

## **The Order 1631**

Chapter: 1631

Kawashima Hiroshi frowned: "Are you really not afraid of death?"

Xu Changsheng said nothing, but it could be seen in his determined eyes that he was indeed not afraid of death!

"Hmph!" Kawashima Hongyi snorted coldly, knocked Xu Changsheng away with a palm, and then grabbed an ordinary disciple of Medicine God Valley: "I don't believe it, you people here are not afraid of death..."

"Let me ask you, where is that Chen Ping?"

Kawashima Hiroichi asked the ordinary disciple of Medicine God Valley.

"I...I don't know..."

The ordinary disciple of Medicine God Valley was so frightened that he almost peed when he felt Kawashima Hongichi's aura.

But he was afraid and did not reveal Chen Ping's location.

"Damn, it seems you don't want to live anymore..."

As soon as Kawashima Hong said it, he casually crushed the head of the ordinary disciple of Medicine God Valley.

When Kawashima Koichi's eyes swept over the others, everyone was so frightened that they backed away.

There is no way, in the face of absolute strength, they are like lambs to be slaughtered, without any room for resistance.

“Let me ask you, where is Chen Ping now? If any of you tell me, I can give him endless glory and wealth...”

Kawashima Hiroichi asked the many Medicine God Valley disciples.

It’s a pity that no one spoke and no one stood up!

This almost made Kawashima Koichi angry to death, so he waved his hand and a terrifying aura swept away.

Rumble.....

With just a wave of his hand, more than a dozen ordinary disciples from Medicine God Valley fell into a pool of blood!

“Remember, if none of you say anything, you will all die...”

Kawashima Koichi roared with a murderous look on his face.

Xu Changsheng looked at the corpses of Yaoshen Valley disciples all over the ground, and his expression became extremely complicated. He believed Kawashima Hongichi’s words. If Chen Ping was not handed over, these island warriors would definitely wash away Yaoshen Valley with blood.

“Brother, these guys are tough-talking, I have a way...”

Let’s talk, Kawashima Hiroji jumped into the depths of the Medicine God Valley!

Then there were bursts of screams and cries, and soon Kawashima Hiroji came back, holding two children in his hands.

Chapter: 1632

The two children cried loudly in Kawashima Hiroshi's doll.

"Let my child go, let my child go..."

At this time, a middle-aged woman with disheveled hair ran over. She didn't care whether Kawashima Hongji was a martial artist or not. This middle-aged woman was just an ordinary person. She couldn't watch her child being taken away!

The middle-aged woman ran to Kawashima Hiroji and tried to snatch the child away!

But she was not as strong as Kawashima Hiroji. In the end, the middle-aged woman bit Kawashima Hiroji's arm fiercely.

As the saying goes, women are weak by nature, but mothers are strong!

Someone wanted to snatch her child away, but of course the middle-aged woman refused, so she unleashed the craziest force!

This bite instantly left a bloody mark on Kawashima Hiroji's arm!

Kawashima Hongji was furious when he saw this, and kicked out, directly kicking the middle-aged woman away.

Seeing this, Gu Ling'er and Xiaolan hurriedly stepped forward to catch the middle-aged woman. Unfortunately, the middle-aged woman was just an ordinary person and could not withstand Kawashima Hongji's kick.

I saw bleeding from the mouth and nose of the middle-aged woman, her eyes were wide open, and she had stopped breathing for a long time.

Seeing this, Xu Changsheng's eyes instantly filled with anger: "Let these two children go, they are just ordinary people, not martial arts practitioners. It is too despicable for you to do this."

There are many ordinary people living in Yaoshen Valley. Just now, Kawashima Hongji broke into the place where ordinary people lived, and then captured two children!

"Mommy mommy....."

The two children were crying loudly and kept calling mother!

It's a pity that they don't know at this moment that their mother will never come back to them again.

Kawashima Hongji's actions completely aroused the anger of all the disciples of Yaoshen Valley.

At this moment, there was no fear in their hearts, only endless anger and murderous intent!

All the disciples of Medicine God Valley took a few steps forward and tightly surrounded the five island warriors. Endless murderous aura enveloped the five island warriors.

"Hand over Chen Ping, and I can release these two children, otherwise I will crush them into pulp..."

Kawashima Hiroji is not afraid at all. Even if he arouses everyone's anger, he has nothing to be afraid of. This is a sign of strength.

Xu Changsheng looked at the two crying children. Although he was angry, there was nothing he could do. He was in a dilemma!

"I'll give you three seconds to think about it."

Kawashima Hongji said, and started counting.

Chapter: 1633

“three”

“two”

Xu Changsheng’s forehead was covered with cold sweat. This was the most difficult decision he had ever made. Should he save the two children and hand Chen Ping over, or should he save Chen Ping with the lives of everyone in the valley?

“one”

After saying that, Kawashima Hongji directly lifted the two children up. Now as soon as he lets go, the two children will be thrown to death.

“stop.....”

At this critical moment, Long Wu arrived.

“Mr. Long...”

Seeing Long Wu, Xu Changsheng hurriedly greeted him.

Kawashima Hongichi looked at Long Wu: “Who are you?”

Long Wu ignored him, but looked at the child in Kawashima Hiroshi’s hand, and said to Long Wu: “Go and call Chen Ping...”

“Mr. Long? If the Valley Master comes, he can...”

Xu Changsheng looked at the five island warriors. He was afraid that Chen Ping was no match for them.

After all, these are five eighth-grade martial arts sects, and among them, Kawashima Koichi's strength has reached the peak of martial arts sects.

"Go and call him, otherwise if he finds out, he will be in trouble all his life..."

Long Wu knew Chen Ping. If Chen Ping knew that he had sacrificed so many people, including his children, in order to save himself, Chen Ping would definitely blame himself for the rest of his life.

Seeing this, Xu Changsheng could only nod his head, and then went to call Chen Ping.

"We're going to call Chen Ping. You can put the child down..."

Long Wu looked at Kawashima Hongji and said.

"When I see Chen Ping, I will naturally let them go..."

Kawashima Hongji smiled coldly.

Now, all we can do is wait for Chen Ping to arrive.

Xu Changsheng quickly arrived at Chen Ping's room. At this time, Chen Ping was sitting cross-legged, his spiritual consciousness entering the Nine Thousand Miles of Mountains and Rivers Map to practice!

"Valley Master..."

Chapter: 1634

Xu Changsheng pushed Chen Ping gently.

Chen Ping's consciousness returned instantly, and he opened his eyes and saw that it was Xu Changsheng. Chen Ping asked in surprise: "Elder Xu, what's wrong?"

Chen Ping knew that if Xu Changsheng had nothing urgent to do, he would not easily wake him up from his practice.

"Valley Master, the killers from the island country have found this place and are now in the valley, killing them wantonly..."

Xu Changsheng said with a look of sadness and anger.

When Chen Ping heard this, his whole body instantly turned into a stream of light and rushed out.

Xu Changsheng followed closely behind.

When Chen Ping arrived, he looked at the corpses on the ground and the two children in Nakashima Hiroshi's hands, with blazing anger in his eyes.

"I am Chen Ping. It is me you want to kill. Let the child go..."

Chen Ping looked at Kawashima Hongji coldly and said in a cold voice.

Kawashima Hongichi looked at Chen Ping, and then smiled faintly: "You finally showed up, I thought you were always going to be a coward."

"Second brother, you are really clever. You used this method to directly force Chen Ping out."

Kawashima Hirozo chuckled.

“Of course. Do you think I, like you, only have eyes for women? You have to know how to use your brain.”

Kawashima Hiroji said with a proud look on his face.

“Mommy mommy.....”

The two children struggled in Kawashima Hongji’s hands and screamed.

“Hahaha, I will send you to find your mother right now...”

After Kawashima Hongji finished speaking, he threw the two children out directly.

When Chen Ping saw this, he jumped up and caught the two children tightly.

However, when the two children arrived in Chen Ping’s hands, they no longer cried and had no breath of life. Chen Ping hurriedly used two spiritual powers to save the two children, but he found that Kawashima Hongji had already used all his strength to save the two children. The two children’s internal organs were shattered.

Chen Ping slowly put down the two children and gritted his teeth as he looked at the five island warriors in front of him.

“You deserve to die, all you islanders deserve to die...”

The murderous aura in Chen Ping rose up, and then filled the entire Medicine God Valley!

Chapter: 1635

When the other Medicine God Valley disciples saw that the other party had killed two children, they were all furious and stared at the five island warriors with red eyes.

They now wanted to rush forward and devour these five people alive.

“You don’t have to be so angry, because soon, like these two children, you will go to see the King of Hell.”

Kawashima Hiroshi smiled coldly.

Killing two children is a normal thing for them.

Xu Changsheng picked up the two children with trembling hands, tears like a river bursting its banks.

Gu Ling’er and the other girls were all crying, and their bodies burst out with anger.

“All the disciples of Medicine God Valley listen to the order and kill these five beasts. Even if it costs the lives of all the disciples of Medicine God Valley, we will never let these five beasts leave...”

Xu Changsheng looked up to the sky and ordered loudly.

“Kill these five beasts.”

“Kill these five beasts.”

.....

All the disciples of Yaoshen Valley shouted angrily. At this moment, they did not have the slightest fear. Even if they died, they would never take a step back.

“Hahaha, with you ants, it would be so easy to kill you...”

Kawashima Koichi burst out laughing.

In their eyes, the people of Medicine God Valley are nothing more than ants and do not pose any threat at all.

“Everyone, please stay back. I can handle them all by myself. Today, there are five beasts and none of them can leave...”

Chen Ping slowly clenched his fists and ordered loudly.

He knew that these people were massacred when they rushed forward. The huge gap in strength could not be made up by the number of people.

“Valley Master...”

Xu Changsheng didn’t understand why Chen Ping wanted to do it alone. He knew that the strength of the five opponents was not low.

“Back off...”

Chen Ping shouted an order again.

Seeing this, Xu Changsheng could only retreat with the disciples of Medicine God Valley.

Chapter: 1636

“Chen Ping...”

Gu Ling’er and Xiao Lan stepped forward, they were worried about Chen Ping.

“You guys should stay back, I’ll be fine.”

Chen Ping gave the two men a firm and confident look.

“You two listen to Chen Ping and come back!”

Long Wu also spoke at this moment.

Long Wu believed in Chen Ping because he felt an unprecedented aura from Chen Ping.

Gu Linger and Xiaolan also retreated, leaving Chen Ping alone facing the five island warriors.

“Boy, you are really interesting. You dare to challenge us alone. I will take your head to collect the reward today.”

Kawashima Koichi sneered.

Immediately afterwards, a terrifying aura erupted from Kawashima Koichi’s body. In an instant, strong winds rose, and a huge pit appeared at Kawashima Koichi’s feet, as if a huge explosion had occurred.

Chen Ping looked at Kawashima Koichi, and the aura on his body exploded instantly!

boom!

An extremely tyrannical pressure filled Chen Ping’s body, directly crushing Kawashima Hongichi’s aura and making him unable to resist!

The two auras were constantly colliding, but when Kawashima Hongichi’s aura came into contact with Chen Ping’s pressure, it was like a mouse meeting a cat, without any resistance!

Kawashima Hiroichi’s expression changed, and then his body flew out directly.

The huge force caused Kawashima Koichi's body to hit the mountain hard, causing the rocks to crack and rocks to fly everywhere!

Kawashima Koichi's mouth was dripping with blood, and he looked very embarrassed!

But Chen Ping's eyes were cold and murderous!

“this.....”

When several other warriors saw this, they all opened their mouths in shock.

They couldn't believe that Chen Ping had such strength and caused Kawashima Hiroichi to suffer a big loss as soon as he made a move.

Everyone in Yaoshen Valley was also surprised. None of them expected that Chen Ping's strength would improve so quickly!

“Chen Ping, your strength has increased a lot...”

Chapter: 1637

Long Wu said with a pleased expression.

“The peak of Wuzong is no longer my opponent...”

Chen Ping nodded towards Long Wu.

“Hahaha, these five unlucky guys can't escape today.”

After hearing this, Long Wu burst out laughing.

Chen Ping looked at the five island warriors coldly, took a step forward and said: "Today I will make life worse than death for the five of you..."

At this moment, all the island warriors put aside their contempt, their faces full of solemnity!

They underestimated Chen Ping's strength from the beginning. Even at the peak of Wu Zong, Chen Ping was no match for him. It seemed that the five of them should be cautious.

Nakashima Hiroichi came back in a state of embarrassment and looked at Chen Ping coldly: "Boy, the five of us put together can't compare to a peak martial artist."

"In my eyes, you are just stinky shit. You are not even worthy of being a warrior..."

After Chen Ping finished speaking, golden light flashed across his body, and then layers of scales wrapped around Chen Ping's body. His unparalleled body glowed with dazzling light under the sunlight.

"The Valley Master's indestructible golden body is becoming more and more domineering..."

Looking at Chen Ping, Xu Changsheng said slowly.

"Baga, you must die today, all of you must die..."

Kawashima Hiroshi shouted angrily, followed by a terrifying aura emanating from his body.

In an instant, streams of mist began to rise above Kawashima Koichi's head, followed by a shrill scream.

Kawashima Koichi's body disappeared in the mist in an instant, and then he was in front of Chen Ping and punched Chen Ping.

"Huh, what a small trick..."

Chen Ping punched him forward, and his immortal golden body allowed him to ignore Kawashima Koichi's attack!

boom!

The two punches collided, and after an explosion, Kawashima Koichi's terrifying aura was instantly defeated!

Immediately afterwards, Kawashima Koichi's arm strangely bent toward the back, and the thick white bones were exposed through the skin.

This time, Kawashima Hiroichi was startled, followed by a dangerous aura that instantly made the hair on his body stand on end.

"withdraw....."

Chapter: 1638

Kawashima Hongichi quickly retreated.

Among the five of them, only he was the strongest, but even though he was close to the peak of Wuzong, he had no chance of winning in front of Chen Ping!

"None of you can even think about leaving..."

After Chen Ping finished speaking, he jumped up and then slapped down with his palm.

A bright golden light flashed in the sky, and Chen Ping's palm directly enveloped Kawashima Hongichi.

When Kawashima Hiroshi saw this, he gritted his teeth and used his other hand to punch upwards with a terrifying force!

But after this energy touched the golden light shot by Chen Ping's palm, it disappeared without a trace in an instant.

Bang!

A large pit instantly formed on the ground, and Kawashima Hiro's entire body was slapped into the pit.

At this time, the other hurried warriors were dumbfounded, and they all looked at Kawashima Koichi who had already been embedded in the ground in shock.

None of them expected that the mission that was supposed to be a sure thing would now turn out like this.

"Brother..."

The remaining warriors shouted.

"Stop crying like a wolf. He is not dead. I won't let you die so happily."

Chen Ping said gloomily.

These beasts don't even spare their children. How could Chen Ping let them die so easily?

Just as Chen Ping finished speaking, Kawashima Hiroichi raised his head slightly. Although he was not dead, he was also seriously injured!

"You go away quickly, go back to the country immediately, and report this matter to the head of the family..."

Kawashima Koichi tried his best and said to the remaining four samurai.

When the four samurai heard this, they completely ignored Kawashima Koichi and turned around to run away!

“You can’t run away...”

After Chen Ping finished speaking, the golden light on his body became more and more intense, and he activated the magic formula, and the formations were driven into the ground one after another!

The remaining four samurai were quickly wrapped up. The four island warriors seemed to be in a dead end and found that they could not escape no matter how they ran.

When the four people saw this, they could only jump up in an instant, and then joined forces to move towards Chen Ping.

Chapter: 1639

The sky was filled with light, and the four men drew out their samurai swords. The thick blades swung at Chen Ping again and again.

“snort.....”

Chen Ping snorted coldly, but did not dodge or dodge. Even though the blade hit his body, bursts of fire shot out, but Chen Ping’s body was not injured at all.

These island warriors were unable to break through Chen Ping’s body. Chen Ping’s powerful body collided directly with several island warriors.

When several island warriors saw this, their faces showed horror. Then bursts of mist emitted from everyone’s body. As the fog rose, the bodies of several island warriors disappeared in an instant.

“Valley Master, be careful, these are ninjutsu...”

When Xu Changsheng saw this, he hurriedly shouted to Chen Ping.

The island warriors are very famous for their ninjutsu. A high-level island warrior can completely rely on ninjutsu to disappear without a trace and no one can find him.

Chen Ping knew that these people couldn't escape from the magic circle he set up. Although they were missing, they were definitely nearby!

Chen Ping waved his hand, and the Dragon-Slaying Sword appeared in his hand.

Chen Ping held the Dragon-Slaying Sword and used the Nine Shadows Sword Technique. Soon four identical Chen Pings appeared, and each Chen Ping occupied a position.

The dragon-slaying sword in his hand was swung, forming sword shadows one after another. The terrifying sword energy was raging in all directions, as if it was going to strangle everything in the formation.

Puff puff.....

There was a shower of blood, and soon the figures of several island warriors appeared.

Everyone was injured, and although they were desperately resisting with their samurai swords, it was meaningless!

Chen Ping looked at Kawashima Hiroji, his obsidian eyes exuded a cold and sharp light, giving people an endless sense of oppression.

The two children were killed by Kawashima Hiroji just now. Chen Ping wants Kawashima Hiroji to pay the price!

Uh-huh!

Chen Ping swung the dragon-slaying sword in his hand!

“ah.....”

Nakashima Hiroji let out a scream instantly, and saw that one of Nakashima Hiroji's arms was cut off and bleeding profusely.

“Second brother?” Seeing Kawashima Hiroji's arm cut off, Kawashima Hirozo shouted, and then shouted: “Fourth brother, fifth brother, we must unite to prevent Chen Pingjin from being body... ..”

As soon as Kawashima Hongzo finished speaking, he saw a figure flash, and then Chen Ping was already in front of him.

“You said you won't let me get close, so I won't get close?”

Chapter: 1640

Chen Ping had a look of disdain on his face.

Kawashima Hirozo was startled and instinctively punched Chen Ping.

Chen Ping reached out and grabbed Nakawashima Hongzo's wrist.

Click.....

There was a crisp sound, and Kawashima Hirozo's arm was instantly twisted.

Now among the five island warriors, only two have complete arms and legs. Kawashima Koichi, Kawashima Koji, and Kawashima Kosan all had their arms broken by Chen Ping.

“Use the King Kong Net...”

At this time, Kawashima Koichi, who was already on his deathbed, suddenly threw an object from his hand!

Kawashima Hiroji endured the severe pain, stretched out his hand to catch what Kawashima Hiroichi threw, and then threw it towards Chen Ping!

A large net covering more than ten square meters appeared in the air. The net was still flashing with golden light, and waves of forbidden aura emanated from the net.

This was their last resort in carrying out their mission. The Watanabe family spent a lot of money to buy this diamond net from the Western Regions. It was very hard and indestructible to water and fire. As long as the person was caught, they would not be able to escape.

The King Kong Net wrapped up Chen Ping for an instant, and then began to shrink continuously, causing Chen Ping to curl up together and unable to move at all.

Seeing Chen Ping being caught by the King Kong Net, several island warriors breathed a sigh of relief. Now Chen Ping has become a lamb to be slaughtered.

“While he can’t move, why don’t you take action...”

Kawashima Hongichi reminded loudly.

Soon, the remaining two island warriors brandished their samurai swords and stabbed Chen Ping fiercely.

Dang Dang Dang...

But no matter how hard the two of them tried, they couldn’t break through Chen Ping’s physical defense.

“Second child, third child, you guys do it too...”

Seeing this, Kawashima Hiroichi could only ask Kawashima Hiroji and Kawashima Hirozo, who had broken their arms, to join them.

The four warriors joined forces and struck the Vajra Net with rays of energy, making the golden light on the Vajra Net even more dazzling.

Wave after wave of unparalleled suppressive force was suppressing Chen Ping, and the diamond net was constantly shrinking, squeezing Chen Ping's body.

Soon, Chen Ping's body was compressed into a spherical shape, and his whole person became extremely distorted.

"Okay, he can't escape, help me up quickly..."
