Chapter 296: Reality surpasses fiction

"Hmmm~ Hmm-u-hmm~ Mmm-mh..."

"Honey, you're really happy about this, aren't you?"

"Can you tell?".

"You've been humming and prancing around since before."

"Well, I'm glad you two know each other."

"Honey, your intentions are clear. You've been itching to do this with the two of us for a long time. I've seen you eager for us to meet. I heard from Alice-chan that even they haven't met her yet."

"Well, they will soon, and you have no idea how eager I am now that we, the most eccentric of the harem, will get together. we'll be unstoppable!"

"Honey, that doesn't sound like a compliment!"

"Well our role plays lately are getting more and more unique... and your recent mother-daughter fetish."

"I don't have that fetish!.., but speaking of which Honey I want to thank you"

"huh? Because"

"A few days ago, you had a girls' meeting, didn't you, besides arranging things that nessitan for the banquet and all that?"

"Oh, about that.... Well, the opportunity came up and I promised to give it a try with Cordelia."

"Yeah, you helped me a lot. Honestly, I haven't had a social life in many years, and I didn't want to ask those people for help."

She probably means the Argent . Well, I don't want Astrid to depend on them either. Who knows what they'll ask for in return.

"Anything for you, my dear, I promise you that on that day Cordelia will be like a princess.."

"thank you honey, Besides, Lia delightedly told me what had happened that day. We talked for hours, it had been a long time since we had spent time together as mother and daughter. For that I also thank you.

"Oh, come on, you don't have to thank me.... I just hope you get along with Lily. Ehem..., if she gets carried away, don't get too upset."

"Well, from how you've described them, I have an idea of her personality...although I have to get to know her I think I'll get along with her. But, Honey, you said you hadn't told her about you, right?"

"Oh, yeah, about that.... You know, that time, because of the shock and almost trauma Cordelia caused me, I felt fearless and wanted to tell her my secrets. So alone with Selene and Eira I went to tell her that very day."

"Honey don't talk about her like that, it's true that her room is a bit..."

"disturbing!?"

"well yes it was, but I already talked to her, I think she will control herself, so please let's put it behind us"

"yes I'm trying, but I still haven't forgotten about Belle"

"Honey seriously!!!! Get over it, you're taking too long this time, and if I'm bothering you so much, why did we start reading another one of the same genre"

"I need redemption!! This time I'm sure Ariel will keep just one"

"No, not plow him, more like honey, go on with what happened before, in the end what happened? Did you tell her?"

"ehem...yeah that time, just when I was about to tell her, she silenced me and said that if I wanted to make an important revelation to her, it had to be when she was ready and at the right time."

"Right time? When is that?"

"I haven't the slightest idea, but she always likes to make things mysterious. Although then Eira started baiting her by saying she'd faint when she knew, backed up by Selene, which almost made her ask to tell me. But in the end, she seemed to be thinking about something else and told me to keep it to myself."

"she certainly sounds like an interesting person, along with everything I've heard, I think it's good to meet her, it's good to have someone with things in common."

"Yes, she thinks the same about you too, she says she wants to see if it's true that you have such a wonderful body as I described to her."

"Honey, what did you tell her about me!"

"Hey, I told her a lot more things about you, but this is what caught her interest. He also thinks you seem like a nice person from my descriptions. Also, you both have in common that you both asked me for a mother-daughter relationship, even though she literally gave me Eira tied up."

"...Honey, I don't think I could do something like that."

"Don't worry. Lily is not the best example to follow in anything but her knowledge and experience, her path of lust is very high, I always learn from her. well, Astrid, are you ready to meet a real experienced adult woman?"

"Honey!! I'm already quite an experienced woman... you know, I've noticed that lately, you like to mess with me a lot."

"yeah well a little, well what the heck, today is going to be a productive day. my expectations are high! Heuheuehue!!!".

..

.

"Oh, you must be Astrid! Nice to meet you, my name's Leyla, but you can call me Lily."

"Huh? Y-yes, I'm Astrid... erm, it's nice to meet you too."

"Oh, no need to be so stiff. We're like sisters now sine we're dating Sweetheart. I really wanted to meet you... hmm, can I call you big sister!"

"aah? I'm the older one? No, I mean... how old are you, Le-Lily?"

"Little things.... Well, since it's you, I'll tell you. I'm twenty-one."

"huh!? twe-"

"Hey!!, that's too much! That would make the twins only one year old..."

Yes she is definitely exaggerating, besides, although neither of them for some reason will tell me their age, I have spent enough time with them to understand from their bodies their approximate age and here is someone who is wrong.

'Well Alice already has a mess on this, so what's the difference'

"Sweetheart, don't interfere. I'm just out of my eternal 20's..... "

"huh? Come to think of it you always claim to be 20, why the change?"

"I had no choice. Eira told me if I kept saying that, she was going to cut ties with me."

"Oh, that's harsh, but I don't think she's happy that you're 21 now? Well, technically you did what she asked."

"Yeah, no flaws. Well, big sister Astrid, like I said, nice to meet you. On another matter... is it true that you have inverted nipples?"

"Honey! How much did you say about me?!"

"As much as necessary. Well, let's get started. As I always say, physical familiarization is always quicker."

"Honey! Why are you always like this? At least let me talk to her."

"Pillow talk afterwards is good too."

"Honey, you always knock me out."

"Yes! He's a beast! And this from a beast of a woman. He's a unique man and impossible to match."

"Ahem! You're a beast too Lily. You're the one who lasts the longest before you fall, even though Eira is catching up to you."

"huh!!! that can't happen!!!, Sweetheart. fast we have to improve my stamina, my pride as a mother depends on it."

"hum, I don't think that's something that falls into the category of pride of..., well whatever, let's get down to business. it's time to start with the serious stuff, let's talk about what will happen."

"Huh? Let's decide on the theme?..."

"Oh, you mean the costumes we'll wear?"

"Hmm, well, similar. Lily, we've never done role-playing properly. But It's similar to the doll thing a few days ago..."

I started to explain to Lily that it was a real role-playing game. It's true that we usually do it with costumes and stuff, but her dominant style and such are natural for her.

We've never had a role play where we really got into the role. We've done eccentric and unique things, but the closest was when she pretended to be a doll.

"Oh, that sounds interesting, I'm in! But what shall we do?"

"Well..., come to think of it, Honey, it was your turn to decide."

"With me too? Today He chooses the costume and how we'll do it."

"Oh, but what a coincidence."

"Honey... From your tone, it doesn't sound like a coincidence. And come to think of it, you let me pick two days in a row a while back.... You were planning this, weren't you? You lined it up!"

"From the sound of it, I see you already have something set up, don't you? Well, Sweetheart you have some very interesting ideas too."

"Ehem, like I said, it was serendipitous... and yes, since I happen to get to decide.... Let's see... Hmm, how difficult... There are so many options... Well, let's go with the stepmother theme!"

"Honey! Are you really going with that theme? And even more so when you're throwing hints at me lately for reading that genre."

"Hey, Astrid, you heard wrong. I said 'stepmom', not 'mother and daughter'. They're very different. Besides, this is just role-playing, not reality.... Not like with someone I know."

"See, that's what I'm talking about! If you have something against my daughter, say so."

"Or is it with me? You didn't fight with Eira, did you, Sweetheart?"

"How did we end up, like this? But now that we're on the subject... Can either of you explain to me how my cute stepdaughters in my mind became my academy mates? YYou swindlers! You cheated my nascent paternal heart with your lies!" "

"Who's the scammer? Lia will always be my little princess, you misunderstood."

"Yes, and my two little ones will also be my babies eternally."

"Besides, honey, I clearly remember that you've read a lot of stepfather novels, as a mother that makes me very suspicious."

"..."

Yes, it really wasn't a very good idea to read that genre and more so in front of Astrid, if I thought about it, it was definitely a mistake, but then I remembered and she was the one who recommended many of them to me.

Also in my defense, since I came to this world I have done my best to learn to separate reality from fiction, although as the saying goes 'reality surpasses fiction' and here is our fiction situation.

"... Hmm, but you know, big sister Astrid? I feel like he would make a good stepdad or dad."

"Huh? Really?.... Well, it's true that Honey, despite how he is, knows the boundaries... and he's always helped me.... Sorry, Honey."

"Haah~ Well, it was just a little complaint. Okay, let's go with the stepmom theme. I already have the scenario. Here are the scripts, let me know if you want to change anything let's do it professionally."

"Honey, you had a script! This was definitely not improvised.... Oh, this is the scenario! They come from that novel, right? You made this part more intense.... Hmm, I think I can do this, wait honey you also think I'm the oldest?...but this part looks a bit forced.... uhm I noticed that you especially like that part, is it because it was the first one?, well , I'll do it perfectly, but delete this part. I won't use that hole..."

"Oh! Let's see... Hmm, is this so?.. I have to pretend not to know what you are layers?.... .... Let's see, what else? Or...? Oh, that's so perverse.... I'll be used again, I like it. Hmm... what is tennis? ....Sweethear I don't feel very comfortable insulting you, we can tone it down here, ok, otherwise I have no problem ....You know, I don't mind the interaction between women. I wanted to try to pull out a nipple too! If they jump back in, it's my turn. By that time, I would have fallen for it too, wouldn't I?"

With her opinions and final touches and costumes it was time to begin a great and wonderful immersive experience, HUEHEUHEUE~

Chapter 297: Stepmother (R18)

\*\*\*\*\*

POV: Third person

\*\*\*\*\*

"haah~ why did she leave me, what did I do wrong? If I always gave her all my attention and love haah~. "

" Come on, dear , don't be sad she didn't deserve you..... why don't you help me clean up? Maybe that will improve your mood. Come and help your mother."

"Tsk! Who wants to clean up? Don't talk to me, I'm in a bad mood."

Chris looked annoyed at his stepmother, who was cleaning. His girlfriend had just broken up with him, and he didn't want to hear any nonsense, so he curtly rejected his stepmother's offer to clean.

She made a sad face and kept cleaning by herself.

"..."

Chris, who was sitting on the sofa , glared at his stepmother. After all, he knew; even if she plays nice, she's only after his father's fortune.

The last thing he wanted at that moment was to spend time with someone like her.

'Damn, she's doing it again!'

What bothered him was his stepmother, who was supposedly mopping the floor with a rag. But 'who the hell mops the floor with a rag!'

Worst of all, she was wearing a short Sundress which, when she was kneeling, was gathered up and caused all her underwear to causally show in his direction.

And if that wasn't enough, she had purple underwear that matched her eyes and hair, but basically covered up nothing, it was a simple string that showed everything.

Her big, very juicy as well as appetizing ass was shown unfiltered towards him; it was a proof of how shameless she was and how, shamelessly, despite calling herself his stepmother, she was seducing him, to keep his family fortune for herself.

It wasn't the first time it had happened , but Chris was in a very bad mood today because of their recent breakup and felt that finally, he reached his limit of patience.

'Damn, that's what you want! Well that's what you'll get!!!'

Chris angrily got up from the couch and walked over to his stepmother Astrid. She, seeing the shadow approaching, knew it was her stepson and thought she had changed her mind and came to help her, if things went well maybe them....

"Oh dear, you want to help me after all? Okay, get some more water and Gyaah!!?"

" This is what you wanted eh, mother attempt!"

Chris wasn't mincing words; if that's what she wanted, he would give it to her.

Her big ass was already within his reach.

just He pushed aside that damned attempt at underwear and, without further ado, without any preparation or warning, shoved his immense member in, which reached the deepest parts of his stepmother , making her lose her sense of reality in an instant.

Her current husband barely had anything that reached her, just beyond the entrance, just tickling her, she thought that with her son Chris it would be the same.

That he would be a pushover easy to seduce and control, once he got a taste of what real pleasure was but....

" Hngh!~"

"Yeah, what do you know, damn, you like me."

" Agh,wa- i Nngh!~"

There was no coherent response, that was the result of the surprise insertion of that giant member.

At this moment she had her eyes up and saliva coming out of her mouth.

Her face was the spitting image of how her thoughts had simply stopped, only incoherent mumbles were coming out of her.

The only active thing was her vagina, which was actively trying to assimilate the member as she writhed, squeezed it and squirted juices.

"tsk, say something, damn, were you idiot because I stuck it in you, huh?"

" Mgh!, mngh, a-agh."

"tsk, you can't hold anything, we've only just begun..., well whatever."

Yes, it seemed that her brain was not functioning properly and she gave no coherent response other than muffled moans.

Plap! Plap! Plap! .

Without bothering to keep trying to talk to her, Chris grabbed her by her ass and began to pull his member out, then thrust it in and began a continuous pumping motion, in and out, of his stepmother's increasingly wet vagina.

"good, this is good!"

Plap! Plap! Plap! Plap!

"nghh! Aaah! ~mngghh!~"

If there was one thing he had to admit now that he was touching her, it was that that big fucking ass was soft, juicy and very pleasurable to touch.

" Huee~ so you didn't brag about that big ass of yours in vain, huh?"

He never thought he could just take pleasure in touching anything; it was an addictive sensation, how moldable and soft her ass was, plus she had plenty to hold on to.

" Aah! ~ Ngh, please , ahhh! Stop! Hhngh!~"

"Oh, so you got your speech back, eh. How do you like it, eh? Just the way you wanted it, you like it. "

Plap! Plap! plpsshhh!

" Ngh! S-stop, ahhh! It is ughhha! Too ngh! Big~ Guh!!~"

" Huee~ , stop!? You wish, how you wanted it; from now on you're my number one semen depot, heuehue."

"please, I- guaahh!!~♥□"

Chris was starting to get excited; this is better than he thought. If he had known doing it with his stepmom would be this good, he would have done this with her long ago.

If he thought about it, it was because of his damn stepmoms, that he felt like every day he had blue balls and masturbation didn't help.

not to mention his now ex-girlfriend wanted to come to the wedding a virgin, which caused frustration, and they had a lot of fights.

If he thought about it, his stepmothers were the source of all his problems, he had to make these self-serving women who only come for his money and cheated his father pay.

He would make her pay and turn them into his tools for pleasure.

Plap! plpssh! Plap!

"Be quiet, just concentrate, you're my cum dump now, just moan and keep that big ass of yours bouncing."

Yes, that sinful body was simply too much, with each of his pumping the softness received him and the vulgar sound it emitted gave him the urge not to stop.

Every time it did Chris felt the glory, and the resolve to make her his tool for pleasure solidified.

Finally, after a few deep and intense pumpings in varying intensities.

Had built up enough pleasure and his tension was at its limit as Astrid's vagina was doing its job properly.

With how hot and wet her felt, as well as the sensation of pressure and gentle squeezing her gave him, so he barely felt it could release the...

" Ugh !! almost there !!!"

" Wait !!! Aaah!!! ~ for it Ugh! Outside!!!mmmngh~"

" You don't seem to understand your position now, ugh!!! Here it comes!!!"

Hold back, outside? Why would he? After all, his stepmother was his semen depot; he didn't have to hold anything in, if he wanted to release, he would do it, and if he wanted to release inside her, she simply had to receive what he gave .

"nooo!!! seriously haaa!~, stop! No, ang i-incide! Nngh~ "

Oblivious to his stepmom's resistance, Chris entered deep inside her , to the point where his stepmom's big asshole flattened against his waist, and he felt the very thick and copious amount of his seed begin to make its way in.

it wasn't out yet, but the sensation was so glorious that Chris' legs even trembled a little.

"argh! Haa!!!"

Spurt!!! Splurt!!!

Finally, when he came out, the feeling was even more glorious, Chris was reaching Nirvana.

His stepmom, on the other hand....

"nooo!!!! Aarghh! Hot, haaa very hot gyaaa I-I ~❤️👄❤️👄❤️👄"

Squish!!...splish!....

The very stimulation of that giant member was pushing her to the limit, but as she suddenly felt that hot, thick seed something inside her broke and she started cumming so hard, she was just understanding what was happening to her body.

" Ugh ! So you cum, huh? Tsk, what part of 'deposit only' don't you understand? Ugh ! But since you squeeze me so good,I'll let it go."

Chris was having a great time, his stepmother's pussy was squeezing him intensely and the enveloping Sención with small squeezes from before became fierce but very pleasurable.

Shhhhrkk!... sssssllrrrrp!... shlrrrrrr!

He filled his stepmother without restraint, and as he released more and more of his thick, hot seed, he kept making involuntary little hip movements that spread watery, vulgar sounds around the room.

On the other hand, his stepmother Astrid didn't understand what kind of man she was dealing with.

The large amount kept staining her insides, which against her wishes kept squeezing, having contractions and releasing more juices.

" Make ahhh! it stop!!nnngh!~♥□♥□♥"

Shlick!...squish!...

" That's it!!! keep sucking me more , you do A good job, "

Even with her many years of having cheated and conned. she had never encountered a man like this.

Her vagina was acting like a virgin vagina, no experience, cumming without stopping and no control.

It was all so intense that she was about to go crazy.

'I need to run away'

Still kneeling on the floor , she tried to run away from this pleasure that was threatening to devour her rationality , so she started to crawl with the aim of running away, but....

"damn don't move , I'm barely halfway there!

half, that was only half?

"noooo!!! let me go!!~ Ack, nngn~♥□♥□♥□♥"

Psshht!!!... Shhhhhh!..splish.

Hearing that, she simply wanted to run away more frantically before she lost her sanity, but her stepson Chris grabbed her , he wrapped his arms around her head and neck and held her tightly.

Thud!

"ghyaaa~♥□♥□♥♥♥""

This caused them both to fall to the floor and Chris's member again reached deep inside, causing in she another involuntary orgasm.

Plshhhhhhh!... plshhhhhhh!... slkktkk!....

Chris didn't stop even when they went down, maintaining his control over his stepmother; he didn't stop pumping into what was now a slimy mess that was hard to describe.

And as he said, he used Astrid as his personal semen depot and kept filling her up, while making involuntary pumping motions, further consuming his stepmom's sanity.

"haaa nnggh! Haaaagh!~♥□♥□♥□♥♥♥"

Splash... sploosh... sploosh... drip-drip...

Who, unable to do more, resigned herself to her fate and accepted this intoxicating and dangerous pleasure,

Now with her eyes up and a sloppy face making a perfect Ahegao, while fulfilling her role as semen depot .

At this point, her sanity had been consumed to the point that she felt that this was her purpose.

For her it was late, but eventually she discovered that her purpose for existing was to be her stepson's personal semen depot .

" What is going on here?"

At that moment, as they both seemed to be fulfilling their purpose of existence, a third voice was heard.

" Big sister Astrid! Hey, you, stop!"

The third voice seemed to understand what was going on and rushed over to them, trying to stop Chris, who was in his divine work of inseminating his stepmother.

But it was no use; Chris was firmly on top of Astrid and Leyla, who was his other stepmother, couldn't separate them and she had no choice but to watch her stepson make a mess of her big sister.

Chapter 298: Stepmother(2) (R18)

"huaaa!~"

"nnggh!!- ahh... !... cum... mn Mnnh~♥♥"

Finally, Chris finished depositing everything he had into his stepmother. He got up from her.

leaving her in that position mouthing what seemed like meaningless gibberish, he made a mess of her both mind and body.

"You bastard! What did you do to my big sister? She was your mother!"

" Huh? Oh, it's you. Ha~! My mother, what a joke."

"You'll see, when your father finds out what you did. He'll disinherit you! Hyah!? What are you doing? Let go of me. "

"Tsk, shut up!. What are you, an idiot? If I did it with her, why wouldn't I do it with you? You're next too."

Yes, his two stepmothers were ganging up on each other for the same goal.

His stepmother Leyla was even worse than Astrid; she shamelessly, when they were alone without warning, showed him her breasts or wore very short skirts without wearing underwear to pass in front of him or show him her vagina at any moment of carelessness.

And more than once she went into the bathroom with him, saying her was unintentional. Chris knew it was all bullshit, just like his other stepmother, she went after his wealth and targeted him, who was the heir.

To him, what she had just said was all nonsense; she had provoked him for so long and now she was complaining?

Chris would show her the consequences. He led his agitated, struggling stepmother back to the couch and sat her on it.

"What are you doing?"

"Shut up! and suck, you'll be my number two semen deposit!"

"De-deposit. Glug!. "

Without worrying about what she had to say, Chris shoved his member into his stepmother's mouth.

Chris's pants at that moment were soaked with fluids from the tailoring he had done with his other stepmother.

The smell it emanated was so intense that, as she came in contact with it, she could not describe it as anything other than the smell of raw sex to the point that her body shuddered and she lost concentration for a moment.

Gluuck.... schlrrrk.... grlk

Chris tasted his stepmother's mouth a little and then pushed his cock all the way down her throat.

He pushed his cock all the way to the root.

Which made her very close to him and the masculine smell and sex he was emitting was more intense for her, to the point that she was getting dizzy.

She couldn't understand, this was not what she had thought; like Astrid, she had underestimated her stepson and didn't think she would have to deal with something like this.

She was also a woman with a ton of experience, but to reiterate, Chris seemed to be out of this world and he was out of the norm.

" That's much better, that tongue."

" Mmnnffhg ...!

Still, Leyla was tenacious; she would not let herself be dominated by a boy younger than her.

After all, to her he was nothing more than someone who had just become an adult, a virgin who only acted on impulse because he subdued his older sister.

She would show him his place; that just having a big cock wasn't enough to dominate her.

Grlp... schlrrrk... guh... glurrrrrp....

So, with her brow furrowed in defiance, she looked him in the eyes without backing down , showing her defiance. Then , willingly, she began to suck on the big member.

"Oh, I see you're rebellious; well I'll show you your place, you damn interested, ugh!"

Hrk.... glp... slrrrk.

She was really good, in fact, when she started willingly sucking him off, Chris felt as if his soul was being sucked into his stepmother's mouth .

But he hadn't forgotten that his stepmother was the source of all his misfortunes and discomfort; he didn't see why he had to let her do whatever she wanted, after all, she was only his number two deposit.

" Damn you! Don't get carried away, you're just going to get my cum. "

"mngghmffgh~"

Saying that, Chris grabbed her head and took back control, grabbing her by her sensitive tiger ears.

Gluuck...schlrrrk.... grlk

He began to use her as he pleased; he was the one keeping the pace, maintaining firm control and not caring about her scowl.

Chris used her at his leisure, he had to give her credit: her throat was glorious,

In addition she tenaciously, although she was not in control, moved her tongue and gave him extra pleasure that quickly pushed him over the edge.

Again seeing no need to hold back the moment he reached his limit he simply....

Gush... gush...!

He held her head firmly , not restraining himself in the slightest, he released his seed deep in her throat and kept pumping even in the midst of this cumming.

"Aaaghhh! That's it, take it all. That's your sole purpose from now on."

" Glluglgh ehleup!"

Having the member in her throat, Leyla was taken by surprise, but losing her breath was the last of her problems, she had to drink the thick liquid as if her life depended on it, or she would drown.

It was a lot and it overwhelmed her a little in fact her face still had a frown on it but her eyes were also a little lost as she was concentrating on dealing with the situation she was in, she just wanted this torture to end.

"Do you like the taste of it? I hope so, because from now on it will be your favorite food. Heuehue~."

That unruly scowl that wouldn't come off his stepmother's face excited Chris that much more at this moment he was getting fellatio and cumming.

Maybe because it was quick his cum wasn't that long or in large quantities, but he knew he could go on right away, as if he could take several quick shots.

So , even though he wasn't completely satisfied, he pulled his member out of his stepmother's mouth.

"ughh! Cough! Cough!!! You will pay for this, it won't stay like this"

"yeah , yeah, whatever, let's continue, let's see how about those tits , they are not as big as deposit number one but let's see if they are as good as you boast"

"hyaa!! wanna continue...you don't have a limitQQ"

"no"

Chris, without any consideration, stripped his stepmom of the top of her clothes.

If he thought about it, today was the day she was practicing tennis at an expensive club paid for by her father.

That's why her clothes at the moment were tennis clothes, and that annoyed him even more, they were just a waste of money .

" Well, let's see how it goes."

Without further ado, he put his sticky member between her big mounds and began to move it .

" Squeeze! "

" You'll really pay for this ! Hyaa!!!!"

" Less words and more action. "

His stepmother was still rebellious, so he pinched one of her nipples. She yelped in surprise and deepened her frown, she was still showing a defiant attitude.

But she followed what Chris was saying that pinch was too hard and she hadn't given up on wanting to show him her place.

Shhhrk!... shhrk!... shhrk!... slppp!, slrrp!

She with her hands , squeezed her breasts tighter, making more pressure towards Chris's cock and started to press them and move them with the intention of making her stepson cum.

She was sure that he would soon get tired, she just had to squeeze him and get it all out of him, she would make him pay for all these humiliations right then and there.

"Good, that's the way I like it, open your mouth."

" glluck."

His member was so big he could easily get a blowjob while using his stepmother's tits.

" This is really good~"

Slrp!...shhk!, schlup!!!,gluck....

Chris looked up at the ceiling as he used his stepmom. The warmth in her chest, along with the welcoming of his member into his stepmom's mouth, and the way she turned her tongue as she enveloped and stimulated his glans was really good.

He was having a great time. Then he looked down again and saw his stepmother looking at him with hatred and contempt, as if he were a worm.

Her gaze was beginning to annoy him, rather than excite him, Right now he was burning inside.

"Change that face., you're just a deposit; "

"Hunghhh!!!"

He wanted to make that look of rebellion of his stepmother change, so he did not hesitate and with his hands he pulled her two nipples strongly to the point that made her scream.

which made her rebellion vanish and, taking advantage of the moment,....

"There goes the other one! Open wide"

"gluck!"

Chris, who seemed to have gone into some rapid uncontrol mode, quickly reached his limit, without a care in the world he forced his stepmother to turn his cock inside her mouth, she was his deposit after all, and began to release his seed into her mouth.

"glugk!..., glugzk...! glup puhaaa! cough!, n-no wait!"

Leyla again made swallowing sounds, but Chris had a different idea and pulled out his cock and shot straight into his stepmother's face, who was taken by surprise.

Once he lost the initial momentum, the semen began to drip down her bronze collarbone neck until it finally stained her chest, giving contrasts to her beautiful bronze skin .

" You are satisfied now ! You'll see , your father won't simply let this go ."

Leyla barely or Chris finished his cum, she moaned in protest when he pulled on her nipples ; he had cum a little , which hurt her pride .

" Tsk!, that persists , shut up! By the time I'm done with you, you'll be my personal semen deposit that will simply cum from my touch, understand?"

" Heeee? You're not man enough . you're just an overconfident virgin for just losing it . Such big words and I bet you can't even get it up-."

Leyla, confident that relying on what she saw in her older sister Astrid, Chris couldn't go on anymore, teased him, but when she looked the member was already erect as if the previous cum had never happened, which destroyed her confident smile.

"What were you saying? I'm going to tear you apart like your big sister, you fucker.

"Wait! How is it possible that you still can? Kyaa! Stop! What do you think you're doing?"

Not wanting to wait any longer, Chris grabbed her and turned her so that her back was to him and made her do a split on the couch.

Leyla was very flexible, to the point that she could be a contortionist and do a split, It wasn't even a challenge.

Chris left her ass semi out; her short tennis skirt covered nothing, leaving it visible that she had nothing on underneath.

As he thought, his stepmother was going to take advantage now that his father was on a business trip, to seduce him, showing him her pussy.

" Fine ! Do what you want , but if you think I'll become your deposit, you're wrong ; a boy like you will hardly make me feel anything, it's not even that big."

"You don't give up and you're still haughty. I should have started here. You know , my so-called mother, your big sister, she became an idiot just by putting her in."

" Shut up! Don't talk about my big sister like that, you're just sc-scum."

"Now you really pissed me off! You know, I heard that rebellious and experience-presuming women like you are weak here! "

"Hyaaa! Where do you think you're putting that thing!!!, you bastard!"

" Hold still!"

Chris held his stepmom firmly by the waist, as he flexed a little to line up with his stepmom's ass.

Thus making Cock was pressing against his stepmom's hole, but it wasn't her vagina, he was pressing the one higher up.

The slimy head of the member covered in semen and saliva, was pressing against his stepmom's back door.

She felt the heat and the intentions, which made her hysterical.

She had never tried anything like this; it wasn't supposed to be used to do this to begin with, it was unnatural.

But Chris didn't care, her thoughts, he continued with what it had in mind.

"Hyaa, seriously stop! That's not for doing this! Ngh ~♥□"

"oh what was that?...., damn it just stand still and fulfill your sole purpose!"

His mother was struggling and couldn't line it up properly so he put more intensity into his control over her.

" Agh!, nooo stop!, stop!!, stop!! nghh!!!~"

"no!"

Having control, Chris exerted more and more pressure, gradually loosening Leyla's resistance and invading her, the slimy head was making its way inside his stepmom.

Leyla , though struggling as best she could, could barely with Chris's big hands holding her down .

The only thing she managed to do was to get her pussy, which was in direct contact with the couch, due to her perfect split, to continually stimulate it and make her release moisture on it.

"Stop!, stop!!, I say, Ngh! I know, if you stop I won't say anything to your father , I swear, Eyaa!!, stop!!"

" Ugh, how persistent ... almost there."

"Hyaaaa!!!"

"Come in!"

Chapter 299: Stepmother(3)(R18)

"Hyaaaa!!!"

"Come in!"

Finally, Chris was able to insert the head of his member into his stepmother's back door, which gave him more trouble than he thought it would, despite his cock being so slimy and lubricated.

" I see you're a virgin here , eh, damn why you squeeze so tight? Ugh! Here goes another one!"

"no wait!!!? what is this!!!?"

"Yes that's right, damn you, use that inexperienced hole to receive it like the good deposit you are."

Splurt!...gush.... Schlk...

Chris, who didn't hold back for a moment, and the stimulation of penetrating his stepmom's anus was enough for him to take another quick shot.

"Hot!!! S-stop gyaaa! ~♥□♥□♥□"

Pshhh!.... Splrrghh!....! splatsh!

which invaded Leyla with a new sensation that left her uncomprehending. She simply cum at the sensation that was overwhelming her.

Her stepson had only pushed his cock in a little and she was already becoming a mess, her body reacting to the stimulation and not aligning with her will to resist

She feared for having the same fate as her older sister and the strange, new sensations weren't helping at all .

"Good, now you're more lubricated. So I can go all the way . "

Plap!

"mngheeee!~"

Chris reached deep inside her stepmom with a big pumping thrust, shoving his cock in to the point where it crashed into her ass.

Slap! Plpshh! Slap!

And without pausing to reflect for a second, he began to pull it back and started a pumping motion, while the short white tennis skirt rocked with each pump.

"Agh!!!, stop, haaa!~ this is weird mngheeee!~. stop! Hhngheeee ~!"

" That's the way I like it. All you have to do is moan and squeeze me. "

"You... Mgh! you'll pay for it agggghh~ "

"Huh? Keep on being rebellious. Let's see how long that attitude lasts . "

Hhrrph... Slap!... Thwapp!

Taking it as a challenge, Chris moved his hands in front of Leya and grabbed her breasts, while continuing his intense pumping towards his stepmother's anus , who was squeezing and holding him very firmly, giving him a stimulus that made him quickly again to...

"Okay, here's another one."

Spurt!....Splurt!, schloop!

"No, no, noooo!~!"

"No use fighting; just take it. "

"no more ghhaah!!!~, 'cause it feels so, mngh! ~♥□♥□♥□"

Squelch... trickle... trickle...

Chris again began to fill her stepmother's back door;

Leyla for another laso felt her insides begin to quiver and this new kind of orgasm spread to her vagina which started one of its own, and made an even bigger stain on the couch.{

her legs in a perfect split threatened to retract, and in that awkward situation she was also having simultaneous orgasms.

She was trying to resist as best she could, but simply that big cock was driving her crazy pushing her to the limit, and his seed was finally breaking all her resistance.

Her body was disobeying her will; she simply couldn't describe what she was feeling.

"gahh~♥"

plip... slp

Her face was a contradictory combination of resistance and pleasure, she was gritting her teeth and making a face of dissatisfaction and conflict, but at the same time with a lost look and wandering eyes lost in ecstasy, with a blush pronounced on her bronzed skin.

Her pride was hurt , she could not believe that her stepson, who was only a freshly graduated virgin, would force her to have several orgasms.

But at least by this point like any other man he could not anymore, Leyla thought it was time to show him his place-.....

" Whew~ , you have a nice hole, just like your big sister. Good, keep it up, deposit number two"

Plpsshhh!!

" Argh ! You're going to ahhh ! ~ No ! Stop, pleaseagh!~. If you keep this up, I'll ughh!~♥□"-

Chris continued to intensely assault his stepmother's anus, not giving her even a little break.

Plap! Thwppshhh!

Now, with the previous cums, Chris felt that despite the pressure she was causing him, he could enter and exit more easily, now her anus could not be as lubricated.

"Shut up and just receive ugh!, yes that's it I like this! Squeeze harder! "

Skrrrrkkkkk!... sckshhh!... plpsshhh!....

Chris just wanted to feel the pleasure to get his seed and frustrations out, thrusting in and out without any consideration of his stepmother, who was receiving, non-stop.

"Mngh! No!...haa!~ nhm!~❤️"

Leyla again was losing her mind, immediately she felt how just from that alone the tension was starting to build up significantly fast, her body was losing itself in pleasure and getting out of her control.

"ugh~❤️□ aaahhh!!~❤️□nnggh! stop~❤️□"

The initial discomfort was turning into pure pleasure, and increasingly intense moans began to come from her.

Remembering the image of her older sister, she didn't want to be left the same; she refused to let herself be dominated by her stepson.

She gritted her teeth with determination as she continued to resist; she would not let her sanity fall.

" Hyaaa!~❤️❤️ "

" That's it, I like your moans. "

Chris, who pinched her nipple from behind, she was having fun and again she was quickly starting to reach her limit and .

" There goes for the deposit. urghh!! "

Spurt!!! Splurt!.... Splat!

" Nooo, again, I-I cre-aaaahh! !!!~❤️□❤️❤️❤️""

Shlick!... plip... drip... drip... slosh

Again, Chris deposited his seed in her without stopping his hip movement, which made Leyla, at the sensation, was forced to have another orgasm, although she did her best to hold back.

Plssshhhhhh!... plssshhhhhh!... slkktkkkk!

The pleasure she was experiencing was a difficult feeling for her to describe and control, even with all her experience.

She was beginning to get dizzy; her breathing had long since been out of control, with sweat pouring down her tanned skin and a deep blush.

Also, as a beast woman , her sense of smell was more perceptive, and the smell of raw sex was making her dizzy and the vulgar sounds coming from her was like the melody that leads him to lose himself in pleasure.

Her face was a mess and her frown was beginning to slacken, and her eyes were getting more and more downcast.

Slrrrp!... thhhmmmp!... slrrrp

She felt like she was losing herself and her resistance was dropping with every pumping, with every creampie, she could only cling with her hands to the back of the couch and try to hold on.

She was falling into the abyss, the abyss from which she might never be able to climb out.

"haa!~No, stop!,ugh!~♥□ please , no, haaa~♥□ more!Aghhh!~♥♥"

She could barely beg for mercy, but Chris, again, no matter what his stepmother, who was now his number two deposit, had to say, kept relentlessly moving his waist, making quick but deep movements.

"yes, that's more, more, squeeze me tighter!!!"

All he was looking for was his own satisfaction; the only reason he wasn't claiming her to keep, stop cumming was that she squeezed him deliciously every time it happened.

That was it, to him, she was nothing more than something he would use to give him pleasure.

But it was still a very noisy deposit so Chris thought and brought one of his hands to his stpmom neck, making her look at him.

" Let's see if you're a good kisser."

"Huh? I- Mmmwwaahh! Mnghhhhhf!~♥□"

Hhrrrrpphh.... Plppshhh... thwppshhh....

Chris, from above, began to kiss Leyla while still assaulting her anus.

There was no love or affection in that kiss; simply, Chris thought it would help him silence her, but for Leyla, who was on the brink, it was the worst.

"mnggh!~♥□♥□♥□"

Pshhh! splrrghh! fwaaah!

Her body was so perceptive that even when Chris didn't use her as a deposit she was having an orgasm just from the simple kiss, it wasn't even from the sensation of his creampie anymore.

"mnnnghff!~♥♥"

She was losing her sanity, She was on the edge , almost nothing away from falling for good, but just when she thought she couldn't resist anymore....

" Fuufufufu~ , what do we have here !"

Leyla heard the voice of her trusty older sister, if it was her, she would save her from falling into this abyss that frightened her, but tempted her, from that abyss of madness and pleasure.

She could not see her because she was forced to see the face of her hateful stepson, but she was sure he would help her , but before salvation came .

"UgggHa!!!"

Chris , without breaking the kiss , made a muffled sound , and Leyla felt Chris's member tremble and contract , she knew what it meant was going to happen .

Gush... gush...!

And as she thought at the moment, Chris, without any warning other than that little choked moan, began to fill her.

"mmnhggghHH!!!~♥□♥□♥□"

Squelch!!... trickle!... slp...

She at the same time had a huge orgasm, but this one was not the same as before. Chris had reached the most climax; he was releasing the biggest one.

skkrrrkkk... sckshhh... plpsshhh...

Chris was enjoying himself as he released the sensation that generated so much euphoria that he didn't stop pumping even during his cum, pumping in and out of his stepmom's increasingly slimy hole spreading more watery and vulgar sounds.

He simply could not stop. Leyla, who sensed this difference, was about to go crazy.

"mng!!~ aaghnmhn! Mnffg~♥□♥□♥♥♥"

Splatsh! squelch! shhhh!...

The constant sensation and Chris, who kept pumping in and out of her, along with the seed filling her more and more, made her have continuous and strong orgasms that wouldn't stop she couldn't stop and was teetering on the edge of abism.

Leyla, who had heard her older sister in front of her, tried to reach out to her.

Even if she couldn't see her, she wanted to hold on to something so she wouldn't go crazy. With her last bit of resistance, she wanted to grab her older sister's hand, but....

"Ara Ara, what is this? My little Lily wants to hold her big sister's hand, well this big sister will hold her."

There was something strange, she didn't understand what, there was definitely something strange even as she was losing herself she noticed this.

Her older sister should be struggling to get this savage off she or call for help, but she wasn't, but at least she was there for her in her most difficult moment.

Leyla's hand was taken by Astrid as she wanted, and Leyla thought she could stand firm and not fall; yes, she thought so until she heard her older sister's next words ...

"Fufufu~, it feels good, doesn't it? That feeling is just pure ecstasy. Lily From now on we will be his semen deposit ; our only job will be to receive the master's seed."

That was her break; Leyla understood that her sister had gone mad, and that understanding made her...

" Mmmnghhh !!!~♥♥♥♥♥"

squelch!... Sploosh! splash! shhhh!

She was freaking out too, she couldn't take it anymore. The sensation had consumed her rationality; it was pleasure beyond the unthinkable, she finally gave in and surrendered to the pleasure.

She could not deny it, she would do anything to feel again and again this sensation that drove her to madness.

She couldn't blame her sister; after all, it was true that there was no better purpose in existence than to be her stepson's semen deposit.

Sploosh! splash! shhhh! squelch!

That realization made her let herself go and feel satisfied with Chris, who kept filling her , not stopping his intense pumping that made the thick seed overflow.

Chris, who noticed this, was dissatisfied at this , broke away from the kiss and pulled his member out of the back door.

Plop!

There he took an anal plug that, for some reason he was carrying and put it in his stepmother's anus to prevent any more from coming out.

On the other hand in the middle of this he pushed his cock in full cum into her very hot and wet pussy of his stepmother who had also gone through it own orgasms.

"well perfect"

"aggh!!!, hot, mngh! Very hot, more, more~please mngh!!!~♥□♥♥♥♥"

Splurt!!... drip...splish!

And he began to fill his stepmother's other hole, reaching without any restraint or preparation deep inside her and beginning to fill her womb.

Again this hole was doing its job properly and was obediently doing its best to receive his seed, squeezing it and giving it a nice reception, until finally Chris deposited everything inside his stepmom.

..

.

Chapter 300: Stepmother(4) (R18)

"haaa~ahhhh~haaa~"

Finally satisfied, he took his sticky member and pulled it out of his stepmother's vagina, the member was covered with Fluids and had a prominent aura.

It seemed so hot it was emitting steam, while still a small amount of liquid was coming out of the tip and it stood so firm and ready to inseminate just with the insertion.

Chris unsatisfied , looked over and on the other side of the couch he saw his stepmother Astrid, now holding a Leyla with a face still in ecstasy and little conscious between her breasts that for some reason were exposed.

Yes, those large breasts, with inverted nipples, that drew Chris's attention so much, now that he saw them.

"You go over there and seduce me. "

Authoritatively, Chris commanded his stepmother, who upon receiving Chris's command released Leyla, and left her leaning on the couch.

Now, Leyla was semi-conscious, with a perfect split on the couch and leaking milky fluid from her vagina

.

"..."

But Chris without caring focused his attention on his stepmother Astrid. She who had discovered her purpose was eager to be filled and used.

So, on Chris's orders, she leaned against the nearest wall, and did a vulgar pose by spreading them and then flexing her legs a little.

Then she lifted up her Sundress suit and showed her exposed pussy as she had removed her attempt at underwear which had also been a mess earlier.

She also brought her pelvis forward, showing her pussy as much as possible despite standing up, tempting Chris as he asked to her.

Chris seeing the vulgar position, as well as the drooling pussy and as icing on the cake her neat purple bush, felt satisfied and very aroused.

Chris liked her obedience, so he approached her.

His stepmother, Astrid, looked at him expectantly as he approached. And by the time he was right in front of her, Chris was level with her breasts, which was strange, since only moments ago they were the same size.

In fact, she suddenly looked even younger, but those were small details .

"well that's the way I like it, you're ready to receive my seed aren't you"

"glup! Y-yes ho-master use me as you like, I'm yours"

Chris, in front of his stepmother without further ado, hurriedly felt one of Astrid's breasts, which despite their size were firm and, as if that wasn't enough, just like her ass, The sensation of touching was simply spectacular.

Without further ado, he took the tip of one of those inverted nipples into his mouth and began to suck on it.

Chuup... sliiick Chlup

"mng!~ahhh!~mngghaaahhh!~♥□

On the other hand, his veiny member, which was erect as a spear, and pressed on Astrid's vagina, Astrid who felt that, shivered at the heat it emitted.

her breath began to heave. The technique of her stepson's tongue was no joke; that alone was bringing her to the top quickly, while she was also stimulated by the vulgar sounds her stepson was making her produce.

At this point she and her vagina were eager for him to enter and use her again, thus fulfilling his purpose.

She wanted him, but she was just an object she shouldn't have a say; she was just a semen deposit.

"puhaaa!, they're hard to get out, oh certain take!"

"hyaaa!!~❤️"

mwaa mnmfnh! clup!

And when she least expected it Chris made a quick movement and shoved his entire Length inside her in one stroke as before, making her spasm and have little orgasms that her body used to assimilate the magnitude of the member.

"good, keep squeezing like now, I will fill you until I am satiated"

Thwapp! Thwapp! Thwapp!

Chris again, began his unstoppable movement from the waist upwards abruptly and without any consideration; he was using her to satisfy his desire.

He , moved his hand and circled around to also assimilate Astrid's soft and addictive ass.

His mouth and hand were massaging one breast and his other hand was massaging her ass....

Chris hadn't come out of rapid fire mode, so moments later....

" Umnfffh!"

Spurt !!!Spurt !!! . Schlk

!!! Haaa!~ Hot , mngh!~♥□♥□♥"

Splat... squelch... shlick... shlick... slosh

Chris shot his first load into her as soon as he got in deep, this caused Astrid to be taken by surprise, she was unprepared and her insides quivered as she experienced the intense sensation the seed was causing her.

Her legs, which she thought were firmly on the ground, began to waver and threatened her failure.

"mnghhaaahh!!♥"

But Chris wasn't going to allow that; he took a step forward and stuck his body even more with Astrid.

This caused Astrid to be more pressed against the wall and Chris to reach further in.

Now , he was pressed harder against Astrid and the breast was pressing against her face, still, he kept reaching for the nipple to pull it out. and pumping upward.

Thwapp! thwppshhh! ssshhhh!

"mngh!~♥□ aaaahh!!~I can't, ngh!!~♥"

Astrid could take no more and, even though her should only be a deposit, hugged Chris's head.

Chris allowed it because of the good view she showed him earlier, and he couldn't speak from being pressed against their chest, so he let it go and concentrated on satiating that desire with his tongue.

Now that he didn't need the other hand either, he put it on her hip, now holding his stepmother with by her buttocks with both hands and with a better grip and balance he began to go in earnest.

Moving his hips wildly upward, making his cock persistently pound his stepmother's deepest parts.

"mnggh ! Harder, please!!~ ♥□Mnggh! give me! yesss!♥□ much more ~♥"

Making her spasm hard and shudder, but she, who had given herself to the ecstatic pleasure, was enjoying it without any qualms.

It was pure ecstasy and she had no regrets about becoming a semen deposit.

Every time he was inside her, she was on the brink, and just as Chris came deep again for who knows what occasion.

" Haaaa haaa, cuming!!!, aahh hunggh!!! ~♥□♥□♥□♥"

Pshhh! splrrghh! fwaaah! splatsh!

Another climax, without any warning, came towards Astrid, which made her shudder and contract intensely, as she hugged her stepson's head tightly against her chest plunging him even deeper into softness.

Astrid's face reflected pure ecstasy, her blush was intense and her breathing was ragged.

The scorching heat of their actions and the closeness of their bodies enveloped her completely, causing sweat to slowly slide down her skin.

A few strands of her hair, messy and damp, clung to her face and neck, trapped by the moisture of her own surrender.

She was just staring at the ceiling with a blank stare, waiting for Chris's seed to come at any moment to initiate another orgasm, although she still had traces of the previous one, and that's just what happened a few moments later !

"unhff!!!"

Spurt... splurt...

"I come! ❤️👄❤️👄❤️❤️"

Squelch... trickle... plip... slp

Just as she expected just feeling her stepson inseminating her was enough to initiate another orgasm, she was trembling at this addictive sensation and felt again on the verge of madness, to which she surrendered without any qualms.

This wonderful feeling intoxicating her, she wished it would never stop.

By this point, her legs had gone soft and in fact, honestly, no longer exerted any force; the only reason she was still standing was because Chris was holding her and pressing her against the wall, holding her in place and fulfilling his purpose of receiving her seed.

"Puhaaa! It's out, good, let's go with the other one."

just as she and Chris finished their orgasm.

" Hayaa!"

Chris had finally pulled her right nipple out and was going to the other to do the same to her.

He tried to make some distance to go for the other, but that made the weak Astrid lose her support and her back slid down the wall, separating herself from her connection with Chris.

"..."

Chris was a little surprised by that, then he saw the fallen Astrid, who dared to pull his member out of her without his permission.

"Haaaa...haaa, let me rest .... haa~, one more moment, ahhh!!!?"

"rest?,haa~ you don't have the right to that"

Chris picked up his stepmother and carried her towards the center of the room, placed her face up on the floor, then positioned himself over her and placed his member between the large breasts.

One whose nipple was still inside and the other was salivating and a little swollen from the tongue job he had done on her earlier.

"well this looks promising, mngh! Good!"

Glrtttt... glrttttttt... sssshhhhhhhh

he thrust his member between his stepmother's breasts and began to use her even though she was tired, he grabbed her breasts and crushed his member to pleasure himself with his stepmother's breasts.

"yes that's it"

Astrid looked down and saw the large member moving in and out of the valley of her breasts. Chris was pressing her breasts hard to the point that it caused her some pain.

But still the tingling in her vagina was even more intense.

She felt as if a hot iron was between her breasts; moreover, the member was so close that its smell intoxicated her, and watery, sticky sounds similar but different from before were coming from there.

All this combined with the memory of it being inside her a few moments ago made her vagina tingle.

Also, her heart was racing and her breathing, despite not doing anything but being used as an object, remained heavy.

Shhhhrkk!... sssssllrrp!... shrrrrrr!... shrrrrrr!

The fact that Chris was moving her breasts at his whim was turning her on, and her pussy was again begging to be filled with cum.

And even though she was tired, she wanted more. So she took the initiative and grabbed her own breasts and began to move them herself.

Chris let her do it and enjoyed it as Astrid moved in different intensities and ways.

The softness was glorious, as she crushed and stimulated it in different ways, it seemed like every part of his stepmom's body was made to give his pleasure.

Chris quickly reached the limit and was about to cover the huge breasts with his seed, but remembered he still had a duty to perform.

"argg!!!"

Splat... Splurt!

"huh!? Ahhh!!!!~"

So instead, when he felt he was close to the limit, he suddenly but nimbly pulled back and thrust his bursting member into his stepmother's vagina and used it to deposit his seed.

For Astrid who thought she would be bathed in semen it was a surprise; still, she received it gladly.

"~yes that's ahhh!!!~♥□♥□♥□♥"

Spurt!! Splurt!... Splat!.

Her duty as a semen deposit was being fulfilled, and she couldn't be happier .

"yes that's it"

Mmwaahh!...,spliick!

Chris enjoyed his orgasm, he felt the next one was his last, so he leaned over and put all his weight on his stepmother, making his mouth reach for the nipple that wasn't out yet.

Skrrrrkkkkk!... sckshhh... plpshhh"

And at that point he kept pumping downward attacking his stepmother's vagina with deep hip movements.
