

## **The Order 1341**

Chapter: 1341

“Hmph, we are not in the ring today. You forgot that I am helping...”

After Ichiro Watanabe finished speaking, he saw the three men in black behind him suddenly throwing away their black robes, revealing their golden armor, and with the masks on them, they looked like three golden warriors.

The golden armor on the three men in black began to emit three dazzling rays of light under the sunlight, and all three rays of light shone on the sword in Ichiro Watanabe’s hand.

The sword in Ichiro Watanabe’s hand began to emit wisps of murderous intent, and the sword’s glow grew several feet long.

Chen Ping frowned slightly. At this moment, he felt the murderous intent emanating from the sword in Ichiro Watanabe’s hand, which made him a little uneasy!

“This time, you are trying my Nine Shadows Sword Technique...”

As soon as he finished speaking, Ichiro Watanabe’s body suddenly rose up, and then he shot out a sword in the air, and the terrifying sword light instantly reached Chen Ping.

Chen Ping suddenly felt a sense of danger, and the dragon-slaying sword in his hand also burst into flames, and he suddenly swung the sword out!

Rumble.....

The two sword energy collided, and Chen Ping’s body was instantly knocked away by the huge force. It was like a bomb was dropped on the island. A deep pit of more than ten meters appeared in this impact. Trees were flying everywhere.

“Chen...” Andrew hurriedly stepped forward to check Chen Ping’s situation.

Chen Ping stood up in disgrace. Although he was very embarrassed, he was not injured.

“I didn’t expect your boy’s physical body to be so strong...”

Ichiro Watanabe was surprised to see that Chen Ping was not injured.

“Watanabe Ichiro, this is a competition, and you secretly arranged your manpower in advance. You are violating the rules...”

Andrew accused Ichiro Watanabe.

“Hahaha, what rules? When I kill you all, I will be the winner. The rules are made by the winner...”

Ichiro Watanabe laughed.

“Don’t be too arrogant. The two of us join forces, so what if you have help...”

Andrew roared furiously, and then his body began to grow rapidly, and hair began to grow rapidly.

Andrew is about to transform into his best fighting state...

Ichiro Watanabe frowned. If Chen Ping and Andrew were to join forces, he would really be a bit overwhelmed.

“What the hell are you doing in a daze? Now take action and kill them all...”

Ichiro Watanabe ordered the warriors he brought.

Chapter: 1342

He wanted to rely on these people to hold Andrew back, and then quickly kill Chen Ping.

After receiving Ichiro Watanabe’s order, all the samurai drew their swords and began to rush towards the members of the Guardian Pavilion and the people brought by Andrew.

“Andrew, you go deal with those samurai, Ichiro Watanabe can just leave it to me...”

Chen Ping said hurriedly to Andrew.

Andrew’s men had just been detoxified and had not yet recovered their strength. Now it was up to Xu Shimao to lead the people from the Dharma Protector Pavilion to deal with the warriors. Chen Ping was afraid that Xu Shimao and the others were in danger, so he asked Andrew to help.

Andrew glanced at Chen Ping, then let out an angry roar and rushed towards the warriors.

Chen Ping looked at Ichiro Watanabe who looked proud, and said with cold eyes: “Now, I will also let you try my Nine Shadows Sword Technique...”

After Chen Ping finished speaking, his aura suddenly exploded, and golden light suddenly appeared, like the sun in the sky. The light was dazzling, much stronger than the light reflected by the three men in black.

“The first sword, the sword energy is like a rainbow...”

Chen Ping slowly raised the dragon-slaying sword, the blade of the sword buzzed, and then his body rose into the air. The monstrous sword light covered the sky and the sun, and headed towards Ichiro Watanabe.

Watanabe Ichiro was shocked and hurriedly raised his sword to meet him.

clang.....

The two swords touched together, and fire shot into the sky.

Watanabe Ichiro only felt pain from the tiger's mouth, and the sword in his hand almost came out.

"The second sword, draw the sword to cut off the water..."

Chen Ping struck out with his sword again, this time the sword was even more dazzling and its power was also increased a lot.

Watanabe Ichiro's expression turned extremely ugly. He gritted his teeth and faced him again.

Click.....

This time, Ichiro Watanabe felt his body was hit hard, and then the sword in his hand showed cracks and shattered...

"This...how is this possible? How could you know the Nine Shadows Sword Technique?"

Ichiro Watanabe looked at Chen Ping in shock, his face full of disbelief.

“Not only do I know your Nine Shadows Sword Technique, but I also know the tricks of your Nine Shadows clones...”

After Chen Ping said that, his figure suddenly split open and turned into two, then three, then four...

Chen Ping finally stopped after his figure divided into six.

Chapter: 1343

Six identical Chen Pings stood neatly in front of Ichiro Watanabe.

“Impossible, absolutely impossible, how could you create six clones?”

Ichiro Watanabe roared: “How fast does it have to be to have six clones appear? I have practiced for twenty years, and I have only reached four clones. Can you train six clones in three days? This is absolutely impossible.” possible.....”

Ichiro Watanabe roared, he dared to believe that what he saw was real, but he couldn't believe it, because it was a huge blow to him.

Although these shadow clones have no offensive power and are just phantoms, they can confuse the opponent very well and can cause the opponent to lose miserably without even taking action.

During the ring competition, Ichiro Watanabe used his shadow clone, which almost exhausted Andrew to death.

“nothing is impossible.....”

Chen Ping smiled lightly, and all the clones reunited: "Are you committing suicide, or do you want me to do it?"

The corners of Watanabe Ichiro's eyes twitched, and he gritted his teeth and said, "Do you think I will give in like this?"

After Ichiro Watanabe finished speaking, he looked at the three men in black and said: "Sacrifice..."

When the three men in black heard Ichiro Watanabe's words, they were all stunned, and then there was fear in their eyes.

"Master Watanabe..."

The three men in black looked at Ichiro Watanabe pleadingly.

"Do you want to rebel? Think about your family..."

Ichiro Watanabe threatened the three of them.

The three of them trembled, and then after looking at each other, they suddenly slapped their chests.

Blood sprayed out from the mouths of the three people, and clouds of blood mist fell on the ground, directly forming the shape of a disk.

The three people lost an arm at the same time, and the severe pain made the three people look hideous.

The blood flowing out of the broken arm was drawn by the three people in a regular pattern!

Rumble.....

Suddenly the ground shook, and then smoke rose. As the smoke disappeared, a huge figure appeared in front of Chen Ping.

“What is this stuff?”

Looking at what was in front of him, Chen Ping couldn't help but swallow.

I saw that this was a huge ferocious beast, several meters tall, with sharp teeth exposed, and it was strangely shaped. It was impossible to tell what kind of animal it was.

Chapter: 1344

As soon as the ferocious beast appeared, it sniffed the blood on the ground, then opened its mouth and swallowed one of the three men in black.

The other two people were stunned and stood motionless.

He watched helplessly as he was eaten by a ferocious beast.

Only then did Chen Ping understand the meaning of Ichiro Watanabe's words of sacrifice. It turned out that the lives of these three people were used to recruit such a thing to deal with him.

“You actually forced me to sacrifice the Sky-Swallowing Beast. I will never spare you today...”

Ichiro Watanabe gritted his teeth. Even if he could kill Chen Ping and all of them today, Ichiro Watanabe knew that he would definitely be punished when he went back.

Three sacrificial masters of the Watanabe family were sacrificed by him like this. Even if he was the eldest son of the Watanabe family, he would not be able to escape this punishment.

But Ichiro Watanabe doesn't care about this now. He wants Chen Ping to die and has only this idea.

“Roar.....”

The sky-swallowing beast that had eaten three people seemed not to be full at all. It stared at Chen Ping with a pair of copper bell-like eyes.

Chen Ping's face became serious, and he frowned as he looked at the sky-swallowing beast in front of him.

The strength of the sky-swallowing beast in front of me is probably at the level of a fifth-grade martial artist, and it would be difficult to deal with it.

You must know that these ferocious beasts are different from warriors. No matter in terms of strength and physical strength, these ferocious beasts are much stronger than warriors.

If a ferocious beast with the strength of a fifth-grade martial artist fights against a fifth-grade martial artist, the ferocious beast will definitely win, there is no doubt about it.

The golden light on Chen Ping's body kept flashing, and Chen Ping's indestructible golden body was used to the extreme. Facing such a behemoth, Chen Ping did not dare to be careless.

“Roar.....”

The sky-swallowing beast roared and rushed towards Chen Ping quickly.

The sky-swallowing beast was extremely fast and arrived in front of Chen Ping in the blink of an eye. The dragon-slaying sword in Chen Ping's hand swept out and struck the sky-swallowing beast's leg.

But there was a burst of fire, and Chen Ping's sword failed to hurt the Sky-Swallowing Beast. Instead, it was slapped by the Sky-Swallowing Beast's claw.

Chen Ping's body was whipped out and hit a big tree hard.

Chen Ping rubbed his chest and knitted his brows together.

With that blow just now, if Chen Ping didn't have the indestructible golden body to protect him, he would have been beaten to a pulp long ago.

Seeing that Chen Ping had no power to fight back in front of the Sky-Swallowing Beast, Ichiro Watanabe shouted excitedly: "Eat him, eat him for me..."

"Roar....."

Chapter: 1345

The Sky-Swallowing Beast roared towards Chen Ping again.

Seeing this, Chen Ping did not dare to confront him head-on. He could only concentrate his spiritual power on the soles of his feet and follow the sky-swallowing beast desperately.

But this sky-swallowing beast is too fast, and it chases Chen Ping relentlessly. If this continues, the spiritual power in Chen Ping's body will be exhausted sooner or later.

At that time, Chen Ping really became the meal of this sky-swallowing beast.

Just when Chen Ping was extremely anxious, suddenly a white shadow flashed past, and then he heard the scream of the Sky-Swallowing Beast.

Chen Ping stopped in a hurry, turned around and looked around. This sight was nothing, and Chen Ping was shocked.

I saw a snow-white wolf, following the sky-swallowing beast and biting it.

“Snow wolf?” Chen Ping recognized this wolf at a glance. It was the snow wolf he met on Suolong Island.

This snow wolf was with Su Yuqi and the others at that time, so how could it suddenly appear here?

Are Yuqi and the others on this island?

Chen Ping looked around excitedly, and sure enough he saw Long Wu and Su Yuqi walking over.

When Chen Ping saw Su Yuqi and the others, he became as happy as a child and danced for joy.

If there weren't so many people there, Chen Ping would have rushed over and picked up Su Yuqi.

Su Yuqi's eyes flashed with excitement when she saw Chen Ping.

Gu Ling'er, who was on the side, looked at Chen Ping with excitement and excitement.

It's just that Chen Ping didn't dare to look directly at Gu Ling'er. He couldn't face Gu Ling'er's eyes.

"Uncle Long, why are you here?"

Chen Ping asked Long Wu in surprise.

Long Wu did not answer Chen Ping, but glanced at the members of the Guardian Pavilion who were fighting fiercely with the island warriors not far away, and then said to Su Yuqi and Gu Ling'er: "You two can try your skills..."

After Long Wu finished speaking, Su Yuqi and Gu Ling'er smiled excitedly, and then disappeared in front of Chen Ping in an instant.

Then, on the chaotic battlefield, two beautiful figures appeared. Wherever the two figures passed, those island warriors died one after another!

"this....."

Chen Ping's eyes widened and he couldn't believe what he was seeing.

You must know that the lowest level of strength among these island warriors is Grandmaster, and there are several peak Grandmasters among them. Even with Andrew's help, they have still fought hard until now, but as soon as Su Yuqi and Gu Ling'er joined, the battle situation became clear instantly.

Chapter: 1346

This is a bit too outrageous. You must know that Chen Ping and Su Yuqi have just left for more than a month. How could their strength increase so fast?

Seeing Chen Ping like that, Wu Meier covered her mouth and smiled: "Chen Ping, are you confused about how Yu Qi and Linger's strength has grown so fast?"

Chen Ping nodded. He really couldn't understand. This cultivation speed was faster than him.

"Let me tell you, that's because Uncle Long passed all his strength to the two of them. Now Uncle Long is just an ordinary person."

Wu Meier explained.

Hearing what Wu Mei'er said, Chen Ping was stunned and looked at Long Wu in disbelief: "Uncle Long, you...why are you doing this?"

Long Wu was very indifferent and said with a slight smile: "Chen Ping, I have all my skills, but I can't help you. As long as I show up, the Long family will never let me go. I will pass on this skill to Yu." Qi and Ling'er, let them help you, I believe you will be able to kill the Long family and rescue the eldest lady in the future..."

Chen Ping looked at Long Wu, and his eyes suddenly became moist. The old dragon head sacrificed because of him, and now Long Wu lost all his skills for him. Chen Ping didn't know how he should repay.

Soon, all the island warriors were wiped out, and Su Yuqi and Gu Ling'er came back with excited faces.

Andrew and Xu Shimaο also followed. Both of them were full of doubts. They didn't know what the relationship between this sudden person and Chen Ping was.

"Captain Xu, are there any casualties among our people?"

Seeing Xu Shimao, Chen Ping asked hurriedly.

He promised Zhao Wuji that he would bring back all the people from the Dharma Protector Pavilion.

“Only ten people were injured, and no one was killed!”

Xu Shimao said.

Hearing this, Chen Ping breathed a sigh of relief. Just when Chen Ping was about to ask again why Long Wu and the others were on the island, the roar of the sky-swallowing beast attracted Chen Ping’s attention.

At this time, the snow wolf was constantly fighting with the sky-swallowing beast. Although the sky-swallowing beast was huge, the snow wolf was flexible and could always avoid the sky-swallowing beast’s attacks at the right time.

“Xiao Bai, if you kill this big guy, I will reward you with this bead...”

Su Yuqi took out a crystal clear bead from her body and shouted to Xue Lang.

Seeing the crystal clear bead, Snow Wolf raised his head and screamed, then jumped up and bit the Sky-Swallowing Beast’s neck fiercely, tearing off a large piece of meat in one bite.

The Sky-Swallowing Beast roared in pain and waved its claws desperately, trying to beat the Snow Wolf to death, but the Snow Wolf’s body was like a loach, spinning around the Sky-Swallowing Beast, and the Sky-Swallowing Beast couldn’t even touch it. Less than a snow wolf.

Finding the right moment, the snow wolf struck again and bit the sky-swallowing beast’s neck. This time, after the snow wolf bit it, he refused to let go.

The sky-swallowing beast rolled on the ground desperately, trying to break free, but it was useless!

A few minutes later, the huge sky-swallowing beast was bitten to death by the snow wolf.

Chapter: 1347

“this.....”

Ichiro Watanabe opened his mouth and was shocked.

A snow wolf actually killed a huge sky-swallowing beast. This was simply outrageous.

“Xiao Bai, you performed well...”

Su Yuqi smiled and threw the bead in her hand, and Snow Wolf ran away and took it in her mouth. Then she quickly ran to Chen Ping and rubbed her head against Chen Ping.

Chen Ping slowly knelt down and stroked Xue Lang’s head, while Xue Lang put the bead on Chen Ping’s hand.

Chen Ping looked at Su Yuqi in shock, wondering what Xue Lang was doing.

“This is the luminous pearl you use in the competition. Xiaobai is helping you win the competition...”

When Su Yuqi said this, Chen Ping suddenly realized that this was the night pearl they were looking for.

Chen Ping happily hugged the snow wolf's neck. This snow wolf was so humane and could not be a better companion.

At this moment, Ichiro Watanabe suddenly turned around and ran away!

"Where to run..."

Andrew rushed forward with a quick step.

Chen Ping also snorted coldly when he saw this, and stopped in front of Ichiro Watanabe in the blink of an eye.

Snow Wolf followed closely behind, but did not let Chen Ping fall behind at all.

At this time, Ichiro Watanabe looked at Chen Ping with panic on his face: "What are you going to do? I...I admit defeat, I lose, I won't fight with you anymore!"

Ichiro Watanabe actually used the methods he used in the ring and began to admit defeat.

"If you admit defeat today, I will kill you too!"

Chen Ping said with an indifferent expression.

"No, you can't kill me. I'm from the Watanabe family. Do you know the Watanabe family? Do you know the consequences of killing me?"

Seeing that Chen Ping was not going to let him go, Watanabe Ichiro threatened.

“I don’t care what your family is...”

After Chen Ping said that, he raised his hand to grab Ichiro Watanabe, and at the same time, the Heart Concentration Technique started to work crazily, swallowing up Ichiro Watanabe’s energy.

Watanabe Ichiro screamed, his body was constantly shaking, and the energy in his body was constantly draining away.

Chapter: 1348

Just a few minutes later, Ichiro Watanabe had turned into a withered corpse.

Looking at this scene, Andrew wanted to say something, but he swallowed it back after all.

After killing Ichiro Watanabe, Chen Ping then took out the beast elixir of the Sky-Swallowing Beast, and the group began to walk back.

On the way, Chen Ping found out that Long Wu and Su Yuqi and the others had been hiding on this small island to practice until Ichiro Watanabe secretly sent people to the island to trick Chen Ping. Only then did Long Wu show up with Su Yuqi and the others. .

Long Wu also knew about Chen Ping helping the Guardian Pavilion to compete in the international competition, as well as the martial arts alliance and the Long family speaking out for Chen Ping. Although Long Wu was on the island, he had been paying attention to Chen Ping’s information.

On the ship back, Long Wu and Chen Ping stood on the deck, feeling the sea breeze blowing on their faces.

“If you participate in the competition for the Protector Pavilion in such a high-profile manner, your identity will be exposed too quickly. I think the Long family has paid attention to you. Do they know that you are the person they are looking for?”

Long Wu asked Chen Ping.

Chen Ping shook his head: "I don't know, but I should have met Long Jingguo!"

"What?" Long Wu's face was startled: "Did Long Jingguo look for you?"

"During the competition in the ring, he was in the audience. Although he was wearing a hat and a mask, I could feel that it was him..."

Chen Ping said calmly.

Long Wu frowned slightly: "That's bad, since you can feel it's him, he must also be able to feel your breath and blood. He should be confirming your identity. Now the Long family is very likely to know your identity." Identity."

Long Wu's face was full of worry. Although Chen Ping was very strong now, he could not compare with the entire Long family. If Long Jingguo knew Chen Ping's identity and sent people to deal with Chen Ping, Chen Ping would not resist at all. Ability.

"There is nothing to be afraid of. Just come and cover up the water and earth..."

At this time, Chen Ping looked away. Things had reached this point, so he could only watch while walking.

"That's all it can do, but you now belong to the Protector's Pavilion. Although the Protector's Pavilion is not strong, it belongs to the official after all. If you can be appreciated by the higher-ups, maybe the Long family won't dare to do anything to you. !"

Long Wu analyzed.

Chen Ping nodded. He also thought the same way. If his own strength did not allow it, if he wanted to get rid of the pursuit of so many sects and families, he could only temporarily rely on the official family.

However, the strength of the Dharma Protector Pavilion is still too small. Although Zhao Wuji is the master of the Dharma Protector Pavilion, he does not have many rights. Those sects and aristocratic families do not look down on the Dharma Protector Pavilion.

In order to rely on the official family, Chen Ping had to get to know the talents at the top. It would be difficult to truly introduce important people by relying solely on Zhao Wuji.

At this time, Chen Ping suddenly thought of a person, Chang Yuanjun. When Chen Ping came to Kyoto for the first time, he helped his son treat his illness. Maybe he could use Chang Yuanjun to contact the upper class and temporarily rely on the officials. His strength made these sects and aristocratic families temporarily give up chasing him.

“Uncle Long, now that you have given all your skills to Yu Qi and Ling’er, what will you do next?”

Chen Ping asked.

Chapter: 1349

“What else can we do? Find a place to hide and live peacefully for the rest of our lives...”

Looking into the distance, Long Wu’s eyes seemed to be filled with unwillingness, but more importantly, helplessness.

“Have you decided where to go? Otherwise, you go to Hongcheng. I have a house there and have many acquaintances. You can live a stable life and I will provide for you in your old age...”

Long Wu became like this all because of Chen Ping, and Chen Ping felt very sorry.

“That’s fine. I’ll live a stable life in the small city of Hongcheng.”

Long Wu nodded, which made Chen Ping very happy. He had always been afraid that Long Wu would not want to go.

Soon, the ship docked. It was still dark at this time. Everyone who was waiting for the result on the shore was a little surprised to see the ship suddenly coming back.

No one expected that the ship would come back so quickly. The competition lasted for three days, and it would be good to be able to return in three days. However, it was only one day before the ship returned. No one knew what happened.

Zhao Wuji and Anna hurriedly ran over. They wanted to see what happened and why they returned so quickly.

After seeing Chen Ping and Andrew disembarking safely, Zhao Wuji and Anna breathed a sigh of relief.

The person in charge of the island country, who was also waiting at the dock, had not seen Ichiro Watanabe taking people off the ship for a long time, and the expression on his face instantly became extremely ugly.

“Ye Mingzhu is here, we won this team competition...”

After Chen Ping got off the boat, he raised the luminous pearl in his hand and said loudly.

Many people saw that Chen Ping had won the Night Pearl and started cheering. After all, this was the land of Daxia. It would be too shameless to let the island country win.

The crowd gathered around Chen Ping and others and began to return, but at this time, the person in charge of the island country blocked the way.

“Wait a minute, where are our people? Where is Mr. Watanabe Ichiro?”

The person in charge asked loudly.

Although the person in charge had already had a bad premonition, he still held on to a trace of fantasy.

Chen Ping looked at the person in charge of the island country, smiled coldly and said: “Your Mr. Ichiro Watanabe will never come back.”

Chen Ping’s words directly extinguished the illusions of the person in charge of the island country.

“Baga, did you kill Ichiro Watanabe?”

The person in charge of the island country stared with anger in his eyes.

Chen Ping was not afraid at all, with murderous intent rising in his body, he took a step forward and approached the person in charge of the island country: “Not only will I kill your Ichiro Watanabe, I will also kill all the people you sent to the island. If you want If you pursue the case, I can accompany you to the end and make the dirty things you have done public.”

Chen Ping’s words made the person in charge of the island country stunned for a moment. Although there was still anger in his eyes, he still had to get out of the way.

Chapter: 1350

The matter itself is that they violated the rules first. If they are really pursued, they will be the ones who are embarrassed in the end.

Chen Ping and the others left, and the person in charge of the island country looked at Chen Ping's back with a gloomy face. At this moment, Chen Ping didn't know that he had killed Ichiro Watanabe this time, which would cause him a lot of trouble in the future.

Back at the Dharma Protector Pavilion, because everyone was tired, Zhao Wuji arranged for Chen Ping and the others to rest first, and a celebration party would be held for them tomorrow.

Regarding Long Wu and the others who came with Chen Ping, Zhao Wuji wisely did not ask. If they could follow Chen Ping off the ship, they must have been on the island a long time ago. As for why they were on the island, Zhao Wuji didn't want to know, he only knew that Ichiro Watanabe's entire team was killed and the Guardian Pavilion won.

In Chen Ping's room, Su Yuqi and Gu Ling'er had no intention of leaving. They hadn't seen Chen Ping for more than a month, and they really missed Chen Ping.

Sisters Wu Meier and Xiaolan met again, hugged each other happily, and ran off to play without knowing where.

"Chen Ping, is it time for you to explain what you have been doing with that Xiaolan for more than a month?"

Su Yuqi asked with a deliberately straight face, as if she was interrogating a prisoner.

"Didn't we do anything? We didn't do anything, I swear to God..."

Chen Ping raised his hands seriously, ready to swear.

Seeing that Chen Ping was about to swear, Su Yuqi was so frightened that she hurriedly held Chen Ping's hand: "I'm just joking with you, why are you swearing? I know that Xiaolan is still a big girl, I can tell."

"So powerful? You can see this?"

Chen Ping said a little surprised.

"Chen Ping, let me tell you, the Yuqi now is not the Yuqi before. Uncle Long said that if Yuqi's fire spirit bloodline is really cultivated, she might even surpass you. Now Yuqi Awesome.

"Gu Ling'er said, and then said to Su Yuqi: "Yu Qi, show your hand and let Chen Ping see it, so that Chen Ping won't have bad thoughts when you are not around. "

"Yu Qi, what special skills do you have now? Show it to me quickly..."

Chen Ping also looked curious, wanting to know what was different about Su Yuqi's fire spirit body.

Su Yuqi was a little nervous, but she still couldn't resist Chen Ping's prayer, and finally smiled slightly. Suddenly, flames began to appear on Su Yuqi's body, and the flames enveloped Su Yuqi, but Su Yuqi herself was not hurt in any way.

Chen Ping looked at Su Yuqi in front of him and wanted to laugh. Chen Ping had already known this kind of flame control technique, otherwise how would he refine the elixir?

Chen Ping opened his hand, and blue flames began to beat on his palm.

"I can also control this kind of fire..."

Chen Ping said with some disappointment, he thought Su Yuqi's stunt was so powerful.

Su Yuqi and Gu Ling'er looked at Chen Ping, and they smiled. No one said anything, but the flames on Su Yuqi's body began to change, and finally turned into the shape of a phoenix and separated from Su Yuqi's body.

"Fire Phoenix?" Chen Ping was shocked!
