

The Order 1681

Chapter: 1681

Performing such a spell is also a great challenge and loss for Ning Zhi.

But in order to kill Chen Ping, Ning Zhi had no choice but to fight.

The black light condensed, and the pressure continued to emit. All objects touched by this pressure turned into powder.

Waves of coercion spread, and even the ruins of the entire manor turned into powder at this moment. There was nothing in a radius of hundreds of meters. Even the bodies of ordinary people who were shocked to death by Ning Zhi's energy were not left behind. It turned directly into minced meat.

The Demon Suppression Tower not far away was roaring at this moment, seeming to be resisting this pressure.

Apart from Chen Ping and Ning Zhi, only the Demon Suppression Tower can still stand in the thousands of square meters of space.

Chen Ping felt this extremely strong pressure, and the bones in his body were constantly rattling.

This kind of pressure came one after another, giving Chen Ping no chance to breathe!

Just when Chen Ping was controlled by this coercion and the scales on his body continued to collapse, the earth suddenly trembled!

Chains as black as ink grew out like tentacles.

One, two...

A total of eighteen dark iron chains, emitting bursts of cold light, formed a cage, trapping Chen Ping in it.

These iron chains seemed to come from the eighteenth level of hell, and even on the iron chains, the screams of ghosts from hell could be heard.

The soul-stirring shouts made one's scalp numb and the whole body trembling!

“What a great Immortal Killing Formation, but I don't know if it can trap a true immortal like me...”

After Chen Ping finished speaking, the dragon crystal on his chest began to flicker, and the power of the dragon exploded, forming giant dragons that wrapped around Chen Ping's body.

Just when Chen Ping's divine dragon power broke out, the Demon Suppressing Tower suddenly trembled, and then many dense light spots flew out from the Demon Suppressing Tower.

These light spots were clearly visible even for half a day. Billions of light spots kept getting closer, and finally gathered together and entered Chen Ping's body.

Ning Zhi's pupils shrank, his eyes filled with disbelief!

He didn't know what these light spots that suddenly flew out of the Demon Suppression Tower were.

The power in Chen Ping's body continued to grow, and giant dragons let out dragon roars and soared into the sky from Chen Ping's body.

Eighteen giant dragons were directly wrapped around the eighteen black iron chains. The golden light emitted from the giant dragons formed a sharp contrast with the cold iron chains.

Ning Zhi stared at the scene in front of him and opened his mouth involuntarily.

“Dragon crystal? The power of the dragon?”

Chapter: 1682

Ning Zhi's eyes were full of greed and anger!

If it weren't for Chen Ping, this dragon crystal would be his, and these terrifying dragon powers would also be his.

Now these have become Chen Ping's capital!

Chen Ping's body continued to emit light, and a bead flashing with five-color brilliance flew directly out of Chen Ping's body.

When this bead appeared, it instantly shone brightly, and a peaceful force enveloped it instantly.

"Is this my own golden elixir?"

Chen Ping looked at the beads in front of him and felt a little incredible, especially the peaceful power emanating from the beads, which made Chen Ping feel very comfortable.

The iron chains that were originally extremely cold and filled with wailing ghosts were now silent under the irradiation of this peaceful force, and slowly the iron chains retracted back into the ground!

The chains returned to the ground, and the giant dragons roared and disappeared into Chen Ping's body in an instant.

Ning Zhi frowned and looked at the shining beads in front of him, his eyes full of surprise.

He doesn't know what a golden elixir is!

In his eyes, this should be another treasure of Chen Ping, because there are too many treasures in Chen Ping's body.

Whether it's the dragon-slaying sword or the storage ring, whether it's the dragon crystal or the bead in front of you, each one is a priceless treasure.

Ning Zhi's eyes turned red when he saw it, he was so envious!

"Chen Ping, if you die, these treasures will be mine, they will all be mine..."

After Ning Zhi finished speaking, the black halo above his head emitted a ray of brilliance, and this ray of light contained a strong killing intent.

The black light emitted is like a laser, destroying everything it penetrates!

Seeing this, Chen Ping slowly stepped forward with his hands, and the golden elixir slowly fell into Chen Ping's palm.

Waves of gentle power swept through Chen Ping's body.

Condensing it into a golden elixir means that he has embarked on the path of cultivating immortality.

This gentle force should be immortal power!

This power was waved gently by Chen Ping, and it instantly flew towards the black brilliance.

Two forces that can destroy heaven and earth, and the energy they erupt when they come into contact is terrifying.

But when the two forces really came into contact, there was no imaginary landslide or ground crack, and not even a sound was made.

Chapter: 1683

The black brilliance disappeared at the moment of contact. The black halo above Ning Zhi's head also shivered, became fragmented and disappeared.

“This this.....”

Ning Zhi's eyes widened and he couldn't believe his own eyes.

He didn't understand what kind of treasure the bead in Chen Ping's hand was, and how could it be so powerful?

“What treasure is that in your hand?”

Ning Zhi couldn't help but asked Chen Ping curiously.

Chen Ping looked at his golden elixir and smiled lightly: “I will tell you when you die...”

Chen Ping opened his mouth and swallowed the golden elixir, and then the peaceful power disappeared!

Ning Zhi looked at Chen Ping in disbelief. For a moment, Ning Zhi thought he was standing in front of a real immortal.

“Your Immortal Killing Formation is not very good. It can't even trap a mortal like me...”

After Chen Ping finished speaking, his right hand flashed with golden light, and then he slapped Ning Zhi with his palm.

He had just given Ning Zhi a way out, but unfortunately Ning Zhi was not rare, so now he had no choice but to kill him.

Feeling the terrifying aura coming towards him, Ning Zhi was extremely frightened, and he did not dare to continue fighting with Chen Ping.

He has no trump cards. If he stays, death is waiting for him...

Ning Zhi put his hand into his arms, and then took out the Qiankun Circle.

When Chen Ping saw Ning Zhi taking out the Universe Circle, he immediately knew that this guy was going to use the Universe Circle to escape.

Then his figure flashed and he was slapped hard with a palm.

Bang...

Chen Ping hit Ning Zhi on the chest, and Ning Zhi's body flew backwards instantly.

The moment his body flew out, Ning Zhi endured the severe pain and threw the Qiankun Circle in his hand.

Then a dark hole appeared in mid-air, and Ning Zhi's body entered the hole directly, and then disappeared.

"Damn it, let him escape..."

Chen Ping cursed, feeling envious of the Qiankun Circle in Ning Zhi's hand. If he had such a spatial magic weapon, he would be able to escape quickly when in danger.

Ning Zhi escaped dozens of miles in one breath before he dared to stop.

Chapter: 1684

Panting heavily, Ning Zhi's chest was still aching!

Just now, in order to escape for his life, Ning Zhi forcefully took Chen Ping's palm.

"Chen Ping, we are not done yet, I will make you pay the price..."

Ning Zhi's face was filled with anger!

But thinking of Chen Ping's glowing bead at the end, Ning Zhi was filled with envy.

He didn't know what kind of magic weapon it was, but it was so powerful!

"How many secrets does this Chen Ping have?"

Ning Zhi frowned tightly.

After resting for a while, Ning Zhi left quickly again, fearing that Chen Ping would catch up.

A road of dozens of miles may be very far for ordinary people.

But for them, it only takes a moment to arrive.

At this moment, Chen Ping has already entered the Demon Suppressing Tower to practice!

He had no interest in chasing Ning Zhi and wasting his precious time.

.....

Mobei, Luo family!

Luo Xiang closed his eyes slightly, still basking in the sun, but at this time, he was thinking about other things.

“Luo Jiu, why do you think Ning Zhi traveled thousands of miles to Xichuan to practice? And he also took over Gu Kaiyuan’s manor?”

Luo Xiang asked the servant next to him.

He had been thinking about this matter since he came back from Xichuan. After Gu Kaiyuan died, Ning Zhi would never be kind enough to repair the manor for Gu Kaiyuan’s family.

As for what Ning Zhi said about the beautiful environment in Xichuan, that was pure fart. Luo Xiang didn’t believe it at all. What kind of environment was there in that barren place in Xichuan?

“Master, I always feel that there is something wrong with the tower in the Gu family manor. In such a huge manor, all the buildings have been rebuilt, but the tower is still very old.”

“Maybe Ning Zhi came here for that tower. As for the purpose of that tower, I don’t know.”

Luo Jiu explained carefully.

“Yes, I have thought of this too. I also suspect that there is something wrong with the tower. I have been to the Gu family manor several times and have never seen that tower before. It seems to be a very old building in that location.”

Chapter: 1685

“I also asked Gu Kaiyuan at the time why there was such an old building in the manor. Gu Kaiyuan just said that it was their Gu family ancestral hall, so it couldn’t be demolished even if it was old!”

“Now it seems that the old building is just a cover. The tower must be wrapped inside, and that tower must have some secret...”

Luo Xiang stood up suddenly, his eyes sparkling with light!

“Gather people immediately and follow me on a trip to Xichuan...”

Luo Xiang wants to go to Xichuan again to find out the secret.

This is his territory. If that tower really has a secret, he will never let Ning Zhi get it.

Although the Ning family is a wealthy family in Kyoto, this is not Kyoto, and the Ning family’s hands cannot reach here.

Just when Luo Jiu was about to gather people, a servant suddenly ran over in a hurry, and then reported to Luo Xiu: “Young Master, there is someone outside the yard asking to see you...”

“See me?” Luo Xiang was stunned: “Who is he?”

“He said that he is Ning Zhi from the Ning family in Kyoto, and he came here specifically to see the eldest young master, but it seems that this person is injured...”

The servant replied.

“Ning Zhi...”

Luo Xiang was a little surprised, then waved his hand: “Invite him to the hall, I will be there soon!”

After the servants left, Luo Jiu immediately stepped forward: “Young Master, does Ning Zhi suddenly come to you for any purpose?”

“Let’s take a look first. This is the Luo family. Even if Ning Zhi has some little Jiujiu, what else can he do to me...”

After Luo Xiang finished speaking, he walked towards the hall.

At this time, Ning Zhi was sitting in the hall drinking tea, his face looked very ugly.

Ning Zhi was injured and ran here in one breath. He did not return to Kyoto. He wanted to use the Luo family to get rid of Chen Ping.

Although I don’t know what kind of hatred Luo Xiang has for following Chen Ping, when they first met, Luo Xiang thought he was Chen Ping and took action. The two people must have had a feud.

How did Ning Zhi know that Luo Xiang had no hatred for following Chen Ping? The reason why Luo Xiang wanted to challenge Chen Ping was just out of vanity!

When Luo Xiang appeared in the hall, Ning Zhi hurriedly put down the tea and stood up.

“Master Luo...”

Ning Zhi greeted Luo Xiang very politely.

“It turns out to be Young Master Ning. I wonder why Young Master Ning came to my little Luo family? It seems like you are injured?”

Chapter: 1686

Luo Xiang looked at Ning Zhi with a joking look on his face: “Does anyone dare to be rude to you, Master Ning, in that barren land of Xichuan?”

Ning Zhi didn’t take Luo Xiang’s ridicule seriously. As the saying goes, people have to bow their heads under the roof.

“Master Luo, aren’t you looking for Chen Ping? I am here to tell you Chen Ping’s whereabouts.”

Ning Zhi said calmly.

“Oh, so the injuries on your body were caused by Chen Ping?”

“But I have no grievances with that Chen Ping. It’s useless for you to tell me his whereabouts. I won’t deal with that Chen Ping for you.”

“Aren’t you awesome? Why don’t you go home and call someone to take revenge on Chen Ping?”

Luo Xiang put his face in front of Ning Zhi and continued to speak sarcastically.

Ning Zhi’s expression changed slightly, but he soon calmed down and said, “Master Luo, I am not coming to you this time to ask you to help me deal with Chen Ping.”

“I have a secret that I want to tell you, and it will definitely be a great good thing for your Luo family.”

Upon hearing this, Luo Xiang narrowed his eyes slightly and stared at Ning Zhi: “What do you want to say about the secret of the tower in the Gu family manor?”

After Ning Zhi heard this, he was stunned for a moment, and then blurted out: “How did you know?”

“Hahaha, I wasn’t sure just now, but now I’m sure. The tower in the Gu family manor does have a secret.”

Seeing Ning Zhi’s reaction, Luo Xiang burst out laughing.

Ning Zhi looked stern. He knew that he had been plotted by Luo Xiang. It turned out that Luo Xiang didn't know the secret of the Demon Suppressing Tower.

"You are right. The tower in the Gu family manor does have secrets. It is all thanks to that tower that I can break through to the peak of Wuzong in a short period of time."

Ning Zhi nodded and said.

"Is that tower so magical? What secrets does it hold inside?"

Luo Xiang asked curiously.

Ning Zhi looked around but didn't speak.

Luo Xiang understood instantly and ordered: "Everyone, please step back..."

"Master, be careful of fraud..."

Luo Jiu reminded Luo Xiang in his ear.

"What a fucking liar. Even if he is at his peak, he is no match for me. What's more, he is still injured. Get out of here."

Chapter: 1687

Luo Xiang waved his hand impatiently.

Soon, only Luo Xiang and Ning Zhi were left in the hall.

"You can say it now."

Luo Xiang asked lightly.

Ning Zhi gritted his teeth and finally told Luo Xiang all the secrets of the Demon Suppression Tower.

After Luo Xiang heard this, his eyes lit up.

“I didn’t expect that there is such a good thing in the Gu family manor. I wonder why Gu Kaiyuan’s strength has improved by leaps and bounds in recent years, and he even became the king of the northwest. It turns out it is because of that tower.”

Luo Xiang licked his lips and then said: “Master Ning, thank you very much for telling me this. Don’t worry. The tower in the Gu family manor belongs to my Luo family from now on. No one can touch it.”

“Of course that includes your Ning family. If you still want to occupy that tower, then you have to see if my Luo family agrees.”

Ning Zhi was stunned for a moment, then frowned and said, “Master Luo, aren’t you going to deal with that Chen Ping?”

“What should I do with him? As long as he gets out of Xichuan obediently, why should I deal with him? And it’s impossible for Chen Ping to move the entire tower?”

Luo Xiang said with a joking smile.

Luo Xiang is not stupid, he knows that Ning Zhi told him this just to let him deal with Chen Ping.

Since Chen Ping was able to injure Ning Zhi, he must be quite strong. Luo Xiang would not be stupid enough to provoke powerful enemies for the Luo family in vain.

But if he were on the ring, Luo Xiang really wanted to follow Chen Ping in two moves.

At this time, Ning Zhi was dumbfounded. He originally thought that if he told Luo Xiang the secret of the Demon Suppression Tower, Luo Xiang would help him deal with Chen Ping.

Now it seems that I was still naive.

But then Ning Zhi sneered, turned around and walked out.

“Since Mr. Luo doesn’t want to deal with Chen Ping, then I will find someone else. I believe some people will be greedy for the dragon crystal, storage ring, and dragon-slaying sword on Chen Ping.”

“Especially the dragon crystal in his body. It is the fusion of two dragon crystals, which has produced the power of the dragon...”

Ning Zhibian said as he walked out.

“Wait a minute!” Luo Xiang suddenly stopped Ning Zhi.

“Is there anything else, Mr. Luo?” Ning Zhi turned around and asked.

“Those things you just mentioned are all owned by Chen Ping? And that dragon crystal you mentioned, can it really produce the power of a dragon?”

Chapter: 1688

Luo Xiang asked with some disbelief.

“Of course, if Mr. Luo doesn’t believe it, you can just look for a video of Chen Ping’s battle on the martial arts forum. You can definitely see what I mentioned.”

Ning Zhi nodded and said firmly.

Luo Xiang looked at Ning Zhi and finally said: “Okay, as long as Chen Ping is still in Xichuan, there is absolutely no way he can leave.”

After Luo Xiang finished speaking, he directly called Luo Jiu in and ordered: "Immediately take people to the Xichuan Valley Manor and guard the tower for me. No one is allowed to enter. From now on, it will be my Luo family." The place."

"If you meet that Chen Ping, it's best not to conflict with him. I will arrive soon."

Luo Xiang was afraid that Luo Jiu was no match for Chen Ping, so he was trying to scare Chen Ping away. If Chen Ping left, it would be difficult to find him.

"Yes!" Luo Jiu nodded.

Seeing this scene, Ning Zhi smiled and left without saying anything else.

He knew that no one could hold back the huge temptation.

After leaving the Luo family, Ning Zhi's eyes flashed with coldness.

"Chen Ping, since I can't get it, I won't let you get it. I want everyone to be your enemy..."

Ning Zhi sneered in his heart.

Soon, an unsigned message suddenly appeared on the martial arts forum, saying that Chen Ping had swallowed the ice dragon and the flame dragon crystals, and the two dragon crystals merged, giving Chen Ping the power of the dragon in his body.

This news instantly exploded on the martial arts forum!

There are ice dragons and flame dragons in Suolong Island. Many people know this legend, and many people also know that dragon crystal can help practice and improve cultivation.

It's just that this is a legend after all. In addition, the cultivation level that dragon crystal can improve is not particularly obvious. Even the benefits brought by a dragon crystal are not as good as a beast pill.

So no one is willing to take disproportionate risks to get a dragon crystal.

This is why Guo Wei was very disdainful of the dragon crystal in Chen Ping's body at that time.

Now that we know that the fusion of two dragon crystals can actually produce the power of a divine dragon, this suddenly makes many people regret it.

It's just that these people don't know that even if they really swallow the dragon crystal and fuse it, they will not produce the power of the dragon. This dragon crystal can only exert its strength in Chen Ping's body.

For a time, many people in the martial arts world began to pay attention to Chen Ping, looking for Chen Ping's whereabouts, and planned to take the dragon crystal in Chen Ping's body as their own.

At this time, Chen Ping was still immersed in training in the Demon Suppression Tower and had no idea about what was happening on the martial arts forum.

The deserted Gu family manor!

Chapter: 1689

At this moment, several people were approaching quickly.

These people were brought by Luo Jiu from the Luo family to investigate the situation.

Looking at the Gu family manor with no ruins in front of him, Luo Jiu thought that he had gone to the wrong place!

If it weren't for the Demon Suppressing Tower not far away, Luo Jiu wouldn't have recognized him at all.

Yesterday it was fine here, and it looked like it was busy with construction.

Today there is nothing, not even rubble, just dust everywhere.

Luo Jiu and others stepped into the Gu family manor. The moment they stepped in, Chen Ping, who was originally practicing in the Demon Suppressing Tower, instantly opened his eyes.

While Chen Ping was practicing, he had already set up formations around the Gu family manor.

If someone breaks in, Chen Ping will know it immediately.

Otherwise, if you are immersed in cultivation, it will be very dangerous if someone suddenly attacks you.

A ray of consciousness spread out, and Chen Ping instantly spotted Luo Jiu and the others approaching the Demon Suppressing Tower.

There were five people in total, all of them were Wuzong.

Among them, Luo Jiu is close to the peak of Wuzong.

“Who are these people?”

Chen Ping frowned slightly, wondering who these people were who suddenly broke in.

He could feel that these were not people from the Ning family, and it was impossible for Ning Zhi to send people from the Ning family in Kyoto in such a short period of time.

What’s more, even Ning Zhi, who is at the top of his martial arts sect, is no match for him, so how could he send these weaker people to die!

Chen Ping slowly stood up and walked towards the outside of the tower.

At this time, Luo Jiu was also leading people towards the Demon Suppression Tower.

“Brother Ninth, why did the Gu family manor suddenly become like this? I noticed that the powder on the ground should be from the previous buildings, which were directly shaken like this by the force.”

“How terrifying is this power that can destroy such a large manor like this?”

“Look at that tower, it’s still standing intact. I guess there must be something weird about that tower!”

Several servants of the Luo family said in confusion.

Luo Jiu glanced at a few people and said, “If you don’t want to die, just shut your mouth...”

Chapter: 1690

Luo Jiu’s words made several people shut up in fear.

Soon, Luo Jiu and the others arrived at the Demon Suppressing Tower. From a distance, Luo Jiu saw a figure under the Demon Suppressing Tower.

Chen Ping also discovered them, and then set his sights on Na Luo Jiu.

Luo Jiu approached and found that it was Chen Ping standing under the tower. He couldn’t help being slightly startled, but Luo Jiu pretended not to know Chen Ping, and then asked: “Who are you?”

Chen Ping said calmly: “I am the owner of this manor? You broke into my manor privately. What are you doing here?”

“Are you the owner of this manor?”

Luo Jiu suddenly sneered: "This manor belongs to the Gu family. Now that Gu Kaiyuan is dead, because Gu Kaiyuan owed us money from the Luo family, we are here to take over his assets. Don't you belong to the Gu family?"

Chen Ping shook his head: "I am not from the Gu family, but now this manor is no longer named Gu. You should leave quickly..."

"Boy, you are too crazy. No one dares to refuse what our Luo family wants..."

At this time, a servant of the Luo family yelled at Chen Ping angrily.

Chen Ping just glanced at the man coldly: "I said, this is my territory now. I don't care whether you are a Luo family or not. If you don't want to die, get out..."

"you....."

Several servants of the Luo family were immediately angry and wanted to take action against Chen Ping.

But they were stopped by Luo Jiu. These Luo family servants didn't know about Chen Ping, but Luo Jiu knew about it. Now that they had a conflict with Chen Ping, they probably had no chance of winning.

"We are from the Luo family in Mobei. Our young master is ranked fifth on the Xiaoyao list. I hope you..."

Luo Jiu wanted to use Luo Xiang to threaten Chen Ping, but before he could finish his words, he was directly interrupted by Chen Ping: "I said, I don't care about your Luo family or the Gou family. If you don't want to die, just get out..."

"Damn it, kid, you're looking for death..."

The servant of the Luo family who spoke at the beginning immediately clenched his fists.

Snapped!

Just as the servant of the Luo family finished speaking, a figure flashed past, and then the body of the servant of the Luo family flew out instantly.

This slap directly caused the Luo family servant to fall heavily to the ground, spitting blood.

At this moment, everyone looked shocked, especially the servants of the Luo family who had just shouted. They all turned pale and did not dare to speak.

Being able to slap away a martial arts master with one slap shows that his strength is by no means ordinary.

“Chen Ping, do you want to be an enemy of my Luo family?”
