

The Order 1041

Chapter: 1041

Just when King Miao turned around and went back to bed, a figure flashed in a corner. This person was Chen Ping.

Chen Ping looked at the window of King Miao's bedroom and said with a cold face: "This old guy, it seems Xiaolan's parents are really related to him..."

When Chen Ping rushed back to Xiaolan's bedroom, Xiaolan had already come back. Seeing Chen Ping coming back from outside, Xiaolan immediately asked cautiously: "What did you do?"

"You need to go to the toilet. You're so tired that you're not allowed to go to the toilet?" Chen Ping yawned, and then asked Xiaolan: "It's you, what were you doing in your night clothes in the middle of the night?"

"You don't have to worry about..."

Xiaolan took off her night clothes and lay back on her bed, holding the photo tightly in her hand. She planned to use the photo to question King Miao tomorrow and ask who the girl in the photo was.

.....

Early the next morning, Xiaolan took Chen Ping to the place where King Miao lived. At this moment, there were many people standing in the hall.

"You pretend to have lost all your skills for a while, but don't let anyone notice that you still have any skills..."

Xiaolan warned Chen Ping.

“Why?” Chen Ping asked.

“Don’t worry about it. Just listen to what I say...”

Xiaolan glared at Chen Ping and said.

Chen Ping could only nodded and followed Xiaolan into the hall.

Because of sneaking into King Miao’s room last night, Xiaolan didn’t dare to look directly at King Miao, but King Miao was the same as usual, as if nothing happened last night.

King Miao waved to Xiaolan, and Xiaolan walked quickly to King Miao, but kept her head lowered and did not dare to raise her head.

“Did Chen Ping eat that powder?”

King Miao asked Xiaolan.

“Back to my adoptive father, I have already given him the medicine. Now that all his powers have been lost, he is just an ordinary person...”

Xiaolan nodded.

“Well, very good. When you become the Corpse King, your adoptive father will not treat you badly...”

King Miao waved his hand with satisfaction and asked Xiaolan to retreat.

But at this moment, a member of the Miao village hurried into the hall and reported to King Miao: “King Miao, Mr. Xia wants to see you...”

When King Miao heard this, he suddenly stood up from his seat, and the five directors sitting on both sides also stood up nervously.

Chapter: 1042

Xiaolan, who was about to leave, also stopped.

Seeing everyone’s nervous look, Chen Ping guessed that Mr. Xia must be a very powerful person, otherwise he wouldn’t have made King Miao so panicked.

“How many people did Xia Chao bring?”

King Miao asked his men.

“When I returned to King Miao, I only brought two attendants with me. Mr. Xia said that he was discussing matters with King Miao and was not seeking revenge...”

Then the Miao village members said.

King Miao frowned slightly: “Talk about things? What can we talk about? Is there any fraud in this?”

“King Miao, we poisoned hundreds of disciples of the Wu Sect that day. How could we not seek revenge? I think there must be a fraud. We should summon everyone in the stronghold now to prevent the Tianwu Sect from attacking...”

Dali Tou took a step forward and said.

“King Miao, since it’s Xia Chao who came in person with only two attendants, I don’t think we need to be afraid of him. What if we let him in? If Xia Chao cheats, we can still capture him. Stay here so that you can threaten Tianwumen...”

Erli Tou also spoke.

“Yes, the second brother is right, they only came with three people, they are afraid of what he will do!”

“Let them in, what kind of trouble can three people make...”

Several other Dali heads also supported letting Xia Chao in.

Upon seeing this, the Miao King said to the Miao village member who reported: “Let Mr. Xia come in and treat him with courtesy...”

The Miao village member left, and the Miao king gathered with several chief ministers and seemed to be discussing something.

Chen Ping took the opportunity and asked Xiaolan with a puzzled look on his face: “What is this Tianwu Sect? It seems that your Miao village is very afraid of this Tianwu Sect?”

Xiaolan glanced at King Miao and the others, but did not notice this. Then she followed Chen Ping and explained: “Tianwu Sect is a sect. It is on the mountain south of our Miao Village. They are only a few dozen miles apart. The village and the Tianwu Sect are considered a feud. I heard that they started fighting each other a hundred years ago, and many people died. I don’t know when, the Tianwu Sect suddenly had many powerful disciples, and there were more than a dozen great masters alone. , their sect leader also broke through to Wuzong, so the Miao village has been suppressed these years...”

After saying that, Xiaolan looked at King Miao and the others again, and then continued: "This is also the reason why King Miao wants to train the Corpse King. As long as he trains the Corpse King, he will no longer have to be angry with the Tianwu Sect. Some time ago, because of the Tianwu Sect, A group of Wumen's disciples passed by the Miao Village and hundreds of them were bitten to death by poison, so the Miao Village has been worried about Tianwumen's revenge..."

"Isn't your Miao village good at using poison? Even if the Wu sect is strong that day, you can still use poison to kill them all..."

Chen Ping said very puzzled.

Seeing that Chen Ping said it lightly, Xiaolan smiled helplessly and said: "What you said is very light. The Wumen had been fighting with the Miao Village for hundreds of years that day. How could they not know that the Miao Village used poison? The Wumen had already had the antidote to the poison that day. Fa, even the most venomous poisonous bees in Miao Village can't do anything to the people of Wumen that day..."

"Since I can detoxify, why do you still poison hundreds of people to death?" Chen Ping didn't understand. Since he can detoxify, how come so many people died.

"The people who were poisoned were just the disciples of Tianwu Sect, not the real disciples of Tianwu Sect, so Tianwu Sect will not use precious antidotes to detoxify these disciples, and Tianwu Sect can also use this excuse to attack our Miao Village ..."

Chapter: 1043

Xiaolan explained to Chen Ping.

After hearing this, Chen Ping couldn't help but feel his scalp numb. It seems that Tianwu Sect is not a good thing. Isn't the life of the disciple not life?

You must know that these are disciples who believe in Tianwu Sect. Even so, Tianwu Sect will not save them, let alone others.

At this moment, a young man in his early twenties, wearing long clothes and with long hair walked in. This man was Xia Chao.

When Chen Ping saw Xia Chao, he couldn't help but sigh, because the young man in front of him was really handsome, like the leading actor from an idol drama.

Behind Xia Chao were two attendants, both of whom had the strength of a grand master. Xia Chao, who was just in his early twenties, also had the strength of a grand master. This shows that this talent is not ordinary.

"Mr. Xia, when you come to visit me, you may not be welcomed from afar, but sometimes you may be welcomed from afar..."

After King Miao looked at the young people, he walked over quickly.

"King Miao, please don't take offense at the intrusion..."

Xia Chao smiled slightly and cupped his hands.

"Where is it? Mr. Xia is here just to bring glory to my Miao village. Please take a seat..."

King Miao warmly greeted Xia Chao to sit down and ordered someone to make tea.

After sitting down, Xia Chao couldn't help but look at Xiaolan beside him, and even glanced at Xiaolan's body.

King Miao saw Xia Chao's eyes looking at Xiaolan, and his face turned cold as he said, "Mr.

Xiaolan is his, and King Miao will not allow other men to touch Xiaolan.

Xia Chao withdrew his gaze, smiled slightly and said: "King Miao, our Tianwu Sect has been fighting with the Miao Village for many years and has hurt each other. I wonder if King Miao is willing to reconcile the two families and form an alliance?"

"Of course, if the Tianwu Sect is willing to reconcile with my Miao village, my Miao village will support it with both hands..."

When King Miao heard this, he was extremely happy!

You must know that there are many sects in the entire southwest, and they are not the only Miao Village and Tianwu Sect. However, there are only so many cultivation resources in the southwest. Everyone wants to occupy a larger territory, otherwise King Miao would not secretly instruct his adopted son Qian Feng, reach out to Jiangbei.

However, because the Miao Village has been fighting with the Tianwu Sect for years, both sides have almost lost, and it is difficult to develop. This has caused other sects to continue to rise in strength, while the Miao Village's strength has stagnated.

Nowadays, many sect administrators have stepped into the realm of Wuzong, but King Miao is still stuck at the peak of Grand Master, with no sign of breakthrough, which makes him very anxious.

This is why he is anxious to train the Corpse King. If the Miao Village can really train the Corpse King, they will not be afraid of other sects.

“Since King Miao agrees, then the previous grievances between our Tianwu Sect and Miao Village can be wiped out. In order to express the sincerity of our Tianwu Sect, I specially brought some good things to King Miao this time...”

After Xia Chao finished speaking, an attendant behind him hurriedly took out a glass bottle from his arms, and the glass bottle was filled with very clear water.

Chapter: 1044

King Miao looked at the water in the glass bottle and said with some confusion: “Mr. Xia, isn’t this just ordinary mountain spring water? Isn’t it some kind of treasure?”

“King Miao doesn’t know. Since our two families have reconciled and formed an alliance, the secrets of our Tianwu Sect will no longer be kept secret from you. Do you know why our Tianwu Sect’s strength has increased dramatically in the past few years, and there are more than a dozen more Grand Masters alone?” , did my father step into the realm of martial arts and break through the peak of the Grand Master that has troubled him for ten years? ”

Xia Chao asked with a somewhat mysterious smile on his face.

King Miao shook his head: “I don’t know, I hope Mr. Xia will say it clearly...”

King Miao really wanted to know why the Tianwu Sect suddenly increased in strength. Even the other people in the Miao Village wanted to know, so they all pricked up their ears to listen.

At this moment, only Chen Ping was staring at the bottle of water that Xia Chao took out, because he felt the presence of spiritual energy from the water bottle.

Obviously, the glass bottle cannot have spiritual energy, and what emits spiritual energy must be the water inside.

Water can actually contain spiritual energy?

Could this be spiritual spring water?

While Chen Ping was deep in thought, Xia Chao continued to speak: “To be honest with King Miao, where my Tianwu Sect is located, a mountain spring suddenly appeared three years ago. At first, the mountain spring was nothing special, but the spring water was sweet. We disciples of Tianwu Sect all like to drink water from mountain springs, but later we gradually discovered that this mountain spring water actually has the effect of strengthening the body. Drinking this mountain spring water for a long time can not only increase strength, but also heal injuries and diseases. It was because of drinking this mountain spring water that my father broke through to the realm of Wuzong...”

Xia Chao’s words made King Miao stunned for a moment, and the five great hairdressers also had incredible expressions on their faces.

Speaking of spring water on the mountain, there are many mountain springs in the Miao Village, and the water from the mountain springs merges together to form a stream, flowing through the Miao Village. Many people in the Miao Village also drink mountain spring water, so why don’t they feel it? Can going to mountain spring water also improve your physical fitness?

“Master Xia didn’t lie to me, did he? Mountain spring water can strengthen the body and make people break through the realm?”

King Miao didn’t believe it. This was too outrageous. He could break through the realm that he had not been able to break through for ten years by drinking mountain spring water. This was a bit unbelievable.

“King Miao, what’s the use of lying to you? If you don’t believe me, I’ll bring some spring water and you can just taste it yourself.”

Xia Chao handed the mountain spring water to King Miao.

King Miao opened the bottle cap, and a sweet smell hit his nostrils. Just smelling the smell made him feel refreshed.

But just when King Miao was about to take a sip, he was stopped by Dali: "King Miao, don't drink it easily..."

After all, the Miao Village and the Tianwu Sect are feuding, how could it be resolved in just one or two sentences? If Xia Chao is cheating and the water is poisonous, then the Miao King will be in danger.

"Haha, Dali Tou is so cautious. In the entire southwest, no one can use poison better than your Miao village. Anyone who dares to poison in front of your Miao village must be a fool..."

As Xia Chao spoke, he actually took the mountain spring water back and took a sip himself to prove that there was nothing wrong with the mountain spring water.

"Back off..." King Miao angrily yelled at Dali Tou.

Xia Chao's words just now made King Miao feel very proud. Anyone who dared to eat in front of the Miao people would be really impatient.

"Mr. Xia, my subordinates are ignorant. I hope you won't be offended..."

Chapter: 1045

King Miao said, directly took the glass bottle into his hand and drank the entire bottle of water.

When the mountain spring water fell into his stomach, King Miao felt refreshed, and a warm current continued to swim in his Dantian.

"King Miao, how do you feel?"

Xia Chao smiled slightly.

“Okay, it is indeed a good thing...” At this moment, King Miao had no doubts about Xia Chao.

“Since King Miao thinks it is a good thing, I will bring more to King Miao when I have time. I believe that with this spring water, King Miao’s breakthrough to the Wuzong realm will be just around the corner...”

Xia Chao chuckled.

“Mr. Xia, you gave such a generous gift to our Miao village, and our Miao village didn’t return the gift. Wouldn’t it be too stingy? If you want my Miao village, just tell me...”

King Miao knew that Tianwu Sect would not be so kind, and he must have some plans for Miao Village.

Xia Chao looked at Xiaolan beside him and said with a smile: “King Miao, I actually admired Miss Xiaolan when I saw her many years ago. Now that we are adults, I hope that King Miao can marry Miss Xiaolan to her.” Give me a ration, then our two families will become in-laws, which will be of great benefit and no harm to our alliance...”

King Miao frowned slightly and raised his eyes to look at Xiaolan. He had long regarded Xiaolan as his woman, and he had worked hard to raise her for twenty years.

Now that Xia Chao actually wanted to marry Xiaolan away, King Miao was of course very reluctant to give up.

But when he thought that with the mountain spring water, he could break through to Wuzong, King Miao finally gritted his teeth and said: “Okay, I promise Mr. Xia. I wonder when Mr. Xia plans to marry?”

“Three days later...” Xia Chao held out three fingers with a proud look on his face.

“Father, Xiaolan feels that she is still young. I want to stay with my foster father. I don’t want to get married...”

When Xiaolan saw that King Miao actually agreed to Xia Chao, Xiaolan immediately knelt down in front of King Miao.

Although Xia Chao is considered a talented person, Xiaolan doesn’t like him.

“This matter is my decision. Do you want to disobey me?”

King Miao glared at Xiaolan fiercely.

“Xiaolan doesn’t dare...”

Xiaolan bit her lip, finally got up and stepped back.

At this moment, Chen Ping looked at Xia Chao and found that this guy actually had a yin energy about him, as if he had practiced some evil secret skills. It seemed that this guy had other motives for marrying Xiaolan...

“Xiaolan is mine, who dares to marry her?” Chen Ping suddenly hugged Xiaolan, his eyes full of anger.

This sudden change shocked Xiaolan, and even Xia Chao was stunned.

Chapter: 1046

At first, he only regarded Chen Ping as an ordinary member of the Miao village, but he didn’t expect that Chen Ping hugged Xiaolan in full view of the people and called Xiaolan his.

“King Miao, who is this person?” Xia Chao said with a cold expression.

“Oh, this is a fool...” King Miao explained quickly, and then said loudly: “Tug this guy away and lock him up...”

King Miao ordered loudly, while the first few people in Dali stepped forward and grabbed Chen Ping, and then dragged Chen Ping away.

Chen Ping struggled desperately, but he couldn't break free at all. At this moment, he pretended to have no energy at all.

“Let me go, let me go, Xiaolan is mine...”

Chen Ping shouted, but no one listened to him and dragged him away.

Seeing that Chen Ping was just an ordinary person, Xia Chao's expression improved a little. He smiled at King Miao and said, “It seems that there are quite a few people who admire Miss Xiaolan...”

“They are all ordinary people, how can they compare with Mr. Xia? In three days, I will dress Xiaolan up beautifully to welcome Mr. Xia...”

King Miao also smiled. Except for some people in the Miao village who knew about Xiaolan's naturally charming body, outsiders didn't know it at all, so King Miao would not follow Xia Chao's advice.

“Hahaha, then I have to go back and get ready. Say goodbye...”

Xia Chao stood up and hugged his fists towards King Miao.

“Master Xia, walk slowly, I will see you off not far away...”

King Miao also bowed his hands.

After Xia Chao walked out of the Miao Village, a smile of success suddenly appeared on his face: “Haha, the natural charm is really a good thing. That kid was actually controlled by the charm. When I absorbed Xiaolan’s essence, I can also break through the Wuzong...”

.....

In the hall of the Miao Village, Xiaolan kept clasping her hands together nervously, because she didn’t know if Chen Ping could withstand the attack of those poisonous substances.

Although Chen Ping was not dissipated by the powder, the room was filled with highly toxic substances, and Xiaolan was afraid that Chen Ping would not be able to handle it.

Soon, Dali Tou and the others came back, and then reported: “King Miao, you have thrown that boy Chen Ping in, and he is screaming inside now. I just don’t know if he can resist for seven days...”

“It doesn’t matter whether I can resist it or not. If I can break through the Martial Sect, it doesn’t matter if I can become the Corpse King...”

King Miao smiled lightly.

“King Miao, do you think Xia Chao is trustworthy? You know that Tianwu Sect has always had the upper hand these years, and they also have divine spring water. Why did they take the initiative to find us for a cooperative alliance? Is it just to marry Miss Xiaolan? ”

Dalitou always felt like something was wrong.

“Hahaha, do you think I will really believe what Xia Chao says? No matter what their intentions are, after Xia Chao and Xiaolan get married, I will let Xiaolan use charm to control Xia Chao, and then let Xia Chao and his father killed each other. When the time comes, the Tianwu Sect will be leaderless, and the entire Tianwu Sect will not be ours yet...”

Chapter: 1047

King Miao’s eyes were filled with heat, as if he saw himself standing on top of the Tianwu Gate.

“Miao King Shengming...”

When Wu Dali heard this, he hurriedly began to flatter him!

“Xiaolan, you are not allowed to step out of the Miao Village these days. Stay at home. When the Tianwu Sect is destroyed, I will make your strength further...”

King Miao looked at Xiaolan who looked a little unhappy and said.

“Yes!” Xiaolan didn’t dare to refute, let alone disobey!

“You guys watch her carefully and don’t let her run around...”

King Miao was still worried, so he asked Wu Dali to look at Xiaolan.

Originally, Xiaolan wanted to check on Chen Ping, but now that she was being watched directly, Xiaolan had no chance to check on Chen Ping.

At this time, in a sealed room in Miao Village, dozens of poisonous substances were running around in the room.

The room was very dark, and the permeating poisonous gas had already filled the entire room.

And in the center of the room, a person was sitting there slowly cross-legged.

Countless poisonous things were biting at the man, but the man remained motionless. This man was Chen Ping.

The poisonous gas in the room was being sucked into Chen Ping's body at a speed visible to the naked eye, and the teeth of those poisonous creatures biting Chen Ping were broken.

Chen Ping's current body was no different from a bronze head and an iron arm. No matter it was poisonous snakes, poisonous wasps or even some centipedes, poisonous rats, etc., none of them could break through Chen Ping's skin.

The Heart Condensation Art in Chen Ping's body was spinning rapidly. The poisonous creatures that were originally so fierce and constantly attacking now all fled around Chen Ping, hiding in corners one by one. Some even wanted to escape through the window, but unfortunately the window was sealed. Gotta die.

"None of you can escape..."

These poisons are rare cultivation resources in Chen Ping's eyes. How could he let these poisons escape...

Chen Ping continued to absorb the toxins from the poisons, and then converted them into spiritual power and stored them in the Dantian. Many poisons had been drained by Chen Ping and turned into dry corpses...

Gradually, it became dark, and there were fewer and fewer poisonous substances still alive in the room. If other people in the Miao Village saw this scene, they would probably be scared to death.

The poison they are so proud of has become a meal in Chen Ping's eyes. How ironic is this!

At this time, Xiaolan was anxiously walking back and forth in her room. She didn't know how Chen Ping was doing, but there was someone guarding outside, and she couldn't check!

Just when Xiaolan was restless, Dali Tou suddenly broke into Xiaolan's room: "Miss Xiaolan, King Miao invites you to go..."

"Father invites me?" Xiaolan frowned, feeling a little uneasy in her heart.

Chapter: 1048

"Yes, King Miao asked you to go there now..."

After Dali Tou finished speaking, he walked out directly.

Xiaolan could only follow him out, and then walked towards King Miao's house.

Dali Tou took Xiaolan to the second floor, pointed to King Miao's bedroom door and said: "King Miao is waiting for you inside, go in by yourself..."

After saying that, Dali left without looking back, leaving Xiaolan Leng on the spot. She knew that King Miao had never let her into the room before, so why did he suddenly let her into the room today?

Could it be that King Miao has already discovered what happened last night?

Xiaolan walked to the door anxiously and knocked gently.

“Is it Xiaolan? Come in...”

King Miao’s voice came out.

Xiaolan gently opened the door and found that King Miao was having dinner. There were several dishes on the table and a bottle of wine.

After Xiaolan entered, she closed the door gently.

“Father, what do you want from me?”

Xiaolan walked up to King Miao and asked in a low voice.

“Sit down and have a meal with your adoptive father...”

King Miao pointed to the stool beside him.

Xiaolan didn’t say anything and sat down directly, while King Miao poured Xiaolan a glass of wine.

“Drink a drink with me...”

King Miao picked up the wine glass for Xiaolan and handed it to Xiaolan.

Xiaolan wanted to refuse, but she didn't know how to refuse, so she could only take the glass and drink it all...

After drinking the wine, King Miao showed a somewhat excited smile on his face, and then said to Xiao Lan: "Did you take the photos on the table last night?"

Seeing King Miao ask about what happened last night, Xiaolan's body trembled slightly, but since the other party asked, he must have already known it. There is absolutely no need for Xiaolan to lie. It is better to show his cards and ask King Miao.

Xiaolan nodded, took out the photo and put it on the table: "Father, who is the woman in this photo? Why does she look so similar to me?"

"That's your mother, so of course she looks like..." King Miao said without any concealment.

"My mother?" Xiaolan was surprised: "Then, what is your relationship with my mother?"

Chapter: 1049

"Your mother and I were originally Qingmen Zhuma, and your grandfather was once the Miao King of this Miao village. Later, your grandfather was seriously injured in a fight with Tianwumen. He knew that he would not be alive soon, so he entrusted your mother to I also gave the position of Miao King to me..."

As King Miao spoke, he poured himself another glass of wine, then raised his head and drank it before continuing: "But your mother ran away with another man in the village on the eve of our wedding. I searched hard to find her." It took them a year to find out that your mother was pregnant. I didn't even hold your mother's hand, but she let other men sleep with her and turned into a bad person..."

The more King Miao spoke, the colder his eyes became, and his teeth chattered. Even after so many years, King Miao's hatred did not diminish at all.

When Xiaolan heard this, her eyes suddenly widened: “So, you...you killed my parents?”

King Miao was slightly startled, but he nodded: “Yes, after I knew your mother was pregnant, I started to hunt them down. Later, I hurt them with poisonous bees, and I also found that your mother had given birth to a baby. Girl, so I took the girl back, and that girl is you...”

“Since you hate my parents so much, why don’t you kill me and take me back?”

Xiaolan was puzzled as to why King Miao wanted to take her back.

“Soon you will know why!” King Miao raised the corner of his mouth and revealed a ferocious smile, which made Xiaolan tremble.

“How do you know that your parents were killed by me?”

King Miao asked Xiaolan.

“This time I went to Hongcheng to catch Chen Ping, and I met someone who looked exactly like me, and that person was my sister. In fact, my mother gave birth to a pair of twins, and you only took away one of me. , after my parents ran away with my sister, the trustee adopted my sister, but they were poisoned and died. They were poisoned by bee venom from Miao Village, so I doubted you...”

Xiaolan looked at King Miao with cold eyes. Sure enough, her adoptive father, who she had followed for twenty years, turned out to be her enemy.

“It turns out you have a younger sister?” King Miao was a little surprised: “No wonder your parents didn’t even care about their own children and escaped with serious injuries. It turns out there is another sister. It seems that they deliberately abandoned you to save your younger sister. of.....”

“I believe my parents were heartbroken when they abandoned me, so you don’t need to say this in front of me...”

Xiaolan looked at King Miao coldly, and began to have a murderous look on her body.

Now that the cards have been shown, there is no need to hide it!

“I really regret it. If I could have brought you two sisters back at that time, wouldn’t there be two people around me who are exactly like your mother...”

King Miao looked at Xiaolan with intense eyes.

Seeing the look in King Miao’s eyes, Xiaolan was startled. She turned around hurriedly and wanted to run out, but as soon as she got up, her body went limp and she fell down on the table again.

“You...what did you give me to drink?”

Xiaolan looked at King Miao in horror.

“I just added a little bit of Hehuansan to your wine. Don’t you want to know why I didn’t kill you and raised you for twenty years? Just for today, I want you to replace your mother and take good care of you. I.....”

At this moment, King Miao unleashed his animal nature without concealment.

“brute.....”

Chapter: 1050

Xiaolan's eyes were full of anger. She wanted to raise her hand and slap the Miao King hard, but unfortunately she couldn't raise her hand.

"Don't worry, you will soon beg me to sleep with you. I have raised you for twenty years, and of course it won't be cheap. Then Xia Chao, I want to play with you first, and then give him your broken body. , if you listen to me carefully, you still have a chance to survive, if not, you know how powerful the Gu insect is..."

King Miao said as he stepped forward, picked up Xiaolan, and threw her on the bed!

Xiaolan had no strength to resist, and her breathing became more and more rapid, and her face became flushed.

Looking at Xiaolan lying on the bed, King Miao had a lewd smile on his face, holding a bottle of wine in his hand, and drank it slowly.

"You look so much like your mother, it makes me want to stop. After a while, I will make you beg me to sleep with you..."

King Miao was not in a hurry. He knew that the effect of the medicine had not been fully exerted yet. When it was fully exerted, Xiaolan would turn into a lustful woman and cry and beg him.

Xiaolan glared at King Miao. The heat in her body made Xiaolan's consciousness blurry. She felt her mouth was dry. Looking at King Miao in front of her, she actually had the urge to pounce on him. She felt empty and needed someone. To fill her emptiness.

But Xiaolan used her last bit of reason to resist, her lips were bitten and bleeding, her whole body was shaking, and her hands were tightly grabbing her collar. She was so hot that she wanted to take off her clothes, but The last bit of reason prevented her from doing this.

“You keep carrying it, and I’ll see how long you can carry it...”

King Miao raised his lips and poured another large gulp of wine into his stomach.

At this time, Chen Ping, who was in the secret room, slowly stood up, looked at the poisonous corpses all over the room, and smiled with satisfaction.

Although these poisons did not allow him to break through, they did make his Dantian full of spiritual energy and he was close to the edge of breakthrough.

“I wonder how Xiaolan is doing?”

Because Chen Ping was in a secret room, he had no idea what time it was outside or how long he had been locked up.

After raising his foot and kicking open the iron door of the secret room, Chen Ping realized that it was already dark outside.

After bypassing the sentry post, Chen Ping arrived at Xiaolan’s room. He wanted to follow Xiaolan so as not to worry about Xiaolan.

But after entering the room, Chen Ping discovered that Xiaolan was not in the room and there was no one in the room.

“It’s so late, where can she go?”

Chen Ping frowned slightly, wondering where Xiaolan had gone so late.

But soon, a cold light flashed in Chen Ping's eyes, he shouted something bad, and he rushed out of Xiao Lan's room and went straight to King Miao's house.

In King Miao's bedroom, Xiaolan began to take off her clothes uncontrollably. Watching Xiaolan's clothes unbuttoned one by one, revealing the bright red underwear inside, King Miao's eyes became even hotter.

“Hahaha, these twenty years of hard work are worth it at this moment...”

King Miao smiled lewdly and looked at Xiaolan intently.
