah~ yes big sister~"

Mmuaaah.... chluuurrpp

One of the seraphinas turned her head in her direction and began to kiss her, only for the next moment the other to do the same, but with a different technique.

Alice, with her mind somewhat clouded by everything that has happened, was barely processing and understanding the situation.

You could say that she is close to her mental and physical limit, but with respect to the situation , she was happy for the privilege.

In fact, when her mind was clearer, she herself had asked in advance .

" Okay , Alice , let's go get them . You're okay with that , aren't you ?"

" Haaaah~ Yes, big sister, whatever you want . "

At that moment, a Seraphina got up from the bed and stood on the floor. She then grabbed Alice by running her hands under Alice's thighs and carried her causing Alice's back to lie on her chest,

On the other hand this position caused her legs to be spread in an (M) shape, exposing all that Alice had to offer.

As she was held, the second seraphina who saw that also stood up and joined in.

"hueheueh..our sweet Alice is a naughty girl, asking us for something like this."

"but who am I to refuse, this is compensation for worrying you before, huehueh."

Both Seraphina spoke one after the other, as usual. By this point, even they themselves didn't know who was the original and who wasn't, but that never matters if they both feel pleasure.

The second one bent down and approached Alice's now exposed crotch.

Chuupss!

"hum~"

Out of politeness, she gave her dripping and somewhat swollen pussy a quick kiss and a few licks.

As her hand did what she had originally planned and reached for the gem that was where Alice's back door was.

Alice was obedient to Seraphina and shared that same taste, so when Seraphina proposed that, Alice more than agreed, and now she wore an anal plug almost every time; she already had one for every occasion and moment.

At this moment, the gem was a pearl, but without further decorum, while tasting her vagina, she pulled it out slowly, taking her time and enjoying Alice's reactions.

" Hey, hurry up! "

" Oh!...I got distracted..."

Plop!

" Haaaa !~❤❤"

At the complaint of the Seraphina holding Alice, the second Seraphina quickly the plug and, as a courtesy, guided that Seraphina's member into the hole where the plug anal was a moment ago .

The member was slimy, as Alice herself had seen to it that it released enough precum before they started.

" Ngh!!! Big sister ...this is arghhaa!!!~❤☐❤☐ !"

The big member burst through Alice's back door, making her squirm a little at the invasion of the big member.

But the first Seraphina held it tightly, as she savored the sensations Alice's trained backdoor gave her, which instead of there being resistance, seemed to suck it in to get it to the bottom.

Seeing that, the watching Seraphina couldn't take it anymore and stood in front of Alice, starting her kiss fast and moving down to her breasts.

While, with her hand she also guided her member towards Alice's dripping pussy.

"gyaaa!!!, big sister nooo!!!! Aaahhh it's too much!!!~❤❤❤"

Alice at this, Alice as if by reaction started to contract and have little spasms inside her that both seraphinas felt, making them feel good

"Oh, Alice, you certainly are a bad girl for proposing something like this. Now it's time for the consequences of your actions."

"Ahhh ♥□... I can't... It's too much! ♥□... Ohhh, yes!~♥♥♥□"

Hhrrph!... Slap!... !thwpshhj ----!Plsshhh!plsshhh!slkktkk!, !Thwapp!

They both began to assault Alice in a coordinated manner : one through her back door and one through her vagina.

Alice was clinging tightly to the Seraphina in front of her.

She was in a maelstrom of dangerous and intoxicating pleasure, and Alice felt like a small boat bobbing at the mercy of the waves in a great storm.

She felt helpless in the face of the situation, as she was being used, by both Seraphina, and she loved that feeling.

" More~. big sister, give me more~ "

" heee~ how could I refuse ente such a request, I will fulfill your request, another intense one is coming "

" puha! , as I promised you, I will leave you totally full before you go to sleep".

"ahhh, big sister, haa~♥□, give me more, please, break me "

Alice didn't seem quite connected to this world, but her body was honest and asking for more, and Seraphina without any doubt reciprocated.

Skrrrrkkkkk!!!... sckshhh!!!... plpsshhh!!!

Following Alice's wishes, they began to pump with all their willpower packed into each pumping, using Alice without holding back.

If there was anyone who would set no limits for Seraphina in the harem, it was Alice. Even the extravagantly-minded Leyla had her reservations about some things.

But Alice would let Seraphina do whatever she wanted and even urged her if necessary.

Both Seraphinas glued their bodies more intensely to Alice as their pumping intensified with great coordination.

"Ugghh~ Alice, get ready , it's about to begin ~

"aaah!!~, Yes, big sister, uhm!...just do it , do it~♥♥"

They started releasing quick charges inside her, starting with the seraphina behind her.

" There goes the first one, uhaa!!!"

Gush!!, spurt!..., schloop!.

" big sister!!!~ I coming♥□♥□♥□"

The first one, began to release her load inside Alice.

She, feeling that and the hot seed inside, had an anal orgasm by reaction, as she was writhing and spasming, but as if that wasn't enough.

" Aho goes the second one, Alice!"

Spurt, schloop.

" Gyaaa !!!!... . Noooooooooo !!!~♥□♥□♥ "

Psshht!!.....squirt!!.

Before she finished her orgasm, the Seraphina in front of her , made a strong movement, reaching beyond just going deep and Alice felt it, this always made Alice go crazy, from the amount of pleasure it gave her.

Only to have him, the next moment, start depositing directly without letting anything out.

Alice was losing her mind; the sensations she was feeling she couldn't explain.

She was drifting further and further away from reality and could barely even understand who she was.

Only sensations were invading her head and at that moment.

"again! haaa~♥□♥□"

Alice sensed again how the Seraphina behind her started to pump , she wasn't even making big movements, she kept deep inside her, but she was making a small fast movement.

her objective didn't seem to give Alice pleasure but rather, to give herself a quick pleasure just to release faster, but to Alice that small fast and persistent movement was bringing her closer and closer to madness and the next moment

"Here goes another one!!!

" Noooooo!~, more, more, more!~♥□♥□♥□♥□♥"

Alice felt again more seed being deposited inside her. She didn't know what to do ; her body simply initiated an orgasm every time it happened, it seemed trained for Seraphina to feel maximum pleasure as she was being filled.

"Ughh, another one!"

" aaaaaaaa!!! Break me, yes ghaaaAAAAAh~♥□♥□♥□♥□♥"

Again, by the other, Seraphina began to fill another one of her orifices. Her body reacts before her mind, she didn't even know what she was saying, it was just her desires coming out of her without any filter.

Alice was already on the verge of insanity; she was beginning to lose herself in pleasure and her mind barely understood anything.

Only the stimulation continued to keep her conscious. Her face was a messy mess and her body was so tense that her legs were now as taut as they could get, in (V) going past her head.

"Uggg , the big one is coming" (X2).

The two Seraphinas sensed the real deal coming. One launched a quick purification.

To prepare Alice for what was coming AND she was about to shoot the biggest load and wanted to enjoy it to the absolute maximum.

She was already at her peak and almost nothing away from the inevitable, but it was at that moment that....

" aah!"

The Seraphina in front got carried away and stumbled backwards. Luckily, behind her was the bed.

But it was a critical moment and the sudden movement dragged Alice with her, leaving the Seraphina behind, who didn't hold Alice well enough stabbing into the air.

Ughhh ! Alice, take it all."

Gush!!.... gush!..... Spurt!

" Gyaaaaaaa !!! ~ ♥□♥♥♥♥"

Psshht... squirt. splish.

" Hey!, wait!!!!!"

The Seraphina in front didn't even care that she had fallen backwards and held Alice tightly by the waist, making a big upward motion, invading Alice's womb starting to release her big load.

The standing Seraphina could not allow such an injustice, she did the impossible and endured the inevitable, for a moment, and so she immediately jumped up and positioned herself over Alice.

"nooo, I won't do it outside!!!"

His member was throbbing and over the edge. Luckily , Alice's rear end had not yet regained its shape and at the last moment it went in easily all the way in.

"argh!!! that's it!!!"

Spurt!!! gush... schloop.

The adrenaline of the moment and the relief of not shooting into the air made this orgasm, which she had to delay a few seconds, feel more glorious than ever.

" Uuggggghhh !!! ~♥♥♥♥♥"

hhrrpphh...mmmp... thwppshhh.

Amabas began to fill Alice like there was no tomorrow, especially the one behind her as he rested his weight on her and without any mercy, it was feeling so good he was even pumping as he released.

"ughh~♥□♥, huugghkakh~♥♥♥♥♥"

Squirt!!! Squirt!!! Squirt!!!!

Alice felt oppressed and helpless between both seraphina, who were simply bent on filling her until she could no more, making her vagina and anus contract to the point of near impossibility.

Her head, between the sensations, was about to turn to mush, but that's what she wanted, she wanted Seraphina to tear her apart, use her and do with her what she wanted.

"more~~~♥♥♥♥♥"

Chapter 258: Reintegrate me to my normal life

"Oh!, so, that's what happened. I actually forgot to mention that issue with Silvia before I left..., um.... so she finally decided to fix herself up that's good."

It was the next morning, and as if that wild night hadn't happened now it was the four of us having a leisurely breakfast: me, Elena, Alice and my doppelgänger.

The time in the demonic world and here was about the same, so, when I arrived, it was Sunday morning; I slept most of the day and awoke about sunset.

From there I continued with Elena and Alice late into the night.

Now, reintegrating back into my normal life, we prepared to attend the academy.

Luckily, I arrived on time and even had an extra day that allowed me to have fun with Elena and Alice.

As Elena asked me to tell her what I had done and of the exploits, unfortunately that made me remember what my doppelgänger had experienced at the end with Akihara, and filled me with a bad feeling.

I Just hoped that, as with my alternate self, there would be no need to meet her again.

And I also raised the issue that I thought was the reason for Eira's outburst and as I thought, it was because of Silvia.

I know that Eira doesn't like Silvia very much since that accidental breast impact she received, or rather she already had a natural hatred for big breasts, I already knew that because Selene had told me about it a long time ago.

But now that she is in my harem I am worried about introducing her to Astrid, who is even more prominent than Silvia.

Come to think of it Eira is alone in this harem, without telling me she is the scarcest in that area.

'humm, later, I'll tell her that being flat is in fact a good thing'.

"Mhnn, big sister, really, isn't Silvia part of our family? Isn't she also a big sister?"

'Humm...,' I think I'm understanding what Alice is basing it on, deciding between older and younger sisters.

But if I remember correctly, Silvia's age right now is... oh, she would be the youngest of all of us, she's not even legal yet, and if she joined it would further complicate the relationships in this Harem.

'no!!!, that's not important; it's not like she's going to be part of my harem to begin with. '

"No, Silvia is just a friend. Well, she knows My secrets due to the peculiarity of her ability... humm, I can't talk about her ability without her consent, but that's how things turned out, she now knows a lot of things about me but she's just a friend."

"Humm... seriously, too bad, big sister is not lying Elena."

"..."

Apparently Alice was also doubtful, about my relationship with Silvia, and I don't blame them so far I've only told important things about me to them and even I haven't told Astrid or Lily.

Alice was apparently checking to see if I was lying, although I always wonder how she is always so sure whether I am lying or not.

'Really, I'm bad at lying?. I mean, I just got back from an infiltration and, even if I do say so myself, I think I was pretty good at lying.'

Yes, I think my legacy of lust is flawed, because Alice definitely must have a lie-detecting ability, since it's hard to fool her and Elena can read minds.

"My lady, I can't read minds."

"You liesssss!!!, it's not convincing when you refute what I'm thinking."

"....."

She was definitely playing with me. I saw the corner of her lip curl, but no matter how much I look at her state there is no mind reading Skill.

"Alice, really, am I easy to read?" my doppelgänger asked Alice.

"Well, big sister, before you told me your secrets, I didn't notice it; but after that it became easy for me to understand you and it's not just because of your expressions...it's like...hum...feminine instinct?"

"I don't get it."(x2)

yeah even being a woman I don't think I can understand how women work, it's like a universal law that I won't even question.

Maybe someday I can develop an ability like them..., I'd prefer that one, that makes you always be right, I feel it would be very powerful.

Leaving that aside, while I was eating, I looked at Alice's State.

-----.

Name: Alice Verdant

Race: Semi-Elf

Rank: Intermediate Transformation

Gender: Female

Stats:

Strength: 187

Mana: 196

Agility: 183

Defense: 126

Vitality: 198

skill:

Song of Nature (Ω)

Affinity for Plants (EX)

Affinity for Bows (B)

Parallel Thinking(c)

Doppalganger(c)

Forest Assimilation (C)

I finally understood from whom i had received the parallel thinking upgrade before I left, I must say she got two useful skills in the first two syncs, or, rather, she had a good compatibility.

"Hey, Alice do you know that you now have the doppelgänger ability too?"

"Huh?"

"You can do the same thing I do now and create a fully functional doppelgänger, with a parallel thought inside."

His abilities were one rank lower than when I got them, since he had the synchronization when they were both rank (B).

but I just have to check their limitations, so I can come up with a way to upgrade them to the rank they had when I got them, then I'll show it to bring it up to my rank.

'three, not four Alices, at the same time heuehuehehu.'

"Oh, I can be like big sister...!"

"Well, you lack morphogenesis, but I'd recommend you do one and leave it practicing a breath or learning whatever you don't have time for. They are very useful..."

Click.

Just as I was about to explain to Alice the sensation to activate the doppelgänger and its advantages, I heard the door open.

By this point, there were many people with the copy of my room key and now I had to make one for Eira, or maybe she would get mad.

But more important than that was...

The front door opened, and I saw the cute pink cat twins walk in.

"My cute little angel! My little berserker!" (x2).

The excitement was double, and both my doppelgänger and I leapt like beasts towards our prey.

I couldn't contain my joy at seeing Selene and Eira again after more than a week.

I wrapped them both in my embrace, I was really happy and I felt that everything I did was worth it, they were the ones who helped me the most during the whole mission and I am more than grateful.

Especially Eira who helped me despite all the complicated things she was feeling when I had just left.

"You woke up..." (Selene)

"What's this 'little berserker', you bastard, you bastards..." (Eira).

Ignoring the angry Eira's first words, I knew she wasn't being honest.

Even though last night, when I finished recovering, I deactivated all mana-spending skills, including resonance, I couldn't fool myself anymore, I knew she was also happy to see me.

I more or less already knew from what I felt through the resonance when I was on the other side, but seeing her face to face, I was sure of the decision she made.

Mwah-mwah-mwah-mwah

So, happily, both my doppelgänger and I encircled them in our embrace and began raining kisses on both of them.

"Mhnn hee~..."(Selene).

"Bastards, let go of me!"(Eira).

While one was happily receiving them the other, seemed to be resisting.

"Someone is still very dishonest." (x2)

"Stop double-talking, it's disturbing, dammit!"(Eira).

Ignoring Eira, who seemed to want to escape my embrace, I started kissing Selene. Just for this moment I activated the resonance again.

I felt her emotions of happiness and love, and she felt mine through our connection. It felt like a more immersive experience.

"At least transform into a man first? Hummnnn."

On the other hand, my doppelgänger started kissing Eira. She seemed to resist because she was still in female form, but not two seconds later she gave up the resistance and even reciprocated the kiss a little.

When our lips met, multiple emotions exploded. As always, Eira was a bit of everything: embarrassment, confusion, anger, relief, happiness, love, and all her dissatisfaction disappeared.

The four of us lost ourselves in our world for a while, sharing our intense emotions through our connection.

At some point, to be fair, my doppelgänger and I exchanged. I knew Eira was fussy and, if she found out later that it was only my doppelgänger, she would be angry.

'It's funny how I know her so well, even though we've only just started dating.'

"Puhaaa~ that was intense, we have to do it again."

"Yep..." (Selene)

"...y-you fucker, why are you kissing me so confidently?" (Eira)

"Because I missed you, isn't it obvious?"

Honestly, it was a pity that it was only a short time before I entered the academy, otherwise I'd want to do it with them as well.

Unfortunately, yesterday, when they both saw that I was fine, they decided to go to Lily's because, although I didn't tell her, Lily, maybe because of her instinct, understood that I was doing something dangerous, and I promised to tell her as soon as I was fine.

So before I fainted, I told the twins to let her know that I had arrived safely and so far they had returned, perhaps to check on me.

On the other hand, I didn't understand Eira's question. I just did what I felt I had to do, I really missed them with all my being.

Well, I guess I should have transformed before I kissed her; I was used to the rest of them not being bothered, but maybe it was still too early for her.

'I'll take note: be progressive and slow... although, in time her tastes will also become distorted. Heuehuehe.'

"I-I still haven't said anything about my decision, about all this madness."

"Ah?...you know it's clear at this point, don't you?"

I don't understand why he still resists, if I felt through our connection that long ago, she put his thoughts in order and understood how she felt about me.

I had already understood by the end of the previous week, that was the wonderful thing about resonance: no words were needed to understand each other.

Of course, if you filtered through the myriad of different emotions. Honestly, I feel you have to have a personality like Selene's to be able to live like that for a long time.

Occasionally it was fine, but I was on the edge just with this one continuous week. That's why I would turn it off when it wasn't necessary anymore, although I felt the problem was Eira, as Selene didn't cause me that much trouble.

'No, let's get sidetracked.... Eira is going to confess me.'

"Damn it! I don't know what you expect, but I'm not going to confess..., if you already know it's fine, but I still don't totally accept that you're a woman."

"... Well you confessed before anyway, I remember how you cried while you were clinging to me and-"

"That doesn't count!!!, forget what happened that day!!!"

"Hee~, I will not. And about the other thing, don't worry, it's normal. Do you see Elena around? She didn't like women either, and look, now she's a... Ouch! Hey!, Elena, don't pinch me so hard, I wasn't going to say anything bad."

Elena, who appeared behind me, pinched my side. She obviously didn't want me to talk about her past.

And well, about Eira not being interested in my appearance and actual gender, I don't care It's completely understandable that they, being originally straight, don't like me being a woman.

It's completely normal and they don't need to force themselves to like someone of the same gender after all I can transform and Chris is solidly my second identity, they are not obligated to anything and I don't care if it stays that way for the rest of their lives.

I mean, if I reversed things and they told me I was obliged to like a man just because he puts on a wig, I'd be the same... although if he can totally transform into a woman... maybe(— _ —)

'No!, let's not think about that. It could be dangerous.'

The point is, I totally understand why he's resistant to liking my female form. Now it's up to me to slowly show him that this side is also good.

Over time, he may change his perspective, like Elena. And, despite the multiple emotions Eira had when we kissed, the rejection was so minimal that it seemed to be only a matter of time.

Chapter 259: You Must Learn To Moderate Yourself!

"my lady it's almost time to go."

"Uh, oh yeah, wait a minute, let me.... No, wait, come to think of it."

Now that my mana was full again, I was about to do an active resonance, so I wouldn't be left with an empty tank after creating a third doppelgänger,.

But I remembered there was something else to fix, specifically my hand.

"Ugh!!, gross."

Last night when I saw this quirk I had made a quick fix, but now that I was getting my hand back to normal, I saw it transform into something that honestly kind of grossed me out.

I looked at my doppelgänger and it had the same thing. If I created a second one, I would also have this problem.

"My lady, I think it would be better not to show that."(Elena).

"It's really creepy, are you sure you're human?"(Eira).

"I think it's cute."(Alice)

"Little..."(Selene)

What I saw yesterday was not my imagination, that explained why I felt weird, I didn't have a stump as I expected, but a hand... but small as a baby's, starting from the place where I cut myself.

It was so weird that it was unpleasant, although it worked normally when I moved it.

Yesterday I had ignored it and, using morphogenesis, and temporarily returned it to normal, but I had to fix it so it would be permanent.

If I had to say what caused this, I would say it was the new ability I got from Akihara. Regeneration was the most likely culprit.

Usually, healing magic couldn't recover amputated limbs, at most only join them together if they were intact, but growing them back was impossible....

At least, in this realm there was no magical branch capable of doing so and finding it even in the most advanced places of this world was difficult and rare, being strictly controlled.

But as always thanks to my alternate self, I had that kind of magic, a branch of light magic that could regenerate limbs.

But they were such advanced spells that they required a great deal of mana and handling over many runes.

To regain a hand, I would have to perform a ritual with all kinds of support, materials and preparation and I would even need my doppelgängers to help me.

so this skill should be something that normally I, and anyone in this world, would appreciate.

However, I had a different trick that was even better and efficient. I felt that, if I left it as it was, I could get it back to normal eventually, but it wasn't worth it, so....

"Elena, cut it."

"...."

"Minuo Dolorem."

I held out my little hand for Elena to cut it off while I cast spells to reduce the pain.

"...."

"Come on, I already cast an anti pain spell..... If you don't cut it off, I'll use it for other purposes in the night, huehueheu-."

Swoosh.

"..."

Before I even realized it, my hand was once again severed. Well, that was what I wanted, but she was more determined than I thought.

But I decided to ignore it since I had to act fast or I would bleed out. I activated morphogenesis and started to grow a hand from the wound.

Then I started casting continuous healing spells on myself. My purpose was to do the trick I learned.

Using morphogenesis and undoing some parts, opening spaces little by little as if they were wounds, I was rebuilding my hand only with normal healing spells.

Closing the wounds, finally my hand created with morphogenesis gradually became a real hand.

You could say I fooled the healing magic with morphogenesis, which otherwise would have closed my wound into a stump.

It worked, so why not use it?

Well, my hand was now fine, I had no problem, the hole in my chest was properly closed and no problem.

So now it was completely fine and without any scratches or problems and I could go to the academy as usual.

..

As a mental note, I'm going to ignore that I saw Alice keep the severed little hand I didn't see anything.

..

With my doppelganger I did the same, after all just morphogenesis was enough and it didn't even consume that much mana.

'Good, now there's no problem.'

I still hadn't deactivated it and asked the twins to resonate.

I quickly created my last Doppelganger as I had to see Kiel, and accommodate him in addition to talking to that suspicious woman.

Was a new trick so I showed it to the girls proudly.

"See, now I can create another one. now there are three of us and three are one, huehuehue!" (x3).

We spoke in unison to make it clear that the three of us were under my total control.

"I quit."

"Huh? What did you say, Elena?"(x3)

"I said I quit."

"Huh? Why? What's going on?"(x3).

"My lady, I've reached my limit. I could barely stand two of you, now there are three of you! I can't take it anymore, I quit. You are like a cockroach and you will continue to multiply."

"Wait, Elena, let's talk first...also you know in spite of their appearance the cockroach are respectable beings" (x3).

I saw Elena throw away my uniform tie that she was about to pass me and go to her room.

I didn't know what she was thinking, but I couldn't live without her, so I quickly clung to her..... or rather, the three of us clung to her.

But she didn't stop and dragged us away.

"..."(x3)

The rest of the girls just watched the scene, though I would appreciate it if they could help me appease Elena.

..

.

Finally, Elena, who wanted to quit, was mollified. I made it clear to her that my third doopelganger was not for a third identity, or anything like that, and that she would generally stay out of sight, which was what I had originally planned.

Although she looked at me coldly when I did not deny that I would possibly use it at night, but in the end she seemed satisfied, not to have three like me hanging around and causing trouble.

I couldn't complain, since I myself occasionally lose patience with my own doopelgangers, which is stupid.

..

I put the second doopelganger into the dimensional stone and activated morphogenesis and returned to Chris' appearance after a long week.

As usual Under Elena's concealment, we left, out of the female dorms.

..

.

As we walked through the academy grounds, my doppelgänger and I quickly told Eira and Selene what had happened.

It was at that moment when we passed by a somewhat secluded place that we liked to pass by, because of the good scent that the flowers emitted in the morning.

There, we saw someone who seemed surprised to see me... or rather, to see us. Immediately, she became nervous.

That was Silvia, I had heard that she had a radical change of appearance, but I only see that she had her bangs and hair done.

She's still wearing the big glasses that still cover most of her face. Well, those especially big round glasses that reflect a lot of light are the biggest obstacle if she wants to show how beautiful she is.

Not for nothing did I replicate it to hide my feminine appearance, and avoid William's attention which so far has worked wonders.

I looked at her in detail and certainly now all she had to do was take them off and she would be in her prime.

Those glasses certainly do not allow to properly appreciate her face, even more when as an extra you have to fight against gravity, not to look at her big chest that always attracts the eye.

'Certainly Silvia has a beauty difficult to appreciate...no!, more important!'

I wanted to talk to her, if she had come looking for me earlier it meant she had already processed and thought through everything I told her and showed her.

Ignoring her nervousness, I quickly moved ahead of the group grabbed her and dragged her to a secluded spot, where I placed a sound barrier.

"Okay, Silvia, tell me what you have to say."

"...Huuu...haaaa~..."

She looked nervous and fixing her breathing. Although she usually acted like this, she wasn't usually this nervous when she was with me.

I guess with everything I said and what happened, she might not know how to treat me now, so I decided to lighten the mood.

"What's the matter, why are you nervous? Don't tell me my beautiful face captivated you or something....but I'm sorry, Silvia, but I only see you as a friend."

"..., haaah, stop, stop talking nonsense. You're not even that handsome, it just took me by surprise. From what I heard, I thought you weren't coming today."

"..."

'Tsk, I forgot I wasn't that handsome anymore. Seriously, the key factor of being a gigolo is being handsome. Damn shallow world.'

Well, he seemed to calm down so if it worked.

"Why didn't you tell me you were going to the other side of the world this week? , you know how awkward it was when I came to your room, you should have warned someone about me beforehand."

"I forgot... Teehee~(ʌ ʌ)."

"Don't play dumb, it was an important topic. Thanks to that Your crazy girlfriend attacked me, I didn't even know you were dating her."

"Oh, yeah sorry about Eira..... Things between me and her happened out of the blue. One day after talking to you I went to see my mother-in-law and somehow ended up dating her. And that's why I forgot to tell her about you. That day was crazy, you won't believe it but now....".

"stop...Haaa~ you tell me about that later, let's get back to the main topic. Regarding what you told me about your secrets and stuff...."

"Fine, say it. I'm ready for everything."

It was crunch time. At least with Eira, over the course of the week, it was conveyed what she thought of me and, at a certain point, I stopped worrying.

But with Silvia, I had no idea what would happen. It would be a shock to lose a friend like her. I felt we were both very compatible in the friendship sense.

"First of all, do you know why I even needed time to think after you showed me all those memories?"

"Well... I know it's hard to accept your future you, but acceptance is an important step that-ugh!!!"

"No, you idiot!!, that wasn't the most important thing!"

Before I could finish answering she kicked me, and it wasn't a normal kick it was imbued with some spell to make it hurt.

"Hey, Silvia, don't you think you're hitting me more lately? You don't even hesitate anymore... Where was your shy, whiny personality in the beginning?"

"...as I was saying The important thing is that, thanks to you doing that, you destroyed all my faith and belief in the gods."

"Ahh!?...Oh!..." (⊙ ◦ ⊙)

Now that she mentioned it, I realized, I hadn't thought of that. When I showed her my memories, I selected all the memories of my interactions with Silvia from the alternate line, but I didn't consider anything else.

There were many things that could destroy beliefs and more, like generating hatred for the gods.

"Do you know what it feels like to have your beliefs come crashing down in an instant, just like that?"

"humm..., that certainly was a mistake....., I hadn't thought of that."

"Of course not, you idiot! Do you know the internal conflict I had to go through, do you know what it took for me to understand that the world I was living in was different from how I thought it was?"

"b-but it would eventually pass, wouldn't it?"

"But it was gradual!!!, you idiot, throw it all at me at once, you think it was a nice thing to do!!!, you must learn to moderate yourself!!!"

"Wait, Silvia, calm down. The girls are watching us."

Silvia became a little hysterical and started grabbing me by the neck and shaking me. We were out of the way, but still in sight of girls, who hadn't left and were waiting for us to finish our conversation.

The funny thing was that, on that side, there was Eira, suspicious of my relationship with Silvia and also grabbing my doppelgänger by the neck, demanding explanations.

Chapter 260: Best friend forever

"Haahh.... haaahh.... okay, I've calmed down now. I just wanted to get some of my complaining out."

"What kind of physical complaint was that?"

"What did you say?"

"I mean... it's good that you let your emotions out."

If with that she was letting my mistake go, I think it was fine.

"Haaa~ then what do you plan to do? We're not in danger now that we know this, we're agents, at any time they can-"

"ahh!? oh!, that's, right, I didn't mention it did I...? My legacy is a powerful legacy, it has an ability that allows me to prevent the gods from knowing what I do and think, and trick them into seeing something else."

"What, is there such a thing as that! But what about me, I don't have your legacy, and at any moment..."

"You don't need to worry either. You just need to, from time to time, drink the potions I give you and my ability will affect you."

"Y-you should have told me earlier!!! Do you know how anxious I was all week when I finally understood the implications?"

"Teehee(١٠)... No, wait, why are you hoarding so much mana in your leg, what are you planning to do?"

yeah, I have to be more aware of things, I should have thought of all this when I told Silvia the truth, no wonder she was upset.

Now I had to be careful or I might start to have the same habits as Elena and create another dangerous weapon against me. Her kicks were starting to hurt more and more.

'Pure intentions, help me...'

"Your pure intentions don't work on me. This is to get you into little awareness and empathy."

"...Hey, Silvia, I always wondered.... how did you read my pure intentions? "

"You're not going to change the subject."

"Ouch!!!! was it necessary to kick me in the butt... well, that blow did deserve it. But it's genuine curiosity! You didn't create some misunderstanding or something!"

"At first yes, but after reading things like 'Chris is thinking if his two hands together can encircle one of your breasts (with pure intentions)' or 'Chris is thinking of impressing Lys with his strength, to join her to his harem (with pure intentions)', I started to doubt."

"oh? That's how it looks, how interesting, in a way you are invulnerable to this aspect of my blessing, well good thing there is no misunderstanding, about your chest it was genuine curiosity there was no perversion in between."

"haaaahh~

...you're a basket case, even because I'm close to someone like you"

"it's true!!!! That was the important issue here!!!, what's your verdict regarding our friendship? You know, you are my best friend, I want to stay like this for a long time. If possible, till the end of our lives."

"..."

"You know, you are the first friend I made. In my previous life I had nothing and, well... you're the only one I can consider a true best friend since I came into this world."

Leaving aside the girls, who had motives beyond friendship to begin with, the servants of my house and family, Silvia would be my best friend.

I'm going to ignore the rest of the guys in the group including William. At most, they would just be Comun friends.

Silvia is my true partner through thick and thin, my only best friend, and not just because she was in my previous life, but because that's what I believe from my experiences with her so far.

With her I can talk freely and honestly, plus do many things that with others I can't, she is someone I can trust.

"..."

"And I want to keep it that way until the end. Even when we are old we can marry our respective grandchildren to each other. I know you like to plan ahead, don't you? Think about it, I'm thinking of naming one of my daughters after you and-"

"Stop, stop, I get it."

"So..."

"Yeah, for starters, you didn't have to worry, I wasn't thinking of breaking our friendship."

"Oh!!! It's good, our friendship will be everlasting"

" haaaah~... although, honestly, I'm going to refuse that thing about being your best friend forever."

"What? Why? We are the explosive duo Silvi-Chris or if you want now Silvi-Phina."

"^ ^ Yeah, I definitely don't want something with that adjective forever..... Okay. that aside, there's one last thing."

"What, why, don't change the subject. This is an important topic, our eternal friendship depends on this."

"It's about Will."

"Oh! Don't tell me, finally understanding what will happen in the future, you decided to go all in with William. Don't worry, I'll tie him up and take him to your room. I was still planning to do it if you didn't make progress, before the end of the year."

"Don't do it! And that's exactly what I want to talk about... stop being so radical about it."

"but, it's just that you..."

"haaa~ look, since you lived through it too, I think you understand, right? the person from those memories and us now are not the same person, or do you think you look like what you call "alternative self"?"

"well, you're right about that..."

"that's why I think it's time for you to stop being so prejudiced towards me, you really think I'm a crazy crazy person, like in those memories."

"...a little bit yes, ouch, stop kicking me!!!"

"ehem...as I was saying, I understand why you want to pair me up with Will and your intentions, even if they were exaggerated"

" you understand me now, that's why I wanted to..."

"let me finish"

"..."

"but as I said I don't think I'm the same now as the one in the memories so you don't need to act like that"

"..."

' wait, are you saying that you seriously don't like William or something, I was still being tsundere?'

' No, I'm not tsundere, and I'm not going to be a yandere either,"

"..."

Leaving aside that now I don't know if it's because she's using her ability or I'm easy to read like Alice says.

I think Silvia is exaggerating, although, it is possible that we are different in the way we make decisions and act, because of the differences in our experiences, it is obvious that we are no longer the same person.

But I think the essence of who we are remains the same, and I don't think her yandersimo will vanish out of thin air just because she says so.

I would just be denying it right now, which would be tsunderism in a way, basically nothing changed.

'hups...I hope she's not reading my intentions'.

in fact, now Silvia knows a lot of things, my alternate self told Silvia things and we would talk about those things back to back.

Now with the memories I gave her I think she understands most of my words, and what it means to be a Tsundere and Yandere, I have to be careful.

Well either she didn't read what I thought or she decided to ignore it she continued with what I was saying.

"so, I appreciate your help with Will, but it's not..."

but what she was about to say didn't give me a good feeling, especially when she seemed totally serious.

"Wait, you're not saying that..."

"Yes. While I appreciate your help, you don't need to be so forceful. Let's just carry on as usual. I think now that I know what will happen, I can handle things better regarding my relationship with Will."

"...Whew~, you scared me. I thought you'd say something like you don't like him anymore or something."

"Hey!!, why would that be a problem?, wouldn't it be better, so potentially nothing bad would happen, right?".

"Well, you're right, but if you didn't like William, and having someone as irresistible as me around, I'd be in danger. ughhh! Stop kicking me! I won't stand for this! Take this!"

"Ghhk! You're the one who keeps asking for it and talking nonsense! You're not even that handsome as a man. Besides, uwahh! You know I don't like getting my ribs poke me, but you keep doing it!".

"Waaagh

!... I do it exactly because you don't like it, silly. Duh!!!"

"So childish... Ghhhk! Okay, let's stop! I don't want to end up fighting, it's not worth it and classes are about to start."

"Aghh! You're the childish one! You say let's stop and then you throw the last punch... but fine, let's stop."

If we kept going like this, she capable and would start conjuring a self-destructive spell again.

"Haaah~ In the end, we're left as we were. But like I said, there's no need to be extreme."

"...Okay, team Silvi-Chris forever."

At first I thought he was going to say something like he didn't like William in this timeline anymore or something.

Fortunately she just doesn't want me to be extreme with the methods. Although I think that would be the right way to go, it is true that she now also knows the future, so she must understand her own path. My role now is to support her.

And most importantly, our eternal friendship was never in jeopardy, so all was well.

'I wonder now that we are sincere friends and she knows I am a woman, will she let me massage her breast?'

"Yes, definitely... I'm opposed to being your long-term friend."

"What, why?"

..

.

After we finished that, I was happy that most things were going well, although Silvia hasn't taken the tsundere out of it; in fact, it even escalated to affect our friendship, but things were still good.

On the other hand, I had to clarify again with the girls, especially Eira, who don't understand that I'm not flirting with Silvia, but rather it's an expression between friends.

At that moment, when we were already about to enter the classroom, perhaps because I solved all my priority problems, I finally remembered a topic that I had postponed and that, in fact, I shouldn't have done it.

"Come to think of it... Did Aurora come while I was gone?"

"No, big sister. We thought you told her it wasn't necessary for her to come this week?"

"....."

No, in fact I had forgotten to tell her that there was no need for a report last week, but the fact that she didn't come means that something could happen to her.

After all, it is semi-obligatory by contract to come and see me unless I say otherwise.

I quickly looked around the classroom and sure enough, she, who is usually among the first to arrive, wasn't there, and worse, I had a bad feeling about it.

"Shit... Number, uhem, Seraphina, you take care of it. I'll go if I have to."

"Sorry, I need to go see what's going on. I'll try to get back as soon as possible."

I didn't know exactly what his situation was, I just hoped it wasn't too late, or that it wasn't anything serious to begin with.

Now I'm regretting that I let it slip that I neglected that she was going through a sensitive phase as a half demon, but as far as I know nothing serious should be happening to her to begin with and she should be past the worst of it by now.

I sent my doppelgänger to check on Aurora's situation, but well, maybe I'm overthinking it and simply had a reason, not to have come.

After all, I had told her that, if there was a good reason or something, she didn't have to give me a weekly report, now I hoped that reason wasn't something bad.
