

## **The Order 2001**

Chapter: 2001

Chen Ping looked at the door, then stood at the door and gently put his palm on it.

A ray of spiritual consciousness was emitted, and he wanted to send it into the dungeon to explore it!

But as soon as his spiritual consciousness was emitted, it seemed to be blocked by something.

Here, although his consciousness was not cut off, he could not enter the dungeon at all.

Chen Ping raised his hand, and golden light shone on his palm.

Then he slapped a palm toward the door.

Chen Ping's palm was powerful enough to weigh ten thousand kilograms, but when he hit it on the door, nothing happened.

Not even a sound was made, as if the ten thousand kilograms of power disappeared after touching the door.

Chen Ping frowned, and then smacked his palm again!

After several slaps in a row, the door did not move at all, and Chen Ping was sweating profusely on his forehead!

At this time, the third and fourth children looked at each other, and the murderous intent suddenly appeared in their eyes!

While Chen Ping was not paying attention, the two men suddenly shot at Chen Ping.

One left and one right, slapped Chen Ping hard on the back!

After succeeding, the two people didn't dare to stop at all, turned around and ran outside.

Chen Ping staggered, his internal organs tumbling, his eyes filled with murderous intent!

Chen Ping rushed out with a vigorous step. Looking at the two people escaping, Chen Ping threw two punches with all his strength.

Two punches shot out like cannonballs.

Then it directly hit the two people who escaped, and instantly blasted a big hole in the chests of the two people who escaped from behind!

Plop, plop.....

The two people fell to the ground instantly, their eyes wide open, and they were not breathing!

Chen Ping didn't even glance at the two dead people. Instead, he looked around and suddenly shouted: "Zhu Zhishan, you old man, come out, come out..."

Chen Ping roared with all his strength, but there was no echo. No one paid attention to him, as if the entire martial arts alliance had left.

Finally, Chen Ping left the Martial Arts Alliance in despair. When he left, he even looked back at the rockery!

"Yu Qi, don't worry, I will definitely come to save you, I will definitely..."

Chapter: 2002

Chen Ping walked helplessly on the streets of Kyoto!

He tried his best to attack Wuhou, but what was the use?

He couldn't even open a door, let alone rescue Su Yuqi.

Unconsciously, Chen Ping walked into the alley next to the Martial Arts Alliance. The last time he saw Su Yuqi was when Ning Zhi used a space magic weapon to bring him into the dungeon of the Martial Arts Alliance.

Thinking of this, Chen Ping's eyes suddenly lit up. If he couldn't get in through the gate, he could use the space magic weapon to enter the dungeon and rescue Su Yuqi.

But where to find space magic weapons?

Chen Ping fell into deep thought again. Now he knew that Ning Zhi had a space magic weapon in his hand. If he could find Ning Zhi, kill Ning Zhi and get Ning Zhi's space magic weapon.

But where is Ning Zhi? Chen Ping knew nothing about it, so how could he snatch Ning Zhi's space magic weapon?

Just when Chen Ping was at a loss, Zhao Wuji came unexpectedly.

"Mr. Chen, you are indeed here. It seems that Mr. Shi's guess is right!"

Zhao Wuji said in surprise after seeing Chen Ping.

"Pavilion Master Zhao, what do you want from me?"

Chen Ping asked puzzledly.

“Mr. Chen, Mr. Shi invited me to come here to invite you. I didn’t expect you to be here. Mr. Shi is really good at predicting things!”

Zhao Wuji explained.

“Mr. Shi invites me?”

Chen Ping frowned slightly. He killed Ning Dahai and refuted Mr. Shi’s face in public. Chen Ping didn’t know what Mr. Shi suddenly wanted to do with him.

But no matter what it was, Chen Ping was still grateful to Mr. Shi, so he followed Zhao Wuji to the Dharma Protector Pavilion!

Entering the hall of the Guardian Pavilion, Chen Ping found Mr. Shi sitting on the main seat.

Every time Chen Ping saw Mr. Shi, he had a very strange feeling.

He tried many times to use his breath to find out what Mr. Shi’s strength was, but every time he failed!

Because at first glance, Mr. Shi looked like an ordinary person, without any aura about him.

Although there was no breath coming from his body, Chen Ping felt a deep sense of awe every time he saw Mr. Shi.

In front of Mr. Shi, Chen Ping actually felt a little timid!

Chapter: 2003

“sit down.....”

Seeing Chen Ping coming, Mr. Shi said calmly.

Chen Ping nodded and then sat aside!

“I broke into the Martial Arts Alliance today. Did you find anything or feel about it?”

Mr. Shi asked slowly.

Chen Ping pondered for a moment and said: “I discovered that the martial arts alliance actually colluded with evil cultivators. I am afraid that there are still many evil cultivators hidden in the martial arts alliance!”

“That’s not what I want to know. Have you ever felt that although you have broken through to Wuhou, if you really enter the Martial Arts Alliance, you can’t do anything with your little strength...”

Mr. Shi said calmly.

Chen Ping was stunned for a moment and frowned.

He really feels that with his strength, he can’t do anything in the Martial Arts Alliance. No matter how hard he tries, he can’t destroy a house in the Martial Arts Alliance, and he can’t even open the door of the Martial Arts Alliance dungeon!

But there was nothing he could do. He killed a lot of people in the martial arts alliance today, and he was in and out, and no one could stop him.

Seeing Chen Ping like that, Mr. Shi seemed to be the roundworm in Chen Ping’s body. He smiled slightly and said, “Do you think you can fight your way in and out of the Martial Arts Alliance? No one can stop you. I feel like the Martial Arts Alliance is no better.” in this way?”

Chen Ping didn’t say anything, but the look he looked at Mr. Shi showed what he really thought.

Even Chen Ping, the leader of the Martial Arts Alliance, Zhu Zhishan, dared to fight him a few times now. Only those elders, Chen Ping didn't take it seriously at all.

Mr. Shi took a gentle sip of tea and then continued: "I have reminded you many times that what you can see is only the surface. If the martial arts alliance or the martial arts family with a solid foundation is as simple as you see, then we Daxia's martial arts world will become a joke to the world."

"I can tell you that although Zhu Zhishan is the leader of the Martial Arts Alliance, he is just a puppet who appears in public. After Zhu Zhishan, there are even more terrifying forces."

"Do you think you still have the strength to fight with the Martial Arts Alliance?"

Chen Ping's face became a little ugly, but he was shocked in his heart. If even Zhu Zhishan's strength was just a puppet, how terrifying would the power behind Zhu Zhishan be?

"I don't care how powerful the Martial Arts Alliance is, I must rescue Yu Qi and fight to the end with the Martial Arts Alliance..."

Chen Ping's eyes were full of determination. No matter how difficult it was, he would do it and rescue Su Yuqi!

"Do you only fight with the martial arts alliance? And the Long family, right?"

Mr. Shi suddenly smiled, looked at Chen Ping and said.

Chen Ping's heart trembled and he looked at Mr. Shi with doubts and confusion in his eyes!

He looked at Mr. Shi's expression as if he knew his identity and his grievances with the Long family.

Chapter: 2004

Now Chen Ping can no longer understand Mr. Shi in front of him.

Seeing Chen Ping's confused look, Mr. Shi's smile grew stronger and stronger, and then he said: "If you want to find Ning Zhi, you can go to Mobei Luo's house to find him..."

Chen Ping's eyes widened and he looked at Mr. Shi in disbelief.

He couldn't figure out how Mr. Shi knew that he wanted to find Ning Zhi?

"Okay, you can go..."

Before Chen Ping could react, Mr. Shi stood up and left.

Until Mr. Shi left, Chen Ping was still in a state of confusion.

"Mr. Chen, Mr. Chen..."

Zhao Wuji shouted twice softly to Chen Ping.

"Ah..." Chen Ping finally came to his senses and walked out of the Dharma Protector Pavilion!

Leaving the Dharma Protector Pavilion, Chen Ping went straight to Mobei Luo's house. Along the way, Chen Ping was thinking about Mr. Shi's identity, but he had no clue.

At the same time, the Mobei Luo family!

Ning Zhi became a guest of the Luo family!

"Uncle Luo, that Chen Ping has now broken through to Wuhou and is very powerful. If you seek revenge from him, you must be prepared in advance!"

Ning Zhi said to Luo Jinyou who was sitting in the chair.

Luo Jinyou's face was cold and his eyes were filled with anger.

"Hmph, this Chen Ping wants to kill my brother and son. No matter what his strength is, I will crush him to ashes..."

Luo Jinyou gritted his teeth, and the aura on his body was constantly rising!

After Luo Jinyou came out of seclusion, he listened to the housekeeper talk about recent events in the Luo family.

Luo Jinyou almost got mad to death. During the time he was in seclusion, such a big change happened to the entire Luo family. Not only the Luo family, but also the entire martial arts world in Mobei suffered heavy losses.

You must know that the entire Mobei martial arts world relies on the Luo family to follow their lead. Now that he has suffered heavy losses and is ridiculed by everyone in the martial arts world, how can he, Luo Jinyou, swallow such a sigh of relief.

"Uncle Luo, then Chen Ping killed my father and destroyed my Ning family. He and I are also at odds with each other. I hope Uncle Luo can provide me with some resources."

"When I break through Marquis Wu, I will definitely cut Chen Ping into pieces and kill all his followers..."

Ning Zhi also said with cold eyes.

Chapter: 2005

"Don't worry, nephew Ning Xian. Our Luo family has nothing else, but our cultivation resources are inexhaustible. Now I will send someone to take you to the warehouse!"

"You can use the herbs and crystals inside as much as you like..."

Luo Jinyou waved his hand.

“Thank you, Uncle Luo!”

Ning Zhi hurriedly followed Luo Jinyou to thank him, and was then taken to the warehouse by the housekeeper.

Luo Jinyou was holding the tea cup, with a cold light in his eyes, and with a slight exertion on his hand, the tea cup shattered!

“Chen Ping, I will cut you into pieces...”

Luo Jinyou gritted his teeth.

Chen Ping was rushing towards the Luo family in Mobei non-stop. When he arrived in Mobei, it was already a day later.

Luo Jinyou was sitting cross-legged in the courtyard, sipping tea carefully!

There was a copper pot in front of Luo Jinyou. There was no tea in the copper pot, but when Luo Jinyou picked up the teapot and slowly poured it down, the tea flowed out of the copper pot. It was very novel!

This copper pot is a magical artifact. According to legend, it is a mysterious-level magical artifact passed down from the ancestors of the Luo family. It contains the power of heaven and earth.

The tea poured out by Luo Jinyou is the best resource for cultivation!

At this time, in front of Luo’s house, Chen Ping looked up at the two big characters “Luo’s house” in front of the door, his eyes were extremely stern!

Chen Ping knew that if the Luo family had not led the Mobei martial arts community to attack the Valley of Evil, the Valley of Evil would not have been easily conquered by the Ning family. Therefore, the lives of dozens of people in Valley of Evil were also the blood debt of the Luo family!

“Luo family, I’m here...”

Chen Ping’s body was filled with murderous intent.

If he hadn’t been looking for Ning Zhi, he wouldn’t have found the Luo family yet. After all, there were many things in Kyoto that he needed to deal with.

Looking at the door in front of him, Chen Ping kicked it out.

Rumble.....

The several-meter-high gate collapsed suddenly under Chen Ping’s kick.

Luo Jinyou, who was drinking tea in the yard, suddenly stood up and frowned tightly.

“Butler, are you going to see what’s going on?”

Luo Jinyou said to the housekeeper.

Chapter: 2006

The housekeeper hurriedly led people to the front yard to see what happened.

Seeing the butler gone, Luo Jinyou sat back again and continued drinking tea!

In his opinion, if no one dares to cause trouble in front of Mobei Luo’s house, there must be some accident.

The housekeeper led people to the front yard and saw Chen Ping standing coldly in the yard, and the door collapsed on the ground.

“Who are you? You dare to break into our Luo family, don’t you want to live?”

The housekeeper angrily scolded Chen Ping.

“Where’s Luo Jinzuo, let him get out...”

Chen Ping said coldly to the housekeeper.

The housekeeper was stunned, and then said with a cold face: “Who are you? Our second master is already dead, what are you doing with him?”

The housekeeper thought that Chen Ping came to Luo Jinzuo to seek revenge. After all, during the time when Luo Jinzuo was managing the Luo family, he often provoked enemies.

“Dead?” Chen Ping frowned: “How did you die?”

“He was killed by a guy named Chen Ping. Our master has been released from prison and will go to take revenge on Chen Ping immediately!”

The housekeeper didn’t know yet, but the person standing in front of him was Chen Ping.

“No need to look for it, I’m already here!”

Chen Ping smiled coldly.

“What? Are you Chen Ping?”

The housekeeper looked at Chen Ping in surprise.

“Yes, it’s true that it’s Chen Ping...”

Chen Ping nodded.

“Good boy, you killed our young master and second master, and you dare to come to the Luo family. I think you are seeking death...”

After the steward finished speaking, the two eighth-level martial arts masters behind him jumped up instantly.

Before Chen Ping could speak, these two men had already launched an attack on Chen Ping!

Chen Ping frowned. He couldn’t understand why the butler said that.

Although he had a grudge against Na Luo Xiang and had indeed made a move, he had never killed Luo Xiang, let alone met Na Luo Jinzuo. How could the housekeeper say that he killed him?

Chapter: 2007

While Chen Ping was deep in thought, two masters of the Luo family arrived in front of him.

The two people’s breath exploded, and the fist wind roared.

But Chen Ping didn’t even look at these two guys and slapped them away.

A strong gust of wind swept across, and the two guys were instantly knocked away before they even touched Chen Ping.

The body fell heavily against the wall and then fell to the ground.

With this seemingly ordinary palm, two eighth-level martial arts masters died with their internal organs ruptured...

This scene scared the housekeeper of the Luo family so much that he almost collapsed on the ground, his whole body trembling.

Looking at the frightened Luo family steward, Chen Ping said coldly: "Go and ask the Luo family steward to get out..."

At this time, the housekeeper did not dare to say anything and hurriedly ran to the backyard!

Luo Jinyou was drinking tea and thought nothing happened, but he saw the housekeeper running in in a hurry.

"Master, master, it's not good, then Chen Ping is here, Chen Ping is here..."

The housekeeper yelled!

Snapped!

Unexpectedly, Luo Jinyou slapped the housekeeper hard.

"How decent is it to shout and scream? What will happen if Chen Ping comes?"

Luo Jinyou glared at the housekeeper, and then asked: "Then who is Chen Pinghe?"

"He came by himself. He was the one who kicked the door open just now."

The housekeeper said hurriedly.

“You came by yourself?” Luo Jinyou frowned slightly: “This kid is very courageous. I was about to seek revenge from him, but he took the initiative to send me to my door.”

“Master, this Chen Ping is very powerful. Just now, two of our eighth-level martial arts masters were directly beaten to death by him!”

The housekeeper said to Luo Jinyou.

Luo Jinyou said with indifferent eyes: “No matter how strong he is, when he comes to my Luo family, I will let him be buried with my son...”

After speaking, Luo Jinyou walked towards the front yard, and the housekeeper hurriedly followed behind.

When Luo Jinyou saw Chen Ping, his eyes were filled with murderous intent.

Chapter: 2008

“Boy, you killed my relatives and dared to come directly to our door. It seems that you really don’t take my Luo family seriously...”

Luo Jinyou gritted his teeth, and the energy in his body kept rolling!

“Why don’t I dare? Your Luo family led people to attack the Valley of Evil and kill my men. Today I am here to seek justice...”

Chen Ping’s body also had murderous intent.

Whether it was the Valley of the Evil, Shadowless Villa, or even the Valley of the God of Medicine, Chen Ping’s subordinates followed the Mobei martial arts world in the battle, resulting in countless casualties!

How could Chen Ping be able to swallow this breath?

“Seeking justice? What I, Luo Jinyou, say is justice.”

Luo Jinyou’s face was gloomy and terrifying: “Now that you are here, don’t leave...”

After saying that, Luo Jinyou had already punched him.

The terrifying energy brought up gusts of wind. Luo Jinyou was able to command the entire Mobei martial arts world, and his strength should not be underestimated.

With just one punch, the sky and earth changed color and the air buzzed!

When Chen Ping saw this, his body suddenly shone with golden light, and his indestructible golden body covered Chen Ping’s body in an instant.

boom!

The terrifying fist blow hit Chen Ping hard. Chen Ping took two steps back. The scales on his chest cracked but did not fall off.

From this point of view, Luo Jinyou’s strength is not as strong as that of Ning Dahai.

Chen Ping is not even afraid of Ning Dahai, so how can he be afraid of Luo Jinyou!

Luo Jinyou couldn’t help but be surprised when he saw that Chen Ping only took two steps back without being hurt after being punched by him.

Just when Luo Jinyou was surprised, Chen Ping clenched his fist, and a golden light struck Luo Jinyou from top to bottom.

Chen Ping's body was in mid-air, and his terrifying energy directly surrounded Luo Jinyou.

Seeing this, Luo Jinyou immediately swung his fists upward, and waves of air swept through him, directly resisting Chen Ping's fist wind.

Deng Deng Deng.....

Even so, Luo Jinyou's body was still hit hard, and then he took a few steps back before regaining his balance.

"It's disrespectful to come and go without reciprocating. It seems that your Luo family has gained a reputation in vain. You, the head of the family, are only as strong as this..."

Chen Ping looked at Luo Jinyou and said with contempt.

Chapter: 2009

Luo Jinyou gritted his teeth, narrowed his eyes slightly, and stared at Chen Ping.

At this moment, Chen Jing stood quietly, breathing steadily and without any expression on his face.

Luo Jinyou suddenly pinched it from his pocket, and then suddenly shot out towards Chen Ping.

I saw several rays of white light heading towards Chen Ping. These rays of white light enveloped Chen Ping's body, making it too late for Chen Ping to dodge.

Dang Dang Dang.....

After a crisp sound, fire was seen everywhere, and several white chess pieces fell on the ground. The chess pieces had been broken into pieces.

“You want to use chess pieces to destroy my indestructible golden body?”

Chen Ping couldn't understand what Luo Jinyou was thinking, and how his indestructible golden body could be broken by just a few chess pieces.

Luo Jinyou's expression changed drastically.

These pieces are not ordinary wifes. They are made of cold jade from Tianshan Mountain. They are extremely hard. And as long as the chess piece hits the body, the cold air will invade the body, and it will not take long to freeze to death.

So using this kind of thing to kill people invisible is the best hidden weapon!

But Luo Jinyou didn't expect that such hard Tianshan cold jade could not break Chen Ping's indestructible golden body.

“It is indeed a divine body-protecting skill, it is really powerful...”

Luo Jinyou's eyes narrowed slightly, but he did not panic, but started to use the magic formula with both hands!

Rays of light flickered in Luo Jinyou's fingers, and then condensed into a huge beam of light!

This beam of light, like a laser, then shot out towards Chen Ping!

This is the plan to use this method to directly destroy Chen Ping's indestructible golden body!

But Chen Ping didn't care at all. His body could even withstand Ning Dahai's self-destruction, let alone Luo Jinyou's small magic!

The beam of light hit Chen Ping's body hard, and then he saw that the scales on Chen Ping's body began to slowly change!

"Huh, what a small trick..."

Chen Ping snorted coldly, and also used the magic formula, slashing towards the light pillar with one palm, but it was cut off directly by the light pillar.

"This...how is this possible?"

Luo Jinyou was shocked. He didn't expect that someone could cut off the light!

Chen Ping's strength was so abnormal that Luo Jinyou finally felt fear in his heart!

Chapter: 2010

"There are still many impossible things. I am here this time to ask you to hand over Ning Zhi. If you can hand over Ning Zhi, I can leave you a way to live!"

Chen Ping said coldly to Luo Jinyou.

"Ning Zhi?"

Luo Jinyou was slightly stunned. He didn't expect that Chen Ping was coming after Ning Zhi.

However, Luo Jinyou had no intention of handing Ning Zhi over. In any case, the news that his son and brother were killed came from Ning Zhi.

And the Ning family has been destroyed, leaving Ning Zhi alone, and Luo Jinyou will not hand over Ning Zhi.

“Chen Ping, your thoughts are too beautiful. This is the Luo family. You are not qualified to negotiate terms with me...”

Luo Jinyou said with a fierce look.

When Chen Ping saw that Luo Jinyou was actually protecting Ning Zhi, murderous intent burst out from his eyes, and then his body suddenly appeared in front of Luo Jinyou.

Luo Jinyou was startled and hurriedly stepped back.

But before he could step back, he was kicked by Chen Ping.

Chen Ping’s kick was so powerful that there was a sound of bone cracking and Luo Jinyou’s body flew straight out.

When Luo Jinyou was helped to stand up, he found that his chest had already sunken quite a bit!

Seeing this scene, you don’t need to think about it to know what is going on.

Luo Jinyou looked at Chen Ping in panic. He really didn’t expect that he would be so vulnerable in front of Chen Ping!

Those Luo family members were also very frightened. You must know that Luo Jinyou’s strength is one of the best in the entire Mobei, but now he was kicked away by someone.

“Let me ask you again, where is Ning Zhi?”

Chen Ping looked at Luo Jinyou coldly, his voice sounding like it was coming from the Nine Nether Hell.

“I have no idea.....”

Luo Jinyou gritted his teeth, then waved his hand, and a sword appeared in his hand.

The sword shone like obsidian, and a trace of coldness radiated from the sword, and the coldness was overwhelming.

“Do you think you are the only one with a sword?”

Chen Ping smiled coldly, grabbed it casually, and the Dragon-Slaying Sword appeared in his hand.

The dragon-slaying sword burned with blazing flames, and the heat wave hit your nostrils!
