

The Order 1131

Chapter: 1131

“Okay, let’s not delay. You go and get ready right away. I’m also gathering some people from other sects to look for people from the Medicine God Valley!”

Ni Sidao nodded.

Ni Sidao knew that Medicine God Valley was not a soft persimmon, so it was necessary to arrange more people to put pressure on Medicine God Valley.

Xiahou Dun nodded and hurriedly left Tianluo Pavilion to prepare manpower.

At this moment, Chen Ping and the others have arrived at the foot of a large mountain. If they want to go to Medicine God Valley, they can only take this rugged mountain road. Moreover, this road is surrounded by mountains and forests. There are many beasts, poisonous insects, and poisonous miasma from time to time. appears, so ordinary people rarely come here.

After getting out of the car, Yu Dong parked the car aside and took out a black hood.

“Mr. Chen, according to the rules of our Medicine God Valley, outsiders must be blindfolded before entering the Medicine God Valley...”

Yu Dong followed Chen Ping politely.

Chen Ping hugged Xiaolan and nodded slightly. Since people have this rule, Chen Ping can’t help but follow it.

In fact, this hood is of no use to Chen Ping. Now Chen Ping only needs to emit a little bit of spiritual consciousness to detect the distance of tens of meters around him, without using his eyes at all.

Just when Yu Dong was about to put a hood on Chen Ping, Xu Changsheng reached out to stop him.

“There’s no need to wear it. Brother Chen is not an outsider. Now that he knows the way, Brother Chen can come here often...”

Xu Changsheng’s words were very intimate, which made Chen Ping feel warm in his heart.

Seeing that Xu Changsheng had said this, Yu Dong put away the hood.

Several people walked towards the mountain, surrounded by towering trees. There was only a small trail in the middle of the trees. However, the small trail was very bright, and it was obvious that many people had walked on it.

Although the road is rugged, it is nothing to Chen Ping and the others, but for ordinary people, it is insurmountable.

After walking for a full day and night, Xu Changsheng gave Xiaolan another life-sustaining pill, while Chen Ping continued to send spiritual power to Xiaolan to maintain Xiaolan’s life.

“Brother Chen, Medicine God Valley has arrived...”

Xu Changsheng pointed and said.

Chen Ping looked around and found that the front was just foggy, and he couldn’t see anything at all. However, when Chen Ping’s consciousness spread, he immediately realized that there was indeed a valley entrance ahead, and there were four people standing guard at the valley entrance. guard.

Even if no one is guarding this kind of place, if there are no people from the Medicine God Valley to guide the way, I am afraid that I will not be able to find it. It is like a paradise.

“It is indeed a good place, but the fog is a bit unnecessary...”

Chen Ping said, and with a flick of his finger, a burst of spiritual power instantly hit a big rock on the side.

Suddenly the stone flashed three times, and the fog in front of him dissipated at a speed visible to the naked eye, and finally disappeared without a trace.

Chapter: 1132

The mouth of the Medicine God Valley was revealed. When the four people standing guard at the door saw Xu Changsheng, they hurriedly came over and knelt down on one knee:

“Welcome the Great Elder back to the valley...”

It was true that Xu Changsheng didn't even look at the four people at this moment, but looked at Chen Ping in surprise.

“Brother Chen, how do you know where our Medicine God Valley Formation Eye is?”

Xu Changsheng asked in surprise.

“The lowest level of psychedelic formation is arranged here. This kind of formation can be broken easily as long as you find the center of the formation. It's not difficult...”

Chen Ping said calmly.

This lowest level formation is really just child's play for Chen Ping.

Although Chen Ping said it was easy, when Xu Changsheng looked at it, he felt it was incredible.

Chen Ping is very powerful, he can also make alchemy, and now he can actually understand formations. He is simply a genius.

“This simple formation was set up by me at the beginning of the establishment of the Medicine God Valley. We people only know how to open and close it, but we don’t understand the secrets of these formations at all. It seems that I will follow Brother Chen more in the future. learned.....”

What Xu Changsheng said was very sincere, without any pretense!

“Elder Xu is too polite...”

Chen Ping felt a little flattered. After all, with Xu Changsheng’s strength, many people were arrogant, so how could they say such a thing.

The four disciples of Medicine God Valley all looked at Chen Ping in surprise. They couldn’t believe that their elder was so polite to a young boy.

Although they were confused, no one dared to say anything. They were the ones guarding the gate of Yaoshen Valley. They were not even qualified to talk to Xu Changsheng. Let alone Xu Changsheng, even Yu Dong who was next to Xu Changsheng asked them to do so. Respectfully.

“Great Elder, Mr. Chen, after traveling for so long, let’s go into the valley to chat...”

Yu Dong said.

“Yes, let’s go to the valley first. I’ll gather the others to discuss how to heal this girl’s injury...”

Xu Changsheng nodded hurriedly.

Chen Ping held Xiaolan in his arms and walked into the Medicine God Valley with Xu Changsheng and Yu Dong.

Entering the valley, Chen Ping found that the entire valley was very wide and densely packed with buildings. It was many times larger than the Miao Village.

However, what surprised Chen Ping was that there were many ordinary people walking around in the Medicine God Valley, and there were also many children playing and playing. Not everyone was a warrior, and not everyone could make alchemy.

Looking at Chen Ping's puzzled expression, Xu Changsheng explained: "Brother Chen, there are tens of thousands of people in our Medicine God Valley, but not everyone practices martial arts, and not everyone can make alchemy. Speaking of our place, there are more It's like a big village..."

Later, Xu Changsheng told Chen Ping about the history of Medicine God Valley. Only then did Chen Ping realize that Medicine God Valley was not as mysterious and terrifying as the outside world rumored.

Chapter: 1133

In fact, Yaoshen Valley was once a village where some villagers who were fleeing the war found this valley, so they settled here and lived a life of peace with the world.

Although this place is hidden, it is not completely disconnected from the outside world. Gradually, some martial arts masters who are tired of the secular world, as well as some Taoists who devote themselves to cultivation, will also find this place to live.

Soon some of the people here learned martial arts and some learned Taoism. The formations in the Medicine God Valley were set up during that period and have gone through hundreds of years.

A hundred years ago, an old man came to the valley. The old man had excellent medical skills and could cure diseases for the people in the valley. He could also make elixirs to strengthen people's health, and most importantly, he could extend their lives.

Soon, many people followed the old man to learn medical skills and alchemy. Gradually, many talented people also learned superb medical skills and alchemy. The life span of the people in Medicine God Valley was also extended a lot.

In the end, the old man said that he had gone into seclusion, and there was no trace of him. Now no one knows whether the old man is dead or alive, and the name of Medicine God Valley also started from that time.

After the old man disappeared, people from the valley continued to go outside to treat people's illnesses and make elixirs to earn some supplies. Some people tasted the sweetness of the colorful world outside and chose to stay outside and enjoy the glory and wealth...

Gradually, people in the outside world called this valley the Valley of the God of Medicine, and the people in the valley followed suit. The name of the Valley of the Medicine God was not deliberately chosen.

"Mr. Chen, according to the rules in our valley, the reason why outsiders are not allowed to come in easily is because we are afraid that after those people know that Yao Shen Valley is not so mysterious, they will take advantage of Yao Shen Valley. By then, these people in the valley will suffer..."

Yu Dong followed Chen Ping and explained.

Chen Ping nodded. There are so many ordinary people in the Medicine God Valley, and many people know that there are many miraculous medicines here. If someone really has evil intentions, the people in the valley will really suffer.

People's hearts are unpredictable. In the face of huge interests, many people will lose their minds, especially those so-called warriors. Their desire for strength exceeds that of anyone else.

Xu Changsheng led Chen Ping and the others toward a main hall in the center of the valley. The main hall was made of bluestones and was very large. It was more than twenty meters high and was the largest and tallest building in the entire valley.

When he reached the entrance of the main hall, Yu Dong stopped and said, "Mr. Chen, follow the elder in. This is the Temple of Medicine. Only elders can enter. I'll be waiting outside..."

Chen Ping nodded and followed Xu Changsheng into the Temple of Medicine. He saw smoke filling the hall, and there were many aromatherapy furnaces smoking around. The smoke had a faint herbal smell, but after smelling it, it's quite refreshing.

In the middle of the hall, there is a bronze cauldron that is as tall as a person. Steam is still rising inside the cauldron, and there are several people around who are constantly adding various medicinal materials into it.

When several people saw Xu Changsheng coming back, they hurriedly put down their work and all came over to greet him.

"Great Elder, has the expert you mentioned come here? If he can help us develop earth-level elixirs, the Valley Master will definitely be happy..."

One of the old men in black robes asked.

This person is also the elder of Medicine God Valley, ranking third in rank. There is no one below the elder who can appear here.

"Third Elder, let's see how we can save this girl..."

Xu Changsheng dodged, and Chen Ping appeared in front of several people holding Xiaolan.

Several elders were stunned and looked at Chen Ping in surprise: “Elder, this is the Temple of Medicine. No one can come in except us and the Valley Master. How can you bring outsiders in?”

“Don’t talk about this now. I will explain to you later. Let’s see if we can save this girl first...”

Chapter: 1134

Xu Changsheng said anxiously.

He knew that as long as Xiaolan was revived, Chen Ping would owe Yaosheng a favor. In this case, if Chen Ping was asked to help Yaisheng refine medicine, Chen Ping would be embarrassed to refuse.

When several elders saw Xu Changsheng’s behavior, they didn’t say anything and looked at Xiaolan in Chen Ping’s arms.

An old man with an ancient face took Xiaolan’s pulse, then shook his head with an ugly face and said: “This girl’s internal organs have been severely damaged. It is not easy to save her. If I am not wrong, you can feed this girl.” Life-sustaining pill, right? Otherwise she wouldn’t have been able to survive until now...”

After hearing the old man’s words, Chen Ping’s expression condensed. He had been using his spiritual power to maintain Xiaolan’s life. Although Chen Ping also knew medical skills, and his medical skills were very good, a good woman could not make a meal without rice. Now Chen Ping’s Dantian was His spiritual power is lacking, and if he wants to save Xiaolan, he must return to his peak state.

Although Yaoshen Valley is relatively full of spiritual energy at the moment, it is of little significance to Chen Ping. The spiritual energy is sucked into the body, just like a stone sinking into the sea.

“Second Elder, where is the Valley Master? The Valley Master has a Huitian Pill that can bring people back to life. If you give it to this girl, she will definitely be saved...”

Xu Changsheng asked the old man with an ancient face.

“First Elder, you don’t have a fever, right?” The second elder was stunned: “The Huitian Pill is the most precious treasure of the Valley Master. You want the Valley Master to give it to this unrelated woman? Is it possible?”

“Why is it irrelevant? This girl is a friend of Brother Chen, and Brother Chen is the expert I found who can refine earth-level elixirs...” Xu Changsheng pointed at Chen Ping: “Brother Chen is not only He is extremely powerful and can kill Wu Zong, and his alchemy skills are superb and he can refine earth-level elixirs. The most important thing is that Brother Chen also knows the formations. The psychedelic formation at the entrance of our Medicine God Valley was seen through by Brother Chen at a glance... ..”

After hearing Xu Changsheng’s words, several elders looked at Chen Ping in surprise, as if they were seeing aliens.

“Great Elder, you’re not kidding us, are you? This kid is only twenty years old, and he hasn’t even shed all his fetal hair yet. We may be as powerful as you say. Even if he made elixirs from his mother’s womb, he still wouldn’t be able to do it. Level elixir...”

The third elder’s face was full of disbelief!

“The third elder is right. How can this boy practice earth-level elixirs at such a young age, and be as powerful as you said? This boy and this girl must be relatives of yours, are you?” Did you say that on purpose?”

The second elder also looked at Xu Changsheng with disbelief.

“If you don’t believe it, I asked Brother Chen to refine an earth-level elixir for you on the spot. When have I, Xu Changsheng, ever lied in so many years...”

When Xu Changsheng saw that these people did not believe in him, he immediately became furious.

“Elder Xu...” Chen Ping hurriedly called out to Xu Changsheng: “I’m sorry, I can’t practice the Earth Level Promise you mentioned. What I can practice is just some ordinary big returning pills, small returning pills and the like...”

Chen Ping did not have the ability to practice the Earth-level elixir. At that time, Xu Changsheng looked at the marrow-cleansing elixir he had taken and thought he had learned it himself. In fact, it was given to Chen Ping by Long Wu.

Although he obtained the Shennong Cauldron, Chen Ping has not used it yet, so he himself does not know whether he can practice the marrow-cleansing pill. Another point is that Chen Ping currently lacks spiritual power and cannot refine the pill.

“Hahaha, Great Elder, have you seen that this kid has personally admitted that at his age, how is it possible for him to practice earth-level elixirs? Even the other two points you mentioned are probably exaggerations. He can kill Wuzong. ?Can you still see the formation? You should be helping him from behind, right?”

The third elder laughed.

Xu Changsheng was speechless, glanced at the other elders and said, “Don’t you believe me?”

Xu Changsheng’s face was ugly, and he was obviously angry.

Chapter: 1135

When several people saw that Xu Changsheng was angry, they all shut up. After all, Xu Changsheng was the great elder. When the Valley Master was away, Xu Changsheng had the final say.

“Great Elder, don’t be angry. Even if what you say is true, there is no way to save this girl now. The Valley Master has been out for two days and will probably come back in two days...”

The second elder said.

“Do you know where the Valley Master has gone?” Xu Changsheng was stunned. When he left, the Valley Master was still there, but now he has left.

“Who knows? We don’t dare to ask. The Valley Master just told us to refine elixirs at home...”

The second elder shook his head.

At this time, Xu Changsheng was in a dilemma. The Valley Master was not here, and they did not have the ability to cure Xiaolan, so they could only wait for the Valley Master to come back.

“Brother Chen, I’m really sorry. The Valley Master is not here. You can only wait here for two days. You put this girl here first. Although I can’t cure her now, I can guarantee that she will be cured within the next few days.” , nothing will happen to this girl.”

Xu Changsheng looked at Chen Ping apologetically and said.

Chen Ping calculated the time. There were still a few days before July 15th. It would be okay to wear it for two days in the Medicine God Valley, so he nodded.

Xu Changsheng hurriedly took Chen Ping and put Xiaolan into the room next to the Medicine Temple. The whole room was filled with a strong smell of herbs.

After Xiaolan was settled, Xu Changsheng asked Yu Dong to take Chen Ping to rest. Xu Changsheng found Chen Ping a room very close to the Medicine Temple so that he could see Xiaolan.

Seeing how respectful Xu Changsheng was to Chen Ping, the other elders all looked puzzled. Even now, they still don't believe that Chen Ping has what Xu Changsheng said.

After settling in Yaoshen Valley, Yu Dong brought Chen Ping three meals a day, and Chen Ping did not leave the house. After all, he was an outsider, and he was afraid of causing misunderstandings if he wandered around Yaoshen Valley rashly.

But being alone in the room was boring. Chen Ping thought of the Shennong Cauldron, so he took out the Shennong Cauldron and punched it with a burst of spiritual power. The Shennong Cauldron instantly grew in size.

Looking at the tall Shennong Cauldron, Chen Ping jumped up and sat directly inside the Shennong Cauldron.

A large amount of spiritual energy emerged from the Shennong Cauldron, and was quickly sucked into Chen Ping's body.

After one night!

Just after dawn, a dazzling bright light suddenly shone on the entire bottom of Yaoshen Valley. Then the bright light dimmed and finally disappeared.

Everyone in Yaoshen Valley was wondering what the strong light was just now, but in Chen Ping's room, Chen Ping looked at his body and felt the surging spiritual power in his Dantian. Chen Ping was so excited that he almost jumped up. .

“Breakthrough, I finally broke through to a small realm...”

Chen Ping clenched his fists slightly, opened the window, and swung towards a boulder weighing a thousand kilograms on the mountain not far away.

Rumble.....

The boulders were shattered into pieces, and the entire Yao Shen Valley was shaken, as if there was an earthquake, and the scattered stone debris almost covered the entire Yao Shen Valley.

Chapter: 1136

“What’s going on? Is it going to rain? It’s flashing and thundering...”

“Is there an earthquake? The house is about to collapse...”

“It rained stones and hit my head...”

Everyone in Medicine God Valley got up and gathered together to discuss.

“This...” Chen Ping was shocked when he looked at his fist: “The power of a small level of improvement has increased so much? It’s incredible...”

Chen Ping didn’t expect that his strength would increase a lot after he improved a small level.

Today, when Chen Ping encounters Xiahou Dun, he can almost kill him with one sword.

With a wave of his hand, the Dragon-Slaying Sword appeared in Chen Ping’s hand. The Dragon-Slaying Sword buzzed as if to congratulate Chen Ping.

Dong dong dong...

At this time, there was a knock on the door, and Chen Ping hurriedly put away the Dragon-Slaying Sword and the Shennong Cauldron.

Chen Ping opened the door and found Yu Dong standing at the door.

“Mr. Chen, you have been here for two days, are you too bored? I will take you out for a walk...”

Yu Dong said to Chen Ping.

“Didn’t Elder Xu say that I am an outsider and cannot walk around in Medicine God Valley, so as not to cause unnecessary trouble...”

Chen Ping was a guest. Since Xu Changsheng said so, Chen Ping would not break other people’s rules.

After all, Xu Changsheng treats Chen Ping well.

“Don’t worry, no one will recognize you...”

As he spoke, Yu Dong took out a hat and sunglasses: “Mr. Chen, put these on so no one can recognize them. I just happened to show Mr. Chen the magic of my Medicine God Valley...”

After hearing what Yu Dong said, Chen Ping was also curious about the magic that Yu Dong said, so he put on his hat and sunglasses and followed Yu Dong out of the room.

The two of them had breakfast. Many people greeted Yu Dong while walking on the road, but no one paid special attention to Chen Ping.

Yu Dong led Chen Ping towards the depths of the Medicine God Valley. As they went deeper, there were fewer and fewer ordinary people. Behind them were warriors with auras emanating from their bodies, with varying degrees of strength.

These warriors were all polite to Yu Dong when they saw him, which shows that Yu Dong's status in Medicine God Valley is not low.

After walking for a while, it was already difficult to see people. At this time, the valley had not yet reached the end. At a glance, it seemed that there were endless roads behind, but the peaks on both sides seemed to be exactly the same. Like a reflection in a mirror.

"Mr. Chen, no one has ever reached the end of this road, and no one knows where the end is. I once walked out of curiosity for a day and a night, but I found that the road ahead is still endless..."

Chapter: 1137

Yu Dong pointed to the road ahead and said.

"No end? How can there be a place like this?"

Chen Ping felt a little incredible.

"Mr. Chen, if you don't believe it, I'll take you for a walk to see..."

As he spoke, Yu Dong concentrated his energy at his feet, and his speed instantly increased.

When Chen Ping saw this, he immediately cheered up and followed him.

At this time, the speed of the two was extremely fast. If ordinary people saw this on a crowded road, they would probably be stunned.

In this way, the two of them ran for an hour. Yu Dong stopped, his forehead was covered with sweat and he was out of breath.

Chen Ping didn't blush, and his heart didn't beat. He looked at the road in front of him strangely.

It stands to reason that at this speed, they have now traveled nearly a hundred miles, but Chen Ping found that the scene in front of him seemed to have not changed.

But he clearly felt that he was moving forward and not standing still.

"Mr. Chen, I didn't lie to you, did I? See if it's not the end yet..."

Yu Dong panted and followed Chen Ping.

Chen Ping did not speak, but frowned slightly and slowly closed his eyes.

His spiritual consciousness spread instantly, and Chen Ping planned to use his spiritual consciousness to investigate first to see what was going on.

But as soon as Chen Ping's consciousness was emitted, it was as if it had hit an invisible wall and bounced back instantly, unable to emit at all.

Chen Ping opened his eyes and looked at a few meters in front of him. Anyone stretched out his hands and kept groping for something in the air.

“Mr. Chen, what are you doing?”

Yu Dong was very confused about Chen Ping’s behavior and couldn’t help asking.

“Zhang Mu, we have been running for so long, but we have never left here at all, so we see the same peaks on both sides of the road...”

Chen Ping’s hand emitted a faint red light. Under the red light, a wall that seemed to be there or not, like ripples on the water, appeared in front of Chen Ping and the others.

“Could it be that someone has set up a formation here to prevent others from going into the valley?”

Yu Dong slightly said with enlightenment.

“It should be, but I haven’t found where the formation’s eye is yet, and how to break it...”

Chapter: 1138

Chen Ping nodded.

“Is there something else deep in this valley? Why do we need to set up a formation?” Yu Dong was very puzzled.

“I don’t know about this. Now we can only truly enter the depths of the valley by passing through this wall...”

The red light on Chen Ping’s hand became stronger and stronger, and the wall became clearer and clearer.

Yu Dong stepped forward and gently touched the glass-like wall, but as soon as Yu Dong stretched out his hand, his arm passed through the wall, and then Yu Dong walked directly over.

This surprised Yu Dong: “Mr. Chen, didn’t I wear this? It’s nothing special...”

Chen Ping shook his head: “You didn’t go through it. Now you move forward, and it’s still the same scene. If you really go through this wall, the place you arrive should be another scene. You don’t understand this, and I can’t explain it in detail.” You explain, this is like a three-dimensional and four-dimensional space. Passing through this wall is equivalent to entering another space...”

“Space portal?” Yu Dong blurted out: “Mr. Chen, although I know that some formations are very strange, what you said is too outrageous. How could there be such a formation...”

Yu Dong didn’t believe it at all, but Chen Ping was not talking at this time, but slowly pushed his hand towards the wall.

Slowly, Chen Ping’s arms passed through, and in Yu Dong’s eyes, Chen Ping suddenly lost his arms.

Yu Dong’s eyes widened: “Mr. Chen, your arm, why is your arm missing?”

Chen Ping looked at his body. Instead of panicking, he said happily: “I seem to know how to get through...”

Immediately afterwards, Chen Ping’s body rushed forward, and then Chen Ping’s whole body seemed to appear in another space, and the scenes on both sides changed a lot in an instant.

“Mr. Chen, Mr. Chen...”

At this time, Yu Dong suddenly discovered that Chen Ping was missing, so he shouted anxiously.

“Wait for me here, I’ll go take a look first...”

Chen Ping’s voice came, but Chen Ping could not be seen at all. Only at this time did Yu Dong believe what Chen Ping said.

“This is the so-called barrier, right?” Chen Ping looked at the scenes on both sides and remembered that the old leader once told him this.

The so-called barrier is to seal a place with a formation. However, from the perspective of outsiders, it is impossible to find that this place has disappeared. Speaking of which, the place where Chen Ping is is still in the Medicine God Valley, and there is no other space. .

The mountains on both sides are still the same mountains, but there have been some changes. The trees on the mountains are denser, and you can see a lot of animals.

Chen Ping found that because of the barrier, this place was inaccessible. It was estimated that there had been no signs of human activity for decades.

Many animals were so frightened that they hid when they saw the sudden appearance of Chen Ping.

Chen Ping walked slowly along the valley, looking at the peaks on both sides from time to time. Since someone had set up a barrier here, there must be something he didn’t want others to see.

Chen Ping had been walking for more than half an hour. At this time, a straight mountain peak blocked the front. This should be the end of Yaoshen Valley. However, it is almost impossible to climb out of the valley from this peak. The peak is nearly 100 meters high. It stands so straight that even a master of Wuzong strength cannot climb up the rock.

Chapter: 1139

“Is there nothing here?”

Chen Ping frowned slightly, and then his consciousness spread out, and a radius of several hundred meters appeared in Chen Ping’s mind.

Soon, Chen Ping discovered a cave more than ten meters high on the left side of the mountain. However, because it was blocked by trees, Chen Ping did not discover it. If he had not used his spiritual sense to detect it, Chen Ping would not have discovered it.

Chen Ping put a little force on his feet and jumped to the entrance of the cave. The entrance was very small and could only accommodate one person. In order to prevent any accidents, Chen Ping used his spiritual consciousness to explore the cave and found nothing. .

He didn’t feel any breath. There were no living things in the cave, and there was no spiritual energy emanating from the cave, which proved that there were no treasures. But since he was already here, Chen Ping decided to go in and have a look.

Slowly stretching out his right hand, a ball of flame danced in Chen Ping’s palm, illuminating the entrance of the cave very brightly.

Chen Ping walked into the cave and saw that the cave was very dark and damp. The stone walls were covered with moss and irregular stones were piled up everywhere. It was obvious that someone had lived here.

With the light of the flames, Chen Ping slowly wanted to walk inside. After walking for more than 20 meters, the cave began to become dry, and then the front suddenly became open, and a hall of dozens of square meters appeared.

There is a table in the middle of the hall. There are candles on the table, but the candles have long been extinguished. Looking at the side of the hall, there are some daily necessities, but these things are covered with thick dust. .

When Chen Ping moved his gaze to the other side, Chen Ping was shocked. He saw a thin, wrinkled old man sitting cross-legged on a stone bench.

The old man's eyes were slightly closed, motionless, and his gray beard was half a meter long. However, the old man's body was also covered with dust, and it was obvious that he had not moved for a long time.

Chen Ping calmed down and covered the old man with his spiritual consciousness. Only then did he realize that the old man had stopped breathing. No wonder Chen Ping didn't detect any breath outside the cave entrance just now.

However, looking at the old man's appearance, he looked as if he had just passed away, and his whole person was lifelike. In front of the old man, there was a yellow book, which was also covered with dust.

Chen Ping blew gently, and the dust on the yellow book was blown away, and the words on the book were also revealed.

The Supreme Alchemy Record!

Chen Ping looked at the book in front of him and felt very curious. Could this be a book about alchemy? Are all the elixirs recorded in it?

Chen Ping slowly picked up the yellow book.

But when Chen Ping's hand just touched the book, the book suddenly burst into flames, burning the book completely in an instant.

Chen Ping was stunned and immediately annoyed. He thought he accidentally ignited the alchemy book with the flame on his palm.

But just when Chen Ping was upset, a light suddenly flashed in his mind, and then countless alchemy techniques flashed in Chen Ping's mind.

"Young man, you have inherited my supreme alchemy record, and you need to carry forward my Medicine God Valley..."

An old voice sounded in Chen Ping's mind, and the voice was full of vicissitudes of life.

Chen Ping instinctively looked at the old man in front of him, and at this time, the old man's corpse began to change. The originally lifelike corpse began to turn black little by little, and then the whole body shrank, and finally turned into a corpse. A pile of dead bones.

At this moment, the cave began to shake, and stones began to fall. It was obviously about to collapse.

Chapter: 1140

When Chen Ping saw this, he hurriedly ran out. As soon as he ran out of the cave entrance, the entire cave was buried.

Looking at the buried cave, Chen Ping was speechless.

He just wanted to see what kind of book it was, and never thought about inheriting the Valley of the God of Medicine?

We also need to promote Medicine God Valley. How can Chen Ping have the time to manage Medicine God Valley?

I have a lot of things I haven't dealt with yet.

But now that the Supreme Alchemy Record is already in Chen Ping's mind, it's useless to say anything. He can only take one step at a time.

Chen Ping jumped down from the mountain and started walking back.

Just after walking for a while, I met Yu Dong who was running in a hurry.

"Mr. Chen....."

After Yu Dong saw Chen Ping, he shouted hurriedly.

"Yu Dong, how did you get in?"

Chen Ping was a little puzzled. How could Yu Dong get in with the barrier blocking it?

"I don't know either. I kept walking like this and I saw you..."

Yu Dong was also full of doubts.

Chen Ping used his spiritual sense to explore and found that the existing wall was no longer there. It was probably because he entered the cave.

But Chen Ping didn't say anything, but went back with Yu Dong.

"Mr. Chen, have you found anything here? Is there any treasure?"

Yu Dong is not stupid. He knows that since someone has set up such a large formation here in Medicine God Valley, it must be to protect something and prevent others from entering casually.

“Nothing!” Chen Ping shook his head.

Yu Dong glanced at Chen Ping. The thin clothes could not hide anything.

Yu Dong, who was full of doubts, followed Chen Ping back. Before he reached the place where he lived, he met Xu Changsheng who was rushing over.

“Brother Chen, why are you out? Our Valley Master is back and wants to see you now...”

Xu Changsheng was a little surprised when he saw Chen Ping walking back from outside.

“Oh, I’m feeling a little bored here. Let Yu Dong take me out for some fresh air...”
