

The Order 1321

Chapter: 1321

With a crisp sound, in everyone's disbelieving eyes, the surging energy tornado was directly cut into two pieces by Chen Ping. Immediately after the energy tornado subsided, Chen Ping's body slowly fell to the ground. on the ground.

The dragon-slaying sword in Chen Ping's hand was burning with raging flames, and the red blood flowing on the sword continued to make the flames burn even more fiercely.

"Man and sword unite?"

When Ichiro Watanabe saw this, his eyes widened with disbelief on his face.

"Now, am I qualified to let you draw your sword?"

As Chen Ping spoke, he suddenly reached in front of Ichiro Watanabe with the Dragon-Slaying Sword in his hand. He slashed the Dragon-Slaying Sword in his hand. The hot flames on the Dragon-Slaying Sword made Ichiro Watanabe feel his skin. It rang loudly.

Facing Chen Ping's sword, Watanabe Ichiro no longer had the arrogance and contempt he had at the beginning. He directly reached out to grab the hilt of his sword and pulled it hard.

Click!

Ichiro Watanabe's sword was like a meteor, instantly unsheathed, and the sword body was as thin as a cicada's wings, exuding a deep chill.

clang!

There was a deafening sound, and the two sword blades touched together fiercely.

The moment the swords touched, Chen Ping and Ichiro Watanabe stepped back at the same time and distanced themselves.

This touch made them understand each other's strength, and both of their wrists were aching.

Watanabe Ichiro looked solemn, holding the hilt of the sword with both hands, and his aura began to change the moment he held the sword.

"It turns out that you are not in the realm of a grand master. You know how to hide your strength at a young age. You are so scheming. After seeing it, I can't keep you today."

After Ichiro Watanabe finished speaking, he held the sword in both hands and struck Chen Ping with a chopping motion.

The sharp sword energy was mixed with the sound of breaking through the air. Chen Ping hurriedly raised the Dragon Slayer Sword to resist.

clang!

There was another crisp sound, and Watanabe Ichiro's sword was blocked.

The blow missed, Watanabe Ichiro's sword light turned, and the person followed the sword, turning into rays of sword light, sweeping towards Chen Ping.

In just a few seconds, Ichiro Watanabe had already swung more than a dozen swords at Chen Ping, and fierce sword energy enveloped Chen Ping's body.

The dragon-slaying sword in Chen Ping's hand was constantly swung to resist Ichiro Watanabe's attack, and the sound of metal collisions continued to sound.

Seeing that Chen Ping could only parry, Watanabe Ichiro's mouth curved.

"break!"

Chapter: 1322

Suddenly Chen Ping let out a loud shout, and then the flames on the Dragon-Slaying Sword exploded, causing the entire void to tremble.

After breaking through Ichiro Watanabe's sword energy, Chen Ping slashed at Ichiro Watanabe with one sword. The spiritual power in his dantian gathered crazily on the body of the dragon-slaying sword, and the scorching flames turned half of the sky red.

Seeing this, Ichiro Watanabe hurriedly raised the sword in his hand to resist, but only heard a sound like a bell.

Ichiro Watanabe only felt the power of Mount Tai pouring into his body crazily, while Ichiro Watanabe's feet sank deeply into the ring.

In the hard granite arena, Watanabe Ichiro's feet were now half a meter deep.

Watanabe Ichiro's eyes were full of shock. He did not expect that Chen Ping's power was so great. The power contained in Chen Ping's sword just now could destroy a hill.

If Ichiro Watanabe hadn't been so advanced, if he were an ordinary martial artist, this sword would probably have split the person in half.

"Boy, you are really powerful. You can force me to perform stunts at such a young age..."

After Ichiro Watanabe finished speaking, his body shook slightly.

Immediately afterwards, Watanabe Ichiro's body began to crack, one, two, three...

In the end, four identical Ichiro Watanabe, holding swords, surrounded Chen Ping.

"Is there only four? Isn't this the Nine Shadows Sword Technique of yours? Just transform them all together to save yourself the trouble..."

Chen Pingping said calmly to the four identical Ichiro Watanabe.

"Hmph, how can it be so easy to make nine shadow clones? I have been practicing for decades and have just reached the fourth shadow. But even so, killing you is enough..."

Ichiro Watanabe snorted coldly.

The voices came from all directions, as if they were spoken by four Watanabe Ichiro at the same time. Chen Ping simply couldn't tell which Watanabe Ichiro was the real person.

"Since you are so confident, then try my clone too..."

After Chen Ping finished speaking, the Dragon-Slaying Sword in his hand suddenly disappeared, and in Chen Ping's palm, two groups of faint blue flames began to jump.

Chen Ping flicked his fingers, and blue flames fell all around and began to burn.

The flames surrounded Chen Ping and Ichiro Watanabe, and the center of the entire flame was shining with dazzling light. The eyes of everyone in the audience were so intense that they could not clearly see what was going on in the center of the flame.

Ichiro Watanabe frowned slightly, and then stabbed Chen Ping with his sword. Four identical Ichiro Watanabe stabbed Chen Ping. All four directions were blocked. Chen Ping was now unable to avoid him. Now you can only choose one direction to block, but if you choose the wrong one, you will be completely defeated.

However, in the face of Ichiro Watanabe's attack, Chen Ping did not choose to fight back. Instead, he muttered words, and the light blue flames suddenly connected together, and the light curtains instantly formed a formation.

These light curtains were like mirrors, directly reflecting the figures of Chen Ping and Ichiro Watanabe. Under the constant reflection of the light curtains, Chen Ping's figures suddenly increased by dozens.

All around this formation were Chen Ping's figures. Watanabe Ichiro was stunned for a moment. He could no longer tell which of these figures was the real Chen Ping.

Chapter: 1323

"How about it? My clone is pretty good, right?"

Chen Ping had a sneer on his face. He thought of this method when he watched Ichiro Watanabe use the Nine Shadows Sword Technique to deal with Andrew.

"ah....."

Ichiro Watanabe suddenly roared, and then slashed at the surrounding formations with the sword in his hand.

With one strike of the sword, the light curtain disappeared instantly, but as the sword left Ichiro Watanabe's hand, the light curtain appeared again.

These light curtains are supported by the light blue flames. If you want to destroy the light curtains, you can only extinguish the light blue flames.

It's just that Watanabe Ichiro shot several blasts of energy onto the blue flame, but the flame didn't go out at all, and didn't even sway.

"Now we can have a fair competition. If you want to use your blindness, it is no longer useful..."

Chen Ping looked at Ichiro Watanabe with a cold face and said.

Ichiro Watanabe looked at Chen Ping gloomily, and several clones disappeared instantly: "Do you think you can restrain my Nine Shadows Sword Technique like this? The Nine Shadows Clone is just a part of the Nine Shadows Sword Technique. The real power of the Nine Shadows Sword Technique is still behind..."

As Ichiro Watanabe spoke, he raised the cicada-wing sword in his hand high, and then let out a long roar. The green light in his eyes soared, the fighting spirit rose, and the breath of his whole body was mixed with the smell of blood.

"The number one sword in the Nine Shadows Sword Technique, the sword energy is like a rainbow..."

Watanabe Ichiro's overwhelming energy condensed on the sword body, and then the sword was thrown high and turned over in the void. Green light shone, and the sword energy instantly enveloped Chen Ping's head.

Watanabe Ichiro's face was as dark as water, and his inner strength had been raised to the extreme. The sword in mid-air was directly controlled by Watanabe Ichiro's strength.

Upon seeing this, Chen Ping clenched a fist with his right hand, a golden light flashed on his fist, and then suddenly punched into the air.

Bang!

Chen Ping's fist force collided with the sword energy, and the entire arena began to tremble. A huge shock wave swept around like a strong wind.

Watanabe Ichiro's sword shook in mid-air, and then fell downwards.

Seeing this, Ichiro Watanabe spread his hands like bird wings, jumped into the air, and grabbed the falling sword.

"The second sword of the Nine Shadows Sword Technique, the sword moves with the heart..."

The green light on the sword kept flashing. Ichiro Watanabe held a long sword, and the sword merged into one in mid-air, turning his entire body into a sharp sword, and stabbing Chen Ping straight into the heart.

The aura around Chen Ping exploded violently in an instant, and then Chen Ping pressed his backhand, directly pressing his hand on Ichiro Watanabe's sword, and then a huge spiritual power swarmed out from Chen Ping's body, along the sword in Ichiro Watanabe's hand struck hard on Ichiro Watanabe's chest.

Ichiro Watanabe couldn't help but fall to the ground and took two steps back.

But this time, Ichiro Watanabe was even more angered, and soon after, Ichiro Watanabe's third sword followed.

Chapter: 1324

Chen Ping raised his palm as a sword, and a golden ray of light seemed to cut through the entire world.

The golden light of this sword caused Ichiro Watanabe's expression to change drastically. Immediately after letting out a loud shout, a bright white light shot out from his eyes. The sword in his hand was raised above his head, and all the energy in his body was condensed.

"Cut the knife to cut off the water..."

The sword in Ichiro Watanabe's hand soared into the sky, almost reaching a height of tens of meters. The sword in his hand volleyed down, and then collided fiercely with Chen Ping's palm.

The void trembled, and the entire arena was crumbling, as if it could not withstand such power.

The moment the golden blade and the white sword energy collided, Chen Ping jumped up. As Chen Ping jumped high, the formation composed of light blue flames around him was all extinguished, and the formation disappeared!

Rumble.....

A ravine was cut into the ring by Ichiro Watanabe's sword energy, and then the ring couldn't bear it anymore and collapsed suddenly from the middle.

Ichiro Watanabe's body only felt like it was falling, and then he took a sharp breath, like plucking onions on dry land, and his body shot straight up without any external force.

When Chen Ping saw this, murderous intent flashed in his eyes. This was exactly the opportunity he needed.

Just when Ichiro Watanabe's body rose from the ground, Chen Ping's body was already in mid-air, and then he punched out.

Boom!

The punch actually smashed through the void in an instant. Huge vibration waves spread in all directions, and the sound of breaking through the air sounded harshly.

This punch gathered all Chen Ping's strength without any reservation.

Ichiro Watanabe felt the sharp sound of piercing the air above his head, and his face changed drastically. He didn't expect that Chen Ping had just jumped up. It was not that he deliberately avoided his blow, but that he had already planned it. To give him a fatal blow.

Feeling that he was careless, Ichiro Watanabe immediately stopped rising, and then used a heavy weight pendant to cause his originally rising body to begin to fall rapidly.

However, Watanabe Ichiro was still slow to react, and Chen Ping's punch was already in front of him.

Ichiro Watanabe had no choice but to throw a punch with difficulty. The sword in his hand had become a decoration. In this hurry, he could not use the sword in his hand!

Boom...

The fists faced each other, and there was another deafening sound.

The spiritual power of Chen Ping's punch directly penetrated Ichiro Watanabe's defense and hit him hard on the chest.

Watanabe Ichiro spurted out a mouthful of blood in mid-air, his chest instantly sunk, and his whole body hit the ground heavily.

Chen Ping's body landed on the ground, but his figure still shook a few times. The battle with Ichiro Watanabe just now caused Chen Ping to consume a lot of energy.

"Winning king or losing bandit, today you are defeated in my hands, this is your destination..."

Chapter: 1325

After Chen Ping said this, he took a sudden breath, clenched his right fist, and then the spiritual power in his Dantian continued to condense on his right fist. He was ready to use his last strength to kill Ichiro Watanabe.

Seeing that Chen Ping was about to kill him, Watanabe Ichiro's expression became a little panicked. He wanted to get up and avoid Chen Ping's fatal blow. Unfortunately, his injuries were too severe and Watanabe Ichiro was unable to stand after the blow.

"Kill him, kill him, kill him..."

In the stands, many people were protesting, and even representatives from other countries were shouting that Chen Ping had killed Ichiro Watanabe.

After all, this guy has made countless enemies. If he is defeated, he will either die or be injured. This guy rarely spares others.

But now it's his turn, Ichiro Watanabe's face is pale, his eyes are full of fear!

No one is not afraid of death, especially people like Ichiro Watanabe, who are sought after by thousands of people and are in a high position, they are even more afraid of death.

"I surrender....."

Just when Chen Ping was about to finish off Ichiro Watanabe with one punch, Ichiro Watanabe suddenly made a very unexpected move.

I saw Ichiro Watanabe throw away the sword in his hand, and then kneel on the ground in a pious posture, admitting defeat without hesitation.

Because he knows that the rule of the competition is that if the opponent admits defeat, then the opponent cannot attack again.

Therefore, when Ichiro Watanabe kills and hurts others in the ring, he always takes advantage of the opponent's refusal to admit defeat and directly kills him...

This approach of Ichiro Watanabe instantly shocked everyone. Even Chen Ping did not expect that Ichiro Watanabe would be so spineless in the face of life and death.

Why is it that Ichiro Watanabe is also a sword master and a master of martial arts? Now he knelt down directly, and in front of thousands of people.

An ordinary person would definitely not be able to do this, but Ichiro Watanabe has done it. At this moment, he is kneeling on the ground, shouting loudly: "I surrender, I surrender..."

"Hahaha, it's so damn happy that Ichiro Watanabe's grandson is here today too!"

"Awesome, this Chen Ping is awesome. He was only in his early twenties and actually defeated Ichiro Watanabe!"

"Instructor Chen is mighty, Instructor Chen is mighty..."

Whether it was the people in the stands or the players in the Dharma Protector Pavilion, they all shouted excitedly.

Only the representatives of the island countries turned green in the face and looked as ugly as eating shit!

“This Chen Ping is really interesting...”

Anna’s eyes began to change when she looked at Chen Ping.

Andrew looked at Chen Ping with admiration and respect in his eyes, no longer contempt and disdain.

What Xiong people admire most is the strong, and the strength Chen Ping has shown now makes Andrew admire him.

Chapter: 1326

At this time, on the already ruined arena, Chen Ping looked at Ichiro Watanabe who knelt down and admitted defeat, and could only retract his fist helplessly.

“Pooh.....”

Chen Ping spat fiercely at Ichiro Watanabe, and then slowly walked towards his team.

“Mr. Chen.....”

Zhao Wuji rushed forward excitedly!

Chen Ping put a hand on Zhao Wuji’s shoulder, and suddenly the entire weight of his body fell on Zhao Wuji’s shoulder.

Zhao Wuji understood instantly, and immediately held up his hand, gently dragging Chen Ping towards the team.

Although Chen Ping defeated Ichiro Watanabe, Chen Ping was already at the end of his strength and was holding on.

After returning to the team, Chen Ping was surrounded by the members of the Guardian Pavilion, and they all wanted to throw Chen Ping up.

“congratulations.....”

Anna looked at Chen Ping, stretched out her hand and said.

“Thank you!” Chen Ping shook hands with Anna.

“Chen, I’m sorry, I shouldn’t look down on you...”

Andrew walked up to Chen Ping and apologized proactively.

Chen Ping just smiled lightly and did not blame Andrew for his initial contempt!

The people on the side of the Guardian Pavilion were cheering, but the other side of the island country was lifeless. Watanabe Ichiro stood up, wiped the saliva from his face, and walked back slowly.

Ichiro Watanabe’s eyes flashed with murderous intent. Although he knelt down and admitted defeat, this was just a temporary measure. He would not give in easily. There was a team competition later. On a deserted island, it was There are no rules, he wants revenge on the island.

The game is over, and Chen Ping's name is also known to more people on this day, especially some warriors. Many people began to look at Chen Ping differently because Chen Ping defeated Ichiro Watanabe!

However, many people began to have trouble sleeping and eating after knowing this result!

Xuanyuan Yan was one of them. He didn't expect that in just a few days, Chen Ping's strength would actually increase a lot, and even Ichiro Watanabe was defeated.

It seems that their plan to take revenge and seize the dragon crystal from Chen Ping has to be rearranged.

There are also other families and sects who are preparing to seize the dragon crystal. They all spy on the dragon crystal in Chen Ping's body. But now that Chen Ping's strength is exposed, these people have to re-examine Chen Ping. .

They all thought that Chen Ping had the strength of a grand master, and it seemed that they had been deceived all along. If they only treated Chen Ping as a grand master, they would suffer a big loss.

In the Long family, Long Jingguo couldn't tell whether he was sad or happy when he saw the news of Chen Ping's victory in the end!

Chapter: 1327

"Xingxu, if you are asked to fight alone with Chen Ping, are you sure you can beat him?"

Long Jingguo asked Long Xingxu.

Long Xingxu hesitated for a moment, then shook his head and said, "I don't know..."

If it were in the past, Long Xingxu would have nodded without hesitation. He didn't take Chen Ping into consideration at all.

But now, Long Xingxu was no longer convinced. After all, Chen Ping was someone who even defeated Ichiro Watanabe.

Long Jingguo looked at Long Xingxu, and then said: "If you really fight that Chen Ping alone, you will definitely not be his opponent. Do you know why?"

"Why?" Long Xingxu immediately looked at Long Jingguo in confusion.

"Because the blood flowing in Chen Ping's body is the orthodox blood of the Long family, and you are just a side branch..."

Long Jingguo's words made Long Xingxu's head lower instantly.

As a branch of the Long family, this is something that Long Xingxu has always been unable to lift his head from, so he practiced hard and relied on his talent to enter the martial arts clan at a young age. He wanted to rely on his own efforts to enter. The core of the Long family, but getting into the core of the Long family is not easy!

"Master, have you confirmed that this Chen Ping is the child that the eldest lady lost back then?"

Long Xingxu asked.

"Except for our Long family bloodline, who can step into the ranks of Wuzong in such a short period of time? Moreover, I sent people to check Chen Ping's details carefully. He followed a group of people in prison three years ago. An old man practices cultivation, and I suspect that this old man is..."

“Is it Butler Long?” Long Xingxu’s eyes widened slightly as he asked.

“Yes, Butler Long followed Long and escaped from the Long family five or three years ago. His whereabouts are still unknown. It seems that they have found Ruotong’s child, and this child is Chen Ping!”

Long Jingguo nodded.

“Master, what should we do? Should we send someone to arrest Chen Ping now?”

Now that Chen Ping’s identity has been determined, let’s capture him directly.

“Wouldn’t arresting people now mean that our Long family will go against the authorities? You know, Chen Ping just defeated Ichiro Watanabe, but it was at the peak of the limelight. Besides, there will be a team competition in three days. If we arrest him now Chen Ping, do you think the higher-ups will settle a score with our Long family?”

Long Jingguo said with a cold expression.

Long Xingxu looked embarrassed and said cautiously: “Master, what should we do?”

Long Jingguo did not answer Long Xingxu, but asked: “Do you understand what I asked you to go to the Martial Arts Alliance to ask? Where will the martial arts trial be chosen this year?”

“Master, the Martial Arts Alliance hasn’t gotten the exact location yet. The higher-ups haven’t contacted the Martial Arts Alliance about this matter yet, but Alliance Leader Zhu has already said that after the higher-ups announce the location, they will notify us as soon as possible, but I feel like it will be soon. , we should ask the young master to come back early.”

Long Xingxu replied hurriedly.

Chapter: 1328

“Xiao’er won’t be back this year, so I’m going to let you go for this trial. You have to seize this opportunity...”

Long Jingguo suddenly patted Long Xingxu’s shoulder with serious words and said.

Long Xingxu was stunned for a moment, then his whole body shook slightly, and the excitement on his face could not be expressed in words.

“Thank you, Master, I will definitely live up to your cultivation...”

Long Xingxu hurriedly knelt down in front of Long Jingguo.

You must know that this annual trial is the biggest improvement for young people like them, especially those unknown treasures. The places chosen for each trial are some ruins, caves, ancient tombs, etc., which contain hidden treasures. No one knows what treasure it is.

In the past, Long Jingguo’s son Long Xiao went to every trial. This time Long Xingxu had the opportunity, and he was determined to take advantage of it.

The martial arts arena in the Guardian Pavilion was brightly lit and there were more than a dozen tables set up.

Everyone in the Guardian Pavilion gathered together happily. Today is a happy day for the members of the Guardian Pavilion.

Chen Ping defeated Ichiro Watanabe and finally gave their Dharma Protector Pavilion a feeling of pride.

“Instructor Chen, you are so handsome today, I want to toast you...”

“Instructor Chen, you are the great savior of our Dharma Protector Pavilion. You finally let our Dharma Protector Pavilion breathe a sigh of relief.”

“Instructor Chen, you will be my idol from now on, and I will enshrine you.”

Members of the Dharma Protector Pavilion kept coming over to toast Chen Ping.

Chen Ping did not refuse anyone who came, and he quickly drank a large jar of liquor.

“You drink less.”

Xiaolan said with some distress when she saw Chen Ping drinking.

“Don’t worry, I won’t get drunk even if I drink a thousand cups.” Chen Ping has already reached the fasting stage. Let alone this little wine, he will not get drunk no matter how much he drinks.

“Chen Ping, your girlfriend is quite concerned about you...”

Anna, who was sitting opposite Chen Ping, smiled slightly.

At this gathering at the Guardian Pavilion, Zhao Wuji also called the delegation from the Xiong Kingdom. After all, they are friendly neighbors, and it is appropriate to have more exchanges of feelings.

“Princess Anna misunderstood, we are just friends.”

Chen Ping explained.

“It doesn’t look like it to me. The way Miss Xiaolan looks at you is full of admiration.”

Chapter: 1329

Anna glanced at Xiaolan and said lightly.

“You got it wrong!” Chen Ping smiled awkwardly.

Seeing Chen Ping like that, Anna giggled out loud: “Since this Miss Xiaolan is not your girlfriend, then where is your girlfriend? I want to see what a woman who can match you looks like...”

Anna said, and actually sat down next to Chen Ping with a wine glass. Xiaolan’s face turned slightly cold when she saw Anna like that, and she was a little unhappy.

“My girlfriend is not here, and I don’t know where she is now...”

After Chen Ping finished speaking, his eyes showed a bit of longing. It had been almost two months since he left with Su Yuqi. Chen Ping missed her a little. Chen Ping didn’t know where Long Wu took Su Yuqi and the others.

“You don’t even know where your girlfriend is. Your boyfriend is a bit unqualified, but your girlfriend dares to leave such an excellent man like you alone and is too big-hearted to be afraid of other women. Take you away...”

As Anna spoke, she actually moved a little closer to Chen Ping. She placed one hand directly on Chen Ping’s thigh, only a few inches away from Chen Ping’s important place.

At this time, Chen Ping could even feel Anna’s breathing and the warmth from Anna’s hands, which made Chen Ping feel a little manic and his heartbeat accelerated.

Seeing Anna’s active look, Xiaolan’s face turned even colder.

She felt that she was proactive enough, but she didn't want this foreign girl to be more proactive.

"Miss Anna, I have something else to do. You can talk to someone else first..."

Chen Ping stood up in a hurry. He knew that he was sitting down and he might as well do what Anna would do to him.

"Chen Ping, don't leave, we haven't had a drink yet?"

Anna wanted to stop Chen Ping, but she didn't want to be grabbed directly by Xiaolan.

"Princess Anna, let me drink with you..."

Xiaolan picked up the wine glass and drank it all in one gulp, with a bit of provocation in her eyes.

Anna looked at Xiaolan and drank it all in one gulp. As the princess of the Bear Kingdom, she was not afraid of anyone when drinking.

Chen Ping ignored them, but walked to a quiet place and sat down. Looking at the stars in the sky, Chen Ping was not very happy.

Although he defeated Ichiro Watanabe today, Chen Ping knew that his true strength was directly exposed to everyone. It would be very difficult for him to rely on hiding his strength in the future to pretend to be a pig and eat the tiger.

And as his strength is exposed, more and more people will pay attention to him, and the temptation of the dragon crystal in his body will become greater and greater for others.

After all, Chen Ping's strength has grown rapidly since he swallowed Long Jing, and many people have seen it. They will not think that it is the result of Chen Ping's efforts, and will definitely add this credit to Long Jing.

"The road ahead may be even more difficult. Mother, I wonder if you are okay now?"

Chen Ping raised his head and sighed softly.

Chapter: 1330

"Mr. Chen, what's wrong?"

Zhao Wuji came over at this time. He saw Chen Ping coming here alone, so he followed him.

"It's nothing!" Chen Ping smiled: "Why don't you drink with them and have a good time?"

Zhao Wuji sat next to Chen Ping and gave Chen Ping a cigarette.

Chen Ping hesitated, and finally took the cigarette.

Zhao Wuji personally lit it for Chen Ping. After Chen Ping took a sip, he coughed twice violently.

Seeing Chen Ping like that, Zhao Wuji smiled, lit it for himself, took a deep breath, and slowly spit it out.

"The team competition will be held in three days. I don't know how many of these people will be able to come back..."

Zhao Wuji sighed and said.

When Chen Ping heard this, he was silent for a moment, and then said: "I will try my best to bring them all back."

Zhao Wuji shook his head slightly: "The reason why Watanabe Ichiro gave up today was because he wanted to avenge his shame in the team competition. This guy is very insidious."

Chen Ping said nothing more, but smoked quietly.

More than half an hour later, Chen Ping followed Zhao Wuji back to the banquet, only to find that both Xiaolan and Na Anna were drunk and unconscious.

Chen Ping smiled helplessly and could only leave with Xiaolan first.

At this moment, in sharp contrast to the Dharma Protector Pavilion is a hotel not far from the Dharma Protector Pavilion.

Watanabe Ichiro looked at the brightly lit and bustling Dharma Protector Pavilion, and his face was so cold that water almost dripped from his face.

"Mr. Watanabe, there is news from China asking me to explain what happened today. What should I say?"

A man in a suit came over. This man was the head of the island delegation. However, facing Ichiro Watanabe, the man in charge did not dare to be disrespectful at all.

Even if Ichiro Watanabe lost and knelt on the ground to admit defeat, they did not dare to laugh at Ichiro Watanabe.

Ichiro Watanabe is in the island country, and behind him is the entire Watanabe family. Even the royal family is polite to the Watanabe family, so what do they mean?

“Explain what? Explain how I lost? Just tell them that I lost on purpose to show weakness. When the team competition comes, no one from the Daxia team will leave alive.”

Ichiro Watanabe looked at the person in charge and said coldly.

“Okay, I know.”

The person in charge nodded, turned around and prepared to leave.
