

The Order 1051

Chapter: 1051

Xiaolan was already sweating profusely, trying desperately to suppress the desire in her heart, but the power of Hehuansan was too strong, and Xiaolan couldn't suppress it at all.

She thought about biting her tongue to commit suicide, but unfortunately she didn't even have the strength to bite her tongue now.

Xiaolan's body was white and red at the moment, almost dripping with water when she touched it.

Wow...

Just when Xiaolan was about to take off her clothes, there was a sudden sound of glass breaking, and then Chen Ping rushed into the room.

Seeing Chen Ping suddenly barging in, King Miao was stunned. He could not imagine how Chen Ping escaped from the secret room.

Didn't those poisons do him some harm?

How can this be?

King Miao looked shocked, but Chen Ping had no time to care about him. Looking at Xiaolan who was almost naked on the bed, Chen Ping stepped forward quickly, grabbed one of Xiaolan's hands, and then input a spiritual power into Xiaolan. inside the body.

After Xiaolan saw Chen Ping, she finally couldn't control it anymore. She rushed towards Chen Ping and kept kissing Chen Ping's neck.

“Give it to me, give it to me quickly, I can’t bear it anymore...”

Xiaolan’s inner desire exploded, and she desperately tore at Chen Ping’s clothes.

Now King Miao was watching, which made Chen Ping a little embarrassed. However, Chen Ping did not stop Xiaolan at this time. One hand continued to convey spiritual power to Xiaolan, while the other hand assumed a defensive posture. , afraid of the sudden attack of the Miao King.

Spiritual power was continuously input into Xiaolan’s body, but Xiaolan’s symptoms at the moment were not relieved at all. This made Chen Ping frown. He didn’t know what kind of medicine King Miao gave Xiaolan. The effect of the medicine was actually So big.

On the side, King Miao watched all this, his eyes were scarlet and filled with anger: “Chen Ping, I will kill you...”

You must know that Xiaolan has been raised by King Miao for twenty years and is ready to enjoy it by himself. But now she is held in Chen Ping’s arms. How can King Miao not be angry.

King Miao slapped Chen Ping with his palm, but he did not use all his strength. He was afraid of hurting Xiaolan, and he would not be able to explain it to the Tianwu Sect.

Chen Ping was tightly hugged and entangled by Xiaolan, and there was no way he could resist King Miao’s palm. Seeing King Miao approaching, Chen Ping could only pick up Xiaolan, jump up, and jump out of the window.

At this moment, he didn’t care about Xiaolan’s naked body. He first found a place to wear off the effects of Xiaolan’s medicine. Chen Ping was afraid that if things continued like this, he really couldn’t control himself and put Xiaolan to sleep.

Seeing Chen Ping running away with Xiaolan in his arms, the Miao King hurriedly chased after him, and other Miao village members who heard the noise also rushed towards them holding torches.

Chen Ping held Xiaolan in his arms and ran quickly. After pulling some distance away, Chen Ping took out a pack of silver needles, and then quickly pricked Xiaolan's three acupuncture points: Huimen and Tiantu.

Chen Ping couldn't suppress the effect of the medicine in Xiaolan's body with his spiritual power alone, so he could only use acupuncture to force the medicine out.

After the three needles were inserted, Xiaolan's crazy movements stopped instantly and she looked at Chen Ping blankly. After a few seconds, she spat out a mouthful of black blood with a loud sound.

Xiaolan's eyes suddenly became clear, and the enthusiasm in her eyes also subsided, but her face was still a little red at the moment.

Chapter: 1052

When Xiaolan woke up, she saw herself naked, and then saw that Chen Ping's clothes were torn to pieces by herself, and she instantly became embarrassed.

At this moment, King Miao had already led his men to catch up, directly surrounding Chen Ping and Xiaolan.

Seeing this, Chen Ping hurriedly took off his clothes and surrounded Xiaolan.

King Miao couldn't help but be a little surprised when he saw that Xiaolan's eyes were clear and the medicine had worn off. He didn't expect that Chen Ping could make Xiaolan recover so quickly.

“Xiaolan, as a member of the Miao village, you let Chen Ping go without permission, and then followed Chen Ping to do the persuasive thing. What crime should you do?”

King Miao took the initiative and asked Xiaolan.

Now that so many members of the Miao village are here, including the five great heads, King Miao always has to find an excuse. He can't say that he wants to sleep with Xiaolan. It was Chen Ping who rescued Xiaolan, right?

After all, everyone in the Miao village knew that Xiaolan was their adopted daughter. If she did that, wouldn't she be worse than a beast?

Xiaolan was stunned by King Miao's preemptive question. She looked at King Miao with anger on her face, but she didn't know how to answer.

When Chen Ping saw that the villain of King Miao complained first, he immediately said angrily: “You old bastard, it was obviously you who wanted to attack Xiaolan, but I saved her, yet you, the villain, complained first...”

“It's all nonsense. Who in the Miao village doesn't know that Xiaolan is my adopted daughter. I have raised her for twenty years and treat her as my own daughter. How could I do that to him? It was obviously you who deceived Xiaolan with your sweet words. , asked her to let you out, and you are still doing such perfunctory things. The clothes you are wearing can prove it. If I hadn't caught you, you two would have turned upside down by now...”

King Miao shouted at Chen Ping with an upright look.

The people in the Miao village also looked at Chen Ping angrily. You must know that Xiaolan is the goddess in the hearts of many people in the Miao village, and now an outsider, Chen Ping, has taken advantage of her. How can they not be angry?

“Chen Ping, don’t make excuses. King Miao has worked hard to raise Xiaolan for twenty years. How can it be like what you said?”

“That’s right, Xiaolan was obviously misbehaving and actually broke the rules in the village...”

“Kill them, kill them...”

Soon, many people in the Miao village began to shout and became excited...

Xiaolan was wrapped in Chen Ping’s clothes and couldn’t argue. She knew what she said and no one believed her.

Chen Ping looked at the shouting people in the Miao village and suddenly raised the corner of his mouth and sneered: “A bunch of ignorant guys, okay, I admit everything you said. I just slept with Xiaolan, but it’s cool. You can take it.” What should I do? If you have the ability, come...”

Chen Ping’s provocation made everyone in the Miao village even more angry, but no one dared to step forward. You must know that Chen Ping had killed Wu Zong, so who would dare to step forward and seek death.

Seeing that no one dared to move, Chen Ping looked at King Miao with a sarcastic face: “Are all your Miao villages cowards and idiots? Otherwise, you, an old beast, come here and die...”

The Miao King glared at Chen Ping, his teeth chattering: “Chen Ping, don’t think that just because you killed Qin Xiaolin, you will feel that you are invincible. Although I have not yet reached the realm of Wuzong, this is the Miao village and it is mine. Territory, how can I spare you...”

King Miao was filled with anger. In this situation, he had no choice but to take action.

The aura of the Grand Master at his peak spread towards the surroundings, and the terrifying pressure caused the surrounding trees to sway, as if a strong wind was sweeping across them.

Chapter: 1053

“Don’t scare me with this, be practical...”

Chen Ping looked disdainful and didn’t care at all about King Miao’s anger.

“I will make you regret it soon. Don’t think that you are the only one who can have a strong body...”

After King Miao finished speaking, traces of black air began to appear from his body, and the black air spread around. Soon, he heard a rustling sound in the surrounding mountains and forests, as if there were countless insects crawling on the grass.

Immediately afterwards, from all directions, countless insects with dark bodies and hard armor on their backs continued to pour over. There were thousands of them.

Seeing these bugs, Chen Ping was filled with joy. He knew that King Miao wanted to attack him with poisonous bugs, but Chen Ping was not afraid of poisonous bugs the most. He could use these poisonous bugs to increase the spiritual power of his Dantian.

After seeing these insects, the people in the Miao Village fled out of the way, and surprise flashed in the eyes of Wuda Litou.

But what surprised Chen Ping was that the insects did not attack him, but swarmed crazily on King Miao, as if biting him.

“Chen Ping, be careful, that’s an iron beetle, it’s an iron beetle...”

Xiaolan reminded Chen Ping loudly from behind.

Soon, those insects crawled all over King Miao's body, as if he were wearing a black armor.

Seeing this scene, Chen Ping instantly understood that these bugs were not poisonous bugs, nor were they attacking him, but were used for defense.

"Hmph, I look at something that is worthless..."

Chen Ping snorted coldly and took the lead in launching the attack.

A simple punch hit King Miao's chest hard.

Bang!

After a dull sound, the Miao King's body did not move at all, but there were a large number of iron beetles on the chest that fell to the ground and died, but soon more iron beetles filled the empty space.

"Hahaha, Chen Ping, I spent my whole life's energy to build armor with these iron beetles. There are no weaknesses in my armor. No matter where you attack, it will be useless."

King Miao laughed arrogantly.

Chen Ping looked at King Miao's arrogant look and raised the corner of his mouth slightly:
"Since there is no weakness, let's try it head-on..."

After saying that, Chen Ping exuded waves of terrifying aura. The terrifying aura made all the members of the surrounding Miao village panic and retreat.

“This...this Chen Ping’s strength has increased a lot...”

Dali Tou felt the terrifying aura on Chen Ping’s body, and his face was full of surprise.

When they were in Kyoto, the five of them fought with Chen Ping. At that time, Chen Ping’s strength was not so terrifying.

Chapter: 1054

Seeing this, King Miao also hurriedly activated his momentum. The two momentums collided and instantly uprooted the surrounding trees, as if a strong wind was raging.

“Chen Ping, that iron beetle is as hard as iron, and its wings are very sharp. You have to be careful...”

Xiaolan reminded Chen Ping loudly.

These iron beetles are not just armor. As long as they flap their wings, it means that King Miao has countless sharp blades all over his body. If Chen Ping attacks any part of King Miao, he may be cut!

“Traitor, wait until I kill this Chen Ping and I’ll deal with you...”

King Miao glared at Xiaolan, and then slapped Chen Ping with his palm.

Along with the palm wind, countless iron beetles flashed their wings and flew towards Chen Ping.

A pair of wings glowed with a cold light under the moonlight.

Chen Ping punched out and blocked King Miao's palm. At the same time, the terrifying fist wind also killed many iron beetles, but some of them still passed through Chen Ping's defense. With those sharp wings, Chen Ping hit There were wounds on his body.

Chen Ping's clothes were given to Xiaolan, and his bronze skin was exposed. After being scratched by the wings of the iron beetle, dense wounds quickly appeared. Although the wounds were subtle, they covered almost the entire upper body.

Seeing Chen Ping's body injured, the Miao King was instantly excited: "Hahaha, I thought your body was so powerful, but it turns out it's just that..."

After saying that, the Miao King jumped up and struck out with another palm. The huge wind of the palm instantly made the surrounding ground sink a bit, and the surrounding Miao village members stepped back one after another.

Following the palm wind, all the iron beetles on King Miao's body broke away from King Miao's body and surged towards Chen Ping.

Boom...

After a loud noise, the ground where Chen Ping was standing collapsed instantly, and Chen Ping was surrounded by iron beetles.

Dust was flying and loud noises echoed in the Miao Village.

"Chen Ping..."

When Xiaolan saw this scene, she screamed heartbreakingly.

And the Miao King raised his lips. He knew that even if Chen Ping was not slapped to death by his own palm, he would be turned into a pulp by the iron beetle.

“Bring this traitor back to me, I will teach her a lesson...”

King Miao glanced at Xiaolan and then ordered.

Wu Dali nodded and ran towards Xiaolan together.

Seeing this, Xiaolan glared at King Miao: “You can’t avenge my parents in this life, and I won’t let you go if you become a ghost in the next life...”

After Xiaolan finished speaking, she slapped herself on the head. She would rather commit suicide than let King Miao taint her.

Chapter: 1055

When Dali Tou saw this, he controlled Xiao Lan and did not let her commit suicide successfully.

“Let me go, let me go, I will never go back until I die...”

Xiaolan struggled desperately, but to no avail.

Just when Wu Dali was about to bring Xiaolan to King Miao, a cold voice suddenly came.

“Let her go, you may still survive...”

Soon, a figure slowly walked out of the cave.

“You...you’re not dead yet?”

Wu Dali Tou looked at the figure walking out and was suddenly startled.

“Chen Ping...” Xiaolan burst into tears when she saw that Chen Ping was not dead yet.

Chen Ping’s body was emitting a faint golden light at this moment, and at Chen Ping’s feet, countless iron beetles also swarmed up from the collapse, but the sharp and cold wings of these iron beetles were missing.

“This body is indeed powerful. It would be a pity not to become the Corpse King...”

King Miao’s expression changed and he said with an ugly expression.

“The poisons of your Corpse Master have long been my prey. How dare you bring up the matter of the Corpse Master?”

Chen Ping raised the corners of his mouth: “If you still have those good things, I wouldn’t mind being imprisoned by you again...”

King Miao took a deep breath and tried hard to control the anger in his heart. You must know that those poisons were carefully cultivated by himself, but now they all died miserably.

“Chen Ping, either you die or I die today...”

After King Miao finished speaking, he suddenly waved his hand, and the iron beetles that had lost their wings quickly climbed onto King Miao’s body, forming another piece of armor on King Miao’s body.

“Then I will follow your wish...”

Chen Ping jumped up and was in front of King Miao in the blink of an eye.

Bang bang bang...

There were constant dull sounds, and Chen Ping hit King Miao hard with every punch, but they were all blocked by the iron beetles. With each punch, dozens of iron beetles would die, but soon more iron beetles will swarm up, and it feels like they will never be able to kill them all.

King Miao's eyes flashed with satisfaction, and he raised the corner of his mouth and said: "You can't hurt me. Let me try this time to see if your body is so strong..."

After saying that, King Miao also punched Chen Ping. Although the punch was very powerful, it did not cause any substantial damage to Chen Ping.

In an instant, the two people started fighting each other, punching each other hard, but neither could do anything to the other.

Chapter: 1056

Although King Miao's strength has not reached the realm of Wuzong, he has been immersed in the realm of the Grand Master for many years. King Miao's strength should not be underestimated. In addition, he is protected by an iron beetle, so he can still fight to a draw with Chen Ping.

Bang.....

Fighting with fists, Chen Ping and Na Miao Wang both took a few steps back and distanced themselves.

The two men each threw dozens of punches, but neither could do anything to the other, and it was a stalemate for a while.

“Chen Ping, my iron beetles are endless, I want to see how many blows your body can withstand...”

King Miao said with a sneer.

Chen Ping frowned slightly. He also felt that this iron beetle was indeed a bit difficult to deal with. If he continued like this, he might not be able to kill all these iron beetles even if all the spiritual energy in his body was exhausted.

“Chen Ping, these iron beetles are afraid of fire, afraid of fire...”

At this time, Xiaolan suddenly shouted towards Chen Ping.

Chen Ping’s eyes suddenly lit up. He never thought that ordinary insects would be afraid of fire.

When King Miao heard Xiaolan reminding Chen Ping, his expression changed slightly, but he quickly recovered: “These iron beetles were trained by me personally, and they are not afraid of fire at all...”

In order to prove that the iron beetles on his body were not afraid of fire, King Miao directly took a torch and waved it in front of him, but the iron beetles did not move at all.

“Whether you’re afraid of fire or not, you’ll know once you try it...”

Chen Ping raised the corners of his mouth slightly, and then a ball of beating flame suddenly appeared on his palm.

This is the spiritual fire used by Chen Ping to make alchemy. How can it be compared to ordinary flames.

The light blue spiritual fire danced on Chen Ping's hand. After seeing this scene, King Miao's eyes showed a bit of horror.

Immediately afterwards, Chen Ping suddenly waved, and the flame instantly turned into a big fireball, heading towards the Miao King. The heat of the flame caused many people to run away.

Seeing this, King Miao hurriedly dodged, but some flames still fell on his body, and then there was a roar like someone poured gasoline. After the flames fell on King Miao, it instantly rose to a height of two to three meters. .

sizzling.....

Waves of burning smell came out, making people feel retching, and the iron beetles on King Miao fell off one after another, and then tried to escape, but it was a pity that these iron beetles had beating flames on their bodies, and they had not crawled far. If it was far away, it would be directly burned.

The charred corpses of subway beetles were all over the place, which looked very scary.

Seeing that the iron beetles he had carefully cultivated were all burnt, King Miao was stunned and his heart was bleeding. Apart from the poisonous bees, these iron beetles were his killers.

"It smells so good. If you put this in a pot and stir-fry it, it will definitely be delicious. Now that you don't have the iron beetle to protect you, it's like a tiger has no teeth. Let's see what else you can use to fight me..."

Chen Ping smiled coldly, then stepped forward, and then punched King Miao.

Chapter: 1057

Without the protection of the iron beetle, King Miao's body was instantly knocked out, and accompanied by bursts of bone cracking sounds, all of King Miao's ribs were broken.

"ah....."

King Miao stood up with difficulty and roared angrily.

"If you commit suicide now, maybe you can be more dignified..."

Chen Ping said calmly.

"Suicide?" King Miao glared at Chen Ping: "You think too badly of me..."

After saying that, bursts of black gas suddenly appeared from King Miao's body. These black gases were all highly poisonous. However, King Miao did not use these poisonous mist to attack Chen Ping. Instead, as the poisonous mist rose, countless poisonous substances in the Miao village began to rise. Running towards this side.

When Chen Ping saw that the Miao King planned to use poison against him, he was very excited. It seemed that the spiritual power he was about to deplete was about to be replenished.

However, these poisonous creatures did not attack Chen Ping, but began to bite King Miao, but King Miao did not resist at all.

"Is he planning to poison himself?"

Chen Ping looked puzzled.

Soon, King Miao's body was bitten beyond recognition by the poison, venom was flowing out from his whole body, and even his blood was black.

"Chen Ping, I want to die with you today..."

King Miao roared angrily, and the deep black air became thicker and thicker, beginning to condense and form in mid-air.

"This is the secret shadow demon of Miao Village. Chen Ping, you have to be careful..."

Xiaolan roared at Chen Ping.

When the other members of the Miao village saw this, they all knelt on the ground and bowed their heads in silence. No one dared to raise their head.

I saw a huge demonic shadow looming in mid-air, more than a foot high, looking down at Chen Ping.

After King Miao's body forced out the last trace of black energy, it suddenly collapsed, and the whole body shriveled up instantly, like a mummy.

"go to hell....."

The demonic shadow roared angrily, but it was the voice of King Miao.

"Back off..."

After Dali Tou felt the terrifying aura, he stood up suddenly and shouted.

The members of the Miao village stood up and ran back, no one dared to stop at all.

Chapter: 1058

“Chen Ping, run quickly, run quickly...”

Xiaolan shouted at Chen Ping, but she herself ran back.

It can be seen that the people of these Miao villages are very afraid of this so-called demonic figure.

Chen Ping looked up at the demonic figure in mid-air: “My body is dead, but I am still afraid of your phantom...”

Rumble.....

Soon, the demonic shadow fell from the sky, and its terrifying aura pressed directly towards Chen Ping, like two huge mountains.

Chen Ping’s feet soon sank deeply into the ground, and the terrifying aura continued to press downwards.

“Chen Ping...”

Seeing Chen Ping like that, Xiaolan wanted to go over and save him, but the fear of the demonic figure made her unable to move at all.

“Don’t come here...” Chen Ping warned Xiaolan: “It’s just a phantom, it can’t hurt me...”

After Chen Ping finished speaking, his body suddenly glowed with golden light. His whole body was like a burning sun, lighting up the dark night sky.

And under the sudden golden light, the demonic figure disappeared in an instant, and not even a trace could be seen.

When the golden light slowly disappeared, nothing was left except the withered corpse of King Miao on the ground.

When the other people in the Miao village saw this, they were all horrified. That was the demonic shadow transformed by King Miao's burning life. How could it be so vulnerable?

After taking a look at the Miao King's body, Chen Ping looked around. The people in the Miao village were all trembling and looking at him with horrified eyes.

The five great hairdressers were even covered in cold sweat. At this moment, Chen Ping was like a devil in their eyes.

"Do you have anyone to avenge your Miao King?"

Chen Ping asked sharply.

Hundreds of people from the Miao village remained silent, and the five chief ministers also kept silent, not knowing how to answer Chen Ping.

"Chen Ping, let them go..."

At this time, Xiaolan came over.

Anyway, she has lived in Miao Village for twenty years, and many people there have taken care of her.

Regardless of whether these people were involved in killing her parents back then, now that King Miao is dead, Xiaolan doesn't want to pursue the case anymore.

"Whether we let them go or not depends on their attitude..."

Chapter: 1059

Chen Ping has sharp eyes. If these people want to take revenge, Chen Ping will not show mercy. Chen Ping has always been cruel to his enemies.

"The Miao King is dead. This is the grudge between Mr. Chen and the Miao King. Our other members of the Miao Village will never seek revenge from Mr. Chen..."

Dali Tou stood up and said at this time.

He knew that if he didn't speak, no one would dare to speak. Now in the entire Miao Village, there was no one with more power than him except him.

"We dare not seek revenge from Mr. Chen..."

At this moment, the Miao villagers said in unison, all of them with extremely respectful attitudes.

In this society, only the strong will be respected.

"Chen Ping, let's go and leave here. I will never go back to Miao Village again. I want to find my sister..."

Xiaolan pulled Chen Pingdao.

Before Chen Ping could speak, Dali Tou knelt down in front of Xiaolan with a thud.

“Miss Xiaolan, you must not leave now. If you leave, our Miao village will be completely destroyed. We will all die...”

Dali Tou kept kowtowing to Xiaolan: “Xia Chao of Tianwu Sect agreed to marry Miss Xiaolan in three days. If Miss Xiaolan leaves, and now King Miao is dead, it will be easy for Tianwu Sect to deal with our Miao Village. , we will all die in the hands of Tianwu Sect, please save us, Miss Xiaolan...”

“Please Miss Xiaolan, please save us...”

The other Miao villagers also knelt in front of Xiaolan.

When the Miao King was not dead, the Miao Village could still fight with the Tianwu Sect, but now, the Tianwu Sect can crush the Miao Village in an instant.

If people from Tianwu Sect come to pick up Xiaolan three days later, but Xiaolan is gone, they will definitely anger others and even destroy the entire Miao village.

Xiaolan looked at the many Miao villagers kneeling on the ground with a look of embarrassment on her face.

She couldn't let herself marry that Xia Chao and lose her innocence just to save these people.

But if she doesn't save her, Xiaolan will really feel a little unbearable looking at these people who have been getting along day and night for twenty years...

“Let’s leave in a few days and meet the people from the Wu Sect for a while...”

Chen Ping said calmly.

Xiaolan looked at Chen Ping, her eyes full of gratitude, because she knew that Chen Ping stayed here to prevent herself from being embarrassed.

And those Miao villagers were also grateful: “Thank you, Mr. Chen, for saving your life...”

In fact, Chen Ping had his own plans. He did not plan to leave, but wanted to see if Tianwu Sect really had a spiritual spring.

Chapter: 1060

Chen Ping and Xiao Lan continued to stay in the Miao Village, and these days, the Miao Village people worshiped Chen Ping like a god, providing good food, drink and entertainment, which made Chen Ping feel very comfortable.

Xiaolan also had a good impression of Chen Ping after this incident. She confided her feelings to Chen Ping from time to time, and often walked around in front of Chen Ping wearing very little clothes, which made Chen Ping burn with desire.

Xiaolan didn’t care, after all, her body had been seen by Chen Ping a long time ago...

At the same time, on a deserted island in the South China Sea, four girls were playing on the beach. The afterglow of the setting sun shone on the four girls, making the four girls look like angels descending to earth.

“Sister Yuqi, there are a lot of shells here, and we can have extra food at night...”

“Xiaoru, run slower and let me pick up some...”

“I’m here too...”

Four girls ran to pick up shells. These four were Su Yuqi, Gu Ling’er, Wu Mei’er and Xiaoru.

After Chen Ping and Xiaolan went to the Miao Village, Long Wu took Su Yuqi and the others to this unknown island.

At that time, there were only two people on the island, Lao Longtou and Xiaoru. Seeing this deserted island, Su Yuqi and Gu Ling’er were still pounding in their hearts.

But after seeing Xiaoru, Su Yuqi felt relieved. After all, she knew Xiaoru. When she went to the Taoist temple to treat Xiaoru, Su Yuqi followed her.

And every time he used the seven-star disk to help Xiaoru absorb the cold air from his body, Su Yuqi would go with Chen Ping, and gradually Su Yuqi and Xiaoru became familiar with each other.

Soon, the four girls became familiar with each other, playing and joking, bringing life to this deserted island.

Not far away, Long Wu and Lao Longtou were sitting on a huge rock. Old Longtou was holding his big pipe in his mouth and looking at a small island in the distance with a dull look.

This island not far from Wuming Island is Suolong Island. It is said that there are two giant dragons locked here, a fire dragon and an ice dragon. Because of this, the climate on Suolong Island has always been polarized. On the island On the west side, the temperature is very high, and there is a volcano that can erupt at any time. On the east side of the island, the temperature is very low, it is frozen all year round, and there is an iceberg!

Where the two sides of the island meet, there is an isolation zone, and this isolation zone is called the Road of Death. If someone goes directly from the east side to the west side, or from the west side directly to the east side, he will definitely die instantly.

Therefore, after landing on the island, you can only move on one side, and there is only one day to land on the island every year, which is July 15th. On this day, the climate on the island will be neutral. It is said that this day is also the tryst between two giant dragons. On that day, the Dragon Gate will open wide!

Many people once wanted to go to the island to see the two giant dragons, but unfortunately they failed. In addition to the wild beasts on the island, there were also many people from the Long family guarding the island. It was rumored that the Long family guarded the giant dragons. servant.

It's just that these are all rumors. It has been a long time ago. No one knows whether these rumors are true or false. However, on July 15th, many people will secretly land on the island to obtain some rare resources. After all, this lock dragon The island is uninhabited all year round. Whether it is thousand-year-old snow lotus, ten-thousand-year-old mountain ginseng, or some rare and exotic animals, there are countless...

"Butler Long, you don't have to worry too much. The young master has now entered the inmediate stage, far exceeding our prediction. There should be no problem..."

Long Wu said to the old dragon head.

The old dragon head did not speak, but took a deep breath of dry smoke, slowly exhaled it and said: "I don't know whether I was right or wrong in releasing the news that the young master was still alive in advance. The Long Family on Suolong Island will definitely send more people. Protected by many people."

"Butler Long, you are doing this for the good of the eldest lady, so there is no need to blame yourself. In addition to Xiaoru's ice crystal, Chen Ping's girlfriend is actually a fire spirit. This should be God's will. I believe it is July 15th. That day, the young master will be fine..."

Long Wu comforted the old dragon head.
