

## **The Order 1141**

Chapter: 1141

Chen Ping did not betray Yu Dong: "Let's go..."

Xu Changsheng didn't think much and took Chen Ping towards the Medicine Temple.

"Brother Chen, our Valley Master has an eccentric personality. He is a real cultivator, and he is also very proficient in alchemy. When you meet him, you must not act out of anger. Keep a low profile. Your friend will definitely be saved..."

Xu Changsheng warned Chen Ping along the way.

Chen Ping just nodded and didn't speak. He didn't know what to say yet. Someone had passed down this Medicine God Valley to him.

Soon, Xu Changsheng led Chen Ping into the main hall. At this moment, several other elders were kneeling on the ground, and Xu Changsheng also knelt down as soon as he entered the door.

"Valley Master, Brother Chen brought..."

It was obvious that these elders were very afraid of the Master of the Medicine God Valley.

Chen Ping looked at the Master of Yao Shen Gu above the main hall, and saw Yao Shen Gu Gu with white hair, but a very rosy face, skin like a baby, with white hair and a childlike face. He was wearing a Taoist robe and looked like an immortal.

When Chen Ping saw the Master of the Medicine God Valley for the first time, he suddenly frowned slightly. He could feel the bloody smell from the Master of the Medicine God Valley, a very strong bloody smell, even though the Master of the Medicine God Valley was trying hard to use his breath. He tried to hide the bloody smell on his body, but Chen Ping still noticed it.

Apart from the bloody smell, the aura of the Medicine God Valley Master had nothing in common with Xu Changsheng and other elders, as if the Medicine God Valley Master did not belong to the Medicine God Valley.

Although everyone practices differently, if they belong to the same Medicine God Valley, even if they practice different techniques, their breath will be the same. However, the breath of the owner of the Medicine God Valley is different from anyone else in the valley. .

Chen Ping, who felt something was wrong, emitted his spiritual consciousness and wanted to find out more deeply what kind of skills the Master of the Medicine God Valley practiced. But just as Chen Ping's spiritual consciousness was emitted, he was struck by an invisible force. After blocking it, it was obvious that the Valley Master of the Medicine God Valley had noticed it.

Chen Ping and the owner of the Medicine God Valley looked at each other, but neither of them spoke first.

“Brother Chen, kneel down, kneel down quickly...”

Xu Changsheng was on the side, reminding Chen Ping in a low voice, but Chen Ping didn't seem to hear him.

After a moment, the master of the Medicine God Valley waved his hand: “You all get up...”

Several people stood up after looking for them, then stood back on both sides, their heads slightly lowered, and no one dared to look up.

“Are you the genius who can master earth-level elixirs and practice both martial arts and martial arts?”

The master of Medicine God Valley asked slowly.

Chen Ping shook his head: “I can't practice earth-level elixirs. As for the dual cultivation of martial arts, I only know a few techniques. I'm not a genius...”

“Hahaha, young people are quite modest...” The owner of Medicine God Valley laughed and said, “Is that girl your girlfriend?”

The Master of Medicine God Valley pointed at Xiaolan lying on the side of the hall.

“Friends, not girlfriends...” Chen Ping shook his head.

Chapter: 1142

“Friends as well. Your friend’s internal organs have been severely damaged. He can only breathe to save his life. He may die at any time. I have a way to save your friend’s life now, but I heard that you have a treasure tripod on your body. Can you let me pass it by?”

The owner of the Medicine God Valley said directly.

Chen Ping glanced at Xu Changsheng, and it was obvious that this was what Xu Changsheng told the owner of the Medicine God Valley.

Xu Changsheng hurriedly explained: “Brother Chen, our Valley Master has come to study the copper tripod. After all, refining elixirs requires a copper tripod. It’s time for our Valley Master to show you whether it is a good thing...”

After hearing this, Chen Ping could only take out the Shennong Ding, a palm-sized Shennong Ding, and put it in Chen Ping’s hand, which immediately made several other elders laugh.

“I have never seen such a small bronze tripod before. This is not a bronze tripod, it is clearly an incense burner...”

“I think incense burners are bigger than this. What can this bronze tripod be used for?”

Several elders couldn’t help laughing.

But the moment Chen Ping took out the Shennong Cauldron, the owner of the Medicine God Valley stood up from his chair with burning eyes.

But soon, the owner of the Medicine God Valley returned to normal, sat back, and said to Chen Ping: "Little brother, your bronze tripod is quite exquisite. I wonder where you got it from?"

"A gift from a friend..." Chen Ping said calmly.

The master of the Medicine God Valley nodded: "I will save your friend's life. Don't worry, stay in the Medicine God Valley for two days. Your friend will recover by then..."

Chen Ping heard that Xiaolan could be saved, but there was no expression on his face, as if Xiaolan's life had nothing to do with him.

Seeing this, Xu Changsheng hurriedly stepped forward: "Valley Master, I would like to thank the Valley Master on behalf of Brother Chen..."

"Elder Xu, take this little brother down, and we will have a meal together at noon..."

The Lord of the Medicine God Valley waved his hand.

Xu Changsheng nodded, and then said to Chen Ping: "Brother Chen, let's go. Since the Valley Master has agreed, your friend will definitely be saved..."

Chen Ping glanced at Xiaolan lying on one side and followed Xu Changsheng out of the hall.

After walking out of the hall, Xu Changsheng saw something wrong with Chen Ping's expression, so he asked: "Brother Chen, don't you believe in our Valley Master? Our Valley Master is very powerful. He said he could save your friend, so he can definitely save..."

"Elder Xu, you, the valley owner, have been living in the valley?"

Chen Ping asked Xu Changsheng thoughtfully.

“Of course, the Valley Master has been living in the valley for the past thirty years, but sometimes he goes out of the valley...”

Xu Changsheng returned.

“Thirty years?” Chen Ping was stunned: “Didn’t you, the Valley Master, grow up in this valley?”

Chapter: 1143

Xu Changsheng shook his head: “Our Valley Master came to Yaoshen Valley thirty years ago. At that time, our old Valley Master happened to disappear and the group was leaderless. After the Valley Master arrived, he relied on his alchemy skills and Taoism to make everyone I am impressed, especially when the Valley Master has refined the Life-Increasing Pill. Every time you take one of the Life-increasing Pills, you can extend your life by three to five years. However, the raw materials of this Life-increasing Pill are too scarce, and the Valley Owner will occasionally give it to us. Eat one, so we recommend him to be the grain owner...”

Hearing Xu Changsheng’s explanation, Chen Ping suddenly realized that this valley master had become a monk halfway. No wonder Chen Ping just felt a different aura from the others in the Medicine God Valley master.

But at this moment, Chen Ping still couldn’t figure out the strong smell of blood on the body of the Medicine God Valley Master. Could it be that the Medicine God Valley Master went to kill someone?

And with such a strong bloody smell, it was impossible to kill a person. Chen Ping couldn’t figure out why the owner of the Medicine God Valley wanted to kill people.

Chen Ping couldn’t figure it out, so he simply stopped thinking about it. However, after he took out the Shennong Cauldron just now, the reaction of the owner of the Medicine God Valley was that he obviously knew that what he was holding was the Shennong Cauldron. There was also the burning heat in his eyes. desire.

Chen Ping always felt that something was wrong with the owner of the Medicine God Valley, and the meal at noon was probably the Hongmen Banquet.

As the saying goes, wealth should not be revealed. If you show off the Shennong Ding, it is difficult for people who know the value of the Shennong Ding not to show their desires.

However, Xiaolan was still lying in the Medicine Temple. Chen Ping couldn't just leave, so he planned to check the situation.

At noon...

In a huge restaurant in the Medicine God Valley, several elders and the owner of the Medicine God Valley were present, except for Chen Ping.

In front of everyone, there is a small porcelain plate with a bright red elixir placed on it.

"Brother Chen, this is the longevity pill I'm telling you about. Our Valley Master is really nice to you. He actually treats you to the longevity pill. It's hard for us to eat it normally..."

Xu Changsheng sat next to Chen Ping and whispered to Chen Ping.

The other elders looked at the longevity pill in front of them, their eyes lit up, and they all wanted to swallow it in one gulp.

After all, everyone has the desire for life. Who doesn't want to live longer?

Even if they have reached the realm of Wuzong now, even if they can refine worries, heal the sick and save people, no one can stop the pace of time. They will still grow old and die of old age...

Nowadays, a life-increasing pill can increase your life span by three to five years. If this were taken to the outside world, even the top wealthy people would lose all their money and buy it.

"Okay, let's eat..."

The Master of the Medicine God Valley spoke, and several elders couldn't wait to eat the longevity pill. Xu Changsheng also threw it into his mouth and swallowed it.

Chen Ping picked up the longevity pill in front of him, but did not eat it. A ray of spiritual power was injected into the longevity pill, and then a thick bloody smell came out instantly.

Chen Ping's expression changed and he frowned, because the materials for refining the longevity pill instantly appeared in Chen Ping's mind.

This longevity elixir is not made from precious herbs, but from human hearts, the beating hearts of living people, and these people must be babies under six months old.

Use a baby's heart to refine elixirs to extend your life?

Chen Ping gritted his teeth. This method of alchemy was no different from those of evil cultivators. Maybe the master of the Medicine God Valley was an evil cultivator.

Chapter: 1144

Chen Ping slowly looked at the Master of the Medicine God Valley. This guy really had a good plan.

Yao Shen Valley has a good reputation for saving lives and healing the wounded, but no one would have thought that the owner of Yao Shen Valley with such a good reputation is an evil cultivator who uses the heart of a baby to refine elixirs. He stayed there for thirty years, during which time he killed countless babies!

Unconsciously, Chen Ping showed murderous intent, and the atmosphere in the entire restaurant suddenly condensed.

"Brother Chen, what's wrong with you? This longevity pill is a good thing..."

Xu Changsheng asked in a low voice when he saw the murderous aura rising on Chen Ping's body and looking at the Master of the Medicine God Valley.

“Good stuff?” Chen Ping snorted coldly, and then casually squeezed the longevity pill and exploded it. In an instant, the room was filled with a thick smell of blood.

“Boy, you are so unreasonable. If you don’t want to take this longevity pill, you can give it to us and just waste it like this. What a pity...”

The third elder became angry and stood up to accuse Chen Ping.

“Brother Chen, what are you doing?” Xu Changsheng frowned.

“What to do? I don’t dare to swallow this kind of elixir made from a baby’s heart. Even if it can extend my life for a hundred years, so what? I’m afraid of being punished by God...”

Chen Ping said with a gloomy expression.

Hearing Chen Ping’s words, everyone was stunned, while the Medicine God Valley Master’s eyes narrowed slightly, and the aura began to rise from his body.

“What nonsense are you talking about? This is not the first time we have taken this longevity elixir. How could it be made from a baby’s heart? How could our Valley Master use evil cultivators to refine the elixir...”

The second elder slapped the table and stood up, shouting at Chen Ping.

Other elders also stood up and accused Chen Ping.

At this time, Xu Changsheng’s expression also changed slightly: “Brother Chen, our Valley Master has been in Yaoshen Valley for thirty years and has saved countless people through his hands. You can’t slander our Valley Master...”

“Am I slandering him?” Chen Ping smiled coldly, then squeezed the magic weapon with both hands, and a golden light suddenly appeared, shining towards the Valley Master of the Medicine God Valley: “Today I will let you take a good look at your Valley Master. Is it an evil cultivator...”

“Bold, dare to take action against our valley leader...”

When several elders saw this, they suddenly took action against Chen Ping.

Several elders are all martial sects and are very powerful. It is impossible for Chen Ping to withstand the attack of several elders alone.

“Cure millions of people and you can be treated like a fairy. Don’t bully those who are good at treating diseases.

The happiness is as great as the city of Chang’an, which makes people live as long as the Queen Mother of the West. ”

Just when several elders were attacking Chen Ping, Chen Ping suddenly read a few words, but these few words instantly made several elders stop and stand on the spot.

Xu Changsheng looked at Chen Ping excitedly: “Brother Chen, tell me, who told you these words?”

Chapter: 1145

“These are the first few sentences in the Supreme Alchemy Record. Aren’t they also the purpose of your Medicine God Valley?”

Chen Ping said slowly.

Hearing the words “Supreme Alchemy Record”, Xu Changsheng became even more excited. He grabbed Chen Ping’s collar with both hands: “How do you know about the Supreme Alchemy Record? That was written by the old valley master with his whole life. Have you seen Lao Gu? Lord? Where is he?”

Chen Ping was about to follow Xu Changsheng to explain, but he felt a strong wind coming, and the master of the Medicine God Valley took action against Chen Ping.

The terrifying energy came in an instant, catching Chen Ping off guard.

But just when the energy reached Chen Ping, Xu Changsheng on the side suddenly waved, and a barrier appeared, blocking the energy.

“Elder Xu, do you want to rebel?”

The master of Medicine God Valley frowned and glared at Xu Changsheng.

“Valley Master, since Brother Chen knows about the Supreme Alchemy Record, he must have met the old Valley Master. We just want to know where the old Valley Master is now...”

Xu Changsheng explained.

“Now I am your Valley Master, and I order you to kill this guy...”

The owner of the Medicine God Valley glared and ordered loudly.

After Xu Changsheng heard this, a look of embarrassment suddenly appeared on his face, while the other elders did not take action.

Seeing that several elders did not take action, the owner of the Medicine God Valley suddenly became furious.

“You bastards, I have raised you for thirty years and given you longevity elixirs. You actually disobeyed my orders because of that old guy from before. I’m going to kill you all...”

The owner of the Medicine God Valley was furious. Suddenly, the clothes on his body moved automatically without any wind, and the whole room began to shake.

“Exit and talk later...”

Seeing that the house was about to collapse, Chen Ping hurriedly retreated.

When Xu Changsheng and other hurried elders saw this, they were frightened and ran out in a hurry.

Rumble.....

Just as Chen Ping and the others ran out, the house collapsed, and the master of the Medicine God Valley was suspended in mid-air.

“Elder Xu, I will give you another chance to kill Chen Ping. This is an order...”

The Master of Medicine God Valley looked down at Xu Changsheng and ordered with cold eyes.

“Elder Xu, if you believe me, just stand aside and watch. Your current Valley Master is an evil cultivator. That longevity elixir is made from a baby’s heart. To be honest, the mantle of the old Valley Master of Medicine God Valley has been It was passed to me. Now no one knows the entire content of the Supreme Alchemy Record except me. When I destroy this evil cultivator, I will naturally explain it to you...”

Chapter: 1146

Chen Ping said to Xu Changsheng with a serious face.

Xu Changsheng was in a dilemma. He didn’t know whether he should believe Chen Ping, but Chen Ping could tell the purpose proposed by the old valley master and the Supreme Alchemy. It didn’t look like lying at all.

The valley owner in front of them has also been together day and night for thirty years, and has never found anything wrong with them. He also gives them longevity elixirs from time to time.

“Boy, you said you know all the contents of the Supreme Alchemy Record. Then tell me what is the most proud of the elixir that our old Valley Master has developed with great concentration?”

At this time, the third elder asked Chen Ping.

“The soul-gathering pill!” Chen Ping blurted out: “This pill can bring the dead back to life and focus the soul. Even if the body is rotten, as long as the soul still exists, you can rely on the pill to gather the body and re-grow a physical body. !”

Chen Ping’s words stunned several elders, because what Chen Ping said was absolutely correct, and he explained it clearly.

You must know that this Soul-Gathering Shaping Pill was developed by the old Valley Master all his life. Apart from the Old Valley Master, only a few of their elders heard the Old Valley Master mention it. However, the refining method was never mentioned by the Old Valley Master. People mentioned it.

At this time, Xu Changsheng and several elders had to believe that Chen Ping must have met the old valley master, otherwise he would not know this.

“Hmph, you bunch of traitors, the rules in the Medicine God Valley are that those who don’t obey the orders of the Valley Master will be killed...”

The master of the Medicine God Valley suddenly became furious when he saw several elders following Chen Ping asking questions but not taking action.

After saying that, he drew a talisman in mid-air with his hands, and then activated the pinch method.

Suddenly, mist began to rise throughout the Medicine God Valley. It was very small at first, but later it became overwhelming and enveloped the entire Medicine God Valley.

You must know that this is noon. At this time, it is impossible for fog to rise in the Medicine God Valley. It is obviously the owner of the Medicine God Valley.

The thick fog soon covered the entire valley, making it impossible to see anything clearly.

Soon, the mist began to rise upwards, and then formed a cloud in mid-air. Under the sunlight, this cloud appeared colorful and very beautiful.

Many people in the valley ran out and looked up at the sudden appearance of colorful clouds in the sky. There were also some children shouting and laughing.

Xu Changsheng and several elders looked at everything in front of them in shock, and their mouths could not close in surprise.

Although they have all reached the realm of Wuzong, they are still very shocked by such a technique that uses the power of heaven and earth to turn their hands into clouds and rain. After all, they know nothing about formations.

The Master of Medicine God Valley is suspended in mid-air, and against the background of colorful clouds, he looks like a descended god.

“Boy, hand over the Shennong Cauldron and the Supreme Alchemy Record. Maybe I can spare your life...”

The master of Medicine God Valley looked at Chen Ping coldly and said.

“Shennong Cauldron?” Xu Changsheng and several elders were startled again, and then they all looked at Chen Ping.

“Brother Chen, is that little copper tripod of yours the Shennong tripod?”

Chapter: 1147

Xu Changsheng asked in disbelief.

Chen Ping nodded: "It's the Shennong Cauldron. It seems that your Valley Master has been thinking about my Shennong Cauldron for a long time!"

Xu Changsheng didn't say anything. The words of the Medicine God Valley Master just now made it obvious that he was trying to show off his face and planned to rob him.

"If you have the ability, then come and get it yourself..."

Chen Ping slowly raised his head, looked at the Master of the Medicine God Valley and said.

"Boy, I have been in Medicine God Valley for thirty years. I have set up this magic circle, which can communicate the power of heaven and earth and condense the evil spirit. Even the elders like them cannot withstand a single blow. Do you still want to resist?"

The master of the Medicine God Valley said sadly.

"Your magic circle is good, but unfortunately it's useless to me..."

Chen Ping shook his head.

"It seems that you won't give up until you reach the Yellow River..." said the Valley Master of the Medicine God Valley, and suddenly activated the magic spell, and then the colorful clouds in the sky began to billow, and then turned into a huge whirlpool, like a tornado, Pressing towards Chen Ping.

When Xu Changsheng and several elders saw this, their expressions changed drastically. Even in their martial arts realm, they could feel the pressure of this tornado.

At this time, Chen Ping also felt as if his body was being pressed down by a big mountain, but there was no fear in Chen Ping's eyes. He stared at the tornado formed by the sinister energy with a hint of heat in his eyes.

Xu Changsheng gave Chen Ping a strange look and didn't understand why Chen Ping had this expression.

They didn't know that in Chen Ping's eyes, this tornado was a rare cultivation resource.

If it was a real tornado, Chen Ping would be helpless, but these are just the evil spirits condensed by the formation. Chen Ping's Heart Condensation Technique can completely absorb these evil spirits.

"Brother Chen, I will help you block this attack, but I hope you didn't lie to me..."

Xu Changsheng said, he waved his hands suddenly, and a breath condensed into a barrier in front of him.

"Elder Xu, please step back quickly..."

Chen Ping saw that Xu Changsheng actually wanted to help him block this tornado. How could Chen Ping agree?

With a quick step forward, Chen Ping rushed in front of Xu Changsheng and pushed Xu Changsheng back.

This moment made Xu Changsheng confused.

Xu Changsheng had seen Chen Ping's strength before. Although he was comparable to those of newly promoted martial sects, there was still a certain gap between him and himself.

Now Chen Ping actually pushed himself back and resisted the blow. Was he committing suicide?

But Xu Changsheng didn't believe that Chen Ping would commit suicide.

Chapter: 1148

The Master of Medicine God Valley in mid-air saw this scene, his eyes were cold and he said: "Boy, you are too crazy..."

Rumble.....

A tornado composed of sinister energy roared towards Chen Ping. A deep ravine was blown out of the ground, and rocks flew everywhere!

The people in Yaoshen Valley looked at this scene, and their expressions changed greatly. After all, Yaoshen Valley had never experienced such bad weather in so many years.

Soon, the surrounding houses began to collapse, and some people were even blown into the air. Those people in the Medicine God Valley tried their best to run away, screaming, but the owner of the Medicine God Valley had no intention of stopping, and watched helplessly in the Medicine God Valley. Those ordinary people were torn apart by tornadoes and remained indifferent.

Seeing this, Xu Changsheng and several other elders tried their best to build a barrier to resist the power of the evil tornado, preventing it from causing more damage to the Medicine God Valley...

Chen Ping slowly raised his head and looked at the evil tornado in front of him. He was like a tiny ant, but Chen Ping was not afraid at all. His whole body slowly emitted golden light, and then the golden light surged, and Chen Ping's whole body seemed to become instantly... Tall, he walked straight into the evil tornado.

Seeing Chen Ping's suicidal action, Xu Changsheng was stunned. He couldn't understand, was Chen Ping seeking death?

In the face of such an evil tornado, Xu Changsheng did not dare to resist forcefully, but Chen Ping actually took the initiative to meet it.

The master of Medicine God Valley sneered: "Hahaha, boy, there is a road to heaven but you don't take it, and now you are willing to die..."

The Master of the Medicine God Valley laughed wildly, no one could survive this evil tornado, not even the martial arts masters.

Rubbles were flying all over the sky, and there were deep ravines on the ground. Chen Ping was standing in the center of the evil tornado.

People outside couldn't see clearly what Chen Ping looked like, but they knew that Chen Ping should have been torn to pieces by this evil tornado at this moment.

The Heart Condensing Art was running rapidly, Chen Ping slowly opened his mouth, and the thick evil aura was sucked into Chen Ping's belly.

The evil spirit tornado became smaller and smaller, and its power became smaller and smaller, and finally it slowly came to an end.

When the smoke fell, Chen Ping's dusty body was slowly revealed.

The evil energy gathered by the master of the Medicine God Valley using the formation has greatly increased Chen Ping's strength at this moment.

Chen Ping's Dantian is full of spiritual energy, and his whole person is full of power...

"How can it be?"

Xu Changsheng and several other elders were immediately stunned.

The elders tried their best to resist the power of the evil tornado, but Chen Ping could still survive after entering the tornado?

How is this possible? Chen Ping's strength is far inferior to any of them. How did Chen Ping do it?

This was simply beyond their knowledge and subverted their imagination!

The master of the Medicine God Valley's expression also changed wildly.

Chapter: 1149

This terrifying evil spirit tornado was so powerful that even Xu Changsheng and the martial arts masters did not dare to resist. However, Chen Ping, a guy with only the strength of a grand master, actually ran into the evil spirit tornado, but he didn't do anything at all. Hurt?

How is this possible? The owner of the Medicine God Valley couldn't figure out why even if he thought about it!

"You...how on earth did you do that?"

The master of Medicine God Valley couldn't help but asked in horror.

"Evil cultivators are evil cultivators after all. The techniques that you think can quickly improve your strength are actually your biggest drawback. Just think of this magic circle, which seems to be huge and powerful, but it is just a trick to bluff people. Not worth mentioning in my eyes..."

Chen Ping snorted coldly.

"Not worth mentioning?" The Master of the Medicine God Valley condensed his eyes, and suddenly two flames shot out from his eyes. Balls of black energy emitted from the body of the Master of the Medicine God Valley. After encountering the flames, these black energy Like gasoline, it burned quickly.

The entire body of the Medicine God Valley Master was almost surrounded by flames, and he looked like a man on fire.

"Fire Infant Technique....."

The master of the Medicine God Valley roared loudly, and then fireballs suddenly shot out from the flames around him.

Looking carefully, these fireballs turned out to be the heads of babies, and they even made the sound of babies crying.

In an instant, dozens of fireballs attacked Chen Ping, and the sound of crying was very breathtaking.

“You should believe it now, right? If you weren’t an evil cultivator, how could you have such a magic? The longevity pills you eat are all refined from the hearts of living babies. The evil obstacles you have committed will probably last a lifetime. Come back...”

Chen Ping looked back at Xu Changsheng and the other elders, and said calmly.

The faces of Xu Changsheng and several elders became very ugly. They had never thought that the so-called longevity pill they were eating was actually made from the heart of a baby. Thinking of this, some people started to vomit.

If they knew this, they would rather not live longer than take this crazy pill.

“Brothers, I didn’t expect that in the past thirty years, we have been practicing medicine and treating diseases, and we call ourselves upright people, but we don’t want to commit such a crime. I am afraid that the century-old reputation of our Medicine God Valley will be ruined. Today we are fighting to the death, and we can’t do it.” I want to kill this person who ruined the reputation of our Medicine God Valley...”

Xu Changsheng said to several elders.

After saying that, Xu Changsheng’s body aura surged, and then he jumped up and punched out a burst of energy, which directly exploded a fireball.

Upon seeing this, several other elders also jumped up and kept shaking their fists at the fireballs.

Chen Ping also took out his Dragon-Slaying Sword. The flames on the Dragon-Slaying Sword were burning brightly, much more powerful than those fireballs.

Several rays of sword energy were swung out, and several fireballs were exploded in an instant.

Facing the attack by Chen Ping and several elders, the Master of the Medicine God Valley frowned slightly.

Without the protective formation, the Master of the Medicine God Valley could not be the opponent of Chen Ping and these elders. At this moment, seeing several people joining forces to attack, the Master of the Medicine God Valley gritted his teeth, and the flames all over his body instantly turned into countless fire rains, lashing out at several people. Shoot away.

Chapter: 1150

At the same time, the owner of the Medicine God Valley quickly retreated, intending to escape from the Medicine God Valley.

“Want to escape? It’s not that easy...”

Chen Ping jumped up and swung the Dragon-Slaying Sword forward suddenly. The flames on the Dragon-Slaying Sword were sprayed out dozens of meters away like a flamethrower.

The Valley Master of the Medicine God Valley felt the strong wind coming from behind and hurriedly rolled forward. Although he dodged the blow, a big hole was still burned out of his clothes, making him look very embarrassed.

At this moment, Xu Changsheng and the hurried elders had already caught up and surrounded the master of the Medicine God Valley.

Chen Ping stepped forward and pointed the dragon-slaying sword at the owner of the Medicine God Valley, his eyes full of murderous intent.

“Elder Xu, we have worked together for thirty years, and I have refined a lot of elixirs for you. Are you going to treat me like this?”

The owner of Medicine God Valley looked at Xu Changsheng and asked unwillingly.

“Shut up!” Xu Changsheng’s face was filled with anger: “You evil cultivator, taking advantage of the reputation of my Medicine God Valley, you actually did something harmful to nature outside, and even used the heart of a baby to make elixirs. You can do such a thing, let you Being the master of the Medicine God Valley is the biggest mistake I have ever made in my life. Today I will use your blood to pay homage to those undead souls...”

Several other elders also glared at the Master of the Medicine God Valley. They never expected that the Valley Master that a few people admired turned out to be an evil cultivator and even used the hearts of babies to make elixirs. After so many years, I don’t know how many babies have been indirectly affected. Died in their hands.

Upon seeing this, the Master of Medicine God Valley gritted his teeth, and suddenly a black mist appeared between his hands, and soon the black mist condensed into a ball.

“Since you want me to die, then we will die together...”

The master of the Medicine God Valley roared, and the ball in his hand got bigger and bigger, with a ball of green light emanating from the ball.

“What is this?” Xu Changsheng looked at the scene in front of him and asked with some fear.

Seeing this, Chen Ping suddenly stretched out his hand to grab the ball condensed with black mist in the hands of the Master of Medicine God Valley.

When Chen Ping’s hand touched the ball, he instantly felt a huge power emanating from the ball. The Master of the Medicine God Valley compressed the evil spirit emitted, and then after reaching a certain critical point, something happened. Earth-shaking changes.

By then, let alone a few of them, I’m afraid the entire Medicine God Valley will suffer.

As the Heart Condensation Technique was running, Chen Ping’s palm instantly turned into a vacuum cleaner, and he began to suck the evil energy that was constantly condensing in the ball into his body.

The owner of the Medicine God Valley was startled, with a look of disbelief in his eyes.

“You...how do you know how to absorb stars?” The voice of the Master of the Medicine God Valley was trembling.

Chen Ping did not speak, but quickly absorbed the evil spirit from the master of the Medicine God Valley. The ball where the evil spirit condensed was also shrinking at a speed visible to the naked eye.

Several elders were shocked when they saw this scene. Although Xu Changsheng had suspected that Chen Ping could absorb stars, this time they actually saw it with their own eyes.

The Star Absorbing Technique is the most evil technique. Now that Chen Ping actually knows the Star Absorbing Technique, doesn't that prove that Chen Ping is also an evil cultivator?

Just when several elders were shocked, the master of the Medicine God Valley felt the power in his body draining rapidly. He was so frightened that he hurriedly retreated, trying to get away from Chen Ping.
