

## **The Order 1621**

Chapter: 1621

“Fart!” Long Jingguo cursed angrily: “If I want to kill Chen Ping, why do I need the killers of the Watanabe family? Don’t we have anyone in the Long family? Only Zhu Zhishan and the others, for the sake of a bullshit reputation, so To do such a thing...”

However, despite the criticism, Long Jingguo was still worried that such rumors would make the official focus on him.

After all, this kind of thing is no joke. If you are caught with evidence, you may be killed!

“You make a statement on behalf of our Long family on the martial arts forum, severely condemning the collusion with the island nation’s killers, and send someone to inquire about Chen Ping’s movements. Once you know his whereabouts, let the news out...”

Long Jingguo continued to speak to Long Xingxu.

If those island killers could really kill Chen Ping, Long Jingguo wouldn’t have to send people to do it himself. The last time he sent a few guardians, there was no news after that. They were obviously killed by Chen Ping.

“Yes!” Long Xingxu nodded.

“Go get my tiger tendon whip...”

Long Jingguo ordered.

Long Xingxu nodded. He knew that Long Jingguo wanted the tiger tendon whip and he must be venting his anger on Long Ruotong.

Chen Ping is Long Ruotong's son, and now that Chen Ping has beaten Long Xiao like this, Long Jingguo can only vent his anger on his sister.

Soon, Long Xingxu took the tiger tendon whip and followed Long Jingguo to the Long family's dungeon!

In the dim dungeon, Long Ruotong sat blankly inside. If it weren't for Chen Ping's concern deep in her heart, she might not have been able to persist for so many years.

She didn't want to die, and she never saw her son!

This is why Butler Long took the risk and told Long Ruotong the news about Chen Ping. He just hoped that Long Ruotong could persevere.

As long as you persist there is hope...

The door of the dungeon was opened, and Long Jingguo walked in slowly. Long Xingxu followed behind him with a tiger tendon whip, not daring to look directly at Long Ruotong!

Long Ruotong was imprisoned here. Very few people in the entire Long family knew about it. Long Xingxu was the younger generation of the Long family and the only one who knew about it. Even Long Xiao didn't know that his own aunt was imprisoned here. Inside the dungeon.

Outsiders are even less aware of the Long family's affairs. After all, this kind of thing is not a glorious thing.

Poisoning his biological father and imprisoning his own sister were behaviors that would be insulted and ridiculed by others, so Long Jingguo kept it secret.

Of course, there is another reason for concealing it, and that is the secret he has always wanted to know. As for what this secret is, Long Xingxu doesn't know it. It is estimated that only Long Jingguo and Long Ruotong know it.

Seeing Long Jingguo coming with the tiger tendon whip, Long Ruotong immediately understood something and stood up slowly, his face full of indifference!

Over the past twenty years, she has gone through everything she should have experienced, and nothing has changed her!

Seeing Long Ruotong's indifferent look, Long Jingguo became even more angry. He took the tiger tendon whip and whipped Long Ruotong's body hard.

Chapter: 1622

A bloody wound appeared instantly, which was shocking.

However, the expression on Long Ruotong's face did not change at all, and he did not even frown, as if the whip was not hitting him.

"Your damn bastard son has grown up and actually injured Xiao'er. I will catch him sooner or later and reunite you mother and son..."

Long Jingguo gritted his teeth and whipped hard with the tiger tendon whip in his hand!

When she heard Long Jingguo mention her son, Long Ruotong's face changed slightly. She wanted to ask how her son was doing.

But in the end she still didn't open her mouth, knowing that even if she asked, she wouldn't get anything from Long Jingguo's mouth.

Long Jingguo beat Long Ruotong to vent his anger, while Long Xingxu took out his mobile phone and secretly recorded the video!

Long Xingxu's forehead was covered with cold sweat and his hands were shaking slightly. He was risking his life. If Long Jingguo knew that he was recording, he would definitely kill him on the spot.

However, Long Xingxu took the risk and secretly recorded the video. He had his own plan for doing so.

If he could quietly take away Long Jing's position as the leader of the country by relying on his strength, Long Xingxu knew that it would be very difficult, and he might not have a chance in his lifetime!

So he needs helpers, people who can help him kill Long Jingguo and his son.

After Long Jingguo beat Long Ruotong hard, he took a breath, threw the tiger tendon whip to Long Xingxu, and walked out of the dungeon.

Long Xingxu also hurriedly followed out.

Long Ruotong, who was covered in scars, slowly sat down. These injuries would take a long time to heal.

Here, all of Long Ruotong's strengths are limited, and he is just an ordinary person. It will take a long time to heal from all these injuries...

After walking out of the dungeon, Long Xingxu left, but as soon as he walked out of Long's house, he sent the recorded video.

He recorded this video to send it to Chen Ping. Only in this way will he anger Chen Ping even more and make Chen Ping follow Long Jingguo and his son to death. It would be best if he could kill Long Jingguo and his son!

However, Long Xingxu didn't know Chen Ping's contact information, so he sent this video to Long Wu. After all, Long Wu used to be a member of the Long family, and he also knew Chen Ping from his followers.

Long Xingxu knew that Long Wu would definitely be able to contact Chen Ping. When Chen Ping saw this video, he would be furious!

However, by doing this, Long Xingxu also took a huge risk. If this video reached Long Jingguo's eyes, he would know without guessing that this video must have been recorded by Long Xingxu.

But risks and opportunities are equal, and Long Xingxu can't wait any longer...

At this time, Long Wu, who was hundreds of miles away, was taking a walk in the Medicine God Valley. During the time he was cultivating here, Long Wu completely fell in love with it.

The air here is good, the scenery is beautiful, and there are many ordinary people living ordinary lives.

There is no intrigue, no fighting, no bloodshed here, it is simply a paradise!

Chapter: 1623

Long Wu was walking when his phone suddenly rang, so he took out his phone and looked at it with a strange expression on his face.

During the time he was in Medicine God Valley, no one contacted him!

"Uncle Long, who sent you the message? Is it a spam message?"

Wu Meier asked from the side.

During this period of time, she had been walking with Long Wu. After all, Wu Meier didn't need to practice, and Xiaolan practiced hard every day. In the entire Medicine God Valley, whenever Xu Changsheng and the others developed any good elixirs, Xiaolan would be the first. Come and eat if you go!

Xu Changsheng and the others had nothing to do with Xiaolan. In their eyes, Xiaolan was Chen Ping's woman, and Chen Ping was the valley master, so Xiaolan was naturally the wife of the master of the Medicine God Valley!

"Who knows..."

Long Wu said and opened the message.

When the video popped up, Long Wu was stunned.

When he looked at the picture, Long Ruotong was being beaten severely, his body could not help but tremble, and the anger in his eyes rose.

If Long Wu hadn't lost his strength now, he would kill the Long family without hesitation!

Even if you risk your own life, you have to have a good time in the Long family!

"Uncle Long, what's wrong?"

Wu Meier saw something was wrong with Long Wu's expression and asked quickly.

“Oh it’s all right……”

Long Wu hurriedly put away his cell phone.

He didn’t want others to know, let alone Chen Ping. If Chen Ping found out, he would definitely be furious and kill the Long family regardless of the consequences. Even if Chen Ping had three heads and six arms, he would not be able to escape from the Long family!

The Long family has a profound foundation. Those few elders are all at the peak of the martial arts, not to mention Long Jingguo himself. No one knows what strength Long Jingguo has reached now.

Wu Mei’er looked at Long Wu strangely, but she didn’t ask any more questions. Instead, she stepped forward and gently supported the trembling Long Wu!

At this moment, Chen Ping, who was practicing in seclusion in the room, suddenly opened his eyes. Chen Ping’s forehead was covered with cold sweat!

He was soaked all over. This had never happened to him when he was practicing!

I don’t know why, but at this moment, Chen Ping felt that his heart was tightly clenched together, as if being pulled by something!

“How is this going?”

Chen Ping frowned and looked a little bad!

Chapter: 1624

He wanted to immerse himself in cultivation, but he couldn’t calm down anymore.

Chen Ping stood up slowly and walked out of the room. He wanted to calm down.

At the same time, at the mouth of the Medicine God Valley, Yu Dong was leading people to guard the mouth of the valley.

A man wearing Taoist robes and walking as fast as flying approached quickly!

“Who is this? This is Medicine God Valley, outsiders are not allowed to enter...”

Seeing the person coming, Yu Dong shouted loudly and stopped!

“I am Master Dingchan, and I have come to Medicine God Valley to seek medical advice...”

The person who came was none other than Long Xiao’s master, Master Dingchan. In order for Long Xiao to recover as soon as possible, he had no choice but to come to the Medicine God Valley in person.

Upon hearing that it was Master Dingchan, Yu Dong immediately became extremely respectful.

“It turns out to be Master Dingchan. Please wait a moment. I’ll call the elder out right away...”

After Yu Dong finished speaking, he hurriedly turned around and ran towards the Medicine God Valley.

Master Dingchan found a big rock to sit down and rest!

Along the way, Master Dingchan never stopped for the sake of speed.

It can be seen that he cares about Long Xiao very much and almost treats Long Xiao as his own son.

Soon, Xu Changsheng hurried over. After seeing Master Dingchan, he hurriedly stepped forward and said, "Master Dingchan, if you need anything, why bother running there by yourself? Tell your servants to inform you, and I will send it directly to Master Dingchan." "

Master Dingchan chuckled, feeling very happy about Xu Changsheng's attitude.

"Elder Xu, one of my disciples was seriously injured and his bones were shattered, so I came here specially to hope that your Medicine God Valley has some miraculous medicine to help my disciple recover..."

Master Dingchan asked.

"The injury is so serious?" Xu Changsheng was slightly startled, but then said: "But there is no way to treat it. All you need is to use black jade intermittent ointment. In less than ten days, Master Dingchan's disciple will definitely be safe... .."

"Really?" Master Dingchan was overjoyed: "In that case, please ask Elder Xu to help me get some black jade intermittent ointment. As for the price, Elder Xu can ask for whatever he wants."

"Master Dingchan, this is not a matter of money, because only our Valley Master can refine this black jade intermittent paste, so it will take some time."

Xu Changsheng explained.

"Then please Elder Xu, please go and explain to your Valley Master as soon as possible. If my disciple can really be cured this time, not only will I owe you the favor of Medicine God Valley, I believe the Long family will also be very grateful to you."

Master Dingchan said.

Chapter: 1625

But as soon as Master Dingchan finished speaking, Xu Changsheng's expression suddenly changed.

"The person Master Dingchan wants to treat cannot be Long Xiao from the Long family, right?"

Xu Changsheng asked.

"Yes, that Long Xiao is my disciple. In this competition, he was seriously injured by Chen Ping, so he needs your help from Yao Shen Valley. But I know that your Yao Shen Valley follows Chen Ping. It seems to have some relationship..."

Master Dingchan said calmly and admitted directly.

"If that's the case, then I'm sorry. Master Dingchan, please come back..."

After Xu Changsheng finished speaking, he turned around and headed towards Medicine God Valley.

This time, Master Dingchan was stunned, and then an aura burst out from his body, and then he directly blocked Xu Changsheng's way.

"Elder Xu, what do you mean?"

Master Dingchan asked with a cold face.

“We in Medicine God Valley will not treat anyone from the Long family, especially that Long Xiao...”

Xu Changsheng said expressionlessly.

“Why? Is it possible that you, Yao Shen Valley, are having trouble with the Long family? If there is any misunderstanding between Yao Shen Valley and the Long family, I can help you make peace with it and ask the Long family to apologize...”

Master Dingchan still doesn't understand why Xu Changsheng hates the Long family so much!

“Master Dingchan, there's no need to say any more. You'd better go back. We can't see Long Xiao's illness...”

Xu Changsheng's attitude was tough and there was no room for negotiation at all.

“What if I must let you see it?”

Master Dingchan's face turned cold, and then a violent aura enveloped Xu Changsheng.

Facing Master Dingchan, Xu Changsheng had no power to fight back, so he had no intention of struggling.

“Even if you kill me, or even kill all of us in Medicine God Valley, we will not treat Long Xiao...”

Xu Changsheng said calmly.

At this time, many people from Yaoshen Valley had already rushed out, all surrounding Master Dingchan.

Master Dingchan didn't panic at all, but stretched out his hand and jammed it directly on Xu Changsheng's neck.

"Believe it or not, I can send you to hell right now?"

Chapter: 1626

Master Dingchan's eyes were slightly focused, and his body was filled with murderous intent.

Xu Changsheng closed his eyes slightly and said nothing more.

Seeing this scene, Master Dingchan was so angry that he gritted his teeth and said, "I'm asking you again, do you want to treat Long Xiao?"

"Don't look!" Xu Changsheng said firmly.

"If you don't look, I will kill you..."

Master Dingchan's hand suddenly exerted force, causing Xu Changsheng to breathe rapidly and his face changed.

"Damn it, you dare to act wild in my Medicine God Valley..."

At this moment, a sharp sword energy suddenly struck and slashed directly at Master Dingyan's arm.

Master Dingchan was startled, let go of Xu Changsheng, and stepped back suddenly.

“Valley Master.....”

Seeing that Chen Ping was coming, everyone in Yaoshen Valley shouted in unison.

Master Dingchan frowned: “Are you the master of the Medicine God Valley?”

He didn’t expect that the owner of the Medicine God Valley would be so young, which was a bit beyond his expectation!

“You old guy, you have to have a begging attitude when asking for help. Are you relying on your own strength to deceive me into having no one in the Medicine God Valley?”

Chen Ping stared at Master Dingchan and said in a cold voice.

Master Dingchan gritted his teeth, but in the end he held back his anger. Instead, he cupped his fist towards Chen Ping and said: “Master of the Valley, I ask you people from the Medicine God Valley to save my apprentice. As long as you from the Medicine God Valley are willing to take action, the conditions are whatever you want.” You mention it!”

“Bah, even if you give me gold and silver, I won’t heal that Long Xiao. He was injured by me. Do you think I will go and heal him?”

Chen Ping smiled coldly.

Master Dingchan was stunned and looked at Chen Ping in disbelief: “You... are you Chen Ping?”

“Yes, I am Chen Ping!”

Chen Ping nodded.

At this time, Master Dingchan was even more confused. He never thought that Chen Ping would be the owner of the Medicine God Valley.

How can this be?

“How come you are the owner of Medicine God Valley?”

Chapter: 1627

Master Dingchan looked at Xu Changsheng. Although Master Dingchan had never met the master of the Medicine God Valley, he had dealt with Xu Changsheng.

“You don’t need to look at me, this is the real owner of our Medicine God Valley...”

Xu Changsheng pointed at Chen Pingdao.

Seeing what Xu Changsheng said, Master Dingchan couldn’t help but believe it, and looked at Chen Ping in disbelief.

He gritted his teeth at the end: “Boy, you hurt my apprentice. I will take revenge sooner or later. I can heal my apprentice’s injuries without you from Medicine God Valley...”

Master Dingchan glared at Chen Ping fiercely and left angrily.

After Master Dingchan left, Xu Changsheng said with some worry: “Valley Master, if you let this guy go, your whereabouts in Medicine God Valley will be exposed. Maybe someone will do harm to you...”

“The troops will cover up the water and the earth will cover up the water. What’s more, with our current strength, I’m afraid we won’t be able to keep this guy...”

Chen Ping could feel that this Master Dingyan was very powerful.

Xu Changsheng didn't say anything. He also knew that Chen Ping was right. Even if they all took action together in Medicine God Valley, they would have to pay a heavy price if they wanted to keep Master Dingyan.

"Chen Ping, what happened just now?"

At this time, Long Wu came over accompanied by Wu Meier.

Then Gu Linger and Xiaolan also came.

"Uncle Long, it was Long Xiao's master who came to Medicine God Valley to seek medical advice, but I drove him away..."

Chen Ping said truthfully.

"That Master Dingchan?" Long Wu's face was slightly startled: "It seems that hiding in the Medicine God Valley is not a long-term solution for you in the future. Why did you suddenly wake up while practicing in seclusion?"

"I don't know either!" Chen Ping shook his head blankly: "While practicing, I suddenly felt a heart-wrenching pain, and then my whole body felt bad. I wanted to calm down, but I couldn't calm down..."

When Long Wu heard this, he immediately thought of the video he had just received. Chen Ping must have had a heart-to-heart relationship between mother and son. His mother was severely beaten, and Chen Ping also felt it!

However, Long Wu did not show the video to Chen Ping. With Chen Ping's current strength, it is not enough to compete with the Long family. However, with Chen Ping's character, if he saw his mother being beaten, he would definitely kill her regardless of life or death. From the Long family.

After Master Dingchan left, Yaoshen Valley became quiet again. Chen Ping went back to retreat again, trying hard to calm down his mind.

Long Wu, on the other hand, was very worried. He locked himself in his room for several days and stopped taking walks.

Three days later!

Yao Shen Valley welcomes five uninvited guests!

Five island warriors holding samurai swords stood coldly at the entrance of Medicine God Valley.

Chapter: 1628

"That Chen Ping is actually hiding here, it's really hidden..."

Kawashima Koichi, the leader of the five island warriors, looked at the Medicine God Valley in front of him and said calmly.

"Brother, the environment here is beautiful, and there is a strong fragrance of medicine. I heard that there are a lot of elixirs here. Now we can make a fortune."

Kawashima Hiroji chuckled.

Kawashima Hiro nodded: "We five brothers, this trip is worth it. If there are any good things later, just take them."

"Hahaha, I want to see if there are any beautiful flower girls here..."

Kawashima Hirozo's eyes shone brightly, and in his eyes there were only women.

Soon, the terrifying auras of the five people enveloped the Medicine God Valley for an instant.

After Xu Changsheng, who was refining the elixir, felt this aura, his expression suddenly changed, and he led the people towards the entrance of the valley.

Gu Ling'er and Xiaolan, who were practicing kung fu, also immediately flashed their bodies and rushed towards the mouth of the valley!

The terror of these auras made all of their faces change drastically?!

"Who are you? This is the Medicine God Valley, outsiders are not allowed to enter..."

At the mouth of the Medicine God Valley, two Medicine God Valley disciples stopped the five island warriors.

"idiot....."

Kawashima Koji stepped forward and cursed angrily, and then the katana came out of his body!

I saw a flash of cold light.

The two Medicine God Valley disciples didn't even have time to react. There was a thin trace of blood on their necks, and they fell to the ground immediately.

The five warriors stepped into the Medicine God Valley, but Xu Changsheng and his men soon arrived and blocked the way of the five people!

Looking at the two Medicine God Valley disciples who died tragically at the door, Xu Changsheng frowned and asked with cold eyes: "Who are you? Breaking into my Medicine God Valley without permission and killing my Medicine God Valley disciples?"

Kawashima Hiro glanced at Xu Changsheng, and then asked: "Is Chen Ping here? Tell him to get out..."

Seeing Kawashima Hong looking for Chen Ping as soon as they met, Xu Changsheng seemed to have guessed the identities of these people.

Wearing an island warrior uniform, holding a samurai sword, and looking for Chen Ping as soon as they met, he must be a killer from the island country who killed Chen Ping.

"Our valley owner is not here, what business do you have with him?"

Xu Changsheng asked pretending to be confused.

Chapter: 1629

"Stop fucking pretentious..."

When Kawashima Hong saw Xu Changsheng saying that Chen Ping was not here, he waved out his palm, followed by a huge wave of energy.

Xu Changsheng's expression changed, and he hurriedly resisted, but after all, there was a huge gap in strength. Kawashima Hongichi's palm directly sent Xu Changsheng's body flying backwards.

Seeing this, everyone in Medicine God Valley hurriedly surrounded all five people.

But the five people didn't panic at all, and even had a bit of sneer on their faces!

"Elder Xu..."

At this time Gu Linger and Xiaolan also arrived.

Seeing the sudden appearance of Gu Ling'er and Xiao Lan, Kawashima Hongzo's eyes instantly straightened.

"flower girl....."

Kawashima Hiromi almost cried out.

Gu Ling'er looked at the five island warriors, and she knew that these people must have come to kill Chen Ping.

So he glared at a few people: "You island nation wanderers, how dare you come to Daxia to run wild..."

"idiot....."

When Kawashima Hiroji heard Gu Ling'er call them ronin, he immediately became unhappy and his katana came out of his body!

“Second brother...” Kawashima Hirozo hurriedly stopped Kawashima Hiroji: “Be kind to little girls, and don’t use the knife. It would be such a waste to hurt their beautiful faces...”

“Lao San, if you continue like this, you will die of a woman sooner or later...”

Kawashima Hiroji glared at Kawashima Hirozo, and then put the knife back.

“Both of you, get out of here...”

Kawashima Hongichi said coldly.

Kawashima Hiroji and Kawashima Hirozo both retreated obediently, while Kawashima Hiroichi looked at Xu Changsheng: “You’d better let Chen Ping come out and die, to save me from attacking you...”

“Our valley owner is not here, he is not here...”

Xu Changsheng said in a deep voice.

“Huh, if you don’t eat the toast, you will be punished with alcohol...”

Kawashima Hongyi snorted, and then he flashed and was in front of Xu Changsheng in an instant.

Chapter: 1630

Kawashima Hongichi grabbed Xu Changsheng’s neck, and then lifted Xu Changsheng up.

The dignified elder of Medicine God Valley didn't even have the slightest resistance at this moment.

Xu Changsheng's face turned red and he felt suffocated.

"Let go of Elder Xu..."

When another elder saw this, he couldn't help but shouted angrily and walked towards Nakashima Hongichi.

"Hmph, how dare you yell at our eldest brother?"

Kawashima Hongji snorted coldly, and slapped the elder to death with a slap of his hand.

Blood splattered, which frightened everyone in the Medicine God Valley and changed their expressions!

You must know that these elders are all martial arts masters, but they were directly slapped to death, which shows the strength of these island warriors.

"Damn..."

Upon seeing this, Gu Ling'er took out a dagger that shone with cold light and stabbed Kawashima Hiroji fiercely.

Kawashima Hongji's face was full of disdain, and he didn't even look at Gu Ling'er!

"Second brother, I'll deal with this pretty girl..."

Kawashima Hirozo jumped up, and then struck Gu Ling'er's wrist with a palm!

Gu Ling'er only felt numbness on her wrist, and the dagger in her hand fell to the ground.

But then Gu Ling'er's spiritual power started to move, and he slapped Nakashima Hirozo on the shoulder!

Kawashima Hongzo didn't dodge or take any action, and was slapped on the shoulder by Gu Ling'er!

When this palm was slapped, Gu Ling'er felt as if it was slapped on a copper wall, causing a dull pain in his arm.

"It's not a good idea to use a knife or a gun for such a beautiful flower girl..."

Kawashima Hongzo stretched out his hand and grabbed Gu Ling'er.

Gu Ling'er was shocked and quickly retreated, avoiding Kawashima Hirozo.

"Third brother, you have to do business first. When you kill Chen Ping, you are playing with your woman..."

After Kawashima Hongyi finished speaking, he looked coldly at Xu Changsheng in his hand:  
"Now you just need to hand over Chen Ping, and I can promise not to embarrass you again. Otherwise, no one here will survive..."

Xu Changsheng shook his head: "Our Valley Master is not here, he is not here..."
