

## **The Order 1661**

Chapter: 1661

“You...you dare to kill Guo Wei?”

Zhu Zhishan pointed at Chen Ping and shouted.

“He is just the beginning. More people from your martial arts alliance will die in the future...”

Chen Ping looked at the furious Zhu Zhishan coldly.

“You are so brave. You killed Guo Wei and you dared to come to our Martial Arts Alliance to act wild. Today I will let you know that our Martial Arts Alliance is not a place where you can act wild...”

After saying that, the aura on Zhu Zhishan’s body began to surge rapidly.

Waves of terrifying pressure shrouded Chen Ping.

Crash la la la la la la la la la la la la la la.

The chairs under Chen Ping instantly turned into powder, and Chen Ping’s body seemed to be pressed down by a mountain.

Veins popped up on Chen Ping’s forehead, and he gritted his teeth to resist the pressure!

Zhu Zhishan’s strength was far superior to Chen Ping’s, and Chen Ping could not bear this pressure.

But there was no trace of fear on Chen Ping’s face.

Soon, Zhu Zhishan took back the pressure, and Chen Ping breathed a sigh of relief.

It wasn't that Zhu Zhishan didn't want to kill Chen Ping, but that Chen Ping had Mr. Shi behind him, so Zhu Zhishan didn't dare to take action.

He can let others do it, but he will never bet on his own future.

Chen Ping smiled coldly at Zhu Zhishan, his eyes full of provocation.

He guessed correctly, Zhu Zhishan would not kill him!

"Boy, just because I don't kill you doesn't mean that no one will kill you. You have already forced yourself into a dead end..."

Zhu Zhishan squinted his eyes and gritted his teeth.

"Since you don't dare to take action, then stop talking nonsense..."

After Chen Ping finished speaking, he turned around and walked out.

Seeing Chen Ping's leaving figure, Zhu Zhishan almost lost his temper. He grabbed Guo Wei's head and crushed it in an instant.

"I will make your death ugly..."

After Zhu Zhishan finished speaking, he took out his mobile phone and dialed a number.

Chapter: 1662

.....

Guo Wei is dead, and the video shot by Chen Ping has already gone viral on martial arts forums!

Although many people think that Chen Ping is looking for death, Chen Ping uploaded the video twice in a row, which also gained him a group of fans!

Not everyone in the martial arts world likes what the Kyoto Martial Arts Alliance is doing!

Relying on its status, the Kyoto Martial Arts Alliance often suppresses martial arts alliances in other places. It also imposes stringent requirements on many sects and aristocratic families to enter the Martial Arts Alliance, just to make profits.

This approach has long abandoned the original intention of establishing the martial arts alliance, but many people dare to be angry but dare not speak out!

This time Chen Ping actually made the arrogant director of the Kyoto Martial Arts Alliance kneel on the ground, which also made many people secretly let out a sigh of relief.

“Chen Ping is really awesome. Not only did he make Guo Wei kneel on the ground, he even killed Guo Wei...”

“This Chen Ping is so awesome. I wonder if he will accept disciples?”

“I think Chen Ping can now take a place on the free list.”

“Are you looking for death upstairs? How dare you mention the word “Xiaoyaobang” in the martial arts forum.”

“Killing the director of the Martial Arts Alliance, this Chen Ping will definitely not live long. If he can’t be on the list, I feel it’s useless...”

Chen Ping’s reputation has begun to rise in the martial arts world.

The Xiaoyao Ranking mentioned above is a hidden ranking in the martial arts world. This list is filled with young people, and is ranked by many netizens based on each person's performance!

It's just that this list is not recognized by the martial arts community and the officials. Because if this list is recognized, many young people will fight for the so-called ranking.

Both the martial arts community and the government hope for a harmonious training environment. Although this list is not recognized, many young martial artists highly respect this list.

It's just that Chen Ping didn't know the existence of this list, let alone the fact that the video of killing Guo Wei made many people pay attention to him!

Mobei Luo family!

Luo Xiang, the eldest young master of the Luo family, is sitting in the courtyard!

Although Luo Xiang is only twenty-seven years old, he has already reached the peak of Wu Zong's strength, and now there are faint signs of breaking through to the half-step Wu Hou level.

This Luo Xiang is only ranked fifth on the Xiaoyao list. This shows how terrifying the strength of this number one on the Xiaoyao list is!

Long Xiao, who is known as the most talented young generation in Kyoto, is only ranked tenth on the free list!

As the capital of Daxia, Kyoto is naturally much better than other places in terms of environment and resources.

However, it is precisely because of this superior environment that many young people become arrogant, so many young people in the Kyoto martial arts community do not practice hard enough!

Chapter: 1663

On the other hand, in some places with difficult conditions, many people have been practicing for more than ten years, and their strength has grown rapidly!

“Master, among the younger generation in Kyoto, a strong man unexpectedly appeared. He even killed Guo Wei, the director of the Kyoto Martial Arts Alliance...”

At this time, a servant came over with a mobile phone.

“That Guo Wei is just a vain person, I can kill him...”

Luo Xiang said very casually.

In his eyes, the people in the Martial Arts Alliance are just trying to gain fame and have no real ability.

“Master, this man not only killed Guo Wei, he even tore off Guo Wei’s head and sent it directly to the Kyoto Martial Arts Alliance...”

The servant’s words immediately made Luo Xiang interested.

“Damn, is there such a thing? It seems that this kid is interesting!” Luo Xiang sat up straight: “What is this kid’s name? Where is he from?”

“Back to the young master, this man’s name is Chen Ping. I heard he is from Hongcheng, Jiangbei.”

The servant replied.

“Jiangbei Hongcheng...”

Luo Xiang frowned slightly: “I haven’t heard of any masters appearing in that place, let alone the masters of the younger generation.”

“Master, this Chen Ping has only recently emerged. He just defeated Long Xiao from the Long Family in Kyoto some time ago. Now many people in the martial arts forum are talking about it, saying that Chen Ping’s current strength may be ranked at the top of the Xiaoyao Ranking. It’s five!”

“Hahaha, top five on the Xiaoyao list? Does that mean you are stronger than me? That’s fucking fart. It seems I have time to meet this Chen Ping.”

Luo Xiang laughed, but there was a chill in his eyes!

Luo Xiang has never been satisfied with the fifth position on the Xiaoyao list. Now Chen Ping suddenly appears and wants to surpass him. How can Luo Xiang agree?

“Master, you don’t have to be angry. It’s just some people on the forum talking nonsense. Then how can Chen Ping be stronger than you, Master!”

The servant has followed Luo Xiang for many years and knows that Luo Xiang is already angry at this moment.

After hearing the flattery from his servant, Luo Xiang put away the cold light in his eyes, and then asked: “Have the people I ordered to Xichuan come back? Is Gu Kaiyuan still stubborn and unwilling to submit to my Luo family?”

“Master, I was just about to report this to you. The Gu family manor has been in ruins. The life and death of Gu Kaiyuan is unknown. However, on top of the ruins of the Gu family, a group of people of unknown origin have occupied that place...”

The servant reported in a low voice.

“What, there is such a thing?”

Luo Xiang frowned.

Chapter: 1664

Mobei and Xichuan are adjacent, and the Luo family has always planned to annex the Gu family, so they have been sending people to persuade Gu Kaiyuan to submit to the Luo family!

Now that the Gu family was suddenly invaded by someone else, Luo Xiang felt a little surprised!

After all, in the northwest, there are not many people who can destroy the Gu family, not to mention the Gu family's protective formation is very powerful, otherwise the Luo family would have annexed the Gu family by force.

“Go and gather people right away and follow me to Xichuan to have a look...”

Luo Xiang wanted to see who could destroy the Gu family and take over the Gu family's territory.

.....

Nishikawa Valley Family!

Under the Gujia Demon Tower, several Wu Zong were guarding the outside.

In just ten days, the ruins of the Gu family had been cleared and construction started again.

And inside the Demon Suppressing Tower, Ning Zhi was sitting upright, with powerful auras surrounding Ning Zhi.

Ning Zhi looked crazy and proud. He really didn't expect that he would reach the peak of Wuzong in such a short period of time.

He felt that he had only been here for more than ten hours, but he had made such rapid progress.

“Hahaha, this is really a good thing. If I practice for a period of time, I will be able to step into the realm of a half-step Martial Lord, or even a Martial Lord. By then, who will be my opponent among the younger generation in the Kyoto martial arts world?”

“Even if I am on the Xiaoyao list, I, Ning Zhi, still have a place...”

Outside the Gu family manor, Luo Xiang came with people.

Looking at the manor that was in ruins and then rebuilt, Luo Xiang’s face became very ugly!

Just when Luo Xiang and his men were about to enter, they were stopped by two guards.

“Stop, who are you? There is construction going on here, so you are not allowed to enter...”

A guard stopped Luo Xiang and said.

Luo Xiang glanced at the two guards coldly, then turned his hands into claws and grabbed the heads of the two guards directly.

The two guards didn’t even have time to scream, they died on the spot, their heads exploded.

Luo Xiang rushed in without even looking at the two killed guards.

At this time, Uncle Zhong came over with someone.

Gu Kaiyuan died, and Uncle Zhong had become loyal to Ning Zhi and became a lackey of the Ning family.

Chapter: 1665

But when Uncle Zhong saw Luo Xiang, he was stunned, and then his face became very ugly.

When Luo Xiang saw Uncle Zhong, he was slightly startled and said, "Uncle Zhong, where is your master Gu Kaiyuan?"

"Luo... Mr. Luo, why do you have time to come to Xichuan?"

Uncle Zhong asked in a panic.

"Don't interrupt me, let me ask you, where is Gu Kaiyuan?"

Luo Xiang said with a cold expression.

Uncle Zhong trembled all over, looked at the two guards who died tragically on the ground, and hurriedly replied: "Master Luo, our master has been killed, and this manor has changed hands."

"Killed by someone?" Luo Xiang frowned: "Who killed him?"

"Chen Ping!"

Uncle Zhong didn't dare to hide it, so he told the truth.

Luo Xiang was stunned when he heard the word Chen Ping.

He just heard the name today, but he didn't want to hear it again now.

"So, Gu Kaiyuan is dead and you have become someone else's dog?"

Luo Xiang's eyes narrowed slightly: "I'm going to meet this guy today. How dare he come here to grab territory..."

Uncle Zhong wanted to say something else, but Luo Xiang pushed him away and rushed in with his men.

“Who dares to break in without permission?”

At this time, several Wu Zong from the Ning family were guarding the Demon Suppressing Tower. When they saw someone coming, they immediately showed their weapons.

When Luo Xiang saw this, he couldn't help but sigh: “I didn't expect that this guy has some strength, and his lackeys are all in the Wuzong realm.”

“Bold, dare to be rude to us...”

When several Wu Zong heard that Luo Xiang compared them to lackeys, they immediately became angry and rushed forward waving their weapons.

Luo Xiang waved his palms, and an extremely domineering energy formed into a wave of air, directly knocking several martial arts masters to the ground.

Just when Luo Xiang was still about to take action, a figure suddenly rushed out from the Demon Suppressing Tower.

Immediately afterwards, several sounds of piercing the air were heard, and rays of energy visible to the naked eye came directly towards Luo Xiang.

“Hmph, even the peak martial arts master dares to be arrogant in front of me...”

Chapter: 1666

Luo Xiang snorted coldly, then shot out a few blasts of energy, instantly neutralizing the attack.

“Master.....”

Seeing Ning Zhi coming out of the Demon Suppression Tower, several Ning family masters hurriedly shouted.

Luo Xiang looked at Ning Zhi, and then asked coldly: "Are you Chen Ping?"

Luo Xiang had never met Chen Ping, nor had he watched Chen Ping's videos on the martial arts forum, so he did not recognize Chen Ping and mistakenly mistook Ning Zhi for Chen Ping.

Ning Zhi was stunned. Before he could open his mouth to explain, Uncle Zhong hurriedly stepped forward: "Master Luo, you misunderstood. This is the eldest young master of the Ning family in Kyoto. The rebuilding of the Gu family manor is also an order of Master Ning!"

"The Ning family in Kyoto?" Upon hearing this, Luo Xiang's expression changed instantly!

He didn't know Ning Zhi, but he had heard of the Ning family in Kyoto. He was in Kyoto but did not join the martial arts alliance in Kyoto, which showed that the Ning family's influence in Kyoto was not small.

"who is he?"

Ning Zhi looked at Uncle Zhong and asked.

"Master Ning, this is Luo Xiang from the Luo family in Mobei, Mr. Luo..."

Uncle Zhong introduced.

"Luo Xiang? That existence ranked fifth on the free list?"

Ning Zhi looked at Luo Xiang: "No wonder he is strong and very angry!"

"Mr. Ning, it turned out to be a misunderstanding, but your Ning family is thousands of miles away. Why did you come to this barren land like Xichuan to build a house in a circle?"

Luo Xiang asked Ning Zhi.

Ning Zhi knew that Luo Xiang did not know the secret of the Demon Suppression Tower, and he would not tell Luo Xiang, so he smiled slightly and said: "Although Xichuan is barren, the environment is good, the scenery is beautiful, and there is no noise. It is a good place for cultivation. ."

"Besides, it's good that the head of the Gu family and my Ning family came here quickly. This time the Gu family suffered a disaster and the head of the Gu family was killed. I will rebuild this place to prevent other descendants of the Gu family from having no fixed place to live!"

Luo Xiang laughed after hearing this: "Hahaha, I didn't expect Mr. Ning to be such a warm-hearted person!"

"But Xichuan is not as peaceful as Kyoto. Evil cultivators appear from time to time. If Master Ning is hurt, the gain will outweigh the loss."

"Young Master Ning, who tastes tender meat carefully, will definitely not be used to staying in this place. As for rebuilding the Gu family, let it be left to my Luo family. After all, our Luo family and Gu family have been in contact hundreds of years ago. And we're not far from each other!"

When Ning Zhi heard this, he frowned and his face turned cold.

He could tell that Luo Xiang actually wanted to follow him to compete for the Gu family's place.

Without the existence of the Demon Suppression Tower, Ning Zhi would not care about this poor place, but now that there is the Demon Suppression Tower, Ning Zhi will not let go no matter who it is.

Chapter: 1667

"Master Luo, do you mean you want to compete with me for the Gu family's place?"

Ning Zhi's face was gloomy, with a cold light in his eyes.

“Young Master Ning, if you insist on thinking so, I have nothing to explain. You are far away in Kyoto, and you come to Xichuan to compete with us for territory. Isn't it a bit too bullying?”

Luo Xiang admitted generously.

“Hmph, you Luo Xiang are in Mobei. What I am doing in Xichuan is not your Luo family's turn to dictate. Let me tell you, I will decide on this Gu family's place. If you are not convinced, then we will compete. !”

“I want to see who is more powerful, your Luo family or our Ning family. Don't think that because our Ning family is far away, we are afraid of you!”

Ning Zhi had a determined look on his face, he was determined to own this piece of land and would never give it to anyone else.

Luo Xiang didn't expect that Ning Zhi would be determined now for such a piece of land as the Gu family manor. This was a bit beyond his expectation!

Although Luo Xiang is very angry now, if he really wants to fall out with the Ning family because of the ruins of the Gu family, it is not worth the gain.

However, since the Ning family has a foothold in Xichuan, it will be much more difficult for the Luo family to expand its power in the future.

After thinking for a moment, Luo Xiang compromised and said with a faint smile: “Since Mr. Ning likes this place, then just use it as you like. How could I follow Mr. Ning to make enemies for such a place?”

“Young Master Ning, if you have time, come to Luo's house to do something. I will definitely entertain Young Master Ning well...”

Luo Xiang didn't know the secret of the Demon Suppression Tower, so he compromised and left.

If he knew, he would definitely fight to the death with Ning Zhi.

Seeing that Luo Xiang was gone, Ning Zhi breathed a sigh of relief. As the saying goes, a strong dragon cannot defeat a local snake. If Luo Xiang really wanted to take action, Ning Zhi would not be his opponent.

Moreover, if you want to dispatch people from the Ning family thousands of miles away to fight with the Luo family, it is not certain who will win or lose.

“How long have I been practicing this time?”

Ning Zhi asked his men.

“Master, you have been practicing for nearly half a month...”

The subordinate replied.

“Half a month!” Ning Zhi’s face showed joy: “At this rate, I will definitely be able to reach half a step of Wuhou before the year, hahaha...”

Ning Zhi laughed crazily, and then ordered to Uncle Zhong: “The construction of the manor must be accelerated. This is where I will live from now on.”

“As ordered...” Uncle Zhong nodded.

Ning Zhi turned around and walked into the Demon Suppressing Tower and started practicing again!

Chapter: 1668

At this time, Chen Ping was taking a plane to Xichuan.

He now needs to use the Demon Suppressing Tower to quickly improve his strength and strive to rescue his mother and Su Yuqi before the Chinese New Year.

About five hours later, the plane landed steadily in Xichuan!

After taking a taxi, Chen Ping went to Gujia Manor.

The Gu family manor, which was originally thought to be in ruins, has now been rebuilt with walls, and the machines in the manor are roaring!

This time, Chen Ping was a little confused. He didn't know who had taken over the Gu family manor as his own in just a few days.

When Chen Ping walked to the door, he was stopped by the guard. Seeing that he couldn't get in, Chen Ping jumped over the wall.

Chen Ping plans to go to the Demon Suppressing Tower to have a look. If there is someone to redevelop this place, just some ordinary developers, Chen Ping plans to pay to buy this place!

Since there is no way to take away the Demon Suppression Tower, he should make this place his own. Chen Ping even plans to turn this place into a sect and establish his own sect in order to compete with the martial arts alliance.

Although Chen Ping has Tianlong Hall, Tianlong Hall is not suitable for exposure. Chen Ping can re-establish a sect and then bring together several halls of Tianlong Hall.

In this case, Chen Ping's strength will be greatly increased, and with the secret of the Demon Suppression Tower, it will not be impossible to rescue his mother and Su Yuqi years ago.

Chen Ping avoided the construction workers in the manor and walked to the Demon Suppressing Tower. He immediately discovered several martial arts masters under the Demon Suppressing Tower.

After seeing these Wu Zongs, Chen Ping's brows instantly wrinkled.

The appearance of these Wuzongs proved that the Gu family manor was not redeveloped by ordinary developers. It must have been occupied by a certain sect family.

Chen Ping now hopes that this certain sect family has not discovered the secret of the Demon Suppression Tower. In this case, Chen Ping can still negotiate with the other party.

At this time, several martial arts masters also discovered Chen Ping, and one person immediately stopped Chen Ping: "Who are you? How did you break in here?"

Seeing Chen Ping, several martial arts masters were all very nervous. After all, ordinary people would not go near this place.

"This is my place. I just want to ask, who are you? Why are you taking my place?"

Chen Ping asked in a nonchalant manner.

Chen Ping's question directly confused several martial arts masters.

They didn't know who Chen Ping was. After hearing what Chen Ping said, they thought Chen Ping was someone else from the Gu family.

So the martial arts master who spoke winked at the others and asked them to find Uncle Zhong.

As long as Uncle Zhong is found, it will be easy to explain.

Soon, Uncle Zhong was found. When Uncle Zhong saw Chen Ping for the first time, he was stunned.

Chapter: 1669

"He He....."

Uncle Zhong pointed at Chen Ping and was so frightened that he could not speak.

Chen Ping also recognized Uncle Zhong and raised the corner of his mouth slightly: "It seems that you recruited these people?"

"He is Chen Ping, he is Chen Ping..."

Uncle Zhong finally shouted.

When several martial arts masters from the Ning family heard this, their expressions were instantly startled, and then their auras surged and they revealed their weapons.

Chen Ping reached out and slapped Uncle Zhong's head to pieces.

Chen Ping did this just to kill people and silence them. He knew that as the old butler of the Gu family, this loyal uncle must know the secret of the Demon Suppression Tower.

Although I don't know if this loyal uncle has revealed the secret of the Demon Suppression Tower, I still want to kill him first.

"If you dare to kill someone from my Ning family, you deserve to die..."

A martial arts master said with a ferocious face.

"Are you from the Ning family in Kyoto?"

Chen Ping frowned.

He did not expect that people from the Ning family would come here, but considering that Ning Zhi and Gu Kaiyuan were hanging out together and wanted to kill themselves, it was not surprising that people from the Ning family would come here.

“Since we know that we are members of the Ning family, why don’t we just arrest them without restraint, so as not to suffer physical pain...”

A martial arts master scolded Chen Ping.

“Huh, I’m killing people from your Ning family. It’s true that there is a way to heaven if you don’t take it, but there is no door to hell if you break in...”

Chen Ping said, he stepped forward and slapped the martial arts master who spoke.

Before the other party had time to react, he only felt a strong force coming, and then the whole person flew out.

The martial arts master’s chest was sunken, his eyes were wide open, and he was no longer breathing.

The remaining martial arts masters of the Ning family were shocked.

“You...don’t mess around...”

Several people were a little scared.

Chen Ping sneered: “You said don’t mess around, so I won’t mess around?”

Chapter: 1670

After saying that, Chen Ping’s figure disappeared in a flash!

Then several screams were heard.

Several martial arts masters could not survive a single move from Chen Ping.

Looking at the tragic deaths of several martial arts masters of the Ning family, Chen Ping smiled.

He found that he was becoming more and more proficient in both strength and combat experience.

As long as you practice hard and rescue your mother and Su Yuqi years ago, you should be very hopeful.

Chen Ping walked into the Demon Suppression Tower, stepping on the corpses of several martial arts masters from the Ning family.

As soon as he walked into the Demon Suppressing Tower, Chen Ping felt as if he was immersed in a hot spring, very comfortable!

At this moment, on the third floor of the Demon Suppressing Tower, Ning Zhi was sitting cross-legged, absorbing the aura in the Demon Suppressing Tower. Ning Zhi's strength was growing rapidly.

But just when Ning Zhi was immersed in practice, a dangerous aura suddenly rushed towards him!

Ning Zhi suddenly opened his eyes and stared at the stairs in front of him!

Da da da.....

There was a sound of footsteps on the stairs, which made Ning Zhi frown.

He had already told his subordinates not to let anyone in, but now someone actually came in inside the Demon Suppression Tower, which made Ning Zhi feel very strange.

“who?”

Ning Zhi shouted loudly towards the stairs.

But no one responded to him, and the footsteps were still heard clearly.

Ning Zhi stood up suddenly, his brows furrowed even deeper.

If someone breaks into the Demon Suppression Tower, his own men will definitely stop him. Who can break through the blockage of the hurried martial arts master?

Even if it could break through, there would be sounds of fighting, but Ning Zhi didn't hear any sounds.

Ning Zhi began to feel a little panicked.

In this area, the only people who can quietly eliminate their men and then enter the Demon Suppression Tower are the Luo family members.

"Is that Luo Xiang back?"

Ning Zhizai suspected that Luo Xiang had not really left, but was looking for an opportunity to kill him.
