

The Order 1171

Chapter: 1171

Xiaoru has been following Lao Longtou for several months, and the two have already developed a deep relationship. However, the reason why Lao Longtou teaches Xiaoru is so that Xiaoru, with his ice crystal body, can help Chen Ping.

Lao Longtou looked at Xiaoru and gently stroked Xiaoru's head. His eyes were full of guilt. For Chen Ping, he actually needed Xiaoru to sacrifice his life.

"Xiaoru, I'm sorry, I'm sorry, you won't blame me, right?"

The old leader apologized desperately.

He has already told Xiaoru the matter. After all, this kind of thing requires Xiaoru's own consent.

Xiaoru shook her head: "This is all my own choice. I don't blame the master..."

The old dragon head glanced at the other girls, and finally focused on Su Yuqi: "Don't forget what you promised me, I hope you can do it..."

All the girls nodded. Among them, Su Yuqi's eyes were very firm. She knew that this sentence was meant for her.

Su Yuqi is a fire spirit, so she can help Chen Ping. If he encounters the ice dragon and the flame dragon on Suolong Island, it will be difficult for Chen Ping to obtain the dragon crystal with his strength. After all, these two dragons have an ice dragon. Biting to the bone, extremely hot.

But with Su Yuqi and Xiaoru, as long as they are willing to sacrifice for Chen Ping, Chen Ping has the greatest chance of obtaining the dragon crystal.

The old dragon head smiled all over his face: "I am finally worthy of the second young lady, and I can finally see the master..."

After saying that, Lao Longtou slowly closed his eyes.

"master....."

"Old dragon head....."

"Butler Long....."

The room was filled with sadness. At this moment, Chen Ping's hatred for Lao Longtou had long since disappeared without a trace.

Chen Ping clutched the map in his hand tightly, which was what Lao Longtou had given him in exchange for his life. Although he had not yet gone to Suolong Island, he could guess the dangerous and harsh environment on Suolong Island.

It was in that environment that Lao Longtou drew up a map of the road for himself bit by bit.

Tears instantly fell from the corners of Chen Ping's eyes, but at this moment Chen Ping's eyes became more determined.

"The Long family... I will return all the suffering my mother has suffered to you..."

Chen Ping looked out the window at the endless sea, and his whole person was changing.

After disposing of the old dragon head's body, everyone returned to the hotel!

But no one spoke, and the atmosphere was always depressing, especially Xiaoru, whose eyes were swollen from crying.

“Chen Ping, go to Suolong Island tomorrow. Everything depends on your own destiny. In order to prevent the Long family from noticing you, I can’t go with you to protect you...”

Chapter: 1172

Long Wu patted Chen Ping on the shoulder and said.

“Uncle Long, don’t worry, I will definitely take out the dragon crystal and increase my strength. I will kill the Long family and rescue my mother!”

Chen Ping said firmly.

Just when a few people were about to take a rest, dozens of people suddenly broke into the hotel, each with a vicious look.

The leader of these people was Wang Shuo. At this moment, Wang Shuo’s face was full of ferocity. As soon as he entered the door, he shouted loudly: “Block every exit. I must not let these little girls escape. In this place in Nanhua, , No one dares to hit me yet. Once we catch those little girls, I’ll let you have enough fun first...”

“knew.....”

Hearing what Wang Shuo said, the dozens of people behind him all had their eyes gleaming and hurriedly blocked all the exits of the hotel.

“Master Wang, what’s going on? Why are you so angry today?”

At this time, the hotel manager hurriedly stepped forward, took out a cigarette and prepared to hand it to Wang Shuo.

“Go away, some girls beat me, and I’m staying in your hotel now. I want to find these people...”

Wang Shuo pushed the manager away, making the manager look embarrassed.

However, Wang Shuo is the son of the richest man in Nanhua City. The manager cannot afford to offend him, so he can only say with a smile: “In this land of Nanhua, there are still people who dare to do anything to Mr. Wang. They are really impatient. Mr. Wang, tell me Give them their names, and I’ll immediately send someone to check which room they live in.”

Wang Shuo felt very comfortable being praised so much by the manager, and the anger in his heart also dissipated a lot: “I don’t know what it is called, but you can go get the lists you registered and see how many girls are staying in the hotel. , call them all out...”

When the manager heard this, cold sweat broke out on his forehead. There were hundreds of people staying in this hotel, including hundreds of women. If they were called out, wouldn’t it cause chaos? Then the hotel’s reputation would also be affected. But Wang Shuo spoke, and the hotel The manager has no choice but to do it.

Just when the hotel manager was in trouble, Wang Shuo glanced at Su Yuqi and the others on the second floor, and his eyes suddenly lit up: “Those are the ones, don’t let them escape...”

Wang Shuo took the lead and chased towards the second floor, followed by the thugs behind him.

The death of the old leader originally made Chen Ping and Su Yuqi very sad, but now Wang Shuo came to visit them again. Su Yuqi, Gu Ling’er, and especially Xiaoru all burst out with murderous aura.

Feeling the murderous aura of several girls, Chen Ping's scalp felt numb. He really couldn't understand what happened in the past few days, how could Su Yuqi suddenly have such strong strength, and Gu Ling'er, whose strength was obvious A lot of growth.

For just a few of them, it was only a matter of minutes to deal with the dozens of thugs brought by Wang Shuo. They were not on the same level at all.

“Chen Ping, go back to your room and ignore this matter. I want to vent today...”

Looking at Wang Shuo who rushed up with people, Su Yuqi said to Chen Ping with a gloomy look.

Chen Ping hesitated for a moment, but still went back to the room. With Xiaoru here, Chen Ping was not worried about their safety. Now Xiaoru's skills were probably as good as those of a seventh-grade grandmaster.

Xiaoru alone is no match for these dozens of thugs, not to mention Gu Ling'er and Su Yuqi.

Long Wu took Wu Meier back to the room. After all, there was no need for Long Wu to intervene in such a fight, and Wu Meier had no kung fu. In this case, her charm skills had no effect, so she simply returned. room.

Chapter: 1173

Wang Shuo led people to chase them to the second floor, and saw that Su Yuqi and the other girls did not run away, but stood quietly, as if waiting for him.

Wang Shuo looked at Su Yuqi and the three of them, and said with a lustful look in his eyes: “You guys are so brave. You beat me, and you don't run away. You dare to live here. You really think you know how to do it, and I will take it.” Is there nothing you can do?”

The three girls glared at Wang Shuo. If looks could kill, Wang Shuo would have died many times at this moment.

“Ouch, don’t look at me like that, I’ll be scared...” Wang Shuo walked up to Su Yuqi boldly with a mean smile on his face, and reached out to touch Su Yuqi’s face, which had just been beaten on the beach. He may have forgotten that scene.

“If you don’t want to lose your hand, then get out of here...”

Su Yuqi said coldly to Wang Shuo.

Wang Shuo was stunned for a moment, and stopped extending his hand. Then he raised the corner of his mouth and said, “Damn, I’m really hot-tempered. Didn’t you see the dozens of subordinates behind me? How dare you threaten me? After a while, I’ll strip you all naked and throw you into the street to see if you still talk tough...”

After Wang Shuo finished speaking, he waved his hand, and then stepped back, perhaps because he was really afraid that Su Yuqi would do something.

Wow.....

Dozens of people brought by Wang Shuo swarmed forward and surrounded Su Yuqi and the three girls.

At this moment, people in many rooms on the second floor opened their doors and looked at the scene in front of them as if they were watching the excitement.

You must know that many of the people living here are warriors who are preparing to go to Suolong Island tomorrow. They are all at least masters, so they are not afraid of Wang Shuo at all.

“Sister, do you want to help me? As long as you stay with my brother for one night, he will get rid of these wastes for you with just one hand?”

A guy with a big beard leaned out from the door and asked Su Yuqi and the others with a lewd expression.

“Yes, let alone one hand or one finger, I can drive away these wastes. As long as the girl nods and has a few drinks with my brother...”

A thin guy with a sharp mouth and monkey cheeks also said.

“Sister, just say something, brothers will destroy these guys...”

“Yes, as long as the girl can accompany us and have fun...”

The other warriors who led the group also followed suit, not paying attention to people like Wang Shuo at all.

This time, Su Yuqi and the others were not angry, but Wang Shuo was extremely angry. This was Nanhua City, his territory, but he didn't expect that these guys didn't take him seriously at all.

You know that he can bring dozens of people behind him. Aren't these guests afraid?

“Shut the fuck up and go back to your room. Do you know who I am? My dad is the richest man in Nanhua City. If you dare to make trouble, believe it or not, I will kill you too...”

Wang Shuo angrily took the machete from one of his men and waved it twice.

“Hahaha.....”

Chapter: 1174

Seeing Wang Shuo's behavior, all the booing warriors burst out laughing.

In the eyes of warriors like them, the richest man in Nanhua City is nothing. You must know that a grandmaster can dominate one party, not to mention the existence of a great grandmaster and a martial sect here.

The Feng family and the Wu family in the Jiangbei provincial capital, their family head is just a grand master, but the assets of any family are not more than this or the richest man in Nanhua City. Now that Wang Shuo is following a group of warriors and saying this, it is simply a joke.

Wang Shuo saw that these people were not afraid and dared to laugh at him. This made Wang Shuo's face turn red with anger and his eyes were on fire.

"You guys just wait for me. When I take care of these three little girls, I'll take care of you..."

Wang Shuo gritted his teeth and said.

Just as Wang Shuo finished speaking, he saw a young man holding a folding fan and wearing a Chinese tunic suit walking over, followed by an old man behind him.

Chen Ping was also watching the scene in the room at this moment. When he saw the young man holding the folding fan, he immediately recognized him. This man was Mr. Xuanyuan whom he met in the restaurant.

"I'm afraid you won't have the chance to deal with these three girls..."

Young Master Xuanyuan looked at Wang Shuo with indifference and said.

Wang Shuo looked at Mr. Xuanyuan and said with a cold expression, "Do you want to stand up for them? Let me tell you, my dad is..."

Before Wang Shuo finished speaking, the old man behind Mr. Xuanyuan suddenly waved his hand, and Wang Shuo's body flew backwards from a distance of several meters.

He suddenly fell from the second floor to Yilu, and then fell hard to the floor of Yilu. His whole body was bleeding from all his orifices, his face was ferocious, and he couldn't die anymore.

At this moment, the dozens of men Wang Shuo had brought with him were so frightened that they turned around and ran away, disappearing without a trace in an instant.

Young Master Xuanyuan glanced around. The warriors who had just made noises all returned to their rooms in despair. It was obvious that they were afraid of the person in front of them.

"Hello, my name is Xuanyuan Kai..."

Xuanyuan Kai stretched out his hand towards Su Yuqi and the others, but all he got in exchange was blank looks from Su Yuqi and the others.

Originally, the three of them wanted to vent their anger on Wang Shuo and the gang, but they didn't want this Xuanyuan Kai to show up and pretend to be a big-tailed wolf, and the idea of letting the three of them vent their anger was shattered.

When Chen Ping saw this, he also walked out of the room. After taking a look at Xuanyuan Kai, he took Su Yuqi and Gu Ling'er's hands and said, "Let's go back to the room..."

"Hmph..." Xiaoru snorted angrily at Xuanyuan Kai and followed Chen Ping and the others back to the room.

Xuanyuan Kai was stunned for a moment. He watched Chen Ping lead Su Yuqi and the others into the room, and after closing the door, his eyes became slightly confused.

“Master.....”

The old man behind Xuanyuan Kai stepped forward slightly and shouted in a low voice.

Xuanyuan Kai waved his hand: “What I like can never escape. It’s too late today. Let’s talk about it tomorrow...”

Chapter: 1175

Xuanyuan Kai turned around and left.

In the room, Gu Ling’er’s face turned red, and she shook off Chen Ping’s hand. Just now, Chen Ping grabbed her and Su Yuqi’s hands, which made Gu Ling’er feel so tight that her heart almost jumped out of her chest.

“I’m sorry, I was just casual and didn’t mean to...”

Seeing Gu Ling’er’s face turn red, Chen Ping hurriedly explained.

Gu Ling’er shook her head, but secretly glanced at Su Yuqi. She was afraid that Su Yuqi would be jealous.

But at this moment, Su Yuqi was stunned and didn’t react.

“Yu Qi, what’s wrong with you?” Chen Ping also noticed that Su Yuqi seemed to be in a bad mood, so he asked.

“Nothing!” Su Yuqi shook her head hastily.

“By the way, did the old leader tell you anything? What did you promise him?”

Chen Ping then remembered what the old leader said before he died.

“It’s nothing. It’s too late. You can go and rest. We have to rest too...”

Su Yuqi pushed Chen Ping out of the room.

At this time, Wu Meier also returned to the room. Four girls were in the same room, and the atmosphere instantly became depressed and solemn.

No one spoke, only each other’s breathing could be heard.

After a while, Su Yuqi finally said: “Ling’er, if anything happens to me, I hope you can help me take care of Chen Ping...”

“Yu Qi, don’t talk nonsense. Didn’t Butler Long say that you don’t have to sacrifice your life? Maybe Chen Ping can get the dragon crystal by himself without your help...”

Gu Ling’er comforted.

Su Yuqi smiled, knowing that Gu Ling’er was comforting herself.

“Ling’er, life and death are fateful. I never thought that I was a fire spirit, but now that I am, I am willing to pay for Chen Ping without any regrets...”

Su Yuqi smiled, but it was a bit sad.

For a moment, none of the four girls spoke, but Wu Meier couldn't figure out what charm this Chen Ping had that could make girls willing to sacrifice their lives for him.

In another room, Chen Ping was begging Long Wu bitterly.

"Uncle Long, just tell me, what did the old dragon head mean before he died? What did he want Yu Qi and the others to do?"

Chen Ping asked Long Wu.

Chapter: 1176

"Okay, go to bed quickly. There are many things to do when we go to Suolong Island tomorrow. But remember, when you get to Suolong Island, you can't trust anyone except you..."

Long Wu warned Chen Ping.

"Aren't you going?" Chen Ping was a little surprised.

Long Wu shook his head: "If I go, the Long family will find you soon. You just need to go. I will stay here with Meier and wait for your good news..."

When Chen Ping heard it, he was right, so he said nothing more, and soon the two of them fell asleep!

The next day, just after dawn, everyone left the hotel and went to the pier!

At this moment, the pier is already full of people, and a five-story-high cruise ship is docked at the port. This cruise ship can hold thousands of people, which shows how many people are going to Suolong Island this time.

Although everyone knows that Suolong Island is dangerous and may never return, the temptation of huge profits still makes these people rush to Suolong Island one after another.

The ticket check started, and everyone lined up to board the ship. Many people who had not bought tickets wanted to sneak in, but they were all caught out. This cruise ship was owned by the Long family. Whether it was the ticket check or the people on the ship, they were all People from the Long family, so it is almost impossible to evade fares.

“Did you see that a great master just didn’t buy a ticket and tried to sneak in, but was beaten and thrown out? I don’t know what the origin of this Long family is?”

“I haven’t heard of it either. It must be a hidden family. I haven’t seen these ticket checkers. Are they all masters? We should just line up and check the tickets obediently...”

Not far in front of Chen Ping, two people were discussing quietly, but the sound of the discussion had already reached Chen Ping’s ears clearly.

The people who were watching the ticket checking were the Long family members. Thinking of his mother who was still being tortured, Chen Ping sincerely killed all these Long family members, but he knew that with his current strength, he could not compete with the Long family at all.

Chen Ping could only suppress his anger in his heart. When he was strong enough, he would definitely kill the Long family and rescue his mother...

Just as everyone was slowly queuing to board the ship, suddenly a group of people crowded over and shouted for everyone to make way for them.

Chen Ping looked around and found that it was Xuanyuan Kai who led his men to the front of the queue.

However, when everyone saw that it was Xuanyuan Kai, no one dared to say anything and just made way.

When Xuanyuan Kai and his men passed by Chen Ping and the others, they glanced at Chen Ping with some deep meaning.

Although Xuanyuan Kai led someone to jump in line, the Long family who checked the tickets did not say anything and just let them go.

But just as the team was re-arranged and continuing to check in and board the ship, suddenly there was another commotion from behind, and then a group of people squeezed to the front again.

A young man with dyed red hair and red clothes and pants came over with a group of people.

When they saw this strangely dressed young man, everyone couldn't help but exclaimed.

“Human Torch Cheng Kun!”

There was a trace of fear and fear in everyone's eyes, and they hurriedly moved out of the way.

Chapter: 1177

“I didn't expect that this demon king would also come.”

There was a middle-aged man in front of Chen Ping, about fifty years old, with a trace of loneliness flashing across his face.

“Uncle, who is that young man?”

Chen Ping asked curiously to the middle-aged man in front.

Chen Ping sensed that the young man in red clothes and red trousers was only a grand master, not as strong as Xuanyuan Kai just now. But looking at the expressions of these people, they seemed to be very afraid of this guy, even more terrifying than Xuanyuan Kai.

The middle-aged man glanced at Chen Ping and was about to say something when he suddenly became a little excited and said, "You...are you Chen Ping?"

Chen Ping was stunned, wondering how this middle-aged man knew him?

Seeing Chen Ping stunned, the middle-aged man hurriedly explained: "You followed Qin Xiaolin's fight. I went to watch it. Everyone knows you. I didn't expect that you defeated Wu Zong and killed Qin Xiaolin at such a young age. , it's really amazing..."

Chen Ping felt a little embarrassed to be praised by the middle-aged man. After smiling, he asked again: "Uncle, what's going on with this demon king you just mentioned?"

After recognizing Chen Ping, the middle-aged man immediately explained to Chen Ping enthusiastically: "This man's name is Cheng Kun. He is the only son of Cheng Zhichang, the master of the Perak Sect. He is fiery and ruthless. Although there are many people in the martial arts world nowadays, Most of the fights were fought to the point and would not hurt lives. But this guy always used his killing moves. No one knows how many people died in his hands. However, Cheng Zhichang stepped into the trap very early. Entering the realm of Wuzong, he is an old Wuzong with strong strength, so many people do not dare to provoke this Cheng Kun, and they all hide away when they see him."

After Cheng Kun squeezed to the front, he raised his eyes and looked around. Soon some warriors lowered their heads and did not dare to look at him. Some warriors even left quietly and did not plan to go to Dragon Lock Island. It was obvious. No one wants to provoke this murderous god.

Cheng Kun showed his ticket, and the ticket checker also let Cheng Kun in without stopping him.

“I didn’t expect that the dignified young master of Perak Sect would also come to join in the fun?”

At this time, Xuanyuan Kai had already walked into the cabin and saw Cheng Kun coming over, so he sneered.

Xuanyuan Kai’s tone sounded a bit disdainful.

“You allow Young Master Xuanyuan to come, but don’t you allow me to come?” Cheng Kun raised the corner of his mouth: “No one in the Long family said anything, why are you meddling in other people’s business?”

Xuanyuan Kai’s face darkened: “With your little strength, you will die if you come here!”

Xuanyuan Kai’s eyes were full of disdain. Of course, he also had the capital to disdain. He and Cheng Kun were similar in age, but now he was already at the peak of the Grand Master’s strength, and Cheng Kun was comparable to the fifth-grade Grand Master. This was still the Thunderbolt Sect. He spent a lot of money to search for a lot of miraculous medicines for him to take before he reached this state.

“Hmph, it’s not certain who will live and who will die...” Cheng Kun snorted coldly.

There was a strong smell of gunpowder for a while, and before they even reached Suolong Island, these people were already hostile.

“You two are so mean. Why didn’t you call me when you came?”

At this time, a young man with a vain and unruly face walked directly towards the cabin, followed by four or five tall experts behind him.

Seeing this man, many warriors gasped.

“It’s broken, it’s broken. These three demons are gathering together. I’d better withdraw...”

Chapter: 1178

The middle-aged man in front of Chen Ping, when he saw the young man coming again, was so frightened that he turned around and left, not planning to go to Suolong Island again.

“Uncle, who is this?” Chen Ping grabbed the middle-aged man and asked.

“This is Zhao Chuang, the eldest son of the Zhao family of Wuying Villa. It’s really busy today. I advise you not to go. You may even lose your life...”

After the middle-aged man finished speaking, he left in a hurry.

Chen Ping saw that many warriors turned around and left, throwing away their tickets and not going to Suolong Island. By leaving, nearly half of the people were missing.

Three young men scared away half of the warriors, which shows that the strength of these three families is extraordinary.

Chen Ping’s consciousness swept over Zhao Chuang, and he couldn’t help but frown slightly. This guy has just stepped into the master’s strength. Among the hundreds of people, any one of them will be stronger than this guy. With this kind of strength I also dare to go to Suolong Island.

“Zhao Chuang?” Cheng Kun and Xuanyuan Kai both shouted when they saw the person coming.

“Come to join in the fun with your skills? Be careful and let the beasts on the island eat you!” Cheng Kun said half-jokingly.

“I’m afraid that if you can’t get to Suolong Island, your life will be gone!” Xuanyuan Kai also said with a smile.

“You two are going too far. How can you curse me like this? Although my cultivation level is lower than yours, I have more women than you!”

Zhao Chuang was not angry, but defended with a proud look on his face.

“Okay, you only have this little talent, so show it off to us. Isn’t it embarrassing?”

Cheng Kun glanced at Zhao Chuang and said.

“Hey, Brother Kun, I don’t want to imitate you. I kill people at every turn. I don’t have any other skills. I just like to follow women!”

Zhao Chuang smiled and said.

“Have you had enough of playing with women? Do you want to die?”

Xuanyuan Kai glanced at Zhao Chuang disdainfully.

“Brother Kai, what are you talking about? Women never have enough fun. I just come here to find excitement. I won’t compete with you. When the time comes, I will ask you to protect me when I get to the island...”

Zhao Chuang said glibly.

Chen Ping looked at Zhao Chuang and didn't expect that this guy was quite smooth. He seemed to have a good relationship with Cheng Kun and Xuanyuan Kai.

"Okay, when the time comes, follow me and don't run around..."

As the saying goes, don't hit the smiling person. As the young owner of Wuying Villa, Zhao Chuang had to keep his attitude so low and call him "brother". He couldn't help but give face.

The three people walked towards the cabin hall, while others started to line up again to check in and board the ship!

Chapter: 1179

At this time, in a room at the highest point on the fifth floor of the cabin, a young man wearing a Chinese tunic suit, a shaved face, and a face as resolute as a knife was looking down at everything on the bow of the ship.

This person is Long Xingxu of the Long family. He has already reached the realm of Wuzong at a young age. Although Long Xingxu is only a collateral branch of the Long family, there are really not many people who can reach the realm of Wuzong at this age.

After a while, he will be able to get the opportunity of the Long family to cleanse his body. If possible, he will be able to step into the world of immortality and enter the core of the Long family.

"Master, no trace of Long Wu was found in the crowd, and Butler Long is no longer among them..."

A servant walked up to Long Xingxu and reported in a low voice.

"Long Wu is not stupid, how could he land on Suolong Island? Wouldn't that let us know who we are looking for at a glance? As for the Dragon Butler, he forced his way into Suolong Island, and his body has already been seriously injured. It is estimated that now He's long dead..."

Long Xingxu was still looking at everything on the bow of the ship, as if he wanted to see through everyone below.

“Young Master, there is one more thing. Now the Xuanyuan Family, Pili Gate and Wuying Villa have all sent people, and they are all the eldest young masters from each family. Do you think our plan can still be implemented?”

the servant asked.

“Implement it. At worst, we can just send people to follow the three families and tell them. This time we would rather kill by mistake than let anyone go...”

Long Xingxu’s eyes flashed fiercely, and he looked like a ruthless guy.

.....

Soon, everyone got on the ship, and as the whistle sounded, the cruise ship slowly set off towards Suolong Island.

Chen Ping went to the front desk with his plan, and then booked a room. It would take several hours to get to Suolong Island. He couldn’t sit still all the time. He found a room to rest. Chen Ping was just out of everyone’s sight. If he was caught by the Qin family, When people find out, it’s trouble again.

Just as Chen Ping was walking towards the front desk, suddenly a man wearing a black suit, a black hat, and a pair of black sunglasses passed by Chen Ping.

The man’s hands were very white. After passing Chen Ping, he quickly walked to the front desk.

Evil cultivator?

As soon as this man rubbed shoulders with Chen Ping, Chen Ping's consciousness instantly sensed that this man was an evil cultivator and was full of evil energy.

When Chen Ping's eyes touched the man in the black suit, the man obviously paused, looked back, and then walked forward again.

Chen Ping ignored it and walked to the front desk. After all, at this time, Chen Ping didn't want to cause more trouble and cause unnecessary trouble.

"Get me a room!"

"Get me a room!"

The man in black suit and Chen Ping said to the front desk almost at the same time.

At this time, the front desk was a little embarrassed and took out a room card: "Two gentlemen, I'm sorry, there is only one room..."

Chapter: 1180

Chen Ping looked at the man in the suit, and then the man in the suit took the room card directly into his hand while the front desk was not paying attention.

After the man in the suit got the room card, he turned around and left. He didn't want to have too much contact with Chen Ping, and it seemed he didn't want to get into trouble.

After all, evil cultivators are looked down upon in the martial arts world. If these warriors know that they are evil cultivators, they will definitely be attacked by a group of people. This man in a suit has already become the target of siege before he even reaches Dragon Lock Island.

“Stop!”

Just when the man in the black suit was about to leave with the room card, he was suddenly stopped by Su Yuqi and three other girls.

All three of them saw the scene at the front desk just now. This guy didn't say a word, just grabbed the room card and left?

It was simply rude. After all, I wanted a room at the same time. If this guy could say a few nice words, it would be okay to give the room to him. But this guy's attitude made Su Yuqi and the three of them very angry, so they gave the man in the suit to them. Stopped.

“What are you doing?” The man in the suit glanced at Su Yuqi and the three of them and asked.

“You are so rude? Why did you take the room card away? Leave the room card...”

Gu Ling'er accused the man in the suit angrily.

The man in the suit turned his head and glanced at Chen Ping, knowing that Su Yuqi and the others were following Chen Ping together. He did not speak, but turned slightly to one side, preparing to bypass Su Yuqi and the others and continue to leave.

“You are so unreasonable. You still want to run away with the room card?”

Su Yuqi hurriedly stopped the man in suit again.

“Get out of the way, otherwise I'll be rude to you...” the man in the suit said with a cold expression.

“So what if you’re welcome?” Su Yuqi was not afraid at all.

Not to mention that Chen Ping is here, with Xiaoru’s current skills, ordinary warriors are no match at all, not to mention there are still three of them.

At this time, some people around saw the excitement and hurriedly gathered around. When they saw that it was Su Yuqi and the three girls, they all became energetic and started to make noises.

After all, after a few hours of boring sailing, it would be nice to have a little interlude to spice things up.

Zhao Chuang, who was already lying in the room, heard a commotion in the cabin below and got up out of curiosity.

When he saw Su Yuqi and the three girls through the window of his room, his eyes almost popped out of his head.

Zhao Chuang stood up hurriedly and hurried down, while several of his men quickly followed.

Chen Ping saw more and more people gathering on the side, causing some trouble and affecting the landing on Suolong Island, so he planned to come over and let Su Yuqi and the three of them forget it.

But as soon as Chen Ping took two steps, he saw Zhao Chuang and others running down in a hurry from upstairs.

When the onlookers saw Zhao Chuang coming with someone, they hurriedly moved out of the way.
