

The Order 1151

Chapter: 1151

“Control him quickly...”

Chen Ping shouted anxiously.

Xu Changsheng and several elders were stunned and did not take action immediately. They now also began to doubt Chen Ping’s identity.

“Do it quickly, we can’t let him escape...” Chen Ping shouted again in a loud voice.

Xu Changsheng gritted his teeth and put his hand on the Yao Shen Valley Master’s shoulder, controlling the Yao Shen Valley Master who wanted to escape.

When several other elders saw Xu Changsheng taking action, they also took action to control the master of the Medicine God Valley.

The Master of the Medicine God Valley struggled and roared loudly: “You traitors, I am the Valley Master, I am the Master of the Medicine God Valley...”

Gradually, the Master of the Medicine God Valley became extremely ferocious, his body was shrinking, and his strength to struggle was getting lower and lower.

Ten minutes later, the body of the Medicine God Valley Master had nearly doubled in size, leaving only a skeleton, his eyes wide open, and lifeless.

Only then did Chen Ping let go, and several elders also let go of their hands at the same time.

With a pop, the body of the Medicine God Valley Master fell down, and then a green pill rolled out from the body of the Medicine God Valley Master.

The pills exude a refreshing fragrance and are green and beautiful.

“What is this?” Chen Ping picked up the elixir.

“Huitian Pill, this is the Huitian Pill...” Xu Changsheng saw the pill and said, “Brother Chen, your friend will definitely be fine after taking this Huitian Pill.”

Chen Ping watched carefully. From the Huitian Pill, waves of life continued to emanate, which surprised Chen Ping.

“This time the Heavenly Pill is so magical, it actually has the breath of life emanating from it, like a new life being conceived...”

Chen Ping injected a ray of spiritual consciousness into the Heavenly Pill. He wanted to know what the Heavenly Pill was made of.

It's a pity that when Chen Ping's consciousness entered the Huitian Pill, he could only feel the lush green grass, just like the prairie in the early morning. The breath of life was very strong, and he couldn't find out what the Huitian Pill was made from. .

He closed his eyes slightly, and the Supreme Alchemy Record flashed in Chen Ping's mind. Unfortunately, there was no record of this Tiandan in the Supreme Alchemy Record.

Chen Ping was right when he thought about it. This supreme elixir record was written by the old master of the Medicine God Valley with his whole life. How could there be all the elixirs? If that were the case, wouldn't the old master of the Alchemy Valley become the King of Alchemy!

Chen Ping took the Huitian Pill and planned to give it to Xiaolan, but as soon as he took a step, he was stopped by other hurried elders.

“Who are you? Why do you know how to absorb stars? Are you also an evil cultivator who harms others?”

The second elder asked Chen Ping with a wary look.

At this time, Xu Changsheng also curiously asked: "Brother Chen, how do you know how to absorb stars? You don't look like an evil cultivator?"

Chapter: 1152

Looking at the vigilant eyes of several elders, Chen Ping smiled helplessly and said: "This is not a magic technique that attracts stars. It's just that I have practiced the technique and can also absorb the energy from others. It's not just the energy, but also the evil energy. , Yin energy, even poisonous energy, can be absorbed and refined by my technique, so just now you saw me breaking into the evil tornado, and you were still safe..."

After hearing Chen Ping's explanation, Xu Changsheng and several elders were stunned. They had never thought that such a technique existed in the world. It was simply incredible.

"Brother Chen, you didn't lie to us, did you? How could there be such a technique in the world? What is the name of your technique?"

Xu Changsheng asked in surprise.

"Heart Condensation Jue..." Chen Ping didn't hide anything.

"Heart Condensation Technique?" Xu Changsheng and several other elders frowned slightly. They seemed to have never heard of such a technique before.

After thinking for a moment, Xu Changsheng said: "Brother Chen, I believe you. If you were an evil cultivator, you wouldn't have destroyed the longevity pill just now..."

When the longevity pill was mentioned, the expressions of several elders changed, and they lowered their heads in shame.

They actually ate all the elixirs made from the hearts of babies. This kind of evil will always bother them, so it will be even more difficult for them to practice in the future.

Chen Ping glanced at several elders and said slowly: “You can only survive through your own efforts to atone for your sins. I hope you can save more people in the future and alleviate your own sins...”

After Chen Ping finished speaking, he walked towards the Medicine Temple, preparing to give Xiaolan the Heaven-Returning Pill to take.

After hearing Chen Ping’s words, Xu Changsheng nodded slightly: “Yes, since we have already committed sins, we must work hard to atone for our sins. After today, I plan to leave the valley. I will never come back unless I save thousands of people...”

After hearing this, several other elders also expressed that they also wanted to go out of the valley to save those ordinary people who were suffering...

The elders of the Medicine God Valley like them usually enjoy themselves and only develop elixirs in the valley. They rarely go out to save people. Even if someone from the outside world asks for help from the Medicine God Valley, it is only other pharmacists from the Medicine God Valley who go there. Elders like them are easy to I won’t take action.

Now everyone has evil obstacles on their body, so they plan to come out of the valley and use practical actions to forgive their sins.

Xu Changsheng and several elders caught up with Chen Ping, and then Xu Changsheng asked Chen Ping: “Brother Chen, I wonder if you can tell me how you met our old valley master? What about the Supreme Alchemy Record Old Valley?” How did the Lord teach it to you?”

Chen Ping told Xu Changsheng and the elders exactly what happened without any reservation. When they heard that the old valley master had passed away and was in the valley, the expressions of the elders instantly became sad. .

Xu Changsheng hurriedly sent someone to find Yu Dong to ask what happened and see if what Chen Ping said was true.

When Yu Dong saw Xu Changsheng asking about things deep in the valley, he was so frightened that he broke into cold sweat. He took Chen Ping to the depths of the valley casually and told the strange things about Medicine God Valley. This was a traitorous act and he would be beheaded. .

Seeing Yu Dong's nervous look, Xu Changsheng explained. Only then did Yu Dong dare to open his mouth and tell what happened. He followed Chen Ping's words exactly. Only then did Xu Changsheng and the other elders become convinced. The Valley Master passed the position of the Valley Master of the Medicine God Valley to Chen Ping, asking Chen Ping to carry forward the Medicine God Valley.

Suddenly, Xu Changsheng and several elders knelt down towards Chen Ping, and they all said in unison: "Welcome Valley Master Chen..."

Chen Ping was startled, and several people helped Xu Changsheng and the elders up. He didn't want to be a valley master, and he didn't have time to stay in the Medicine God Valley.

Yu Dong on the side was dumbfounded and didn't understand what happened. How could Chen Ping become the master of the Medicine God Valley in just a few days?

"Chen..." Xu Changsheng opened his mouth and was about to call Brother Chen when he suddenly realized something was wrong, so he hurriedly changed his words and said: "Valley Master, since the old Valley Master has passed on the Supreme Alchemy Record to you, let you carry forward the Medicine God Valley. , that is to say, the position of Valley Master is also passed on to you. From now on, you will be the Valley Master of our Medicine God Valley. Regardless of your strength and courage, you are capable of taking up the position of Valley Master..."

Chapter: 1153

"Elder Xu, I can't be the master of this valley. I still have my own affairs to deal with. There is no way I can stay in the Medicine God Valley..."

Chen Ping resisted with a look of helplessness.

"Valley Master, since it is the last wish of the old Valley Master, we must comply with it. If you become the Valley Master, you do not have to stay in the Medicine God Valley. There are no regulations in the Medicine God Valley. The Valley Master must stay in the valley..."

Xu Changsheng knew that Chen Ping had other things and it was unrealistic for him to stay in Yaoshen Valley, so he spoke.

As long as Chen Ping becomes the Valley Master, it doesn't matter whether he stays in the Medicine God Valley or not.

Because now, only Chen Ping knows the content of the Supreme Alchemy Record, and this Supreme Alchemy Record is the biggest reliance of the Medicine God Valley.

Seeing the sincerity on the faces of Xu Changsheng and several other elders, Chen Ping could only sigh and said: "Okay, I will be the owner of this valley, but everything in the valley needs to be taken care of by Elder Xu and other elders. I'm not here." When the time comes, Elder Xu, as the Great Elder, can decide everything..."

"As ordered..." Xu Changsheng and several other elders knelt down to accept the order.

Yu Dong on the side was dumbfounded, but when he saw the elders kneeling, he also knelt down.

After Chen Ping helped several elders up, he returned to the Medicine Temple and fed Xiaolan the Heaven-Returning Pill.

Just after taking the Rejuvenation Pill, Xiaolan's face began to turn rosy, and there was a breath of life in her whole body, and this breath became stronger and stronger.

But after waiting for a while, Chen Ping found that Xiaolan hadn't woken up yet, and couldn't help but become anxious.

"Valley Master, although this Heavenly Pill is a divine pill, it will still take seven to forty-nine hours to revive your friend, and he will also need to rest for a period of time..."

Xu Changsheng followed Chen Ping and explained.

When Chen Ping heard this, he knew that he had to leave Xiaolan to rest in Yaoshen Valley. He had no time to wait. It was July 15th in a few days. Chen Ping was about to leave for Wuming Island now. As for the meeting at Wuming Island, Chen Ping didn't know what he encountered. Whether it was a blessing or a curse, Chen Ping no longer cared. All he cared about was his own life experience.

He wants to know who he is, whether his parents are still alive, and what exactly is the Long family?

“Elder Xu, I have important things to do and I have to leave Medicine God Valley. I will leave my friend in your care. Now I will copy down the contents of the Supreme Alchemy Record. In addition, I will leave the Shennong Cauldron for you to refine more. Some elixirs can benefit the people of the area and alleviate their own evil obstacles...”

Chen Ping said to Xu Changsheng.

Xu Changsheng and several elders were shocked when they heard that Chen Ping wanted to copy the Supreme Alchemy Record and leave the Shennong Cauldron behind.

Which of these two things is not priceless?

Even when the old Valley Master was here, the Supreme Alchemy Record was only shown to a few of them, but not all of them were taken out. But now, Chen Ping actually let them learn all of the Supreme Alchemy Record, and even gave them the ancient artifact. The Shennong Cauldron left behind, with such magnanimity and courage, I am afraid that few people can achieve it.

At this moment, Xu Changsheng and several elders expressed their admiration for Chen Ping. Although Chen Ping was not old, his strength was indeed unmatched by anyone.

The reason why Chen Ping left these things behind was because he didn't know whether his trip to the Nameless Island was a blessing or a curse. If something happened to him, wouldn't the things that originally belonged to the Medicine God Valley be lost?

Chen Ping ordered people to find paper and pen, and copied down the Supreme Alchemy Record based on the records in his mind. He also took out the Shennong Cauldron and replaced the bronze cauldron that was as tall as a person in the middle of the Medicine Temple...

Chapter: 1154

Looking at the Supreme Alchemy Record and the Shennong Cauldron, Xu Changsheng and several elders were as excited as children. These things were simply too important to them.

They put their whole life's energy into refining alchemy. With these two things, they believe that they can refine more advanced elixirs.

After doing all this, just when Chen Ping was about to leave, suddenly a guard from the Medicine God Valley hurried outside the Medicine God Temple and reported loudly: "Report to Elder Xu, many people suddenly appeared at the entrance of our Medicine God Valley, and they were shouting. Come on, let us hand the person over..."

"Hand the person over?" Xu Changsheng frowned, not sure who to hand over.

Chen Ping reacted at this time and said: "It should be Xiahou Dun from Tianwu Sect who came to rescue the troops and came to me for revenge again."

The person who knew that Chen Ping came with Yaoshen Valley was Xia Houdun, the sect leader of Tianwu Sect. At this moment, he was the only one who wanted Yaoshen Valley to make friends with him.

"Hmph, this guy who doesn't care about life or death, wait until I go out and kill him. If he dares to cause trouble in my Medicine God Valley..."

Xu Changsheng's face turned cold. He let Xiahou Dun go, but he didn't expect that this guy would dare to come to his door.

Xu Changsheng's ability to kill Xiahou Dun was only a matter of easy capture.

The other elders didn't know the inside story, but since the other party had found trouble in front of their house, as elders, they all became angry.

“Let’s go out and take a look first. Don’t rush into action unless you have to. You just used up too much energy and you haven’t recovered yet...”

Chen Ping persuaded Xu Changsheng.

In order to resist the evil spirit tornado, Xu Changsheng and the other elders had expended a lot of energy. They have not recovered yet. If they really fight, they will definitely suffer.

“Everything follows the instructions of the Valley Master...”

Now that Chen Ping is the owner of the valley, Xu Changsheng will of course listen to Chen Ping.

Chen Ping led several elders out of the Medicine God Valley. At the entrance of the valley, dozens of warriors from the Medicine God Valley were already showing their weapons and looking at the people in front of them with eager eyes.

On the opposite side, hundreds of people from Tianwu Sect and Tianluo Pavilion, led by Xiahou Dun and Ni Sidao, surrounded the entire valley entrance with endless murderous intent.

After seeing Chen Ping come out with the elders of Medicine God Valley, both Xiahou Dun and Ni Sidao stared at Chen Ping, wishing to cut him into pieces.

After all, they must avenge the murder of their son and disciple.

“Xiahou Dun, I let you go that day, but you dared to bring people to my Medicine God Valley to run wild. Do you think that my Medicine God Valley is easy to bully?”

Xu Changsheng took a step forward and angrily yelled at Xiahou Dun.

“Great Elder, why bother talking nonsense with them? Anyone who dares to come to Yao Shen Valley to cause trouble will be killed...”

The third elder in black robes has a fiery temper, and a strong murderous aura emanates from his body.

Several elders were all in the realm of the Martial Sect. Although Xiahou Dun himself was also a Martial Sect, compared with the elders of the Medicine God Valley, his strength was still much inferior. When he saw the three elders getting angry, Xiahou Dun was frightened.

Chapter: 1155

However, after looking at Ni Sidao beside him, Xiahou Dun's expression stabilized, and then he looked at Xu Changsheng and said: "Elder Xu, I have to avenge Chen Ping for killing my son, and I am not causing trouble for you Medicine God Valley. , as long as you hand over Chen Ping, we will leave immediately, and I can send thousands of medicinal materials to the Valley of Medicine as apology..."

Unless it was absolutely necessary, Xiahou Dun did not want to become enemies with Yaoshen Valley.

"You should give up on this idea. Our Medicine God Valley will not hand over people to you. I will give you two choices now, either take people away or die here..."

Xu Changsheng had a cold look on his face, and it seemed that there was no room for negotiation.

Xiahou Dun was choked to the point of speechlessness.

"You Yaoshen Valley are really arrogant. Are you not looking down on our other sects?"

Ni Sidao's eyes narrowed slightly when he saw Xu Changsheng's arrogant look.

Xu Changsheng looked at Ni Sidao and frowned slightly: "Who are you? Are you the helper recruited by Xiahou Dun?"

"This is Ni Sidao, the master of Tianluo Pavilion. The Ning Yu that Chen Ping killed was the most proud disciple of Pavilion Master Ni. Pavilion Master Ni also came to take revenge on Chen Ping today..."

Xiahou Dun pointed at Ni Sidao and introduced.

Hearing the words Tianluo Pavilion, it was obvious that the expressions of Xu Changsheng and several other elders changed slightly.

Ni Sidao is famous for his Taoism, and uses various magic techniques that are unpredictable. Ni Sidao can use various magic weapons, magic circles and even spells to fight with the power of heaven and earth. However, warriors are different. They only rely on their own strength, even if it's Wuzong, he just concentrates his energy and uses his energy to fight.

Therefore, there is an essential difference between masters of law practice and warriors. Many warriors are unwilling to provoke warlocks and Taoists.

Xu Changsheng and the other elders, although they are all in the martial arts realm, know nothing about magic. I am afraid that if Ni Sidao casts the simplest psychedelic formation, it will be difficult for them to break out, so after hearing this from Tianluo Pavilion Ni Sidao After their names, the expressions of Xu Changsheng and several other elders changed.

"Pavilion Master Ni, we, the Medicine God Valley, are deeply sorry for Chen Ping's killing of your apprentice. Just ask for any compensation you need. We can also give Pavilion Master Ni ten Yuan Yuan Pills as compensation. Now Chen Ping is the Master of our Medicine God Valley. , if you insist on killing him, we in Medicine God Valley can only mobilize all our troops to protect our Valley Master to the death..."

Xu Changsheng looked at Ni Sidao and said very politely.

But Xu Changsheng's words made Xiahou Dun and Ni Sidao both stunned.

Xiahou Dun, in particular, trembled in his heart. The conditions offered by Xu Changsheng were too generous, and he actually took out ten Yuan Hui Dan. If Ni Sidao nodded, only his Tianwu Sect would be left, and there would be no chance of revenge against Chen Ping.

"Elder Xu, please stop lying here. How can this Chen Ping be the master of your Medicine God Valley? Don't think that saying this will make us stop and kill people to pay for their lives. This is an eternal truth. He killed me. Son, if you kill Pavilion Master Ni's most proud disciple, of course you have to pay with your life..."

After Xiahou Dun finished speaking, he looked at Ni Sidao and said: "Pavilion Master Ni, don't believe what they say. This Chen Ping is just a young boy. How can he be the master of the Medicine God Valley? It's just nonsense. I think they are just trying to separate our two families. , and then defeat them one by one..."

Ni Sidao did not speak, but looked at Xu Changsheng, and then slowly said: "I don't care who this Chen Ping is, he must die. If you don't want the Yaoshen Valley to become a river of blood and both sides suffer, then hand him over." , I will never embarrass you Medicine God Valley..."

Ni Sidao didn't believe Xu Changsheng's words either. How could Chen Ping become the master of the Medicine God Valley?

The strength of these elders in front of me is much higher than that of Chen Ping. Will they listen to Chen Ping's orders?

It's simply impossible!

Chapter: 1156

"Pavilion Master Ni, if you don't believe it, then we can only fight to the death..."

Xu Changsheng said, looking at the second elder beside him.

The elder took out something from his sleeve, and then suddenly threw it into the sky, and a bright firework exploded.

Immediately afterwards, chaotic footsteps were heard in the Medicine God Valley. Many people rushed out of the valley, and some people in the valley retreated towards the depths of the Medicine God Valley.

Ni Sidao's face was ugly. He didn't expect that Yao Shen Gu would really plan to fight to the death for Chen Ping.

For a moment, the atmosphere became very depressing, and both sides had their hands on their weapons, ready to take action at any time.

The war is about to break out. This battle will definitely flow into rivers of blood, and even the ordinary people in the Medicine God Valley will be implicated.

Chen Ping slowly took a step forward: "Aren't you just looking for revenge from me? Now I'll give you a chance to fight with me alone. If you win, you can kill or behead me. It's up to you..."

Chen Ping didn't want to let the people of Yaoshen Valley lose their lives because of him. Even if there was a fight, their side was stronger, but casualties were inevitable.

"Valley Master....."

When Xu Changsheng saw that Chen Ping was going to fight alone with him, he suddenly looked nervous.

You must know that Chen Ping was not even a match for Xiahou Dun two days ago, so how could he follow them to fight alone.

"Valley Master....."

Other hurried elders also planned to persuade Chen Ping not to step forward.

Chen Ping waved his hand and asked several elders to shut their mouths.

Xiahou Dun and Ni Sidao frowned deeply when they saw this. It looked like Chen Ping really looked like the master of the Medicine God Valley.

If Chen Ping's current identity is really the master of the Medicine God Valley, the two of them have to make careful decisions if they want to kill Chen Ping.

However, Chen Ping took the initiative to stand up and follow them to fight alone. This was just an opportunity.

“Pavilion Master Ni, I leave it to you to kill Chen Ping. Although I can easily kill him, Pavilion Master Ni is here, so I won’t show my shame...”

Xiahou Dun complimented Ni Sidao.

“Yeah!” Ni Sidao nodded, with full confidence on his face. Chen Ping couldn’t even deal with Xiahou Dun, let alone his opponent.

Ni Sidao took a step forward: “Boy, I admire your courage. When I take action, I will let you die more happily...”

Seeing Ni Sidao fighting, Xu Changsheng looked at Chen Ping nervously: “Valley Master, this Ni Sidao is a Taoist master. Even I dare not confront him head-on. You must be careful...”

“Don’t worry, I have my own sense of discretion...”

Chapter: 1157

Chen Ping smiled slightly.

Ni Sidao is known as the master of Taoism, but Chen Ping is not afraid at all. Chen Ping practices immortal magic. There is no way that someone like Ni Sidao can match him. Moreover, Chen Ping has the Ningxin Jue to protect his body. No matter whether the opponent uses formations or spells, he will not be able to defeat him. It was to gather the power of heaven and earth, and Chen Ping also took the opportunity to absorb energy and improve his strength.

Chen Ping looked at Ni Si and said, “There are too many people here. To avoid hurting innocent people, how about we change places?”

Often these spells are earth-shattering, very powerful, and can spread far and wide.

“Okay, let’s fight on the top of the mountain...”

After Ni Sidao finished speaking, he floated towards the top of the mountain like a wild goose.

Chen Ping took a step forward, his figure disappeared in a flash, and he headed towards the top of the mountain.

Xu Changsheng and the hurried elders hurriedly followed, and Xiahou Dun also led several experts to the top of the mountain!

Soon, at the top of the mountain, Chen Ping and Ni Sidao stood opposite each other.

Ni Sidao's mottled face had a bit of coldness, and two rays of light shot out from his deep pupils.

A ray of consciousness shrouded Chen Ping. Ni Sidao was exploring Chen Ping's strength. Chen Ping dared to challenge him and stand up to fight alone. Ni Sidao wondered if Chen Ping was hiding his strength.

Otherwise, with the strength of Chen Ping, a great master, fighting alone with him would be like hitting an egg with a stone.

Ni Sidao's consciousness enveloped Chen Ping, but Chen Ping did not resist at all and allowed Ni Sidao to explore his own strength.

After some exploration, Ni Sidao frowned slightly. Chen Ping's strength was indeed the strength of the Grand Master, but there was still a mysterious aura on Chen Ping. Ni Sidao couldn't find out what it was. Maybe it was on Chen Ping. Is there any magic weapon? Maybe Chen Ping relies on this.

"You are only a great master, but you dare to challenge me to fight alone. Are you impatient, or do you feel you have something to rely on?"

Ni Sidao smiled coldly.

The purpose of this sentence is to click on Chen Ping and tell Chen Ping that he already knows his secret.

Chen Ping said with an arrogant look: "I don't need anything to rely on to defeat you. Just use whatever skills you have..."

"What an arrogant tone. I will definitely kill you with only one hand today..."

After Ni Sidao finished speaking, his sleeves and robes bulged up like a long dragon, and then countless spots of light converged towards Ni Sidao, and his whole person emitted a dazzling light.

Seeing this, Chen Ping hurriedly activated his spiritual power, pinched his fingers quickly, and then a storm gradually gathered in front of Chen Ping. The storm got bigger and bigger, and the stones on the ground were blown up one after another.

Looking at the storm gathering in front of Chen Ping, Ni Sidao raised the corners of his mouth: "It's a small trick..."

After saying that, two talismans instantly shot out from Ni Sidao's sleeve robe, and then the light gathered on his body shone on the two talismans, instantly turning into two giant dragons with golden light, and rushed towards Chen Ping.

Seeing this scene, Xu Changsheng and several elders were immediately shocked: "The power of this spell is really powerful..."

Chapter: 1158

Rumble.....

The two golden dragons, waving by Ni Sidao's hands, also rolled up and down, heading straight for Chen Ping.

Chen Ping was not afraid at all. He waved his hand lightly, and then the storm in front of him headed towards the two golden dragons. Soon the two golden dragons were wrapped in the storm and started to spin together.

Under the rapid rotation, the two golden dragons instantly dissipated and turned into specks of light again, and the storm gradually disappeared at the same time.

At this moment, apart from leaving a mess between Chen Ping and Ni Sidao, neither of them had changed at all, as if they had never fought before.

“Is this all you have?” Chen Ping said with a sneer in his eyes.

Ni Sidao’s face was extremely ugly. He stared at Chen Ping with slightly focused eyes. He gritted his teeth and said: “I didn’t expect you to be so proficient in magic. I underestimated you. Today I will show you my trapped dragon formation.” ...”

After Ni Sidao finished speaking, he slowly stretched out his two palms.

Then he muttered words in his mouth, spit out simple and vast spells, and continued to make seals with his hands at the same time, and these seals continued to make explosions in the air.

Soon, the top of the mountain seemed to be shaking, and then cracks appeared around Chen Ping, and chains as thick as arms emerged from the cracks. Countless evil spirits condensed on the black chains.

There are nine chains in total, like nine pythons with their bloody mouths open, ready to attack Chen Ping at any time. At this moment, Chen Ping frowned tightly.

Originally, Chen Ping wanted to use the Heart Condensation Technique to absorb the evil spirits in the Dragon Trap Formation, but looking at this situation, he was afraid that he would be killed by Ni Sidao before he could absorb all the evil spirits. Ni Sidao’s strength, It also exceeded Chen Ping’s imagination.

“Dragon-Slaying Sword...”

Chen Ping opened his right hand, and then a sword with rising flames appeared in Chen Ping’s hand.

Seeing the Dragon-Slaying Sword, Ni Sidao’s eyes suddenly widened: “So this is what you rely on...”

Chen Ping did not speak, but raised the Dragon-Slaying Sword in his hand high, and then slashed across the air. The flames burning on the Dragon-Slaying Sword suddenly became stronger, and tongues of fire shot out from the Dragon-Slaying Sword, slashing at the same time. The dragon sword let out a soft cry.

The dragon-slaying sword and Chen Ping have long been integrated into one. The tongues of fire that shot out just now were all the spiritual power in Chen Ping's body. There were a total of nine tongues of fire heading towards the nine chains.

吡吡吡.....

After the tongue of fire touched the chain, the evil spirit on the chain burned instantly, followed by the sound of breaking.

The nine chains, burning with thick flames, all fell to the ground like decapitated pythons, then turned into powder and dissipated, and the cracks on the ground quickly closed.

The dragon-slaying sword in Chen Ping's hand was pointed at Ni Sidao, and he said coldly: "Your unique skills are nothing more than this. If you still have any other abilities, just come on..."

Ni Sidao's face suddenly turned extremely ugly when he saw that he was trapped in the Dragon Formation with his unique skills and was vulnerable to Chen Ping's hands.

Xiahou Dun was looking at Chen Ping with surprise in his eyes. He didn't understand that in just a few days, Chen Ping's strength seemed to have increased a lot.

"Boy, you rely on the sword in your hand. I can't do anything to you today, but sooner or later I will seek revenge on you..."

Chapter: 1159

After Ni Sidao finished speaking, he suddenly retreated, retreated down the mountain, and ran away.

When Xiahou Dun saw this, he almost didn't curse out loud. He and Ni Sidao were on the same side. If Ni Sidao wanted to run away, he didn't even notify him. Did he want him to stay as a scapegoat?

Xiahou Dun did not dare to hesitate and turned around to run away. The revenge of killing his son was not important at this moment. The most important thing was to save his life first.

Xu Changsheng and several elders were surprised when they saw Ni Sidao and Xiahou Dun turning around and running away. They showed no sense of style at all.

Just when Xu Changsheng and the others reacted and wanted to catch up, Chen Ping stopped them.

"Stop chasing..."

Chen Ping put away the Dragon-Slaying Sword, his face pale and without a trace of blood.

"Valley Master, are you okay?" Xu Changsheng asked hurriedly when he saw Chen Ping like that.

Chen Ping shook his head, but then a mouthful of blood spurted out.

Ni Sidao's technique is indeed very powerful. If Chen Ping hadn't forced himself on and scared this guy away, things would have ended badly in a while.

Chen Ping was helped down the mountain by Xu Changsheng and the others. Originally, Chen Ping planned to leave today, but now it seems that he can only rest in Yaoshen Valley for one day.

The next day, Chen Ping insisted on leaving the Medicine God Valley no matter how much Xu Changsheng and the others tried to persuade him, otherwise he would not be able to reach the Wuming Island on July 15th.

After walking out of Medicine God Valley, Chen Ping directly bought a flight ticket to Nanhua City. If he wanted to go to Wuming Island, he had to take a boat from here, because the only boat to Wuming Island was here.

When Chen Ping flew to Nanhua City, it was already evening. After booking the ferry ticket in advance, Chen Ping found a hotel to rest and prepare to board the boat to Wuming Island early tomorrow morning.

Just when Chen Ping was having dinner in the hotel, he found that the hotel was surprisingly busy. There were many guests coming and going, and these guests all exuded aura and were obviously warriors. Chen Ping was very surprised. This is not big. How come Nanhua City, which is not small and has little reputation, suddenly attracts so many warriors.

Because the rooms were already full, Chen Ping had no choice but to find hotel staff at a high price, hoping that they would find a room for him.

“Brother, why are there so many people in your hotel?”

Chen Ping asked the hotel attendant he was looking for.

“I don’t know. I don’t know what happened this year. There are so many people gathering here. It seems they are all going to sea, right? I don’t know what they are going to do...”

The waiter shook his head and said.

Chen Ping looked at the waiter and knew that the waiter was just an ordinary person. He definitely didn’t know what these people were doing, so he took out a wad of money from his pocket, totaling over a thousand yuan, and stuffed it into the waiter’s hand.

“Brother, help me find a room. I’ll stay for one night and then leave...”

Chen Ping didn’t want to go looking for a hotel anymore. If there were no rooms in this hotel, I’m afraid other hotels would be the same.

The waiter looked embarrassed: “This... we really don’t have any rooms here. Our manager can’t find a vacant room now...”

Chapter: 1160

Although the waiter said this, his eyes were fixed on the money in his hand, obviously wanting to earn the one thousand yuan given by Chen Ping.

Seeing this, Chen Ping hurriedly took out another stack of money, this time there should be thousands of dollars, and handed it directly to the waiter.

“Brother, please help me...” Chen Ping said with a smile.

The waiter looked at the thick stack of banknotes in his hand, his eyes widened, and finally gritted his teeth and said: “Sir, it is true that there is no room, but if you don’t mind, you can sleep in our dormitory. Don’t worry, you are the only one.” Live, I will kick out all my colleagues in the dormitory...”

“Okay, just have a place to sleep!”

Chen Ping smiled slightly: “Brother, do you have anything to eat? Help me get some food!”

“Yes...you sit down for a while now, I’ll go get ready right away...”

The waiter hurriedly went to prepare the food.

It seems that money is really useful. Seeing the waiter’s happy look, Chen Ping found a corner and sat down.

At this time, in the hotel restaurant, many people came to eat one after another, and at a table not far from Chen Ping, Chen Ping discovered an acquaintance.

Qin Xiaotian of the Qin family in Kyoto has never seen anyone from the Qin family since Chen Ping killed Qin Xiaolin, and he has never seen the Qin family seeking revenge against him.

Qin Xiaotian was sitting at the table with a person who looked very similar to him, and behind them were several servants of the Qin family, all of whom were actually great masters.

Chen Ping slowly turned his head to prevent Qin Xiaotian from seeing him and causing unnecessary trouble. Chen Ping didn't want to cause trouble now, he just wanted to go to Wuming Island.

Chen Ping pricked up his ears and listened carefully to the conversation between Qin Xiaotian and the others. With Chen Ping's current strength, he could clearly hear the quiet conversation between the two people even if they were tens of meters apart.

"Second brother, is this island you are talking about really so magical? Is there really a giant dragon on it? I have never seen a real dragon in my whole life. Isn't this all a legend?"

At this time, Qin Xiaotian's voice clearly reached Chen Ping's ears.

Only then did Chen Ping know that the person sitting with Qin Xiaotian was Qin Xiaoxian, Qin Xiaotian's second brother.

"I don't know if there are real dragons, but there must be rare and rare beasts on Dragon Lock Island. If I can get a beast pill, it will be very helpful for my practice."

Qin Xiaoxian's eyes were full of expectation.

"Second brother, tell me about the Qin family. I heard that the Qin family there are immortals who can fly into the sky and enter the earth. Have you become an immortal now too?"

Qin Xiaotian looked like a primary school student, hoping that Qin Xiaoxian would tell him about the Qin family land.

Qin Xiaoxian's eyes narrowed slightly: "How many times have I told you, don't ask about things you shouldn't ask about. You know too much and it will not be good for you!"

Seeing that his second brother was angry, Qin Xiaotian nodded hurriedly and said: "I understand..."

After the conversation between the two was silent for a moment, Qin Xiaotian spoke again: "Second brother, the eldest brother was killed by Chen Ping. What Locking Dragon Island did you go to this time? Did you get the beast pill and kill Chen Ping? Brother Ti Revenge?"
