

The Order 1991

Chapter: 1991

“Alliance leader...”

These people saw Zhu Zhishan and all shouted respectfully.

“Chen Ping, I originally thought you were telling a joke, but I didn’t expect you to dare to break into our martial arts alliance. Do you really think that if you kill Ning Dahai, you will be invincible?”

“But you do have some abilities. You are considered a leader among the younger generation of warriors in Kyoto. It’s a pity that you are too crazy. You are so crazy that you dare to break into our martial arts alliance...”

Zhu Zhishan looked at Chen Ping, his face full of disdain and ridicule!

Chen Ping looked at Zhu Zhishan coldly, and murderous intent began to fill his body: “I’m here to ask for someone, not to listen to your nonsense...”

Chen Ping said, a terrifying atmosphere instantly enveloped the entire hall.

Those in the Martial Arts Alliance felt the cold aura, and their expressions changed.

Zhu Zhishan put away the disdain in his eyes and said with a cold expression: “You want someone? Who do you want?”

“Don’t fucking pretend to me. My girlfriend was arrested by your martial arts alliance. Are you still here pretending not to know?”

Chen Ping was so angry at Zhu Zhishan’s behavior that his whole body was trembling slightly with anger, and his eyes became scarlet.

Golden light flickered, and scales covered Chen Ping's body.

The terrifying aura on Chen Ping instantly made those in the Martial Arts Alliance feel oppressed!

“What did you say? I have no idea at all. I hope you won't slander our martial arts alliance...”

Zhu Zhishan is still pretending not to know anything.

“Fuck you, let me go...”

Chen Ping shouted angrily, and the terrifying aura instantly dispersed around him.

Those in the Martial Arts Alliance suddenly felt a gust of wind coming over them, and then they were all blown away.

Some of the weaker ones had their internal organs shattered and died of vomiting blood!

Zhu Zhishan frowned when he saw this scene: “Chen Ping, do you dare to kill people in our martial arts alliance?”

“Not only will I kill people, I will also destroy your martial arts alliance...”

The aura on Chen Ping's body continued to rise.

The raging aura continued to spread to the surroundings, and Chen Ping wanted to tear down the entire martial arts alliance.

It's just that no matter how Chen Ping's breath spreads to me, it can't shake the surrounding buildings. Now Chen Ping understands that this martial arts alliance is protected by a magic circle.

Chapter: 1992

Although the building cannot be damaged, those in the martial arts alliance can't stand it.

Everyone's expressions changed wildly, and some even had their bodies torn to pieces by the terrifying aura...

"presumptuous....."

When Zhu Zhishan saw this, his eyes widened and he punched Chen Ping.

"Well done, I will kill you today..."

Chen Ping gritted his teeth, a shining golden light erupted from his fist, and then he punched forward.

The terrifying power of the dragon burst out from Chen Ping's fist and hit Zhu Zhishan heavily.

boom!

There was a deafening sound, the ground shook, and the scattered energy was like a sickle, harvesting the lives of the martial arts alliance warriors around them.

There were bursts of blood splashing, ghosts crying and wolves howling, and the remaining people fled desperately for their lives!

The aftermath of the two Wuhou fighting in such a confined space was beyond what these people could bear.

Chen Ping's body took a few steps back. Although Zhu Zhishan didn't move at all, his expression became ugly.

Although Zhu Zhishan entered the realm of Wuhou early, and his strength was even higher than that of Chen Ping, the punch just now made him feel a little satisfied.

Because he really felt the threat of death from the power of the punch just now.

He could tell that this guy Chen Ping was here to fight for his life.

As the saying goes, the soft is afraid of the hard, and the hard is afraid of life.

If one of Chen Ping's muscles twitched and he self-destructed, even if he had three heads and six arms, he might not be able to survive.

"Chen Ping, don't dare to do whatever you want in our martial arts alliance just because you have Mr. Shi's support. If you really push me, I will kill you!"

Zhu Zhishan threatened Chen Ping.

"Stop fucking nonsense, either let my girlfriend go or die..."

Chen Ping's eyes were scarlet red, and his murderous intent continued to surge.

Seeing Chen Ping like this, Zhu Zhishan also had a huge headache. If Chen Ping was really killed, he would not be able to follow Mr. Shi's instructions.

But if he was wasting his time with Chen Ping, he was afraid that Chen Ping would blow himself up and fight for his life.

After pondering for a moment, Zhu Zhishan said: "Okay, wait a moment, I will bring your girlfriend..."

Chapter: 1993

Chen Ping frowned and looked at Zhu Zhishan. He did not expect that Zhu Zhishan would agree so happily.

It seemed that there was definitely a fraud involved, but even if he knew there was a fraud, Chen Ping could only agree!

“If I can’t see my girlfriend in five minutes, I will kill everyone in the martial arts alliance...”

Chen Ping said coldly.

“Don’t worry, it won’t take five minutes...”

Zhu Zhishan raised the corner of his mouth slightly, then turned and walked towards the depths of the Martial Arts Alliance.

After passing through a door, a smile appeared on Zhu Zhishan’s lips, and then he opened a secret door, and four identical people in white outfits appeared.

“You four, go kill that guy in the hall. You have to move quickly...”

Zhu Zhishan said to the four people.

“Don’t worry, I wish you the best!”

The four people nodded at the same time.

Seeing the four people heading towards the hall, Zhu Zhishan flashed, jumped out of the martial arts alliance, and then disappeared into the distance.

He wanted to kill someone with a borrowed knife and let these four people kill Chen Ping, and he would no longer be in the martial arts alliance.

In this way, even if Mr. Shi pursues the case, he will have an excuse to stall.

Let's just say that Chen Ping broke into the Martial Arts Alliance to kill people without authorization, and was killed by the Martial Arts Alliance. However, he was not in the Martial Arts Alliance, so he had nothing to do with him.

Zhu Zhishan's idea was good, and he was confident that those four people would definitely be able to kill Chen Ping.

Zhu Zhishan used tokens to find these four people from the mountains. All four of them were in the realm of Wuhou, and they could only hide because they were evil cultivators.

Chen Ping was waiting for Zhu Zhishan in the lobby. He didn't know that Zhu Zhishan had already run away.

A few minutes later, Chen Ping frowned and his eyes suddenly looked deep into the martial arts alliance!

I saw several terrifying breaths coming directly towards him, and finally the several breaths merged together, like a rapid cannonball!

When Chen Ping saw this, he suddenly punched out.

The terrifying divine dragon power also surged out, and they collided hard with that force.

boom!

There was a huge roar and explosion, and the terrifying energy was dispersed in all directions. If it were not protected by the magic circle, the building of the martial arts alliance would have collapsed several times.

Chapter: 1994

Chen Ping's body was shaken back, and then he looked into the depths of the Martial Arts Alliance with a cold expression!

"At such a young age, he has already reached the level of a Martial Lord. He is indeed gifted, but does a mere Martial Lord dare to enter the martial arts alliance on his own?"

As a voice came, four people in white costumes appeared in front of Chen Ping.

Chen Ping looked at the four people. They were wearing exactly the same clothes, but they looked very similar. He knew without even thinking that these four people were quadruplets!

However, these four people were all in the realm of Wuhou, which made Chen Ping's face become solemn.

"Who are you? Where is Zhuzhi Mountain?"

Chen Ping questioned the four people.

"You don't need to worry about who we are, just remember that it was our four brothers who sent you on your way!"

One person said calmly.

When Chen Ping heard this, he immediately became furious: "Zhu Zhishan, you fucking old liar, you have the guts to come out..."

"You don't have to shout. If you have the ability to kill the four of us, then Alliance Leader Zhu will naturally come out..."

After saying that, the four people burst out at the same time, and everyone began to shine with light.

But the four people's flickering lights turned out to be different, proving that the four people were not practicing the same technique.

"Are you going to commit suicide on your own, or are you going to let us four brothers do it? If you commit suicide, you can die more comfortably. If you fall into the hands of us four brothers, then..."

The eldest among the four said with a smile.

"Brother, what's the point of talking to him? He's such a hippie. Even if we want to kill him, we four brothers have to have fun before we do it..."

The third among the four showed a lewd look!

When Chen Ping heard this, he couldn't help but shudder, and then looked at the four people in front of him: "How fucking disgusting. You four newly promoted Wuhou dare to say such big words."

After Chen Ping finished speaking, he took a step forward, and the golden light on his body exploded instantly.

At this moment, Chen Ping was like a god of war, looking at the four people in front of him with disdain.

"Hmph, you really don't know how to live or die, then I will send you on your way..."

Lao Si snorted coldly, and moved towards Chen Ping in an instant, with waves of energy rushing towards Chen Ping's face.

"Fourth, this kid is full of treasures, please pay attention..."

The third child roared loudly.

Chapter: 1995

“Third brother, don’t worry...”

Come on, the fourth child has already arrived in front of Chen Ping and punched Chen Ping on the shoulder blade.

It seemed that he didn’t want to beat Chen Ping to death at once, he just wanted Chen Ping to lose his ability to resist.

“Impatient...”

When Chen Ping saw these guys looking down on him so much, his anger rose in his heart.

“Holy Light Fist...”

Chen Ping roared angrily, and bright golden light flashed on Chen Ping’s fist. The power of the dragon was condensed, and then he was punched out by Chen Ping.

boom!

A burst of golden light flashed up, and the scene was filled with terrifying murderous intent.

Immediately afterwards, a crisp sound of bone cracking and a scream were heard!

“This fourth child is so hard-hitting, how can he still play for a while...”

The third child was complaining when he saw a figure flying straight towards them.

Then it fell heavily in front of them.

At this time, the fourth child's arms had already been twisted, and his white bones were exposed. He was covered in blood and looked miserable!

At this moment, the faces of several people changed drastically, and their faces were full of disbelief!

And after Chen Ping knocked the old man away with one punch, the aura on his body was still surging, with killing intent!

The remaining three guys looked at each other and hurriedly helped the fourth child up.

Then the boss took out a black pill, which smelled extremely bad, and stuffed the pill into the fourth child's mouth.

After swallowing the pill, the boss used the magic formula, and a cloud of black mist began to surround the wound of the fourth child, and soon a strange scene happened.

I saw that the strangely curved arm of the fourth child began to slowly recover, and the exposed bones began to grow!

Chen Ping frowned: "So you are evil cultivators. It seems that this martial arts alliance is not clean either..."

Chen Ping glared at the four people in front of him, his aura constantly erupting.

Looking at Chen Ping in front of them, the faces of the four people began to become solemn, and the contempt at the beginning was no longer there.

"No wonder you dare to enter the martial arts alliance alone. It turns out you have some skills."

Chapter: 1996

The boss looked at Chen Ping and said grimly.

“Stop talking nonsense, today I will eliminate evil for the people and destroy you four evil cultivators...”

Chen Ping shouted angrily.

“Humph, you think too highly of yourself!”

The boss snorted coldly.

“It’s so paralyzing, this guy is so powerful, he almost killed me...”

The fourth child moved his arms and recovered as before.

“It seems that this guy has just been promoted to Wuhou, how come he is so strong?”

The third child also looked puzzled.

“Nonsense, if this kid is not very strong, will the leader of the Alliance let the four of us take action? Now we can take action together to kill this guy, which can also be used as a stepping stone.”

“It won’t be long before the entire Kyoto martial arts world will be ours...”

After the boss finished speaking, he took a step forward!

Several other people also took a step forward, and the auras on their bodies continued to explode.

Chen Ping faced the four Evil Cultivator Martial Lords without any panic or intention of retreating. His eyes were burning with blazing flames and his whole body was full of fighting spirit.

“Evil cultivators deserve to die...”

After Chen Ping said this, he punched out like a cannonball.

He wanted to strike first. Although these four guys could repair the injuries, Chen Ping also discovered that these four guys needed cooperation to repair the injuries, and they were not particularly fast!

As long as he strikes quickly enough and can quickly defeat these four people, they will not be able to cooperate with each other to repair.

Chen Ping unleashed the power of the divine dragon with this punch, and immediately transformed into a golden dragon, let out a dragon roar, and rushed towards the four of them.

The terrifying spiritual power made the faces of the four guys suddenly change.

Seeing the roaring golden dragon, the four guys didn't dare to neglect, and punched one after another. Then the punches combined together to form a transparent shield, blocking the four people.

They wanted to block Chen Ping's attack with this, not to mention that it was a shield formed by four people. They didn't believe that Chen Ping could break it with one punch!

But in fact, they overestimated themselves. At this time, Chen Ping was full of fighting spirit and determined to die, so the power of the dragon contained in this punch could shake the stars and shake the galaxy...

boom.....

Chapter: 1997

The shield formed by the four guys' joint efforts was instantly shattered by Chen Ping's punch, and it could not last even a second.

Immediately afterwards, a terrifying force rushed towards the face, knocking the four guys away.

“This... this punch is too terrifying...”

The second child looked panicked.

“Damn, this kid is so perverted. He has reached the realm of Wuhou and can actually fight beyond the level...”

The boss’s face also became extremely ugly.

In the martial arts world, many people with extraordinary talents are able to fight beyond the level. The lower the level, the more obvious this talent is.

But as the strength increases, such leapfrog battles will become less and less.

Because as the strength increases, the realm becomes higher and higher. Every improvement in realm is a qualitative change. It will be very difficult to fight at many levels!

But now, they are both Wuhou. It is considered good for warriors of this level to win at the same level.

Chen Ping is just a newly promoted Wuhou, but he can easily break the shields of the four Wuhou!

This mismatch and gap in level and strength made the boss feel incredible.

“Brother, this kid’s strength is too weird. We must join forces to kill him as soon as possible...”

The third child said with a solemn expression.

At this time, he no longer dared to look down upon Chen Ping, and he no longer wanted Chen Ping to play with him...

“Do it...”

The boss shouted loudly, and then a terrifying internal energy condensed from his fist.

Seeing this, the others clenched their fists at the same time, their fists shining with terrifying energy.

“kill.....”

The boss shouted loudly, his body suddenly disappeared, and then he came to the top of Chen Ping’s head.

Immediately afterwards, a punch came down from top to cover Chen Ping.

Seeing this, the other three guys also took action, each attacking Chen Ping from different directions!

When Chen Ping saw this, his face turned cold. The golden light on his body shone dazzlingly. His indestructible golden body was brought into full play, and then he punched into the sky!

Chen Ping ignored attacks from other directions and punched the boss in mid-air.

Chapter: 1998

He was relying on his indestructible golden body and his perverted flesh body to withstand the blows of the other three Wuhou!

The golden light emanating from Chen Ping’s body made several people feel a strong crisis.

boom.....

Several terrifying forces bombarded Chen Ping’s body, and the scales on Chen Ping’s body fell off in large areas!

But Chen Ping gritted his teeth and punched the boss.

Along with the sound of cracking bones, the boss's body suddenly flew out like a kite with its string broken.

When the other people saw this, their faces were frightened, and they hurriedly retreated to check the boss's injury.

At this time, under Chen Ping's punch, 50% of the bones in the boss's body were shattered, and the broken internal organs kept spurting out from his mouth!

Seeing the boss like this, the other three guys were shocked. They hurriedly took out a pill and stuffed it into the boss's mouth. Then they muttered something, and balls of black mist began to emerge from the palms of several people.

When Chen Ping saw this, he knew that these guys were using magic again to quickly heal the boss's injuries.

Chen Ping stared at his feet, jumped up, and then punched out both fists, wielding two groups of terrifying punches, directly towards the four people.

Chen Ping couldn't just watch them cast spells. He wanted to interrupt the others to save the boss.

Seeing this, the third and fourth children hurriedly used their spells to stop Chen Ping.

The second child had a ferocious expression on his face, gritting his teeth as he healed the boss's wounds!

Chen Ping's eyes were scarlet at this moment. He ignored the attacks from the third and fourth children and kept throwing out his spiritual power with punches!

Soon, the third and fourth children also vomited blood and fell to the ground. Together, they couldn't withstand Chen Ping's attack!

"Run, run quickly..."

Seeing this, the boss hurriedly interrupted the second child's treatment and yelled at the three people.

The three people glanced at the boss, gritted their teeth for the last time, turned around and ran away, no longer caring about the boss's life or death.

Because they know that if they stay, none of the four of them will survive!

"Want to run? It's not that easy..."

Chen Ping snorted coldly, and instantly used his hands to activate the magic formula.

Light pillars appeared one after another, instantly forming a fence on the way several people were escaping. Soon there were more and more light pillars, forming a large cage that enveloped them all.

Several people looked at Chen Ping in horror, with disbelief on their faces. Chen Ping was just a Wuhou.

Chapter: 1999

Such a huge magic circle requires considerable mental strength and vigor to maintain.

"Don't think that you are the only ones who know magic. In my forbidden space, none of you can escape..."

Chen Ping slowly walked towards a few people, and the golden light on his body became stronger and stronger.

“You try to escape, I’ll stop him...”

The boss endured the pain and rushed towards Chen Ping crazily.

Chen Ping looked at the boss who rushed over, his eyes full of disdain, and he instantly slapped the boss on the head with his golden palm.

When the other three saw this, their eyes widened with anger. They thought their boss would have his brains exploded!

But soon, they discovered that the terrifying scene did not appear. Chen Ping just put a hand on the boss’s head, and the Heart Condensation Technique started to work crazily.

The boss’s body kept shaking, and his face began to twist in pain, as if he was suffering from great pain!

“You evil cultivators, let me give you a taste of being sucked...”

At this moment, Chen Ping looked cold and cruel.

Soon, the boss’s body continued to shrink, and finally only a small pile of skin and bones remained, and he collapsed on the ground.

Seeing the tragic death of the boss, the other three guys were so frightened that they were speechless.

They have always relied on absorbing the essence of others to increase their time, but they never thought that one day, their skills would be absorbed by others.

Chen Ping flicked his fingers, and a ball of light blue flame fell on the boss’s body, and soon the body was completely burned.

“Chen...Chen Ping, we have no grievances or grudges. I hope you can let us go. What you are looking for is the Martial Arts Alliance. We are not members of the Martial Arts Alliance!”

The second child trembled and said to Chen Ping.

“Where is Zhuzhi Mountain?”

Chen Ping asked coldly.

The second child shook his head: “I don’t know, maybe it’s in the backyard!”

Chen Ping looked at the three people who were already frightened, and with a wave of his hand, the forbidden space was lifted.

“Now you take me to the dungeon of the Martial Arts Alliance...”

Chen Ping said to the three guys.

“I...we have no way to open the dungeon. Every time we enter, Leader Zhu takes us in.”

Chapter: 2000

The second child said softly.

“You just need to take me there. Whether I can open it or not is none of your business!”

Chen Ping said coldly.

“Then...then we will take you there, can you let us go?”

The second child asked Chen Ping.

Just as the second child finished speaking, Chen Ping's eyes burst with murderous intent: "Are you negotiating terms with me?"

After saying that, golden light flashed on Chen Ping's palm, and he grabbed the dick!

Before the second child could react, he was directly caught in Chen Ping's hands.

The energy in the body was rapidly draining away, and in just a few dozen seconds, the dick turned into a pile of withered bones...

This time, the third and fourth boys were so frightened that they almost peed their pants.

They cursed Zhu Zhishan desperately in their hearts.

Such a powerful person actually asked only four of them to die, but there was no one left in Zhu Zhishan.

"You two take me there..."

Chen Ping looked at the third and fourth children and said coldly.

"Okay, okay..."

The two people nodded repeatedly, and then took Chen Ping to the backyard!

The two people did not dare to make any move, so they took Chen Ping to a rockery, then pointed to a hole in the rockery and said: "This is the entrance to the dungeon..."

"You two go in first..."

Chen Ping pointed to the entrance of the cave and said.

The two guys didn't dare to say anything and just got in, followed by Chen Ping.

After walking not far, I saw a gate.

The door is bronze with two lion heads carved on it, which looks a bit scary.

"We don't know how to open this door. Only Alliance Leader Zhu can open it."

The third child said tremblingly.
