

The Order 1031

Chapter: 1031

Chen Ping knew about ice crystals because Xiaoru, the daughter of Taoist Master Fuxu at that time, was an ice crystal. However, Xiaoru had not entered the world of immortality, so her body was invaded by the cold air, and she needed the seven-star disk to help absorb the coldness from her body. Only with the spirit can we survive.

But Chen Ping never expected that Su Yuqi was actually a fire spirit, but he had never seen anything strange about Su Yuqi.

“This fire spirit body is several times more powerful than the ice crystal. There is also the natural charm body like Mei'er and her sister. They are all special physiques. However, the natural charm body is relatively useless and does not help much in cultivation. The ice crystal The cultivation speed of other people will also be much faster. Xiaoru started cultivating later than you, but I am afraid that you will no longer be able to match your current strength...”

Long Wu followed Chen Ping and said slowly.

When Chen Ping heard Long Wu mention Xiaoru, he was stunned for a moment, and said with a puzzled face: “Uncle Long, you...how do you know about Xiaoru? And how do you know that she is an ice crystal? Could it be that Xiaoru also stepped on it?” Have you entered the world of immortality?”

Chen Ping's series of questions directly made Long Wu feel that he had said the wrong thing unknowingly, and he actually told Xiaoru's story.

“Don't ask anymore. When July 15th comes, all the questions you want to know will be known. Now let's see when your girlfriend wakes up...”

Long Wu didn't continue talking to Chen Ping. There were some things he couldn't let Chen Ping know now.

When Chen Ping saw that Long Wu was no longer talking, he did not ask further questions. Since he could know everything on July 15th, he was not afraid to wait for more than ten days.

Half an hour later, Su Yuqi slowly opened her eyes. As Su Yuqi woke up, the temperature in the living room instantly returned to normal.

But Su Yuqi was stunned when she saw the mess on the sofa: “What...what’s going on? Why is it on fire?”

“Oh, I accidentally ignited it while smoking!” Chen Ping did not tell Su Yuqi the truth, but lied. He was afraid that Su Yuqi would find it difficult to accept it.

After all, Su Yuqi has always felt that she is a normal person for so many years. Now she is suddenly told that she is a fire spirit and is different from normal people. It is probably difficult for her to accept it.

What’s more, Long Wu was just guessing and was not completely sure that Su Yuqi was the fire spirit. It was too early to tell Su Yuqi now.

“Yu Qi, how did you feel when you just practiced the technique?”

Long Wu asked Su Yuqi.

Su Yuqi frowned slightly, thought for a moment and said, “I don’t feel much, but my whole body seems to be very hot...”

“Do you feel a bulging feeling in your lower abdomen? Does it look like there is something inside?”

Chen Ping asked hurriedly.

If Su Yuqi can feel the Dantian and the movement of spiritual energy after practicing for the first time, it means that Su Yuqi has successfully entered the world of immortality.

When Su Yuqi heard Chen Ping’s question, her face suddenly turned red and she said, “What are you talking about? There is something swollen in your lower abdomen. I’m not pregnant. Where did it come from...”

Listening to what Su Yuqi said, Chen Ping was speechless for a while, while Long Wu laughed: "Chen Ping, don't be too anxious. If you can feel the existence of Dantian for the first time you practice, it will be like nothing else. You will slowly get there." alright....."

At this time, seeing Su Yuqi wake up, Gu Ling'er and Wu Mei'er also walked in.

Gu Ling'er asked Su Yuqi a few questions with concern. Seeing that Su Yuqi was fine, she was relieved, but she looked at Su Yuqi with envy.

Chapter: 1032

She knew that the reason why Long Wu passed the skills to Su Yuqi was because of Chen Ping's identity. After all, Su Yuqi was Chen Ping's recognized girlfriend.

And I am nothing, so I won't have any exercises to practice.

Long Wu observed Gu Ling'er's thoughts and said to Gu Ling'er: "Miss Ling'er, this is just an ordinary Qi condensation technique. When the time comes, let Yu Qi explain it to you, and you two can practice it together." Can....."

"Can I practice too?" Gu Ling'er was immediately overjoyed!

"Of course you can. After you have mastered this ordinary Qi Condensation technique, I will teach you more advanced techniques. After all, you are all Chen Ping's women. If you are stronger, you can still be helpful to Chen Ping." ..."

Long Wu smiled lightly.

But when Gu Ling'er heard that Chen Ping's words were only known to women, her face turned red and she was a little at a loss.

Chen Ping glared at Long Wu. He was sure that Long Wu said this on purpose. Wasn't this causing trouble for him?

However, Su Yuqi didn't react at all and didn't say anything!

In fact, in her heart, she doesn't object to the addition of Gu Ling'er between her and Chen Ping. After all, she and Gu Ling'er are good friends. When the three of them are really together, she will still have a companion.

Although Su Yuqi accepts Gu Ling'er, it does not mean that she accepts other women. If it were the Wu Mei'er sisters, Su Yuqi would definitely object.

The atmosphere fell into embarrassment for a moment, and then Xiaolan suddenly screamed, then pressed her head firmly with both hands, her expression becoming a little painful.

"Sister...sister...what's wrong with you?"

Seeing this, Wu Meier hurriedly supported Xiaolan and asked.

"My foster father is calling me. I want to contact my foster father..."

Xiaolan frowned and said with a confused look on her face.

In this situation, she didn't know how to report to King Miao. If she told the truth, given King Miao's character, she would definitely die tragically.

But if she deceives King Miao, it won't take long for King Miao to know about it. After all, she doesn't have the ability to take Chen Ping back now.

"Sister, if I want you, don't go back to the Miao Village. No matter whether your parents were killed by the Miao Village or not, wait until we investigate clearly..."

Wu Mei'er didn't want Xiaolan to return to the Miao village. If her parents were really killed by people from the Miao village, then Xiaolan would have regarded the thief as her father.

“No, if I don’t rush back at the stipulated time, my adoptive father will activate the Gu insect and make me feel very uncomfortable. As time goes by, if the Gu insect dies, my life will be gone...”

Xiaolan shook her head. Many people in the Miao Village were basically controlled by King Miao using this method.

“It doesn’t matter. Uncle Long can help you force the poisonous insects out. Uncle Long is a great monk...”

Wu Meier persuaded Xiaolan,

Chapter: 1033

Xiaolan still shook her head: “My adoptive father has raised me for so many years, I can’t just leave him like this...”

“Sister, what would you do if your parents were really killed by people from the Miao village? Do you think the thief is your father? Also, the Miao King asked you to capture Chen Ping. Now that you can’t capture Chen Ping, what kind of punishment will you receive? ah? ”

Wu Meier anxiously dissuades Xiaolan from going back.

Xiaolan was silent for a moment, and then said calmly: “I will personally ask my adoptive father about my parents. As for me not being able to take Chen Ping back, my adoptive father has raised me for so many years. I believe he will not do anything to me.” .”

Xiaolan is still stubborn about going back to Miao Village. After all, she grew up in Miao Village since she was a child.

“Ding Busan won’t lie. Since he said that your parents have Miao bee venom, it must be true. If you go back and ask rashly like this, it will definitely be very dangerous...”

Long Wu said to Xiaolan.

“I have to go back and ask if it’s dangerous...”

Xiaolan seems to have made up her mind!

“I’ll go back with you...” Chen Ping suddenly stood up and said.

“Chen Ping, you are crazy. Aren’t you asking for your own death?”

When Su Yuqi heard that Chen Ping was going to follow Xiaolan to the Miao Village, she immediately said anxiously.

“Since the Miao King wants to deal with me, even if he escapes this time, there will be another time. It’s better for me to go directly to the Miao Village to meet him. This Miao King is not as strong as Qin Xiaolin. Qin Xiaolin was killed by me. What does King Miao have to fear...”

Chen Ping said nonchalantly.

Xiaolan looked at Chen Ping blankly. She didn’t expect that Chen Ping would take the initiative to come back to the Miao village with her.

“Don’t underestimate your adoptive father’s strength. Although he only has the strength of a grand master now, he is good at using poison, and...and...”

Xiaolan hesitated for a moment and did not continue. It seemed that King Miao had some secrets that Xiaolan did not dare to reveal.

“I am invulnerable to all poisons. There is nothing to be afraid of. Just take me away...”

Another important reason why Chen Ping asked Xiaolan to take him to the Miao Village was that the poisons in the Miao Village were excellent cultivation resources for Chen Ping.

He was really afraid that the Miao King would not use poison on him. He would use all the poisons in the Miao village on him. In this way, he could inhale the poisonous gas into his body and use the Heart Condensation Technique to transform it into spirit. Store your energy and improve your own strength.

“Chen Ping, are you crazy?”

Wu Meier also looked at Chen Ping in confusion.

Only Long Wu had a smile on his face. He understood what Chen Ping meant, so he said, “Chen Ping can go to the Miao Village to sort out the matter and avoid any trouble in the future...”

Seeing Long Wudu say this, the others didn't say anything else.

Chapter: 1034

Xiaolan looked at Chen Ping and said slowly: “Miao Village is not as simple as you think. You'd better think about it carefully...”

“Don't think about it. If I don't go with you, you know best what punishment you will face when you return to the Miao Village. Don't tell me that all the Miao Village are good men and women. I don't believe it...”

Chen Ping said firmly.

Xiaolan didn't expect that Chen Ping was thinking about himself, so he took the risk. After a moment of silence, he said: “I tell you, this time my adoptive father asked me to bring you back alive for the purpose of practicing the Corpse King. The Corpse King needs to throw living people into a room full of poisons, and then be bitten by various poisonous things. They need to be locked in it for seven days. If they are still alive after seven days, they will become the Corpse King. So far, they are still alive. I have never mastered it once...”

As soon as Xiaolan's words came out, everyone was shocked. They didn't expect that this Miao village would refine such a thing and experiment on living people. It was simply too cruel.

“Chen Ping, you can’t go, you can’t go...”

When Su Yuqi heard that he was so cruel, she held Chen Ping’s arm tightly and did not want to let Chen Ping go. This was too dangerous.

After hearing this, Chen Ping was extremely excited. He went to the Miao Village just for the poisonous things in the Miao Village. Now that he wanted to train him as the Corpse King, Chen Ping was really eager to get rid of the poisonous things in the Miao Village. If all the poison is absorbed, maybe his strength can be improved to another level.

“Don’t worry, I’ll be fine!” Chen Ping comforted Su Yuqi, then looked at Xiaolan and said, “Let’s go now, I can’t wait...”

Xiaolan was stunned when she saw Chen Ping’s impatient look. She originally thought that after she told Chen Ping the secret of the Miao Village, Chen Ping would be scared and shrink back, but she didn’t expect that Chen Ping would be so excited.

“I need to inform my adoptive father first...”

Seeing that Chen Ping had made up his mind, Xiaolan had no choice but to walk out of the villa and go inform King Miao.

After a while, Xiaolan walked in: “I have informed my adoptive father, now we can set off...”

Chen Ping nodded and followed Xiaolan out of the villa, while Su Yuqi and Gu Ling’er all looked at Chen Ping worriedly.

Xiaolan looked at the two worried looks and said coldly: “I will do my best to protect his safety...”

After saying this, Xiaolan herself was a little surprised. She didn’t even know that, unknowingly, she had a relationship with Chen Ping and the others. This may have something to do with her sister Wu Meier.

Chen Ping and Xiaolan rushed to the airport, then took a plane to the southwest, and then to Miao Village!

Long Wu didn't stop in Hongcheng, and took Su Yuqi and the others directly to the sea on a boat. Although Su Yuqi and Gu Ling'er didn't know where Long Wu was taking them, they followed without asking.

On the plane, Chen Ping sat next to Xiaolan, holding Xiaolan's arm with one hand, almost lying close to Xiaolan's body. Although Xiaolan had no expression on her face, she did not push Chen Ping away. Let Chen Ping rub against him.

Many people on the plane saw this scene and cast disdainful glances at Chen Ping. A grown man actually looked like a woman. You know, in many couples, the girl lies in the boy's arms.

"After you get off the plane, you must obey me in everything, and your eyes must show your fascination with me. You are the one who has been successfully seduced by me now, so you must show that kind of greed, otherwise you may be betrayed..."

Xiaolan whispered to Chen Ping.

Chen Ping nodded slightly, holding Xiaolan tightly with both hands, and smelled the woman's fragrance on Xiaolan's body, with the greed in his eyes that Xiaolan said...

.....

Chapter: 1035

Miao Village, in King Miao's bedroom, King Miao is looking at himself in the mirror at this moment, and then slowly picks up a photo. The photo has been a long time, and it has begun to turn a little yellow. There are two people in the photo, a man and a woman. people.

The man among them was King Miao himself when he was young. At that time, King Miao still had black hair and was very handsome. The girl had delicate features and was wearing a floral skirt. She was very beautiful. However, the face of the girl above was Wu Meier and Xiaolan look very similar.

King Miao looked at the girl in the photo, slowly caressed the girl's face with his hand, and said with tenderness in his eyes: "Wind Chime, twenty years have passed in the blink of an eye, and now your daughter is already gone." When I grow up, she looks almost exactly like you. When I see her, it's like seeing you. Twenty years ago, you betrayed me. Twenty years later, use your daughter to repay it. You see See, I have decorated the room. After she comes back this time, I will become a real couple with her. I believe that when I am in bed with your daughter, it will definitely remind me of the feeling I have with you..."

King Miao murmured to himself while holding the photo, his eyes becoming more and more intense. The image of the girl in the photo became increasingly blurry as King Miao rubbed it vigorously.

Just then, the door of King Miao's dormitory was suddenly pushed open, and a member of the Miao village suddenly broke in. King Miao was startled and he hurriedly threw the photo in his hand on the table.

The members of the Miao Village were startled when they saw King Miao's expression was not good, and hurriedly said with a pale face: "King Miao, Miss Xiaolan has already got off the plane, and she will arrive at the Miao Village in a few hours..."

The members of the Miao village lowered their heads, not daring to look into King Miao's eyes.

"Oh, I see....."

King Miao nodded and suddenly waved his hand. The Miao village member trembled all over, and then a black insect flew out of his mouth.

When the bug flew out of the body, the Miao village member's eyes widened in an instant, and he died suddenly with bleeding from his orifices...

"Someone, drag the body away..."

King Miao ordered loudly without even looking at the corpse on the ground.

Soon, the visitor dragged the body away, while King Miao looked out the window with hot eyes: "I have endured it for twenty years, and finally I can explode..."

After saying that, King Miao slowly took out a small porcelain bottle from his body, and the words "Hehuan San" were clearly written on the small porcelain bottle.

Having raised Xiaolan for twenty years, King Miao knew Xiaolan's temperament very well. Even though Xiaolan was naturally charming, she had never been touched by a man, so if he wanted to get Xiaolan, he had to use some means.

.....

At an airport in a city in southwest China, Chen Ping and Xiaolan walked out of the airport like a pair of lovers in love!

The temperature here is obviously a few degrees higher than that in Hongcheng, so people here dress cooler. Many girls only wear shorts and suspenders walking on the street.

Xiaolan had already changed her clothes, wearing ultra-short jeans, a white camisole, and big sunglasses on her face, which attracted the attention of many men. If Chen Ping hadn't been holding Xiaolan's arm, he would have A man came up to strike up a conversation.

Seeing a fair-skinned beauty like Xiaolan being embraced by Chen Ping at such a close distance, many men cast hostile glances at Chen Ping, but Chen Ping didn't care.

Xiaolan stopped a taxi, the two of them got into the car and headed towards the Miao Village.

It is still quite a distance from the Miao Village. The Miao Village is in the mountains in the southwest. You can only get to the foot of the mountain by car, and you need to walk the rest of the way. So it was probably midnight when they arrived at the Miao Village.

Chen Ping and Xiaolan were sitting in the back seat of the car, while the driver kept watching their every move through the rearview mirror.

Chen Ping held Xiaolan's arm throughout the whole process and leaned on Xiaolan's shoulders.

Chapter: 1036

Soon, Chen Ping's head lay in Xiaolan's arms, and he rubbed his head in Xiaolan's arms with greed in his eyes.

His hands also became dishonest.

Xiaolan glanced at Chen Ping secretly, but Chen Ping seemed not to notice and still went his own way!

Suddenly, Xiaolan's body trembled, and she felt Chen Ping's hands touching her sensitive parts from time to time.

Xiaolan gritted her teeth. She didn't know whether Chen Ping did it intentionally or unintentionally, but the electric shock-like feeling made Xiaolan's body tense up and she gritted her teeth tightly without making a sound.

But soon Xiaolan's face turned red and her breathing became a little short. She pressed Chen Ping firmly with both hands, not wanting Chen Ping to move. Xiaolan, who had never been in such close contact with a man, was afraid at this moment. I couldn't help it anymore.

After driving for more than two hours, Xiaolan felt as if a year had passed. The strange feeling in her body made her almost slump in her seat.

Soon, the car stopped at the foot of the mountain, and the taxi driver opened the door with a slight smile: "Miss Xiaolan, we are here. Congratulations on successfully completing your mission. King Miao is waiting for you..."

Xiaolan looked at the taxi driver in front of her in surprise. She didn't expect that the taxi driver was from Miao Village. Fortunately, she and Chen Ping didn't behave strangely or say anything in the taxi. Otherwise, what would have happened? It's not a gang.

Xiaolan stepped out of the taxi, but as soon as her feet landed on the ground, her legs softened and she almost fell. Fortunately, Chen Ping had quick eyes and quick hands and helped Xiaolan.

Seeing this, the taxi driver smiled slightly and said: "Miss Xiaolan's charm is really powerful. This kid is fascinated by you..."

After saying that, the taxi driver got in the car and drove away.

Seeing the taxi leaving, Xiaolan hurriedly pushed Chen Ping away: "You big pervert, where are you touching me in the car?"

Xiaolan waited for Chen Ping, the flush on her face had not gone away.

Chen Ping didn't care, but smiled slightly and said, "If I don't do that, wouldn't it be obvious to the people of your Miao village?"

Xiaolan looked at Chen Ping in surprise: "Did you know from the beginning that the driver was from Miao Village?"

"Of course, otherwise you really think I'm just trying to eat you!" Chen Ping raised his lips and said, "Hurry up, or you'll have to spend the night in the forest."

Xiaolan wanted to leave, but her legs were still weak at this time. For more than two hours, she gritted her teeth and fought through it.

Seeing Xiaolan like that, Chen Ping smiled: "Do you want me to carry you?"

"No, just stay away from me..."

Xiaolan glared at Chen Ping.

“Don’t forget, this is the territory of the Miao Village. Maybe there are people from the Miao Village in this forest. If you get involved, don’t blame me...”

After Chen Ping finished speaking, he walked directly towards the mountain.

When Xiaolan heard this, she had no choice but to catch up with Chen Ping, and then she was picked up by Chen Ping’s arm, and the two of them walked towards the mountain like a glue.

Chapter: 1037

Chen Ping also didn’t expect that King Miao would be so cautious. He couldn’t believe that Xiaolan was his adopted daughter, and even sent someone to observe secretly.

At this moment, it was already dark, and Chen Ping was still walking on the mountain road with Xiaolan.

And in a valley over the mountain, there are bright lights. This is the Miao Village.

“King Miao, Miss Xiaolan and that boy will arrive at Miao Village soon. The boy is fascinated by Miss Xiaolan and follows Miss Xiaolan like a pug.”

A member of the Miao village followed Miao Wanghui to report.

“Yes!” King Miao nodded with satisfaction.

After the Miao village member left, five people also walked into the Miao King’s hall.

These five people are the top five heads of Miao Village.

“Are you ready with the materials for the Corpse Training King that I asked you to prepare?”

King Miao asked Wuda Litou.

Dali nodded: "King Miao, everything is ready, but I am afraid that this boy is invulnerable to all poisons, and those poisons will have no effect on him..."

"Don't worry, that boy Chen Ping is fascinated by Xiaolan now. He will do whatever Xiaolan asks him to do. I have prepared some gong powder. As long as Chen Ping eats it, he will gain power immediately. Collapsed and without strength, what can he do to resist those poisons?"

King Miao smiled lightly.

"King Miao, what if Chen Ping ate the powder and died within seven days?"

Dali Tou asked in surprise.

If there is no skill, who can stay in a room full of poison for seven days?

"No, Chen Ping's body is already extremely strong. The reason why I use him to train as the Corpse King is because of his domineering body..."

King Miao came up with the idea of training Chen Ping into the Corpse King after watching the video of Chen Ping fighting with Qin Xiaolin.

Seeing what King Miao said, no one in the five great ministers said anything.

.....

In the dense mountain forest, with a little light from the moonlight, Chen Ping and Xiaolan walked quickly on the mountain path.

At this moment, the two people were very close. Xiaolan smelled the manly scent of Chen Ping, and for some reason, her heart beat faster.

“Not here yet?”

Chen Ping looked at the dark path and frowned slightly.

Chapter: 1038

He didn't expect that the Miao village was so far away, hidden deep in the mountains.

“Come on, there is a valley ahead, that's it...”

Xiaolan pointed forward and said.

Chen Ping had no choice but to follow Xiaolan and continue walking forward.

It was not until midnight that the two people arrived at the Miao Village. There were many people guarding the entrance of the Miao Village. After the guard saw Xiaolan, he immediately opened the door: “Miss Xiaolan, you have already arrived. King Miao is still waiting. And you.....”

Xiaolan was slightly startled. She didn't expect that it was so late and King Miao was still waiting for her. Did he want to lock Chen Ping in the room overnight to practice as the Corpse King?

“Well, I know!” Xiaolan nodded, and then walked into the Miao Village with Chen Ping.

The guards of the Miao village looked at Chen Ping holding Xiaolan's arm with a greedy look. They were all envious. Xiaolan's appearance was what they had been coveting for a long time, but no one dared to attack Xiaolan. Let's not talk about it. How is Xiaolan's strength? Considering that Xiaolan is the adopted daughter of King Miao, who among them would dare to touch her!

Chen Ping followed Xiaolan into the Miao Village and found that most of the Miao Village was made of wooden buildings. There was a two-story building in the middle of the Miao Village that looked more majestic and domineering. That should be where the Miao King was.

Sure enough, Xiaolan took Chen Ping into the two-story building. In the hall on the first floor, a man was sitting on the main seat. Although the man's temples were gray, he could still see the handsome outline of his face.

Under the main seat, five people lined up at a time. They were the top five barbers of Miao Village. Chen Ping had seen them all.

But after entering, Chen Ping's eyes did not look around, but looked straight at Xiaolan, holding Xiaolan's arms tightly with his hands, his eyes full of fire.

"Father, I have brought Chen Ping back..."

Xiaolan followed King Miao expressionlessly.

King Miao looked at Chen Ping next to Xiaolan. Seeing Chen Ping's greedy face and hot eyes, he couldn't help but snorted: "It's hard to imagine that this guy can kill Qin Xiaolin, a martial arts sect. You have to know how to break through the martial arts sect." The situation is as difficult as climbing to the sky. Qin Xiaolin was in seclusion for several years, and he was killed by this kid just after he finally broke through the Wuzong..."

King Miao said as he walked in front of Chen Ping. At this time, King Miao was very close to Chen Ping and Xiaolan.

Seeing King Miao constantly looking at Chen Ping, Xiaolan's heart was in her throat, fearing that King Miao would see the flaw.

"Xiaolan, let him take off his shirt..."

Suddenly, King Miao said to Xiaolan.

Xiaolan was stunned: "Father, what...are you doing?"

Xiaolan didn't know why King Miao asked Chen Ping to take off his clothes.

At this time, although Chen Ping was still looking at Xiaolan with a lewd smile, his heart also felt a little thumped.

Could it be that King Miao is a pervert?

What if you like a man?

Chapter: 1039

Chen Ping didn't like this bite!

At this moment, Chen Ping was beating a drum in his heart. He was secretly thinking that if this Miao King really had such a perverted hobby, Chen Ping would directly take action and kill the Miao King first. He could not destroy his virgin body. On a man.

King Miao frowned slightly: "Just do whatever I ask you to do? Do you still need me to explain?"

Seeing that King Miao was angry, Xiaolan was too frightened to speak. Instead, she looked at Chen Ping and said helplessly: "Chen Ping, take off your shirt..."

Chen Ping looked at Xiaolan hotly and smiled mischievously: "Why do you want me to take off my clothes? You won't do a strenuous exercise in front of so many people, right? But in such an environment, it's exciting just to think about it... .."

Chen Ping took off his shirt as he spoke, revealing the strong muscles on his body.

King Miao looked at Chen Ping's body, his eyes lit up with envy, and he even reached out and pinched Chen Ping's arm...

This made Chen Ping instantly get goosebumps all over his body. He immediately threw his hand away and said, "What are you doing? I don't like men..."

“Hahaha, you really have a strong body. Our Miao village will dominate the southwest and it will be just around the corner...”

King Miao laughed loudly. After he finished laughing, he waved to Xiaolan: “Xiaolan, come here...”

Xiaolan followed King Miao for two steps, then King Miao turned his back to Chen Ping, took out a packet of medicinal powder and handed it to Xiaolan, and whispered to Xiaolan: “Give this powder to Chen Ping. When you live together at night, you must not let him touch you. If you lose your innocence, you know the consequences...”

Xiaolan took the powder and nodded without saying anything.

She really wanted to ask about her parents, but she knew she couldn't ask the Miao King so directly. If her parents were really killed by people from the Miao Village, if she asked rashly like this, not only would she not be able to ask anything, but she might also be in danger. .

“Okay, let's all go and rest. It's getting late...”

King Miao waved his hand, turned around and walked into his room!

The five directors looked at the shirtless Chen Ping, all with sneers on their faces. This is what the so-called hero has to do to be a beauty. No matter how talented Chen Ping is, he still fell into the hands of a woman.

After everyone left, Xiaolan could only take Chen Ping back to her room.

As soon as you enter Xiaolan's room, there is a scent of fragrance. The room is very tidy. There are several pieces of Xiaolan's underwear hanging to dry by the window.

Seeing Chen Ping's eyes falling on her clothes, Xiaolan's face turned red and she hurriedly put away her close-fitting clothes.

“I didn’t expect you to be so fond of red underwear...”

Chen Ping looked at Xiaolan with a playful expression and said.

Xiaolan glared at Chen Ping and didn’t say anything. Instead, she took a quilt and threw it on the ground: “You will sleep on the ground tonight. Don’t let me think about anything else. If you dare to touch me, I won’t forgive you... ..”

“Don’t worry, I am a gentleman and I will not take advantage of others. Even if I want to sleep with you, I will let you do it willingly...”

Chen Ping smiled, straightened out the bedding, and prepared to lie down and take a nap.

Chapter: 1040

“Bah, who is willing to let you sleep...”

Xiaolan rolled her eyes at Chen Ping, then lay down on the bed and slept with her clothes on.

She didn’t tell Chen Ping about the powder, and it was impossible for her to give Chen Ping powder. After eating the powder, all the power will be lost in a short period of time, and it can only be restored after twelve hours. Wouldn’t Chen Ping become a waste and be slaughtered by others...

Xiaolan, who was lying on the bed, couldn’t fall asleep for a long time. Listening to Chen Ping’s snoring, she could only sit up and said: “I have such a big heart. I will be turned into a corpse king soon. I can still sleep...”

Xiaolan put on a tight suit and walked out of the room. Since she couldn’t blatantly ask King Miao, she had to search secretly to see if she could find any clues about her parents.

As soon as Xiaolan walked out of the room, Chen Ping, who had been snoring, suddenly opened his eyes, and with an imperceptible smile on his lips, he also stood up and followed him out.

As soon as Xiaolan went out, she went straight to the two-story building where King Miao was. Because she had lived here for twenty years, Xiaolan was very familiar with this place. Even if there were people patrolling the Miao village, Xiaolan easily avoided it. past.

Soon, Xiaolan entered the two-story building and walked around the hall, but found nothing. She knew that King Miao's secret must be in the bedroom, because the Miao village had strict orders that no one could enter the house without King Miao's permission. You cannot enter King Miao's room privately.

Xiaolan has stayed in the Miao Village for twenty years and has never entered the Miao King's room once. Xiaolan has never thought about going in to take a look, but now in order to find clues about her parents, she can only sneak in secretly.

Xiaolan hid outside the window of King Miao's room and secretly looked inside. It didn't matter what she saw. Xiaolan was surprised. She found that King Miao's room was filled with red bedding and some lanterns hung to decorate it. It's like a new house for a wedding.

After staying in the Miao village for twenty years, Xiaolan had never heard that King Miao had ever married a daughter-in-law. Why was the room dressed like this?

And it looks like she is newly dressed. Could it be that King Miao is going to get a wife soon?

Xiaolan was very surprised, but she didn't think much about it. After seeing that King Miao was asleep, she went directly into the room.

Tiptoeing, Xiaolan looked inside King Miao's room.

The furnishings in the room were very simple, with only a wardrobe and a table. However, next to the wardrobe, there was a huge safe. It was obvious that if King Miao had anything secret, he would definitely put it in the box.

Looking at the huge safe, Xiaolan looked embarrassed. Although she had a lot of skills, she didn't have the ability to open the safe. She had to use her skills to break open the safe, but in that case, King Miao would find out that someone had broken into the safe. into his room.

Just when Xiaolan was in trouble, a photo on the table suddenly caught her attention. Xiaolan picked up the photo and looked at it carefully under the moonlight from the window.

When Xiaolan looked at the person in the photo, she was stunned. She could tell at a glance that the man in the photo was King Miao when he was young, but the girl next to King Miao looked particularly familiar to Xiaolan. Looks a lot like myself.

Although the photo is very old and a little yellowed, Xiaolan is sure that the girl in the photo must have something to do with her because she looks so much like her.

Just when Xiaolan was fascinated by the photo, she didn't expect King Miao to sit up directly on the bed:
"Who is it?"

King Miao shouted angrily, which startled Xiaolan. She hurriedly put the photo into her pocket, and Xiaolan suddenly jumped down from the building.

King Miao chased to the window, looked at Xiaolan who had disappeared, and then looked at the missing photo on the table, with a smile on his lips.

"Don't worry, you will know everything tomorrow night..."

King Miao had a sinister look in his eyes.
