

The Noble 271

Chapter 271: Capable man

"Oh! Aurora, we're back. How are you feeling? Gaahh!... Hey, what happened?"

When I entered my room, I was greeted by a surprise attack, or rather someone impact against me immediately I opened the door, realizing it was Aurora, I stood, uncomprehending for a moment until I heard her.

"Waahh~! I'm glad you're okay... sniff~ I-I was so worried... hic y-you... there was a loud sound and.... and then the portal disappeared.... bwaaahh~"

"This... hey!!, Elena, didn't you explain anything to him?"

I knew, I myself didn't tell her exactly what happened, but with how smart Elena is and how she always seems to understand me, I believed that she had explained to Aurora or at least reassured her that I was okay.

"Yes I did, my Lady. When I understood what happened, I brought her here and told her she could rest assured, that you were fine."

"Big Sister, we knew you were fine, but I don't think we were able to convey that to her properly. We didn't know how much we could tell her."

"I understand, well it's too my fault, I didn't have room to explain either. The truth is that I didn't expect all of that to happen all of a sudden.... This, Aurora, as the girls said, there is an explanation. I'm glad you cared about me, but..."

"Wuaaahhh~"

"Hey, since when do you have a crying personality? No, rather, stop doing it... I feel like you're going to regret it later and I'm going to pay the consequences."

"I'm glad you're okay.... buaaa~ that's good...really good...sniff~"

"wait, stop, don't cry for me, don't get out of your character that gives me anxiety.... I don't know if this is good or bad Elena, Alice, help me!".

The truth is that I didn't know how to deal with the situation. Aurora was more worried than I originally thought and, although it should be good for my plan to get her into my harem that she cares about me, I don't feel good at all.

Originally, I was accommodating Kiel in the dimensional stone. Although I wanted to talk to that woman who looked like Aeloria first, she was still in hibernation or whatever, and according to Kiel, it could take anywhere from a few days to a few weeks.

So there was nothing left to do but wait for her to wake up. That's when, because Number One detonated, I left the dimensional rock as soon as I had the chance and integrated into afternoon classes like it was nothing, instead of coming here.

I thought she would be reassured by Elena and Alice's explanation, but apparently she was not. Now Aurora was crying on my chest, very worried.

She, usually, when she was Auran, was a quiet, friendly boy who was easy to talk to and get along with.

I didn't know how much of that was her faking it, but that's mostly what I and others saw every day.

I don't know if it will change now that she revealed her identity and gender. But that aside, when she interacts with me, as Seraphina, she is less friendly and always walking around defensive and fearful.

Only lately did she seem to stop fearing me, although I still feel some defensiveness against me and my attempts to seduce her.

The point is that only today I have seen more facets of her than I have in the last few months. Now I really wonder if this is, in a way, her letting me into her walled heart a little, which in itself would be a very good thing.

But therein lay the dilemma of my current situation. The truth is that, for me, the matter was not so serious or worrisome. I was merely wasting a newly created doppelgänger, to the extent that I thought I could go to class normally without any problems.

'Damn, I should have come right away after class! No, I should have come as soon as I got out of the dimensional stone.'

After classes, instead of coming, I went back to her house, retrieved the storage my doppelgänger threw before entering the portal, packed up all her stuff and checked that there was nothing strange at the scene.

Not only that, I took the liberty of waiting for Elena and Alice while I ate a leisurely ice cream and watched the sunset in a nearby park.

'I'm a fool for not making her a priority.... It's like Silvia says, I should have more awareness of how others feel and empathy.'

I was definitely worried to the point that it came out a rare side of her and I don't know if I'm capable of deserving it.

Now I don't know what to say to her and I have no excuses. If I say it as lightly as I did, Maybe she will expel me and now even put cannons on her defenses, and that was not good.

So, after reassuring her, I tried to explain to her as seriously as I could, without underplaying her feelings, I tried to be as reasonable as possible and even explained to her my doppelgänger ability, no matter if she connected something after.

..

"..."

"So... who you were with was a doppelganger."

"..."

In the end, lucky or not she stopped crying and her reaction was more lukewarm than I thought. But still, her look, devoid of any emotion as I explained things to her, made me nervous and I wanted to change the subject.

"By the way, as I said before They showed up, I wanted you to stay to check on your health. We have a spare room and I already brought your things."

"..."

"You don't have to worry, Elena basically doesn't use that room and there's nothing there."

"..."

"Your body is now something special and I need to keep a close eye on you for any possible reactions and..."

"...."

"Ya, okay! I can't take it anymore, say something, I'm getting anxious about your silence."

I thought I could change the subject, but her impassive gaze sent me over the edge. I wanted to know what she was thinking, but I found that resonance didn't work, as she could also disguise her intentions with her blessing.

"Give me back."

'Give me back? Give what back...? No, wait, did she realize I took it?'

Remembering what I did a few hours ago, it was discovered. I thought about it and Ella Maybe she was telling me that, if I gave it back to her, she would forgive me for worrying her.

It was a pity, since it was going to be an object of study, but I guess, if that gets me her forgiveness, I should be okay.

"...Here it is."

From my storage I pulled out what earlier Number One had kept when she entered Aurora's room: a sexy panty. Pitifully, I had no leeway to check whether it was worn or not.

"Big Sis, I don't think that's what I..."

"Miss Aurora, please take 'George' and help me put some sense into her."

"Hold it right there, Elena! Put that away. Don't think I don't know you've been trying to get even all day. You're only doing it for personal reasons."

"You don't deny it! And stop trying to pass it on to Aurora, I'm not giving you any sweets I brought back from my trip. hey!! Aurora, don't take it, wait! wait! what did I do! you asked me for them".

"Give it back my worry! I must have been crazy to worry about someone like you!"

"No, wait, Aurora! I'm sorry, but violence is not the solution.... Wait... Are you embarrassed? Ugh!!!"

"You hopeless damn pervert!"

"Miss Aurora aim for the head, maybe that will fix it!"

"No, not to my beautiful face noooo!"

There I was, being brutally beaten. Honestly, I don't know if I deserve it or not, but I feel it's good that she only seems to be embarrassed about what happened and not holding a grudge against me for unintentionally downplaying her situation, it seems her heart didn't close its doors for me.

Honestly, yes it was my mistake, and I think it's something I need to correct.

The truth is, it doesn't hurt at all. After all, she is a mage and her strength and physical abilities are far behind me. But if it satiates her heart, I'm fine with that.

But I also think it's unfair. She made me misunderstand that she knew I had her panties. Also, if I'm not mistaken, I saved her life, and I think it was twice.

Another thing is that to mention that my main self, went to enjoy with the feline family.

'Haaa~ the world is so unfair.... Also, I shouldn't have returned them. This was my biggest loss today.'

"Miss Aurora, you can put more strength. This is also a doppelgänger, so you shouldn't have any consideration. Besides, he's still in pain."

"Elena!!! I'll remember this... No, Aurora, let's handle it calmly.... Don't get physical reinforcement.... Noooo!!!"

"Die."

'I will definitely give all the sweets I brought from the demonic world to Selene, this black-hearted woman who calls herself my servant and girlfriend doesn't deserve even one.'

"Lily!!!"

"Sweetheart!!!"

At that point, we hadn't even reached Lily's place when, on the way, we bumped into her. As soon as I saw her, I jumped on her and she too ran towards me with open arms.

Mwah-mwah-mwah

We hugged each other tightly as I showered her with kisses and she showered me with kisses, until finally we had a long, passionate kiss on the lips.

"Muaawwaa!"

..

.

"I missed you, Lily."

"Me too, Sweetheart."

"Hey, you two! If you're done, move along. If I hadn't cast a presence inhibition spell, you'd be a sight."

Finally, after a while, we parted and someone's (Eira) angry voice reminded us that we are in the middle of a busy, crowded street, so we continued on our way, but I couldn't help but ask Lily

". Lily, what are you doing here?"

The four of us walked towards Lily's place. It was still more than a block away, and I didn't understand why Lily was here instead of at her place.

"Well... the thing is, I was a little bit excited about your arrival and decided to wait for you outside."

"Oh, that makes sense."

"No, it doesn't! It's not just outside! We're several blocks away!"

"But Eira, technically she waited for us outside, correct? Don't complicate yourself with little details."

"Yeah, dear, little details. "

"눈_눈"

"... stop, don't look at me like that..., the truth is that I was so anxious that I walked a little to see them faster, Sweetheart!!!"

"Oh, Lily... I wanted to see you right away too."

"Sweetheart..."

"Lily..."

"Hey!! you two, really, stop it already!!!"

"...By the way, Sweetheart, I think Eira needs a..."

"Yes, I understand, Lily. In fact, I plan to give her all the love she needs today."

"That's what I mean, Sweetheart. You know, she calls me 'old hag' more often now. My little heart can't take it anymore. You've got to take all that pent-up frustration out of her. I'm willing to give up the first round."

"You two, stop talking like I'm not here! Who's frustrated?"

"Yes, I'll be sure to fill her up in recompense for the whole week I was gone, not just her, but all of them...!"

"I'm glad you're a capable man, Sweetheart. Well, let's hurry! The sooner the better!!!"

"Don't ignore me!!!"

..

.

Chapter 272: My cute Kitty(R18)

Finally, the four of us arrived at Lily's place and went straight to her room without further ado. Just when my fantasies and desires seemed to be fulfilled....

"Lily, you can't break your word!"

"I'm sorry, Sweetheart, but I'm not ready yet. Have fun with my daughters first, I waiting for you in VIP room 1."

"You promised me action, mother and daughter!!!"

I felt a bit ripped off, as Lily, when the incident with Eira happened, promised me action, mother and daughter.

I thought for sure it would happen tonight, but my expectations were betrayed when Lily said she would wait for me until after I was done with the twins.

"Sorry, Sweetheart, but in compensation, I'll meet Astrid like you asked, Anyway, she sounds like someone nice. And I'll be wearing that outfit again today."

"The one from the academy?"

"Shhh~, sweetheart. My daughters are here and I'm embarrassed...but yes, that same one, along with the underwear you like."

"...Okay, I'll take it!"

"well, Bye, I'll be waiting for you, be sure to take care of my daughters!"

Thus Lily left her own room and left the three of us. Well, I really can't complain. It's already a miracle that this situation has come ~about, and I'd be stretching my luck if I forced things.

I was satisfied that it would at least happen with the pretty twins. One who was looking at me with a death face, at this very moment, seemed to have complaints and well she is not one to hold back, and started talking to me.

"...You know, it's one thing for you to go out with us and my mother, but it's another, you bastard, to want to do it with all three of us. I'll never allow it!"

"UH, Eira, you were including yourself. I only meant Selene and Lily, but if you want too..."

"No, you idiot! Really , why even me... mnng!!!?"

At that moment, when Eira was about to seem to get angry, I sealed her lips with mine .

Mwuwhuah.

I pushed her off and we both fell on the bed.

"Puaa !"

"D-don't kiss me out of nowhere!"

"Why not!"

"A-at least, just let me know first!"

"Oh, my pretty kitty, don't you know this is better to be spontaneous Mwa!"

"Nya!"

" See, so I can get cute sounds out of you."

I said as I started kissing her neck, while deftly my hands started undoing the buttons of her uniform.

I really don't know if she does it on purpose or not, because Selene and Lily almost never do it, but Eira gets a 'Nya' out of her mouth from time to time , which somehow satisfies one of my fetishes.

Mmmmua-chu-mua

I kept kissing her until I reached her chest and started to take her pink cherries inside my mouth.

"mnhg!!!, no!!!, wait~"

Eira's skin couldn't be any lighter, and the redness was already very visible, her breathing started to become erratic and I could hear her heart racing faster and faster.

" You-you I haven't even said we were going to do it yet.... mnh~!"

"Huh? Wasn't that a fact ? lick! "

" Nooo!... I'm not ready yet."

" Like I said, in this it's better to be spontaneous. Nnn"

" Ahhhh!!! No, don't bite it! Mngh~, no!!!, stop, at least let me take a bath first, I've been sweating all day and..."

"Purificacion! Ready , you're cleaner than the day you were born."

"..."

"Oh, my pretty Eira, you were very insistent today with that guilty tastes thing , heuheue, but this is as good as the others , especially since someone is giving me such nice reactions."

" Mnh , d-dumb , haa!...Nyaa!"

"Oh, there goes another one . "

I was starting to like this; my mouth went up her neck to her cat ears, but on the other hand, my hand started to become more active and went downward.

She Like Selene wore a short knee-length skirt as a uniform, underneath was also a pair of little pants, and when my hand snuck up to that precious spot.

"Wait, don't be so hasty, I-I still umh!!!~♥□"

I felt the wetness with just the first palpation, and that's even considering that a few seconds ago I launched a purification.

"As I thought, someone wasn't being honest, but the little one down here was,"

"mnggh!, st...stop talking nonsense ungh!~"

Yes, I will reward lips that are honest.

"No, mng! Haa!~♥□"

The soft sensation was interesting, as always, as was Selene. Eira had Plush lips that even through clothing, were clearly felt, which made it satisfying to agitate, palpate, grind and even pinch her.

As she groped for her sensitive spots.

"Wait!!, I-I now- mngghaaahh!!~♥□♥□♥□"

"uh? Eira, really? , that was quick , looks like you were more frustrated than I thought. It was my failure as your boyfriend. Come, let me give you due compensation. "

I whispered in her ear , as I began to pull down her little pants , along with everything else except for her skirt , I began to massage her directly , as I helped her prolong her orgasm.

" Mnhg ! Noooo! Stop, just a minute, I-I !!~♥□♥□♥"

"Oh, you're this wet and horny! Well keep bringing out all the bad, huehueheu~ Oh right, Selene, my little angel, this time you don't need to stay on the side; come, let's have fun together with Eira."

"Uhm!"

" Wait, no Selene, you don't have to hyaa!!~♥♥"

"Oh Selene, that's the attitude, well let's give Eira lots of love."

"yep!"

" Mng, no, seriously, what have you taught my sister, mng!!~♥□?"

Eira was saying this because as soon as I called Selene and, without any instruction, she went straight to the point.

She went under Eira's skirt and started licking her pussy; I thought about it before, but Selene is very enthusiastic when it comes to Eira, if I think about it Eira may not be the only Siscona, but right now their sister connection is very much appreciated.

"nhgh!! stop! aah~ Selene, no aangh!!~"

Eira began to squirm at Selene's intrusive tongue.

I thought for a moment and it was best to get to the point of the matter, it was going to be a long night anyway.

I dropped my pants and summoned my Shenlong, hum ...better my Shenlong prime! huehuehueh!

I positioned myself laterally on the bed behind Eira, grabbed one of her legs by her thigh and lifted it up, giving Selene better access to Eira's lush, wet pussy.

If I thought about it, Eira had two traits I liked: Selene's plushness and her tendency to produce a lot of moisture, like Lily.

'As I thought, they're family.'

"Mnahhh!!!, hot!!!! Mmnnng!~♥♥"

I put my member and placed it over her vagina; it must have been a pity for Eira, who was siskon, but my member interrupted her tongue work.

However, Selene, as a woman of experience in group situations, did not stop long and started licking my member.

"mnhaa!, no, ngh!~, why! Ag! it's so big! Mngh~ again aah!!!, it burns!~"

Shlrrp.... ssshhhh.... Shlurp...

On the other hand, I began to rub the immensity of my member, above Eira's vagina, passing and rubbing it over her lush lips, already very wet and immediately emitting vulgar sounds.

It was then that my member, due to the stimulation, began to add viscosity to the action, staining Eira's drooling pussy.

ssshhhh... gullkkk...

"Glck, glck, slurp, slrrk..."

Also, Selene's mouth was receiving me at the end of my pumping, making the situation even wetter and, together with my preseminal , Eira's pink, fleshy pussy was starting to be a Viscous mess.

"Nhgh~ !!! Aaah!!!~ No, mng!~❤️"

She was trembling and making little moans, with disguised moans.

As I passed my hot and big member, and even more when it passed over her clitoris , it made her writhe anxiously, and even move her pelvis a bit making herself give more stimulation

"Nyaaa!!~❤️"

And suddenly, out of nowhere, my tip went inside her; it was just a little, without going beyond the head, and then it came out.

I felt Eira tremble at this; a shiver seemed to run through her whole body, making it bristle and making it even wetter .

It seems that this sudden, brief and not very deep introduction was enough to warm her up.

"Tell me, Eira , now is the time to be honest. If you tell me what you really want, we can get down to business."

"Y-you stop! hung!~, don't do it all of a sudden ! If you're going to put it in, do it quickly, ahh!~!"

"Oh, my pretty Eira, this is not like that. It's not just for pleasure, this is an exchange of feelings. This is the time when we can be more honest , so tell me what you want."

I kept teasing her , while making false intrusions , to tempt her and bring out her 'dere' or honest side.

Her insides were trembling , she seemed eager to receive me , but she herself seemed to resist ...but it didn't take long

"...do it , I want it~"

She spoke lowly , so I feigned ignorance .

" Humm , I didn't hear right."

" Okay!!, I want it, now put it in, you fool, now!"

" As you say, my cutie Eira."

"Nyaaaaa!!!~❤❤❤"

It was her reward for being honest , I shoved my big, imposing 'Shenlong prime', I heard no resistance , for the size I was using , so I didn't hold back.

My member made its way inside him all the way to the end of the corridor and I even put pressure at last.

"ngghh!!! this is ~❤❤!"

At that moment whether conscious or not she did his best and looked up at me I may have been hallucinating, but I swore to see in her light blue eyes hearts.

Her flushed face seemed to contain love, desire and a silent plea, which I fulfilled and moved closer to her to initiate a kiss.

Mmmmua-chu-mua

I grabbed her leg firmly , as I began to pumpher from behind .

My pumping began to intensify and increase in time, while , although it should not have been possible , I felt myself reaching deeper into her ,

Plssshhhhhh!... plssshhhhhh!... slkktkk!...

I felt Selene licking my root which remained outside along with Eira's vagina which kept making vulgar sounds as it began to become more viscous from her love juices and my precum.

Her vagina was beginning to quiver and clench me tightly each time I persistently pounded her deepest part.

"puah! Eira you are dan cute!"

"Mnngghfff!!! No hang! You call me that, mmng!!!! c-cute..ah!~♥♥"

Seeing her acting so cute, I got excited I wanted to see her cute face so I quickly changed potion, I laid her down on the bed facing up and stood on top of her.

"Huh!?!...why all of a sudden, ha!!!wait what are you doing!!!"

I brought her legs closer to her body so that in doing so her vagina was accessible from above.

"nooo, be so rough aa!!!~♥□♥"

I positioned myself and with my big member myself squatted down entering all at once inside her.

I started pumping downward and now above her I could see her beautiful flushed face and her eyes a little lost, she was looking at me with an intoxicating face of ecstasy, with many emotions mainly love affection and desire.

With a slight frown that lightened with each intense pumping of mine she was extremely cute and fueled my desire.

"haa !!! Nghh! Mng! Se, ngh! ~ good! ~❤️"

In this position perhaps why I turned up the intensity abruptly, I noticed she seemed to have reached a certain climax quickly and it didn't seem to be a small one.

Eira's feet by this time are on my shoulders, I for one was also at my limit.

I leaned over and even put my hands on the sides of her head and started a strong and intense kiss, without at any time stopping pumping downward.

Plsshhhhhhh!.... glrp!.... thwppppshhh!

She was peaking and her body didn't know what to do with this climax, so I helped her to properly reach this , I gave a deep and strong pumping that finally reached beyond the limit and....

"nmmmgGGH!!!~❤️☐❤️☐❤️☐"

Psshht!!.... squish!!!

Eira finally reached the climax, and began to release a large amount of fluids as her body contracted and trembled, her insides also did so, enveloping me and stimulating me until I finally reached my limit as well.

Spurt!! Schloop!... Splrooosh!...

Being deep inside her, I felt a large amount begin to run down the path of my urethra, I felt the large amount run through it to the point that the pleasure was extreme.

Until finally, and loaded with some pressure, my seed shot straight into Eira's womb, impregnating her with my hot, thick semen.

"!NNghhmm!!!! MmnhhgG!!!~♥□♥□♥

Splish!...squish!!!

Eira , at the sensation of my seed, began to squirm still intensely, as she seemed to struggle intensely.

But it was rather her who was experiencing a strong orgasm with every moment I filled her; it didn't help either that Selene was actively feeding even, when I changed position

" Puahaa! mng~ , aaaHH!!! stop!~ it won't stop coming out!~ keep coming! aargh!!!!~ ♥□♥♥♥□"

squish!!! squish!!..., squish!!!

Gush!!..... gush!!.....

Finally, Eira broke free from our kiss, but I didn't stop I simply hugged her head as I continued to fill her relentlessly.

..

.

Chapter 273: My cute Kitty(2)(R18)

..
.
"Haaaa, haaa...haaa...haaa! Nhaa!!~♥No more~ ..."

I finished releasing all my seed inside her; finally, I removed myself from on top of her as I pulled my member out of her.

Letting a large amount of milky liquid spurt out of her and Selene received it, gladly.

One thing I realized was that, apparently, my cum was to the taste of all the girls, including the fussy Elena, who had no complaints about tasting and drinking it, beyond how rough I am when I ask her for oral.

The truth is that I was a little curious, since at the end of the day...how good would it taste?? Since most of them had no previous experience, I thought they was exaggerating.

But as far as I knew, it was said that it was not in good taste, but the fact that it is even pleasant to Elena made me very curious.

but I won't do it, I won't try it.

who knew what would happen if I got to taste it myself? I don't want to risk anything and awaken something, beyond my comprehension.

"You did very well, Eira, mwa!."

"Th-that.... doesn't make... me happy hmph~♥□...."

I was saying to her as I stroked her head and gave her a kiss on her forehead.

And even though she was saying that, her flushed and happy face said otherwise; I guess it's in her to resist, one way or another, even in this situation.

Her breathing was barely catching and she was blushing heavily. I thought one wave of purification was enough to go on, but I'll let her rest, as it was my little angel's turn.

" Now yes, Selene, so how do you want to...? Oh, so you're anxious too, you don't have to say more."

By the time I looked at Selene, she was more than ready, she had removed her shorts along with her panties under her skirt as she lay face down on the bed, holding a pillow, butt up.

You could say it's one of her favorite poses, and the one she gets into when she's tempting me, yes, although it may not seem like it Selene more than once has seduced me to begin with by getting into that suggestive position with nothing underneath.

And the fact that she was so quick, being her, tells me that she also knows how eager she is for this.

I could see her beautiful white ass calling out to me, with her tail positively wagging.

I was looking down, also impatient and eager for this, as I could see how her pussy was also glistening from her love juice, which seemed to have been released all this time.

Without hesitation, I put my hands on her buttocks and opened her up a bit, which gave me a clearer picture of her two different, but equally pink holes, both of which seemed inviting.

For a moment I hesitated.

' Let's see which hole I use? Hummm , well, let's go with this one after all I still haven't fully molded it to me, huehuehue. '

With a quick decision, I lined up my wet and slimy member from the action with Eira, with Selene's very wet front entrance.

I held her waist, Meanwhile Selene hugged a pillow and buried her head in it, letting out muffled moans.

" Uhhh!~ Nnmhn~ AAAhh!!!~❤️"

I slowly entered Selene, Her insides held me tightly as she trembled and stimulated me; the sensation was very pleasurable to say the least.

I made my way in and with the perfect size filled Selene.

"ooh~, Selene feels good!!!, how are you?"

"uhmm~, feels mnnh, good~"

"good let's get to it,"

"uhm~❤️"

I started to move, my waist back and forth.

Slap!.... slap!... plssh!

" Mnnhmn~❤️, haaa!~❤️, nnmh!~❤️. "

Fueled by Selene's soft moans, In a steady motion I increased the speed even more.

My waist was bumping against Selene's buttocks, making vulgar clashing sounds that slowly became more watery from the mixture of liquids that began to add to our action.

"Ahh!~ , that feels so good, Selene!"

" Hummn~♥□ ye..aahhh~ yep.... mhnm!!!, ~♥□."

Skrrrrkkkkk!... sckshhh!... plpshhh!

Due to my increasingly intense pumping, Selene's hips and knees began to give way and go down, but I didn't stop, or hold her from giving way, why, because, I knew this was Selene's goal is like some sort of trap, that she I think.

lures me that way and then she lowers her hips to lay completely flat, all over the bed.

Honestly she just has to say that she likes to do it in this position where she's completely lying down, and I would start there, but I don't say anything either because she's cute, and then she seems happy that her plan worked.

but now that I think about it this is the first time we are doing it in this position without being anal, which gives it a unique touch, so since she likes it, I put my legs on both sides of hers and leaned over and started kissing the back of her neck as well as running my hands underneath and holding her breasts.

Plshhhhhh!... plshhhhhh!... slkttk!....

"mnnh! Annmnh!~kiss ahhh!~♥□"

Suddenly between moans I heard her request which immediately, I obeyed.

"Of course, my little angel."

At Selene's request and without ceasing to move my waist, with my hand, I turned her face at an angle that allowed me to kiss her in this position; I would never refuse the wishes of my little angel, who was now flushed and very pretty.

Mmmpphhh!... mmmmmmm.... chluuup!

We continued kissing, until slowly I felt I was reaching my limit, Selene's insides also seemed to be quivering with anticipation and without any hesitation I didn't hold back....

"ugh! There Selene!"

Spurt!!!.... Sploosh!!!

"mnhgh! ahhhhh! hot~♥□♥□♥□"

Psshht!... squish!.... splish...

I began to release inside Selene as she began to tense and tremble beneath me.

I kept making involuntary pumping motions as I went on and on releasing cum inside her, it was a sensation I could never get enough of.

All this while feeling her spasming insides squeezing and releasing me intermittently, due to Selene's orgasm.

"mnfff!!!~♥□♥□♥ Mngff!!!~♥□♥□♥"

Splrrghh..splish..

She, for her part, buried her face in the pillow again while I leaned on her shoulders making sure to fill her up until I finally felt it was enough.

Taking care not to waste any in one swift movement, as I continued to cum, I pulled it out of her pussy and shoved it in through her sloppy anus and....

"AAAhhaanmmm!~♥□□♥□♥♥♥"

Selene gave a distinct groan that was heard even through the pillow. I think it's a bit my fault, but I think Selene feels it more from her anus than her vagina.

' But it doesn't matter because I use both anyway, huehuehe.'

I finished releasing and got off her, giving her a little kiss and leaving her there in the lying position, maybe, that's why she liked that position.

Selene was the type that, usually went unconscious with a round, although right now I was gentle and she still seemed conscious, she just didn't move, as she caught her breath.

Then I went with my erect member to where Eira was who seemed calmer, or rather, for some reason seemed lost in thought as she stared at the ceiling.

And before she said anything I put that erect member obstructing her view of the ceiling in front of her face.

She froze for a moment and just when I thought she would do nothing, or receive a negative reaction, she obediently began to lick and clean up the remains of my seed.

"oh my pretty Eira, she's being more honest."

I say as i patted her head.

"S-shut up, or I'll bite it off!"

"..."

Real men should know when to give in, but since she seems to like it when I pat her continue.

..

.

Slurrppp!.... skkkssh!... shlkshh....

We went on like this for a while, until a great idea occurred to me. I sat down on the bed and put each twin on my lap, so that they both had their legs intertwined with the other.

The only thing that kept this from being a hardcore yuri x incest scene was that my shenlong kept their vaginas from making contact in the middle.

My member, adapting to the situation, was smaller, but thicker and with more defined veins and bulges.

As my arms wrapped around both of them, holding them in place, the heat was evident in the proximity of our bodies, but that only added to the intoxicating aura of the three of us.

When I was about to put the idea into action, maybe because she didn't understand what I was about to do, Eria didn't resist.

"You're really, by doing this kind of... aahh!~"

Even though she was a little bit rebellious now, that only made me start the stimulation of her vagina
Rubbing with my member.

" Mmmwaa~♥□ "

That point, and to reassure her, I started kissing her. my hands around them, respectively touching her breasts from the other end.

On one there was softness, while on the other there was immorality, huehueheu.

" Chluuurp~♥□!"

Skrrrrkkkkk!... sckshhh!... plpsshhh!.

As I kissed her willingly or unconsciously they both began to move their hips up and down, Eira and Selene's full lips began to squish rubbing against my member which began to release precum making the rubbing more fluid.

It was a unique sensation that could become one of my favorite things.

"Mmmwaaahh~♥♥"

I started kissing them alternating between them, but just as I was kissing Selene....

" Ughh?!!!"

Eira, who at that moment had stopped kissing, leaned over and started licking my nipple.

It took me by surprise; maybe she wanted to return the favor for teasing her earlier, but she was being very intense and even with her other hand she started playing with the other one.

Plsshhhhhhh!... sckshhh!... slkktkkkk! Plsshhhhhhh!!!

Not only that, she began to intensify her hip movement moving up and even more intensely pinking her vagina against my hardness.

She was resisting before, but suddenly she started to become more intense, who knows why.

I broke the kiss with Selene and pulled Eira in, since my nipples were sensitive, but just at that moment....

"!!!?"

Selene seemed to mimic what Eira Which forced me to break the kiss with Eira. or rather I feel there was an exchange of 'resonance' behind my back guided by Eira, who now also started sucking on my other nipple.

" Wait, girls...ah, that's... playing dirty."

" Look..ahmn!~ who's talking...., the one who does what~ he wants with our body~."

"Does...mnh!~it feel good?~"

"Yeah, it feels good, but seriously, stop, it feels weird. No, wait, not both of us."

"how~ do you like it, hee~, I noticed it before...ahh!~, but you're very sensitive here!~♥□"

"before?, when you were proposing to rip it off me hyaa!"

"that's it Selene~ bite him a little like...mnhah!~ he does with us and move your hips more nnhg!~ let's show that fool his place."

"yep!~♥□"

"G-girls!"

I looked at them and Eria was looking at me with a mischievous, and naughty smile as if she liked the current situation and Selene was doing it while looking at me with a look of expectation, who knows why.

They were both licking my nipples, it was weird, well not that I haven't experienced it, but, only Lily did it when I was a man.

I don't know why, but the fact that they were both doing it while looking at me with different intentions, sent shivers down my spine, plus the stimulation of their pussies rubbing against me, just pushed me over the edge.

"girls I'm going to !!!"

Splrrghh!!!

I made them both stop playing with my nipples and we began a three-way kiss as I began to release my seed.

It was fortunate that being so close together the three of us along with the wall of breasts of my twins (Selene alone) kept me from self shooting.

The gravity ruled seed came back down and landed on the sensitive parts of both of them.

" Nnnhhhaaaa~ why is this fucking thing so hot aahhh!!~♥□♥□♥"

Spurtt!...Sshhhhh!...splish!!

" AaaAAAAhhh! hot~♥□♥□♥"

Psshht!!...squish!!...splish!...

Perhaps because of the heat of it or something instinctive, the two twins began to have their own orgasm at the same time while the three of us kissed alternately: sometimes with me, sometimes with each other and sometimes all three of us.

Shhhhrkk!... ssssslrrp!... shrrrrrr!...!!

During their orgasms they moved their pelvises even more intensely, causing a more intense rubbing that made a mess of the place.

Because it was now shorter than usual one of their sudden movements Eira, unintentionally impaled herself on my member causing me in the middle of my cum to start filling her up inside.

I could not be partial, so the next moment I pulled out and did the same with Selene, after a moment I repeated the cycle and released inside Eira, and then Selene.

This was stimulating me so much that the cum just wouldn't stop.

..

.

By the time I finished cumming again it was in the middle of both of them, dripping, the last drops, it was really intense, both twins were breathing heavily as they leaned on my chest.

I gave them a little rest, while I cleaned up the mess after all I wasn't done with them yet.

..

Chapter 274: Rumors

"Did she fall asleep?!"

After a few hours, I finished with the twins and went to Lily's, only to find her lying on the bed, wearing the clothes she had promised to wear.

It was the academy uniform, but in an extremely short version, with virtually no skirt, a vest and a shirt that revealed her entire bust.

Not only that, but she was wearing yellow leopard patterned underwear that, combined with her naturally tanned skin, made her look like a wild gal.

It was a real uniform that I had ordered with n the maximum expotition allowed and on top of that I had managed to adjust the uniform in an even more erotic and highly suggestive manner leaving as a result this that no one would wear in public unless they were a pervert.

Even Lily felt embarrassed when she wore it, now I think I understand, since it's the same uniform her daughters wore.

I approached her, but her eyes were closed, which gave me to understand that she was asleep.

"...Well, she must be tired. It's a shame, but... Hyaa! Lily, don't open your eyes all of a sudden like that!"

"...."

Just when I thought there would be no more action for today and I was about to go to sleep, Lily abruptly opened her eyes, startling me.

She Didn't say anything, and I wondered what the hell was going on. She just turned her head slightly to the side, looking at the nightstand next to the bed.

I followed his gaze and saw that on the bedside table there was a note, which I took and read.

{I am a bad woman who disappointed Sweetheart, so as punishment, I am now an obedient doll that Sweetheart can do whatever he wants to }.

"Oh!! Lily, so let's go with something like this?... I like the idea."

Now I understood. Apparently Lily had come up with one of her eccentric but very welcome ideas, thanks to Lily I have gained one or two other exotic tastes since I met her and now I am faced with the possibility of creating another one.

I don't know where she gets these ideas from, but I have no complaints.

I couldn't wait any longer and threw myself at her, expectant to see how long she could hold out like a doll before breaking her character. Hueuehuehue~.

..

.

"I-I'll get revenge...., When I can move, I'll kill you and then I'll kill myself."

"Humm.... You know, for some reason, your words don't sound convincing to me. I seem to remember someone from a certain point started to say that he loved me over and over again."

"...Grrr..."

"Okay, okay, I won't say anything. I think I went a little overboard with my love. I was trying to make up for the week I was away. And you Selene, did you like what we did?"

"yep..., it felt good."

"See! Eira, Selene if she's honest and says she likes what we did!"

"Don't think I didn't notice how you used a different size for me and Selene, not to mention you were soft and gentle with her. Besides, you forgot that you came back in the wee hours of the morning to attack me again and again."

"I would never attack my little angel when she sleeps! And well, it was only going to be a quick round, but I just couldn't stop... You were so cute and seductive every time we finished that I just..."

"hmph! You idiot!... I'll forgive you but if you ever do anything like that again, I'll really kill you. hmph! I'll let it go for now... hmph!"

"Hey...isn't that too many 'hmph'?"

"Shut up!! and put some concealment spells on me, you fool!"

"Oh, that's right."

We were the three of us going from Lily's establishment to the academy. Last night, Lily and I had a hot reunion, her doll act lasting no longer than one cumshot of mine inside her, though I have to give her credit for lasting until then.

After hot hours, I went back to the twins' room with the unconscious Lily to put her to sleep.

I was going to do that too until I saw a sleeping Eira's butt looking up at me. Then I thought if the love I gave her had been enough for her .

Then I looked at Eira's butt again I thought it wasn't enough and I had to show her that her breasts are good too and take away her insecurities.

Then I saw the butt again and, well... I woke her up with a "surprise intrusion" and made sure to give her lots of love until dawn.

I went a little crazy in the process, but it all worked out well.

Also, I want to believe that since Lily was sleeping in the same bed, it counts as mother-daughter action.

We stopped because it was time to go to the academy, but Eira couldn't feel her legs even with healing spells she couldn't move, after all they didn't regain stamina, so I'm carrying her back.

If it wasn't for the fact that I have Selene walking beside me right now, people would think that the way I'm carrying an inert Eira in my arms, this is nothing short of criminal.

'I don't know why it didn't occur to me to hide she. It's a good thing she brought it up. My impeccable reputation might suffer.... (it's too late now).'

As for Eira, although she seems to act angry and is complaining about what happened, even without the Resonance I can feel that she has a halo of good humor coming off of her and it only increased with what I just said.

I was just hoping that with this her dissatisfactions, and such would calm down, but since in the morning her omnipotent mother gave me the all clear, I guess everything will be fine.

..

.

"Did you hear that? Apparently, she came in because she seduced them with her body."

"She acts shy, but they say she'll suck you dry if you do it with her."

"With that body, I certainly don't doubt it."

"Yeah, you can tell even with the uniform."

I Was was walking through the halls of the academy it was still early so we were heading to the place where Selene and I used to hang out .

I myself was drawing attention for being the strongest and some rumors about me because of certain things. So I put on a mild concealment spell, along with Selene and the still inert Eira.

But along the way I overheard a curious conversation.

I stopped to listen, and oddly enough, my doppelganger was also in the girls' dorms listening to something similar.

"But too bad, I heard she's a taker and only goes for the guys in that club."

"Yeah, now she's not even hiding it."

"Yeah, but they say if you pay the right price to one of the guys, they'll ask her and she'll do it. So they say, the experience is worth it, even if she's a slut."

"And speaking of that, they say she's the bastard child of an infidelity with a prostitute."

"Sounds like it's in her blood."

'tsk...that's why these guys won't get to become representatives of the kingdom, wasting time like, this they're a disgrace....well, let's go flirt with my girlfriends huehuehe'

It seemed that today there was a new rumor circulating these rumors, which honestly seemed to me are a bit harsh and somewhat exaggerated well, it's not like it's any of my business, whether they're true or not....

Getting into controversies and idle gossip was not my thing, so I just ignored it and went on my way.

I was thinking that before classes start, I should give Eira a few massages to get her moving.

I feel that if she stays still for the whole class, by noon she would be really angry. So I continued.

"If they say that girl was only able to get into the rune club because she seduced the guys there, from the beginning she had already seduced them..."

"Yeah, who knew. I always thought she was shy and charmless beyond those breasts, but now I understand her secret, when I saw her without glasses."

It was together before I barely heard them when I heard something I felt I couldn't overlook.

I stepped back and listened to the conversation some more, in case I was mishearing or misunderstanding something, but no matter how much I listened to it the image of a person formed in my head.

"Humm... hey, aren't you guys talking about co.... Silvia?"

As if to confirm my suspicions, Eira, who was in my arms, seemed to come to the same conclusion and asked me, what I wanted to ask her, well just in case we had both misunderstood, I asked Selene.

"Selene, just in case, who do you think those guys are talking about?"

"...Silvia?"

Yes, even the 'I don't care about my surroundings, Selene', her came to the same conclusion. meant I wasn't misunderstanding anything.

Finally, before I did anything. because I would definitely DO something I took a look at what my doopelganger heard and saw and it all made clear to me one and only one conclusion.

"LOOKS LIKE A MOTHERFUCKER WANTS TO DIE TODAY!"

There were suicidal people at the academy, and I would make sure to grant them their wish.

"Don't listen to them, Silv. Here we will definitely find the culprit and..."

"Hey, Silvia!"

At that moment, while I was thinking what to do also to take care of these rumors, and find the culprit, I saw Silvia talking to Lys and called out to her.

I approached them, I had to have as much information as possible, to find the root of the matter.

Behind me, I was followed by Alice, Elena and now Aurora, who told me she felt well enough to attend classes.

"Huh? Alice, Elena... oh!, Aurora, I'm glad you're okay! And this..."

"Yes, this is the first time we've spoken, isn't it? Well, my name is Seraphina, and you can call me Phina if you like."

"Huh? Uh, ye-yeah, y-you can call me Lys. Uh, no... I mean, my name is Eirlys, and you can call me Lys."

"Oh, yes, well, Lys, I'd like to talk to you more, but there's an important matter to discuss."

The moment we approached, lys greeted our group, and since I had never spoken directly to her before, it was a good opportunity for her to get acquainted with my feminine indenty.

But now the important thing was Silvia who looked a little sad and looked down, she was even wearing again the big glasses that I thought had finally been discounted as an attribute.

I grabbed her by the shoulders and made her look at me.

"Silvia, answer me! Give me names and suspects."

"Eh!?,.... Chr...no, Phina, what's wrong?"

"That's my question. There are unfounded rumors about you and..."

..

"Ugh!, look at her, how she's playing the victim now that the truth is out."

"How disgusting. I don't understand how they can keep talking to her, even though they know what she is."

"Yes, don't you think it's laughable."

"I heard there were images involved"

"I'm serious!!! How low she stooped for staying in that group."

"not only that she..."

..

"We'd better talk outside first."

We were still in the female dormitories and surrounded by girls who, although with Silvia present, were still talking about her.

Or rather, they were talking about her because she was present. So I decided it was best to talk in a quiet place.

I'll remember their fucker faces and what they said, I made sure as we escorted Silvia out.

Not before giving them a threatening look at the girls who seemed to spread that silly rumor with more nonsense.

I know envy can bring out the worst in people, but it still bothers me, and I'll make sure this doesn't end so easily, even if they were just talking unknowingly, their intentions annoy me

..

.

Chapter 275: That bastard lied to me!

In the end, we decided to go to our club room. There was still half an hour before class, so we could talk quietly.

"So, Silvia, do you have any ideas about what can..... oh, forget it, hehehe~"

I was about to question Silvia, but it seemed unnecessary. My Principal self was faster than me in finding the clues and possible culprits.

' Now yeah, let's see what we do with those motherfuckers, hehehehehe~.'

"Hey!!, don't laugh! Just because she's not your friend, you can't act like that. She's in a delicate situation right now."(Aurora)

While I was distracted by what my principal self was doing, it seems I was misunderstood by Aurora.

Now that I was looking around, leaving the girls aside, Lys, who had just met me, looked at me with a doubtful face for laughing in front of Silvia.

' Yes, it was a bad time to do it, but I have to clarify something.'

"ehem...I'm sorry, but you're getting something wrong, Aurora. Silvia and I are friends."

"What! Since when? I've never seen you talk to her other than just now."(Aurora)

"Hee~ You don't understand, Aurora, but the friendship between Silvia and I goes beyond things like time and space, doesn't it, Silvia?"

"Huh?... W-well, I guess it does."(Silvia)

"See, and not only that, I'm her best friend forever. That's superior to you, so don't think too much of yourself, mere mortal."

"Are you going to start with your nonsense? Silvia, it's..."(Aurora).

"N-no, it's okay, Aurora. Ha~ It's nothing, I'm fine."(Silvia)

"Bullshit!!! I, as your best friend forever, know that you're having a hard time. If not, why did you put your glasses back on, huh? Tell me."

"My eyes were just a little sore from not wearing them yesterday. Besides, they're just rumors, they'll soon pass..."(Silvia).

"You're too soft, Silvia. As Lys said before, you have to find the culprits and cut off their balls."

"My lady, please stop speaking rudely!"(Elena).

"Buuu What's the problem? There are only trustworthy people here."

"Th-this... I never said that you have to c-cut off their... their...($\cong \dots \cong$)"(Lys).

"Lys, doesn't have to say it directly. Like my older sister, you just have to say: slice their genitals and throw them to the beasts."(Alice)

"(ノ□ノ)Humm... Alice, just in case, I didn't mean it literally, so put that dagger away."

"Wait! How do you know they're men, you know something!"(Aurora).

"Oh, Aurora, it's about time you understood that I know everything, including the mole you have on your..."

"Stop it! Can't you see the others are here. It looks like you still have one more beating to go."(Aurora)

"Huehuehe~

You can't hit me in public, I'm a decent lady."

"There are only trustworthy people here."(Aurora)

"Damn it... Fine, but if you do, it will be a tacit acceptance of joining my harem."

"...Tsk."(Aurora)

"This... Silv, what do you mean by harem?"(Lys)

"Don't make a big deal out of it, Lys. She's just talking nonsense."(Silvia)

"Humm... You know, she's different from what I imagined. From how Alice was talking about her, I thought that..."(Lys)

"Haa~ Yeah, she's disappointing. And a hopeless fool. Besides, don't let her take advantage of you."(Silvia)

"Silv, you really seem to know her. So it's true that she was your friend."(Lys)

".....yes..., well, I guess I am."(Silvia)

"Really? And is it true that you're her best friend forever?..."(Lys)

"No!, that's just her talking nonsense, so don't make a big deal out of it..." (Silvia)

"Silvia! I heard that!!! How can you deny about us? I won't accept it-I won't let you say something like that, even with your tsunderism!"

"Who's the tsundere!!!? Besides, you're too insistent lately with that 'friends forever' thing."(Silvia)

"It's just that you keep denying it because of your tsunderism. Until you say it with your own mouth, I won't be satisfied."

" $\overline{\quad} \wedge \overline{\quad}$ humm.....,Come to think of it, I don't remember having more than one conversation with you (Seraphina), so don't act familiar with me."(Silvia)

"($\overset{\circ}{\Delta} \overset{\circ}{\quad}$)!How could you!!.... Ah, so you want to play ignorance, huh?...Alright, You're right, we didn't have more than one conversation? So we have to earn girl friendship points quickly!"

Silvia was denying our friendship, so I decided to play her game and feign ignorance. I focused on the fact that we were both girls and approached her with the intention of familiarizing myself.... As I rubbed against her chest.

'I always wanted to reinforce the friendship this way.'

After all, that's how girls get acquainted and strengthen their friendship, isn't it?

"No, they don't!($\cong \square \leq$), Get off of me! Y-you're abusing your appearance..."(Silvia).

"I'm not! I'm a girl, huehuehue~ Friendship!"

After all, I remembered how, under the right conditions, Silvia would allow my alternate self to touch her breast... or rub herself like I'm doing now.

And by this time, Silvia already knew my alternate self's secret too.

Still, since I'm a girl and after a while of friendship I'm supposed to be able to do it, now Silvia and I are even closer, so.... why not?

There's no lust here, just the desire to strengthen the friendship. And it never hurts to rub breasts if there's an opportunity. Huehuehuehue~

"Y-you!.. I get it!!!, I won't deny it , but stop! This is weird!"(Silvia).

"Hey! What are you doing? Hey, no! Just because she doesn't know your tastes doesn't mean you can take advantage of her like this."(Aurora)

"Erm... Aurora, I think Silvia does know my older sister's preferences."(Alice)

"Huh? So, is this okay?"(Aurora)

"No, it isn't! My Lady, I ask you to stop harassing Miss Silvia."(Elena)

"Back off!!, Elena! You will not be able to break our bond or separate me from Silvia."

Obviously I said this while hiding behind Silvia, because if she put her mind to it, she could.

'Silvia be my shield'

"You...you! Stop hugging me from behind!.... I'll really get angry!"(Silvia).

"Oh, Silvia, why are you so red? You know, right now we are both girls. This is normal between girls. And come to think of it, we're even sisters with glasses! We're the explosive duo!"

"Calamitas des--eh!?" (Silvia)

"Hey, stop it! Silvia, why the hell are you starting a spell with such a dangerous formula out of nowhere? What the hell do you want to cast on me since yesterday?"

"What did you do to me, why all of a sudden I can't move my mana?"(Silvia).

"Huehue~ you became vulnerable the moment my hands touched your abdomen, Silvia. One touch from me and a mage like you is crippled.... Hey, Elena, back off! I have a hostage and I won't hesitate to use her, Step back and put George away.."

"My Lady, behave yourself. Miss Silvia must not be in the mood to play with you."(Elena)

Oh!! that's right, I got sidetracked. Before I acted, I was going to ask Silvia something. Now that I was behind her, it was a good opportunity, so I whispered in her ear.

"Silvia~"

"Hiiaa!!!....!"(Silvia).

"Oh, Silvia, you sure are blushing. It reminds me of the early days, when just by addressing you you would turn red. You were so innocent and harmless~"

It reminded me of the early days, and I couldn't help but tease her as you keep whispering in her ear.

"Stop talking so close to my ear! No, rather, stop hugging me from behind! You're making the same mistake as before. Do you want another scolding?~"(Silvia).

"It's very different, Silvia. I'm a girl. There's just a pure interaction between two girls here.~"

"...When I can use my mana, I'm going to throw a miniature sun in your pants, if you know what I mean(▶ __ ◀)~."(Silvia)

"(͡° ͜°)...Okay, let's calm down. When you say it like that, it doesn't sound like you were joking.~"

"I'm not.~"(Silvia).

"Huh? And you deny that you're a yandere? A sun in my pants would kill me!~"

"You asked for it, silly!~"(Silvia)

"Fine, I'll stop. The important thing is that you got rid of that gloomy aura you had... Oh, by the way, Silvia, on a scale of one to ten, how much do you like your brothers?~"

Well, it was time to ask her. I still had to decide how I would treat those subjects, going forward and fearing Elena would stop me was a good opportunity as I whispered to Silvia having our conversation in a low voice.

"Huh? Don't change the subject. stop whispering in my ear and get away from me!~"(Silvia).

"un even though you've been humoring me by whispering too, besides this is the topic, Silvia. Hmm...let's say, hypothetically, you suddenly had two less siblings. how would you feel?~"

"...What are you trying to tell me with that?~" (Silvia)

"WeeeIII, about your siblings... or step-siblings. If one day, let's say today, they disappeared, how much would it affect you?~"

"...You're not telling me that you... were they the ones who...?~"(Silvia)

"Can I-?~"

"NO!"(Silvia)

"Tsk! You're so soft. As always your yanderism works on the wrong people. Well, it's too late now~."

"Y-You... what did you do? Did you really...?~"(Silvia)

"Ah, here you are, girls! We've been looking for you. Silvia, the rumors about you... we have to find whoever's responsible and stop this."(William)

'Oh, shit. Come to think of it, I took away William's chance to earn points...'

Suddenly, William and the boys came through the door. Yes, I thought about it, this was a good opportunity for him to earn points with Silvia.

But, on second thought, it's not necessary either, since Silvia is already interested in William. Although... it never hurts to have a situation that brings them closer.

If I think about it, even though this Situation was not among my inherited memories, I could think of this situation, as a cliché event that William as the protagonist would take advantage of to win a lot of points with the heroine of the arc, which in this case would be Silvia.

'...Wait, did I win them?'

Well, there's no use in earning points if I'm not the love interest, so there was nothing to worry about.

"I have a lot to ask you..., but are you okay with that?"(Silvia).

As I was thinking about the implications of my intrusion, Silvia asked me, something I didn't understand.

"Hum? What do you mean?"

"Well, didn't you say you wanted to get away from Will...Look, Will is getting closer right now."(Silvia)

"Silvia?! Isn't that Miss Silver-?" (William)

'Oh, shit! Emergency retreat!'

"Kyaaa! The pervert from the academy!"

I let out a masculine war cry as I let go of Silvia and ran out of the room, I didn't hesitate at all and moved like the wind leaving the room in an instant....

Luckily, William had somewhat of a reputation for being a pervert who takes you into a corner and attacks you with a pointed spear in a questionable manner... So I used that as an excuse to escape.

I almost blew it. For a moment I forgot how dangerous it was to approach William in this guise... I definitely didn't want to take away Silvia's love interest.

I don't want a repeat of my alternate self.

'Wait!!!... If he got to like me, does that mean he likes small breasts...? That bastard lied to me! He'll pay for it later.'
