

The Order 1641

Chapter: 1641

When Kawashima Hong saw this, he breathed a long sigh of relief. He knew that Chen Ping could not escape.

The other hurried warriors also breathed a sigh of relief. Chen Ping's strength exceeded their expectations!

If it weren't for the King Kong Net that trapped Chen Ping, they would have been buried here.

Although there is currently no way to break Chen Ping's indestructible golden body, it finally limits Chen Ping's ability to move.

As long as Chen Ping is under control, others won't have anything to worry about.

Seeing Chen Ping being restrained by the Diamond Net, Xu Changsheng and Gu Ling'er were very nervous and worried.

"Chen Ping..."

Seeing this, Gu Ling'er wanted to step forward and rescue Chen Ping.

"do not come....."

Chen Ping hurriedly stopped Gu Ling'er. With Gu Ling'er's strength, even if he rushed over, he would die!

It has no effect at all!

Gu Ling'er stared at the restrained Chen Ping, tears streaming down her face.

"Take Chen Ping away from here..."

When Kawashima Hiro saw that Gu Ling'er was about to rush over, he ordered the other hurried warriors.

Of the five warriors, three are now injured, and only two are still intact!

If people like Yaoshengu rushed up together, Kawashima Hongichi would also find it very difficult to handle.

So he planned to take Chen Ping away from here first.

jump.....

Just when several warriors were about to take Chen Ping away, there was a sudden cracking sound.

Everyone looked and found that one of the threads in the Vajra Net that controlled Chen Ping was broken!

jump.....

Then another thread broke.

The muscles all over Chen Ping's body were glowing with golden light and constantly swelling, resisting the suppressive power of the Vajra Net.

At this moment, Kawashima Hongichi and the others' faces instantly became extremely ugly.

Chapter: 1642

This diamond net can be regarded as an artifact. Although it has gone through many vicissitudes of life and is somewhat dilapidated, it is an artifact after all. How can it be so easy to collapse!

“Brother, this...”

Kawashima Hiroji looked at the diamond net with broken threads and said with surprise on his face.

“Don’t worry, this diamond net is indestructible and won’t be broken easily...”

Kawashima Koichi said, but he was beating a drum in his heart!

Kawashima Koichi was not sure that the Vajra Net would not be broken, because the threads of the Vajra Net were still cracking at this moment!

But as soon as Kawashima Koichi’s words came to light, a gap was torn apart in the Diamond Net instantly!

Immediately afterwards, a terrifying spiritual power struck, and the two warriors who were standing near the Vajra Net and wanted to take Chen Ping away were directly knocked away by this spiritual power.

“ah.....”

Chen Ping gritted his teeth, still exerting all his strength, trying to completely tear the Vajra Net into pieces, and endless spiritual power spurted out!

Bang.....

There was a loud noise, and soon the diamond net completely collapsed, and the fragments were shot out in all directions. Many trees around were broken by these broken threads.

The golden light on Chen Ping suddenly appeared, and a coercion fell from the sky, making people afraid to look directly...

Seeing this situation, the five warriors were instantly stunned.

And Kawashima Koji took advantage of Chen Ping's unsteady footing and slashed hard at the back of Chen Ping's neck!

He wanted to chop off Chen Ping's head with a knife.

clang.....

There was a sound of metal colliding, and then Kawashima Koji's arm went numb, and the katana in his hand flew out.

There was only a white mark left on Chen Ping's body, without any injuries.

Kawashima Hiroji, who had already broken his arm, was now unable to pick up the katana.

Chen Ping slowly turned around and looked at Kawashima Hiroji who was attacking him.

Kawashima Hongji looked at Chen Ping's eyes, and his body trembled involuntarily.

"I'll start with you first..."

Chen Ping said, he reached out and grabbed Kawashima Hiroji!

Chapter: 1643

When Kawashima Hiroji saw this, he was so frightened that he turned around and ran away, but he didn't run far at all and was directly carried back by Chen Ping.

Kawashima Koji struggled in Chen Ping's hand!

Stab...

Chen Ping grabbed one of Kawashima Koji's arms and pulled hard!

He forcefully tore off Kawashima Hiroji's arm.

This bloody scene shocked everyone.

Kawashima Hongji's screams resounded throughout the Medicine God Valley.

Several other samurai looked on with very ugly expressions. Although they wanted to step forward and rescue Kawashima Hiroji, no one dared to move.

Stab...

There was another tearing sound, and one of Kawashima Hongji's legs was torn off by Chen Ping again.

At this time, Kawashima Hiroji no longer had the strength to scream.

Chen Ping's body was covered with splattered blood, and he exuded a strong murderous aura, like the god of death in hell!

Even Gu Ling'er and Xu Changsheng felt faintly scared when they saw it. They thought Chen Ping was going crazy.

In everyone's shock, Chen Ping tore off Kawashima Hiroji's limbs. At this time, Kawashima Hiroji only had a torso left.

Despite this, Kawashima Koji was not dead. He was still breathing and was suffering tremendous pain.

Chen Ping threw Kawashima Hongji, who had only one torso left, in front of Xu Changsheng.

"Elder Xu, go find a jar, throw this guy into it, and soak it with medicinal liquid. Don't let him die easily..."

Chen Ping said to Xu Changsheng.

"Valley Master, this..."

Xu Changsheng was a little at a loss. He felt that this was too cruel.

Seeing Xu Changsheng not moving, Chen Ping frowned slightly: "Look at the two children who died in front of you. Do you think I am cruel?"

Xu Changsheng looked at the two dead children and their mother. Although the anger was burning in his heart, he was still a little reluctant to take action.

"Do as I say, this is an order..."

Chen Ping's face turned extremely cold, and his voice suddenly rose.

Chapter: 1644

Xu Changsheng trembled all over, and immediately waved his hand, asking someone to find the jar and soak Kawashima Hiroji in it.

Soon, the jar was found. There was liquid medicine in it. Kawashima Hiroji was thrown into it. Only his head was exposed. He wouldn't die in a short time!

Seeing such a scene, in the eyes of several other warriors, they were all frightened and scared out of their wits.

They are not afraid of death, but this is the first time they have seen such a thing.

Chen Ping looked at Kawashima Koichi coldly, with murderous intent in his eyes.

"Soon, you will also be put into the jar. Do you know what this is called?"

Chen Ping slowly took a step forward, scaring several warriors into retreating hurriedly.

"This is called a human stick, and such cruel things were invented by you islanders. Today I want to let you taste what your ancestors invented..."

Chen Ping said as he walked forward.

"Baga, we island warriors would rather die than surrender, and we will never be humiliated by you..."

Kawashima Koichi roared loudly: "We are members of the Watanabe family. If you treat us like this, our ambassador will never let you go."

"Fuck you, let your ambassador try..."

Chen Ping took one step forward, and then punched hard!

The remaining four warriors struggled to hold on, but they were no match for Chen Ping. Even if they slashed Chen Ping's body with a knife, they would not be able to cause any harm.

As soon as Chen Ping stretched out his hand, the dragon-slaying sword appeared braving blazing fire, followed by a burst of sword light and sword shadow!

Chen Ping did not kill them, but used the dragon-slaying sword to cut off the limbs of these warriors!

In just ten minutes, the ground was littered with chopped off limbs, and the four warriors kept wailing.

Chen Ping's body was already soaked in blood, while Gu Ling'er and Xu Changsheng on the side were also horrified.

"Chen Ping..."

Gu Ling'er shouted to Chen Ping in a low voice.

She was afraid that Chen Ping would go crazy and would not recognize his relatives and kill people without blinking an eye...

Chen Ping looked at Gu Ling'er and suddenly grinned, revealing a row of white teeth on his red face.

"Are you afraid that I'm going crazy and won't even recognize you?"

Chen Ping said jokingly.

Chapter: 1645

Gu Ling'er felt relieved when she saw that Chen Ping's mind was fine. She rolled her eyes at Chen Ping and said, "I'm not afraid that you're going crazy..."

"Valley Master, what should we do with these people?"

After Xu Changsheng soaked Kawashima Hongichi and others in the jar, he asked Chen Ping.

Chen Ping looked at the dying people and smiled coldly: "I want to post them like this on the martial arts forum. I want everyone to see the fate of these killers sent by the island country..."

Xu Changsheng opened his mouth, probably wanting to dissuade him, but in the end he didn't say anything.

"Chen Ping, you must not fall into the inner demon..."

At this moment, Long Wu came over and said.

"Uncle Long, don't worry, I'm measured..."

Chen Ping nodded and said.

Long Wu said nothing more, but seeing Chen Ping like this, he was even more afraid to show the video to Chen Ping.

If Chen Ping sees that video, he will definitely go crazy and find the Long family...

Soon, a heated debate broke out in the martial arts forum!

Some people agree with Chen Ping's approach, while others oppose it.

For a time, two factions were formed in the martial arts forum, arguing fiercely.

"Chen Ping is an awesome guy. He is really talented. This is how you should treat the island nation's warriors. Let these beasts have a taste of it..."

“Well done, these island country guys deserve this...”

“This Chen Ping is too cruel. No matter what the reason, he would not dare to do such a thing. It is too inhumane.”

“Upstairs, why are you pretending to be a holy mother? Have your ancestors not been massacred by the islanders?”

The quarrel on the forum was so intense that it almost turned into a real fight. Fortunately, the forum was finally closed and it slowly subsided.

Kyoto, within the Martial Arts Alliance!

Zhu Zhishan looked at the photos posted by Chen Ping on the forum, his face gloomy and he didn't know what he was thinking.

“Alliance leader, we must not keep our second son. This guy's strength is hard to fathom, and he is ruthless in his attacks. Be careful of raising a tiger...”

Guo Wei said to Zhu Zhishan with a shocked expression.

Guo Wei knew that Chen Ping had always been hostile to him. After all, he was the one who captured Su Yuqi from the martial arts alliance.

Chapter: 1646

If Chen Ping was allowed to find out like this, he might be the next one to be killed.

“Go and find a way to get rid of him. These island warriors are so damn useless...”

Zhu Zhishan said with a cold face.

“Okay, I'll leave now...”

Guo Wei nodded, turned and left.

At the same time, in the Long family hall, Master Long Jingguo and Master Dingchan also saw the content on the forum.

The news about Chen Ping in Yaoshen Valley was brought back by Master Dingchan and told to Long Jingguo, who then directly informed the Martial Arts Alliance.

Otherwise, several island warriors would not be able to find Medicine God Valley at all.

“This boy named Chen Ping is really talented. At such a young age, he was able to kill five island warriors. I don’t know who he studied under, but his methods are a bit cruel...”

Master Dingchan actually had some appreciation for Chen Ping. After all, it was extraordinary for a young warrior like Chen Ping to have his current strength.

At this time, Long Jingguo said nothing and stared at several island warriors who were made into adult sticks and soaked in a jar.

Chen Ping’s cruelty actually made Long Jingguo feel a little frightened, and it also made him feel a sense of crisis.

All he wants now is to let Chen Ping die. Chen Ping’s strength has grown faster than he expected.

“Master Dingchan, I’ll leave it to you to take care of Xiao’er’s injury. This time, after Xiao’er recovers from his injury and enters the realm of Marquis Wu, let him go down the mountain and go home...”

Long Jingguo asked Master Dingchan to take Long Xiao back to the mountain for treatment, and also asked Long Xiao to step into Wuhou and go down the mountain!

For some reason, Long Jingguo was always worried that Long Xiao was not strong enough and would be killed by Chen Ping...

“Don’t worry, Master Long, I will definitely find a way to cure Long Xiao and let him reach Wuhou in the next year...”

Master Dingchan said with confidence.

Long Jingguo nodded happily, and then said to Long Xingxu who was standing aside: “Xingxu, go get some Longquan water and give it to Master Dingchan to take away...”

“Master, I’m afraid there is less than one cup of Longquan water now...”

Long Xingxu whispered.

“What? How come there are so few?”

When Long Jingguo heard this, his expression turned cold.

“Master, after the last time the eldest young master took away the Longquan water, there was very little water dripping out of the Longquan. Sometimes it took several days for a drop to drop...”

Chapter: 1647

Long Xingxu explained.

After hearing this, Long Jingguo didn’t say anything, but his expression was very ugly.

This Longquan is a sacred spring in the Longjia Manor. At that time, the ancestors of the Longjia took root here because there was a spring here, and clear spring water flowed from a beautifully carved faucet!

Later, it was named Longquan, and the Longquan water can nourish the body and improve strength. This also allowed the Long family to gain a foothold in Kyoto in a short period of time and become one of the top families.

However, as time goes by, the spring water in Longquan flows less and less, and now it takes several days to drop a drop.

At this time, Long Jingguo remembered the legend that had always been in the Long family. It was said that the day the Longquan water dried up completely was the day the Long family was destroyed!

Now there is less and less Longquan water, which makes Long Jingguo feel a little uncomfortable.

Although it was just a legend, Long Jingguo still believed it somewhat.

“Master Long, I can heal Long Xiao even without Longquan water. Don’t worry...”

Master Dingchan saw Long Jingguo’s ugly face, so he comforted him.

How did he know that Long Jingguo was not worried about Long Xiao’s body, he was worried about the survival of the entire Long family...

.....

Kyoto, Dharma Protector Pavilion!

Nagamura Masao was sitting on a chair with an angry look on his face.

Sitting on top is Mr. Shi.

“Mr. Shi, I protest, I protest sternly, our island country warriors have been subjected to such inhuman treatment. This Chen Ping is simply a beast...”

Masao Nagamura banged the table and roared loudly.

Mr. Shi smiled and was not angry at Masao Nagamura's loud protest.

"Ambassador Nagamura, since you said these people are your island warriors, I hope you can show me the entry permits of these people..."

"Although we in Daxia are hospitable, we can't let anyone just come in without saying hello..."

"If Ambassador Nagamura cannot provide entry permits for these people, then I will consider these island warriors as spies who have secretly infiltrated our country..."

"In this case, I need Ambassador Nagamura to explain to me..."

Mr. Shi's words made Nagamura Masao suddenly speechless.

After seeing the photos on the forum, he came angrily to protest. He had long forgotten that these island warriors had entered the country illegally.

Chapter: 1648

"Mr. Shi, these people have changed beyond recognition. I can't make up my mind right now as to whether they are my island warriors. I will explain to Mr. Shi when I go back to investigate clearly..."

Nagamura Masao had an apologetic smile on his face, and he no longer had the arrogance he had just now.

If he is really convicted as a spy, this matter will be a big deal.

"Then I'll wait for Ambassador Nagamura's explanation..."

Mr. Shi still had a smile on his face.

Nagamura Masao wiped the cold sweat from his forehead, and then walked away dejectedly.

“This guy really shot himself in the foot.”

Seeing Masao Nagamura walking away in despair, Zhao Wuji laughed.

However, Mr. Shi's face lost the smile at this time.

“Zhao Wuji, this Chen Ping's method is a bit cruel, and he even announced it. The impact is too bad, and even if he is as good as Lin Feng, he will be destroyed. Please advise him...”

Mr. Shi said coldly.

“Subordinates obey orders...”

Seeing that Mr. Shi was unhappy, Zhao Wuji was so frightened that his legs trembled!

In Medicine God Valley, Chen Ping knew that after this kind of thing was announced to the forum, it would not take long before it would be blocked, but the result he wanted had been achieved.

Now that the island country killer's matter has been resolved, Chen Ping no longer needs to hide and practice in Yaoshen Valley. Seeing that it is not long before the New Year, Chen Ping plans to rescue Su Yuqi and his mother before the New Year.

Let's spend the New Year together, but if he wants to rescue Su Yuqi and his mother, Chen Ping knows that his strength must reach the level of a half-step Wuhou or even a Wuhou!

Neither the Long Family nor the Martial Arts Alliance can break in that easily.

Chen Ping planned to go to Xichuan. Gu Kaiyuan's Demon Suppressing Tower was a good thing. You could get twice the result with half the effort by practicing in it, so Chen Ping went to stay in the Demon Suppressing Tower for a while.

But after leaving Medicine God Valley, Chen Ping received a call from Zhao Wuji, so he ran to the Dharma Protector Pavilion!

"Mr. Chen, this time you turned five island warriors into human sticks. The impact was too bad. Mr. Shi was a little unhappy. He asked me to tell you. I hope you can restrain yourself. He also asked me to tell you, Mu Xiu The wind in the forest will destroy it..."

Zhao Wuji whispered to Chen Ping.

Chen Ping smiled lightly: "I know..."

How could Chen Ping not know that anything good as good as Lin Feng would destroy it? But now, even if Chen Ping restrains himself and keeps a low profile, no one will let him go.

What's more, Su Yuqi is still in the hands of the Martial Arts Alliance. Even if he knows it, he can't do anything to the Martial Arts Alliance now. The Martial Arts Alliance will not admit that they have captured Su Yuqi.

Chapter: 1649

Do you want me to follow the martial arts alliance to reason?

Are you kidding...

Now that he is on the opposite side, Chen Ping will not hold back. He just wants to let everyone know the consequences of provoking him...

After coming out of the Dharma Protector Pavilion, Chen Ping took a taxi directly and prepared to go to the airport and take a plane to Xichuan!

When the car drove to a remote road, Chen Ping instantly felt a breath locking on him.

This aura is very domineering. The person who can exude such aura must be at the peak of Wuzong, or even higher.

“Master driver, stop the car, I’ll get off here...”

Chen Ping asked the taxi driver to stop.

“Sir, this place is still some distance from the airport...”

The driver looked at Chen Ping in confusion.

“I’ll get off here...”

Chen Ping threw a hundred-yuan bill to the driver, opened the door and walked out.

The driver took the money, looked at Chen Ping who had already gotten out of the car, and shook his head slightly: “What a weirdo...”

The taxi left, and Chen Ping slowly walked towards a forest beside the road!

It’s late autumn now, and the leaves on the trees are almost falling off!

In front of Chen Ping, a figure appeared. The man had his back to Chen Ping and his hands behind his back, as if he was waiting for someone...

“I didn’t expect your methods to be more cruel than mine. If you don’t fight against the Martial Arts Alliance, you might become the leader of the younger generation in Kyoto...”

The figure slowly turned around, murderous aura burst out from his body, and the surrounding trees trembled slightly.

“Guo Wei, are you here to kill me?”

Chen Ping looked at Guo Wei who turned around and asked lightly.

“Yes, if you stay, you will be a powerful enemy of the Martial Arts Alliance in the future, so you must die now...”

Guo Wei said coldly.

“You alone can’t kill me at all, but if you take my girlfriend away, I will chop off your head to comfort my girlfriend for the suffering she has suffered during this time...”

Chen Ping looked at Guo Wei coldly, and the murderous aura in his body began to rise.

Chapter: 1650

“Hahaha.....”

Guo Wei raised his head and laughed, and the surrounding trees were shattered.

Guo Wei’s laughter was full of disdain and contempt.

Now that there are only two of them here, Guo Wei has many ways to kill Chen Ping.

Chen Ping looked at Guo Wei who was laughing, murderous intent rising in his eyes.

“After a while, you won’t be able to laugh anymore...”

Chen Ping’s body began to shine with golden light, and the Indestructible Golden Body activated. Pieces of golden scales formed an armor covering Chen Ping’s body.

This time, the aura on Chen Ping’s body was not manic, but like a trickling stream, continuous...

Guo Wei frowned slightly when he saw this!

Chen Ping’s aura at this moment actually made him feel a hint of danger.

It had only been a while since, when facing Chen Ping, I actually felt in danger!

This made Guo Wei furious.

Facing Chen Ping who activated the Indestructible Golden Body, the contempt in Guo Wei’s eyes disappeared, and then a mark began to flash on his chest!

The light around Guo Wei also became stronger and stronger, and soon it enveloped Guo Wei. The endless black energy covered the sky and the sun, turning the area hundreds of meters around them into night!

Chen Ping narrowed his eyes: “Today, I will kill you, the evil cultivator, and expose your head to the public, so that everyone will know that you, the director of the Martial Arts Alliance, are actually an evil cultivator...”

“Stop talking nonsense, you must be the one who dies...”

Guo Wei grabbed it casually, and the surrounding black mist instantly formed a huge black ball in Guo Wei’s hand.

Then with a gentle pat, the huge black ball slowly moved towards Chen Ping, very slowly!

Chen Ping faced the slowly coming black ball and wanted to dodge, but found that the black mist around him had a heavy sense of restraint, as if he was soaked in water, and there was great resistance to movement.

Chen Ping's evasive movements also slowed down, but in the end he still couldn't escape the huge black ball and was trapped in it.

"Here, all your movements and speed will be restricted, but I won't..."

Guo Wei smiled coldly, and then his body disappeared instantly!

Guo Wei was very fast and arrived in front of Chen Ping in the blink of an eye. Then he suddenly pulled out his right hand from the black mist, and a long sword transformed by the black mist appeared in Guo Wei's hand.

Guo Wei raised the long sword in his hand high. The long sword continued to absorb the surrounding black mist, and the sword body expanded rapidly, reaching more than ten meters in an instant.
