

The Order 2121

Chapter: 2121

“Southwestern Wancheng? Then what is Chen Ping doing there?”

Zhu Zhishan frowned slightly.

The elder didn't speak, just shook his head, how could he know where Chen Ping was going and what he was doing.

After pondering for a moment, Zhu Zhishan waved his hand and said: “Please contact me immediately with the Zhou family in Wancheng. I want to ask myself, is Chen Ping a god and can he come back from the dead?”

The elder quickly contacted the Zhou family in Wancheng, and Zhu Zhishan personally spoke with Zhou Tianyin!

After receiving Zhou Tianyin's confirmation, Zhu Zhishan had to admit that he had fallen into Chen Ping's hands.

As the leader of the Kyoto Martial Arts Alliance, the entire martial arts world is laughing at him for doing such a thing.

“Then how come Chen Ping is not dead? I have obviously killed him!”

Zhu Zhishan couldn't understand for a moment. He had obviously killed Chen Ping, and Chen Ping's entire chest had been punched directly through.

If you still don't die like this, unless Chen Ping is not a human, but a god...

“God?” Zhu Zhishan's eyes widened with an incredible look on his face.

“Is that Chen Ping...”

Zhu Zhishan’s heart was beating fast, and his expression changed again and again.

At this moment, two people wearing iron masks walked in. Seeing these two people, Zhu Zhishan’s face turned pale instantly.

“Zhu Zhishan, as the leader of the alliance, you actually did something to embarrass the alliance. Dang Neng is very angry. Moreover, you dare to deceive Dang Neng. Do you know your guilt...”

One of them said coldly.

Zhu Zhishan’s legs shook in fright, and he almost knelt down.

“Two law enforcement envoys, I did kill Chen Ping at that time. I definitely did not lie. Now it is just rumored that Chen Ping is still alive.”

“I will go investigate immediately. As long as Chen Ping is really alive, I will never let him go. I will definitely take his head and offer it to the Almighty.”

Zhu Zhishan said with trembling all over.

“Humph, Almighty is already very dissatisfied. You can take care of yourself. You only have this chance...” Remember the URL

After saying that, the two law enforcement envoys turned and left!

After the two law enforcement officers left, Zhu Zhishan didn’t stop at all and hurried to the slums on the outskirts of Kyoto and went straight to Ma Zi’s residence.

But when Zhu Zhishan saw that the door of Hu Mazi's residence was locked and no one was there, he couldn't help but cursed angrily: "Damn, run away..."

Chapter: 2122

.....

Kyoto, Long family!

Long Jingguo's face had been tense during this period. He had never been happy after knowing that his son was possessed by a spirit.

"Dad, you are right. Chen Ping is indeed not dead. It seems that I can take revenge with my own hands..."

Long Xiao was extremely happy when he saw the news that Chen Ping was not dead yet.

"Xiao'er, Chen Ping's strength has improved by leaps and bounds now. Even Zhu Zhishan can't kill him, so you must not underestimate him!"

Long Jingguo reminded Long Xiao.

"Dad, don't worry. Chen Ping's strength is growing fast, but I'm not growing too slowly, but I hope you can help me find some martial arts masters. I need to practice..."

Long Xiao said to Long Jingguo.

Long Jingguo knew what Long Xiao meant. He wanted to absorb other people's skills to improve his own strength.

But in a place like Kyoto, if Long Xiao blatantly absorbs the skills of other martial arts masters, Mr. Shi will definitely pay attention.

Moreover, there was a meeting not long ago, and Mr. Shi specifically mentioned this point.

But if Long Xiao wants to take revenge, the only way is to absorb other people's skills, otherwise there is no way to kill Chen Ping.

"Okay, don't rush this matter. I will find a way to give you an experience. As long as you get to the place of experience, you can do whatever you want!"

Long Jingguo said calmly.

"Thank you then, my dear father..."

"Hahaha....."

Long Xiao laughed and left!

Long Jingguo, on the other hand, looked troubled. If he wanted to facilitate an experience, the Martial Arts Alliance would definitely not provide a training place, and this place required the Long Family!

You must know that the training place must be attractive enough. These are the resources of the Long family. If they are taken out like this, Long Jingguo is reluctant to give up!

But for his son, he had no choice but to go all out now.

Long Jingguo got up and went to contact other families. If he wanted to facilitate this experience, he would need the help of other families.

And it needs to be reviewed by the Martial Arts Alliance, and it needs to be handed over to Mr. Shi for approval. The procedures are very cumbersome!

And there is another important point. Long Jingguo cannot allow too important people to participate. If all important people participate, and they all die in the place of experience, it will definitely cause turmoil.

Chapter: 2123

Maybe someone would suspect the Long family, so whether it was the place or the person chosen, Long Jingguo had to think carefully.

At this moment, Long Jingguo felt like his head was going to explode...

Inside the real person's tomb!

Three days passed, and Hu Mazi looked at Chen Ping helplessly. He found that he couldn't practice with Chen Ping at all.

Chen Ping's whole body was like a powerful water-absorbing machine, absorbing all the spiritual energy into his body.

It has only been three days, and the green leaf mushroom has withered, and even the spiritual soil on the ground has turned dark brown, without a trace of aura!

Hu Mazi originally thought it would take at least a month, but now it has only been three days, and all the spiritual energy in Qingye Zhi and Lingtu has been absorbed by Chen Ping!

At this time, Hu Mazi finally understood why Chen Ping had such strength at such a young age.

Chen Ping's skills are too abnormal.

At this time, Chen Ping also slowly opened his eyes, looked at the withered Qingye Zhi, and let out a long breath.

A green leaf mushroom and spiritual soil actually raised Chen Ping's Wuhou status to a higher level. Now Chen Ping is already a second-grade Wuhou.

"Master Hu, how long has it been now?"

Chen Ping asked when he saw Hu Mazi staring closely at him.

"Three days..."

Hu Mazi said angrily.

"Three days?" Chen Ping did not expect that Qingye Zhi's spiritual energy would disappear so quickly: "Can't you practice for at least a month?"

"If you are an ordinary cultivator, one month is totally fine, but what kind of skills have you practiced? Isn't it too abnormal?"

"It's like a water pump, all the spiritual energy has been sucked into your body, and I haven't caught anything at all..."

Hu Mazi shouted loudly at Chen Ping.

When Chen Ping heard this, he immediately seemed very embarrassed.

"I'm sorry, I didn't think about it that much. After I get out, I'll give you some herbs as compensation..."

Chen Ping smiled awkwardly.

"Don't wait to go out, I'll meet the treasure later, I want to share more..."

Hu Mazi said.

Chapter: 2124

“And baby?”

Chen Ping was shocked: “Isn’t this Qingye Zhi a treasure? Isn’t this a fake tomb? Why is there still a treasure?”

Chen Ping thought that this Qingye Zhi was considered a treasure and there was nothing else in the mausoleum.

“Even if it’s a fake tomb, there’s no way it only has this little green leaf mushroom, otherwise you’d underestimate the real person too much!”

After Hu Mazi finished speaking, he jumped up and headed towards the shore.

Chen Ping followed closely behind, feeling very excited.

Unexpectedly, there are treasures in this fake tomb.

“With this pattern of seven stars swallowing the sun, the other seven stars are not worthy of the Dao. The most important thing is undoubtedly the last “swallowing the sun”.

“This mausoleum is not a real mausoleum, it is just one of the seven fake tombs.”

“But the treasure inside can’t be dismissed by just a leafy leaf. Only in the final layout can there be big treasures!”

Hu Mazi followed Chen Ping in explaining.

A spiritual herb like Green Leaf Zhi is nothing in this fake tomb. If the real tomb is found, wouldn't the treasures inside be even more heaven-defying?

Chen Ping became extremely excited when he thought of this. If he had a chance, he would definitely find this real tomb.

But it would be even more difficult to find the real tomb.

But even if this is a fake mausoleum, Chen Ping is still looking forward to the pattern of swallowing the sun at the end.

Hu Mazi took Chen Ping and kept walking in the tomb. The tomb was so big that even the well-informed Hu Mazi was shocked.

Hu Mazi has robbed countless tombs, but he has never seen such a large tomb.

Along the way, Hu Mazi ignored other places and didn't even look at them. He went straight to the next place as if he had some clear purpose, which made Chen Ping a little puzzled.

Does this Hu Mazi know where the final pattern of swallowing the sun is?

"Where are you taking me? This place is like a maze..."

Chen Ping couldn't help but asked Hu Mazi.

"Just come with me..."

After Hu Mazi finished speaking, he took out a compass the size of a palm, and then dropped a drop of blood on the compass!

Then the compass shook crazily, the pointer rotated rapidly, and finally stopped in one direction.

Chapter: 2125

Hu Mazi walked forward according to the instructions of the compass.

When Chen Ping saw this, he could only follow closely behind him, emitting spiritual consciousness and being very vigilant.

In one breath, he passed through six or seven caves, and finally came to a square. Chen Ping's pupils shrank slightly.

Directly in front is an entrance. At this entrance, there is obviously a huge restraining force.

Seeing this entrance, Hu Mazi's eyes flashed and he whispered, "It should be here."

"Have you found a place?"

Chen Ping asked excitedly.

Hu Mazi nodded: "This place should be the terrain of swallowing the sun."

Hearing what Hu Mazi said, Chen Ping clenched his fingers slightly and was very excited.

"Let's go in."

Chen Ping was very excited to find such a tomb.

He didn't know what kind of treasures he could find here, but he also didn't know what dangers he would encounter.

It is impossible for there to be no restrictions in such a tomb.

But facing the treasure here, Qing Yeats is definitely much better.

Hu Mazi nodded and walked in first, asking Chen Ping to follow closely and not to move.

After entering the grotto, Hu Mazi clasped his hands behind his back. Instead of being anxious, he took a closer look. It turned out that it was indeed a pattern of seven stars swallowing the sun, and the last one was the “sun”.

A rather majestic grotto, with carved beams and painted buildings on both sides, and some divine residences that none of them had ever seen before.

These rows of divine mansions go straight forward, all the way to the most spectacular peak.

There are ninety-nine jade steps. At the top of the jade steps, there is a white marble chair.

The rest is empty, nothing.

But this throne is shrouded by a strong restraining force, and no casual person can get on it.

This road leading to the seat seems to be not easy to get up.

“This? There’s nothing here? Where is the baby?”

Chen Ping took a look and asked with some disappointment.

Chapter: 2126

As for Hu Mazi, his eyes were wide open and he was staring at the seat above.

“Seven Stars Devouring the Sun, the Tomb of the Real Man, there must be a treasure on this seat!”

Hu Mazi's voice was so excited that it even trembled with excitement.

Hu Mazi seemed to have lost his mind at this moment, his eyes were gleaming, and he ran directly towards the throne.

But just as he stepped onto the step, Hu Mazi's body suddenly felt a terrifying force pressing towards him.

Hu Mazi's mind sank, and then he took out a spell and started drawing on it instantly.

"Light wind spell..."

Hu Mazi put the talisman on his body, and immediately Hu Mazi's body became extremely light, and the terrifying oppression just now disappeared.

Hu Mazi walked up quickly, but as soon as he took a few steps, the terrifying force pressed him again.

Without paying attention, Hu Mazi was instantly pressed to one knee and cracks appeared on the steps on the ground!

And the talisman on Hu Mazi instantly ignited into flames, and finally turned into ashes!

Hu Mazi only felt that there was a heavy weight on his body, which was so heavy that he could not stand up straight.

But Hu Mazi gritted his teeth and stood up, finally holding on and taking another step upward!

But as soon as he took this step, another terrifying force hit him. Hu Mazi lost his balance and was instantly thrown away by this force.

Hu Mazi's body fell heavily to the ground. Fortunately, it was not high enough. Hu Mazi fell to the ground and spit out a mouthful of blood.

"Master Hu..."

Chen Ping stepped forward and helped Hu Mazi up.

"This...this taboo power is too terrifying..."

Hu Mazi's face became extremely ugly.

"You rest, I'm going up to take a look..."

Chen Ping said, and was about to walk up the steps!

Hu Mazi hurriedly stopped Chen Ping, and then put a charm on Chen Ping's body.

"You have to be careful. The higher you go, the stronger the power of the taboo becomes. If it doesn't work, just step back!"

"No matter how important the baby is, life is still important..."

Chapter: 2127

Hu Mazi warned Chen Ping.

Chen Ping nodded at him solemnly, then took a deep breath and stepped up.

Golden light flickered from Chen Ping's body, and his indestructible golden body activated, resisting the oppression of that terrifying force.

As Chen Ping's strength increased, the golden light of Chen Ping's indestructible golden body shone even more dazzlingly.

Hu Mazi looked at Chen Ping nervously. He didn't know whether Chen Ping's strength could make it to the end!

Chen Ping had a talisman attached to his body and the resistance of the indestructible golden body, so Chen Ping walked very easily and quickly at the beginning.

Later, Chen Ping's speed became faster and faster, as if this taboo power had no effect on Chen Ping!

"Monster, what a monster..."

Looking at Chen Ping's back, Hu Mazi sighed!

But when Chen Ping was halfway out of the steps, his speed slowed down instantly.

Moreover, my legs began to tremble, my forehead was covered with cold sweat, and it became extremely difficult to walk.

boom!

Suddenly, the talisman on Chen Ping burst into flames and turned into ashes!

Chen Ping, on the other hand, gritted his teeth and still moved upward.

Sixty-level, seventy-level.....

Chen Ping bent down, and every step left a deep footprint on the steps!

At this moment, Chen Ping felt like a big mountain was pressing on him, making him breathless.

However, Chen Ping did not stop, he was still persisting, gritting his teeth and persisting.

Eighty-level, ninety-level.....

The golden light on Chen Ping's body dimmed, and his indestructible golden body shattered and disappeared. Chen Ping's tight muscles were exposed and were under tremendous pressure.

There were only the last nine steps left, but Chen Ping felt like his whole body was about to be crushed.

Both eyes were filled with blood and began to protrude forward!

The sweat on the skin also turned red, mixed with blood.

Chen Ping was shaking so hard at this moment that every step he took seemed to cost him half his life!

Chapter: 2128

"Chen Ping, if it doesn't work, come down..."

Seeing this, Hu Mazi hurriedly yelled at Chen Ping.

But Chen Ping didn't seem to hear it, and still gritted his teeth and stepped forward.

Blood began to flow on the ground, leaving a long blood trail behind Chen Ping!

"ah....."

It was the last step. Chen Ping felt that the blood in his body was boiling and his blood vessels were about to burst.

With a roar, all the spiritual power was released by Chen Ping.

Suddenly, Chen Ping jumped forward and fell directly to the top of the mountain!

In an instant, all the pressure disappeared, and Chen Ping's muscles began to contract rapidly due to the sudden loss of pressure.

Lying on it, Chen Ping gasped for air.

After a while, Chen Ping slowly got up and looked at the white marble seat above. He saw two lifelike dragons carved on the seat and nothing else.

Moreover, this seat is integrated with the steps, making it impossible to carry it away.

"Chen Ping, are there any treasures up there?"

Seeing Chen Ping stand up, Hu Mazi hurriedly asked Chen Ping loudly.

Chen Ping shook his head: "There is nothing, just this seat..."

"No, this is obviously the last gate of life, there should be treasures there."

Hu Mazi frowned and fell into deep thought!

Chen Ping gently stroked the white marble seat, and then sat on it curiously.

boom!

As soon as Chen Ping sat on it, a terrifying stream of light suddenly fell from the sky, instantly covering Chen Ping.

Soon, Chen Ping's body trembled, sweat poured down from his body, his eyes were tightly closed, his face was ashen, and his body was trembling continuously.

Hu Mazi below looked at Chen Ping like this, and felt very anxious. Now Chen Ping was wrapped in the light, like a king, making people want to worship him!

Soon, Chen Ping's body stopped moving, and his whole body was in a haze!

Slowly, a familiar picture appeared.

Chapter: 2129

Chen Ping found that the swordsman carrying a sword appeared in front of him again, and the thick bloody smell not only surged towards Chen Ping!

Chen Ping was overjoyed. He just looked at it for a moment, and then was pulled out by Hu Mazi. Now Chen Ping wants to see clearly.

I saw the swordsman slowly pulling out his sword, and then nine figures appeared.

The next scene shocked Chen Ping!

But I saw this swordsman swinging his sword and fighting with his nine shadows!

And the beating was very brutal, and he didn't hold back at all!

Chen Ping stared at the scene in front of him, wondering what was going on.

Soon, all nine figures died tragically under the swordsman.

At this time, Chen Ping was completely dumbfounded. He didn't understand why the swordsman did this!

Just when Chen Ping was at a loss, the swordsman slowly turned around.

A pair of expressionless eyes stared at Chen Ping.

Chen Ping looked around and found that there was nothing around him, and the swordsman saw that it was him.

"You...can you see me?"

Chen Ping asked the swordsman with a surprised look on his face.

But the swordsman didn't speak, but Chen Ping's body moved strangely at this moment. Chen Ping did not use the Dragon-Slaying Sword, but the Dragon-Slaying Sword flew out of his body at this moment.

The dragon-slaying sword was burning with flames, half hanging in the air, and there were waves of buzzing sounds coming from the sword...

The swordsman threw away the sword in his hand, and the two swords faced each other in mid-air.

Soon, the two swords began to merge and finally turned into one sword!

The flames on the dragon-slaying sword disappeared, but were replaced by a flickering gray light!

Just after the two swords merged, the swordsman's figure suddenly disappeared.

It's like it's never been here before!

The Dragon-Slaying Sword returned to Chen Ping, and Chen Ping grabbed the Dragon-Slaying Sword!

The moment Chen Ping grabbed the Dragon-Slaying Sword with one hand, countless swordsmanship information began to pour towards Chen Ping, directly pouring into Chen Ping's brain.

“ah.....”

Chapter: 2130

Chen Ping suddenly fell from his seat to the ground, holding his head tightly with both hands. He felt very painful, as if his whole head was about to split.

Seeing this, Hu Mazi hurriedly ran towards the steps.

But when he reached the steps, he suddenly found that the power of the taboo had disappeared.

Hu Mazi quickly rushed to the end of the steps.

At this time, Chen Ping was pale and sweating profusely. After all the information seemed to be filled up, Chen Ping slowly became quiet.

“Chen Ping, what's wrong with you?”

Hu Mazi hurriedly pulled Chen Ping up.

Chen Ping was pulled up, but at this time he still had a splitting headache, but it was not that serious.

“I'm all right.....”

Chen Ping shook his head, and a ray of spiritual consciousness entered the Dragon-Slaying Sword.

Only then did Chen Ping discover that there was a sword spirit inside the Dragon Slayer Sword. Although the sword spirit had not yet taken shape, if it was slowly cultivated, the Dragon Slayer Sword would soon turn into a spiritual weapon.

Although the current Dragon-Slaying Sword has long been integrated with Chen Ping's human sword and can communicate with each other, the Dragon-Slaying Sword has no independent consciousness after all!

Now that the Dragon-Slaying Sword has a sword spirit, when the sword spirit grows up, the Dragon-Slaying Sword will have its own consciousness.

This means that Chen Ping has an extra helper around him all the time.

This made Chen Ping very excited.

Seeing that Chen Ping was fine, Hu Mazi looked around and found that there was nothing else but the white marble chair.

"It's really strange. Is there something special about this white marble seat..."

Hu Mazi said and sat directly on it.

"Don't sit down..."

Chen Ping shouted, trying to stop Hu Mazi.

After all, the experience just now nearly tortured Chen Ping to death, and he didn't want Hu Mazi to take this path.

However, it was too late for Chen Ping to stop him, as Hu Mazi had already sat on it.

Hu Mazi sat on the white marble seat, shook it from side to side a few times, and found that there was nothing special about it.

And there was no stream of light shining on Hu Mazi's body.
