

## **The Order 1431**

Chapter: 1431

Hu Baqi explained.

“Master Hu, do you have a way to break this magic circle?” Guo Wei asked.

With their energy suppressed, they were unable to open the copper coffin, and they had no way of knowing what was inside.

Hu Baqi shook his head: “I can’t break a magic circle of this size. Moreover, this place uses mountains as the formation and water as the eyes. I’m afraid only the top magic masters can arrange such a grand gesture. If I guess correctly, this should be the dragon vein mentioned by emperors of all ages.”

“Dragon Vein?” Guo Wei was slightly stunned.

He didn’t understand this at all, so he didn’t understand what Hu Baqi was talking about.

“Throughout the dynasties, the royal family has sent talented people and strangers to search for the dragon vein treasure land that can make the country prosperous. This should be the dragon vein that a certain emperor found, but I don’t know which dynasty it is from.”

Hu Baqi explained.

Hu Baqi explained, and Guo Wei finally understood. However, looking at the copper coffin in front of him, Guo Wei was still a little unwilling to give up like this.

But now they have lost all their energy, and there is no way to get close to the copper coffin. Now they can only go back the same way, but getting the Nine Thousand Miles of Mountains and Rivers Map is a worthwhile trip.

“Now that we have found the coffin and we can’t open it, let’s go back. This trial is over!”

Guo Wei had to issue an order to end the trial.

Many people looked a little downcast. They originally thought it was the emperor's mausoleum, and there must be many treasures in it, but in the end there was nothing except a painting, and Long Xiao got it.

Now that Guo Wei has spoken, everyone can't help but obey. After all, there is no use staying here. Their energy has been suppressed and they can't do anything.

But just when Guo Wei was about to take the people back the same way, Chen Ping suddenly took a step forward.

"Wait a minute, you robbed my things and left like this?"

Chen Ping's eyes were cold and there was a smile on his lips.

When the formation was activated just now and everyone's energy was suppressed, Chen Ping tried it and found that he was not affected at all.

What Chen Ping cultivates is not strength, but spiritual energy, so this magic circle has no effect on Chen Ping.

Now that everyone has been suppressed, even Guo Wei has become an ordinary person, so Chen Ping no longer has to be afraid of him, and he just took the opportunity to snatch the Nine Thousand Miles of Mountains and Rivers Map.

"Chen Ping, what do you want to do?"

Long Xiao looked at Chen Ping and asked.

"Of course I got the painting back!"

Chen Ping said, and strode towards Long Xiao.

Chapter: 1432

“Chen Ping, although I have been suppressed, you are not much better. If we take action, we can beat you to a pulp!”

Long Xiao was not afraid at all. Although his strength was suppressed, he believed that Chen Ping was no doubt an ordinary person now and had nothing to fear.

“Really? Then give it a try...”

Chen Ping stepped forward, grabbed the Nine Thousand Miles of Mountains and Rivers Map, and snatched it away with a slight force.

Long Xiao was startled and punched Chen Ping. This punch was completely the power of his body, without any trace of energy mixed in.

Bang.....

Long Xiao punched Chen Ping in the chest, but Chen Ping didn't move, followed closely by Long Xiao's screams.

Long Xiao felt as if his punch hit an iron plate, and severe pain spread throughout his body.

Snapped!

Chen Ping slapped him, and Long Xiao's body flew out like a kite with its string broken, hitting the stone wall heavily.

This sudden change made everyone look at Chen Ping in shock.

Now everyone's energy has been suppressed. They are just ordinary people. You must know that a slap from an ordinary person will not have such power.

"Chen Ping, you don't want to live anymore, do you? Give me the painting..."

Guo Wei stepped forward, glared at Chen Ping and said.

"Who do you think you are? The painting is mine. I won't give it to anyone. If you have the ability, just come and get it yourself. Aren't you the pinnacle of martial arts? Aren't you awesome? Come and get it!"

Chen Ping provoked Guo Wei.

Everyone looked at Chen Ping and thought he was crazy for daring to openly challenge Guo Wei.

"you wanna die....."

Guo Wei looked grim and suddenly raised his hand to pat Chen Ping.

Even though his energy was suppressed, Guo Wei's palm was still very powerful.

Chen Ping looked at Guo Wei who was rushing over. He was already unhappy with this guy. As soon as he reached out, he grabbed Guo Wei's collar and picked up Guo Wei with a casual lift.

At this time, Guo Wei was like a little chicken, struggling desperately in Chen Ping's hand.

"Chen Ping, let me go, or I will make your life worse than death..."

Guo Wei roared angrily. At this moment, Guo Wei lost all face!

Chapter: 1433

“At this point, you still dare to threaten me...”

As Chen Ping spoke, he raised his hand and swiped it towards Guo Wei’s face.

Bang bang bang.....

After several slaps in a row, Guo Wei’s face became swollen and his mouth became extremely swollen.

Seeing Chen Ping dare to hit Guo Wei like this, everyone opened their mouths in shock, but no one dared to care.

Now they can finally see it. It turns out that this magic circle did not suppress Chen Ping’s strength, so this scene happened.

In this case, here now, Chen Ping is like God and the emperor, and no one dares to provoke him.

“Look, you are threatening me...”

Chen Ping looked at Guo Wei with a sneer and said.

Guo Wei opened his mouth, but said nothing and lowered his head helplessly.

If this continues, he will be beaten to death by Chen Ping.

Seeing that Guo Wei lost his arrogance, Chen Ping threw Guo Wei aside like a dead dog.

Long Xiao looked at the scene in front of him, his face became extremely ugly. Just now he wanted to scold Chen Ping, but now he could only close his mouth tightly, not daring to provoke Chen Ping anymore.

Although Long Xiao kept his mouth shut and did not provoke Chen Ping, Chen Ping had no intention of letting him go and walked straight towards Long Xiao.

Then he grabbed Long Xiao's hair and pulled it aside.

"Chen Ping, I...I gave the painting to you. I won't snatch it away from you. Why are you still looking for me?"

Long Xiao trembled slightly and asked in confusion.

"I'm going to fucking see you unhappy, okay?"

Chen Ping kicked Long Xiao hard in the chest, and then hit Long Xiao's head against the stone wall.

Soon, Long Xiao's face was covered with blood, and his facial features were twisted together.

Everyone watched, but no one tried to stop him. Guo Wei's face was very gloomy, but he didn't dare to take care of it anymore.

The two martial arts masters of the Long family could only circle around anxiously and did not dare to step forward. They could only look at Long Xingxu.

There was no expression on Long Xingxu's face, but he was already gloating in his heart.

He himself has long been unhappy with Long Xiao. If given the chance, Long Xingxu would like to beat Long Xiao severely like this.

Chapter: 1434

Long Xiao was already dying, but Chen Ping did not stop.

No one knows why Chen Ping is treating Long Xiao like crazy at this moment, and how deep the hatred between the two people is.

The reason why Chen Ping is like this is because he can't control his emotions when he thinks of his mother, who is still suffering in the Long family.

"Chen Ping, it's okay. If you really kill Long Xiao, I'm afraid your future will be difficult."

At this time, Dong Jiahao stepped forward and persuaded Chen Ping.

Chen Ping smiled bitterly. Even if he didn't kill Long Xiao, the Long family wouldn't be able to let him go. But Chen Ping couldn't kill Long Xiao yet. He had to wait for the opportunity to use Long Xiao's life to kill himself. The mother was replaced.

Chen Ping let go of his hand, and Long Xiao fell to the ground like a puddle of mud.

At this time, Long Xingxu asked two martial arts masters from the Long family to help Long Xiao back.

"This painting belongs to me. No one can take it away. If anyone else has an idea for this painting, they can come up and try it. If no one else has an idea for this painting, then get out..."

Chen Ping glanced at everyone and said.

At this time, whoever dared to take advantage of that painting all left along the same path.

Long Xiao and Guo Wei were helped away by people from the Long family.

"If I don't take revenge for this, I swear that I will not be a human being. I will definitely kill him..."

Long Xiao, who walked out of the cave, shouted angrily after regaining his strength.

“Don’t worry, this little bastard can’t get out of the ancient tomb. If he dares to come out, I will cut him into pieces...”

Guo Wei’s eyes also flashed with murderous intent.

At this time, everyone in the cave had left, but Ning Zhi did not leave, standing aside quietly waiting for something.

“Brother Ning, everyone is gone, what are you still doing here?”

Dong Jiahao looked at Ning Zhi and asked.

“I’m just curious about what’s inside the copper coffin. I want to stay and see what happens...”

Ning Zhi said calmly.

“Now that our strength has been suppressed, no one can get close to the copper coffin. What do you think?”

Dong Jiahao asked doubtfully.

“Isn’t there still him?” Ning Zhi pointed at Chen Ping: “He will definitely open the copper coffin.”

Chapter: 1435

Dong Jiahao looked at Chen Ping and asked, “Chen Ping, are you going to open this copper coffin?”

Chen Ping nodded. Now that he is here, of course he wants to see if there are any treasures in the copper coffin.

“But you have to be careful. There are too many traps here, and even if you get the treasure, you won’t be able to leave. Those people must be waiting for you outside...”

Dong Jiahao reminded.

“I know, but I’d better take a look at the contents of this copper coffin first!”

After Chen Ping said this, he paused and jumped directly onto the copper coffin.

Looking at the slightly raised dragon head on the copper coffin, Chen Ping gently turned it with his hand, and then held his breath.

Crunch.....

As the sound of friction came out, the lid on the copper coffin slowly opened.

After opening it, a golden light emanated from the copper coffin, and what appeared in front of Chen Ping’s eyes was a corpse. The corpse was wearing clothes woven with gold threads and had a certain crown on its head.

I don’t know how many years have passed, but the body still maintains its original posture, without decay at all. On both sides of the body are some precious jade objects.

The moment the copper coffin was opened, Chen Ping felt a huge amount of spiritual energy emerging from the copper coffin. This spiritual energy might be the reason why the body remained incorruptible.

“Chen Ping, are there any treasures inside?”

Dong Jiahao shouted curiously when he saw the copper coffin opened.

“There are no treasures, just some jewelry and jades, which are not very helpful for cultivation!”

Chen Ping shook his head and said, Chen Ping didn't care much about these jewelry and jade articles. He was not short of money and didn't want these things. In the end, he only selected a few jade articles containing spiritual energy and put them in his pocket.

Just as Chen Ping was about to close the coffin, a dark ring on the corpse's hand suddenly caught Chen Ping's attention.

Generally, these emperors like to wear jade rings. I have never seen any emperor wearing a completely black ring, and it doesn't look very beautiful.

Chen Ping felt that the ring was a bit strange, so he took it off, put it in his pocket, and then closed the coffin.

After jumping down from the copper coffin, Dong Jiahao hurriedly surrounded him, and Zhao Chuang also moved forward curiously.

"Brother Chen, what treasures do you have? Let us see..."

Zhao Chuang asked impatiently.

Ning Zhi also came over with the hunchbacked old man at this time.

Chen Ping took out the jade articles from his pocket. These jade articles contained the aura of appreciation. When Dong Jiahao and Zhao Chuang picked up the jade articles to play with them, a refreshing and comfortable feeling suddenly spread throughout their bodies.

Chapter: 1436

"Chen Ping, these things are really precious..."

Dong Jiahao said in surprise.

"Since Brother Dong likes it, I'll give you one..."

Chen Ping selected a piece of jade and handed it to Dong Jiahao.

Dong Jiahao was stunned for a moment, then he laughed and said: "Chen Ping, that's funny, I'm determined to be your friend!"

Dong Jiahao also accepted the jade unceremoniously, and Chen Ping chose another one and gave it to Zhao Chuang.

Ning Zhi looked at it with hot eyes, but didn't say anything.

"Brother Chen, are these the jade articles in it only? Are there any other treasures?"

Zhao Chuang asked curiously.

Chen Ping took out the dark ring and said, "There is also this ring, I don't know what it is used for!"

There is no aura on this ring. Chen Ping also used his spiritual sense to detect it. It feels very ordinary, but it is obviously unreasonable to wear such an ordinary ring on the hand of an emperor.

"Let me see....."

Zhao Chuang took the ring and looked at it carefully.

Soon, Zhao Chuang found a few small words on the inside of the ring, and then said with some surprise: "There are three words on this ring, it says storage ring..."

Upon hearing this, Chen Ping hurriedly took the ring back into his hand, and sure enough he saw the words "Storage Ring" on the inside.

Soon, Chen Ping's eyes lit up, and then he bit his finger and dripped a drop of blood on it.

When the blood came into contact with the ring, there was a buzzing sound, and then the dark ring instantly turned into blood red, and then a blood red breath shot out from the ring, hitting Chen Ping directly between the eyebrows.

Chen Ping thought, and soon found a chaotic space in the storage ring. This should be the place where the storage ring stores things.

Slowly, the storage ring turned black again. Chen Ping put the storage ring on his hand and looked at the Nine Thousand Miles of Mountains and Rivers Map in his hand. As his mind flashed, the Ninety Thousand Miles of Mountains and Rivers Map appeared on the storage ring. among.

"It's really a treasure..."

Chen Ping was overjoyed. Although this storage ring had no aura, it was an out-and-out magical weapon.

"Brother Chen Ping, can you give me your storage ring?"

Just when Chen Ping was happy, Ning Zhi suddenly spoke.

Ning Zhi's words immediately stunned Chen Ping.

Chapter: 1437

"Ning Zhi, why are you so shameless, asking others for things directly? It's such an embarrassment to your Ning family..."

Dong Jiahao looked at Ning Zhi with a sneer on his face.

Ning Zhi was not angry at all, with a faint smile on his face: "You won't be able to get out of the ancient tomb even if you get these treasures. Then Guo Wei will definitely lead someone to stop you at the exit. Instead of these treasures being taken away by those guys from the Martial Arts Alliance, If you snatch it away, you might as well give it to me, and I can ensure that you are safely sent out of the tomb."

The reason why Ning Zhi didn't leave seemed to be that he had already planned that if he wanted to deal with Guo Wei, he could only rely on the hunchbacked old man he brought with him, so he kept waiting to reap the benefits.

"Damn it, the reason why you didn't leave was because you were waiting here? You are so calculating..."

Dong Jiahao couldn't help but cursed.

Ning Zhi ignored Dong Jiahao, but looked at Chen Ping and said: "Chen Ping, a storage ring, in exchange for your lives, I feel it is worth it."

Chen Ping smiled lightly: "Why do I feel so worthless?"

Ning Zhi was stunned: "Why, do you think Guo Wei and the others don't dare to kill you?"

"It's not that you don't dare, it's that you can't kill me at all. Your wishful thinking was wrong!"

Chen Ping smiled coldly, then waved his palm, and a golden light directly enveloped him.

Then Chen Ping jumped into the underground river without hesitation, then revealed his head and said: "This underground river must lead to the outside. I don't have to go out from the entrance of the ancient tomb, so it's not that easy for them to intercept me... .."

After saying that, Chen Ping's body sank directly to the bottom of the river and disappeared without a trace!

Seeing Chen Ping disappearing, Ning Zhi's eyes narrowed, greed flashing in his eyes. He didn't expect that Chen Ping had already thought of a way out.

"Let's go..." Ning Zhi could only leave with the hunchbacked old man.

Dong Jiahao and the others also returned the same way.

Chen Ping swam along the underground river for a long time before his head emerged.

At this time, Chen Ping was already in a pool at the foot of the mountain. After landing, the golden light on Chen Ping's body disappeared, and his clothes were still dry.

“Didn't you expect it to come out so far in one breath?”

Chen Ping looked at the tall buildings in the distance and found that this place was a hundred miles away from Kyoto.

Without any delay, Chen Ping headed towards Kyoto.

Although this trial was short, Chen Ping gained a lot. A storage ring and a map of the Nine Thousand Miles of Mountains and Rivers were all priceless treasures.

Especially the Nine Thousand Miles of Mountains and Rivers Map, which Chen Ping happened to use for practice. With Chen Ping's current strength, practicing requires a lot of spiritual energy. Now, the Ninety Thousand Miles of Mountains and Rivers Map happens to have rich spiritual energy for Chen Ping to practice.

At the entrance of the ancient tomb on the other side, Guo Wei was waiting for Chen Ping to come out with a group of people from sect families.

Chapter: 1438

Long Xiao was sent back to the Long family because of his serious injuries, while Guo Wei vowed to wait until Chen Ping. If he didn't avenge this revenge, how could he still hold the title of director of the Martial Arts Alliance?

But after waiting for a long time, Chen Ping never came out. Instead, Dong Jiahao, Ning Zhi and Zhao Chuang came out.

Seeing these people come out, but there was no sign of Chen Ping, Guo Wei stopped Dong Jiahao and the others and asked, "Where is Chen Ping?"

"How do I know about Chen Ping? If you want to know, go in and find it yourself!"

Dong Jiahao rolled his eyes at Guo Wei with disdain on his face.

Guo Wei was angry, but he did not attack Dong Jiahao, but endured it.

"Mr. Ning, do you know why Chen Ping didn't come out with you?"

Guo Wei looked at Ning Zhi and asked politely.

"I don't know!" After Ning Zhi finished speaking, he left with the hunchbacked old man.

It's not that Ning Zhi helped Chen Ping, but that he didn't want people like Guo Wei to find Chen Ping, because Ning Zhi still wanted to get some of Chen Ping's treasures.

Especially the storage ring, Ning Zhi fell in love with it at first sight.

Seeing that neither Dong Jiahao nor Ning Zhi said anything, Guo Wei turned his attention to Zhao Chuang.

Seeing Guo Wei looking at him, Zhao Chuang hurriedly waved his hands and said, "I don't know anything, don't ask me."

Guo Wei's eyes narrowed, and he stretched out his hand to grab Zhao Chuang's collar: "How could you not know."

“What do you want to do? If you want to hit me, I will have someone report it. The director of the Kyoto Martial Arts Alliance beats a child...”

Zhao Chuang threatened Guo Wei.

When Guo Wei heard what Zhao Chuang said, he almost laughed out loud. Zhao Chuang was already in his twenties, but he still said he was a child.

But looking at the people from the sect families around him, Guo Wei could only let go of his hand and yelled at Zhao Chuang: “Get out of here...”

Zhao Chuang quickly left with his people, while Guo Wei continued to guard the entrance to the ancient tomb.

After Chen Ping rushed back to Kyoto, he went directly to the Dharma Protector Pavilion. For Chen Ping, the Dharma Protector Pavilion was the only safe place in Kyoto.

Zhao Wuji was a little surprised to see that Chen Ping came back so quickly. After all, every trial lasted at least seven or eight days, but Chen Ping came back after only one day had passed.

“Mr. Chen, what happened? Were you kicked out of the trial?”

Zhao Wuji asked hurriedly.

Chen Ping came back so quickly. From Zhao Wuji’s point of view, he thought it was Guo Wei who made excuses to drive Chen Ping back.

Chapter: 1439

“No, the trial is over!”

Chen Ping shook his head.

“Is it over?” Zhao Wuji was stunned: “Is it so soon?”

Chen Ping took a sip of water, and then told Zhao Wuji what happened in the ancient tomb. Zhao Wuji’s eyes widened when he heard it, and he could swallow an egg in his mouth.

“Mr. Chen, you...you beat Director Guo?”

Zhao Wuji said with shock on his face.

“Then Guo Wei obviously favors the Long family and robs me of my things. Of course I will beat him.”

Chen Ping said nonchalantly.

“It’s broken, it’s broken. I’m going to go talk to Mr. Shi about this. These guys from the Martial Arts Alliance are all idiots. If you beat Guo Wei this time, he will definitely not let it go.”

Zhao Wuji looked nervous, and then left. He wanted to report to Mr. Shi.

Now Chen Ping cannot be saved by relying on the name of the Protector Pavilion alone. Only Mr. Shi can speak out.

Seeing that Zhao Wuji was so anxious, Chen Ping was a little moved.

Zhao Wuji walked back, and Chen Ping went to his room to rest directly. He didn’t care about beating Guo Wei and Long Xiao.

.....

Long family!

Long Jingguo looked at Long Xiao, who was almost disfigured, with heart-wrenching pain in his heart.

“Is this how you protect the eldest young master?”

Long Jingguo glared at Long Xingxu and the two Long family martial arts masters and shouted.

“Master, in the situation at that time, we lost all our strength. We were no match for Chen Ping. I don’t know why, but the suppression array didn’t work on Chen Ping. Chen Ping’s power was not suppressed.”

Long Xingxu said with trembling all over.

Long Jingguo’s eyes narrowed slightly: “It seems that Chen Ping definitely inherited his father’s bloodline. Otherwise, how could such a thing happen?”

“Dad, who is this guy Chen Ping? Who is his father?”

Long Xiao asked Long Jingguo.

“Xiao’er, go and recuperate. There are some things that you will naturally understand after a while. When I know the secret about Chen Ping, our Long family will become the largest family in Kyoto, and you will also become a young man. The most outstanding person of our generation.”

Chapter: 1440

Long Jingguo patted Long Xiao’s shoulder gently.

Long Xiao nodded and turned to rest. Long Jingguo said to Long Xingxu: “You guys go down. Don’t tell anyone what happened today.”

Long Jingguo couldn’t afford to lose this man. His son was beaten and almost disfigured. It would be too embarrassing to tell anyone. But even if the Long family didn’t tell, there were so many sects and aristocratic families present at the time. It was impossible to hide it.

Long Xingxu also left, while Long Jingguo walked to the backyard, then opened a mechanism and walked in slowly.

Long Ruotong was imprisoned in the dark dungeon. She had been imprisoned here for more than 20 years, and all her skills were sealed. She could not escape from such a simple dungeon.

Seeing Long Jingguo coming, Long Ruotong slowly turned his head without even looking at Long Jingguo.

The two of them were brothers and sisters, but they ended up in this situation!

“My good sister, I didn’t expect that you would give birth to a very talented son who beat Xiaoer. I came here today to tell you that you will be able to meet your son soon. What else will you do then? If you don’t say anything, I will let you mother and son go to hell together...”

After Long Jingguo finished speaking, he reached out and took off a whip from the wall, and whipped Long Ruotong hard on the body.

Long Ruotong gritted her teeth and remained silent. She had suffered countless beatings over the years.

The more Long Ruotong behaves like this, the harder Long Jingguo hits him. He wants to unleash all the anger of Chen Ping who injured Long Xiao on Long Ruotong. At this moment, Long Jingguo has no intention of hurting Long Ruotong. Treat her like her own sister.

If it weren’t for the fact that Long Ruotong still had secrets that he wanted to know, Long Jingguo would have killed Long Ruotong long ago.

Kyoto Dharma Protector Pavilion!

Chen Ping locked himself in the room. He had already opened the Nine Thousand Miles of Mountains and Rivers, and a stream of spiritual consciousness came out, making him feel as if he was in the scene in the painting.

As the Heart Condensation Technique was running, a large amount of spiritual energy continued to gather into Chen Ping's body. On top of Chen Ping's head, the gathered spiritual energy formed a vortex.

While Chen Ping was practicing, two people came to the Dharma Protector Pavilion in Kyoto. They were Su Yuqi and Gu Ling'er who were recuperating in Medicine God Valley.

Xiaolan and Wu Meier stayed in Yaoshen Valley to accompany Long Wu.

Zhao Wuji met Su Yuqi and Gu Ling'er, and when he saw the two people coming to find Chen Ping, he hurriedly sent someone to call Chen Ping.

Feeling the auras of Su Yuqi and Gu Ling'er, Zhao Wuji was filled with surprise. He could feel that the strength of these two girls was already above his.

He still remembered the first time he went to Chen Ping and saw Su Yuqi and Gu Ling'er. Su Yuqi was just an ordinary person and Gu Ling'er was just a little martial artist. But just a few months later, the two girls' strength actually surpassed him.

Zhao Wuji couldn't understand why, even if Chen Ping was a monster, the women around Chen Ping were so powerful and how fast they were practicing.

Soon, Chen Ping was called. Seeing Su Yuqi and Gu Ling'er coming, Chen Ping was surprised and excited.

"Why are you two here? Are you feeling well?"

Chen Ping asked Su Yuqi and Gu Ling'er.
