

The Order 1211

Chapter: 1211

“Second brother, what should we do? Should we join in?”

Qin Xiaotian asked anxiously when he saw the two families united.

If the dragon crystal is really taken away by the two families, the Qin family will get nothing.

It’s better to join them now and maybe get some points by then.

“Shut up. Even if we want to join now, they won’t look down on us. We won’t get anything by then. Now just wait and see what happens...”

After Qin Xiaoxian finished speaking, he glanced at Chen Ping.

If they couldn’t get the dragon crystal in the end, they would have to find a way to kill Chen Ping and avenge their eldest brother.

“Zhao Chuang, would you like to take part in your Shadowless Villa and bring your people with us to deal with this ice dragon...”

Xuanyuan Kai looked at Zhao Chuang and asked.

Although the people brought by Zhao Chuang are relatively weak and do not have Wuzong, one more person will bring more strength. Xuanyuan Kai wants to be safer, not to mention that there are people from Chen Ping and Qin family around. If they get Long Jing was seriously injured, so someone would definitely attack them behind their backs.

“Brother Kai, I don’t want any dragon crystal. I won’t get involved with you with my little strength...”

Zhao Chuang shook his head.

He just came here to play. As for the dragon crystal, it was not important to Zhao Chuang. His life was the most important.

“Brother Chen...”

Xiaoru saw that Cheng Kun and Xuanyuan Kai were going to join forces to get the dragon crystal, so she worriedly shouted to Chen Ping.

Chen Ping also frowned at this time. He couldn’t just watch the dragon crystal being snatched away by others. But at this time, Cheng Kun and Xuanyuan Kai’s families were united. If Chen Ping really wanted to conflict with them, he would not be able to take advantage at all, let alone There was also Qin Xiaoxian and his gang watching him eagerly.

If he gets hurt in a conflict, the Qin family guys will take action without hesitation.

Just when Chen Ping was in a dilemma, Cheng Kun and Xuanyuan Kai had already led people to attack the ice dragon.

“stop.....”

Chen Ping jumped up and stood in front of Cheng Kun and Xuanyuan Kai.

“What do you want to do, kid?”

Cheng Kun glared when he saw that Chen Ping was actually blocking them.

“Can you give me the dragon crystal to pick up? I can exchange it with you for other pills...”

Chen Ping knew that he couldn't start a conflict with them unless he had to, otherwise it would end in a lose-lose situation, and no one would be able to get the dragon crystal, and in the end he would be able to take advantage of the Qin family.

Chapter: 1212

“Go away, don't block our way, you won't get anything in exchange...”

Cheng Kun had a fiery temper and slashed at Chen Ping with his knife.

Chen Ping turned sideways to avoid Cheng Kun's attack, but when Xiaoru saw that Cheng Kun was actually attacking Chen Ping, she swung her sword forward!

Now, despite Xiaoru's young age, he is at the peak level of a grandmaster and at the same level as Xuanyuan Kai. This Cheng Kun is no match for Xiaoru.

Ding.....

With a crisp sound, Cheng Kun felt his arms go numb and his body couldn't help but take a few steps back, while Xiaoru glared at Cheng Kun and stood beside Chen Ping.

Upon seeing this, Gu Ling'er and Su Yuqi also ran over.

“Roar...” Snow Wolf also ran over, grinning at Cheng Kun and Xuanyuan Kai.

“Paralyzed, surround them...”

Cheng Kun cursed angrily, and soon the people from Perak Gate surrounded Chen Ping and the others. Seeing this, Xuanyuan Kai also asked his men to look at Chen Ping eagerly.

“Brother Kun, Brother Kai, don’t be angry, don’t be angry...”

Zhao Chuang saw this and ran over quickly, preparing to break up the fight.

“Zhao Chuang, get out of here. Anyone who stops us today will die...”

Cheng Kun said with a fierce look.

“Except for Brother Chen, no one else can take this dragon crystal away today...”

Xiaoru looked determined.

In order for Chen Ping to take the dragon crystal, the old dragon head sacrificed too much, even his own life. How could he let others get there first and take the dragon crystal away.

“Brother Kun...” Zhao Chuang wanted to say something else, but Cheng Kun didn’t listen at all.

“Zhao Chuang, I told you to get out, do you hear me...”

Cheng Kun glared at Zhao Chuang.

Zhao Chuang looked at Xiaoru, who had a firm look on his face, and finally gritted his teeth and said: “Brother Kun, Brother Kai, don’t blame brothers for being unloyal. None of you can touch Xiaoru, otherwise you will step over me, Zhao Chuang... ...”

After Zhao Chuang finished speaking, his men came over one after another to protect Zhao Chuang.

At this time, Cheng Kun and Xuanyuan Kai led people to confront Chen Ping and Zhao Chuang.

Qin Xiaoxian, who was not far away, saw this scene and was so happy that he almost laughed out loud. He hoped that the two parties would fight quickly, so that both parties would be injured, and they would be able to reap the benefits. Although with their strength, he may not be able to get the dragon crystal, but Chen Ping definitely can't escape.

Chapter: 1213

Chen Ping and Su Yuqi glanced at Zhao Chuang gratefully. They didn't expect that this careless young man would actually be so affectionate and loyal to Xiaoru in the end.

Xiaoru was also very moved, and looked at Zhao Chuang with tenderness in her eyes.

"Now that we are fighting, you may not necessarily win. I still say the same thing, give me the dragon crystal, and I can make up for your pills..."

Chen Ping looked at the situation at the scene and knew that his team, Zhao Chuang's men, Xue Lang, Cheng Kun and Xuanyuan Kai were not necessarily opponents, so he said.

"Stop talking nonsense, Long Jing can't let..."

Cheng Kun's anger showed no sign of giving in. The scene was full of gunpowder, and a fight was about to begin.

The allure of dragon crystal is too great, so neither Cheng Kun nor Xuanyuan Kai can easily give it to Chen Ping. Finding the ice dragon is a once-in-a-lifetime opportunity, so how can they let it go.

Chen Ping frowned and was in a dilemma, but just when Chen Ping didn't know what to do, the ice dragon let out a roar and then returned to the cave.

After the ice dragon entered the dark hole, the pool of water instantly poured down.

When Chen Ping saw this, he jumped in without hesitation!

Not long after Chen Ping entered the cave entrance, the dark cave entrance was filled with water, and the entire pond returned to its original calm!

At this moment, everyone was dumbfounded. No one thought that Chen Ping would dare to jump into the pool.

“Chen Ping...”

“Brother Chen.....”

Su Yuqi and the others shouted, but there was no movement in the pool!

Su Yuqi and the other girls started crying because of anxiety.

But at this time, Chen Ping, who was under the pond, was also facing a life and death decision.

With his current strength, it may not be that easy to obtain the dragon crystal alone, but when he thinks of his suffering mother, Chen Ping is also worried!

After Chen Ping jumped into the hole, his body dropped rapidly, but the pool of water did not flow into the hole, but the hole was sealed. It seemed that there was something in the dark hole blocking the water from flowing in!

Soon, Chen Ping's body fell on a soft ball, like an inflated balloon. Chen Ping's body fell on it and was bounced away for a distance.

Chen Ping could not see anything in the dark cave, so he could only carefully explore the surroundings with his spiritual sense, but he could not detect the existence of the ice dragon at all, which made Chen Ping very confused.

A ball of flame rose up in Chen Ping's palm, illuminating the cave a lot. Stepping on the soft things under his feet, Chen Ping walked forward for a distance, and unexpectedly found the dragon crystal placed firmly on a stone.

"Isn't this dragon crystal in that dragon head?"

Chen Ping frowned and couldn't understand why this dragon crystal appeared here.

Chapter: 1214

Around the stone where the dragon crystal was placed, a clear and transparent spring water was flowing slowly, surrounding the dragon crystal!

After observing the surroundings, he found that there was no figure of the ice dragon. Looking at the flowing water, Chen Ping seemed to have some realization.

The entire body of the ice dragon is made up of transparent ice cubes. It is very likely that those ice cubes are the spring water in front of them.

Chen Ping did not dare to be careless, so he took out the Dragon-Slaying Sword and took two steps forward gently, intending to use the Dragon-Slaying Sword to pick up the dragon crystal.

But when the dragon-slaying sword in Chen Ping's hand just approached the dragon crystal, the spring water boiled instantly. The spring water tightly wrapped the dragon crystal, and then began to freeze!

When Chen Ping saw this, he immediately understood that the ice dragon was about to appear.

If the ice dragon appeared, it would be difficult for Chen Ping to get the dragon crystal. Looking at the rapidly freezing spring water, Chen Ping quickly shot out a few flames from his palm, but there were none.

In the end, Chen Ping suddenly felt anxious, rushed forward, and quickly grabbed the dragon crystal with one hand!

But at this time, the spring water also enveloped Chen Ping, and then directly froze Chen Ping inside.

The ice dragon appeared, but Chen Ping's figure was clearly visible in the ice dragon's body.

One of Chen Ping's hands was still holding Long Jing, but his body couldn't move!

Chen Ping felt as if he had fallen into a cave of ice. The biting cold air made Chen Ping's consciousness blur.

He wanted to use the Heart Condensation Technique to refine the cold energy that invaded his body, but it was to no avail!

With a dragon roar, the ice dragon rushed towards the cave entrance again!

Crash la la la la la la la la la la la la la la.

After a splash of water, the pool water parted again, and the ice dragon's body rushed directly into the air.

Su Yuqi and the others, who were originally very anxious and crying, all hurriedly looked over when they saw the ice dragon emerging from the water again.

When they saw Chen Ping's body inside the ice dragon, they were all dumbfounded.

Even you, Cheng Kun, Xuanyuan Kai, and even Qin Xiaoxian looked at the scene in front of you in disbelief.

"Is this... was it swallowed by the ice dragon?"

Zhao Chuang looked at this strange scene and said stutteringly.

"Chen Ping..."

Su Yuqi shouted with all her strength, and then rushed directly towards the ice dragon.

However, she was grabbed by Gu Ling'er. With Su Yuqi's strength, she would be slapped to death by the ice dragon before she could reach him.

Chapter: 1215

Although Chen Ping was unconscious at the moment, he struggled to prevent himself from passing out. Seeing Su Yuqi trying to rush up to save him, Chen Ping was also anxious!

After the ice dragon rolled Chen Ping several times in mid-air, it landed directly on the edge of the pool, its thick tail sweeping across, causing the ground to shake.

But soon, the ice dragon slowed down, and then lay motionless on the ground!

Cheng Kun and Xuanyuan Kai looked at each other, then rushed towards the ice dragon with weapons in hand.

The men they brought followed closely behind, and more than a dozen of them dealt with the ice dragon in a burst!

You must know that the lowest strength among these people is Grand Master level 5, but after dealing with the ice dragon, they found that it could not cause any harm to the ice dragon. There were only some shallow marks on the ice dragon's head. It is almost impossible to get the dragon crystal inside.

Until everyone was panting, they were unable to break through the ice dragon's head to get the dragon crystal. At this moment, Su Yuqi threw herself on the ice dragon. Through the transparent body, she could clearly see Chen Ping.

Now Chen Ping can't move or speak, but his eyes can still blink. Seeing Chen Ping still blinking, Su Yuqi was very excited.

"Ling'er, Xiaoru, think of a solution quickly, Chen Ping is still alive..."

Su Yuqi hurriedly shouted to Gu Ling'er and Xiaoru.

Gu Ling'er hit the ice dragon hard, but it was of no use.

"Sister Yuqi, sister Ling'er, I have a way..."

Xiaoru said slowly after looking at Chen Ping who was frozen in the ice dragon's body.

"Xiaoru, you have a way, hurry up and do it..."

Su Yuqi said anxiously to Xiaoru.

Xiaoru nodded, then looked back at Zhao Chuang, and then walked to the ice dragon with a solemn face.

Seeing Xiaoru's expression, Su Yuqi suddenly thought of something, rushed over and grabbed Xiaoru.

"Xiaoru, you...you..."

Su Yuqi looked at Xiaoru with unbearable eyes, but didn't know what to say.

"Sister Yu Qi, Brother Chen gave me this life. I am willing to do anything for him. This is what Master told me..."

Xiaoru smiled slightly at Su Yuqi.

Su Yuqi looked at Xiaoru and slowly let go of her hand. Maybe not long after, she would also embark on Xiaoru's path.

Xiaoru looked back at Zhao Chuang again. Maybe in Xiaoru's heart, Zhao Chuang already had a place as a playboy.

Zhao Chuang didn't know why, and saw Xiaoru looking at him, still smiling stupidly.

Chapter: 1216

Xiaoru slowly put her hands on the ice dragon, and a burst of extremely cold air was directly sucked into Xiaoru's body.

Xiaoru is made of ice crystal, and the extremely cold air will quickly invade Xiaoru's body after touching her.

Soon, a lot of cold air entered Xiaoru's body. At this moment, Xiaoru's hair and body had begun to have frost!

As a lot of cold air was sucked away by Xiaoru, the ice dragon began to slowly melt.

At this moment, Chen Ping watched Xiaoru's body slowly freezing. He seemed to understand something and roared desperately, but no sound came out.

"Xiaoru?"

Zhao Chuang also seemed to realize something was wrong and ran over to try to pull Xiaoru away.

But the moment Zhao Chuang touched Xiaoru, his arm began to freeze quickly. Fortunately, the men he brought with him had quick eyesight and quick hands, and hurriedly pulled Zhao Chuang back.

Su Yuqi looked at Xiaoru, who was covered in frost, and cried bitterly on Gu Ling'er's shoulder.

Ten minutes later!

The ice dragon turned into a puddle of water again. Chen Ping slowly stood up with the dragon crystal. Looking at Xiaoru who had already become an ice sculpture, Chen Ping felt a little stupid.

"Silly girl, what are you doing? What are you doing?"

Chen Ping's palms rose with blazing flames and kept burning around Xiaoru, trying to make Xiaoru recover, but it was of no use.

"ah....."

Chen Ping roared angrily.

His life was exchanged for Xiaoru's life, which made him feel extremely painful!

"Chen Ping, calm down. This is all of Xiaoru's own free will. We have other things to do next. You can't let Xiaoru sacrifice for you in vain..."

Gu Ling'er shouted at Chen Ping who was almost crazy.

Chen Ping slowly calmed down, looking at Gu Ling'er and Su Yuqi, and what Lao Longtou said the night before flashed through his mind.

"You knew this would happen before you came, right? Before you came, you knew you would use your own lives to help me get the dragon crystal, right?"

Chen Ping asked Su Yuqi and Gu Ling'er loudly.

Neither Su Yuqi nor Gu Ling'er spoke, but even if they didn't say anything, Chen Ping understood instantly.

Xiaoru is an ice crystal. She melted the ice dragon and got the dragon crystal for herself. Su Yuqi is a fire spirit. So to get the flame dragon crystal, wouldn't it mean that Su Yuqi has to be sacrificed?

Chen Ping's mind fell into a sluggish state. He didn't need any dragon crystals, but he would never sacrifice the people around him.

Chapter: 1217

"Old dragon head, why, why is this..."

Chen Ping yelled, he wanted to hate Lao Longtou, but he couldn't hate him at all...

Like Chen Ping, Zhao Chuang was also going crazy. Looking at Xiaoru, who was frozen into an ice sculpture with a smile on his face and motionless, Zhao Chuang ran over and hugged Xiaoru tightly. He wanted to use his body to melt the ice on Xiaoru's body.

It was obvious that this guy had real feelings for Xiaoru.

"Quick, I order you, light a fire quickly, light a fire for me..."

Zhao Chuang shouted orders to the men he brought.

But in this freezing cold place, how can we make a fire?

"Can't you hear my order? Can't you hear me?"

Zhao Chuang punched and kicked his men, but even if he killed those men, there was no way to start a fire in a place like this.

At this moment, Qin Xiaoxian, who had been standing still, looked at the Long family in Chen Ping's hand, and his eyes turned green. After seeing Chen Ping's absent-minded look, and finally winking at Qin Xiaotian, he kicked his feet suddenly, the whole person headed towards Chen Ping.

But at this time, Chen Ping remained motionless, as if he had not noticed Qin Xiaoxian's sneak attack at all.

Chen Ping didn't move, but Xuanyuan Kai couldn't sit idly by and let Qin Xiaoxian take away the dragon crystal.

"Do it..."

Xuanyuan Kai gave an order, and the people he brought also headed towards Chen Ping. One of the Wu Zong met Qin Xiaoxian and prevented him from getting close to Chen Ping.

"Holy shit..."

When Cheng Kun saw this, he swore immediately and yelled at his men: "What the hell are you looking at? If you don't take action quickly, the dragon crystal will become someone else's in a while!"

Cheng Kun and others also rushed towards Chen Ping. At this time, the three parties fell into a melee. They all wanted to get close to Chen Ping and seize the dragon crystal in Chen Ping's hand, but the other two parties would stop him!

For a time, more than a dozen people were fighting around Chen Ping, but no one could get close to Chen Ping easily.

At this moment, Chen Ping, holding the dragon crystal in his hand, muttered to himself: "Why, why is it like this..."

Su Yuqi and Gu Ling'er closely guarded Chen Ping. Their expressions were very ugly, because they knew that with their strength, they could not protect Chen Ping at all.

“Chen Ping, cheer up. This is fate. We have no regrets about anything we do for you. You ate the dragon crystal. Let’s leave here quickly and go to Yanlong to get the dragon crystal from Yanlong. Otherwise it will be too late...”

Su Yuqi yelled at Chen Ping.

“No, I will never take any more dragon crystals. I won’t trade your life for any dragon crystals. No way...”

Chen Ping looked at Su Yuqi and suddenly hugged Su Yuqi into his arms.

Chapter: 1218

Su Yuqi felt the warmth on Chen Ping’s body and couldn’t help but shed tears.

Although she had been with Chen Ping for such a long time, there was almost no time when the two of them hugged each other so intimately.

“Chen Ping, you know, when I first met you, I thought that with my status as the eldest daughter of the Su family, I could protect you and support you for a lifetime, but slowly I discovered that the person being protected was me. , but I can’t help you at all. I have blamed myself and felt inferior. As the enemies or friends around you become stronger and stronger, I feel smaller and smaller. I am not worthy of you...”

“It wasn’t until Grandpa Long told me about you, your identity, and that you needed my help on the island that I discovered that I am useful to you and what can I do for you. , this is what I am willing to do, now let’s go find Yanlong, don’t waste any more time...”

Su Yuqi whispered softly in Chen Ping’s arms.

“No, I will not sacrifice any of you for myself, never...”

Chen Ping let go of Su Yuqi and said with firm eyes.

“Boy, bring me the dragon crystal...”

At this time, Cheng Kun broke through the obstruction and came towards Chen Ping with a knife, his eyes fixed on the dragon crystal in Chen Ping’s hand.

Seeing Cheng Kun rushing over with a knife, Su Yuqi’s expression changed instantly.

Chen Ping frowned, and then clapped out with a palm!

With a bang, a sound like the impact of steel, Chen Ping’s palm directly broke Cheng Kun’s knife, and Cheng Kun’s body flew out directly.

Cheng Kun is only as strong as a grand master and is no match for Chen Ping. Chen Ping’s body has been treated with body tempering pills and is as hard as iron. With his strength as a grand master, he cannot hurt Chen Ping.

Cheng Kun fell to the ground and felt as if his whole arm had been shattered. He looked at Chen Ping in horror. The power of Chen Ping’s palm just now was beyond what a great master could possess.

Is this guy hiding his strength?

Cheng Kun looked at Chen Ping in front of him. Although he coveted the dragon crystal in Chen Ping’s hand, he didn’t dare to blindly grab it.

“Linger, take care of Yuqi...”

Chen Ping left Su Yuqi in the care of Gu Ling'er.

After all, Gu Ling'er's strength is much stronger than Su Yuqi's. Although Su Yuqi also has some strength and can deal with some ruffians, this strength is not worth mentioning in front of these great masters.

Gu Ling'er nodded and protected Su Yuqi.

Chen Ping took the dragon crystal and swallowed it without hesitation.

The dragon crystal entered Chen Ping's body, and the heaven-shattering spiritual energy instantly filled Chen Ping's body. The Heart Condensation Technique was activated, and Chen Ping's Dantian eagerly absorbed the spiritual energy emitted by the dragon crystal.

Chen Ping has never felt such rich spiritual energy. With this dragon crystal, Chen Ping can absorb the spiritual energy all the time. This is of great help to Chen Ping's practice. No wonder the old dragon head risked his life and wanted to find a way to get Chen Ping to get the dragon crystal.

The sudden burst of spiritual energy from Chen Ping made everyone who was fighting fiercely around them stop.

Chapter: 1219

I saw that Chen Ping's eyes were a little fiery, and his temperament became a little fresh and refined, as if an immortal had descended to earth.

Chen Ping's muscles all over his body exuded a fresh air, and the hundreds of meters of snow around him began to melt, revealing green grass on the ground.

Then the area where the snow melted became larger and larger, and finally the melted snow water gathered into a river and flowed to the sea. When the snow melted, the exposed ground became full of life!

From now on, the biting cold half of Suolong Island will no longer exist...

“Fuck, this guy ate the dragon crystal...”

Seeing Chen Ping actually swallowing the dragon crystal, Cheng Kun shouted anxiously.

“Chen Ping, this dragon crystal is a priceless treasure. It is not an exaggeration to trade the dragon crystal for a city, but you actually ate it...”

Qin Xiaoxian roared angrily when he saw that Chen Ping had eaten the dragon crystal.

“While the dragon crystal has not been digested, directly disembowel him and take out the dragon crystal...”

Xuanyuan Kai’s eyes flashed fiercely, and he was about to stab Chen Ping with the sword in his hand.

But Xuanyuan Kai hadn’t moved yet, but Qin Xiaoxian slapped Chen Ping with his palm. If he could get the dragon crystal and return to the Qin family, he would be reused, and maybe he could even enter the clan’s cabinet!

Seeing Qin Xiaoxian attacking him, Chen Ping was not careless, but was shocked all over, and a terrifying aura shook his body.

At this time, Chen Ping was full of spiritual energy and had inexhaustible power all over his body!

“Blood Desolate Hand...”

Qin Xiaoxian roared, and his hands instantly turned into claws, and his hands were condensed with energy. This energy was so strong that it could tear even steel in an instant.

He was going to tear Chen Ping's body into two pieces with both hands and take out the dragon crystal that Chen Ping had swallowed!

"Do it..."

Upon seeing this, Xuanyuan Kai immediately ordered his subordinate Wu Zong to take action, otherwise they would be passive when Qin Xiaoxian got the dragon crystal.

"Do it..."

Cheng Kun also issued an order, ordering his subordinate Wu Zong to attack!

Seeing that Qin Xiaoxian was about to arrive in front of Chen Ping, the terrifying energy was about to tear Chen Ping into pieces, but soon, two equally domineering energy came and violently collided with Qin Xiaoxian.

Qin Xiaoxian's body flew backwards, his throat sweetened, and a mouthful of blood spurted out!

His current strength is not enough to fight against two masters of the Wuzong realm.

After repelling Qin Xiaoxian, two martial sects from the Xuanyuan Family and the Pili Clan immediately moved towards Chen Ping, but before they could catch Chen Ping, the two started fighting.

Chapter: 1220

Now that Chen Ping has become a popular man, everyone wants to catch Chen Ping and they all try their best.

It's just that whether it's Qin Xiaoxian or the two martial sects of the Xuanyuan Family and the Pili Clan, they are equally matched in strength. It's difficult to tell the winner in a short time. Even if the winner is determined, both sides will suffer!

"Mr. Cheng, Mr. Xuanyuan, you want to get the dragon crystal, and I want to kill Chen Ping. Why don't the three of us cooperate. After killing Chen Ping, how about I never snatch the dragon crystal with you two?"

Qin Xiaoxian understood that if the fight continued like this, Chen Ping would only be the proud one in the end.

When Cheng Kun and Xuanyuan Kai heard this, they waved their hands and ordered all their men to withdraw. They were thinking about Qin Xiaoxian's proposal.

"Cheng Kun, I think this is not a bad idea. If we keep fighting like this, no one will be able to get the dragon crystal in the end. Why don't we work together? Even if that kid absorbs the dragon crystal, we can split him in half. , one person from our family is half of the family, sucking his blood and eating his flesh may also be helpful to our cultivation..."

Xuanyuan Kai said to Cheng Kun.

Cheng Kun thought for a moment, then nodded: "Okay, I'll do as you say!"

This time, the three families joined forces and all looked at Chen Ping eagerly.

Facing the greedy and vicious eyes of the three families, Chen Ping's back was covered in cold sweat!

If there was only one fourth-level martial arts master, Chen Ping would not be afraid at all, but now three martial arts masters are eyeing him. Even if Chen Ping swallows the dragon crystal and has the dragon-slaying sword in his hand, it is impossible to deal with three martial arts masters at the same time.

“Chen Ping, if you commit suicide obediently now, you will suffer less physical pain for a while. You killed my eldest brother. Today is the day I avenge my eldest brother...”

Qin Xiaoxian looked at Chen Ping coldly and said.

“As a martial arts sect, you are too shameless to come together to deal with me? I really don’t know how you, the martial arts sect, cultivated...”

Chen Ping said with a sneer.

He was going to use provocation. It was best to let these guys deal with him one by one. Even if it was a wheel battle, he was not afraid. With the dragon crystal around, Chen Ping could get a steady stream of supplements.

“Are you trying to provoke me? It’s a pity that it’s useless to me. I can kill you in any way...”

Qin Xiaoxian didn’t care at all, there was nothing to be ashamed of.

When Chen Ping saw this, his face slowly turned cold, and he said softly to Gu Ling’er: “Ling’er, take Yu Qi and find a chance to leave. Don’t lock me up...”

Chen Ping knew that he was in trouble this time, and he couldn’t let Gu Ling’er and Su Yuqi follow him in misfortune.

Xuanyuan Kai and Cheng Kun are not good people either. If something unexpected happened to him, Chen Ping couldn't imagine what would happen to Su Yuqi and Gu Ling'er in the hands of these two people!

"No, I won't leave. I want to be with you. If you die, I will die with you..."

Su Yuqi shook her head vigorously, then looked at Gu Ling'er and said: "Ling'er, you can escape by yourself later, I want to die with Chen Ping..."

Gu Ling'er bit her lip, looking at Chen Ping with tears in her eyes, and finally thought: "I won't leave either. Even if Chen Ping dies, I won't survive. Now I can no longer live without him." ..."
