

The Order 1711

Chapter: 1711

Chen Ping said.

“Okay!” Jin Fusheng nodded.

.....

Wushan, located on the southwest border, has lush green trees all year round and a pleasant climate.

However, it is precisely this environment that makes the southwest a place full of poisons and evil cultivators.

In a natural cave in Wushan, there is an evil cultivator sect called Tiansha Sect. Because the martial arts circles everywhere hunted down evil cultivators, Tiansha Sect moved into the mountains to survive.

The history of Tiansha Sect is not long, but with the help of evil arts, Zang Qing, the leader of Tiansha Sect, has also reached the level of half-step Wuhou!

On this day, at the entrance of Tiansha Gate, a person appeared there!

As soon as he appeared, several people rushed out from nowhere and surrounded the visitor.

“Who are you?”

A guard in the Tiansha Gate asked.

“Go and report to your sect leader, Zhu Zhishan, leader of the Kyoto Martial Arts Alliance, asking for a meeting...”

Zhu Zhishan put his hands behind his back and said calmly.

When several guards heard that he was actually the leader of the Martial Arts Alliance, they all looked at each other in disbelief!

You must know that the Tiansha Sect and the Martial Arts Alliance are incompatible with each other.

The purpose of the establishment of the Martial Arts Alliance is to promote martial arts and eradicate evil cultivators.

“Why don’t you go quickly?”

Zhu Zhishan’s face turned slightly cold.

“You...you wait...”

One of the guards trembled with fright and hurriedly ran into the cave.

At this time, Zang Qing, the leader of the Tiansha Sect, was practicing Kung Fu. Around Zang Qing, countless skulls were flying in the air.

“Master, it’s not good. Master, it’s not good...”

The guards anxiously rushed into the place where Zang Qing practiced.

Zang Qing’s eyes opened, and then he grabbed the guard with his claws.

Chapter: 1712

A huge suction force directly sucked the guard in front of Zang Qing, and Zang Qing's hands firmly grasped the guard's neck.

"How many times have I told you not to disturb me when I'm practicing..."

Zang Qing looked angry.

The guard's face turned red and he said with a frightened look on his face: "Master, the martial arts alliance is here..."

After the guard stuttered, Zang Qing's expression changed and he let go of the guard.

"what happened?"

Zangqing asked.

"Cough cough cough..."

The guard coughed, and then said: "Leader, there is a person coming outside, claiming to be the leader of the Kyoto Martial Arts Alliance, his name is Zhu Zhishan, and he wants to see you..."

"Is he the only one?"

Zangqing continued to ask.

"Yes, I just saw one person!" The guard nodded.

Zang Qing frowned: "What did he do to see me? How did he find this place?"

Although there is only one person, Zang Qing knows the strength of Zhu Zhishan. If there is a fight, Zhu Zhishan can turn the Tiansha Sect upside down.

After hesitating for a moment, Zang Qing stood up and followed the guard out.

Now that everyone has found the entrance to the cave, Zang Qing knows that hiding is impossible.

Zang Qing followed the guard to the door and saw Zhu Zhishan waiting alone at the door.

Zang Qing took a look at Zhu Zhishan, and then winked at the guard on the side.

The guard nodded and immediately left thinking about the distance.

It should be checking to see if there is any ambush in the distance.

“No need to check, I came here alone!”

Zhu Zhishan said with a faint smile.

“Alliance leader, we Tiansha Sect have all hid in this cave, why do you still want to kill them all?”

Zang Qing asked warily.

Chapter: 1713

Zhu Zhishan smiled: “Who said I came to kill you? I just came to talk to you about something!”

“Talk about something?” Zang Qing looked incredulous: “The dignified leader of the Kyoto Martial Arts Alliance wants to talk about something with my Tiansha Sect?”

“We are evil cultivators. In the eyes of you people, we are aliens and will be killed. How can you talk to us about things?”

“I said, I’m here to talk things over. If I want to kill you, why should I talk nonsense to you? Even if I do it myself, who among you Tiansha sect can stop me?”

Zhu Zhishan said very arrogantly.

However, he has arrogant capital. With his strength, no one in the Tiansha Sect can defeat him.

Zang Qing was stunned, but after thinking about it, it was the same, so he made a gesture of invitation: “I wish the leader of the alliance, let’s talk inside!”

Zhu Zhishan strode into the cave with Zang Qing, and then arrived at a hall. Zang Qing asked Zhu Zhishan to sit down.

Zhu Zhishan took a look at the hall. Although it was not large, it was well decorated.

“Zhu Alliance Leader, if you have anything to do, tell me now!”

Zang Qing asked Zhu Zhishan.

Zhu Zhishan looked at the guards around him and smiled lightly: “Master Zangmen, what I said is confidential, so I don’t want others to know.”

When Zang Qing heard this, he frowned.

If everyone is kicked out, Zang Qing will be a little timid facing Zhu Zhishan alone.

Zhu Zhishan saw Zang Qing’s thoughts and sneered: “Master Zang, if I kill you, even if these guards are here, they can’t stop me...”

“You all stand down!”

After hearing this, Zang Qing waved his hand and told all his men to retreat.

After everyone retreated, Zang Qing looked at Zhu Zhishan: “Zhu Alliance Leader, can you say it now?”

“I’m here to ask you to kill someone.”

Zhu Zhishan said.

“Kill someone?” Zang Qing was stunned for a moment, then laughed: “I wish you, Alliance Leader, to stop joking. If your Kyoto Martial Arts Alliance wants to kill someone, why don’t you come to me?”

“Could it be that Leader Zhu wants to use me to kill people, and finally arrest me to pave the way for your own career?”

Zangqing is not stupid. There are many people in the Kyoto Martial Arts Alliance who are more powerful than him. If you want to kill someone, why bother looking for him?

What’s more, they are evil cultivators, and Zhu Zhishan came to find him to kill people. Aren’t they afraid of being known by other sects and families?

Chapter: 1714

A martial arts alliance leader cooperates with an evil cultivator. This is huge news.

So Zangqing thought that Zhu Zhishan just wanted to use him. After he killed someone, Zhu Zhishan was catching him to make achievements.

“Master Zangmen, you misunderstood. It’s just this person that I can’t do it myself, so I want to ask you to take action!”

Zhu Zhishan explained with a slight smile.

“It’s hard for you to take action. There are so many sects and aristocratic families in your martial arts alliance. Can’t you just find someone at random? But you just found me?”

“Who would believe that there is no conspiracy here? Let’s not talk about this matter!”

Zang Qing looked determined, he would not kill anyone for Zhu Zhishan.

Zhu Zhishan’s face turned slightly cold, and then he looked at Zang Qing: “Zang Sect Master, why don’t you think about it?”

“No, even if you cleanse my Tiansha Sect with blood today, I will not be used by you...”

After Zang Qing finished speaking, he was already ready for the challenge.

“What if this is an order? You don’t listen?”

Zhu Zhishan stood up slowly, his eyes filled with coldness!

“Order?” Zang Qing snorted coldly: “I’m not from your martial arts alliance, what qualifications do you have to order me?”

“Am I not qualified?”

Zhu Zhishan sneered, slowly took out a token, and then showed it in front of Zang Qing.

When Zang Qing saw the token, he was stunned and his eyes widened.

“This...this is...”

Zang Qing opened his mouth and wanted to say something, but Zhu Zhishan stopped him with a gesture.

“Your Tiansha Sect is so hidden, why don’t you think about it, why did I find it so easily?”

Zhu Zhishan’s face was filled with pride: “Now, can you listen to my order?”

Zang Qing had not yet woken up from the shock, but he still lowered his head: “I accept your orders!”

“Okay, I have information on the person you want to kill. Regardless of whether you can kill him or not, you are not allowed to mention my name. Just treat me as if I have never been here. Do you understand?”

Zhu Zhishan took out an envelope and threw it on the table.

“Yes!” Zang Qing said respectfully.

Chapter: 1715

Zhu Zhishan left, and Zangqing picked up the envelope and opened it. There was a photo inside, it was Chen Ping!

Zang Qing just glanced at it twice and put the envelope away, but at this time, he was still in shock.

The leader of the Martial Arts Alliance actually has another identity...

.....

On the martial arts forum, there were suddenly many posts looking for Chen Ping’s whereabouts.

Moreover, the bounty amounts are getting bigger and bigger, and some people even use various elixirs and resources in exchange for Chen Ping's whereabouts.

At this time, almost many people in the martial arts world were looking for Chen Ping's whereabouts.

Even some innate warriors, masters and the like were looking around.

Now Chen Ping has become a fragrant steamed bun.

At this time, in the hall of the Dong family in Kyoto, Dong Liqun, the head of the Dong family, was sitting on a chair, while Dong Jiahao stood aside.

"Jiahao, I heard that you have a good relationship with Chen Ping. Do you know where he is?"

Dong Liqun asked.

"Dad, why are you asking this? Are you also interested in the treasures on Chen Ping's body?"

Dong Jiahao asked.

"Asshole, our Dong family doesn't have any treasures, how could I do such a thing as a rooster and a dog robber!"

Dong Liqun's face turned cold, which made Dong Jiahao's body tremble continuously.

"I just admire Chen Ping and want to meet him. This man is a rare talent."

Dong Liqun's eyes showed envy: "If you can have half of Chen Ping's talent, our Dong family will have hope for success."

“Dad, I have worked very hard now!” Dong Jiahao rolled his eyes, and then continued: “I don’t know where Chen Ping is during this time, but I can ask, so many people are looking for him. He is probably hiding.”

“Well, please inquire carefully. If you can find Chen Ping, you can bring him to your home. In our Dong family, I don’t think many people would dare to break into our Dong family to ask for someone.”

Dong Liqun said calmly.

“Okay, I’ll go find out right now!” Dong Jiahao nodded and then walked out.

After Dong Jiahao left, the housekeeper beside Dong Liqun immediately leaned into Dong Liqun’s ear and whispered a few words!

Dong Liqun’s expression changed slightly: “So, it was really that boy from the Ning family who spread the news?”

Chapter: 1716

“Yes, even though Ning Zhi used his signature, I still found it, and Ning Zhi was injured. It was probably Chen Ping who did it. It seems that the Ning family has long known the secret of the dragon crystal on Chen Ping’s body. ”

“And I also found out that Chen Ping had followed Ning Zhi and the northwest king Gu Kaiyuan to Suolong Island. Now the Gu family has been in ruins, Gu Kaiyuan is dead, and Ning Zhi can’t defeat Chen Ping, so he Spread the secret.”

“The purpose is to make Chen Ping the target of public criticism, let everyone pay more attention to Chen Ping, and then assassinate him...”

The butler said softly.

“Well, this boy from the Ning family is indeed insidious. He is much more powerful than the Hao family. We have to work hard to find Chen Ping first.”

Dong Liqun narrowed his eyes slightly, his eyes flashing with light!

“Master, do you really plan to find Chen Ping and let him stay in the Dong family, and we will give him shelter? Do you really not want the dragon crystal on Chen Ping?”

the steward asked.

“Protect him?” Dong Liqun raised the corner of his mouth: “That Chen Ping offended the martial arts alliance and the Long family, and now he has almost caused the entire martial arts world to pursue him. How can our Dong family have the strength to protect him!”

“You also know Jiahao’s temperament. If I didn’t say this, how could he be willing to find that Chen Ping? When I find that Chen Ping, I will first get the dragon crystal. As for Chen Ping’s life or death, even if I don’t kill him, I believe he won’t live long.”

“I’m still smart...” The housekeeper immediately flattered him.

.....

On the vast sea, a luxury cruise ship floats on it.

Except for some staff, Chen Ping was the only one on the huge cruise ship.

Chen Ping locked himself in the room and began to practice continuously.

If he could cultivate Yuanying years ago, Chen Ping would be sure to rescue his mother and Su Yuqi.

It’s just that it is extremely difficult to cultivate the Nascent Soul.

At the Nascent Soul stage, one almost has an immortal body.

As long as the Nascent Soul does not die, even if the physical body is destroyed, it can still be reshaped.

By the time you reach the Nascent Soul stage, you can almost become an immortal immortal in the eyes of ordinary people.

At this time, in the control room of the cruise ship, several staff members were chatting.

Because the cruise ship floats on the sea, they don't need to operate anything. They just eat, sleep, and chat casually every day.

Anyway, they get paid, and the wages are very high, so these staff are also very happy.

"Xiao Mao, what do you think the boss thinks? For such a big cruise ship, it only takes one person, and it floats on the sea all day without leaving. Isn't this cruise ship a waste?"

Chapter: 1717

"Stop talking, maybe someone has already paid for it, or even bought the cruise ship. We just have to go to work and clock in to make money."

"That's right, it's so relaxing. Just float on the sea all day long and don't encounter pirates. I heard that the pirates on Skull Island are very cruel. They roast people and eat them directly."

"Stop talking nonsense. It's all lies. Where is the Skull Island? I've been running around for so many years and I haven't encountered any pirates."

While several staff members were chatting, several speedboats suddenly appeared on the sea around the cruise ship.

The speed boats are very fast, and there is a white wave behind each speed boat!

Just as several speedboats were about to hit the yacht, they saw several figures jumping up from the speedboats.

On a cruise ship more than 20 meters high, several people jumped onto the deck without using any tools.

If the staff saw this scene, their jaws would definitely drop.

These people were all wearing black clothes, with a skull pattern embroidered on the left chest of the clothes.

After getting on the cruise ship, several people went straight to the control room.

He kicked open the door of the control room and took control of several staff members.

Seeing someone suddenly barging in, especially the way they were dressed, several staff members were frightened and trembling all over.

Because they had heard that the pirates on Skull Island wore this kind of clothes.

They didn't believe it just now, but now that they saw these pirates actually appearing in front of them, they were all frightened.

"How many people are on your ship? Gather them all on the deck..."

A pirate with a red skull on his left chest yelled at a staff member.

The staff member's legs were so frightened that he would have collapsed on the ground if someone hadn't been carrying him.

“Brother... there is only one passenger on our cruise ship. Counting our staff, there are only fifteen people...”

The staff member said awkwardly.

Snapped!

I saw the pirate slap the staff member hard.

“Damn you, who are you kidding? On such a big cruise ship, only one passenger can go out to sea?”

The pirate obviously didn’t believe it.

The staff member was slapped, his mouth was bleeding, and he said with an aggrieved face: “Brother, really, there is only one passenger. If you don’t believe me, you can go and check...”

Chapter: 1718

Seeing this, the pirate winked at the other pirates, who ran directly to check.

Soon, all the staff were rushed to the deck. At this time, Chen Ping was practicing cross-legged in a room.

Boom...

Suddenly there was a loud noise and the door was kicked open violently.

Chen Ping suddenly opened his eyes. Before Chen Ping could move, two shining knives were already placed on Chen Ping’s neck.

“Don’t move, I will chop you to death...”

Chen Ping glanced at the people who came in. They were all wearing black clothes, and their auras exuded the strength of a grandmaster.

Originally, Chen Ping wanted to take action, but feeling that these two people were just small masters, Chen Ping gave up the plan.

He knew that these people were definitely not looking for him. After all, no one would send two people with the strength of a grandmaster to look for him.

Isn't that the same as committing suicide?

"Brothers, who are you? Whatever you want, just tell me, as long as you don't hurt me!"

Chen Ping asked pretending to be scared.

"We are the pirates of Skull Island. If you fall into our hands, consider yourself unlucky!"

After one of the pirates finished speaking, he picked up Chen Ping and brought him to the deck.

"Head, there is really only one passenger..."

After arriving on the deck, a pirate said to the pirate with a red skull on his chest.

Looking at the dozen or so shivering people in front of him, the pirate with the red skull on his chest frowned.

"Damn, what a bad luck!" After cursing, he then said: "Just these people, take them all back."

“Boss, these guys are all ordinary people, not even a warrior. I wonder if the boss will be angry after we go back?”

one pirate asked cautiously.

“Let’s talk about it when we get back!”

The pirate with the red skull on his chest waved his hand impatiently.

Soon, the cruise ship started and headed in the direction of the sun.

Chen Ping and the others were locked in a room again. The staff inside were trembling with fear, and some were still crying.

Chapter: 1719

Only Chen Ping looked out the window at the endless sea with an indifferent expression.

Chen Ping was a little confused. As a master, why did he become a pirate?

Although the strength of a grandmaster is nothing at all in the martial arts circles of some big cities, it is still very powerful in some small third- and fourth-tier cities.

Small cities like Nanhua City and Hongcheng have developed economies, but there are not many martial artists in the martial arts world, and even fewer masters.

The master’s strength is admired in a small place like this. How could he go to the sea and become a pirate?

I can’t remember how long we drove, but slowly a small island appeared in everyone’s sight.

I saw that this small island was not large, with exposed rocks everywhere and almost no plants.

After getting close, Chen Ping and the others were driven onto the speedboat and then sailed towards the island.

After landing on the island, the island is full of animal skeletons scattered everywhere.

However, among these skeletons, Chen Ping keenly discovered that there were many human bones.

It's just that these skeletons are missing the skull.

And there is a strong smell of blood on this small island.

Looking at the bones scattered all over the mountains and plains, the legs of the cruise ship staff became weak and they had to be carried away.

After walking for more than ten minutes, Chen Ping saw several houses piled up with stones in a relatively flat area.

The pirate with the red skull on his chest walked straight towards a relatively large house.

Chen Ping and the others were locked up.

When the pirate entered the largest house, there was a man with disheveled hair sitting inside.

Looking at the man's hair, it looked like it hadn't been cut for several years.

The body smelled of blood.

This man is the pirate leader on Skull Island, named Batu.

Seeing the pirates coming in, Batu frowned slightly.

“Xue Hand, why did you come back so soon this time? How was the harvest?”

Batu asked the pirate coldly.

“Boss, this time we got a cruise ship, but there are no tourists, only fifteen people!”

Chapter: 1720

Xue Hand said cautiously.

“What? Fifteen people?”

Batu’s anger instantly erupted: “What’s the use of fifteen people? My magical power is at a critical moment now, and I must have fifty people!”

“Boss, please calm down. I’ll take someone to look for you right away...”

Xue Hand trembled with fear.

“Forget it, I’ll go to the sea in person in two days!”

Batu waved his hand and then asked: “Are there any warriors among these fifteen people?”

Xue Hand shook his head: “No, they are all ordinary people.”

Upon hearing this, Batu frowned even deeper, and after thinking for a moment, he said: “Which company does the cruise ship belong to? Find a way to contact them and ask them to redeem it, and then we can detain everyone who comes!”

“knew!”

Bloody Hand nodded and then left.

Batu had a depressed look on his face. With the energy of fifty more people, he would be able to step into the Wuzong in one step, and his strength would make a qualitative leap!

Originally, Batu and the others were all evil cultivators, but later they were hunted down and forced to come to this deserted island.

It was later renamed Skull Island, and Batu lived on Skull Island by robbing at sea.

Materials are scarce on Skull Island, and there are almost no resources for cultivation, so the essence of living people has become Batu's only resource for cultivation.

At this time, Chen Ping, who was locked in the stone house, his consciousness spread, and he quickly understood the situation of the entire island clearly.

And in a place near the sea in the southwest of Skull Island, there is so much gloom there that there should be many bones buried underground.

Just when Chen Ping's consciousness spread and he headed towards the largest stone house.

Batu, who originally looked depressed, suddenly stood up.

Then he looked around nervously.

Because he just felt an extremely dangerous aura.

Although this breath disappeared briefly, he was still aware of it.

Batu frowned and his face became extremely ugly.

This kind of aura would never be exuded by his men.
