

Gu Linger and Xiaoru shouted.

Soon, Su Yuqi ran around and came down. Gu Ling'er sat on it, and then changed Xiaoru's. The three girls followed Xue Lang and had a great time!

When Chen Ping saw this scene, he laughed helplessly. He understood that this snow wolf was too cunning. In order to let him keep it, he made the woman happy in advance. After all, women are in charge now!

After playing for a while, the three girls followed the snow wolf back. As soon as they saw Chen Ping, Su Yuqi was the first to speak: "Chen Ping, this snow wolf is here to stay, you can't drive it away!"

"Yes, you can't drive it away, otherwise the three of us will follow the snow wolf instead of you..."

Gu Linger threatened Chen Ping.

"Brother Chen, this Snow Wolf is so nice, just stay here..." Xiaoru also began to plead with Snow Wolf!

Chen Ping looked at the three girls with a look of helplessness on his face. Things had reached this point, and it would be no good if it wasn't popular.

Chen Ping glanced at the snow wolf, and he actually saw a bit of pride in the snow wolf's eyes. It was obvious that this was the strategy used by the snow wolf!

"Okay, let Snow Wolf stay!"

Chen Ping nodded.

The three girls were very happy. With the snow wolf, the journey would not be too boring, and they could ride on the snow wolf when they were tired, which was much more comfortable.

Chapter: 1202

Zhao Chuang and his men set off towards the hinterland of Suolong Island with Chen Ping and the others. This time, Xiaoru didn't chase Zhao Chuang away, and Chen Ping didn't say anything.

On the other side, the man in the suit lost Snow Wolf's beast elixir and was besieged by Cheng Kun and Xuanyuan Kai. He was extremely depressed!

He is now facing a breakthrough. If he can get more beast elixirs, he might be able to break through to the realm of fourth-level martial arts. If he is lucky and gets the legendary dragon crystal, he might be able to break through to the peak of martial arts in one go...

When he thought of this, the eyes of the man in the suit showed fanaticism. All evil cultivators have an incomparable desire for strength, otherwise they would not take the risk to practice evil arts.

squeak squeak squeak squeak squeak squeak squeak

A snow rat squeaked and ran quickly in front of the man in the suit. The man in the suit suddenly slapped his palm, and a wave of evil energy shot out from his palm instantly, hitting the flying snow rat in the middle.

The snow rat was beaten to death. The man in the suit picked up the snow rat and exerted a slight force on his hands.

Tsk la...

Snow Rat's body was torn in half by the man in the suit. Blood splattered all over him, but the man in the suit didn't care at all.

A crystal clear beast elixir, the size of a little finger, fell out of the snow rat's head.

"I didn't expect this little snow rat to have a beast elixir. It seems that Dragon Lock Island is really a good place..."

The man in the suit picked up the beast elixir with a look of surprise on his face.

But just when the man in the suit was about to put away the beast pill, he saw Qin Xiaoxian leading someone towards him.

The man in the suit frowned, opened his mouth and threw all the beast elixir into his mouth, then put on a posture and looked at Qin Xiaoxian who was walking over cautiously.

“Young man, don’t be nervous. We don’t mean any harm. I don’t know what to call you?”

Qin Xiaoxian said hurriedly when he saw that the other party was full of hostility.

The man in the suit took a look and found that only the Qin family came over and no one else was there, so he felt a little more relaxed.

“what you up to?”

The man in the suit did not tell Qin Xiaoxian what his name was, but asked Qin Xiaoxian.

“Young man, you can see that the Pili Clan, the Xuanyuan Family and the Wuying Villa are all united. No one else can expect to get any resources on this Dragon Dragon Island. The Snow Wolf is divided among them, but there is no Qin Family. Therefore, I hope to cooperate with you to deal with them together, otherwise we will not get anything, and you will be killed...”

Qin Xiaoxian said straightforwardly.

The man in the suit was stunned for a moment, then said cautiously: “With my status as an evil cultivator, do you dare to cooperate with me?”

You know, no one wants to have any relationship with an evil cultivator, otherwise they will be looked down upon by the martial arts world!

“Why don’t you dare? On this inaccessible Suolong Island, among us, who would know that we are cooperating? When you leave Suolong Island, you take your Yangguan Road, and I will cross my single-plank bridge. Just don’t contact us...”

Chapter: 1203

Qin Xiaoxian said indifferently.

The man in the suit frowned slightly, looked at Qin Xiaoxian and thought about it carefully, then nodded and said: “Okay, I promise to cooperate with you.”

“Okay, after we cooperate, we no longer have to be afraid of the three of them!”

Qin Xiaoxian laughed.

The man in a suit took the snow rat in his hand and handed half of it to Qin Xiaoxian: “The flesh and blood of this beast is a great supplement. It’s impossible to live without anything to supplement it for three days on Dragon Lock Island...”

After the man in the suit finished speaking, he picked up the other half of the snow rat and started eating it. His mouth was full of blood, but the man in the suit didn’t care at all.

Qin Xiaotian on the side almost vomited when he saw this scene. He had never eaten like this before.

Qin Xiaoxian looked at the man in the suit and smiled, and started to eat heavily.

But Qin Xiaoxian’s eyes were a bit proud. He formed an alliance with the man in the suit. It was just a temporary measure. When he left the island, he would find a way to get rid of the man in the suit. Otherwise, if the news spread, the Qin family would actually follow him. If the evil cultivator cooperates, the ancestor of the Qin family will not let him go.

Although the man in the suit is very good, it’s a pity that he is still a little young and does not understand the dangers of the world!

After eating the snow rat, the man in the suit continued to move forward, followed by Qin Xiaoxian and others. Now that the two parties have formed an alliance, the man in the suit ignored the Qin family.

In his opinion, except for Qin Xiaoxian, who is a master of martial arts, the rest of the Qin family are just great masters and pose no threat to him at all.

Along the way, the man in the suit stopped and walked, frowning slightly from time to time, as if he was thinking about something.

“Second brother, what is this guy doing? Why are you so suspicious? Form an alliance with him and stop cheating? We haven’t caught anything along the way!”

Qin Xiaotian looked at the man in suit and said very dissatisfiedly.

Qin Xiaoxian waved his hand and interrupted Qin Xiaotian: “You know what the heck, this time we may have a big surprise...”

Qin Xiaoxian knew that the man in a suit must be looking for the legendary dragon. If he could really find the dragon and get the dragon crystal, then this trip would be worth it.

Many people go to Dragon Island just to find some medicinal herbs and beast elixirs. Few people are interested in the dragon crystal. After all, it is just a legend. Whether they can actually encounter a giant dragon depends on luck.

While Qin Xiaoxian and Qin Xiaotian were talking, the man in a suit took out something similar to a compass from his pocket, and then muttered something, and instantly injected an evil spirit into the compass.

The pointer on the compass began to rotate rapidly, and finally stopped slowly. At the moment the compass pointer stopped, a cloud of black air flew out from the compass, and then quickly disappeared in the direction where the pointer stopped.

When the man in the suit saw this, his face lit up and he immediately chased after him.

Seeing this, Qin Xiaoxian hurriedly waved: "Follow me quickly..."

.....

At this time, on the other side, Chen Ping took Su Yuqi and the others, holding a map and walking towards the place where the ice dragon might be.

Chapter: 1204

Because of the existence of the snow wolf, the three girls did not feel bored. If they were tired, they would ride on the snow wolf. They did not encounter any wild beasts along the way. Maybe they smelled the snow wolf and were far away. Stay away from it.

"Xiaoru, are you cold? I'll give you the clothes!"

"Xiao Ru, are you hungry? I have chocolate with me. This thing is the best way to replenish your physical strength. Here you go..."

Along the way, Zhao Chuang cared about Xiaoru meticulously, which made Su Yuqi and Gu Ling'er envious.

"Zhao Chuang, I want to eat chocolate too, won't you give us a share?"

Gu Ling'er asked jokingly.

Along the way, Su Yuqi and Gu Ling'er always teased Zhao Chuang, and Zhao Chuang also took the opportunity to fawn over the two of them. After all, with Su Yuqi and Gu Ling'er helping to talk, he might be more likely to catch Xiaoru.

"What did Sister Ling'er say? Of course you also have a share..."

Zhao Chuang ordered his men to take out the chocolate.

This guy knew that Suolong Island was difficult, so he asked his men to bring a lot of good things, and he made Su Yuqi and Gu Ling'er happy along the way.

I don't know how long we walked, but the cold became more and more pressing. Many people couldn't resist the cold and shivered all over. You know, they would have come wearing thick clothes.

Su Yuqi and the other three girls all hugged the snow wolf tightly, feeling that the temperature of the snow wolf's fur could be better. Zhao Chuang was a little miserable. He was wrapped in several pieces of clothing, but he was still freezing. trembling.

Soon, Chen Ping's consciousness seemed to detect something, so he quickened his pace, and the others also started running hurriedly.

After running for a while, a deep pool of about two to three thousand square meters appeared in front of everyone. The calm pool water glowed with sparkling silver under the sunlight.

The water in the pool turned into an ink color, as if it had been poisoned and polluted, and it also exuded bursts of cold air.

"In such a cold place, why doesn't this pool of water freeze?"

Gu Ling'er looked at the ink-like pool water and said in confusion.

"Look, there's someone in the pool..."

At this time, Xiaoru screamed.

Chen Ping and the others followed the sound and saw a large raised stone in the middle of the pond, only four or five square meters in size. But at this time, on the big stone, there was a figure sitting cross-legged.

“Isn’t this the evil cultivator? How did this kid find it here? Is there really a dragon here?”

Zhao Chuang recognized the person on the stone and said with some surprise.

At this time, the man in a suit sat cross-legged on a stone in the middle of the pool, and around them, waves of black mist continued to rise from the pool. These black mist were actually sucked into the body of the man. .

When Zhao Chuang saw this scene, his expression changed with fright. After all, he had never seen such a scene before. It was like the devil had come.

Chapter: 1205

Chen Ping frowned. It seemed that the evil cultivator also suspected that the ice dragon might be in the deep pool, so he was absorbing the cold air of the pool to lure the ice dragon out.

As the man in a suit on the big rock not only absorbed the Yin Qi in the pond, the originally very calm pond suddenly showed a trace of ripples, followed by layers of waves hitting the big stone in the middle. It seems to be expressing his dissatisfaction.

However, the man in the suit didn’t seem to care. He still sat there with his eyes closed, and the black mist on his body became thicker and thicker.

At this moment, Qin Xiaoxian and the Qin family were hiding behind a stone. They had long noticed the arrival of Chen Ping and the others, but they did not show up.

Although it was the best time to show up to kill Chen Ping at this time, Cheng Kun and Xuanyuan Kai did not follow. Only the people from Wuying Villa followed Chen Ping. Qin Xiaoxian was sure to kill Chen Ping, but he did not do so. .

The most important thing now is to draw out the ice dragon and take out the dragon crystal. If Qin Xiaoxian follows Chen Ping to fight for revenge, it will definitely consume a lot of energy. When the ice dragon really appears, wouldn’t it be someone else’s advantage?

Suddenly, a dragon's roar sounded in the pond, and this dragon's roar actually made the entire pond seem to be boiling.

Following this dragon roar, the man in a suit on the big rock suddenly opened his eyes and slowly stood up.

As the man in the suit stood up, a shocking wave rose from the pond. At this time, the man in the suit showed a solemn look on his face.

Wow...

There was a sound of water, and a dragon head suddenly emerged from the pool of water, with its mouth wide open and headed towards the man in the suit.

Seeing this scene, everyone was shocked. Even Chen Ping couldn't help but widen his eyes. He had never thought that there was really a dragon.

The man in the suit couldn't help but frown slightly, and he suddenly stamped his feet. His body immediately jumped into the air and jumped several feet high, trying to avoid the ice dragon's attack.

But the ice dragon didn't seem to let go of the man in the suit. His whole body also jumped out of the water, its mouth tightly opened, and followed behind the man in the suit.

At this time, everyone could clearly see the entire face of the ice dragon. The entire body of the ice dragon was actually transparent, as if it were made of huge ice blocks. Its body was about five to six feet long, with a red light shining on its head. Something, it should be dragon crystal.

"This is not a real dragon....."

After Chen Ping saw the entire scene of Leng Bing, he immediately realized that this was not a dragon at all, but was condensed by some kind of formation or some kind of spiritual weapon.

Just like Chen Ping's Dragon-Slaying Sword, he can use his spiritual power to transform flames of various shapes, but those are all illusory and not real.

And the ice dragon in front of him, which is composed of countless ice blocks, is obviously like this. It is not a real dragon at all.

But the glowing red dragon crystal in the ice dragon's head actually exists. Maybe the current ice dragon is driven by this dragon crystal.

Chen Ping stared at the ice dragon, while the ice dragon chased closely behind the man in the suit.

After his body flew several feet into the air, the man in the suit seemed to have reached his limit and was no longer able to raise his body. At this time, his body began to fall, and the ice dragon below was waiting for the man with its mouth wide open.

The man in the suit's face turned cold, and he suddenly backhanded his hand. A soft sword with a cold light appeared in his hand. He took a sudden breath, turned his body downward, swung the long sword in his hand, and stabbed directly at the ice dragon's head.

Tsk tsk...

Chapter: 1206

When the ice dragon saw the man in a suit stabbing him, he immediately spurted out a burst of ink-colored liquid from his mouth. The liquid was obviously pool water, and the surrounding air instantly became a bit colder.

Facing the black liquid sprayed by the ice dragon, the man in the suit not only did not dodge, but instead showed a hint of joy on his face.

After rushing through the black liquid, the man in the suit pointed his long sword in his hand, and stabbed directly at the ice dragon's head from a high position, obviously heading for the dragon crystal.

clang.....

There was a sound of metal colliding, and a burst of fire was seen. The ice dragon was unscathed, while the man in the suit was shaken and numb.

With the power of this sword, the man in the suit soared into the air again, but this time his face was full of solemnity.

This ice dragon's body is so powerful that it cannot be hurt at all. Even if there are some scars, it can be repaired quickly. After all, this ice dragon is just a pile of ice cubes. In such cold weather, if the ice cubes crack, they can be repaired quickly. of freezing.

The man in the suit rose into the air again with the power of a sword, but after exhaustion, his body fell back again. This time he planned to use the same method to attack the ice dragon again.

But this time, the ice dragon did not spit out black liquid, but its whole body suddenly swelled, and then its tail fiercely whipped towards the man in the suit.

The ice dragon's tail, with a whistling sound, moved towards the man in the suit. The man in the suit looked horrified, but he had no way to use his strength in mid-air. He could only hold the soft sword and desperately resist the ice dragon's blow. Clean up.

Bang!

With a muffled sound, the man in the suit was pulled out and fell heavily to the shore. His face was extremely ugly, but the man in the suit still got up slowly with his will.

Seeing this scene, both Chen Ping and Qin Xiaoxian, who was hiding in the dark, couldn't help but take a breath of air.

This man in a suit has the strength of Wu Zong, but when he faced the ice dragon, he was swept away by his tail, which shows that the strength of this ice dragon is extraordinary.

Looking at the ice dragon in mid-air, Chen Ping stretched out his hand, and the Dragon-Slaying Sword appeared in his hand. Facing the ice dragon, Chen Ping had to go all out. I didn't dare to be careless at all.

Seeing Chen Ping taking out his weapon, Qin Xiaotian became a little anxious: "Second brother, this guy Chen Ping may be going to take action. We can't let him take the dragon crystal..."

"No one is allowed to move..." Qin Xiaoxian stopped Qin Xiaotian who was about to rush out.

The reason why Qin Xiaoxian remained still was because he knew that Chen Ping could not defeat the ice dragon so easily. When Chen Ping followed the ice dragon and both sides were injured, he would go out and reap the benefits.

And when the man in the suit saw that Chen Ping actually wanted to attack the ice dragon, his eyes narrowed slightly and he began to mutter something.

As the man in the suit continued to spit out notes, the water in the pool that had just calmed down began to boil again.

It seemed that the man in the suit didn't want Chen Ping to attack the ice dragon.

The waves splashed, and countless black mist swarmed towards the man in the suit. When they arrived in front of him, all the black mist quickly penetrated into the body of the man in the suit.

Seeing the black energy moving towards the man in the suit, the ice dragon began to become a little irritable.

Soon, the black energy above the man in the suit slowly gathered into a huge fist. The man in the suit glared at his feet and headed directly towards the ice dragon.

Chapter: 1207

The ice dragon didn't show any signs of weakness. He screamed twice, opened his bloody mouth and headed towards the man in the suit.

I saw the two sides crisscrossing each other and fighting together. Everyone on the shore couldn't help but move back, fearing that it would affect them.

Only Chen Ping stood motionless and watched, his brows knitted tightly together. The strength of this evil cultivator actually exceeded Chen Ping's imagination. He didn't expect that this guy's magic skills were so powerful. He was really well hidden. of.

At this moment, Cheng Kun and Xuanyuan Kai also brought people over. When they saw the man in a suit fighting with the ice dragon in mid-air, their expressions became very ugly.

Bang!

With a muffled sound, the man in the suit and the ice dragon all involuntarily stepped back. However, it was obvious that the man in the suit suffered more, because at this time he had been directly knocked away by the ice dragon.

The man in the suit fell to the ground, his face as white as a piece of paper, and blood spurted out from his mouth.

The ice dragon seemed to be seriously injured. With one blow, its entire body fell directly back into the water.

Gradually, the lake surface returned to calm, and everyone looked at the man in the suit with solemn expressions.

"Second brother, it's broken. This guy can't fight the ice dragon. It seems he can't escape. What should we do?"

Qin Xiaotian saw that the man in the suit was injured and knew that this guy would definitely not be able to escape. After all, Cheng Kun and Xuanyuan Kai had also arrived, and it was impossible for them to watch an injured evil cultivator leave.

Qin Xiaoxian was silent, his face changing constantly. He didn't know how injured the man in the suit was, and he didn't dare to go out rashly.

When Zhao Chuang saw the man in the suit being knocked to the ground with blood spurting out of his mouth, a smile suddenly appeared on his face.

He could finally take revenge. On the cruise ship, the man in the suit didn't give him face, and now was the time to take advantage of his illness and kill him.

Zhao Chuang waved his hand, led several of his men, and then surrounded the man in the suit.

When the man in the suit saw Zhao Chuang leading people to surround him, his expression changed drastically. He knew without thinking that this Zhao Chuang was just here to seek revenge.

There were also people from the Pili Clan and the Xuanyuan Family who were all around. The man in the suit knew that it would be difficult to escape from here if he didn't fight hard.

"Haha... aren't you awesome? How about it, now that it's in my hands, I'll let you know what life is worse than death!"

Zhao Chuang looked at the man in the suit and said with a proud face.

Although the man in the suit stared angrily, he was seriously injured at this moment and could not be the opponent of Zhao Chuang and others, so he could only let Zhao Chuang yell and curse.

Seeing that the man in the suit didn't fight back, Zhao Chuang felt even more happy. He raised one foot and stepped hard on the man's face.

Zhao Chuang's action completely angered the man in the suit. As a martial arts master, he was so humiliated by a small master. The man in the suit was not going to endure it anymore.

He saw the man in a suit groping on his body. Zhao Chuang thought he was going to pull out some weapon, so he quickly took two steps back in fright.

But when he looked closely, he saw the man in a suit taking out a puppet, and Zhao Chuang couldn't help but feel happy.

Chapter: 1208

"You're paralyzed, you're so old and you're still playing with dolls!"

Zhao Chuang said with a sarcastic face.

"Ha ha....."

Zhao Chuang's men also laughed.

The man in the suit ignored Zhao Chuang's sarcasm, but took the doll in his hand, bit the tip of his tongue, and sprayed a mouthful of blood on the doll's body.

He was already seriously injured, but this spurt of blood made the man in the suit even more seriously injured. His face was as pale as paper and he almost fainted.

After the doll was sprayed with semen and blood, a burst of black smoke rose up, and then a child with a ferocious face and two fangs appeared.

This time, Zhao Chuang and the others were frightened. Although they were all warriors, they had never seen such a thing before, so they couldn't help but step back.

"Back off?" After Chen Ping saw the child with a ferocious face appearing, he couldn't help but be slightly startled. He quickly reacted and shouted to Zhao Chuang: "This ghost baby is poisonous, get out of the way..."

Hearing Chen Ping's shouts, Zhao Chuang and the others retreated.

However, one of the men retreated too slowly, and a black shadow flashed past. The ghost baby grabbed the man's shoulder directly, and pierced the body with two fangs.

“ah.....”

Zhao Chuang's subordinate screamed miserably.

Waves of yin energy, following the ghost baby's fangs, directly invaded the man's body. Soon, the Zhao family member's body turned black, his eyes widened, showing extreme fear.

Slowly, the man stopped shouting, his whole body hunched to the ground, and the ghost baby quickly moved towards the next target.

Seeing this scene, whether it was Zhao Chuang, Cheng Kun, or Xuanyuan Kai, they were all surprised.

Even Qin Xiaoxian, who was hiding in the dark, was shocked. He did not expect that this evil cultivator could still have such strength after being seriously injured.

He felt a little scared, and he wanted to add insult to injury and kill the evil cultivator when he left. If he really did it, he would be the one who died.

At this time, Chen Ping stared at his feet, jumped into the air, and headed straight for the ghost baby.

Bang!

With a muffled sound, Chen Ping kicked the ghost baby away.

The ghost baby fell next to the man in the suit, and his breath became very weak.

Originally, the ghost infant and the evil cultivator were of the same body. Now the man in the suit was seriously injured and his strength was greatly damaged. He sacrificed the ghost infant forcibly, once again consuming his life essence, so he was one step closer to death.

But it was obvious that the man in the suit was determined to die, so he sacrificed the ghost baby.

Chapter: 1209

“What the hell is this?”

Zhao Chuang asked Chen Ping with a look of horror on his face.

“This is a ghost infant. Every evil cultivator can cultivate his own ghost infant, but he can only cultivate it when he reaches the realm of martial arts. This guy’s ghost infant is so huge. Is it possible that he will reach the realm of the fourth-level martial arts?”

Chen Ping frowned.

If this guy hadn’t been injured by the ice dragon, it would be really difficult for them to deal with him.

The man in the suit slowly got up and suddenly opened his mouth. The ghost baby instantly turned into a burst of black smoke and entered the man’s body. The man in the suit had another puppet in his hand.

The man in the suit put the puppet back in his pocket, then took a breath of breath and slowly backed away.

And his eyes looked towards the place where Qin Xiaoxian and the others were hiding.

“Is this how you form an alliance with me? Stand idly by and hope to reap the benefits?”

The man in a suit asked Qin Xiaoxian angrily.

Upon seeing this, Chen Ping hurriedly sent out his spiritual consciousness, and immediately discovered where Qin Xiaoxian and the others were hiding.

Chen Ping had just focused his attention on the man in the suit, but he didn't expect that there was someone hiding here.

Qin Xiaoxian saw that he could no longer hide, so he led people out of the hiding place.

The man in a suit looked at Qin Xiaoxian with anger in his eyes.

"What nonsense are you talking about? My Qin family is an authentic sect of a famous family. How could I form an alliance with evil cultivators like you? Please stop slandering me..."

Now that the man in the suit has been seriously injured and has lost his use value, how could Qin Xiaoxian admit to forming an alliance with him.

When the man in the suit heard this, his anger instantly burned: "Okay, so contrary to one's promise, and yet you dare to say that you are from a well-known family and are shameless..."

Black mist rose from the palm of the man in a suit, preparing to attack Qin Xiaoxian.

But at this moment, the originally calm pond suddenly became violently violent, and soon a towering water column rushed out of the pond, followed immediately by a large dark hole with no bottom. At this time, the pond was surrounded by water. It swirled around, but not a drop of water fell into it.

Soon, the ice dragon soared into the sky from the dark hole, and in the ice dragon's head, the dragon crystal began to flash with light, and the dazzling light even compared with the sun.

Seeing this scene, everyone's eyes glowed with burning greed. They all knew that the thing in the ice dragon's head must be dragon crystal.

"Dragon crystal?"

Cheng Kun and Xuanyuan Kai couldn't help but exclaimed after seeing what looked like a night pearl in the ice dragon's head.

The two of them came late and didn't notice the dragon crystal just now, but when they saw the dragon crystal, their eyes were full of heat. This dragon crystal was a priceless treasure to them.

Chapter: 1210

Even the man in a suit who had just been seriously injured couldn't help but stop after seeing the dragon crystals that were constantly glowing in the ice dragon's head, his eyes full of greed.

The ice dragon soared into the sky, its mouth wide open, and its eyes swept over everyone.

When it found the man in a suit not far away, the ice dragon suddenly sprang out and headed straight for the man in the suit. It turned out to be looking for the man who had injured it.

When the man in the suit saw the ice dragon coming straight towards him, his face turned pale with fright. How could he still have the strength to fight with the ice dragon now, not to mention that there were many people around him who were eyeing him.

The ice dragon was castrated so quickly that the seriously injured man in the suit had no chance to dodge. The ice dragon sprayed out a mouthful of ink-colored liquid all over his body. Soon the body of the man in the suit was sealed by ice and turned into an ice sculpture. .

When everyone saw this scene, they couldn't help but tremble slightly, but facing the temptation of the dragon crystal in the ice dragon's head, no one backed away.

They came here for the treasure. Now that the treasure has appeared, how could they give up.

"Everyone in the Xuanyuan family obeys the order and follows me to kill this ice dragon and get the treasure!"

Xuanyuan Kai looked at the dragon crystal in the ice dragon's head, then gritted his teeth and ordered.

Soon, the people brought by Xuanyuan Kai rushed forward with Xuanyuan Kai.

The ice dragon, who originally wanted to retreat into the cave, saw a group of people suddenly attacking him. He raised his head and roared, opening his mouth wide and preparing to fight.

Chen Ping, who was far away, frowned slightly when he saw this scene. With the people brought by Xuanyuan Kai, there was no way they could be Ice Dragon's opponents.

Ding-ding-ding-ding-ding...

In the blink of an eye, all the weapons of the Xuanyuan family were slashed at the ice dragon. The weapons contained energy and were extremely powerful. A burst of fire splashed out. White marks appeared on the ice dragon's body, and there were even subtle ones. The wound healed quickly.

Hiss...

The ice dragon roared loudly, and its huge tail swept directly towards Xuanyuan Kai and the others.

Seeing the ice dragon attacking, everyone in the Xuanyuan family couldn't help but retreat quickly, but some people were still hit and fell heavily to the ground, seriously injured.

Xuanyuan Kai looked gloomy when he saw this situation, but he had no intention of giving up because the temptation of dragon crystal was too great.

"Cheng Kun, are you just watching from the sidelines? Let me tell you, if we fight alone, we will all be killed by this ice dragon, and no one can get the dragon crystal. Why don't we two join forces and get the dragon crystal? , how about we share it equally between the two families?"

Xuanyuan Kai knew that they couldn't defeat this ice dragon simply by relying on their own strength, so he planned to join forces with the Thunderbolt Sect.

Cheng Kun looked at Xuanyuan Kai. In fact, he had already planned this. Although the two of them didn't like each other, they had no choice but to join forces at this moment.

“Okay, let's work together to kill this ice dragon and take out the dragon crystal...”

Cheng Kun nodded.

The people brought by Cheng Kun and the people brought by Xuanyuan Kai were together, and they were all ready to attack.
