

## **The Order 1381**

Chapter: 1381

There was a thunderous sound, and then a dozen people blocking the door of the villa instantly fell into a pool of blood, but someone quickly blocked the gap.

“Damn it, do it...”

When the Great Protector saw this, he immediately swore.

As a martial arts sect, how could he be stopped by a bunch of small external warriors?

Soon, the five guardians exuded their auras at the same time, and the terrifying aura spread out, instantly covering hundreds of meters in radius.

The five people did not take action, but no one could bear such an aura.

In front of five martial arts masters, not to mention a thousand small warriors, even ten thousand are of no use at all. They are just delaying some time.

“Kill me...”

Lin Tianhu gritted his teeth. He knew the opponent’s strength and knew that he would die, but he did not show any fear or flinch.

Even if it can buy Chen Ping one more minute, it’s worth it...

“kill.....”

Everyone shouted and rushed towards the five guardians.

It's a pity that these people couldn't rush in front of the five guardians. Before they came into contact with each other, their lives were harvested by the energy radiating from each other.

But the people behind still pressed forward with weapons in hand, and no one backed down. Even though they knew they would die, they moved forward bravely.

Soon, a river of blood flowed in front of the villa, and the bodies almost piled up into a hill.

Such killings made the five guardians start to feel a little scared, but they did not stop. They came to take away Chen Ping. This was an order given by Long Jingguo himself, and they must complete it.

Looking at the corpses on the ground, Long Wu's eyes turned red. He turned to look at the villa: "Chen Ping, if so many people die for you, your life is worth it..."

More and more people died, and the thick smell of blood caused countless crows to appear in the sky, blocking the sky and directly blocking the sun.

Suddenly, the sky darkened instantly, but the killing continued.

Suddenly, a golden light shot into the sky in the villa. The dazzling golden light directly drove away the crows in the sky. Many crows even fell to the ground under the golden light.

Seeing this dazzling golden light, everyone stopped.

Boom.....

Suddenly, the whole earth shook, and then a big hole was broken in the roof of the villa, and Chen Ping's body slowly floated into the air!

Chen Ping's whole body was wrapped in golden light, like an immortal descending from the sky.

Chapter: 1382

Everyone was stunned by the scene in front of them, looking up at Chen Ping in mid-air.

"Brother, this..."

The second guardian looked at Chen Ping in mid-air, and for a moment he didn't know what to do.

"This kid has made a breakthrough..."

The Great Protector frowned: "Brothers, take action, we must not let him completely break through."

After the Great Protector finished speaking, his feet paused, and his body rose directly into the air. Then he punched out a streak of white energy visible to the naked eye.

This energy was like a rapid cannonball, hitting Chen Ping hard.

Rumble.....

After a deafening sound, Chen Ping, who was wrapped in golden light, did not move at all, still maintaining a posture suspended in mid-air. The Great Protector's punch did not cause any harm to Chen Ping at all.

Seeing this, the Great Protector clenched his fist again. After roaring angrily, bursts of light condensed on his huge fist, and terrifying energy came towards his face.

The aura on the Great Protector's body rose to the extreme, and he punched Chen Ping's chest hard.

But just when the Great Protector was about to hit Chen Ping's chest with a punch, Chen Ping suddenly opened his eyes. Two golden lights burst out from Chen Ping's eyes, followed by overwhelming terrifying spiritual power. be released.

boom.....

The Great Protector only felt a strong wind blowing in front of him, followed by an extremely powerful aura crushing over him.

At this moment, the aura on the Great Protector's body collapsed when he was crushed, and the Great Protector's body flew out directly and hit the ground heavily, creating a large crater of nearly ten meters in the ground.

The Great Protector's chest was dented, his ribs were obviously broken, his face was extremely pale, and blood began to drip from the corners of his mouth.

"Brother..."

Upon seeing this, several other guardians hurriedly ran over and helped the great guardian up.

Chen Ping slowly fell from the air. When he saw the blood on the scene clearly, his face became extremely cold, and the murderous aura on his body enveloped the entire Panlong Bay.

"Chen Ping..."

“Mr. Chen.....”

Long Wu and Lin Tianhu were all excited when they saw Chen Ping completing the retreat and breaking through.

Chen Ping’s eyes swept across Su Yuqi, Gu Ling’er, Xiaolan and other people on the ground, and the murderous aura on his body became even more intense.

Su Yuqi and the others were helped up. Although they were seriously injured, it was not fatal.

Chapter: 1383

“Are you guys okay?”

Chen Ping waved his hand, and three rays of spiritual power instantly penetrated into Su Yuqi and the others.

“You’re not dead yet, just wake up and you’ll be fine...”

Su Yuqi smiled palely.

“Chen Ping, go and see Xiaobai quickly, he’s dying...”

Gu Linger said to Chen Ping.

Although she herself was seriously injured, she was still worried about Snow Wolf’s safety.

Chen Ping glanced at Snow Wolf, who was lying on the ground with injuries all over his body and dying. He squatted down and gently stroked Snow Wolf’s head.

Waves of spiritual power entered Xue Lang's body, and Chen Ping frowned.

Snow Wolf's internal organs have been shattered, and there is no possibility of saving him.

Snow Wolf looked at Chen Ping and whined twice. It seemed to know that he was going to die. He opened his mouth and suddenly spit out a crystal clear bead from his mouth!

Chen Ping knew that this was Snow Lang's beast elixir. After Xue Lang spit out the beast elixir, he slowly closed his eyes and stopped breathing.

Chen Ping's eyes were scarlet as he slowly picked up the warm beast pill and looked at the Great Protector and the others with sharp eyes.

"Mr. Chen, our people... our people..."

Lin Tianhu walked to Chen Ping, his voice choked with sobs, and tears couldn't stop flowing out.

There were corpses all over the ground, and many of them were brothers who had been with Lin Tianhu for many years. This made Lin Tianhu, even a man, unable to hold back tears.

Chen Ping patted Lin Tianhu on the shoulder: "I will use the blood of these five beasts to commemorate the brothers..."

After Chen Ping finished speaking, he stepped towards the five guardians. The terrifying murderous intention on his body instantly locked the five guardians.

The several guardians felt the terrifying murderous intention on Chen Ping's body, and their faces all showed a look of solemnity.

“Who sent you?”

Chen Ping walked up to the five guardians and asked in a cold voice.

“Chen Ping, they are from the Long family!” Long Wu said loudly from behind.

Hearing the words “Long family”, Chen Ping’s eyes suddenly twitched a few times, and he gritted his teeth and said: “The Long family and I will eventually have a battle, and I will start with the five of you today...”

“Chen Ping, we don’t mean to hurt anyone. We just want to take you to the Long family. If you follow us obediently now, we will never take action against you...”

Chapter: 1384

The Great Protector stared at Chen Pingdao.

“Leave?” The golden light suddenly appeared on Chen Ping’s body, and a terrifying aura began to erupt: “None of you can leave today, I will kill you...”

Seeing that Chen Ping was determined to kill, the Great Protector said with a solemn expression: “We will take action together in a moment. If we can’t capture him alive, then kill him. This kid must not be allowed to stay...”

Several other guardians nodded, and at the same time burst out their auras.

At the same time, the five guardians roared angrily, and then five rays of energy shot out from their hands. The five strands of energy criss-crossed and turned into a colorful dragon. After a dragon’s roar that echoed through the sky, it headed towards Attack Chen Ping.

But when the five people attacked Chen Ping at the same time, they suddenly found that Chen Ping's figure had disappeared, and the five people were stunned.

The next second, Chen Ping's figure appeared in front of the Great Protector, and he punched towards the Great Protector.

"Today, I will make your life worse than death..."

The extremely strong fist was punched out fiercely. Seeing this, the Great Protector hurriedly punched him.

boom!

The fists collided, and the Great Protector's arm instantly became twisted, and all the bones in the arm were shattered.

The Great Protector was shocked and hurriedly stepped back because he felt that the power of Chen Ping's punch was enough to break all the bones in his body. If he had taken a step back, he might have become a Pile of mud.

"Do it..."

The other hurried guardians saw this and took action against Chen Ping.

Chen Ping stretched out his right hand, and the Dragon-Slaying Sword instantly appeared in Chen Ping's hand. At this time, the body of the Dragon-Slaying Sword was flowing with golden liquid.

This is Chen Ping's blood, and Chen Ping's blood turned golden at this moment.

The moment the Dragon-Slaying Sword appeared, dazzling golden light filled the entire sky.

“Nine Shadows Sword Technique, the sword energy is like a rainbow...”

Chen Ping held the Dragon Slaying Sword and actually started to use the Nine Shadows Sword Technique he received from Ichiro Watanabe.

At the same time, Chen Ping’s figure began to split into two, and the two split into four. Finally, the four phantom clones and Chen Ping’s body, five identical Chen Ping faces the five guardians.

The five figures simultaneously raised the dragon-slaying swords in their hands, with a terrifying aura exuding from the swords.

In desperation, the four guardians fought against each other, heading towards Chen Ping’s four phantom clones, while Chen Ping’s true body was facing the great guardian.

A sword slashed hard, and a terrifying aura enveloped the Great Protector. The Great Protector was already injured at this moment, and how could he withstand Chen Ping’s terrifying blow.

Uh-huh.....

Chapter: 1385

A golden light flashed, and the Great Protector felt his body light up. He turned to look at his arms and found that both of his arms had been cut off in a row.

After a while, blood continued to spurt out from the broken arm, and severe pain followed.

“ah.....”

The Great Protector screamed.

The screams of the great protector instantly startled the other protectors.

Seeing that their eldest brother was injured, the other guardians suddenly became furious, and they all slammed at Chen Ping who was facing them.

Although these are Chen Ping's illusioned clones, they are not just used to confuse opponents like Ichiro Watanabe. Chen Ping's shadow clones also have good strength. Although not as good as the main body, they can still catch up with the big ones. Grandmaster level.

The sword struck by the shadow clone was dodged by several other guardians, and then they punched the clone hard.

The four clones were smashed to pieces in an instant and disappeared into the air, but Chen Ping stood in front of the great protector unscathed, looking coldly at the screaming great protector.

"Brother..."

The other four guardians rushed over and helped the great guardian stop the bleeding.

"You guys retreat quickly. This guy is far more powerful than we thought. We need to report this matter to the head of the family..."

The Great Protector asked the others to withdraw. He was planning to hold Chen Ping back to his death.

"Brother, let's go together..."

Several other guardians set up the big guardian, and their figures instantly rose into the air.

They don't plan to continue fighting with Chen Ping.

"I said, you are all going to die here..."

Chen Ping raised the dragon-slaying sword in his hand: "Nine Shadows Sword Technique, draw the sword to cut off the water..."

The terrifying sword energy instantly enveloped several guardians, and then a golden light flashed away, and the five guardians were directly hit by a sword.

The terrifying sword energy directly tore the Five Guardians apart, and the entire body was cut in half from the middle. Blood was mixed with the internal organs and scattered from the air.

"Lao Wu..." Several guardians shouted in grief and anger.

"You take your eldest brother away, I'll stop him..."

Upon seeing this, the second guardian turned around and punched Chen Ping.

Looking at the attack of the second guardian, Chen Ping did not dodge. The golden light on his body flashed, and pieces of shining scales began to appear. These scales were just like the ones that grew from Chen Ping's skin when he was just in retreat.

Chapter: 1386

Soon, Chen Ping's whole body was wrapped in these scales, as if he had been given a layer of armor.

boom.....

The Second Protector punched Chen Ping, and the huge force of the shock caused the Second Protector's body to fly backwards, but Chen Ping did not move at all.

"Don't overestimate your own capabilities..."

Chen Ping snorted coldly, suddenly jumped up high, then put his foot on the chest of the second protector and stepped down directly.

The second protector's body hit the ground heavily, followed by a sound of bone cracking, and blood spurted out of the second protector's mouth, which was mixed with many broken internal organs.

The second guardian stared at Chen Ping, as if he had something to say, but he didn't say a word. He tilted his head and became silent.

"Second brother....."

Upon seeing this, the third guardian yelled, then turned back, and when Chen Ping stepped on the second guardian, he hit Chen Ping hard on the back!

Bang.....

With a dull sound, the Third Guardian punched Chen Ping hard, but Chen Ping did not move. On the contrary, the Third Guardian's body was directly shaken back.

Chen Ping slowly turned around and looked at the three guardians with piercing eyes. His piercing eyes actually scared the three guardians back.

Chen Ping's indestructible golden body, along with the improvement of his realm, his physical body has also strengthened a lot. Now it is not easy to break Chen Ping's physical body.

“Chen Ping, I...we are from the Long family. You know the Long family. If you kill us all now, the Long family will definitely not be able to spare you...”

The Third Protector looked at Chen Ping’s eyes and was really scared.

“Long family!” Chen Ping sneered: “Not only will I kill you, I will also destroy the entire Long family...”

After saying that, Chen Ping slashed out with his sword, and the vast sword energy directly chopped the three guardians into pulp, and not even a piece of intact flesh and blood could be seen.

The Great Protector looked back at this scene. Although he was filled with grief and anger, he was already frightened out of his courage. He was supported by the Four Protectors and began to run away desperately.

Chen Ping’s figure disappeared in a flash, and he was in front of the Great Protector and others in an instant, blocking the way of the two people.

“Chen Ping, we are not here to kill you. The head of the family just asked us to take you to the Long family. He is not here to kill you. Don’t get me wrong...”

The Great Protector looked at Chen Ping, who was covered in blood, and hurriedly explained.

“I know you are not here to kill me...” Chen Ping looked indifferent: “But I want to kill you. Do you see the corpses? They were all my brothers...”

“Chen Ping, you...”

The Great Protector wanted to say something else, but he saw the dragon-slaying sword in Chen Ping's hand flashing.

Chapter: 1387

The heads of the four guardians standing next to the Great Protector flew into the air in an instant, and blood spurted out, covering the Great Protector's body.

A fifth-grade martial artist, an instant kill with one sword!

The Great Protector couldn't believe what kind of strength Chen Ping had achieved. Could it be that what Chen Ping had just broken through was not the realm of the Wuzong, but the Marquis of Wu?

That realm of Marquis Wu that can move mountains and fill seas, turn clouds and rain?

But Chen Ping's age is too young.

"Now it is your turn!"

The dragon-slaying sword in Chen Ping's hand has always been a great protector.

"Chen Ping, you go too far..."

The Great Protector's arms were broken. Seeing that there was no hope of survival at this moment, the Great Protector took a deep breath, and then the Great Protector's body began to swell like a rubber ball.

The Great Protector is about to self-destruct!

He was going to die anyway, he was going to use self-destruction to kill Chen Ping as well.

The body of the Great Protector is getting bigger and bigger, his eyes are as wide as bells, and his face is flushed.

“Chen Ping, come back quickly...”

Long Wu roared with all his strength, his face full of panic!

The self-destruction of a martial artist is as powerful as a bomb.

But Chen Ping didn't panic, put away the dragon-slaying sword in his hand, and slowly lit a cigarette for himself!

Chen Ping, who originally didn't like smoking, now hopes to use smoking to relieve his stress.

The corpses all over the ground died for him. Even if he killed these five guardians, these people would not survive!

Seeing that Chen Ping was not running away and was still so leisurely, the Great Protector's body expanded violently again.

Chen Ping was holding a cigarette, and his body began to emit golden light. The scales on his body began to grow rapidly again, tightly wrapping Chen Ping in them.

“Chen Ping, go to hell...”

The Great Protector's body has reached its limit.

boom.....

There was a deafening sound, and the entire Panlong Bay, and even the entire Hongcheng, felt the power of this explosion.

Chapter: 1388

A mushroom cloud rises in the sky, which can be seen clearly from a distance.

Many people looked up at the sky, not understanding what was happening.

“Chen Ping...”

Long Wu roared and began to run over with all his strength.

“Mr. Chen.....”

Lin Tianhu and Chifeng also hurried away immediately.

But when the smoke cleared and several people ran forward, they found Chen Ping standing spotlessly on the spot, with the smoke still burning from his mouth.

After the golden light on his body dissipated, Chen Ping dropped the cigarette from his mouth and slowly looked at Long Wu: “Uncle Long, I’m fine...”

Long Wu excitedly stepped forward and hugged Chen Ping: “Hahaha, Chen Ping, well done, well done. As long as you continue to practice like this, there is a chance that the eldest lady will see the light of day again...”

“Uncle Long, we can’t stay here anymore, we have to move to another place...”

Chen Ping knew that now that the Long family had found this place, it was no longer possible for Long Wu to retire and retire in Hongcheng, and he needed to find another place.

“Where are we going?” Long Wu asked.

“Medicine God Valley!”

Now for Chen Ping, the safest place is Yaoshen Valley.

Chen Ping told Lin Tianhu and Chi Feng to handle Hong Cheng’s funeral affairs, and then took Long Wu, Su Yuqi and the others straight to Medicine God Valley!

Now that Su Yuqi, Gu Ling’er and Xiaolan are all injured, they can rest assured in Medicine God Valley.

After Chen Ping and the others arrived at Medicine God Valley, Xu Changsheng immediately arranged for people to start treating Su Yuqi and the others’ injuries.

Long Wu took out the invitation for the trial and handed it to Chen Ping.

“Chen Ping, this trial must be extremely dangerous. Please be careful...”

Long Wu looked at Chen Ping worriedly.

“Uncle Long, don’t worry. With my current strength, the younger generation may have no match. What’s more, I still have an official status. They don’t dare to blatantly attack me!”

Chen Ping took the invitation and said confidently.

“Hey, you are still too young. The martial arts world is far more complicated than you think. Please be more careful...”

Long Wu patted Chen Ping on the shoulder.

Chapter: 1389

“I know, Yuqi and the others asked Uncle Long to take care of them...”

After Chen Ping finished explaining, he left Medicine God Valley and went straight to Kyoto.

There was still one day left before the trial, so Chen Ping had to get to Kyoto as soon as possible.

.....

Long family!

There is one day left before the trial. At this time, all the sects and families in Kyoto are gearing up. The venue for this trial is the imperial mausoleum that has experienced thousands of years. No one knows what treasures and dangers there are. .

But the Imperial Mausoleum must be full of institutions and dangers, but everyone knows that with high profits, there must be high risks.

“Xiao’er, when you come back this time, your strength has grown a lot...”

Long Jingguo looked at Long Xiao in front of him, his face full of joy.

“Dad, thanks to Master’s good teachings, Master originally planned to let me concentrate on training and wait until after the Chinese New Year to reach the peak of Wuzong. I’m afraid it will take some time to come back this time.”

Long Xiao said.

“Silly son, the place of trial this time is an imperial mausoleum that is thousands of years old. There must be a lot of treasures and resources in it. When our Long family gets these, I will use these resources to kill you as quickly as possible. Pushed to the peak of Wu Zong, or even the realm of Wu Hou, Wu Hou at your age may be the first one so far...”

Long Jingguo looked at Long Xiao dotingly and said.

“Dad, don’t worry. As long as I participate in the trial, these treasures and resources will belong to my Long family.”

Long Xiao’s face was full of confidence and arrogance.

However, he does have the arrogant capital. He can reach the realm of seventh-level martial arts at a young age. This is something that many people cannot achieve after decades of practice. Moreover, Long Xiao’s strength is comparable to the strength of some heads of sect families. .

“Hahaha, if you say that, Dad will feel relieved...”

Long Jingguo laughed.

At this moment, Long Xingxu lowered his head slightly. Compared with Long Xiao, his current strength was far behind. Although he had good talent, he had no resources and it was hard for a clever woman to make a meal without rice.

And Long Xiao received almost the entire Long family's training resources, so his strength will definitely grow faster.

"Xingxu, haven't they contacted the Great Protector yet?"

At this time, Long Jingguo looked at Long Xingxu and asked.

"Master, we haven't been contacted yet!"

Long Xingxu replied softly.

Chapter: 1390

"Damn it, these losers, do they need so much time to catch Chen Ping? They must have been drinking and picking up girls outside, and they made a mistake. When they come back, I will give them a good beating!"

Long Jingguo frowned and cursed fiercely.

He didn't have the slightest doubt that the five guardians of the Wuzong realm should be able to capture Chen Ping easily. To be sure, Long Jingguo had already killed the chicken with a knife.

.....

Kyoto Dharma Protector Pavilion.

Chen Ping followed Zhao Wuji and sat in the courtyard of the Dharma Protector Pavilion.

"Mr. Chen, have you improved your strength again?"

Zhao Wuji looked at Chen Ping with some confusion.

“What? Can you feel it? I’m already hiding my breath.”

Chen Ping said a little surprised.

Chen Ping was already hiding his aura. If even Zhao Wuji could see it, then his hiding skills were too poor.

“That’s not true. I didn’t feel Mr. Chen’s breath at all. I just felt it from Mr. Chen’s momentum. I don’t need to feel your breath. The momentum naturally revealed from your body feels different from the previous time.”

Zhao Wuji explained.

When Chen Ping heard this, he felt helpless. There was nothing he could do about this kind of momentum. As his realm improved, his body became stronger and stronger. There was no way to hide the momentum given off by this improvement in physical strength. of.

“I just made a breakthrough two days ago!” Chen Ping said with a faint smile.

“Congratulations to Mr. Chen. Now that you have broken through to the realm of martial arts, with your strong strength, you don’t have to be afraid even if you encounter a fifth-level martial arts master!”

Zhao Wuji saw Chen Ping’s breakthrough and was really happy for Chen Ping.

But what he didn’t know was that Chen Ping’s strength increased exponentially.

Although Chen Ping only broke through to Wuzong, his strength can kill him with one move against a fifth-level Wuzong. If it is a seventh-level Wuzong, Chen Ping can also win. If it is a peak Wuzong, Chen Ping has no confidence. After all, As the realm improves, even if it is a small realm improvement, the strength will be very different.

“In the land of Kyoto, there are hidden dragons and crouching tigers. My strength is still far behind...”

Chen Ping said helplessly.

After all, Chen Ping started too late. He could be considered a genius if he could reach this level in just a few years. However, thanks to his own Heart Condensation Technique, this technique was too abnormal.

Thinking of the Ningxin Jue, a man's figure suddenly appeared in Chen Ping's mind. Although he couldn't see the man's face clearly, this figure always appeared in his mind suddenly.

Chen Ping knew that this figure was his father whom he had never met. He wanted to know who his father was.
