

## **The Order 1371**

Chapter: 1371

Su Yuqi has been guarding Chen Ping in the villa since she learned about it. This is already the tenth day, and she is very anxious.

“Don’t worry, nothing will happen. It’s just that Chen Ping is at the critical moment of his breakthrough, so he can’t let anyone disturb him...”

Long Wu said.

“Well, with us guarding, no one can disturb Chen Ping. Not to mention the small Hongcheng, even in the entire Jiangbei, few people can beat us, not to mention we still have Xiaobai...”

Gu Ling’er said confidently, and with a wave of her hand, she called Snow Wolf to her side and stroked Snow Wolf’s head.

Now Xue Lang’s strength is comparable to that of a fifth-grade martial arts master. No one in the entire Jiangbei can beat a wolf!

Long Wu did not speak, but frowned slightly and said: “I am not worried about Jiangbei. Now Chen Ping has stood at the forefront of the martial arts world. There are many people who want to cause trouble for him. Now Chen Ping has been selected for the trial. Maybe for others, the trial is an opportunity, but for Chen Ping, it is full of dangers.”

“Uncle Long, the trial is coming in three days. I wonder if Chen Ping can break through?”

Wu Meier asked.

“That can only depend on luck!” Long Wu was not sure whether Chen Ping could break through the realm and wake up within three days.

“Ouch...”

Suddenly, Snow Wolf yelled, and then quickly rushed outside the villa.

Everyone was stunned for a moment, but their expressions soon changed.

Because they felt several powerful and terrifying auras, which enveloped the entire villa.

In a small city like Hongcheng, it was obviously unreasonable for such a terrifying atmosphere to suddenly appear. Several people quickly followed Xue Lang and rushed out of the villa.

Outside the villa, five people wearing black robes and masks were standing quietly outside the villa.

These five people were the five guardians sent by Long Jingguo to arrest Chen Ping.

“Second brother, do you feel the aura in this villa?”

At this time, the Great Protector standing in the middle asked.

“Brother, I feel it. This aura is very strong, but very unstable. Sometimes it is strong and sometimes it is weak.”

The second guardian replied.

“Then do you know when will such a breath appear?” The Great Protector continued to ask.

The other guardians were slightly stunned, but soon the second guardian said: “Brother, only when you break through the big realm, you will have such an aura. Someone in this villa should be breaking through now, and it has reached a critical moment. .”

The five guardians then looked at each other, and then blurted out: “Is it that Chen Ping?”

Chapter: 1372

But at this moment, Long Wu and the others had already rushed out, and Snow Wolf bared his teeth and roared at the five guardians.

Seeing the snow wolf emerging, the five guardians were all shocked. They did not expect that there was such a powerful ferocious beast here.

“Who are you?”

Long Wu frowned slightly and asked the five people in front of him.

Long Wu felt that the auras of these five people were very familiar, but he couldn't think of them for a moment. After all, he had lost all his skills and passed them all to Su Yuqi and Gu Ling'er, so he couldn't use his spiritual consciousness to detect them.

“Long Wu?” Suddenly, one of the five people blurted out.

After shouting, the man may have noticed something was wrong and hurriedly covered his mouth.

Long Wu's eyes lit up, and he immediately guessed the people in front of him, so he said: “It turns out that the five guardians of the Long family have arrived. No wonder the breath is so familiar.”

Seeing that Long Wu recognized him, the five guardians no longer covered themselves up, so they took off their masks.

The Great Protector glanced at Long Wu and said, "Long Wu, the aura on your body has disappeared. Where is your skill?"

Long Wu smiled lightly: "It's over, I'm just an ordinary person now."

Seeing Long Wu speaking so easily, the eyes of several guardians were full of surprise. The skills they had finally cultivated were dissipated. This was not something ordinary people could do.

"Long Wu, why did you betray the family master in the first place, and now you are in this situation!" The Great Protector looked at Long Wu, with regret in his eyes, and then continued to ask: "Where is Butler Long?"

Seeing the old dragon head mentioned, Long Wu's eyes flashed with loneliness, and then he said sadly: "Butler Long is dead..."

"Long Wu, when things have come to this point, it's time for you to look back. Now give Chen Ping to us. When we go back, we will plead with the family leader and ask him to spare you. You are just an ordinary person now, so you should find it yourself. Let's live a peaceful life somewhere!"

The Great Protector said to Long Wu.

"Since you have come here, you must already know that Chen Ping is the son of the eldest lady. Butler Long has already lost his life for Chen Ping. How could I hand Chen Ping over to you? Do you know that Long Jingguo poisoned his hometown? The Lord is seeking power and usurping the throne, and if you help him now, you are aiding the evil deeds."

Long Wu said with an angry face.

“Brother, don’t talk nonsense to him, just take that Chen Ping away.”

The Third Protector shouted angrily and smashed his huge fist at Long Wu.

This punch doesn’t have much power, but if it hits Long Wu, it can smash Long Wu into pulp. Now Long Wu is just an ordinary person and can’t withstand this punch at all.

And these three guardians are killing each other. They have no regard for the friendship that they have worked with Long Wu in the Long family for many years. They seem to be ruthless people.

“Ouch...”

At this critical moment, the snow wolf roared angrily and bit the third guardian’s arm fiercely.

Chapter: 1373

“ah.....”

The Third Protector screamed, staggered, and was knocked down by Snow Wolf.

Upon seeing this, several other guardians hurriedly took action and hit the snow wolf hard.

Snow Wolf released his mouth, used his hind legs to exert force, and suddenly jumped into the air, dodging the blows of several guardians.

“Third brother, are you okay?”

The Great Protector hurriedly pulled the Third Protector up.

The third guardian looked at his bloody arm, and the anger on his body rose instantly, and the raging murderous intent instantly enveloped Long Wu and the others.

Su Yuqi and Gu Ling'er hurriedly stepped forward to protect Long Wu behind them, while Xiao Lan tightly protected Wu Mei'er.

It's just that except for Su Yuqi and Gu Linger, who can barely sustain a few moves, Xiaolan's little strength may not be able to withstand even one move.

And that snow wolf had no chance of winning against five martial sects of such strength.

But even so, none of them flinched. At this moment, Chen Ping was at the critical moment of breakthrough. If he was interrupted, Chen Ping's cultivation would be destroyed, and he might even lose his life.

"Long Wu, hand over Chen Ping now. I won't hurt you because of our previous friendship, but if you don't know what's good and what's good, don't blame me for being rude."

The Great Protector looked at Long Wu with a threatening look in his eyes.

"You don't have to say anything, I won't hand over Chen Ping to you."

Long Wu looked determined.

"court death....."

The Great Protector was also angry, and swished towards Long Wu.

“Ouch...”

The snow wolf suddenly rushed towards the Great Protector, all the white hair on his body stood up, revealing his long fangs.

“Hmph, you overestimated beast...”

The Great Protector snorted coldly and slapped the snow wolf with his palm.

Snow Wolf’s flexible body directly avoided the palm of the Great Protector, and its sharp claws scratched hard on the Great Protector’s shoulder.

Several traces of blood appeared, instantly filling the Great Protector’s eyes with anger.

“What a beast, I will kill you today and take your beast elixir...”

Chapter: 1374

The Great Protector clenched his fists, a dazzling light condensed on his fists, and a terrifying strong wind moved towards the Snow Wolf.

“Brother, let me help you...”

The three guardians, who were bitten by the snow wolf, also attacked the snow wolf directly.

“Let’s go too...”

The second guardian waved his hand, followed by the remaining two guardians, and grabbed Long Wu directly.

Seeing this, Su Yuqi and Gu Ling'er took action at the same time, blocking Long Wu's body.

"Two little girls, I didn't expect that they are quite strong..."

Seeing Su Yuqi and Gu Ling'er, the second protector raised the corner of his mouth with disdain on his face.

Su Yuqi and Gu Ling'er did not speak, but attacked the second elder with angry faces.

"Don't overestimate your own capabilities..."

The second guardian raised his hand and slapped Gu Linger out with one palm.

Gu Ling'er's figure was still in mid-air when he was grabbed by the Four Guardians and held directly in his hands.

Although Gu Ling'er and Su Yuqi obtained Long Wu's skills, they had too little actual combat experience. Especially when facing people like this who had been in Wuzong for many years, they were still lacking in experience and strength.

The Fourth Protector carried Gu Ling'er, and then inhaled hard through his nose, and a faint body fragrance spread into his nose.

"Well, it smells so good!" The eyes of the fourth protector were filled with sparkle, and then he said to the second protector: "Second brother, you don't know how to cherish the fragrance and cherish the jade. If such a little beauty is broken, where will you find it?"

As the Fourth Protector spoke, he gently lifted Gu Ling'er's chin with his hand, a lewd smile on his face.

Gu Ling'er glared at the four guardians, but was controlled and could not move at all.

"Ling'er..."

When Long Wu saw this scene, he gritted his teeth angrily: "Let Ling'er go, let her go..."

"Long Wu, you didn't want the chance I gave you just now. Now you want us to let him go. It's too late..."

The four guardians looked proud.

"Ling'er..." Xiaolan held a long sword and stabbed directly at the four guardians, trying to save Gu Ling'er.

But who would have thought that as soon as he moved, the five guardians moved, slapped the long sword out of Xiaolan's hand, and stretched out his hand to take Xiaolan into his arms.

The gap between Xiaolan's strength and these people's was too great, and there was no room for resistance at all.

Chapter: 1375

"Hahaha, Lao Wu, let's go one by one. There are still two girls left. Let the second brother and the others divide them..."

When the Fourth Protector saw the Fifth Protector holding Xiaolan in his arms, he burst into laughter.

“Then I’m not welcome!”

The Fifth Protector had a lewd smile on his face and looked directly at Xiaolan in his arms.

But at this time, Xiaolan did not panic or resist. Instead, she looked at the five guardians with affection in her eyes, and said shyly: “You are so bad, you hurt everyone...”

Looking at Xiaolan’s appearance, the eyes of the Fifth Protector slowly became hollow, and then he showed a silly smile, almost laughing.

“You still won’t let me go?”

Xiaolan said to the Five Guardians.

The Fifth Protector obediently let go of Xiaolan, still looking straight at Xiaolan with his eyes.

“Do you like me?” Xiaolan asked with a wink at the Fifth Protector.

“I like...” The Fifth Guardian nodded dully.

“Since you like me, then you must listen to me. Now kill the guy who caught my sister...”

Xiaolan pointed at the four guardians and said.

“Okay!” The fifth protector still had a silly smile and turned around and walked towards the fourth protector.

“Lao Wu, Lao Wu.....”

The Fourth Protector looked at the Fifth Protector who came over and felt something was wrong, so he shouted twice.

It's just that the Fifth Protector didn't seem to hear it and still walked straight towards the Fourth Protector.

call.....

Suddenly, the fifth protector punched the fourth protector with a punch. The force was extremely powerful, and the terrifying strong wind made a sonic boom sound in the air.

The Fourth Protector carried Gu Ling'er and suddenly dodged the attack of the Fifth Protector.

“Lao Wu, you are fucking crazy...”

The Fourth Protector cursed loudly.

However, the Fifth Protector still did not stop and continued to attack the Fourth Protector.

The Fourth Guardian had no choice but to throw Gu Ling'er out, and then continued to resist the attacks of the Fifth Guardian.

Chapter: 1376

“Ling'er, are you okay?”

Xiaolan hurriedly stepped forward and helped Gu Ling'er up.

“I’m fine...”

Gu Ling’er shook his head.

The Second Protector who was fighting with Su Yuqi at this moment saw that the Fourth Protector and the Fifth Protector were fighting, and he immediately said angrily: “Fourth, Fifth, you two are fucking crazy, fighting over a woman...”

The second guardian thought the two men were fighting over a woman.

“Second brother, the fifth brother is crazy. I don’t know why he attacked me...”

The Fourth Protector said loudly while resisting the attack of the Fifth Protector in embarrassment.

The second protector’s face darkened, and he suddenly pushed with both hands, and a surge of energy rushed towards Su Yuqi like an overwhelming force.

Su Yuqi’s expression changed and she hurriedly retreated. However, the second protector did not take the opportunity to attack Su Yuqi. Instead, she stepped aside, grabbed the fifth protector’s wrist, and controlled the fifth protector.

The Fifth Protector’s eyes were dull. Although he was controlled, he was still struggling, as if he was crazy, and he didn’t recognize anyone at all.

“Second brother, see if Lao Wu is crazy?”

The Fourth Protector said with anger on his face.

How could he not be angry when he was suddenly attacked by his own brother?

The second protector frowned slightly, but he couldn't tell what was wrong with the fifth protector.

“Brother, come and see what's wrong with Lao Wu?”

The Second Protector said to the Great Protector.

At this moment, the Great Protector and the Third Protector were fighting against Snow Wolf. Snow Wolf relied on his flexible body to constantly move around and attack. However, facing the attack of two fifth-level martial arts masters, Snow Wolf was obviously no match. At this time, Snow Wolf The wolf already had a lot of wounds on his body.

The blood has dyed its snow-white hair red, but Snow Wolf is still struggling to support it. It also knows that as long as it falls now, Long Wu and the others will definitely not be the opponent of these people.

The Great Protector heard the call of the Second Protector and slapped the snow wolf on the head. The snow wolf dwarfed, and then grabbed the Great Protector's calf with its sharp claws.

But this fell into the trap of the Great Protector. The Palm Protector's palm was just a false move, followed by a fierce kick.

The kick hit the snow wolf's body, and the huge snow wolf was kicked away and hit the ground heavily.

“noob.....”

When Su Yuqi and the others saw this, they all ran over. Seeing the scars on Xuelang's body, their eyes all became moist.

Chapter: 1377

At this moment, the great protector ignored the snow wolf who was kicked away and went directly to the fifth protector.

Looking at the dull eyes of the Fifth Protector and the struggling body, the Great Protector put his fingers together, with little golden light flashing on his fingertips, and suddenly tapped the center of the Fifth Protector's eyebrows.

The golden light instantly penetrated into the head of the Fifth Protector. The struggling body of the Fifth Protector instantly became quiet, and his dull eyes began to gain color.

"Brother, you...why are you looking at me like this?"

Seeing the other hurried guardians looking at him with strange eyes, the fifth guardian asked in a panic.

"You've fallen under someone else's spell, and you don't even know it yet. How many times have I told you, don't be obsessed with women when you're on a mission..."

The Great Protector looked at the Fifth Protector with a serious face and shouted.

This sentence made the fifth and fourth guardians all lower their heads. Among the five, they were the two most lecherous. It was precisely because of this that the fifth guardian fell under Xiaolan's spell just now.

"Damn it, this bitch is cheating on me, I'll kill her..."

The Fifth Protector was so angry that he didn't expect that he had been tricked by Xiaolan.

The Great Protector stopped the Fifth Protector, and then looked at Long Wu and the others.

At this time, Long Wu was taking Su Yuqi and the others to bandage Xue Lang in a hurry. Now Xue Lang's body was very weak.

"Xiao Bai, hold on, hold on..."

Su Yuqi's face was filled with tears, and a soft red light began to appear in her palm. This light wrapped the snow wolf tightly.

Gu Ling'er, Wu Mei'er, and Xiaolan couldn't help but shed tears when they saw Xue Lang like that.

Even Long Wu's eyes turned red. During this period of time, they all developed strong feelings for Xue Lang.

"Long Wu, if you hand Chen Ping over now, I can give you a chance to live..."

The Great Protector looked at Long Wu and said in a cold voice.

Long Wu's eyes were red, he gritted his teeth, and said fiercely: "Stop dreaming. Unless we are all dead, you can't even think about stepping into this villa..."

Although Long Wu's power was completely lost, the aura on his body at this moment contained overwhelming murderous intent.

"Since you are stubborn, don't blame me..."

The Great Protector's eyes narrowed slightly.

As soon as he finished speaking, the five guardians couldn't wait to jump up and attack Xiaolan. He had just been tricked by Xiaolan, which made him so embarrassed.

The Second Protector, the Third Protector, and the Fourth Protector also took action together. The terrifying energy of the four people completely surrounded Long Wu and the others, leaving them with no way out.

Chapter: 1378

"Sister, if I die, you must not be caught by these people, otherwise your life will be worse than death..."

Xiaolan handed a dagger into Wu Meier's hand.

Wu Meier held the dagger and nodded vigorously, her eyes full of determination. She would never let these people capture her alive.

After Xiaolan glanced at Wu Mei'er again, she drew out her sword and turned towards the Five Guardians.

At this time, Xiaolan has already regarded death as home. She is not afraid of death. She only hopes to use her life to delay Chen Ping for some time.

But before Xiaolan's body could even reach the front of the Fifth Protector, she was knocked out by a terrifying force and fell directly in front of Wu Mei'er.

"elder sister....."

Wu Meier knelt down and wiped the blood from the corner of Xiaolan's mouth.

Gu Ling'er glanced at Xiaolan who was vomiting blood, her eyes bursting with anger, and after shouting angrily, she directly attacked the several guardians.

Bang.....

With the same result, Gu Ling'er's body was directly knocked back by the terrifying energy before it reached the several guardians.

A mouthful of blood spurted out, and Gu Ling'er's body hit the ground heavily, creating a deep pit in the ground.

"Ling'er....."

Long Wu stepped forward and checked Gu Ling'er's injuries.

At this moment, only Su Yuqi was still squatting in front of Xue Lang, constantly healing Xue Lang's injuries.

Snow Wolf stood up slowly, but there was still blood from the wounds on his body.

One person and one wolf faced five martial arts masters.

Su Yuqi glanced at the seriously injured Xiaolan and Gu Ling'er, and blazing flames appeared in her eyes. Then Su Yuqi's whole body was wrapped in flames, and her whole body was like a burning man.

Soon the raging flames left Su Yuqi's body and transformed into a phoenix in mid-air, constantly hovering above Su Yuqi's head.

When the five guardians saw this, their eyes widened with surprise on their faces.

“Xiao Bai, it depends on the two of us...”

Su Yuqi gently stroked Xue Lang’s head.

Xue Lang seemed to understand Su Yuqi’s words and nodded repeatedly.

Su Yuqi took out the dagger, made a cut on her palm with force, blood flowed out instantly, and then brought her palm to Xue Lang’s mouth.

Chapter: 1379

Xue Lang raised his head and glanced at Su Yuqi, then stuck out his tongue and licked the blood flowing out of Su Yuqi.

The five guardians were stunned and didn’t understand what Su Yuqi was doing.

After licking Su Yuqi’s blood, Xuelang’s eyes slowly turned red.

“Ouch...”

Snow Wolf looked up to the sky and barked wildly, and the hair on his body stood up!

“Be careful, this girl is a bit weird...”

The Great Protector warned the other hurried Protectors.

The other guardians nodded hurriedly, and then the five of them attacked Su Yuqi and Xue Lang together.

The fire phoenix above Su Yuqi's head screamed, flapped its wings, and headed towards the five guardians.

The snow wolf showed its fangs and jumped up!

“Second brother, you take people to deal with that girl. Leave this beast to me...”

After the Great Protector finished speaking, he slapped Snow Wolf's body with one palm.

The second guardian nodded and led the other hurried guardians to attack Su Yuqi.

The fire phoenix was in mid-air, its wings flashing, and balls of flames directly blocked in front of the four guardians.

The raging flames seemed to wrap up the four guardians.

Seeing this, the four guardians suddenly slapped their palms, and the wind from their palms gathered together to form a wall of wind, and the blazing flames could not move forward at all.

Immediately afterwards, the four guardians suddenly jumped up and took action at the same time again. They continuously slapped their palms forward. The terrifying palm winds collided and began to form tornadoes. Several tornadoes actually surrounded the fire phoenix.

The flames on the Fire Phoenix were carried directly into the air by the tornadoes, and finally the entire Fire Phoenix disappeared without a trace.

Su Yuqi's face was extremely pale at the moment, she gritted her teeth hard, her eyes widened, and flames began to rise from her body again.

But before the flames on Su Yuqi's body took shape, the terrifying auras of the four guardians had already enveloped Su Yuqi. Several auras hit Su Yuqi's body, causing the flames on Su Yuqi's body to extinguish instantly, and she fell heavily to the ground.

Even with the fire spirit body, Su Yuqi was still unable to withstand two attacks when faced with the attacks of four martial arts masters. The difference in strength was too big.

On the other side, the frantic snow wolf kept attacking the great protector. Even if the great protector slapped him with his palm, the snow wolf could no longer dodge and directly clawed at the great protector's chest with its sharp claws.

Snow Wolf was planning to trade his life for his life. Just when the Great Protector slapped Snow Wolf's body away with his palm, Snow Wolf's claw also caused blood marks to appear on the Great Protector's chest.

If the Great Protector hadn't been physically strong, Snow Wolf's claw would have disemboweled him long ago.

Chapter: 1380

Now, only Long Wu and Wu Meier were still standing intact, but looking at the people lying on the ground, Long Wu's angry body was trembling.

Wu Meier pulled out the dagger, her eyes filled with tears: "Uncle Long, I took the first step. If there is an afterlife, I will repay your kindness in raising you..."

Long Wu looked at Wu Meier. He did not stop her, but closed his eyes helplessly. He knew that at this time, suicide might be Wu Meier's best destination.

But just when Wu Meier was about to commit suicide with a dagger, there was a sudden burst of noisy footsteps, and then the earth began to tremble.

“kill.....”

Countless roars came, and then Lin Tianhu and Chi Feng were seen surrounding them with thousands of people.

These people surrounded the entire villa, and then formed a human wall in the villa area.

Several guardians looked at these people who suddenly appeared, and suddenly they all laughed.

In their eyes, these people are probably worse than ants.

“Protect Mr. Chen and don’t allow anyone to enter the villa...”

Lin Tianhu glared at the several guardians and suddenly shouted loudly.

“Protect Mr. Chen, protect Mr. Chen...”

Thousands of people, holding weapons in hand, shouted loudly.

“A bunch of people who don’t know their own abilities...”

The Great Protector’s eyes narrowed slightly, and then he pushed forward with both hands.

A huge force of energy directly knocked away all the dozen people in front of them. In mid-air, the bodies of these dozen people couldn't bear the force and exploded!

The blood mixed with the broken limbs made the scene bloody.

Seeing this scene, everyone's expressions changed drastically. Lin Tianhu and Chi Feng also trembled slightly, but none of them retreated.

"Get out of here right now, I don't want to cause any more harm today..."

Seeing that these people still refused to retreat, the Great Protector said with a cold expression.

Although these people all showed fear on their faces, none of them flinched. They all gritted their teeth and stood still.

"Okay, let me see which one is stronger, your bones or my fists..."

The Great Protector became angry and suddenly punched out in the air!

boom...
