

The Order 1061

Chapter: 1061

“God’s will, it really is God’s will, but the only thing I’m worried about now is whether the young master will sacrifice the lives of these girls to achieve his own success...”

The old dragon’s brows were furrowed, with a look of worry on his face. He had known Chen Ping too well after spending three years together.

Long Wu also fell silent. Although he didn’t have much contact with Chen Ping, he still knew a little about Chen Ping’s temperament. When the time came that he was really in danger, Chen Ping would never let his girlfriend’s life save him. .

“We can only take one step at a time. The young master started too late. Only by obtaining the dragon crystals of the ice dragon and the flame dragon can the young master have the capital to compete with the Long family...”

Long Wu said seriously.

The old dragon head slowly looked at the playing girls and sighed helplessly.

.....

Miao Village, today is a happy day. Xia Chao from Tianwu Sect has come to marry Xiaolan. Many wedding teams from Tianwu Sect have arrived in front of Miao Village very early.

At this moment, Xiaolan was dressing up carefully in the room, looking at Chen Ping with a bit of resentment in her eyes.

“Chen Ping, what do you mean? Do you really plan to marry me to that Xia Chao?”

Although today is her happy day, there is no trace of happiness on Xiaolan’s face.

In the past few days of contact, Xiaolan had already shown her true feelings for Chen Ping. Although she knew that Chen Ping already had a girlfriend, Xiaolan didn't care.

"Didn't I say it before? It's just a formality. When you enter the Tianwu Sect, I won't really let Xia Chao attack you..."

Chen Ping explained.

"You must remember, I am here to help you. If Xia Chao attacks me and you don't stop me, I will commit suicide. I will not let you go even if I am a ghost..."

Xiaolan said with a look of reluctance.

"Don't worry, if my guess is right, that Xia Chao may not even have the ability to be a man anymore. The reason why he wants to marry you is for other reasons..."

Chen Ping smiled lightly.

When he saw Xia Chao for the first time, Chen Ping discovered that something was wrong with Xia Chao's aura. Although Xia Chao had the strength of a great master, his aura was feminine and not as masculine as a man's, so Chen Ping suspected that Xia Chao had practiced evil arts and no longer had the ability to be a man.

The reason why he wanted to marry Xiaolan was because he took a fancy to Xiaolan's natural beauty, and relied on sorcery to absorb the essence of Xiaolan to help him cultivate.

This Xia Chao must have also absorbed a lot of women, which greatly increased his strength, but it also made his aura become feminine.

Xiaolan was still a little worried and wanted to say something, but Dali Tou walked in.

"Miss Xiaolan, Xia Chao from Tianwu Sect has arrived at the village gate and is waiting..."

Dali Tou said.

Chapter: 1062

“Well, I’ll go out right away...”

Xiaolan nodded, glanced at Chen Ping again, put the red hijab on her head, and walked out of the room with Dali Tou’s support.

Wu Dalitou escorted Xiaolan, and dozens of Miao village members followed behind.

Chen Ping mingled among these Miao village members.

When they reached the village gate, Xia Chao was already waiting in red clothes and riding a tall horse.

Seeing Xiaolan also wearing red clothes and wearing a red hijab, Xia Chao raised his lips and secretly became happy.

But after looking around, Xia Chao didn’t find King Miao, so he frowned and said to Dali, “Where is your King Miao?”

“Mr.

Dali Tou explained calmly.

“I can’t believe that King Miao is still so temperamental...” Xia Chao smiled: “Our two families are so close to each other, so we can just ask Xiaolan to come back often...”

After Xia Chao finished speaking, he waved his hand and immediately someone from the Tianwu Sect brought a sedan over and helped Xiao Lan onto the sedan.

Soon, the procession to welcome the bride set off towards Tianwu Gate, accompanied by the five chief ministers and dozens of members of the Miao village as their natal family members.

The distance between Tianwumen and Miao Village is not far, but the mountain road is rugged, so we can only walk or ride horses, which is slower.

It was not until noon that everyone arrived at the gate of Tianwumen Mountain.

At this moment, hundreds of young girls gathered in front of the Tianwumen Mountain Gate, and these people were not Tianwumen disciples. There were many Tianwumen believers and some nearby residents. These girls gathered in front of the mountain gate. Very crowded!

Chen Ping was a little confused, why did so many women gather in front of Tianwu Gate?

The team welcoming the bride was blocked outside the mountain gate and could not enter at all.

At this time, from the observation deck above the mountain gate, a great master shouted: "The wedding team has returned, everyone should make way..."

The Grand Master was so angry that his Dantian was filled with anger. This shout was louder than shouting from a loudspeaker. Everyone turned around and dodged to both sides after seeing the procession of welcoming the bride.

When many girls saw Xia Chao dressed in red, they all screamed like crazy.

When Xia Chao saw so many girls, a proud smile appeared on his face.

"Is this Xia Chao so popular with girls?"

Chen Ping was a little puzzled.

Although Xia Chao is indeed handsome, he is not a big star. Why are so many girls following him?

Chapter: 1063

Hearing the shouts of the girls, Xiaolan, who was sitting in the sedan, slightly opened the sedan curtain and took a look outside.

When the girls saw Xiaolan in the sedan, they were all envious. They wished they were the one in the sedan.

When the wedding team entered the mountain gate, the great master above the mountain gate spoke again: "Today is a happy day for our eldest young master, so the mountain gate is open and everyone is allowed to bathe in the prepared pool. The water in this pool is... The mountain spring water of my mountain gate can nourish the body, cure diseases and calm the mind, and most importantly, it can also beautify the face. However, you are only allowed to bathe in the pool and don't run around. Otherwise, don't blame me, Tianwu Sect, for being unkind..."

As soon as the Grand Master finished speaking, hundreds of girls shouted and swarmed in, unable to stop them even if they wanted to.

The moment Chen Ping stepped into Tianwu Sect, the spiritual energy around him suddenly became rich. This made the hair on Chen Ping's body stand up as he desperately absorbed this rich spiritual energy.

"How come there is such a strong spiritual energy here? Is it really a spiritual spring?"

Chen Ping couldn't bear it anymore and wanted to see what the spring water looked like.

But Chen Ping knew that if he ran around at this time, it would be easy to be discovered. It would be better to wait for a while before attending the wedding. Everyone's attention would be attracted, and he was secretly checking the so-called spiritual spring.

Soon, Chen Ping and the others arrived at a main hall in Tianwumen. The main hall was very large, covering an area of over a thousand square meters, and was very grandly decorated. However, the auspicious time had not yet arrived, so everyone was temporarily resting in the main hall until the auspicious time arrived. Just worship!

After Xia Chao whispered a few words to Dali Tou, he left directly, and Chen Ping also took the opportunity to slip out!

“Young master, everything is ready. Those girls are still taking a bath happily...”

Just after Xia Chao walked out of the hall, the Grand Master who had just spoken at the mountain gate whispered in Xia Chao’s ear.

“Well!” Xia Chao raised the corner of his mouth: “After I absorb the yin energy from these girls, I will definitely be able to break through with Xiaolan’s naturally charming body. By then, even my father will be no match for me...”

After Xia Chao finished speaking, he slowly walked towards a mountain peak behind the hall.

After Chen Ping slipped out of the hall, he also followed the guidance of the spiritual energy and headed towards the back of the hall.

At this moment, on the mountain peak behind the main hall, a huge natural spring pool appeared, and upwards there was a spring with an area of only dozens of square meters. Water was constantly flowing out, and the water that emerged was stored in this spring pool. .

Hundreds of girls all took off their clothes and soaked in the spring pool. Some wore swimsuits, and some simply took off their clothes. When Chen Ping hid behind a big rock on the mountain peak and looked over, the white flowers were almost as bright as Chen Ping’s eyes were not blinded.

Bada.....

Chen Ping suddenly lowered his head and found that he had a nosebleed, and a drop of nosebleed fell to the ground.

“Depend on.....”

Chen Ping hurriedly stopped the bleeding. Even though Chen Ping was a cultivator, he couldn't control his inner agitation when he saw this scene.

But not far from the spring pool, Xia Chao stood with his hands behind his back, looking at the hundreds of undressed girls in front of him, with no trace of emotion on his face.

Chen Ping discovered this scene and became even more convinced that Xia Chao was definitely no longer a man.

Xia Chao slowly sat down, and then his hands seemed to be drawing something randomly in the air. But soon, a small whirlpool appeared in the air. The girls taking a bath did not notice anything strange, and they were still there. There was a fight in the spring pool.

Chapter: 1064

Soon, white mist was rising above each girl's head. From a distance, it looked like water vapor rising slowly.

The white mist was quickly sucked in by the vortex in mid-air. Chen Ping knew that these were not water vapor, but the yin energy of the girl.

As the Yin Qi was slowly sucked away, some girls began to look a little pale, trembled all over, and felt cold all over.

However, in order to beautify their skin and nourish their skin, these girls all endured it and still soaked in the water and refused to leave.

Seeing this, Chen Ping could only shake his head helplessly. These girls were desperate for their lives, but Chen Ping couldn't go out at this time, otherwise he would be discovered by Xia Chao.

Fortunately, just when some of the girls could no longer hold on and were about to die from exhaustion of Yin Qi, the great master who spoke at the mountain gate appeared.

"Okay, the time has come. Please leave. Our young master has carefully prepared gifts for you..."

The Grand Master said to the girls.

As soon as the girls heard that there were gifts, they all walked out of the spring pool, put on their clothes and left with the great master. These girls did not know that in just a moment, many people would lose ten years or even more. life span.

After the girls left, Na Xia Chao suddenly opened his mouth, and the vortex in the air was directly sucked into his mouth.

“Hahaha, so much Yin Qi is enough to increase my strength by a lot. When I absorb Xiaolan’s Yin Qi, I will definitely be able to break through to Wuzong and surpass my father...”

Xia Chao stood up slowly, laughing excitedly.

He didn’t know that behind a stone not far away, Chen Ping was watching all this. However, at this time, Chen Ping had no interest in Xia Chao. What he was interested in was the spiritual spring.

After Xia Chao left, Chen Ping couldn’t wait to walk to the spring. Looking at the bottomless spring, Chen Ping reached out and touched the water.

The moment Chen Ping’s hand touched the spring water, spiritual energy like a volcano erupted directly towards Chen Ping, and Chen Ping absorbed the spiritual energy hungrily.

“There must be something in here...”

The moment Chen Ping touched the spring water, he knew that the spring water had no aura, and the source of the aura was in the spring. As for what was in the spring, Chen Ping didn’t know, but it could emit such majestic aura. It must be a treasure.

Without the slightest hesitation, Chen Ping took off his clothes and dived in.

The further down you go, the richer the spiritual energy becomes, and as Chen Ping continues to dive, the bottom of the water begins to become a little darker.

He didn't know how deep he had dived, but Chen Ping felt the pressure on his body increasing. If it weren't for his strong body, Chen Ping might have been crushed into a pulp at this moment.

Chen Ping concentrated and closed his breath, quietly absorbing the spiritual energy around him, and did not continue to dive. With the rich spiritual energy now, Chen Ping was confident that he would definitely be able to improve to a higher level in a few days.

It's just that Chen Ping doesn't have much time to stay here to practice. July 15th is just around the corner, and Xiaolan is still up there, so Xia Chao will definitely attack Xiaolan.

After taking a short rest, Chen Ping began to continue diving downward. As the depth of the dive became deeper and deeper, it should have been getting darker and darker, but it started to get brighter down there.

Immediately afterwards, a black shadow came towards Chen Ping. Chen Ping frowned. You must know that this is the depth of the spring. What could be there?

Chapter: 1065

When the black shadow approached, Chen Ping discovered that it turned out to be a turtle. The turtle's shell was one meter square. This was the first time Chen Ping had seen such a big turtle.

The turtle's eyes looked closely at Chen Ping, full of hostility, and there were some symbols painted on the turtle's shell that Chen Ping couldn't understand.

"Is this huge spiritual energy emitted by this turtle?"

Chen Ping also looked closely at the turtle that suddenly appeared, motionless.

After the turtle glanced at Chen Ping twice, he suddenly turned around and dived downwards without attacking Chen Ping, which made Chen Ping sigh in relief.

But Chen Ping followed closely. He wanted to see how the turtle appeared in the spring.

But Chen Ping had just swam a few meters when he saw the turtle coming back again, but at this moment the symbol on the turtle's shell began to flash with golden light.

Soon, golden light filled the entire water, like a big net, wrapping Chen Ping in the middle.

"Array?"

Chen Ping's eyes widened instantly as he looked at the golden light flashing around him.

This is not the magic of those warlocks, but the real fairy method, the real formation...

How could someone set up a formation on a turtle's shell?

Chen Ping was very surprised, but also a little surprised. In this spring, someone actually laid a formation on the tortoise shell. There must be extremely precious treasures here.

Chen Ping wanted to continue swimming downstream, but his body was wrapped in golden light and he couldn't rush out at all. Let alone swimming down, even if Chen Ping wanted to float to the surface, it would be impossible.

At this time, Chen Ping was a little panicked. He couldn't be trapped here forever?

Narrowing his eyes slightly, Chen Ping clenched his fist and swung it hard at the swimming turtle.

Chen Ping knew that as long as the turtle was killed, the formation would naturally be broken.

The power of Chen Ping's punch raised a water column in the water, and then hit the turtle hard.

boom.....

After a loud noise, Chen Ping felt a huge reverse thrust, but the swimming turtle was unscathed.

Swish, swish, swish...

Just after Chen Ping attacked the turtle, the formation on the tortoise shell flashed with golden light again, and several waves of energy came towards Chen Ping. The waves of energy formed ripples for several miles. Chen Ping could clearly see the energy. The direction of air movement.

It's just that Chen Ping is imprisoned here at this moment and has no way to escape, so he can only use his strong body to resist these several powerful attacks.

A pain came from his arm. Chen Ping looked and found that his arm had been cut. Blood slowly flowed out, dyeing the surrounding spring water red.

Chapter: 1066

However, these springs stained with Chen Ping's blood seemed to be imprisoned in this formation and could not disperse at all.

Chen Ping hurriedly covered his wound with his hands. Soon the wound slowly healed, no blood flowed out, and the formation on the tortoise shell did not attack Chen Ping.

Just use the formation to control Chen Ping so that he cannot swim around in the spring.

In the main hall of Tianwumen, the time for worship has come.

Xiaolan secretly opened her hijab and began to look for Chen Ping.

"Where did this guy go? He didn't sell me and ran away..."

Xiaolan anxiously looked for Chen Ping, but unfortunately she couldn't see Chen Ping at all.

“The auspicious time has arrived, please invite the newlyweds to worship heaven and earth...”

A great master of Tianwu Sect shouted loudly.

Xia Chao looked at Xiaolan with excited eyes and a smile on his face. After praying to heaven and earth, they could enter the bridal chamber. At that time, he would have to put Xiaolan inside her body without Xiaolan knowing anything. All the Yin Qi will be sucked away. At that time, Xia Chao will be able to directly jump several realms and directly step into the realm of Wuzong.

I would like to ask in the whole world, how many people in the Wuzong family like him are there at such a young age?

Xia Chao couldn't hide his excitement when he thought that he might be the youngest martial arts master in the martial arts world.

“Mr. Xia, why isn't Master Xia not here on this happy day?”

Looking at the empty chairs in the high hall, Dali Tou asked in confusion.

How can I not be present when my son gets married?

“My father has some important things to do. He has been away for more than half a month, and it will take some time before he can come back. Marriage is a matter between Xiaolan and I. It doesn't matter if our parents are present or not. Besides, King Miao is not here either. ?”

Xia Chao smiled lightly at the big head and explained.

Dali Tou didn't say anything, but Xiao Lan, who had been wearing a red hijab, spoke.

“It would be too unlucky for my parents not to attend such a big day. I think we should wait until Master Xia comes back...”

Xiaolan said and actually took off the red hijab herself.

How could she really follow Xia Chao to worship heaven and earth? Then she would really become his wife. Xiaolan disagreed.

Now Chen Ping has gone somewhere, and Xiaolan can only use this as an excuse.

Xia Chao's face turned cold: "I told you, my father has gone to do business and will not be back for a while. Moreover, today's date has been booked. Many people know that if the wedding is not held, wouldn't I have to become a laughing stock?"

"I don't care. Anyway, if my parents are not here, I won't go to church..."

Chapter: 1067

After Xiaolan finished speaking, she turned around and left.

At this time, Xiaolan had already scolded Chen Ping in her heart. Chen Ping had said that he was just letting Xiaolan show off and would not really let her follow Xia Chao. But now that the time has come, Chen Ping didn't even see his shadow. arrive.

But when Xiaolan walked to the entrance of the main hall, she was directly stopped by people from Tianwu Sect.

"You just left like this, aren't you kidding me? Without me opening my mouth, let's see if you can walk out of Tianwu Sect?"

Xia Chao said with a gloomy look.

Xiaolan looked at the Tianwu Sect people who were looking at each other with murderous intent. She could only turn her head to look at Xia Chao and said: "Your father is not here on such an important occasion. Doesn't this look down on me? Of course I can't follow you. Worship..."

“Let me tell you, you have to worship this hall today, or you have to worship if you don’t. This is Tianwumen, not your Miao village. Even in your Miao village, I am not afraid of you...”

Xia Chao was furious and threatened Xiaolan.

After all, Tianwu Sect is stronger than Miao Village, not to mention that this is Tianwu Sect’s territory.

As soon as Xia Chao finished speaking, the disciples of Tianwu Sect showed their weapons one after another, which shocked Xiaolan and the Miao village members who followed.

If Xia Chao wants to attack them, this is on Tianwumen’s territory, and they have no chance of winning.

Seeing the panic of everyone in the Miao village, Xia Chao raised his lips.

“Xiaolan, I just admire you. Besides, King Miao also promised me. Isn’t it good for our two strong families to join forces? Why do you want to regret it? You have to think carefully about these people in your Miao village...”

Xia Chao didn’t want to push Xiaolan, he needed to live. If Xiaolan was pushed to the point of risking his life, if Xiaolan made a mistake, his plan would fall short.

Xiaolan looked at the people in the Miao Village. At this moment, these people were looking at her expectantly.

Now the lives of these people are in Xiaolan’s hands.

At this moment, Xiaolan’s face became extremely ugly. If it were just her, she would rather die than follow Xia Chao to worship. But this is about the lives of dozens of people in the Miao village, and Xiaolan is in a dilemma.

“Miss Xiaolan, you don’t have to worry about us. If you don’t want to marry this Xia Chao, just run away...”

Just when Xiaolan was in trouble, a member of the Miao village suddenly jumped out with a look of death.

This man also admired Xiaolan and was angry when he saw Xiaolan being threatened, so he stood up.

“A small member of the Miao village dares to jump out and point fingers?”

Xia Chao’s face turned cold, and then he slapped him with his palm.

Xiaolan and Wu Dali had no time to react. They saw the Miao village member spitting blood instantly, flying several meters away, and was shot to death.

“Xia Chao, you have gone too far...”

Chapter: 1068

Xiaolan’s eyes widened and she pulled out a dagger from her waist.

The members of the Miao village were also very angry and showed their weapons one after another.

“Hahaha, I didn’t expect that on this big day, you would still have a dagger on your body. Are you trying to murder me?”

Seeing Xiaolan take out the dagger from her waist, Xia Chao burst into laughter.

“I.....”

Xiaolan didn’t know how to answer. She hid the dagger and really planned that Xia Chao would use force on her, so she followed Xia Chao to death, anyway, she couldn’t let Xia Chao succeed.

“Okay, my patience is limited, either come to me and get married, or.....die...”

Xia Chao's body erupted with waves of murderous aura.

Xiaolan gritted her teeth and her face became increasingly ugly. She was not afraid of death, but what about the other people in the Miao village?

These are people who have been with her day and night for twenty years, and many of them took care of her when she was a child.

"Xia Chao, since your father is not here, I will send someone to find my adoptive father and ask him to sit in the high hall, otherwise the wedding will not be complete..."

Xiaolan said to Xia Chao.

Xiaolan was using this as a delaying tactic. King Miao had already died. Where could he find it? She was just delaying time to see where Chen Ping had gone. Why didn't he show up...

"No, good times don't wait for anyone. If you send someone to invite the Miao King again, what time will it be after you come back?"

Xia Chao didn't have the patience to wait. He only needed to absorb the Yin Qi from Xiaolan's body and he would be able to break through Wuzong. He didn't want to wait for a minute.

"If you don't agree, even if I fight to the death, I won't pay you a visit..."

Xiaolan said, and actually put the dagger on her neck, apparently intending to commit suicide.

This moment calmed Xia Chao. If Xiaolan really committed suicide, it would be just a corpse and would be of no use to him.

"Okay, I promise you, but I will only give you one hour. If your people still can't invite King Miao, don't blame me for being rude..."

Xia Chao finally compromised.

Seeing Xia Chao nodding in agreement, Xiaolan let out a long breath.

Xiaolan nodded in agreement with Xia Chao, and then looked at Dali Tou: "Dali Tou, go and invite my adoptive father to preside over the wedding for me. You must be fast..."

While talking to Dali Tou, Xiaolan kept winking. She was not asking Dali Tou to find King Miao. King Miao had already died and it was impossible to find him. She was asking Dali Tou to find Chen Ping. Look where this guy Chen Ping has gone. Only Chen Ping can save them now.

Dali nodded, turned around and left, while Xiaolan and the rest of the Miao Village were surrounded by the people from the Tianwu Sect in the main hall, waiting quietly.

Chapter: 1069

At this time, Chen Ping was still trapped in the spring. In order to break away from the magic circle, Chen Ping tried his best. Unfortunately, no matter how hard he tried, he could not break free from the shackles of the magic circle.

The big turtle was swimming in front of him, and Chen Ping did not dare to take action against the big turtle. Every time he took action, there was a counterattack from the magic circle on the tortoise shell.

Chen Ping was extremely anxious. He didn't know how much time had passed, and he didn't know how Xiaolan was doing. If Xiaolan was really taken over by Xia Chao, Chen Ping would not forgive him. After all, he was He encouraged Xiaolan to come and pay homage to Xia Chao.

"Ah..." Chen Ping suddenly shouted anxiously: "You damn turtle, I'll fight for you..."

Chen Ping roared angrily, a faint golden light erupted from his fist, and then he punched the slowly swimming turtle one after another.

Bang bang bang.....

One punch was heavier than the other. Fortunately, the spring was full of spiritual energy. The spiritual energy consumed by Chen Ping could be made up for by the rapid far-reaching movement of the Heart Condensation Technique.

As Chen Ping punched the tortoise, the magic circle on the tortoise shell began to flash with light, and the energy was like flying knives, constantly attacking Chen Ping.

Soon, Chen Ping was covered with scars and blood was flowing out continuously. However, Chen Ping gritted his teeth and the anger in his heart was burning. He did not flinch at all and continued to punch.

At this moment, Chen Ping was like a mad beast, his eyes were scarlet, and he had already ignored his own safety. He didn't want to be trapped here forever.

Click.....

Suddenly, a slight sound made the frantic Chen Ping calm down for a moment.

Chen Ping looked closely and found that the big swimming turtle had cracks on its shell.

Chen Ping felt happy. He thought he couldn't hurt the big turtle, but now it seems that the big turtle is not invincible.

Seeing that the turtle's shell had cracked, Chen Ping increased the strength on his hands a little more. Chen Ping's body was already dripping with blood from the energy in the formation, but Chen Ping didn't care.

Chen Ping punched the big turtle one after another. The turtle, which had no feeling at first, now shook its body after being punched by Chen Ping, and even made some strange sounds from its mouth, like wailing.

After Chen Ping punched dozens of times, the turtle's shell finally cracked into pieces with a crash and fell off. The turtle let out a scream and then its body quickly sank down.

As the tortoise shell shattered, the golden light around Chen Ping disappeared, and the restraints of the magic circle also disappeared.

“Want to run away...”

Chen Ping saw that the big turtle was trying to sink under the water and escape, so he chased after it closely.

There was panic in the eyes of the big turtle. Without the protection of the turtle shell and the magic circle on the turtle shell, the big turtle was like fish on the chopping board, unable to escape at all.

“You trapped me with a magic circle just now, do you want to run away now? See if I don’t stew you into a bastard soup...”

Chen Ping struggled to catch up with the big turtle, holding the turtle’s head with one hand, and preparing to punch the turtle to death with the other hand.

Without its hard tortoise shell, the big tortoise simply couldn’t withstand Chen Ping’s punch.

Chapter: 1070

But just when Chen Ping was about to beat the big turtle to death, the big turtle made a whimpering sound, and then opened its mouth, and a crystal clear bead, only the size of a thumb, spit out from the big turtle’s mouth.

Seeing this, Chen Ping grabbed the bead and looked at it carefully. He didn’t know what it was, but he could feel the spiritual energy emanating from the bead.

When the big turtle saw Chen Ping grabbing the bead, he immediately kicked his legs around, as if begging Chen Ping to let him go.

Chen Ping looked at the beads in his hand and let go of the big turtle: “For the sake of your gift, I will spare your life...”

Seeing Chen Ping let go of him, the big turtle nodded and thanked Chen Ping. But when Chen Ping continued to swim downstream, the big turtle looked a little panicked and stopped Chen Ping.

Chen Ping didn't understand why this big turtle wanted to stop him?

Just when Chen Ping's face was full of confusion, a sudden roar came from the depths of the spring, followed by a huge shock wave, which directly shocked Chen Ping's ears and almost fainted.

After hearing this roar, the big turtle swam away in a panic and quickly swam towards the water.

Chen Ping shook his head to wake himself up a little. Looking at the bottomless spring, Chen Ping hesitated.

The roar that just came from below was too powerful. Chen Ping didn't know what dangers there would be below, but his huge curiosity made Chen Ping not want to give up just like that, so he bit the bullet and dived down again.

As Chen Ping dived deeper and deeper, the space below became larger and larger, and the light shone clearly in the water.

"what is that?"

Suddenly, Chen Ping saw under the spring, a sword emitting light blue light, inserted into a huge stone, and the rich aura in the water was emanating from this sword.

Sword, this must be a sword...

Chen Ping was overjoyed. Now he happened to be missing a weapon. Now that he saw this sword, Chen Ping liked it very much.

Chen Ping quickly swam towards the sword. When he was only ten meters away from the sword, he noticed this time that the words “Dragon Slaying Sword” were engraved on the sword...

“Dragon-slaying sword?” Chen Ping was stunned: “Can this sword be said to be able to kill giant dragons?”

Chen Ping didn’t believe it. In today’s society, dragons have long become legends. It is also said that dragons are very powerful and can spit water and fire. Can a sword kill a dragon?

But regardless of whether it could kill a giant dragon or not, this sword was definitely not a mortal thing. Chen Ping fell in love with it at first sight.

But when Chen Ping stretched out his hand to pull out the Dragon-Slaying Sword, a sudden huge force knocked Chen Ping away.

Immediately afterwards, there was a tumbling under the water, and soon a person formed by the condensed spring water slowly appeared.

This man also held a knife in his hand, which was looming under the water. Chen Ping could only vaguely see that it was a human figure.

“Those who use the dragon-slaying sword will be killed without mercy...”

Accompanied by a hoarse old man’s voice, the looming human figure was chopped out with a sudden draw of the knife.
