

The Order 1961

Chapter: 1961

Ning Dahai's face turned red, but he was speechless, so he looked at Mr. Shi, hoping that Mr. Shi could help him speak.

"Chen Ping, what if I don't allow you to challenge the Ning family now?"

Mr. Shi asked Chen Ping.

"Then I won't challenge, but I will still kill everyone in the Ning family, even if I suffer official suppression..."

Chen Ping said with murderous intent.

As soon as Chen Ping's words came out, everyone was shocked. This was a blatant provocation to Mr. Shi's majesty!

Challenging the majesty of the officialdom, asking who dares to go against the officialdom, I am simply tired of living!

"Aren't you afraid that I will kill you?"

Mr. Shi said with a slightly cold expression.

Chen Ping shook his head: "Before you kill me, I will make everyone in the Ning family go to hell..."

Everyone looked at Mr. Shi. After Chen Ping had finished speaking, they looked at Mr. Shi's reaction.

But Chen Ping dared to speak like this, and everyone admired him!

After a moment of silence, Mr. Shi suddenly turned to look at Ning Dahai: "How about it, I told you, this kid is very stubborn, he may not listen to what I say, you have also seen it, there is nothing I can do..."

After saying that, Mr. Shi turned around and left. He seemed to take two gentle steps, but soon he disappeared.

At this moment, Ning Dahai's expression turned extremely ugly. He did not expect that Chen Ping would dare to show Mr. Shi any face in front of everyone.

What Mr. Shi represents is the majesty of the official government. Doesn't this mean that the official majesty is damaged?

But after this incident, everyone became more aware of Chen Ping's position in Mr. Shi's heart!

If it had been anyone else, Mr. Shi would have slapped him to death.

"Chen Ping, are you really going to fight me to the death?"

After Mr. Shi left, Ning Dahai had no lobbyist and could only face Chen Ping and said.

"Who said it would be a dead end? You are no longer qualified to talk to me on an equal footing!"

Chen Ping's eyes were filled with contempt!

After hearing this, Ning Dahai said angrily: "Chen Ping, you are going too far. Don't think that you are not really afraid of you."

"If I weren't afraid that other sect families would take the opportunity to make trouble, I would have beaten you long ago!"

Chapter: 1962

Chen Ping sneered and said: “No one will raise a problem, because I will make your Ning family disappear, and your Ning family’s resources are also mine. Anyone who dares to rob me is my enemy!”

What Chen Ping said was very domineering. He was following the example of the entire martial arts community in Kyoto!

“Okay, today I will see how capable you are and how mad you are...”

I saw the aura from Ning Dahai’s body begin to surge out, and the terrifying energy began to fill the air!

Seeing this, the people around them stepped back one after another. The two Wu Hous took action. It was like a bombing scene. Anyone who got close would be in trouble.

Ning Dahai moved his hands, and then his body disappeared in a flash, and he fiercely grabbed Chen Ping’s chest.

Chen Ping looked at Ning Dahai, not moving at all. The golden light on his body flashed, and scales began to cover his body quickly.

At this time, the color of the scales on Chen Ping’s body became even more eye-catching.

Ning Dahai was very fast, but when Ning Dahai grabbed Chen Ping’s chest with his claw, Chen Ping was able to quickly activate the indestructible golden body.

You know, a few days ago, Chen Ping didn’t even have a chance to react.

Stab...

Ning Dahai’s five fingers were as hard as steel, but when he grabbed Chen Ping’s chest, he didn’t hurt Chen Ping at all. He didn’t even break the indestructible golden body!

The gleaming scales neatly covered Chen Ping's body, not a single one falling off.

"how so?"

Ning Dahai's face was full of surprise. You must know that with a blow a few days ago, Chen Ping's indestructible golden body almost collapsed, large scales fell off, and the luster also dimmed.

But today, his blow didn't cause any damage to Chen Ping, and he couldn't even break the indestructible golden body!

"You can't even break my body-protecting magic, how can you kill me?"

Chen Ping sneered.

Ning Dahai gritted his teeth and shouted angrily. Blood energy began to fill the sky, and then the blood energy condensed on Ning Dahai's palms.

Ning Dahai's palms were as bright red as if they had just been fished out of blood!

This is Ning Dahai's unique skill, Bloody Hand!

Then Ning Dahai jumped up and slapped Chen Ping with his palm.

Upon seeing this, Chen Ping's hand began to flash with golden light, and all the power of the dragon was concentrated on his palm.

After all, Ning Dahai is also a veteran Wuhou. Chen Ping, who has just been promoted to Wuhou, is not yet ignorant of Ning Dahai's strength.

Chapter: 1963

“Holy Light Fist!”

Chen Ping shouted angrily, and then a dazzling light emitted from Chen Ping’s palm.

This light is even worse than the sun in the sky!

boom!

There was a sound of blood mist filling the air, and Ning Dahai’s figure took a few steps back.

While looking at Chen Ping, he remained motionless, not even swaying.

At this moment, the strength of the two people was immediately distinguishable.

Everyone looked at Chen Ping in surprise, their eyes filled with disbelief!

“Hiss... Isn’t this Chen Ping too scary?”

“At such a young age, he can completely crush the veteran Wuhou. It’s incredible!”

“Genius, this Chen Ping is indeed a genius!”

Everyone was talking, they didn’t expect Chen Ping’s strength to completely crush Ning Dahai.

Originally, they thought that the two were equally powerful and would have a battle of the century!

There will always be hundreds of rounds of fighting, until the sky is dark and the earth is dark, before the winner can be determined!

But now, one can tell the level of strength with just one palm.

Ning Dahai's face was ugly. He could really feel the improvement in Chen Ping's strength with that palm just now.

This is not an improvement at all, at least an improvement of dozens of times.

With the improvement of a large realm, the strength will increase exponentially.

Ning Zhi, who was not far away, saw his father being knocked back by Chen Ping's palm, and his face became indescribably ugly.

He didn't know when he would reach Chen Ping's level.

"This kid is really a genius, but don't worry as I am here, I will make you a genius too..."

At this time, a hoarse and old voice sounded in Ning Zhi's mind.

Hearing this voice, Ning Zhi raised the corner of his mouth and a hint of pride appeared on his face.

Ning Dahai stared at Chen Ping with an ugly expression, but he was not in a hurry to take action, as if he was waiting for something.

Chapter: 1964

When Chen Ping saw that Ning Dahai was not attacking, he wanted to take the lead in attacking!

But as soon as Chen Ping moved, he felt something strange.

I saw that the golden scales on Chen Ping's body began to be dyed red by a burst of blood!

Chen Ping's body was also infected by this blood energy, and soon everything about Chen Ping turned red!

Everyone was shocked when they saw this sudden change.

Ning Dahai laughed: "Chen Ping, although your strength has become stronger, you have been poisoned by my blood, and you will die soon..."

It turns out that the blood mist that condensed on Ning Dahai's hands just now is poisonous. Although the real challenge is not to use poison, now it is a life and death battle, who cares about that.

Chen Ping stared at Ning Dahai. He didn't expect that Ning Dahai would use poison.

"You don't have to look at me like this. Weren't you very confident just now? Didn't you say that I can't kill you?"

Ning Dahai became more and more proud.

Chen Ping didn't speak, and the Heart Condensation Technique started to work quickly, and the blood poison in Chen Ping's body began to be absorbed into his body.

Ning Dahai watched the blood poison enter Chen Ping's body, and secretly breathed a sigh of relief!

The blood poison has entered the body, even if Daluo Jinxian comes, he can't be saved!

But Ning Dahai didn't know that those blood poisons had already become Chen Ping's resources.

At this moment, the blood poison turned into spiritual power under the action of the Heart Condensation Art, and was stored in Chen Ping's dantian.

Seeing the blood red color on Chen Ping's body getting lighter and lighter, Ning Dahai couldn't be happier.

Soon, Chen Ping died of drug poisoning, and he wanted everyone to witness this moment!

The golden light on Chen Ping's body slowly flickered, and the blood poison was completely absorbed.

"This blood poison of yours is really a good thing..."

Chen Ping's eyes were greedy, and the aura on his body exploded.

At this time, Ning Dahai was confused, and everyone was confused!

No one understood what was going on. They clearly saw that Chen Ping's body was invaded by blood poison. How could it be possible that nothing happened?

At this time, the aura in Chen Ping's body became even more surging and raging.

"You...you're not afraid of blood poison?"

Chapter: 1965

Ning Dahai looked at Chen Ping with shock on his face.

Chen Ping smiled coldly: "I forgot to tell you, I am the owner of Medicine God Valley. Do you think I will be afraid of your so-called blood poison?"

Chen Ping's words shocked Ning Dahai.

Ning Dahai didn't know about Chen Ping's relationship with Yaoshen Valley.

Ning Dahai doesn't know, but some people know. After all, Yaoshen Valley has always obeyed Chen Ping's orders!

"We have forgotten the identity of Chen Ping, the master of the Medicine God Valley. What kind of place is the Medicine God Valley? How could he be afraid of poisoning!"

"This is really a big deal in front of Guan Gong, I'm in trouble..."

"I don't know how many other identities this guy Chen Ping has."

Everyone was talking quietly.

But no one knows that the reason why Chen Ping is not afraid of this blood poison has nothing to do with his identity as the master of the Medicine God Valley.

Chen Ping simply didn't want everyone to know the secret of his Heart Condensation Technique.

Ning Dahai's face was gloomy. He knew that today's affairs would be difficult to deal with.

Even Chen Ping is not afraid of the blood poison, he looks like he is going to fight for his life!

"What else can you do?"

Chen Ping clenched his fist, and golden light flashed on his fist.

A golden dragon is wrapped around Chen Ping's arm. This is the power of the dragon being brought into full play.

"Holy Light Fist..."

Chen Ping shouted angrily, and then punched out.

The golden dragon let out a dragon roar and then rushed towards Ning Dahai.

A gust of wind instantly blew from the ground, and endless terrifying spiritual power, like sharp blades, instantly surrounded Ning Dahai's body.

Ning Dahai's eyes showed panic, and the energy in his body continued to release, forming a protective shield around his body!

The tinkling sound is endless!

Ning Dahai gritted his teeth and resisted.

But suddenly, a huge force hit Ning Dahai's chest hard, and Ning Dahai's body flew backwards instantly.

Chapter: 1966

boom.....

Ning Dahai hit the ground hard, creating a deep pit in the ground instantly.

Everyone looked at Chen Ping in horror, with disbelief on their faces. The power of this punch, just one punch, was so amazing!

“dad.....”

“master.....”

Ning Zhi and the Ning family all rushed over and helped Ning Dahai up.

There were blood stains on the corners of Ning Dahai's mouth, and his face was very pale.

"You all get out of the way..."

Ning Dahai's anger was also forced out and he pushed Ning Zhi away.

After taking two steps forward, Ning Dahai glared at Chen Ping, then took a deep breath, and then slapped his chest hard with his palm.

Immediately afterwards, a mouthful of blood spurted out from Ning Dahai's mouth.

Ning Dahai quickly waved his hands in the air, as if he was performing some kind of magic!

In an instant, terrifying auras rose up, and the mouthful of blood that Ning Dahai spurted turned into clouds of blood mist.

Ning Dahai suddenly opened his mouth and inhaled this blood mist into his body again!

"Chen Ping, you forced me to do this. I'm going to fight you..."

Ning Dahai stared angrily, and his whole body began to swell!

Soon, Ning Dahai's body turned blood red, like a bloody man.

Ning Dahai waved his hands, and soon a huge red mark condensed on his hands!

"Even if I spend my whole life, I will kill you..."

Ning Dahai's face was extremely gloomy, and the marks on his hands became brighter and brighter.

“Is Ning Dahai crazy? He actually started burning his own blood?”

“I guess Ning Dahai knows that if he doesn’t do this, it will be difficult to deal with Chen Ping!”

“Anyway, we are going to die. Is Ning Dahai planning to die together?”

Everyone was very surprised when they saw Ning Dahai like this.

Chapter: 1967

After all, it is not easy to cultivate to the level of Wuhou, especially for a veteran Wuhou like Ning Dahai.

It is impossible for many people to burn their essence and blood and waste their whole life’s energy like this.

“This is Ning Dahai’s Blood Demon Seal. He is using his blood essence to summon the Blood Demon to fight!”

“But after he performs this technique, he may not die, but he will become a useless person.”

“Chen Ping is in danger now...”

Someone saw the spell performed by Ning Dahai and said lightly.

When everyone heard this, their eyes widened in a hurry, for fear of missing a wonderful scene.

Chen Ping frowned slightly when he saw Ning Dahai’s appearance and the brighter and brighter marks on his hands.

Chen Ping seemed to be able to feel the strong breath of death from the mark.

It was as if there was a demon in that mark, breaking through the mark and rushing over at any time.

Soon, the blood-red mark grew larger and larger, until finally the mark on the whole person was as bright as a mirror!

And in this mark, a beast full of fangs was roaring.

Everyone looked at it in surprise, their eyes filled with disbelief. No one had ever seen Ning Dahai use the Blood Demon Seal.

“I am willing to use my blood as a sacrifice to give me infinite power...”

Ning Dahai roared at the beast in the mark.

Soon, the mark broke, and the beast full of fangs rushed out.

This shocked everyone, and many of them were timid and fled away in fright.

Blood was constantly dripping from the beast’s body, and the terrifying aura emanating from it made it difficult for everyone to breathe!

“Go and kill...”

Ning Dahai pointed at Chen Ping, then bit his fingertip, and instantly flicked a little blood onto the beast’s forehead.

“Roar.....”

The beast roared and looked at Chen Ping with eyes like bells.

Immediately afterwards, his body rose into the sky, like a big mountain, and rushed towards Chen Ping.

Rumble.....

Chapter: 1968

The beast's huge body moved towards Chen Ping to suppress it.

The bloody smell and murderous aura filled the entire sky, and the beast jumped into the sky, bringing up an endless storm. The strong wind swept the bloody smell on the beast and kept approaching Chen Ping.

In front of this huge beast, Chen Ping's body looked so small.

Chen Ping looked at the huge beast, the golden light on its body kept flashing, and the power of the dragon continued to emanate from the dragon crystal.

Chen Ping gathered all the power of the dragon together and radiated it from his body!

The power of the dragon turned into a golden dragon, and then hovered above Chen Ping's head!

Everyone who saw this strange scene was once again shocked by Chen Ping.

Seeing the beast rushing over, the golden dragon above Chen Ping let out a dragon roar, and then suddenly rushed towards the beast.

It can be seen that when the golden dragon rushed towards the beast, the body of the beast obviously paused.

Rumble.....

The golden dragon's body instantly collided with the beast.

In an instant, the universe shook, the avenue roared, and the heaven and earth trembled.

You must know that the energy emitted by the collision between the golden dragon and the beast is not something that can be emitted by two Wu Hous fighting against each other.

Huge energy spread in all directions. People who originally thought they were hiding far away were hit by the sudden energy. Many people flew backwards. Even some with low strength had their bodies instantly shattered by this terrifying energy. !

Just watching the fun is risking your life, so without the strength, you can't even watch the fun.

Chen Ping gritted his teeth to resist the terrifying energy emanating from him, while Ning Dahai was blown back again and again!

boom!

There was another explosion, and the body of the extremely ferocious beast exploded in mid-air, then turned into specks of light and disappeared into the air.

And after the golden dragon let out a dragon roar, it instantly returned to Chen Ping's body.

Chen Ping let out a long breath. He did not expect that after breaking through the Nascent Soul, even the power of the dragon would be greatly enhanced.

Everyone looked at Chen Ping dumbfounded, and some people swallowed unconsciously.

You must know that Ning Dahai's Blood Demon Seal was achieved by burning blood and essence, even at the expense of a lifetime of energy.

And that beast represents Ning Dahai's craziest and peak state of strength.

But even with such strength, it is vulnerable...

Chapter: 1969

"How is it possible, how is it possible..."

Ning Dahai was completely desperate at this moment. He tried all his methods, but he still couldn't shake Chen Ping!

Chen Ping now is no longer the Chen Ping he was a few days ago.

A huge level of improvement in strength created a gap between the two people.

This gap in strength makes Ning Dahai no longer have any hope of winning.

"Is this all you have?"

Chen Ping looked at Ning Dahai coldly!

Ning Dahai didn't speak, but the aura on his body quickly weakened, and he soon became an ordinary person.

His hair instantly turned gray, like a dying old man!

Now Ning Dahai no longer looks like the head of a martial arts family, nor is he as arrogant as before!

Seeing this, everyone knew that Ning Dahai was defeated, completely defeated...

And those Ning family members were already extremely frightened at this moment, because Ning Dahai's defeat also heralded their death.

Plop, plop.....

The Ning family was kneeling together. They were kneeling to Chen Ping, begging Chen Ping to spare his life. They were also kneeling to Ning Dahai, hoping that Ning Dahai would save them!

At this moment, Ning Zhi, after seeing his father's defeat, a cold light flashed in his eyes, and he quietly slipped into the yard.

Then he passed through the secret passage of the Ning family and had already escaped!

Ning Dahai looked at the Ning family members who were kneeling down, his face full of despair and helplessness!

"Chen Ping, I lost. You can do whatever you want with me. I hope you can let them go and let my son go..."

Ning Dahai has long understood that he will not survive. He only hopes that Chen Ping can let the Ning family go!

"Do you think it's possible? Did your Ning family let the villain go?"

"Dozens of people in the Valley of the Evil have all died tragically. Their bones are still cold, and they all died for me. It is my responsibility and obligation to avenge them!"

Chen Ping's eyes were full of murderous intent. He would not let anyone from the Ning family go, because these people all had the blood of the Valley of the Wicked on their hands.

To be kind to your enemies is to be cruel to yourself.

Especially in the martial arts world, there is only life and death, no mercy.

Chapter: 1970

Chen Ping is not the Holy Mother. Anyone who provokes him will die...

“I can give you all the treasures and resources of the Ning family. There are also many magic weapons in my secret room. I will give them to you together. I just ask you to let my son go...”

At this time, Ning Dahai didn't even know that Ning Zhi had sneaked away a long time ago, and he was still worried about Ning Zhi.

“Ning Dahai, you are still worried about your son. Your son abandoned you and ran away long ago. He is probably far away now...”

At this time, someone among the crowd watching the battle shouted loudly.

Only then did Ning Dahai notice that Ning Zhi had already disappeared, and Chen Ping had just discovered it.

At first, Chen Ping's attention was on Ning Dahai and not on Ning Zhi, but he didn't expect this guy to escape.

When Ning Dahai saw that his son had escaped, instead of being angry, he burst into laughter: “Hahaha, this time, my Ning family will not die...”

“Even if your son escapes to the ends of the world, I will still take his life...”

Chen Ping's eyes narrowed slightly and he said in a cold voice.

“You can't kill my son, not because everyone here will die...”

Ning Dahai roared with a ferocious face.

Then he saw Ning Dahai's breath and began to applaud, and a light penetrated his skin and shone out from his chest.

This is the golden elixir in a warrior's body. Only when one reaches the realm of Wuhou can a golden elixir be generated. However, for warriors, only one in a hundred can generate a golden elixir.

A force that destroys the heaven and earth is constantly condensing on the golden elixir in Ning Dahai's chest!

"This Ning Dahai turns out to be Jindan Wuhou. He is going to self-destruct. Run quickly..."

At this time, some of the people watching the battle saw that Ning Dahai was going to blow himself up and began to run away desperately!

Soon, all those watching the battle ran away. The self-destruction of a Wuhou was probably more powerful than hundreds of tons of explosives.

"Chen Ping, this time, I will die with you..."

Ning Dahai roared at Chen Ping.

Just now, Ning Dahai would rather be killed by Chen Ping than blow himself up because Ning Zhi is here and everyone in the Ning family is here.

If he blew himself up, no one in the Ning family would survive, and neither would Ning Zhi.

Therefore, even if Ning Dahai dies, he will not blow himself up and die with Chen Ping!

But it's different now. Since Chen Ping has no intention of letting the Ning family go, and Ning Zhi has escaped, Ning Dahai doesn't have any worries.
