

The Order 1161

Chapter: 1161

“Humph, why use the beast pill to kill him? It’s just that the old patriarch wanted to go to Dragon Lock Island this time. I must complete the old patriarch’s instructions before I can seek revenge on Chen Ping...”

Qin Xiaoxian snorted coldly, obviously not paying attention to Chen Ping.

“Yes, yes, the second brother is an immortal now. How can he be compared to that guy Chen Ping? If the second brother wants to kill him, all he has to do is move his fingers. Let that guy Chen Ping live a few more days first...”

Qin Xiaotian praised his second brother.

At this moment, a group of people suddenly broke in, led by a young man, who glanced at everyone with a haughty look.

Then, one of the men behind the young man took a step forward, cleared his throat and said: “Master Xuanyuan has arrived, everyone please leave. This place is occupied by us...”

Listening to that man’s tone, it was like the emperor going on a patrol in ancient times, and everyone else had to dodge.

Looking at the scene in front of them, everyone sneered. After all, the people eating here are all warriors, not ordinary people. There are some big families among them. How could they be scared away by just a few words?

Although many people sneered, Qin Xiaoxian’s expression suddenly changed slightly.

“Let’s go...” Qin Xiaoxian said to Qin Xiaotian.

“Second brother, what are you afraid of? Who is this guy?”

Qin Xiaotian looked at Qin Xiaoxian very puzzled.

After all, the Qin family is considered a big family in Kyoto. Besides, Qin Xiaoxian also entered the Qin family’s land to practice immortal magic. How could he be afraid of Mr. Xuanyuan?

What’s more, Qin Xiaotian has never heard of the Xuanyuan family at all, and there doesn’t seem to be such an awesome family in Kyoto.

“Shut up...” Qin Xiaoxian glared at Qin Xiaotian, then stood up and walked out.

When Qin Xiaotian saw this, he could only leave with his people.

When Qin Xiaoxian passed by the young man, the young man couldn’t help but look at Qin Xiaoxian twice.

Although the Qin family left, the others remained motionless and had no intention of leaving.

When the young man saw this, his face turned slightly cold, and the subordinate who had just stood up suddenly burst out with aura. For a moment, the entire restaurant seemed to be trapped in an ice cave, making people shiver with cold.

At this moment, many people’s expressions changed drastically, and they stood up and left. Just from this aura, they knew that the other party was a master, and they were not someone they could afford to offend.

“Wuzong?”

After Chen Ping felt this aura, he couldn't help but be a little surprised. He didn't expect that the other servant was actually in the realm of Wuzong.

You must know that after cultivating to the realm of Wuzong, who is not the overlord of one party, how can he become a servant?

Soon, everyone in the restaurant fled, leaving Chen Ping sitting alone in the corner, quietly waiting for his meal.

Chapter: 1162

When the other party saw that Chen Ping was not leaving, his eyes widened, and an aura rushed towards Chen Ping instantly.

Chen Ping lowered his head slightly and didn't seem to notice that the other party had launched an attack on him.

But as soon as the breath arrived in front of Chen Ping, a barrier seemed to appear out of thin air around Chen Ping, directly blocking the breath.

Crash la la la la la la la la la la la la la la la la.

The blocked breath hit the table nearby, shattering it instantly.

At this moment, the other party was stunned and looked at Chen Ping in disbelief, while Master Xuanyuan's eyes were also slightly condensed.

"Sir, your meal is here..."

At this time, the waiter who had just collected Chen Ping's money came over with a sumptuous meal.

However, when he saw that the restaurant that was bustling just now was all gone now, with only a few people left, the waiter was stunned.

"Put your things down, you have to leave..."

Chen Ping said calmly to the waiter.

"Oh, okay, okay..."

The waiter looked at the scattered tables and chairs on the ground and nodded hurriedly.

Working here, he knew that people would often fight and cause trouble here. Looking at the scene in front of him, it seemed that someone was fighting here again. In order to avoid getting into trouble, the waiter hurriedly put down the food and left in a hurry.

Chen Ping picked up his chopsticks and began to eat slowly, without even looking at the people on the side.

The guy who had just attacked Chen Ping had a cold look on his face. He clenched his fists and prepared to attack Chen Ping again, but was stopped by Master Xuanyuan with a wave of his hand.

After looking at Chen Ping twice, Mr. Xuanyuan found a place to sit down, and then someone went to prepare the meal.

A few minutes later, when Chen Ping was full, he stood up and walked out of the restaurant, never looking at those people from beginning to end.

“Son...”

The guy who just took action looked at Mr. Xuanyuan with displeasure on his face when he saw Chen Ping walking out so arrogantly.

Young Master Xuanyuan waved his hand and just looked at Chen Ping’s back without saying anything.

After Chen Ping walked out of the restaurant, he originally planned to find the waiter and ask him to take him to their dormitory, and then take a good rest to recharge his batteries.

However, after searching around, Chen Ping couldn’t find the guy. He probably saw someone about to fight and hid in fear.

Chen Ping had no choice but to walk out of the hotel and stroll around the streets of Nanhua City.

Chapter: 1163

Although Nanhua City is small, it is close to the sea. Standing here, you can see the endless sea.

There are rows of sea-view villas on the beach. Even though it is already evening, there are still many people playing on the beach.

Chen Ping walked slowly towards the sea. This was the first time he saw the sea with his own eyes. The endless sea made people look so small. In front of the sea, no matter how strong they were, they were insignificant.

On the sea, the distant lighthouse was turning, and the light pointed the direction for the passing ships. But looking at the distant lighthouse, Chen Ping himself was a little confused. He didn’t know where his road was and where his direction was.

Chen Ping is suddenly a little scared now. He is afraid of knowing his life experience. Even if he knows, what can he do?

Slowly retracting his gaze, Chen Ping shook his head to stop himself from thinking about messy things. Now he could only take one step at a time.

Chen Ping slowly walked on the beach. From time to time, beautiful girls in bikinis ran past him. These girls had fair skin and particularly good figures. Chen Ping just raised his eyes and then looked away.

Although these girls are beautiful, compared with Su Yuqi, they are far behind. In terms of temperament alone, these girls lose.

After all, Su Yuqi grew up in a wealthy family, and not all girls have the aura of a noble lady.

And Gu Ling'er has that heroic temperament that few girls have. After all, Gu Ling'er used to be an agent of the Guardian Pavilion. If he wears a uniform and that perfect figure, it's simply It's awesome.

Unknowingly, Chen Ping missed Su Yuqi and the others in his mind. When he thought of Gu Ling'er, the image of Gu Ling'er's naked body suddenly popped into Chen Ping's mind, even though Chen Ping was holding Gu Ling'er at that time. Son, I didn't have any random thoughts in my mind, but when I thought about it, Chen Ping found that he had a reaction.

After all, Chen Ping is also a normal man with emotions and desires, so it is normal for him to react when he thinks of those scenes.

"Hey, I don't know where Uncle Long took them..."

Chen Ping sighed slightly. He hadn't contacted Su Yuqi and the others for many days, but Chen Ping still missed them a little.

Just when Chen Ping sighed and was about to leave from the beach, Chen Ping was suddenly stunned by several figures in front of him.

I saw a few girls in front of me, wearing swimsuits, having fun on the beach, and having a lot of fun. Many men and women around them focused their attention on those girls.

When Chen Ping also set his sights on a few girls, he was stunned for an instant, because these girls were none other than Su Yuqi and the others.

Su Yuqi, Gu Ling'er, Wu Mei'er and Xiao Ru were seen playing around in swimsuits. The four of them worked in pairs, splashing seawater on each other.

Chen Ping was stunned on the spot. He didn't understand how Su Yuqi and the others came to this place, and how could Xiaoru appear here?

"Are you beauties interested in driving a speedboat together and enjoying the sea breeze?"

At this time, a boy wearing sunglasses and dressed very fashionably walked towards Su Yuqi and the others and asked with a flattering look on his face.

Su Yuqi and others looked at the boy and ignored him, because on this day, countless boys followed them and struck up a conversation.

Seeing that no one was paying attention to him, the boy opened his mouth again and said: "Beauties, my name is Wang Shuo, and Wang Jianlin, the richest man in Nanhua City, is my father. Did you see a few speedboats not far away? Those are all me. of....."

Wang Shuo brought out his identity as the son of the richest man, because as long as he revealed his identity, girls, no matter how reserved they were, would show fanaticism towards him.

Chapter: 1164

It's a pity that Su Yuqi and the others continued to play and play as if they didn't hear him, and no one paid him any attention.

This time, Wang Shuo was a little embarrassed and at a loss for a moment.

"Young Master Wang, since others are ignoring you, why bother being so hot-tempered but cold-hearted? Our sisters can just accompany you..."

Beside Wang Shuo, a girl with a voluptuous dress and a good figure said to Wang Shuo.

Snapped!

Wang Shuo gave the girl a slap in the face casually: "You idiot, you are so hot-tempered but cold-hearted. There is no woman in Nanhua City that I, Wang Shuo, can't deal with..."

After Wang Shuo finished speaking, he walked towards Su Yuqi with an angry look.

The girl who had just been beaten was too frightened to say a word. She could only cover her face with tears in her eyes.

At this moment, Su Yuqi was wearing a swimsuit, and her snow-white skin became even whiter and flawless under the moonlight!

This time Wang Shuo didn't speak, but stretched out his hand and grabbed Su Yuqi's wrist.

Su Yuqi was startled and instinctively wanted to retreat, but was caught by Wang Shuo.

“These little hands are really tender and smooth...”

Wang Shuo grabbed Su Yuqi’s hand and said with a lewd smile.

Seeing Su Yuqi being harassed, Gu Ling’er and the others hurried over, while Chen Ping, who was not far away, became furious and ran over with a quick stride.

But at this moment, Su Yuqi’s eyes turned cold, and then she grabbed Wang Shuo’s collar with one hand, and then violently threw Wang Shuo onto the beach.

This time, Wang Shuo was knocked out of breath and kept coughing.

“Master.....”

Wang Shuo was thrown to the ground, and three big men suddenly ran over from a short distance away and helped Wang Shuo up with nervous expressions on their faces.

Chen Ping, who originally wanted to go over to help, suddenly stopped and looked at Su Yuqi with a shocked face. He didn’t expect that Su Yuqi would actually know kung fu after not seeing him for a few days, and judging from Su Yuqi’s attack just now, she seemed to be very powerful.

.

Chen Ping stood there and did not step forward. He planned to see how Su Yuqi and the others would handle this matter.

At this time, Gu Ling’er and the others had already run to Su Yuqi’s side, and then looked at Wang Shuo and several of his men with eager eyes.

Especially Gu Ling'er, whose eyes were full of murderous intent and wanted to kill these guys.

"Ling'er, Uncle Long has told us not to let us cause trouble. Don't be murderous. Wait until Chen Ping comes..."

Feeling the murderous aura in Gu Ling'er, Su Yuqi hurriedly persuaded her.

Chapter: 1165

After hearing what Su Yuqi said, the murderous aura in Gu Ling'er slowly dissipated.

Wang Shuo looked at Su Yuqi with fierce eyes and said: "Damn it, you dare to hit me. I didn't expect you to be a hot girl. I will play you to death today..."

"Do it..."

After Wang Shuo finished speaking, he waved his hand and sent the three strong men towards Su Yuqi.

Not far away, Chen Ping saw that these three strong men were just ordinary people, not even warriors. They had no breath on their bodies, so they didn't move. After all, with Gu Ling'er here, these three people were no match at all. Su Yuqi will be fine too.

"Look, I'm just practicing with these three guys..."

Su Yuqi said and walked directly towards the three strong men.

He punched out suddenly.

Bang.....

With a muffled sound, a strong man was knocked away by Su Yuqi's punch. His huge body flew for more than ten meters, and then he fell heavily on the beach.

This time, the other two big men were frightened, and Wang Shuo looked at the scene in front of him in disbelief and was stunned. He never thought that Su Yuqi, a seemingly thin girl, could be so strong. big.

Chen Ping, who was not far away, was also shocked. Su Yuqi's punch just now was comparable to that of a warrior with inner strength. You must know that a few days ago, Su Yuqi was just an ordinary girl. How could she have not seen her for just a few days? Su Yuqi actually had Lost the inner strength?

It seemed that Su Yuqi was also frightened by her punch. After a long time, she excitedly said to Gu Ling'er: "Ling'er, this... was this punched by me? Why is it so powerful? "

Gu Ling'er smiled: "Yu Qi, your current strength is comparable to that of a Neijin warrior. If you hit these ordinary people, they will definitely be knocked away with one punch. You have to hold back, or you will kill them with one punch..." "

Su Yuqi nodded, and then looked at the remaining two strong men, as if seeing prey.

When the two strong men saw the look in Su Yuqi's eyes, they suddenly realized something was wrong, turned around and ran away, not caring about their Young Master Wang at all.

Seeing his bodyguard running away, Wang Shuo trembled with fright, turned around and ran away in a hurry.

At this moment, Su Yuqi in his eyes was no longer a beauty in a swimsuit, but a terrifying giant beast.

“Hey, why are they all running away? I haven’t had enough of it yet, it’s so boring...”

Seeing Wang Shuo and the two bodyguards running away, Su Yuqi said unhappily.

“Doesn’t it feel good to beat someone up?” Gu Ling’er smiled and patted Su Yuqi’s shoulder and asked.

“Well, it feels so good. I really want to find someone who has no eyesight and beat him up...”

Su Yuqi was still immersed in the feeling of beating someone just now, so she nodded and said.

Just as Su Yuqi finished speaking, a hand suddenly rested on Su Yuqi’s shoulder.

Chapter: 1166

The hand not only rested on Su Yuqi’s shoulder, but also touched it gently.

Su Yuqi frowned, then turned around and punched behind.

But when Su Yuqi turned around, her punch suddenly stopped because she saw Chen Ping’s face, grinning at her.

“Chen Ping...”

When Su Yuqi saw it was Chen Ping, she immediately threw herself into Chen Ping’s arms and let Chen Ping pick her up.

Su Yuqi’s excitement infected Chen Ping, and Chen Ping hugged Su Yuqi and spun around twice.

Because Su Yuqi was wearing a swimsuit, Chen Ping hugged Su Yuqi and felt a soft feeling on his chest, which was very comfortable.

Seeing Chen Ping spinning around with Su Yuqi in his arms, Gu Ling'er on the side showed an expression that was half-smiling but not smiling. She looked like she was a little jealous but didn't dare to show it.

Chen Ping put Su Yuqi down, looked at Gu Ling'er and smiled slightly: "Ling'er is wearing a swimsuit and has a good figure. Do you want to hug you and spin you around a few times?"

"Who asked you to hug me..." Gu Ling'er rolled her eyes at Chen Ping.

At this time, Wu Meier and Xiaoru came over. Both of them were wearing swimsuits. Although Xiaoru was younger, after not seeing each other for several months, Chen Ping found that Xiaoru had grown up a lot.

"Brother Chen....."

After Xiaoru saw Chen Ping, she shouted happily.

"Xiaoru, how come you are with them? Where is Taoist Wuwei?"

Chen Ping was very surprised. At that time, Leiming Temple was destroyed and Xiaoru's father, Taoist Master Fuxu, was killed. In the end, it was Chen Ping who took revenge, and then Taoist Wuwei took Xiaoru away. Why is Xiaoru here again now?

"Uncle Wuwei is in seclusion, I am....."

"Okay, let's go back and talk if you have anything to say. There are too many people here..."

Su Yuqi pulled Chen Ping, and Xiaoru closed her mouth when she saw this.

At this time, everyone on the beach saw Chen Ping surrounded by four girls and leaving together. They were all envious and wanted to eat Chen Ping alive.

“Chen Ping, where is my sister? Aren’t you with her? Isn’t she still in the Miao Village?”

On the way, Wu Meier asked Chen Ping.

“Your sister has left the Miao village, and your parents were indeed killed by the Miao king...”

Chen Ping told Wu Meier about the affairs of the Miao village, and also told her parents about the grievances they had with the Miao king.

Along the way, Wu Mei’er listened but didn’t speak. She didn’t know what she was thinking, but there was no sadness on her face. After all, she had never seen what her parents looked like since she was a child, so she didn’t know what she was thinking. What feelings.

Chapter: 1167

Chen Ping followed Su Yuqi and the others to a hotel, which was the same hotel that Chen Ping had just visited. However, Su Yuqi and the others arrived early, so they booked a room.

After taking Chen Ping upstairs, Su Yuqi knocked on a door.

When the door opened, Chen Ping found that it was Long Wu who opened the door, and behind Long Wu, there was another person. Chen Ping was stunned for a moment.

“Old...Old Dragon Head?”

Chen Ping's eyes widened with disbelief on his face. He could never imagine why the old leader was here?

Since he was released from prison, Chen Ping has never seen Lao Longtou again. Once, Chen Ping wanted to find Lao Longtou in the prison, and even tried to get Lao Longtou out through his connections. However, there was no such person as Lao Longtou in the prison. , Chen Ping was still puzzled at that time!

But now I don't expect Lao Longtou to appear here, and he is obviously with Su Yuqi and the others.

"Come in and talk..."

Long Wu shouted, and then the shocked Chen Ping woke up and hurriedly walked into the room.

Looking at the room full of people, Chen Ping had been confused for a long time. He urgently needed someone to explain to him.

The old leader said to Xiaoru: "Xiaoru, take the others to the next room. I have something to talk about with Chen Ping..."

Xiaoru nodded, and then took Su Yuqi and Gu Ling'er to the next room.

Just after Su Yuqi and the others left, Lao Longtou and Long Wu suddenly knelt in front of Chen Ping.

This sudden change directly confused Chen Ping, who hurriedly helped Long Wu and Lao Longtou.

“Uncle Long, old dragon head, what are you doing?”

Chen Ping looked confused.

“Young Master, today, it’s time for me to tell you about your life experience...”

Lao Longtou looked at Chen Ping, his eyes suddenly filled with tears, and he slowly followed Chen Ping as he talked about his life experience.

Chen Ping listened quietly. Although he had been prepared for it for a long time, Chen Ping was still shocked when he heard what the old leader said.

It turned out that Chen Ping himself had guessed well. He had the blood of the Long family, and his mother was Long Ruotong, the second princess of the Long family. The old dragon head was the housekeeper of the Long family, and Long Wu was the bodyguard of Chen Ping’s mother.

The Long family is a reclusive wealthy family. Eighty percent of the people in the family are warriors, and many people even embark on the path of cultivating immortals. As the second princess of the Long family, Chen Ping’s mother has received the best education since she was a child. Because Chen Ping’s mother, Long Ruotong, was talented and intelligent, her strength grew rapidly. The head of the Long family also liked Chen Ping’s mother very much.

However, as she grew older, Chen Ping’s mother, Long Ruotong, became romantically involved when she was twenty years old. She actually met a man outside. Later, the two got married, and Long Ruotong became pregnant.

But she didn’t expect that man to disappear directly after Long Ruotong became pregnant. Long Ruotong gave birth to Chen Ping alone with a big belly.

After Grandpa Chen Ping found out that his daughter was pregnant out of wedlock, gave birth to the child, and the man ran away, he was so angry that he sent someone to take Chen Ping's mother back to the Long family!

Chapter: 1168

However, looking at his beloved daughter and his plump grandson, Grandpa Chen Ping did not punish Long Ruotong. It was just that because of the initial anger, he became ill and bedridden.

But when Chen Ping's grandpa was bedridden, Chen Ping's mother's eldest brother Long Jingguo secretly poisoned his father, hoping that Chen Ping's grandpa would die early so that he could inherit everything in the Long family.

However, Chen Ping's mother discovered it in the end. Unfortunately, it was too late. Chen Ping's grandfather had already been poisoned. At the last moment, he handed over the Long family's palm print to Chen Ping's mother.

Chen Ping's mother took Chen Ping with her, glanced at her father, and ran out of the Long family. However, she was soon discovered by Long Jingguo, who then accused Chen Ping's mother of poisoning her father and sent people to arrest Chen Ping. Peace and his mother.

Among the people who captured Chen Ping's mother were Lao Longtou and Long Wu. They chased her for two days and two nights and surrounded Chen Ping's mother near Hongcheng. Later, Chen Ping's mother was captured and taken back to the Long family. Chen Ping was thrown to the roadside by his mother long ago, and only then did he escape the fate of being taken back to the Long family.

After Chen Ping's mother was caught, although Long Jingguo got the Long family's palm print, he did not let Chen Ping's mother go, and tortured her every day, as if he wanted to know something from Chen Ping's mother's mouth.

Lao Longtou and Long Wu didn't know exactly what Long Jingguo wanted to know, but more than 20 years had passed and Long Jingguo hadn't given up yet and was still torturing his own sister.

Now that Chen Ping's mother is still being tortured, the old dragon suddenly paused, and then his voice choked with sobs, and Long Wu also cried bitterly with remorse on his face.

"If we had released the second young lady, she would not have been tortured like this now..." Old Longtou cried loudly, with tears covering his face.

Chen Ping's hands were clasped together tightly. Although he had never met his mother, when he heard this, Chen Ping was still trembling slightly with anger.

"Then how did you find me?" Chen Ping asked, looking at the old dragon head.

At this moment, Chen Ping actually had a bit of hatred in his eyes!

As the old leader said, if they hadn't taken her back, how could her mother have been tortured like this.

The old leader looked at the hatred in Chen Ping's eyes and sighed heavily: "For so many years, I have always wondered why the second lady poisoned the master. I didn't believe it was true, so three years ago, I secretly went to jail Look at the second lady. It was the second lady who told me the truth. It turned out that the master was poisoned to death by that treacherous son Long Jingguo. Moreover, the second lady also told me the place where I lost you and wanted me to find you. , see if you're still alive."

The old dragon took a breath, wiped his tears and continued: "The Heart Condensation Technique I passed on to you, and the Heavenly Dragon Ring you are wearing, are not mine. I heard from the second lady that they were left by your father. , it was a token of love for the second young lady..."

"Then who is my father? Why is my mother still imprisoned? What do the Long family want to know from my mother?"

Chen Ping grabbed Lao Longtou's shoulders excitedly and asked.

Chen Ping wanted to know who this irresponsible father was. Thinking of what his mother had suffered, Chen Ping hated this irresponsible man to death.

The old dragon shook his head: "I don't know. The second lady doesn't know your father's true identity either. As for what the Long family wanted to know from the second lady, the second lady didn't say anything... Later I went to the Hongcheng area to find out. Given your current identity, you should know what happens next..."

"Why are you so sure that the lost child will be me?" Chen Ping was puzzled as to why the old leader was so sure.

"You have the blood of the Long family. I can tell as soon as I find out, these are unmistakable."

After the old leader said these words, he suddenly coughed violently and his face became very ugly.

"Butler Long?" Seeing this, Long Wu hurriedly supported the old dragon head and patted the old dragon head on the back.

"Old Dragon Head, what's wrong with you? Can I help you take a look?"

Chapter: 1169

Although Chen Ping hated the old dragon head a little, he still asked with concern when he saw the old dragon head like this.

The old dragon head waved his hand and sat on the chair. At this moment, the old dragon head seemed to be much older and his eyes became dull.

Chen Ping was a little surprised. This old leader changed no matter what, and now he looked like an old man who was about to die.

Long Wu looked at Old Longtou, his eyes filled with distress. It seemed that he knew what was going on with Old Longtou.

“Young master, you now know your life experience, and my mission has been completed. However, to give the second lady hope to persevere, I revealed the news of finding you. Now the people of the Long family are looking for you everywhere. , Fortunately, they only know that you are still alive, but they don’t know your current identity, so you are safe for the time being.”

“But...but...cough cough cough”

Before Lao Longtou could finish his words, he coughed violently again.

“Butler Long, let me tell you...” Long Wu asked the old leader to rest, and he followed Chen Ping: “Young master, although you are safe for the time being, the Long family will know your identity sooner or later. You need to lock the door first.” Dragon Island has obtained the Dragon Crystal. Only after obtaining the Dragon Crystal can you have hope of continuing to fight with the Long family. You once asked me how other immortal cultivators can obtain spiritual energy when the spiritual energy of the world is exhausted. Now I can tell you. Some cultivators get their spiritual energy from crystal stones, and some people get dragon crystals and absorb a steady stream of spiritual energy from them!”

“After swallowing a dragon crystal, the dragon crystal will continue to emit spiritual energy. However, this dragon crystal is extremely rare. As far as I know, there are not many people who have obtained dragon crystal. Many people rely on spar. This spar It’s similar to the spirit stone, except that the spiritual energy contained in the crystal is hundreds of times that of the spirit stone...”

When Long Wu said this, Chen Ping finally understood that there were crystal stones and dragon crystals: "I can't believe that there are still these things with spiritual energy. It seems that these things are far more precious than those spiritual stones and herbs. many!"

"In this world, there are many things for immortal cultivators to obtain spiritual energy. In addition to dragon crystals and spar, there are also animal elixirs. You must know that there are a large number of animals in many inaccessible places, and after years of growth, these animals have internal Beast elixirs will be produced, and these beast elixirs are also precious resources that help with cultivation."

Long Wu continued to follow Chen Ping.

"Is this dragon crystal considered a dragon's beast elixir?" Chen Ping asked.

Long Wu was stunned for a moment, and after pondering for a moment, he nodded: "It should also count!"

Long Wu has never thought that some people compare dragon crystal to the dragon's beast elixir, but think about it, it is indeed the case. Dragon crystal is also formed in the dragon's body, and the dragon is also an animal, so it is not appropriate to call it a beast elixir. Pass.

"Old Dragon Head, didn't you agree that I would go to Wuming Island on July 15th? Why did I meet you here today?"

Chen Ping asked the old dragon head somewhat strangely.

The old dragon opened his mouth, but no words came out. Instead, Long Wu explained: "Things have changed, so we came back from the Nameless Island and we are going to stop you here!"

"Things have changed?" Chen Ping frowned slightly.

“Yes, originally Butler Long asked you to go to Wuming Island on July 15th because he wanted you to sneak from Wuming Island to Suolong Island and get the dragon crystal. However, the people of the Long family seemed to have guessed this, so they released the news. On July 15th, the Long family will release Suolong Island, and anyone can board the island. In this way, the number of people on Suolong Island will increase greatly, and your plan to secretly obtain the dragon crystal will be shelved. After all, there are so many people, Someone will always see it.”

When Long Wu said this, his expression became very solemn.

After hearing this, Chen Ping began to think deeply. Now he finally knew that after Shen Dianshan met him, he said that he would have a disaster on July 15th. What this disaster was.

Obtaining dragon crystal is easy to say, but it is really difficult to do. Otherwise, after so many years, why has no one else gone to get dragon crystal?

Seeing Chen Ping deep in thought, Old Longtou took a deep breath and said slowly: “Young master, you don’t have to worry too much. The Long family did this just because they don’t know your identity. You can do it tomorrow.” Follow everyone to Suolong Island in a generous manner. As for getting the dragon crystal, I will help you think about it. I have a map of the island here, as well as the most likely hiding place of the two dragons...”

Chapter: 1170

As the old leader said, he took out a map from his arms and handed it to Chen Ping tremblingly.

“Double dragons?” Chen Ping was surprised. He didn’t expect that there would be two dragons on Suolong Island.

“There are two dragons, the Flame Dragon and the Ice Dragon, on Suolong Island. Tomorrow is the day when the two dragons have a tryst, so it is the best time to go to the island. However, these are all legends. No one has really seen those two dragons, but Suolong There are many rare and exotic animals on the island, but there are also many dangers. Butler Long was seriously injured just to draw the map.”

Long Wu glanced at the old dragon head and said with unbearable eyes.

“Long Wu...” The old dragon head glared at Long Wu, obviously not wanting Long Wu to say it.

Chen Ping looked at Lao Longtou and hurriedly stepped forward and grabbed Lao Longtou’s wrist: “Old Longtou, are you injured? Let me help you take a look...”

When Chen Ping grabbed Lao Longtou’s wrist and injected a burst of spiritual power into Lao Longtou’s body, Chen Ping’s expression suddenly changed.

He found out that Lao Longtou was extremely weak at the moment, and all his internal organs had stopped working. Only his heart was still beating slightly.

Chen Ping didn’t expect that Lao Longtou’s injury would be so serious, and he was stunned.

Although he has the Supreme Alchemy Record in his mind, at this moment, I am afraid that there is no time for him to refine the elixir, because the old dragon head’s body cannot last long.

But Lao Longtou didn’t care at all at the moment. The moment Chen Ping touched him, Lao Longtou looked at Chen Ping strangely.

“Young Master, have you had any adventures? Why is there an aura in your body that doesn’t belong to you?”

Lao Longtou asked Chen Ping.

“Oh, I got a dragon-slaying sword...”

As Chen Ping spoke, he waved his right hand, and the Dragon-Slaying Sword appeared in his hand. The red marks on the Dragon-Slaying Sword were clearly visible, as if there was blood flowing.

“Man and sword merge into one?” When Long Wu saw this, his eyes widened with surprise on his face.

The old dragon head had a smile on his face: “Hahaha, God bless the young master. With this dragon-slaying sword, the possibility of the young master getting the dragon crystal is even greater...”

Just after laughing twice, the old dragon head suddenly coughed violently again, spitting out a mouthful of blood.

“Old dragon head...”

“Butler Long...”

Chen Ping and Long Wu hurriedly supported the old dragon head.

The old dragon waved his hand, with a smile still on his face: “Long Wu, go and call a few girls. I have something to explain...”

Long Wu nodded and left, while Chen Ping looked at the old dragon head silently. At this moment, the aura on the old dragon head’s body was getting weaker and weaker, his face was full of wrinkles, and he would soon die.
