

The Order 1231

Chapter: 1231

Even if Cheng Kun had objections at the moment, he didn't dare to say anything. After all, Xuanyuan Kai was a role model in front of him, and he didn't want to be seriously injured too!

Zhao Liguó snorted coldly and glanced at Qin Xiaoxian's group not far away!

"Zhao Zhuang is free to do whatever he wants, we don't dare to have any objections..."

When Qin Xiaoxian saw Zhao Liguó looking here, he was so frightened that he waved his hands repeatedly.

Only then did Zhao Liguó take Chen Ping away with satisfaction!

"Second brother, if Chen Ping leaves like this, why don't we take revenge?"

Qin Xiaotian couldn't help but said anxiously when he saw Chen Ping leaving safely.

"Don't worry, he won't survive, and Shadowless Villa won't let him survive either..."

After Qin Xiaoxian finished speaking, he took the people and left...

"Damn..." Xuanyuan Kai was helped up by his men and wiped the blood from the corner of his mouth: "Let's go back and report to my father quickly. The dragon crystal appeared and was eaten by Chen Ping. This is a big deal..."

When Cheng Kun saw Xuanyuan Kai leaving, he didn't stay and left with his people!

On the other side, Chen Ping and the others followed Zhao Ligu to the beach, and the snow wolf followed far behind.

Chen Ping was also very grateful to Snow Wolf for saving Su Yuqi and Gu Linger, but after all, Snow Wolf had adapted to life here, and Chen Ping could not take it away from Suolong Island.

After Su Yuqi and Gu Ling'er saw the snow wolf, they squatted down and waved to the snow wolf!

The snow wolf ran over in a sensible manner, and then rubbed against the two girls, like a docile wolf dog!

“Chen Ping, shall we take it away?”

Su Yuqi looked at Chen Ping and asked.

Snow Wolf also looked at Chen Ping, with hope in his eyes. It seemed that he also wanted to leave here.

Seeing Snow Wolf like that, Chen Ping could only nod his head.

Su Yuqi and Gu Ling'er hugged Snow Wolf happily.

“Brother Chen.....”

Zhao Chuang, who had been brought to the coast a long time ago, ran over hurriedly when he saw Chen Ping, and then looked at his father angrily.

“Get on the boat...”

Zhao Liguó said.

Chapter: 1232

Everyone got on the yacht that Zhao Liguó and the others drove. Although the yacht was not as big as the cruise ship that Chen Ping and the others came from, it was quite luxurious and could accommodate them all!

After getting on the boat, Zhao Liguó asked everyone to wait, but he called Chen Ping to a room alone.

Su Yuqi and Gu Ling'er saw this and hurriedly stood in front of Chen Ping. They were afraid that Zhao Liguó would attack Chen Ping!

“dad.....”

Zhao Chuang looked at Zhao Liguó and wanted to plead for Chen Ping!

“You guys wait outside, I'll be fine...”

Chen Ping smiled slightly at Su Yuqi and the others.

Since Zhao Liguó didn't kill him on the island, he wouldn't kill him on the ship.

Chen Ping followed Zhao Liguó into a room. When the door was closed, Zhao Liguó suddenly knelt down on one knee in front of Chen Ping.

Regarding this sudden move, Chen Ping did not feel much surprise because he had expected it.

“Zhao Liguó of Wuying Villa, come and see the master of the palace...”

Zhao Liguó’s face was respectful, and he had long lost the arrogance and coldness he had on Suolong Island.

“Master Zhao, get up...”

Chen Ping helped Zhao Liguó up.

“Thank you, Palace Master!” Zhao Liguó stood up.

“Zhuang Master Zhao, I have something that I am confused about right now. You must tell the truth...”

Chen Ping said after helping Zhao Liguó up.

“Master, please tell me, I will tell you everything you know...”

Zhao Liguó nodded.

“Master Zhao, do you know who the previous owner of this Tianlong Ring was? What is his identity?”

Chen Ping raised his hand and asked, showing the ring on his hand.

Since this ring was left behind by his father as a token of love for his mother, Chen Ping must find out who his father is.

Such a ruthless man wants to seek justice for his mother.

Zhao Liguó was stunned for a moment, and then asked in confusion: "Palace Master, don't you know who gave you the Tianlong Ring?"

Chapter: 1233

"I have never met the owner of this ring. He gave it to me through someone else's hand..."

Chen Ping replied.

Zhao Liguó suddenly realized: "Actually, I don't know who the previous owner of this Tianlong Ring was. We only recognize the ring but not the person. Even among the thirteen halls of our Tianlong Hall, I don't know where the other halls are.!"

"Counting you, I have already found three suspects..."

After Chen Ping finished speaking, he fell into deep thought!

At first, when he got the Tianlong Ring, he always thought it belonged to Lao Longtou. Later, he met Lin Tianhu and Chifeng, and knew the strength of Tianlong Temple. At that time, Chen Ping didn't take it too seriously.

After all, a gang like Lin Tianhu from a small city can also be a member of the Tianlong Palace. This shows that the strength of the Tianlong Palace is also very average.

Although Chifeng was later very powerful and became a master, in the entire martial arts world, where there were as many masters as dogs, Chen Ping did not pay much attention to him.

But it wasn't until yesterday that the old leader revealed the truth. He knew his identity and that the ring was actually a token of love given to his mother by his father. In addition, a peerless master like Zhao Liguó was also a member of the Tianlong Palace. This made Chen Ping shocked.

He now wants to know who his father is, how he founded the Tianlong Palace, and why the strength of each hall in the Tianlong Palace is so different!

But no one seems to be able to answer these questions for Chen Ping, so he can only explore them on his own.

Now Chen Ping is somewhat looking forward to where the next leader of Tianlong Palace will be and what kind of strength he will have.

If there were more powerful halls like Wuying Villa, Chen Ping might be able to destroy the Long family and rescue his mother by relying on the strength of Tianlong Palace.

While Chen Ping was deep in thought, someone suddenly shouted loudly outside.

"Who is so bold as to break into Dragon Lock Island without permission?"

I heard someone shouting outside, it must be someone from the Long family.

"The master of the palace should be from the Long family. I'll go out and have a look..."

Zhao Liguó heard the shouting and said to Chen Ping.

"I'll go with you, don't reveal my identity..."

Chen Ping said.

Zhao Liguó nodded and followed Chen Ping out.

At this moment, a huge cruise ship was parked not far away in front of them. On the deck of the cruise ship, Long Xingxu was standing proudly, followed by many Long family members, looking at the ice-cold snow on Suolong Island disappeared. , was replaced by a piece of brown soil and rocks, Long Xingxu's brows were knitted tightly together.

It is obvious that if such a change occurred on Dragon Lock Island, the dragon crystal must have been taken away. Although this is just a legend, it does not mean that it is not true.

What he has to do now is to find a way to stop the person who got the dragon crystal. It is best to leave no one behind on the island.

Chapter: 1234

"Mr. Long, I am Zhao Liguó of Wuying Villa. I broke into Suolong Island without any intention. I was just having fun, so I brought him back..."

Zhao Liguó looked at Long Xingxu who was standing proudly and said.

Long Xingxu had already seen it the moment Zhao Liguó came out. At this moment, he was wondering whether the dragon crystal on the island had been taken away by Zhao Liguó. If that was the case, I am afraid that with his current situation, With his strength, there was no way he could stop Zhao Liguó.

"It turns out to be Zhuangzhao. When you come to see your son, you should say hello to my Long family in advance. After all, with your strength, anyone can easily land on the island. Then it won't take long for this Locked Dragon Island to become a Deserted island..."

Long Xingxu said neither humble nor arrogantly.

With the support of the Long family, Long Xingxu didn't panic much even when faced with a master like Zhao Liguó.

"Mr. Long, I made a note of it. The next time I come to Suolong Island, I will tell you that it's too late and I have to rush back. I won't talk to Mr. Long anymore..."

After Zhao Liguó finished speaking, he waved his hand to his men, and the yacht instantly started moving and sailed into the distance under Long Xingxu's eyes.

Long Xingxu looked at Zhao Liguó who was about to leave, his expression became ugly, but he did not stop him because he knew that he could not stop him because of his own strength...

As long as Chen Ping was by Zhao Liguó's side, Long Xingxu didn't pay attention at all. He never thought that Long Jing would be obtained by Chen Ping, let alone that the person the Long family was looking for was also Chen Ping... ..

Shortly after Chen Ping followed Zhao Liguó and the others, Xuanyuan Kai, Qin Xiaoxian and Cheng Kun also arrived.

Long Xingxu looked at the seriously injured Xuanyuan Kai and said with confusion on his face: "Master Xuanyuan, who else on this island can hurt you like this?"

"Master Long, I encountered a fierce beast and fought with it..."

Xuanyuan Kai explained.

It was impossible for him to tell Long Xingxu the truth. The less people knew about Long Jing, the better. If the Long family also knew that Chen Ping had obtained Long Jing, then their Xuanyuan family would probably have no chance at all.

“Beast?”

Long Xingxu raised the corner of his mouth: “Your arm was obviously chopped off. The wounds are so neat. How could it be done by a wild beast? Do you think I am a three-year-old child?”

Xuanyuan Kai lowered his head slightly and stopped talking because he didn’t know how to explain.

Long Xingxu glanced at a few people, and suddenly his face turned cold, and the terrifying aura on his body instantly enveloped everyone: “Did you get the dragon crystal? Tell me, whose hand is the dragon crystal?”

Long Xingxu did not dare to question Zhao Ligu, but facing people like Xuanyuan Kai, Long Xingxu did not need to give any face.

After hearing Long Xingxu’s words, several people were shocked, but no one spoke.

They all thought the same thing, the less people knew about Long Jing, the better, especially the Long family. If the Long family knew about it, then the Long Jing would not belong to them.

Seeing that no one was speaking, Long Xingxu’s face became more and more gloomy as he said, “If you don’t say anything, then no one will be able to leave here...”

After Long Xingxu finished speaking, a group of Long family members immediately surrounded Xuanyuan Kai and the others.

Chapter: 1235

“Master Long, we didn’t get any dragon crystal, what are you doing?”

Xuanyuan Kai looked a little ugly.

“Mr. Long, are you going to take action against us? Although our Perak Sect and the Xuanyuan family are no match for your Long family, if you really dare to kill us, let’s see if our two families will ask the Long family for help. To put it another way, you are just a branch of the Long family, will the Long family offend our two families for your sake?”

Cheng Kun had a fiery temper and looked at Long Xingxu with no fear in his eyes.

“And our Qin family, I am the ancestor of the Qin family who sent me to Suolong Island. If I can’t go back, the Qin family will definitely not give up...”

Qin Xiaoxian also stood up and said at this time.

Facing the Long family, they must unite together, otherwise none of them can threaten the Long family.

Seeing someone threatening him on his cruise ship, Long Xingxu suddenly laughed.

“Hahaha...” After laughing twice, it stopped abruptly. Then Long Xingxu said with an angry face: “I will kill you and throw them all into the sea. Who knows that our Long family did it? You How dare you threaten me and look down on me, a descendant of the Long family...”

As a genius of the younger generation of the Long family, Long Xingxu was not taken seriously because of his background. This was what Long Xingxu cared about most.

Now that Cheng Kun was mocking him in person as a sideline, the anger in Long Xingxu’s heart was instantly ignited.

Bang.....

Suddenly, Long Xingxu took action, and Cheng Kun, who was several meters away, felt a strong force coming from him, and his whole body flew backwards in an instant.

“Master.....”

The Wu Zong brought by Cheng Kun hurriedly jumped up to catch Cheng Kun.

Unfortunately, as soon as the martial arts master jumped up, he was kicked away by someone from the Long family.

Neither the Pili Clan nor the Xuanyuan Clan has the strength to compete with the Long Clan.

Cheng Kun fell heavily to the ground, his face was extremely pale, and the fiery temper he had just had instantly faded away.

“I’m asking you again, where is the dragon crystal?”

The cold murderous intent emanating from Long Xingxu’s body made everyone tremble.

However, Long Jing is too tempting. If the Long family really knows the whereabouts of Long Jing, then the other families will not want to take advantage of Long Jing.

Just when several people were hesitating, Qin Xiaotian suddenly took a step forward: “Master Long, I know where the dragon crystal is...”

Although Qin Xiaotian doesn’t know Long Xingxu or Dragon Crystal, looking at the situation in front of him, the Long family is definitely extremely powerful. If Chen Ping gets the Dragon Crystal now, Chen Ping will definitely die.

“Say!” Long Xingxu looked at Qin Xiaotian.

Chapter: 1236

“It’s Chen Ping. It was Chen Ping who swallowed the dragon crystal and was taken away...”

Qin Xiaotian said.

“Chen Ping?” Long Xingxu frowned slightly. He was very unfamiliar with this name.

“It’s the young man who was just taken away by the owner of Wuying Villa. There are two women beside him...”

Qin Xiaotian explained.

When Long Xingxu heard this, he immediately remembered. He saw Chen Ping at that time, but he didn’t care.

When they landed on the island, Chen Ping took Su Yuqi and the others to the island. After Long Xingxu saw it, he mistakenly thought that Chen Ping was a playboy from some family who came to Suolong Island and brought several beautiful women with him.

“Master, could this Chen Ping be the person we are looking for?”

At this time, a servant of the Long family whispered in Long Xingxu’s ear.

“Chen Ping, Chen Ping...”

Long Xingxu kept chanting the name, trying to recall his feelings when he saw Chen Ping for the first time, but he couldn’t remember because he didn’t think about Chen Ping in that direction at all.

At that time, he was most suspicious of the evil cultivator in a black suit. After all, he was the most powerful and the most likely person the Long family was looking for.

“Master Xuanyuan, is he telling the truth?”

Long Xingxu looked at Xuanyuan Kai and asked.

Xuanyuan Kai glanced at Qin Xiaotian and nodded: “He is right. Chen Ping indeed swallowed the dragon crystal. My arm was also chopped off by Chen Ping...”

When Long Xingxu heard this, a trace of surprise flashed across his face. Knowing that Xuanyuan Kai was at the peak of Grand Master’s strength, how could Chen Ping cut off Xuanyuan Kai’s arm?

Could it be that he was mistaken? Maybe this boy was hiding his strength from the beginning and deliberately brought several women to the island to confuse him.

“Oh shit.....”

Long Xingxu suddenly felt like he had been deceived, and said to his men: “Set the ship, we will go back immediately...”

“Master, those people on the island...”

“Let them figure it out...”

Long Xingxu said with a cold face.

The cruise ship soon set off, but the Qin family, the Xuanyuan family and the Pili family were lucky enough to rush back to Nanhua City with the cruise ship.

.....

Chapter: 1237

It was late at night. In front of a hotel window in Nanhua City, Long Wu looked at the sea not far away and fell into deep thought.

“Uncle Long, it’s time to rest. You’ve been standing here all day...”

Wu Meier walked to Long Wu and persuaded softly.

Ever since Chen Ping and the others left for Suolong Island, Long Wu has been standing here, because he can see Suolong Island from here and feel relieved.

“Mei’er, go to sleep, I’ll stay for a while...”

Long Wu said, took out a cigarette and lit it.

Just after taking two breaths, I started coughing continuously.

“Uncle Long, you are injured, please stop smoking...”

Wu Meier hurriedly slapped Long Wu on the back.

“It’s okay, it’s all old injuries, it won’t kill you...”

Long Wu smiled slightly, and then started sucking again.

His injury was caused by avoiding the pursuit of the Long family. In order to find Chen Ping, Long Wu and Lao Longtou escaped from the Long family. They have been being hunted by the Long family for several years in the blink of an eye.

“Uncle Long, you’d better rest. Chen Ping and the others just went there today. Even if they can get the dragon crystal, they won’t be able to come back so soon...”

Wu Meier was still persuading Long Wu.

Just when Long Wu was about to say something, someone knocked on the door.

Wu Meier and Long Wu’s expressions changed slightly. Who would find this place so late?

Long Wu signaled Wu Meier to open the door, and he was ready to attack.

When Wu Meier opened the door, she found that it was Chen Ping and Su Yuqi who were back.

“Why are you back?”

Wu Meier said in surprise.

When Long Wu saw that it was Chen Ping who was coming back, he also frowned and said, “Chen Ping, you guys came back so soon, did something happen?”

Chen Ping shook his head: “Uncle Long, I got the Ice Dragon Crystal...”

When Long Wu heard this, he hurriedly cast a spiritual consciousness over Chen Ping. Sure enough, he noticed the changes in Chen Ping's body, and said with excitement: "It's great that you can get the dragon crystal so quickly. What about the Flame Dragon Dragon Crystal?" "

Hearing Long Wu talk about getting the Flame Dragon Dragon Crystal, Chen Ping thought of Xiaoru who turned into an ice sculpture, and his mood suddenly darkened.

Chapter: 1238

"Uncle Long, I don't want to sacrifice the people around me to get the dragon crystal..."

Chen Ping said with a serious look.

Upon hearing this, Long Wu glanced around, but did not find Xiaoru. He immediately understood and his eye circles suddenly turned red: "Chen Ping, this is fate. Don't be too sad. I hope you won't let Xiaoru down." The dragon crystal obtained in exchange for one's life....."

"Uncle Long, is it possible that Xiaoru has been frozen in the Dragon Lock Island forever and you can't save him?"

At this time, Su Yuqi on the side asked.

After all, in her eyes, Long Wu is like a god, omnipotent...

Long Wu shook his head: "I can't, but the path of cultivating immortals will never end. Maybe when your realm surpasses mine, you can find a way to save Xiaoru."

"I will definitely save Xiaoru..."

Chen Ping's eyes were full of determination. If you can't protect the people around you, what's the use of cultivating immortality and immortality!

“How did you come back? Wasn’t it three days this time?”

Long Wu asked in confusion.

After all, there is only one boat for the Long family. If Chen Ping and the others want to come back, they must take a boat.

Chen Ping told Long Wu everything that happened on the road, but he only concealed the fact that Wuying Villa was also an entrance to Tianlong Hall.

After hearing this, Long Wu frowned and his face became very solemn.

“I’m afraid it won’t take long for many people to know about you swallowing the dragon crystal, and it’s impossible to hide this matter from the Long family. You have to be even more careful in the future. Now it’s imperative that you leave immediately In Nanhua City, find a hidden place to hide and use dragon crystal training to improve your strength.”

“As for Yu Qi and Ling’er, I will help you take care of them and teach them how to practice. With their current strength, following you will only add burden to you. Remember, don’t show off your edge unless absolutely necessary. , now that you have swallowed the dragon crystal, you have become a target of public criticism, and there will probably be many people who want to kill you...”

Long Wu warned Chen Ping solemnly.

Long Wu didn’t expect that so many people would see Chen Ping’s taking of the dragon crystal, and that so many people would discover where the ice dragon was.

This is also the despicable part of the Long family. If the Long family hadn’t suddenly opened up Suolong Island, there wouldn’t have been so many people on Suolong Island. Chen Ping had

every chance to sneak into Suolong Island and get the dragon crystal. Who knows? He was leaving unconsciously.

Now that Chen Ping's swallowing of dragon crystal has been exposed, the future may become increasingly difficult...

Chen Ping never thought that the matter would be so serious. Now that Long Wuyi said it, he was afraid that many people would really come to cause trouble in the future.

After saying goodbye to several people, Chen Ping left overnight.

After Chen Ping left, Long Wu didn't stay long. He took Su Yuqi, the others, and the snow wolf and disappeared from Nanhua City. No one knew where they went.

Not long after Chen Ping and the others left, Long Xingxu led a large number of Long family members to surround the hotel where Chen Ping was staying. Unfortunately, Chen Ping had already left, and Long Xingxu was in vain!

Chapter: 1239

Chen Ping left and rushed towards the Medicine God Valley day and night. If he wanted to find a hidden place, he could only find the Medicine God Valley. And as the owner of the valley, it was natural for him to stay in the Medicine God Valley...

When Chen Ping rushed back to Medicine God Valley, Xu Changsheng saw that Chen Ping came back in a hurry, but he didn't ask any questions. Chen Ping directly asked Xu Changsheng to prepare a quiet place for him, sat cross-legged, and started practicing!

Now that Chen Ping is in the fasting stage, he won't have any problems if he doesn't eat or drink. And with the existence of dragon crystal, Chen Ping won't stop practicing because of lack of spiritual energy!

Feeling the spiritual energy emitted by the dragon crystal rippling in his dantian, Chen Ping entered chaos.

.....

Kyoto, Long family!

As the head of the family, Long Jingguo sat in the position of the head of the family. Long Xingxu knelt in front of Long Jingguo, with his head lowered, as if he was being punished.

“The head of the family, Zhao Ligu of Wuying Villa, is very tough and will not reveal the whereabouts of Chen Ping at all...”

Long Xingxu said in a low voice.

Not finding Chen Ping, Long Xingxu took the Long family to Wuying Villa. After all, Chen Ping was taken away by Zhao Ligu at that time, but now Zhao Ligu doesn't know Chen Ping's whereabouts.

“Then Zhao Ligu must know that Chen Ping has swallowed dragon crystal, so why would he let him go so easily? This is a bit strange...”

Long Jingguo squinted his eyes slightly, feeling that something was wrong.

“Master, Zhao Ligu did let Chen Ping go. According to Zhao Ligu, because Chen Ping was a friend of his son Zhao Chuang, Zhao Chuang asked for mercy and let him go...”

Long Xingxu explained.

“Regardless of whether what Zhao Liguó said is true, you immediately take people to find Chen Ping for me and bring him back to the Long family alive. I want to see if this Chen Ping is my precious nephew. ...”

When Long Jingguo learned that his sister’s son was still alive in the world, he was extremely surprised because he had imprisoned his sister for more than 20 years and wanted to get the information he wanted from his sister. Unfortunately, his sister was too strict. , for more than twenty years, without saying a word.

Now that his nephew is still alive, this may be a breakthrough. Which mother in the world would watch her son die in front of her and remain indifferent?

Long Jingguo wanted to take advantage of Chen Ping. If Chen Ping was really his nephew, he would threaten his sister with Chen Ping’s life.

Long Xingxu took the order and left, while Long Jingguo stood up and walked towards the dungeon in the Long family’s backyard.

At this time, in the dungeon, a woman in her forties was locked inside. Although the environment in the dungeon was very harsh, there was still a bit of a smile on the woman’s face.

This woman is Chen Ping’s biological mother, Long Ruotong, and Long Jingguo’s biological sister.

“Miss, it’s time to eat...”

At this time, a maid came over with food and placed it neatly on the table!

After the maid looked around, she whispered to Long Ruotong: “Miss, Long Wu secretly sent a message, saying that the young master has obtained the dragon crystal and his strength has

increased by leaps and bounds. Maybe it won't take long, you mother and son." We can meet..."

Chapter: 1240

After hearing this, the smile on Long Ruotong's face froze slightly, and he suddenly sighed and said: "I don't want him to take any dragon crystal, as long as he can live safely, the Long family now knows the news about him, no I will let him go easily..."

"Miss, don't worry too much. Butler Long and Long Wu are here to protect the young master. He will be fine..."

The maid consoled her.

"Why....."

Long Ruotong sighed!

Just when the maid was about to say something else, she found Long Jingguo walking in. She was so frightened that she quickly put down her food and left.

Long Jingguo glanced at the maid who walked out, and then said to Long Ruotong: "Sister, do you still taste the meals I sent people to prepare?"

Long Jingguo's words were full of concern, as if the person imprisoning Long Ruotong was not him at all.

Long Ruotong rolled her eyes at Long Jingguo and said nothing. She had long been used to Long Jingguo's face.

For so many years, Long Ruotong never said a word to Long Jingguo, no matter how much torture he suffered, he never spoke.

Long Jingguo seemed to be used to Long Ruotong's expression. He sat down at the table, picked up his chopsticks and gently picked up some dishes to taste.

"The fried pork slices with celery are a bit salty...the spicy tofu is also not tender, and the couple's lung slices, I remember your favorite when you were a child..."

While Long Jingguo was tasting the food, he was talking along with Long Ruotong, but Long Ruotong didn't speak, as if Long Jingguo was talking to himself.

Long Jingguo took a few bites, wiped his mouth and stood up.

"Sister, I didn't expect that you have a son in this world, and it is very likely that your son has obtained the dragon crystal. It seems that he knows his life experience and wants to save your mother. I hope he can come to Long's house earlier so that I can get to know my eldest nephew. After all, he must have suffered a lot after being away for so many years..."

Long Jingguo began to speak unhurriedly.

Hearing this, a trace of worry flashed across Long Ruotong's originally expressionless face, but it disappeared briefly, but even so, Long Jingguo still saw it.

Seeing the worry flashing across Long Ruotong's face, Long Jingguo smiled very proudly.

"For more than twenty years, my sister has been refusing to tell me the secrets I want to know. I can't do anything to you. But now I actually have a nephew. I think that if my nephew asks you to speak, you won't be there. Are you silent? Your mother and son will meet each other soon. I have already sent someone to invite my nephew..."

"Hahaha...haha..."

After Long Jingguo finished speaking, he laughed crazily. He felt that this was simply God's help. If it weren't for this nephew who suddenly appeared, it would be difficult for him to know the secrets he wanted to know in his lifetime.

Long Ruotong looked at Long Jingguo, who was laughing crazily, with hatred in her eyes. She knew that Long Jingguo was now a madman and could do anything.

"If you dare to hurt my son, I will never spare you even to the death..."

Long Ruotong spoke. This was the first time she had spoken to Long Jingguo in the past twenty years.
