

## **The Order 1401**

Chapter: 1401

“Director Guo, the tomb door has been opened.”

Hu Baqi reported to Guo Wei.

Guo Wei stepped forward to take a look and nodded with satisfaction: “Hu Baqi, this time your Hu family has contributed, the Martial Arts Alliance will not forget your Hu family.”

“It is the honor of our Hu family to be able to work for the Martial Arts Alliance.”

Hu Baqi hurriedly bent down and said humbly.

“Everyone, be careful and follow me in!” Guo Wei said, and then said to Hu Baqi: “Hu Baqi, follow me. If you need anything, tell me in advance.”

Although Guo Wei was at the peak of Wuzong’s strength, he knew nothing about the hidden weapons in the ancient tomb. Hu Baqi was still proficient in this aspect, so he let Hu Baqi follow him.

“Don’t worry, Director Guo, there are dozens if not hundreds of ancient tombs that have passed through my hands. Everything will be fine!”

Hu Baqi’s face was full of confidence. This was the opportunity for his Hu family to show off.

In terms of strength, the Hu family can only be considered a third-rate family in the martial arts world, but with their ability to find holes and tombs, the Hu family is also very famous in the Kyoto martial arts world.

Everyone filed in instantly. Zhao Wuji looked at Chen Ping and said, "Mr. Chen, I can only send you here. After entering the ancient tomb, you should be careful."

Zhao Wuji is not on the trial list, so he cannot enter the ancient tomb.

"Don't worry, Pavilion Master Zhao, I will take care of it myself!"

Chen Ping nodded, and then led Zhao Chuang into the ancient tomb.

As soon as I walked into the ancient tomb, I felt a sense of suffocation around me, very depressing, and the long tomb passage was bottomless.

Hu Baqi was in front, ordering the Hu family's children to take out the prepared torches, and took out lighters to light the torches.

But just when Hu Baqi was about to light the torch, suddenly many candles burned on both sides of the tomb passage.

The entire tomb passage was illuminated. The candles were as thick as a water glass. Two rows of red candles suddenly appeared in the tomb passage, which looked particularly strange.

This suddenly lit candle shocked many people. Hu Baqi followed Guo Wei and said: "Director Guo, don't panic. This is because oxygen enters the tomb passage, and the oxygen encounters phosphorus, which ignited the candles placed in advance. Just candles in the tomb passage.

Guo Wei nodded, and then shouted loudly to the back: "Don't panic, everyone, follow closely, there are murderous intentions everywhere here, be careful of your own life!"

After Guo Wei finished speaking, he followed Hu Baqi and continued walking towards the depths of the ancient tomb. There was light in the tomb passage, and his walking speed was obviously much faster.

After walking for more than ten minutes, the entire tomb passage seemed to have no end. Everyone became more relaxed from being nervous when they first entered the tomb. After all, they had not encountered any danger for so long. Many people began to chat while walking. got up.

Chen Ping led Zhao Chuang to the back of the team, but at this time Chen Ping's face was very solemn and he was not as relaxed as others showed.

"Brother Chen, this ancient tomb is really big. We have come so far, and we haven't even arrived at the tomb yet!"

Chapter: 1402

Zhao Chuang said with some sigh.

Chen Ping frowned slightly, pondered for a moment and said, "This may not be an ancient tomb..."

"Isn't it an ancient tomb?" When Chen Ping said this, Zhao Chuang was stunned: "Brother Chen, didn't you say this is the emperor's tomb? If this wasn't an ancient tomb, what would it be?"

"I don't know yet, but this place gives me a very dangerous feeling, so be careful!"

Chen Ping didn't know what was wrong, but he always felt a sense of crisis in his heart.

The Heart Condensation Art in the body started to operate unconsciously, and a large amount of spiritual power filled Chen Ping's body.

Chen Ping's body seemed to be in a state of war, which surprised Chen Ping.

No matter how great the danger was, Chen Ping's body had never been in this situation before, but for some reason, it happened like this this time.

Chen Ping became very cautious.

After walking for a few more minutes, the tomb passage suddenly opened up, and a hall with hundreds of square meters appeared. Everyone was overjoyed and thought they had arrived at the tomb, because many treasures must have been placed in the tomb.

The people behind began to swarm towards the tomb, but the tomb was empty, there was nothing, only stone benches one by one, and not even a coffin.

Everyone was dumbfounded at this time. Don't let it end with an empty tomb. Then this trial would be laughed at.

"Hu Baqi, look what's going on!"

Hu Baqi nodded, and immediately started to inspect the tomb with the children of the Hu family, while the others sat on the stone bench and began to rest.

Many sects and aristocratic families gathered around Long Xiao. These people hugged each other, while Chen Ping followed Zhao Chuang and two people from Wuying Villa sat on the other side.

Ning Zhi and Dong Jiahao took their people to sit in other places and did not get involved with the sects and aristocratic families in the martial arts alliance at all.

"Xingxu, go over and teach Chen Ping a lesson and destroy his legs..."

Long Xiao remembered Long Jingguo's explanation, so he said to Long Xingxu.

When Long Xingxu heard this, he hurriedly whispered: "Young Master, I...I'm afraid I'm no match for Chen Ping!"

Before the trial began, when Long Xingxu saw Chen Ping appear, he had already guessed that the five guardians sent by Long Jingguo were probably in danger.

Although he didn't know who was helping Chen Ping behind the scenes, he was by no means an ordinary person who could wipe out the five guardians of the Long family at once.

"Can't you beat Chen Ping with your current level of third-level martial arts?" Long Xiao looked at Long Xingxu in surprise.

"Young Master, you don't know something. This Chen Ping has hidden his strength. His current strength may reach the level of a fifth-grade martial arts master."

Long Xingxu guessed.

Chapter: 1403

"You are such a waste, and you still call yourself the most talented in the Long family all day long!" Long Xiao glanced at Long Xingxu: "It seems that I am the only one who takes action."

Long Xingxu was humiliated by Long Xiao, but he did not dare to say anything. He could only endure it and suggested in Long Xiao's ear: "Young master, Xuanyuan Kai and Cheng Kun are both at odds with Chen Ping. Why don't we borrow this The two guys' hands can save us from having to do it ourselves when dealing with Chen Ping."

When Long Xiao heard this, he waved to Xuanyuan Kai and Cheng Kun.

“Master Long.....”

Seeing Long Xiao waving, Xuanyuan Kai and Cheng Kun hurried over.

Both of them would bow their heads when they saw Long Xingxu, let alone in front of Long Xiao.

“You two have a grudge against Chen Ping?” Long Xiao asked.

Xuanyuan Kai nodded: “Master Long, this arm of mine was chopped off by Chen Ping.”

When Long Xiao heard this, he immediately smiled and said: “Now is a good opportunity. You two go and destroy Chen Ping, but you can’t kill him. After this trial, I can share some resources with you two.”

Upon hearing this, Xuanyuan Kai and Cheng Kun nodded hurriedly in agreement.

At this moment, Chen Ping was feeling the atmosphere in the ancient tomb with a slight frown. He couldn’t figure out what could make his Heart Condensation Technique work on its own.

At this time, Xuanyuan Kai and Cheng Kun led people towards Chen Ping. Everyone watched with the mentality of watching the excitement, and no one stepped forward to stop him.

Guo Wei wanted to speak out, but was stopped by Long Xiao. Seeing that it was Long Xiao’s idea, Guo Wei said nothing more.

“Chen Ping, you broke my arm. I must avenge you today. Although Mr. Shi is protecting you, he only said he couldn’t kill you, but he didn’t say he couldn’t cripple you. I’m going to cut off your arms and legs and let you Become a useless person...”

The murderous aura in Xuanyuan Kai's body rose, and Wu Zong's cultivation was considered to be outstanding among this younger generation.

"Chen Ping, if you spit out the dragon crystal now, I won't embarrass you. Otherwise, I can only disembowel you..."

Cheng Kun said with a sneer on his face.

"Xuanyuan Kai, Cheng Kun, if you dare to touch Brother Chen, I will kill you..."

Zhao Chuang stood in front of Chen Ping, and the two martial arts masters from Wuying Villa also showed their weapons.

"Zhao Chuang, you fucking piss yourself and look after yourself. Even with your little ability, you still want our lives. Now I want to kill you..."

Cheng Kun looked disdainful and suddenly punched Zhao Chuang.

Cheng Kun's body erupted with the aura of the Eighth Level Grandmaster. With this punch, Zhao Chuang would probably turn into meat.

Zhao Chuang was shocked, but he did not dodge and still stood in front of Chen Ping. The two Wu Zong from Wuying Villa, seeing that Zhao Chuang was in danger, immediately attacked Cheng Kun together!

Cheng Kun didn't pay attention at all. At the same time that the two martial arts masters from Wuying Villa took action, the two martial arts masters from Perak Sect behind Cheng Kun also took action.

Chapter: 1404

Soon the people from Wuying Villa and Perak Gate were fighting together.

Seeing that Cheng Kun's punch was about to hit Zhao Chuang, he found a violent force coming from behind Zhao Chuang, and then Chen Ping's figure appeared in front of Cheng Kun.

Cheng Kun was startled, but before he could react, Chen Ping slapped Cheng Kun in the face!

Cheng Kun's body quickly spun several times in mid-air and then fell heavily to the ground, blood spurting from his mouth.

"I wanted you to live a little longer, but you are seeking death yourself..."

After Chen Ping finished speaking, he raised his foot and stepped on Cheng Kun's head.

puff.....

Before Cheng Kun could scream, his head was crushed by Chen Ping's step, his brains splattered, and the smell of blood instantly filled the entire tomb.

"Young Master..."

Seeing this, the two Perak Sect Wuzong flew towards Chen Ping to attack.

Two violent auras directly locked onto Chen Ping.

Chen Ping just turned his head and glanced at the two Perak Sect Wuzong, his eyes full of disdain. Then he clenched his fists, and a golden light began to glow faintly on his fists!

"Go to hell..."

Chen Ping's feet paused, and the hard bluestone ground cracked instantly, and Chen Ping's body jumped up, fists coming out, and headed towards the two Perak Sect martial arts sects.

boom!

Two golden lights flashed, and Chen Ping's fists collided with two Perak Sect martial arts masters.

Immediately afterwards, the bodies of the two Perak Sect martial sects exploded instantly, and the blood and flesh flew out, making the entire tomb terrifying and bloody.

At this time, everyone looked at Chen Ping in shock. No one thought that Chen Ping could defeat two martial arts masters at the same time.

"You want to take revenge on me?"

Chen Ping was covered in blood and stared at Xuanyuan Kai.

Xuanyuan Kai looked at the death-like Chen Ping, and was so frightened that his body trembled slightly. Even though there were two martial arts masters behind him protecting him, Xuanyuan Kai was already scared to death at this moment.

He really didn't expect that Chen Ping's strength would reach such a terrifying level.

"me....."

Xuanyuan Kai retreated repeatedly, but didn't know how to answer Chen Ping.

Chapter: 1405

“Chen Ping, you are so brave. You dare to kill people during the trial. Do you think I don’t exist?”

A huge and terrifying aura caused Chen Ping to sway and take a few steps back. Then Guo Wei slowly walked over with anger on his face.

Seeing Guo Wei come forward, Xuanyuan Kai’s mood calmed down a lot. At least his life would no longer be in danger.

“As the leader of the trial, you can’t be fair and just. So what if you don’t listen to you? They came to trouble me first. Are you blind? Can’t you see?”

Chen Ping was not afraid of Guo Wei at all, and said with focused eyes.

Chen Ping dared to scold Guo Wei, which shocked everyone present. Even Long Xiao looked at Chen Ping with admiration.

“court death.....”

Guo Wei’s majesty was provoked, and he suddenly became furious, and a dazzling aura began to flow from his body.

Then the dazzling aura pressed hard towards Chen Ping.

When Chen Ping saw this, he raised his fist to greet him!

Since he broke through, he has not fought against the peak of Wuzong, so Chen Ping wants to see where his strength has reached after breaking through Wuzong!

Guo Wei's fist was wrapped in energy, and the aura of Wu Zong's peak made the entire tomb extremely depressing, and many people felt it was difficult to breathe.

The Dantian in Chen Ping's body was transporting spiritual power crazily, and the inner elixir that had recently condensed in Chen Ping's body emitted colorful light. The light shone on the dragon crystal, and the dragon crystal began to emit spiritual energy into the Dantian.

In Chen Ping's body, a small formation seemed to be formed, causing the aura on Chen Ping's body to continue to rise.

Soon, the two breaths collided. Chen Ping's body paused, and then he took a few steps back.

Guo Wei frowned and kicked Chen Ping's shoulder hard from mid-air!

Although Guo Wei was angry, he did not dare to take Chen Ping's life easily, otherwise it would be difficult to follow Mr. Shi's instructions.

Chen Ping shouted loudly, his body exuded a bright golden light, and Chen Ping used his indestructible golden body to the extreme.

boom!

Guo Wei's kick hit Chen Ping's shoulder hard. Chen Ping felt as if a big mountain was hitting him. Then he bent his legs and knelt on the ground with one knee. The ground was dented by this blow for several minutes. .

The veins on Chen Ping's forehead popped out, and all his spiritual power was used on his feet. He wanted to stand up and looked at Guo Wei desperately.

"Humph, you don't overestimate your capabilities..."

Guo Wei snorted coldly, then suddenly exerted force on his feet, pushing Chen Ping's body down, and Chen Ping's face turned pale.

Chen Ping, who had just broken through the Wuzong, still had some difficulty in fighting against the peak Wuzong, but Chen Ping believed that if he was given some time, he would be able to defeat the peak Wuzong.

Chapter: 1406

"A director of the Martial Arts Alliance, a martial artist at the pinnacle of the Martial Arts Sect, isn't he afraid of being laughed at when dealing with a young man?"

With an angry cold shout, Dong Jiahao jumped up and kicked Guo Wei directly.

Dong Jiahao was only a sixth-grade martial artist, but he dared to attack Guo Wei, the pinnacle of martial arts. It must be said that he was very courageous.

Seeing this, Guo Wei dodged Dong Jiahao's attack.

"Mr. Dong, you are just a spectator. Do you also want to interfere in the affairs of our martial arts alliance?"

Guo Wei said with a cold expression.

"I can't fucking stand it. There are no bullies like you. There is no such thing as a noble family and a right way. You, the Kyoto Martial Arts Federation, are all robbers. How many evil cultivators have you killed over the years? Not even that. He uses chicken feathers as arrows all day long to bully the major sects and families!"

Dong Jiahao scolded Guo Wei, and then stretched out his hand to pull Chen Ping up.

“Brother Chen, are you okay?” Zhao Chuang ran over and asked with concern.

Chen Ping shook his head, then looked at Dong Jiahao and said, “Brother, thank you!”

“It’s just a joke, I advise you to keep your eyes peeled, but don’t join the Kyoto Martial Arts Alliance. There’s nothing damn good about it!”

Dong Jiahao’s words have offended many people from the sects and aristocratic families here.

“Dong Jiahao, what do you mean?” Long Xiao, as the most powerful among the younger generation in these sects, stood up and said: “Don’t think that everyone is afraid of you. If you have the ability, let’s make a show of it...”

“Just make gestures, I’m still fucking afraid of you!” Dong Jiahao said with a shock.

“Dong Jiahao, I’m asking you to go out now. We don’t welcome you in this trial!”

Guo Wei frowned, and his aura instantly burst out, directly suppressing Dong Jiahao’s aura.

Although Dong Jiahao’s breath was suppressed, he was not inferior in terms of momentum. He straightened his body and said, “I won’t go out. What can you do to me? Kill me if you can. I’ll see which of you dares!”

“you.....”

The terrifying aura on Guo Wei’s body pressed towards Dong Jiahao.

But just as Guo Wei’s aura was heading towards Dong Jiahao, the same powerful aura hit him, directly suppressing Guo Wei’s aura.

Guo Wei was stunned and looked directly at the hunchbacked old man behind Ning Zhi, because here, only this old man could have such a powerful aura.

“Director Guo, we are all young people, young and energetic. Why should you be angry and serious? As a dignified director of the Kyoto Martial Arts Alliance, you will lose face if you win against a young man in his early twenties. And if word spreads, If you still get ridiculed by others, let me forget it!”

Ning Zhi walked up to Guo Wei with a smile on his face and persuaded him.

Guo Wei is also riding a tiger now, with so many sects and aristocratic families looking at him. If he is insulted by Dong Jiahao and remains indifferent, where is his majesty? Now that Ning Zhi has stepped forward, it can be regarded as giving Guo Wei a step up.

Chapter: 1407

“Since Mr. Ning said this, I won’t argue with their children!”

Guo Wei put away his breath and said.

Dong Jiahao wanted to say something else, but Ning Zhi came over and interrupted him directly: “Brother Dong, just accept it as you like!”

Dong Jiahao thought for a while and then said nothing.

For a moment, no one spoke, and the tomb became depressing, mixed with the smell of blood, which made people go crazy.

Crunch.....

Suddenly, there was a sound of metal friction, which startled everyone and turned their heads hurriedly.

I saw Hu Baqi slap his palm on a stone wall. The stone wall was dented, and then two animal heads that looked like tigers but not tigers appeared on the stone wall. The two eyes on the heads were all wide open, and inside were two beads. The green light looked very scary.

“We found it!” Hu Baqi said with a proud face.

“Are there luminous pearls in these eyes?”

Zhao Chuang looked at the eyes on the two carved heads with green light, thinking they were some orbs, so he reached out to get them.

“Do not move!”

Chen Ping grabbed Zhao Chuang and didn't let him move.

But when everyone else saw this scene, they all took action.

You must know that in the trial here, whoever gets the treasure first belongs to whoever strikes first to gain the upper hand and then suffers disaster. This is why Chen Ping was placed at the end.

“No one moves...”

Hu Baqi yelled, no one knew if there was a mechanism inside. If people were to touch it casually, if the mechanism was triggered, these people would be in trouble.

But no one would listen to Hu Baqi's words. These people only have treasures in their eyes.

"Director Guo, we can't let them move around casually to prevent the establishment of organs."

Seeing this, Hu Baqi could only shout towards Guo Wei.

"It's enough for me to stop!"

When Guo Wei heard this, his face instantly became angry, and the aura on his body exploded. Several guys who wanted to get the gift first were knocked away by Guo Wei's aura.

This time, no one dared to move. After all, the most powerful person here was Guo Wei.

"In this trial, even if you encounter any rare treasures, before I say anything, if anyone dares to touch them privately, don't blame me for being rude to him. If you want to die, don't let your mother kill others. "

Chapter: 1408

Guo Wei glanced at everyone with a gloomy expression, and no one dared to refute.

Only Dong Jiahao sneered, but Guo Wei ignored him. He didn't want to provoke this mad dog-like guy at this time.

"Hu Baqi, send someone over to take a look..."

Guo Wei asked Hu Baqi to send someone over to see what was going on.

Hu Baqi nodded, waved his hand, and asked a member of the Hu family to walk over cautiously.

Everyone was on guard, but the Hu family member reached out and pulled off the green-glowing bead from the head.

“Master, this thing is not a gem, it is soft!”

The boy from the Hu family walked towards Hu Baqi holding the beads.

When Hu Baqi heard this, he frowned: “Throw it away...”

But just after Hu Baqi finished speaking, the beads in the hands of the Hu family children melted directly, like a puddle of water flowing directly from the Hu family children’s hands to the ground, and then dripped on the bluestone on the ground, Making a squeaking sound.

“ah.....”

The boy from the Hu family suddenly screamed. Looking at his hand again, green smoke began to emit. The skin on his hand melted away quickly at a speed visible to the naked eye, leaving only a white glow. bones.

The boy from the Hu family hurriedly grabbed his wrist with his other hand, and the energy in his body instantly gathered towards his palm. The strong energy came from the palm of the boy from the Hu family, which was already white and full of bones. It came out from inside, but it still couldn’t stop the corrosive speed of the green smoke.

brush.....

The Hu family member only felt a light flash in front of his eyes.

Immediately afterwards, the palm was cut off and fell to the ground.

There was no trace of blood dripping out from where the palm was severed, only the thick black gas surrounding the wound.

“This is rotten frog liquid. If you don’t cut off your palm, you will soon be left with a pile of bones.”

Hu Baqi said with a solemn expression.

Although the Hu family boy lost one of his palms, he knew in his heart that if he didn’t cut off his palm, his life would be lost.

“Thank you, head of the family!” The Hu family member gritted his teeth and endured the severe pain.

“No one should touch anything here easily, including the stone wall. I don’t know what mechanisms there may be, so be careful!”

Hu Baqi frowned and reminded carefully.

“Did you all hear what Master Hu said?”

Chapter: 1409

Guo Wei asked loudly to everyone.

“heard it!”

Everyone nodded.

After this time, both Guo Wei and everyone else’s views on Hu Baqi have changed a lot.

After all, everyone has seen how powerful this ancient tomb is.

Although they didn't know what the rotten frog liquid Hu Baqi just mentioned was, it looked terrifying.

"You all stand back. There should be a stone gate here, not the end."

After hearing what Hu Baqi said, everyone hurriedly stepped back, even Guo Wei took a few steps back.

Hu Baqi looked at the three remaining green beads in the eyes of the two sculptures, took a slight breath, and then slowly stretched out his palms, and a wave of energy came from those palms. issued it, and then slowly absorbed the three beads out of the sculpture.

After the three beads separated from the avatar, they slowly turned into liquid, and then dripped to the ground. The bluestone on the ground was quickly corroded beyond recognition.

Looking at the four empty sculpture eyes, Hu Baqi stretched out his hand, grabbed the four holes directly, and then suddenly twisted outwards. Both sculptures were twisted.

Creaking, creaking...

There was a sound of rubbing against the stone wall, and the stone wall in front of them slowly opened. Soon, two corridors appeared in front of everyone.

"Sure enough, there is an agency. The head of the Hu family is really awesome. He is worthy of being a family that explores caves and tombs."

"This time, with Master Hu following us, it will be much easier for us."

“It seems that even if there are treasures here, they cannot be touched easily. There are traps everywhere.”

Everyone praised Hu Baqi one after another. After all, in this ancient tomb, they still had to count on Hu Baqi.

“Master Hu, in this trial, I will give you a mark!”

Guo Wei looked at Hu Baqi and even his name changed.

Not to mention how happy Hu Baqi was at this moment. After this trial, their Hu family’s status in Kyoto’s martial arts world would rise a lot.

“Master Hu, there are two tomb passages this time. Which one should we take?”

Long Xiao stepped forward and asked Hu Baqi.

“Master Long, wait a moment, let me take a look...”

After Hu Baqi finished speaking, he looked carefully at the two tomb passages that appeared.

Chapter: 1410

Chen Ping looked at the two tomb passages, and suddenly a stream of spiritual energy continued to pour out from the tomb passage on the left.

“How can there be spiritual energy in the ancient tomb?” Chen Ping was very surprised. It is normal for there to be yin energy in it. How could there be spiritual energy in it?

“Brother Chen, what did you say?”

Zhao Chuang asked.

“Oh, it’s nothing!” Chen Ping shook his head.

However, he couldn’t help but walk towards the tomb passage on the left, as if there was something inside that was attracting him.

“what you do?”

When Hu Baqi saw Chen Ping walking towards the tomb passage, he immediately shouted to stop.

He had long disliked Chen Ping. If it weren’t for Chen Ping, this ancient tomb would have been the property of his Hu family. Because of Chen Ping, the ancient tomb was directly confiscated.

“Chen Ping, what do you want to do? Didn’t you hear what I said?”

Seeing Chen Ping walking towards the tomb passage alone, Guo Wei said with a cold expression.

“I think there seems to be something in this tomb passage...”

Chen Ping said.

“Whether there is anything or not, it’s not up to you to judge. Return it to me...”

Guo Wei scolded loudly.

When Chen Ping saw this, he didn't say anything more, but retreated. Now that he was not Guo Wei's opponent, he still had to endure it first.

Hu Baqi glanced at Chen Ping with disdain, and then said: "Director Guo, the tomb passage is exactly the same these two days, but based on my many years of experience, I think we should take the tomb passage on the right."

"Okay, I listen to you, go to the right..."

Guo Wei nodded.

Here, only Hu Baqi knows more about the ancient tombs, and he can only listen to Hu Baqi.

Seeing that Guo Wei was leading everyone to go to the right, Chen Ping walked straight towards the tomb passage on the left: "I will go to the left by myself, you go to the right!"

Seeing that Chen Ping was disobedient, Guo Wei was about to scold him, but was stopped by Hu Baqi: "Director Guo, I'm not sure which of the two tomb passages can lead to the tomb. Since Chen Ping wants to go to the left, Then let him go, someone must explore both tomb passages."

"Director Guo, I'll go with Chen Ping..."

At this time, Long Xiao spoke.
