

The Order 1331

Chapter: 1331

“Wait a minute!” Ichiro Watanabe suddenly called out to the person in charge: “Are you ready with everything I asked you to prepare?”

The person in charge’s face changed slightly, and then he wondered: “Mr. Watanabe, this is Daxia after all. If the things you asked me to prepare are found out, none of us will be able to leave Daxia.”

Ichiro Watanabe’s face turned cold: “So, you are not prepared?”

“I...” The person in charge stuttered, not knowing what to say.

Snapped!

Suddenly, Ichiro Watanabe slapped the person in charge hard: “If you are not prepared, believe it or not, I will make it impossible for you to go back now?”

The person in charge was so frightened that his face changed wildly, and he immediately bowed and apologized: “Mr. Watanabe, I was wrong. I will go and prepare right away...”

After the person in charge left, Ichiro Watanabe looked relieved at the brightly lit Dharma Protector Pavilion, with murderous intent flashing in his eyes.

the next day!

Chen Ping went to Wuying Villa. Since giving Zhao Ligu the Heaven-Returning Pill, Chen Ping has not seen Zhao Ligu and does not know how Zhao Ligu is recovering.

In addition to looking at Zhao Ligu, Chen Ping also had another purpose, which was to ask Zhao Ligu to see if there was any way to excavate the ancient tomb he discovered.

Chen Ping alone would definitely not be able to dig such an ancient tomb, not to mention that it would be even more difficult to do so without anyone noticing.

Wuying Villa has been here for many years, so Chen Ping wants to hear Zhao Ligu's opinion.

"Mr. Chen..."

Seeing Chen Ping coming, Zhao Ligu went out to greet him personally and knelt down directly towards Chen Ping.

Chen Ping hurriedly stretched out his hand to support Zhao Ligu without letting him kneel down.

"How is your health now?"

Chen Ping asked Zhao Ligu.

"Mr. Chen, I have recovered now, and my strength has reached its peak. I am not damaged. This is thanks to Mr. Chen's Heaven-Returning Pill. Chuang'er has told me everything..."

Zhao Ligu replied.

"As long as you have recovered, I came to see you today because I want to ask your opinion on something..."

Chen Ping said straightforwardly.

“Then let’s talk in the room!” Zhao Liguó invited Chen Ping into the room.

The screen retreated to the left and right, and only Chen Ping and Zhao Liguó were left in the room.

Chapter: 1332

“Palace Master, do you want to ask about Ichiro Watanabe? I heard that you defeated Ichiro Watanabe in yesterday’s competition.” Zhao Liguó asked.

Chen Ping shook his head, and then told Zhao Liguó about his discovery of the ancient tomb.

Zhao Liguó was immediately surprised by such a discovery. You must know that there are no ancient tombs at all in the suburbs of Kyoto, which have been explored by many capable people, let alone imperial mausoleums. Moreover, there is another ancient tomb in Kyoto. The Hu family makes a living by robbing tombs and finding caves. If there is an ancient tomb nearby, how could the Hu family not know about it?

“Palace Master, are you sure that is really an ancient tomb?”

Zhao Liguó confirmed again.

“I’m sure!” Chen Ping nodded.

Zhao Liguó fell into deep thought. After a moment, his expression was confused: “Master, if you want to secretly dig this ancient tomb yourself, it will be even harder than climbing to the sky. This is Kyoto, and the ancient tomb is among the tombs of emperors of all dynasties. It’s nearby, and if you dig it, it’s hard not to be discovered.”

Chen Ping actually felt that it was a bit difficult. After all, the place was full of people and it was still a tourist attraction. It was almost impossible to cover up people’s eyes.

“In this case, we can only talk about it in the future. Fortunately, I used the formation to hide the ancient tomb, so ordinary people can’t detect it.”

Chen Ping said helplessly.

“Hall Master, private excavation of this kind of imperial tomb is generally not allowed. Even if it is discovered, it will be of no use. However, you can use the imperial tomb you discovered to make a favor. Maybe you can give it to this year’s trial. You have a spot.” Zhao Liguó said.

“Trial? What trial?” Chen Ping looked confused.

“The official cooperated with the Martial Arts Alliance to select a ruins where many young warriors can practice. It can be regarded as an event organized by the official to win over people’s hearts...”

Zhao Liguó explained the annual trial to Chen Ping in detail.

After Chen Ping heard this, he immediately became interested. At the same time, the official doing this can indeed win over some people’s hearts, and at the same time, it can also reduce the fighting between the major families and sects.

After staying at Wuying Villa for a long time, Chen Ping left. It seems that Zhao Wuji is still worried about the team competition three days later, so Chen Ping must seize the time to recover now and reach the best condition by then to protect the Dharma Protector Pavilion. Those team members were protected from harm. These people had followed Zhao Wuji through life and death for many years. It was no wonder that Zhao Wuji was worried.

Three days is up in the blink of an eye!

At a port, many people gathered here to watch the participating teams board the ship.

Because some teams abandoned the competition, only three teams from Daxia, Bear Country, and Island Country were left to compete in the final team competition.

At this time, all the members of the Guardian Pavilion were all dressed up, holding weapons, and they were all high-spirited. With Chen Ping leading them, everyone was full of confidence.

Looking at these energetic and smiling team members, Zao Wuji felt an indescribable feeling in his heart.

He knows these guys in the island country very well. These guys are ruthless, do not follow the rules at all, and have no humanity at all.

The reason why they suddenly proposed such a team competition must be filled with bad news.

“Pavilion Master Zhao, don’t worry, I will try my best to bring back everyone.”

Chapter: 1333

Seeing Zhao Wuji like that, Chen Ping comforted him.

“Now I can only place my hopes on Mr. Chen.” Zhao Wuji can only place all his hopes on Chen Ping now.

“Pavilion Master, with Mr. Chen here, we will definitely return in triumph this time.”

Xu Shimao said with confidence.

They have all seen Chen Ping’s strength with their own eyes, and Ichiro Watanabe is also a loser. They will definitely come back with a big victory in this team competition.

Zhao Wuji didn't say anything. He didn't have much confidence, but in order not to damage the morale of the team members, Zhao Wuji could only choose to remain silent.

"Chen, let's go together..."

At this time, Andrew brought people over, and he planned to take people to follow Chen Ping.

"Princess Anna?"

Zhao Wuji didn't understand what Andrew meant by bringing people over and going with Chen Ping. After all, they were opponents in this team competition.

"Pavilion Master Zhao, I followed Andrew's instructions. We won't fight with you this time. As long as we join forces to destroy those guys from the island country on the island and don't let them come back."

Anna said to Zhao Wuji.

"This..." Zhao Wuji was stunned: "Princess Anna, isn't this against the rules?"

"What's wrong with the rules? When you get to the island, who will care whether you behave according to the rules or not? Do you think those guys from the island country will abide by the rules with you?"

Anna asked loudly.

Zhao Wuji smiled helplessly. He also knew that these guys from the island country would definitely not abide by the rules, and they might have set some traps waiting for them to step on.

Now that Andrew is joining forces to deal with Ichiro Watanabe, Zhao Wuji feels a lot more relieved.

As soon as the ship whistle sounded, the three teams boarded the ship one after another and began to set off towards the small island not far away.

There are many unknown dangers on the island, but each team member has a locator and a rescue device. If you can't persist, you can call for help and exit, and someone will respond.

On the ship, Chen Ping led his team and talked with Andrew's team. Only Ichiro Watanabe and his team sat aside!

"Captain, it looks like the teams from Daxia and Xiong are planning to join forces. If that's the case, wouldn't we be at a huge disadvantage when facing two teams?"

A guy holding a samurai sword and wearing a samurai uniform walked up to Ichiro Watanabe and asked in a low voice.

Ichiro Watanabe glanced at Chen Ping and Andrew who were chatting. There was no tension in his eyes, but a hint of cunning flashed in his eyes: "If they want to unite, let them unite. By then none of them will be able to escape from this island. ."

"Could it be that the captain already has a countermeasure?"

Chapter: 1334

the warrior asked cautiously.

Ichiro Watanabe was stunned for a moment, then said with a cold face: "Baga, is this what you should ask?"

Seeing Ichiro Watanabe getting angry, the samurai's face changed with fright, and he quickly bowed and apologized: "I'm sorry, I was wrong..."

The ship sailed on the sea and soon reached the island.

After everyone disembarked, the ship did not leave. They only had one day. Whoever could get the crystal ball placed in the center of the island and return to the ship within one day would be considered a winner.

After Chen Ping and the others landed on the island, they found that the island was not large and the scenery was very beautiful. If the island was too big, it would not be possible to find the crystal ball in one day.

"Mr. Chen, the air on this island is so good, it smells very comfortable..."

Xu Shimao sniffed hard and said greedily.

Chen Ping frowned slightly, sniffed gently, and his expression became a little unnatural.

"Captain Xu, tell everyone to hold your breath and move forward..."

Chen Ping ordered Xu Shimao.

Xu Shimao was stunned. He didn't understand what Chen Ping was trying to do. The air smelled so comfortable, so it made him hold his breath?

However, since it was Chen Ping who spoke, Xu Shimao could only obey, so all the members of the Guardian Pavilion held their breath.

Fortunately, these people are all masters or above. They can hold their breath and breathe directly in the body for a while.

“Andrew, tell your people to hold their breath quickly...”

Chen Ping looked at Andrew and said.

“Chen, what happened? Did you notice something?”

Andrew asked Chen Ping in confusion.

“I feel something is wrong with the air on this island, as if someone has tampered with it...”
Chen Ping said with a slight frown.

“Taking tampering?” Andrew was stunned for a moment, then smiled and said: “Chen, you are too cautious. On such a large island, it is impossible to tamper with the air on the entire island.”

Andrew didn’t believe what Chen Ping said at all.

Who can manipulate the air of the entire island? How is that possible? It is simply impossible to achieve.

Seeing that Andrew didn’t believe it, Chen Ping didn’t say anything more, but paid close attention to the air around the island.

After Ichiro Watanabe and the others got off the boat, they quickly headed towards the center of the island.

Chapter: 1335

Now Chen Ping and the others were lagging behind and had no choice but to catch up quickly.

Andrew led the people to follow Chen Ping closely, and did not hide the fact that he would join forces with Chen Ping.

In the dense jungle of the island, Chen Ping felt something was wrong the more he walked, but he couldn't tell what was wrong, so he could only keep his spirits up.

At this moment, Ichiro Watanabe has led people deep into the hinterland of the island. In a flat open space in the hinterland of the island, several pink bouquets are placed on the open space. Three people wearing black cloaks and masks are As she muttered words, there was a constant pink breath, floating into the air from the bouquet.

Seeing Ichiro Watanabe coming, the three men in black stood up immediately and walked to Ichiro Watanabe: "Master Watanabe..."

"How about it? Has the pollen of the other shore flower spread all over the island?"

Ichiro Watanabe asked three masked men in black.

"Master Watanabe, the pollen has now spread to the entire island, but in order not to arouse their suspicion, we are at the edge and the pollen has not spread much."

A man in black replied.

"Very good. When I get back, I will reward you heavily..."

Ichiro Watanabe nodded with satisfaction.

"Thank you, Master Watanabe." The three men in black immediately knelt on the ground happily.

As for the group of samurai brought by Watanabe, their expressions became a little unnatural when they saw that Watanabe had already spread Higanbana pollen on the island.

The pollen of this flower is highly poisonous and can cause hallucinations and even mental confusion and delusions.

Ichiro Watanabe secretly spread this pollen on the island without telling them in advance, and now all of them have inhaled this pollen.

Ichiro Watanabe looked at his samurai, then smiled and said: "I have an antidote here. You will be fine if you inhale as much as you like."

As Ichiro Watanabe spoke, he grabbed a handful of white powder and threw it towards the warriors. The white powder was instantly sucked into the stomachs of the warriors.

Chen Ping, who was on the other side, was walking slowly towards the hinterland of the island with his people, and soon several figures stood in front of Chen Ping.

Chen Ping looked and found that it was Ichiro Watanabe who led someone to stop him.

This surprised Chen Ping. Shouldn't Ichiro Watanabe have gone to the center of the island to find a crystal ball a long time ago? How could he stop himself here?

"Watanabe Ichiro, what do you want to do?"

Seeing Ichiro Watanabe blocking him in front, Andrew jumped forward and went directly to Ichiro Watanabe and asked.

"Don't you know what I'm going to do?"

Watanabe Ichiro's face was full of pride, and his eyes showed murderous intent.

Chapter: 1336

Seeing that Watanabe Ichiro was not hiding his murderous intent, Chen Ping frowned: "If you don't go find the crystal ball, are you here to stop us?"

"Look for a fucking crystal ball. I'll kill you all. We won't win by then. Don't think that if you beat me in the ring, I will bow to you..."

Ichiro Watanabe narrowed his eyes, and the murderous aura on his body became more intense.

Seeing Ichiro Watanabe's murderous intention, Chen Ping's aura also began to rise.

Everyone in the Dharma Protector Pavilion showed their weapons one after another.

As soon as Andrew waved his hand, all his men also showed their weapons.

"Watanabe Ichiro, you were defeated by one of your men. Now that our two teams are united, do you think you can kill us?"

Andrew sneered.

"Hahaha, you are a bunch of reckless men. If I want to kill you, there is no need for me to take action. I only need you to kill each other."

After Ichiro Watanabe finished speaking, the three masked men in black behind him suddenly began to murmur at the same time and recited a spell.

As the spells from the three people's mouths became faster and faster, suddenly a layer of pink mist began to cover the island.

Looking at the fog in the sky, Chen Ping secretly screamed something bad and hurriedly shouted: "Everyone, hold your breath."

Just as Chen Ping finished speaking, Andrew's men began to scream one by one, then fell to the ground and began to roll in pain.

When Andrew saw that the person he brought suddenly became like this, he was suddenly confused.

"Chen, what...what's going on?"

Andrew asked in surprise.

"Andrew, are you okay?" Chen Ping asked Andrew when he saw that everyone Andrew brought was writhing in pain.

Andrew shook his head, but then Andrew's eyes suddenly flashed scarlet, and then he punched Chen Ping suddenly.

Andrew's sudden attack hit Chen Ping directly on the chest, and Chen Ping's body was instantly knocked out.

It flew for more than ten meters before hitting a tree and stopping.

"Mr. Chen..."

“Instructor Chen...”

Xu Shimao and the people from the Dharma Protector Pavilion hurried over and helped Chen Ping up.

Chen Ping frowned deeper when he looked at Andrew who suddenly attacked him.

Chapter: 1337

At this moment, Andrew grabbed his head and hit the tree desperately.

“Ah...” Andrew shouted: “Chen, kill me quickly, I can’t control myself.”

With only a trace of reason left, Andrew struggled to control his body.

Watanabe Ichiro looked at the scene in front of him and laughed happily: “Hahaha, it’s useless. I have been poisoned by Higanbana. No one can cure it except me. You should just obey the orders obediently.”

“I rely on your mother.....”

Andrew looked at Ichiro Watanabe who was laughing wildly, his eyes full of anger, and then punched Ichiro Watanabe.

Watanabe Ichiro’s feet trembled and he dodged away calmly.

The three masked men in black sped up the spell. Andrew was too strong, so it would take time to completely control Andrew.

“Ah!” Andrew roared angrily. He wanted to attack Ichiro Watanabe again, but the severe pain in his head made him fall to the ground instantly.

Looking at Andrew’s appearance, Ichiro Watanabe raised the corners of his mouth slightly: “My slave, I order you now to kill the person in front of me.”

Ichiro Watanabe’s voice seemed to come from the Nine Hells, which made the frantic Andrew calm down instantly. Then he stood up with scarlet eyes and stared at Chen Ping.

“Andrew...”

Seeing Andrew like that, Chen Ping frowned slightly and quickly retreated a few steps.

“Go to hell...”

Andrew suddenly punched Chen Ping with great force and did not hold back at all.

“Andrew, wake up...”

Chen Ping called to Andrew and dodged quickly.

He did not follow Andrew into a head-on confrontation. That would only allow Ichiro Watanabe’s conspiracy to succeed.

Andrew didn’t listen to Chen Ping at all, like a crazy beast, constantly attacking Chen Ping.

Watanabe Ichiro looked at the scene in front of him with a proud expression on his face.

“Don’t stop, kill him, kill him...”

Ichiro Watanabe constantly controlled Andrew.

Andrew punched Chen Ping one after another, as fast as a meteor, and with each punch, there was an air-piercing explosion.

Chen Ping could only dodge in embarrassment. If he was not careful, he would be hit by Andrew’s punch.

Chapter: 1338

“Hahaha, hahaha...”

Seeing Chen Ping’s embarrassment, Watanabe Ichiro was extremely happy.

At this moment, Ichiro Watanabe was like a spectator at a play, quietly watching Andrew and Chen Ping fight.

Bang...

Suddenly, Andrew punched Chen Ping in the chest. Chen Ping’s body flew out instantly, breaking several trees, and then fell heavily to the ground.

“Mr. Chen...”

“Instructor Chen...”

Xu Shimao and others wanted to rush over to help Chen Ping, but Chen Ping shouted: “Don’t move any of you...”

Xu Shimao and others could only stop and look at Chen Ping in confusion, wondering why Chen Ping didn't let them help.

After Andrew punched Chen Ping, his body instantly jumped up, and he stepped down on Chen Ping from mid-air.

Chen Ping rolled on the spot and dodged the kick. Andrew's entire calf sank into the ground, which showed how powerful this kick was.

Seeing Chen Ping dodge, Andrew pulled out his calf and waved his iron fist again.

This time, Chen Ping did not hide, but directly reached out and grabbed Andrew's punch. A burst of spiritual power instantly passed through Andrew's arm and went straight to his head.

Andrew felt his head clear for a while, and then the scarlet color in his eyes disappeared, and he looked at Chen Ping in surprise.

"Chen, I...I..."

Andrew couldn't remember what he had just done.

"Don't talk yet..."

Chen Ping winked at Andrew, then staggered and kept retreating, appearing to be repelled by Andrew.

Andrew's fist was grabbed by Chen Ping, and he didn't understand what Chen Ping was doing. He could only follow Chen Ping and keep moving forward.

“Pretend to attack me, don’t stop...”

Chen Ping whispered in Andrew’s ear.

Andrew nodded slightly. Although he didn’t understand what Chen Ping was doing, since Chen Ping had spoken, he would do it.

Andrew followed Chen Ping in fighting every move, while Chen Ping briefly told Andrew what had happened.

When Andrew knew that he was poisoned and his mind was controlled by Ichiro Watanabe, his eyes were full of anger, but at the same time he was also full of shame. Chen Ping had warned him as soon as he arrived on the island, but Andrew didn’t care at the time, but didn’t want to go directly. This is what Ichiro Watanabe said.

Chapter: 1339

“What should we do next? Between the two of us, Ichiro Watanabe is no match at all...”

Andrew plans to join forces with Chen Ping to kill Ichiro Watanabe. It can be said that it is effortless for the two of them to join forces.

“Your men are all poisoned. Ichiro Watanabe must have the antidote. I’ll tell you what to do...”

Chen Ping taught Andrew the method.

After hearing this, Andrew’s eyes lit up and he immediately agreed with Chen Ping’s method.

“Andrew, kill him for me. What are you doing whining?”

Watanabe Ichiro roared angrily when he saw Andrew following Chen Ping in a close fight and failing to defeat Chen Ping.

“Andrew, since you have lost your mind, don’t blame me for being rude...”

As soon as Ichiro Watanabe finished shouting, Chen Ping immediately shouted loudly, and then a golden light flashed on his fist, and he punched Andrew hard.

It seemed that Chen Ping was really anxious. Even if Andrew was from the Xiong Kingdom, Chen Ping would still kill him.

Bang.....

With a dull sound, Andrew’s body was punched directly at the feet of Ichiro Watanabe by Chen Ping.

Seeing Andrew being sent so far away by a punch, Ichiro Watanabe said with disdain in his eyes: “What a fucking waste, get up quickly.”

Ichiro Watanabe pulled Andrew up and cursed.

But the moment Andrew stood up, he suddenly made a move towards Ichiro Watanabe. He reached directly into Ichiro Watanabe’s arms with one hand and took out a packet of white powdery stuff from inside.

Ichiro Watanabe was startled. After he reacted, he was about to attack Andrew, but he was kicked by Andrew. He instantly took three steps back.

If not for the support of three men in black, Ichiro Watanabe would have sat down on the ground.

“Chen, let’s see if this is the antidote?”

Andrew took the bag of white powder and walked up to Chen Ping and asked.

Chen Ping picked up some and sniffed it, nodded and said: “Hurry up and let your men suck in this white powder...”

“Okay!” Andrew hurriedly took the antidote and began to throw it towards his men.

Watanabe Ichiro looked at the scene in front of him and was going crazy.

“What’s going on? Then Andrew has obviously been poisoned by Bianhuahua? Why did he suddenly wake up? Why are none of you poisoned?”

Watanabe Ichiro frowned in confusion.

Chapter: 1340

Chen Ping looked at Ichiro Watanabe with a sneer, and said calmly: “I have seen your conspiracy a long time ago. Although there is very little flower poison in the air, I can still tell it, so as soon as I got to the island, I asked Many people have held their breath, and I have cured the poison that Andrew was poisoned with...”

“Impossible, I am the only one who has the antidote to the poison of the Higanbana flower. How could you possibly be able to undo it? I don’t believe it, I don’t believe it...” Ichiro Watanabe roared: “Put the poison on me and poison them to death...”

Following Ichiro Watanabe’s roar, the three men in black began to chant spells quickly, and a large amount of fan-red smoke began to float from several Higan flowers.

Seeing this, Chen Ping used his hands to activate the spell. Two balls of light blue flames jumped on his palms, and then he suddenly threw them towards several Bianhua flowers.

boom.....

The two groups of light blue flames exploded directly after touching the pink smoke. The huge fireball instantly turned the Bana Flower into ashes.

Seeing the Higan flower being destroyed, Ichiro Watanabe was completely angry. The Higan flower was the most precious thing of his Watanabe family. He had created it secretly. If the family knew about it, he would definitely be punished.

Now that Higanbana has been destroyed, Watanabe Ichiro doesn't know how to follow the family's instructions.

"I'll fight with you..."

Ichiro Watanabe roared angrily and arrived in front of Chen Ping in the blink of an eye.

"It's so fast. It seems that the nine shadow clones are exactly what I expected..."

Chen Ping smiled slightly. He had been trying to figure out Ichiro Watanabe's Nine Shadows Sword Technique in the past few days, and he had gained some insights.

Bang!

Ichiro Watanabe quickly passed by, and then punched Chen Ping hard on the body.

Chen Ping did not dodge, but let Ichiro Watanabe hit him directly.

Chen Ping's figure shook twice, but he was not hurt at all.

Ichiro Watanabe felt his arms were numb and stood not far away, looking at Chen Ping coldly.

“As expected, the faster you are, the smaller your power will be. You simply cannot exert power and speed at the same time. Your so-called Nine Shadow Clone, which sacrifices power for speed, seems to be useless now... ..”

Chen Ping looked at Ichiro Watanabe with a sneer.

Watanabe Ichiro's clone was just an illusion caused by being so fast that it deceived everyone's eyes.

“Do you think you have really seen through my Nine Shadows Sword Technique?”

After Ichiro Watanabe finished speaking, he shook his arm and pulled out the cicada-winged sword. A faint light emitted from the sword. After a burst of energy was injected into it, the sword's light suddenly surged and made a trembling buzzing sound.

“What? You are already defeated, and you still want to use the same method to deal with me?”

Chen Ping showed disdain in his eyes, and then with a wave of his hand, the Dragon-Slaying Sword appeared in his hand.
