

The Noble Lady of Lust

Chapter 36: My sweet Alice > (R18)(Yuri)

[[I'll include in the title what the R18 Chapters contain, as some content might not be to everyone's liking.]]

Smmua...aah... Mmm....mwaaah

Sucking sounds could be heard. This time I was being more aggressive than usual and, for the first time with Alice, one of my hands was more mischievous and started caressing her breast, which, while not as big as Elena's, was a decent size.

"ummmhh~"

We were both dressed like nobles of our rank, in wide dresses and corsets which I didn't like, but at this point I was grateful for as it made the experience better.

Alice was a little surprised at my hand, but didn't resist.

'Bingo, that's green light.'

It's been a long time since Alice and I have had this kind of relationship she already knew my intentions towards her and I knew she liked me too, even though I was a woman.

she was just very shy and innocent, but that's not going to stop me now.

I started to be more brazen and molded her breast in different ways while giving her little pinches.

The clothes were a little thick, so I took advantage of the fact that the dress had some buttons on the chest part and unbuttoned them to reach into her dress and feel her breast directly.

"unnnh~...haaa~ humm~"

Oddly enough, bras do exist in this world, though only nobles usually wear them. That didn't get in my way and with experience and mastery I managed to unfasten it, as it was a front closure.

Alice's breasts were freed, and were at my mercy, but still I did not break my kiss with Alice, we were just taking short pauses to breathe.

Now, uncovered, I could directly feel her skin with my hands, I molded them to my liking and from time to time pinched her cherry tip, which was beginning to harden.

On the other hand, our tongues danced as if seeking superiority. Surprisingly, Alice is good at kissing, which brought more satisfaction and excitement.

"haaaah..ahh~ feels good...ahh ummmh~"

In the little breaths we had she was expressing how good it was feeling.

She began to warm up more and her hands, which until now had remained motionless, began to wrap around my neck, increasing the intensity of the kiss even more, which I hadn't thought possible.

Alice was showing a side I had not seen before, but I deeply appreciated. I was even the first to surrender and break away for air.

"Haaaa...aaah, how intense, Alice...ummmh!!."

I couldn't finish saying what I was thinking, as I felt dizzy and Alice started the kiss again on her own. I couldn't let an amateur beat me, so I decided to step up my game.

My other hand began to move, going to her Intimate area with obvious bad intentions. Because of the dress, direct contact was difficult, but I still didn't mind and started massaging her crotch over her clothes.

"Aaaaaaah!! mmmmhna!♥◻~♥♥"

Alice let out a small moan, but as if possessed she closed our lips again.

It was when I felt her trembling and hugging me tighter that I realized what had happened, Alice had had an orgasm, which finally made her pull away from me.

"Haa, big sister, I..."

Breathlessly, she looked into my eyes with a hazy look. I had no doubt I was the same way, as I felt even more intoxicated than when I drank the other night.

I was just about to throw her over the bush and attack her for real when....

"My lady, it's time for lunch."

"kyaaaa!!"

Suddenly, Elena appeared behind me to tell me that the food was ready. the previous scream was obviously Alice, if there has never come out of me such a female scream....

I don't know how long I was with Alice on that, but it seemed that for now we had to leave it to eat, so we followed Elena as Alice blushed and looked down very embarrassed now that the heat had gone down.

I had been left wanting too, but this wasn't over yet. On the way we met Alice's maid and she asked if she was feeling bad because of her redness which she denied, the maid looked suspiciously at Alice but could only shake her head and believe her.

..

.

We were well past lunch time and it was time for dessert, and when I mean dessert it's the sweet girl in front of me who followed me to my room.

That's a definite green light; if she doesn't understand the situation, even with what happened before, she wouldn't be innocent but dumb and my dear Alice is no fool.

Thud!..., click!

And with the sound of the door closing began what I was looking forward to.

Mwah-mwah-mwah

I headed straight for her and started kissing her, but this time I went for her neck. I started to slowly work my way up to the edges of her lips, but continued on my way changing direction to her ears, which were semi hidden by her hair.

"big sister it's sensitive there, you can't Aaah~"

*"my sweet Alice I'll be gentle~ **mwah**"*

I kissed her softly as she held the sides of my dress and closed her eyes tightly as if resisting something, but that didn't stop me. I made sure to run my tongue all around the edge and deep.

When I was satisfied, I unbuttoned the buttons on her chest again and once more pulled her chest out into the open air. I have to say they were especially nice, her skin was like creamy soft milk.

It honestly gave you a feeling of inexplicable attraction, like you wanted to devour her in more ways than one.

Mwah-mwah-mwah!

To tease further, I made sure to slowly move down while leaving a trail of kisses down to her beautiful chest.

Those cherry tips were perfect, they were like a candy calling me to eat it and I didn't resist at the call.

"mmnh~"

With my tongue I touched the tip of her breast, causing Alice to shiver. With that alone, she was already very aroused and those sweet breasts were the perfect relief.

I kept tasting them and playing with my tongue until they started to get harder and harder, causing me to give her a little nibble.

"Hyaaaa!!, big sister!, noooo!!!~♥□♥□♥□"

Alice began to tremble as she sustained my head intensely, she seemed to reach great heights with just that little stimulation.

Apparently she was especially sensitive and this alone was enough for her to reach a great orgasm.

her body kept trembling for a while, as she contracted and her hands squeezed my head tightly.

Until finally her arms lost their strength and fell to the side in surrender, I also noticed her legs trembling in small contractions, hesitating not knowing if they would give way at any moment.

Her face became dreamy, looking up at the ceiling as if she was having the best feeling.

This went on for a moment until I pinched her other nipple with my hand, bringing her back to reality with different stimuli. I decided to go for the sweetest and went lower.

"Wait!!?, big sister, that's!"

"Don't worry, I'll make you feel better."

At my promise of more pleasure, she hesitated a little, but allowed me to go ahead.

I wore dresses and skirts myself every day, so I knew how they worked and without any trouble I took hers off.

Leaving beautiful white legs on display, along with immaculate white panties that seemed to represent the purity of the owner.

Unfortunately, this perfection was marred by an obvious wet spot and liquids coming out of the ends that could not be contained.

Suddenly, a peculiar smell invaded my nostrils, making me intensify my breathing which now seemed thicker and heavier as if I were running.

Mmmwaa!!

I couldn't take it anymore and brought my face closer giving her lower lips a kiss.

"Hummm!~sister~ right there, yeah!~♥□"

Alice immediately reacted enjoying the feel of my lips over her panties, but that wasn't enough for me. Removing the last line of defense, I pulled down the panties.

Alice had pubic hair. It wasn't much, but she had, which turned me on even more. Now without interference I could feel Alice's heat directly.

"ummmhh aaahh!!~!"

My tongue, as if possessed, moved on its own seeking to taste the delicious honey that was overflowing from Alice. I couldn't even describe what it tasted like, I just felt like it was something I could become addicted to.

Wanting more, I wanted to explore her even further. I began to tease her pretty pearl, to circle her beautiful soft pink lips, leaning toward the still unexplored cave.

It was a thorough exploration, savoring her sweetness every step of the way.

"I can't... It's too much!~♥□...big sister ahh!!~♥"

Alice supported the notion by holding me by my silver hair and pulling me closer to her, further intoxicating me with her soft scent that clouded my judgment.

Chapter 37: My sweet Alice (2) > (R18)(Yuri)

POV: Third Person

Sluuurp... Shlk... Squish ...

In the room, wet sounds could be heard. There were two women, one with silver hair, Seraphina, and the other with golden hair, Alice.

Both were doing something that no noble family would accept and expect "friends" to do.

"ahh!, mmmgh!, mnnnh~♥□"

Seraphina knelt in front of Alice while passionately kissing Alice's soft folds, moving her tongue boldly as she savored her sweetness.

Sluuurp... shmps....

Seraphina seemed to be totally focused on exploring Alice, while Alice held her by the hair, staring at the ceiling with cloudy eyes and letting out small, restrained moans.

Alice was on her tiptoes and her whole body seemed to be tense, waiting for the ecstasy that was about to come and was beginning to addict her.

She couldn't describe what she was feeling at that moment.

She never thought anything could feel so good, her role model, was giving her this intense pleasure, which made her feel even more euphoric.

Her face could only be described as that of someone who was receiving the ultimate pleasure at that moment.

"Hiiii!!!!.. Noooo!, wait, big sister!~♥□"

Her heels rose even higher, as if she wanted to fly, barely remaining on tiptoe, as she held Seraphina's hair as if her life depended on it.

Schlup...Chupp!! shlck!...slrrp!!

Even so, Seraphina, who was attacking her thoroughly with her tongue and fingers, did not stop, intensifying the watery sound even more.

"mmmhnna!!! can't..... hyahh...aaaaAAAhhh!!~♥□♥□♥□"

Psshht!... squish... Squelch!!

Alice didn't know how many times she had felt this today anymore, but this feeling only made her want more.

She felt like she was on cloud nine as her whole body tensed to the max, like a current that ran through her whole body, tightening it and finally making her feel weak and soft.

"haaaa~♥♥."

If it wasn't for Seraphina, who held her wrapped a hand tightly around her, she would have fallen backwards a long time ago.

After feeling this pleasure to the fullest, her body previously in maximum tension softened, preventing her from holding her position.

Seraphina, noticing that Alice could no longer stand, held her up and put her on the bed.

At that moment, Alice's entire lower body was exposed, while the upper part of her dress remained in place, but was only held up by the corset, as her shoulders and breasts were exposed.

"haaahhhaa~"

Her breathing was still heavy and ragged, causing Alice's breasts to sway. Her face was still deeply flushed, with that sensual, undone expression.

The stark contrast with her normally innocent appearance greatly aroused Seraphina, who also removed her long skirt and, without hesitation, pounced on Alice, giving her no moment's rest.

"ummmh, me too...ah! I can~".

Alice, feeling Seraphina stimulating her again, didn't want to be the only one to experience these wonderful sensations.

She wanted to reciprocate, so she thought about imitating her and clumsily tried to reach Seraphina's lower body.

Alice somehow managed to get underneath her, while Seraphina was busy attacking her, now Alice was looking directly at Seraphina's crotch right above her.

Seraphina was wearing a beautiful little black lace booty shorts that just needed to be a little thinner to be considered a panties.

It contrasted with her beautiful white skin it was tight and due to the wetness you could see the outline of her vagina and that for some reason triggered something in Alice.

"glup!"

Today, Alice felt many new things and was feeling an uncontrollable urge for something, but she didn't know what.

Still, guided by her instincts, she brought her face close to Seraphina's crotch and with her clumsy and inexperienced tongue she tasted Seraphina. over the tight little trousers.

"Mmhaaaahhh!!!"

Causing Seraphina to let out a cry of surprise and pleasure, her reaction awakened something in Alice and intensified her actions even more.

Meanwhile, Seraphina, who was in control so far, started to hesitate as she began to feel what Alice was doing.

"Hummm~ wait, Alice... yes, a little more to the right~ yes, right there... ahhh!!~"

Seraphina began to enjoy Alice's caresses.

"haah!~big sister!! mnhunm!!~♥□"

Not wanting to be left behind, she again buried her head in between Alice's legs and made her release her melodious voice.

Alice, who also got excited, removed everything that stood in her way and also attacked Seraphina in return, giving her back the feelings she had felt and trying to convey her feelings to her.

The two naturally formed a '69' immersed in pleasure as they struggled to see who could make the other feel more pleasure.

"mmngh, angh!~ aaamfgh!~ ahhh!"

Alice was having contractions and tremors more often than Seraphina, but Alice was also managing to make Seraphina shudder.

Chupp!... shlick!- slrrp!... slrrrk!!...

They both devoured each other in a maelstrom of pleasure.

Seraphina, not wanting to be left behind and flaunting her experience, very gently with her fingers began to make circular motions while pressing the small bulge at the top of her vagina and brushing it with the tip of her tongue, giving Alice multiple sensations in one spot,

"haaa..aahh!...hiii!~♥□♥□!"

Making her scream, tense and shudder, giving Seraphina the satisfaction for a brief moment until Alice recovers again and returns her.

Mwah...Smoooch...Lick!!..

..

.

After a while, tired of staying in the same position, Seraphina was the first to get up and turned to find herself face to face with Alice initiating a passionate kiss that felt wetter than the ones in the beginning.

Ssluurrrp!... mmwack!...

It was an intense exchange, Seraphina's expert fingers sought their target, attacking her soft folds.

Alice mimicked her and as the kissing continued, they both gave each other intense mutual pleasure.

"mmmmhnm~ mnmhgh!~♥♥"

It was so intense that sometimes Seraphina was on top, and the next moment Alice was on top of her, sometimes on their sides, but always as close together as possible, their breasts pressed together and deformed in this struggle to see who could give and receive the most pleasure.

Muwaah!!... Chluuups!!

her fingers always sought their target again and the mutual caresses never stopped. Seraphina was even more cunning and pushed her finger a little into her sacred place .

Seraphina's experience regarding the subject was profound and something the self-study discovered masterfully she explored gently without causing any damage and giving her more intense pleasure than before.

"Puhaa!,aaah!! wait!... big sister, mngh!! this is strange~AAaaaaah!!♥□."

Seraphina's provocation was successful, leaving Alice with feelings she couldn't explain.

Mmmmmwaaaaahhh!~

After getting used to it, Alice returned to the kiss she loved so much and plunged back into ecstasy. She tried to do the same with Seraphina, but failed.

Due to her inexperience, she couldn't find the right spot, so she kept rubbing harder on the outside, annoyed that she couldn't make her sister feel the same way she did.

Things were so intense that at some point they both ended up on their knees on the bed, still kissing and fondling each other, squeezing their breasts, exchanging roles in their hands and finding the spot they both liked best.

Intentionally or not, Alice wrapped one of her hands around Seraphina and attacked her at a different angle, which surprised and stimulated her.

"haaa!~♥□"

Seraphina gave it back to her, but with more malice, making one of the fingers take a different path and massaged a different place, but to confuse her the rest of the fingers were in her wetness .

Alice was so intoxicated with pleasure that she didn't know where the sensations were coming from.

For her, as long as it felt good, everything was fine. At that moment, they were both peaking after so many little orgasms.

As if synchronizing, they felt a bigger one coming, both intensified their finger movements as if it was themselves they were stimulating.

"Alice, ahhh, keep going, don't stop~♥□ haaa, keep going!!!"

"Big sister, right there, harder, keep going, deeper~♥□."

Both lost in ecstasy, their primal thoughts were all that came out, begging for more. Both felt they were reaching for the clouds.

At that moment, intentionally or inadvertently, one of Seraphina's fingers hit Alice's sweet spot, causing Alice to reach her limit and break first, unintentionally increasing the force on her own fingers and breaking Seraphina's limit as well.

"Hyyyaaa, big sis, I'm scared.... what is this, something, something is coming nooooooooooaaahh!!~♥□♥□♥□♥"

"Alice, I can't take it anymore~ haa~ aaaahhHH!!! ♥□♥□♥□♥"

They both reached ecstasy as they broke the kiss and embraced, their breasts in the middle squeezing and stimulating each other, further enhancing the pleasure and taking them to the clouds.

Spurts of love juices ran down both legs as they both looked up with questioning faces and, still on their knees, their legs trembled.

Lost in ecstasy that lasted for a few minutes, When the ecstasy came to an end, they both could not take it anymore and fell to the bed, still hugging each other.

But they still seemed to be able to do more, so after a brief rest, Seraphina returned to attack Alice.

..

.

Squish... slosh... schlop....

Time went by and neither of the two girls present could say exactly how much time had elapsed, the only thing they both had in their heads were the sensations they were feeling.

Both girls had long since shed their clothes, only the corset and stockings remaining, which only made the scene more erotic, not to mention that they were both obviously a mess with sweat and redness all over their normally milky white bodies.

Their hairs were also in disarray, but the beauty of both of them overshadowed all these minor imperfections.

Now both girls were kissing each other intensely, but their crotches were entangled, causing their lower lips to be in contact as well.

Both had their sacred places a little reddened by the intensity of the last few hours.

Still, they kept grinding each other and coming into contact, it was a unique pleasure and they couldn't stop it.

Both Seraphina and Alice were ecstatic and sensitive, they clearly felt each other's heat and wetness, but that made them rubbing more.

slosh... schlop... schlup

The sound of both vaginas meeting did not diminish; they were moving, meeting and even just staying together.

Both were reaching their absolute limit and began to move their hips even more intensely, grinding harder and feeling each other's heat mutually.

"big sister I'm about to, hummm~ahhh~ ♥□ ♥□ "

"yes ...ahhhh~ me too~ ♥□ ♥□ "

Finally, they both reached their limit and broke apart, from their suffocating but addictive kiss.

They both lay back on the bed, supported by their hands, but their between leg still intertwined, with a better angle, they both started to enhance the movement and stimulate each other more intensely, to the peak. Finally...

"this...ahhhh...~ , here it is mmmnnhh!!~♥️♥️♥️♥️"

"this, is the ahhhh!...the best aaaahhh!!♥️♥️♥️♥️"

They both began to cum. Their bodies tensed and both lifted their pelvises, their vaginas clenched tighter, until finally a large amount of liquid began to gush out which further moistened their connection.

"mmnh~♥️"

The unconscious pelvic movement of both simply stimulated them even more, prolonging the intense and deep orgasm that made them both reach ecstasy.

There was simply no way to stop the stimulation; it was too much and continuous. Their sacred places were a mess, yet they wouldn't stop, the pelvic contractions simply fueling each other's pleasure.

..

.

"haaaa~ahhhh~haaaa~"

This went on for a while until finally they lost the tension in their bodies and both of them fell onto the bed, letting out ragged, deep breaths.

As if by instinct and with her last effort, Alice crawled over to her older sister, settled in beside her and hugged her, finding comfort.

"Alice, haaa..., that was amazing."

"I felt the same...., big sister..., it was the best day.... of my life.....***love you~***"

Saying that, Alice gave Seraphina a kiss and then closed her eyes as she fell asleep in her arms.

"..."

Chapter 38: Divergent Fragments

POV: ???

Ba-dum!, ba-dum!...Ba-dum!, ba-dum!...

"Wait... we could do it another way, it doesn't have to be like this."

There were only two figures standing in this place, one with red hair and one with golden hair. The one who had just spoken was the golden-haired girl, asking her friend to reconsider what she was about to do.

On the other hand, the red-haired woman with blue locks was holding an unconscious man. Both were a mess, as if they had been through a battlefield, and that was exactly what had happened.

The surroundings were anything but normal: they were surrounded by the ruins of what appeared to have been a civilization now destroyed.

There were bodies of different creatures, both human and non-human, humanoid beings with horns and other unusual features.

The sky was a deep red, with clouds so dark it seemed impossible that they were natural.

Occasionally menacing red lightning could be seen; the atmosphere was so heavy that it seemed as if the sky itself was about to descend and crush them.

In that apocalyptic place, only those two people remained standing.

"You don't understand, ■■■■■ has decreed it so. There is no alternative left."

"Who the hell cares what ■■■■■ wants? You don't have to do this, you don't deserve this."

"You know I have to do it, it's the only way for you to at least get out of here."

"But you can come with me, you don't have to die here."

"You are the person who has understood me the most all these years, and you must know that I would never do something like this. I can't leave he alone,"

The woman said as she looked tenderly at the man in her arms.

Ba-dum!, ba-dum!...

"But...there must be another way."

"No, there isn't. his sacrifice is necessary and I will accompany him."

"Damn it! He never deserved you, he just ignores the things in front of him, acting like a hero, but unable to protect his own."

Ba-dum, ba-dum...Ba-dum, ba-dum...

The golden-haired woman refused to accept what her friend was about to do and tried to talk some sense into her, but it was useless and she knew it. Still, she wanted to try.

"I know, and I still decided to love him. This is what I chose and I want to follow it to the end."

"But..."

"You know, I want to apologize for everything. You just got drawn into this against your will. And regardless of your initial intentions when you approached us, you were my only and best friend. For that I thank you for putting up with me all these years."

"No! Damn it, why are you talking like this? This isn't over yet, this can't end like this, I won't let it end like this again!"

The golden-haired woman began to scream as she refused to accept the other person's words.

But she knew that her screams and tantrums would not change anything. Still, tears spilled over the inevitable fate of her friend.

"No, I won't allow it!!! ***"Lux Annihilationem!"***"

Ba-dum, ba-dum...

Refusing to give up, she began to concentrate a large amount of mana, reciting the chant of what sounded like a spell and formed above her a colossal circle with countless runes on it.

As it did so, a pair of white wings formed on its back, emitting an intense light that fed the colossal magic circle in the sky, and the surrounding pressure increased.

It felt as if the atmosphere was trembling.

The mana was beginning to thicken and accumulate in the magic circle; premonitions of what would happen began to echo in the air, which vibrated with fear that the spell would be completed.

Any normal person would be suppressed in the face of such pressure, but the person in front simply sighed and said...

"Haaah.... You know it's useless."

"No! It can't end like this! We won't know if we don't try, we can both get out of here."

"You will live, that's how it was decided. I will die, so decided. At least it's my decision in the end."

Suddenly, the large magic circle was beginning to fluctuate and fade.

The golden-haired figure tried to stop it, further intensifying her power output, which caused her white wings to increase in brightness and turn into wings of light.

But it was all useless, it was as if the great magic was beyond her control, even though she was the one who summoned it.

"damn it...it works!!!"

She wanted to complete it anyway and overexerted herself without giving up, but she simply could not; even the mana in her body began to betray her.

All her efforts to complete the circle were in vain and her wings began to fade.

Meanwhile, she felt invisible chains encircling her and holding her back, as even her physical strength faded, causing her to fall helplessly to her knees.

"Damn it, why, why did this happen again? You forced me to join them, now that they are no longer needed, you just throw them away? What do you want, dammit, what do you want from me, what do you want from us, is this just a game to you?"

The now kneeling figure began to cry out in tears to the heavens in helplessness, bringing out all the pain she was carrying, but no one answered her cries.

Ba-dum, ba-dum...

"I'm sorry... but that's the way it must be."

Saying this, the red-haired woman began to walk away at a slow pace, climbing a barely usable ladder of no more than ten steps with the still unconscious man in her arms.

As they approached what looked like a large black egg that was over a hundred meters long, dark, red veins could be seen all around it and, every now and then, a throbbing could be heard that caused chills for whatever would come out of it.

Ba-dum, ba-dum...

Showing no fear or trepidation, the girl slowly but steadily approached the huge egg. She stopped just in front of it, turned one last time and saw her friend kneeling, she was crying in frustration for not being able to stop the madness that was happening in front of her.

Seeing her, she thought at least someone would remember her. If someone was crying for her, it meant that she had somehow left her mark on this world. And deep down she wondered if she should do this.

Feeling her end approaching, her calm posture broke. Looking at the man in her arms and her friend, the tears simply came. But she hid them by tilting her head down so her friend would not see them.

Now looking at the unconscious man, to whom she could never properly express what she felt, she thought that at least now she had the courage to do so.

Now that it was all about to end and now that he was unconscious,

'I really am a coward to the end,'

She thought as her tears fell on the man's face. Her true thoughts came out in a barely audible whisper, words she never dared to say.

"~I... don't want to die either, not like this at least. Sniff... I simply wanted you to reciprocate. I would give everything for you. Sniff... You were the first light in my dark life. Sniff... To you I was just another friend, but to me you were my world. Sniff... At least I can finally be with you,~"

She said in a tearful tone as she looked at the unconscious man and kissed him for the first and last time.

Turning her attention back to her golden haired friend who was still crying in frustration, she didn't know if she had listened, but she sincerely hoped not. She didn't want her goodbye to be sad.

She hid her tears and put on a calm face again, wanting to change the somber mood and began to talk to the other girl.

"...haaah~Don't cry for me. You know..., I've thought about it and maybe if I had met you before, things might be different and you could make your nefarious intentions come true."

"Stop talking nonsense...sniff, from the beginning that was never a possibility,... you were always like that."

"...Who knows..., maybe you should go back in time and try."

"Not a chance.... Even if that were possible, I'd avoid you....*sniff*, I wouldn't want you to suddenly stab me one day and take my head while running away in a boat as you hug her."

"Don't be exaggerated, I couldn't do something like that. Besides, what's with that very specific description?"

"...."

"Hey, why are you being quiet? I'm not that crazy, am I? Or yes, I think... maybe... uhmm, a little yes."

"Hahaha-hahaha."

Even with all this, the golden-haired girl couldn't help but laugh at her friend, who started to doubt herself.

"Hahahah-ahaha-haha."

On the other hand, the other girl also started laughing; why only she would know reason maybe she just wanted to laugh.

They both started to laugh at each other's silliness. They both knew they didn't have much time left, even so they both laughed together, maybe their farewell would be amid laughter instead of crying, at least the red-haired girl hoped so.

But that didn't happen. The laughter slowly turned to crying for both of them this time they couldn't stop the tears.

Ba-dum, ba-dum...

"Why are you crying? d-didn't you always say that your masculinity *snif*... was stronger? e-even with that body.... didn't you say you'd show everyone how manly you were? Then why are you crying...*snif*...like a girl?"

Even though she said that, her voice could barely hide her own sobbing which she tried to conceal only to end up failing, because her tears were evident on her face to begin with.

Ba-dum, ba-dum...

"Hush...they just come out...*snif*..... Is it really necessary for you to do that?"

Ba-dum, ba-dum...

"With him in this state... someone has to stimulate his body. I know he... you never liked him. Honestly, I was always envious of you. You had within your grasp... what I always wished for, but... I just couldn't hate you, even when your dream was something as silly as making a harem."

"No... it's silly!!!" Replied the golden-haired woman, her voice a cry choked with tears.

Ba-dum, ba-dum...

"You know... the first time I saw you I thought you were someone... disgusting. Your impure intentions... were overflowing from you. Still... you are the most tenacious person I have ever met. Even guided by something so foolish... you came so far and I'm sure you'll come even further,"

Ba-dum, ba-dum...

"..."

The silence was filled with the sounds of her sobs and heartbeats echoing in the air.

"So... you don't have to die here. Keep going... I'm sure you'll be able to make your stupid, disgusting dream come true, no one has the right to look down on it when you work so hard for it," she tried to sound cheerful, but her voice was cracked and tearful.

"You're the one who... sniff... calls it a disgusting dream, damn it, sniff... yandere kamikaze." she tried to joke, but her voice was an echo of pain.

Ba-dum ba-dum...

Ba-dum ba-dum...Ba-dum ba-dum...

The heartbeat could be heard echoing loudly and constantly around them, telling them both that time was running out.

Ba-dum ba-dum...

"....You know, I don't want to die... I had so many dreams. I dreamed of having a family... living in peace, having our own house... and watching my children grow up until they had their own family. I already had my children's names planned... grandchildren, great-grandchildren, and great-great-grandchildren... You know, I spent a lot of time thinking about them."

Her voice trembled with each word, her tears falling incessantly as she imagined her now impossible future, but still a smile formed on her face as she imagined such a future.

As she spoke, she slowly backed away. Coming into contact , her foot was absorbed by the huge egg that looked like a predator that began to slowly ingest its prey.

The girl, with the man in her arms, didn't even pay attention to him and let him slowly suck her in as she continued to speak.

Ba-dum ba-dum...

"I guess... that's not going to happen, right? So, at the very least... I want you to achieve your dream. That... is what makes you you." Half of her body was absorbed but she didn't stop talking for a moment, she firmly followed what she wanted to say.

Ba-dum ba-dum...

"As long as... you still have that dream... it means that you didn't lose yourself. ugh!haa....Walk forward, don't let anyone look down on your dreams... you know, this world isn't for those who doubt. Keep going and you'll find the happiness you deserve."

For a moment she made a sound of pain, but she suppressed it and continued speaking, wanting to convey her last words.

"*Sniff*,...I'm sorry... I'm sorry. If only I was stronger... no, if only I hadn't ■■■■... if only I had listened to her and not gotten involved with ■■■■■■... I should have followed ■■■■■■'s warnings and not gotten too confident, I'm sorry."

The golden-haired woman could see how her friend was slowly consumed by darkness. She could only cry in helplessness as she apologized for her mistakes.

Ba-dum ba-dum...

It was not known if her screams were for her friend or someone else, but they came from the depths of her soul.

Ba-dum ba-dum...

"You don't have to apologize for anything, you didn't do anything wrong. I'm sorry things ended like this. Goodbye, Phina. I'm sorry we couldn't say goodbye with a smile... but it was a pleasure being your friend."

'The end of our Chapter is not the end of your story.' As she said her last words and thoughts, the egg absorbed her.

Even at the last moment she hugged the man tightly as if she wouldn't let him go even in death.

Along with their disappearance into the muddy darkness of the egg, a light was also born that originated from them.

The light began to grow stronger, noticeable even when the egg absorbed them completely.

Ba-dum ba-dum

"Damn it, why?!... Why? Just why are you doing this to me!"

The golden-haired woman could no longer control herself now, she began to hit the ground with all the strength she could in a senseless outburst.

She didn't care that her hands were starting to bleed, she just wanted to get out all the frustration and helplessness.

"Why, damn it, whyyyyyaaaahhh!!!..."

Her cry of pain echoed through the air, as a great flash of light illuminated the world, eliminating every corner where darkness existed and simply leaving absolute white.
