

The Order 2231

Chapter: 2231

“Where am I? Isn't this heaven?”

Chen Ping shook his head vigorously, and then stood up slowly.

When he saw that he was in a huge and magnificent palace, he was completely confused.

But soon, Chen Ping realized that this was not a paradise, and he was not dead.

Chen Ping looked at the palace carefully. The entire palace seemed to be made of gold, exuding a dazzling golden light!

Especially the throne in the main position gives people a sense of majesty, but the mermaid sculpture on the throne seems out of place with the palace and throne.

Then Chen Ping looked at the ground of the hall, looking at the pieces of beast elixirs on the ground, feeling the aura emanating from the beast elixirs, a hint of excitement flashed in Chen Ping's eyes!

But just when Chen Ping wanted to take a closer look at these beast pills, he found that there was a faint aura floating around from these beast pills, and finally they all gathered into the sculpture on the throne!

Even the Nascent Soul on Chen Ping's body is exuding spiritual energy and constantly converging on the sculpture!

Chen Ping frowned slightly, his face full of disbelief!

How could a sculpture have the ability to absorb spiritual energy? Is there a person hidden inside this sculpture? Or is this not a sculpture at all?

Chen Ping stepped forward cautiously, wanting to check and see what the sculpture was about.

But as soon as Chen Ping's body got close to the throne, he was knocked back by a huge force.

The throne is surrounded by formations and there is no way Chen Ping can get close to it!

And now Chen Ping's body is extremely weak and his spiritual power is almost exhausted, so he has no way to break this formation!

"Ignore it for now, it's important to recover..."

Chen Ping decided not to care about what happened to the sculpture, but to restore his spiritual power first.

There are so many beast pills on the ground, plus he still has Nascent Soul, these are enough for Chen Ping to return to his peak state, and maybe it can also allow Chen Ping to advance to a higher level!

Chen Ping picked up a beast pill and swallowed it directly. A burst of spiritual energy instantly exploded in Chen Ping's body.

Although one beast pill has very little spiritual energy and is of little use to Chen Ping, there are thousands of beast pills here, which is enough for Chen Ping to absorb for a while.

Chen Ping sat cross-legged impatiently, and then the Heart Condensation Art in his body was activated, and swirling spiritual energy began to circle above Chen Ping's head.

The spiritual energy in those beast pills changed his mind and began to swarm towards Chen Ping's body.

As the aura changed direction, the color of the mermaid sculpture on the throne instantly became darker.

Chen Ping closed his eyes slightly and didn't notice any of this at all. Even the eyes of the mermaid sculpture moved slightly, and the anger in his eyes was clearly visible, but it was a pity that Chen Ping didn't notice it!

Chapter: 2232

A large amount of beast elixir spiritual energy was absorbed by Chen Ping, and the spiritual power in Chen Ping's dantian began to recover rapidly!

Just when Chen Ping was concentrating on practicing his reply, a huge wave directly ripped Chen Ping's consciousness out of his body.

Chen Ping was shocked. When he opened his eyes and looked around, he found that he had already entered another space!

What I saw here was a small island with lush green trees, and on the island, there was a very majestic palace!

Many people were walking in and out of the palace. The clothes these people wore were actually very ancient, like clothes worn by people thousands of years ago.

Chen Ping wanted to stop someone and ask where exactly this place was, but Chen Ping was like a transparent person and no one noticed him.

Chen Ping had no choice but to walk towards the palace. He wanted to see what was going on.

But before he reached the palace, Chen Ping was blocked by a city gate. The word "Bliss City" was written on the plaque on the gate.

There were two soldiers wearing armor at the door, each holding a weapon. Chen Ping could tell at a glance that the weapons in the hands of these two guards turned out to be spirit soldiers!

At this moment, Chen Ping was so shocked that he opened his mouth. The two guards guarding the door actually held spiritual soldiers in their hands. This was incredible!

Chen Ping was deeply shocked. He raised his head and stared at the words "City of Paradise". People kept passing by him, and everyone's face was filled with happy smiles.

It can be seen that the people here live a very happy life.

Chen Ping walked into the city gate, and there was a peaceful scene inside. There were vendors doing business along the street, and there were quaint buildings everywhere.

This made Chen Ping wonder for a while, could this be the base of a certain film and television city?

But judging from the aura emanating from everyone, even ordinary people here are actually cultivators of immortality, and everyone carries spiritual power!

"Could it be that thousands of years ago, immortal cultivators were common?"

Chen Ping was very surprised!

Slowly walking through the streets, Chen Ping finally arrived in front of the palace gate. The guard in front of the palace gate was wearing a golden armor, and his aura was calm and intimidating.

The aura emanating from them was no less than that of Chen Ping now. They were all masters of the Wuhou Realm, and the weapons held by these guards were something even Chen Ping had never seen before.

Chen Ping was deeply shocked at this moment. He didn't understand whether he was dreaming or whether he could really see the scene thousands of years ago!

If thousands of years ago, there were such a huge group of immortal cultivators, and even the guards guarding the palace gates were Nascent Soul cultivators, then there would have been many monks who transformed, left the body, and distracted the mind, and even some who transcended tribulations. Real people in the Mahayana period are also very common.

But if this is the case, how could the immortal cultivator be in such a state of despair in the end?

Is it just because of the depletion of spiritual energy on the earth that many people began to practice martial arts and the immortal cultivators fell into despair?

Chen Ping didn't know why, he always felt that there was some huge secret hidden in it!

Chapter: 2233

However, with Chen Ping's current strength, what he is thinking are just random thoughts. Although he is also a monk himself, he knows too little about the history of monks...

Maybe today is a good opportunity. Regardless of whether it was a dream or not, Chen Ping decided to go into the palace to find out...

After passing through the palace gate, Chen Ping walked straight towards the largest palace. There were many people walking around inside the palace. Chen Ping felt as if he had traveled to an ancient palace!

When Chen Ping walked into the palace hall, he found that the thousands of square meters of the palace hall were already filled with warriors wearing golden armor. These people were lined up on both sides, all with solemn expressions!

But sitting on the throne at the front was a middle-aged man wearing a crown. The middle-aged man's face was so gloomy that he was about to shed tears.

Chen Ping could tell at a glance that the throne was the one he had just seen, and that the palace was where he was.

"Has the palace you are in existed for thousands of years?"

Chen Ping's face was full of surprise.

But when Chen Ping looked away from the middle-aged man on the throne, he was instantly shocked, because he found that there was a girl wearing white armor standing next to the middle-aged man!

Wearing a white armor on the girl, she looked very handsome, but when Chen Ping saw the girl's appearance clearly, his whole body trembled slightly.

Because he found that this girl looked exactly like Xiaoru. He couldn't even call it the same, she should be Xiaoru!

"Xiaoru, Xiaoru..."

Chen Ping rushed forward like crazy, but Xiaoru was frozen because of saving her.

Chen Ping has been blaming himself, he wants to rescue Xiaoru!

But he didn't expect to see Xiaoru appear from here.

It's just that no matter how Chen Ping shouted, Xiaoru didn't respond at all, and no one could see him!

But soon, Xiaoru suddenly looked around, as if she heard Chen Ping's cry!

Chen Ping looked excited and shouted desperately again.

But when Chen Ping just shouted, he heard a deafening sound coming from outside, and then the whole palace began to shake.

Everyone's expressions tightened, and they immediately drew their weapons. Even Xiaoru also drew his weapons, with a look of death on his face.

These people seem to know what is going to happen!

There were two dragons hovering on the pillars on both sides of the palace. Under the violent shaking, the two dragons came to life and began to hover in mid-air.

Chen Ping's eyes widened and he looked at the two hovering dragons.

"This...is this an ice dragon and a flame dragon?"

Chapter: 2234

Chen Ping recognized these two giant dragons at a glance!

Rumble.....

Suddenly there was a huge roar, and the palace shook even more violently!

Everyone rushed out of the palace, but Chen Ping's body floated directly into the air.

Now, he is watching the war that is about to happen from a God's perspective!

I saw waves tens of meters high rising from the sea around the island, and in the battle between these waves, the dense black shadows turned out to be all kinds of monsters, all with teeth and claws.

And among these monsters, there was a man sitting on a dragon snake, also wearing a crown on his head, but this man's lower body was the body of a fish!

Chen Ping recognized it at a glance. This was the sculpture he saw. The sculpture on the throne was this guy!

Soon a war broke out. Chen Ping had never seen this kind of battle!

Every person and every monster here seems to have extraordinary abilities.

And now this genius who is praised by the world, his Nascent Soul realm, is obviously not worth mentioning in such a battle.

No matter whether it is Wuhou or Dawuhou, I am afraid that he is not even qualified to enter the battlefield!

Chen Ping never expected that the so-called masters in the martial arts world today were nothing but bullshit thousands of years ago...

The battle lasted for who knows how long, and in the end Chen Ping only saw a mass of corpses!

And among the piles of corpses in golden armor, a white armor looked so eye-catching!

“Xiaoru, Xiaoru...”

Chen Ping wanted to rush over and shouted at the top of his lungs.

However, he found that he was in mid-air and could no longer get close to the palace below. The entire palace seemed to be enveloped by an invisible force!

There were countless corpses and corpses of countless monsters, and the mermaid wearing the crown seemed to be seriously injured as he slowly walked into the palace!

He tried his best to sit on the throne, but the moment he touched the throne, his body was instantly turned to stone.

The island began to split from the middle, and the entire Paradise City instantly sank to the bottom of the sea. However, the island closed again, pressing Paradise City under the island!

The Ice Dragon and the Flame Dragon also dragged their injured bodies, and after a dragon roar, they fell to the island!

After the ice dragon's body fell, it turned into countless frosts, and the dragon crystals in his body fell into the deep pool.

The place where the Flame Dragon fell began to become unbearably hot, and soon the island turned into a scene that was half cold and half hot.

Chapter: 2235

This is how Suolong Island was born...

“ah.....”

Chen Ping, who was practicing, suddenly shouted violently, and then suddenly opened his eyes!

At this moment, Chen Ping's whole body was already wet and he was breathing heavily.

Most of the beast pills in the palace have been absorbed by Chen Ping, but the growth of Chen Ping's strength is not very obvious.

The spiritual energy that Chen Ping now needs for his cultivation has reached a perverted level!

Even if there were thousands of beast elixirs here, the gathered spiritual energy would hardly improve Chen Ping's strength.

“Was it just a dream?”

Chen Ping wiped the sweat from his forehead and stared closely at the mermaid statue on the throne.

After breathing for a while, Chen Ping's body began to glow with golden light, and he used his indestructible golden body to protect himself. Chen Ping felt that this place was too dangerous.

Then Chen Ping walked to the palace door, took a few deep breaths, and then slowly and forcefully pushed the door open!

The door slowly opened, and the scene outside was exactly what Chen Ping thought!

There were armors and incomplete weapons everywhere, and the beast pills covering the entire ground showed how many monsters had died here.

“Isn’t that a dream? Is it all true?”

“Is this the City of Paradise?”

Chen Ping was very shocked!

Soon, Chen Ping’s eyes were attracted by a pair of white armor.

“Xiao Ru...”

Chen Ping’s eyes lit up when he saw the white armor!

Although after thousands of years of baptism, all other armors and weapons have been damaged, but this white armor is as shiny as new!

Chen Ping looked at the white armor, trembling slightly, then slowly squatted down and gently picked up the armor. There was nothing in the armor, not even bones.

It seems that after thousands of years, even human bones no longer exist. If it weren’t for these messy weapons and armor, as well as the beast pills everywhere, Chen Ping would not have imagined how tragic things happened here.

Just when Chen Ping was holding the white armor in his hand and was a little at a loss, suddenly the white armor flashed with white light, and then flew directly out of Chen Ping's hand.

After seeing this scene, Chen Ping was stunned. This pair of white armor started to move on its own as if using its soul!

Chapter: 2236

If it was a spiritual soldier who could have his own weapon spirit and his own consciousness, Chen Ping would still be able to accept it!

But how could such a piece of armor suddenly be able to move on its own?

The armor moved quickly towards the outside of the palace. Chen Ping hurriedly followed it without having time to think.

That armor seems to be looking for something!

After leaving the palace, the entire Paradise City still retained its original appearance, exactly the same as what Chen Ping had just seen in his dream!

It's just that in this ancient Paradise City, there is no human breath anymore, and there is lifelessness everywhere.

Although it is full of spiritual energy, it still gives people an eerie feeling!

White armor shuttled through the streets, and Chen Ping quickened his pace and followed closely.

"Where are you going?"

Chen Ping whispered.

But soon, on this deserted and gloomy street, there was a person standing in the middle, motionless!

When Chen Ping saw someone, he was stunned for a moment, but soon he became very shocked!

The white armor flew directly to the man's body and was put on directly.

Chen Ping hurried over and what caught his eye was Xiaoru!

At this time, Xiaoru's whole body was still covered in ice, but she still maintained the same appearance as before!

"Xiaoru, Xiaoru..."

When Chen Ping saw that it was Xiaoru, he shouted excitedly.

No wonder Xiaoru can't be found on Suolong Island. I don't know when she arrived at this place.

And this white armor flew over by itself and was put on Xiaoru's body.

Chen Ping thought of the girl in white armor he saw in his dream, who looked exactly like Xiaoru!

Could it be that Xiaoru is the reincarnation of the girl in white armor?

Chen Ping didn't believe it. The girl in white armor was still alive, and she was Xiaoru.

In that dream, Chen Ping watched the girl in white armor fall with his own eyes.

No matter what Xiaoru is, now Chen Ping has to find a way to save Xiaoru!

Chapter: 2237

Fortunately, Xiaoru was frozen in an instant, so her body was not seriously injured. As long as the cold air of the ice could be forced out of Xiaoru's body, it would be fine.

When Chen Ping's hands just touched Xiaoru, a biting cold air instantly made Chen Ping let go of his hands.

That kind of cold air can instantly penetrate the skin and reach the internal organs, making it unbearable.

Chen Ping took a deep breath, activated the spiritual power in his body, and blue flames danced on his palms!

Then he slowly approached Xiaoru's body, and then gently touched Xiaoru with his hands!

The biting cold air came again, and Chen Ping tried his best to block it with his spiritual power, and continued to send spiritual power towards Xiaoru's body.

Chen Ping relied on the spiritual fire on his palms to prevent the cold air from freezing his hands.

But after just a few minutes, Chen Ping began to tremble all over. The huge consumption of spiritual power made him unable to hold on. The spiritual fire in his hands began to weaken, and his hands became hoarfrost, beginning to freeze. !

Seeing this, Chen Ping had no choice but to let go. Looking at Xiaoru in front of him, Chen Ping was unable to do anything, which made him feel very guilty.

"Xiaoru, don't worry, I will save you no matter what this time..."

Chen Ping gritted his teeth and looked around. The ground was full of beast pills. There was no lack of spiritual energy here.

Chen Ping plans to practice here for the time being and increase the spiritual power in his body until Xiaoru is rescued!

Besides, Chen Ping still had Du Da's Nascent Soul in his pocket. If there was really no other way, Chen Ping could refine the Nascent Soul.

Chen Ping sat cross-legged and used the Heart Condensation Technique to its extreme. The huge vortex began to crazily absorb the spiritual energy emanating from the beast pills.

Chen Ping's body shimmered with dazzling golden light...

.....

Lock Dragon Island!

The sea water on the coast has turned blood red, and the corpses of dozens of monsters are floating on the sea. After a day and night of fighting, many people have obtained the beast pill!

However, some people died for this. There were more than a dozen corpses placed not far away, but no one paid attention to these dead people.

Trials are inherently dangerous, so it is normal to die in a trial place.

But no one noticed that many of these dead people had dry bodies and old faces, as if they had been sucked by something!

Not far away, Long Xiao's body was shrouded in a black robe, sitting cross-legged on the ground, with a faint smile on his lips.

This trial gave him all the sweetness.

“If you have a few more opportunities like this, I can help you reach the peak of Wuhou in a short time, and even break through to Dawuhou without any effort...”

Chapter: 2238

The old voice said in Long Xiao’s mind.

“Senior, when will I reach the realm of Martial Saint?”

Long Xiao asked excitedly.

“Martial Saint?” The old voice paused: “The current Martial Saint is probably a legend...”

After hearing this, Long Xiao fell silent!

Indeed, the current Martial Saint realm is just a legend at the moment. Although martial arts will never end, the only thing he can see and hear about is the Martial Saint realm!

Long Xiao doesn’t know what is above the Martial Saint, but what he can know is that the soul in his body must know many secrets of the martial arts world!

“Senior, if I reach the realm of the Martial Saint, will I be invincible? Will I be able to reshape your body and resurrect you without having to be attached to my body?”

Long Xiao wants to know when this soul can leave his body!

When he is strong enough, he doesn’t want to be controlled by others anymore.

“Hahaha, all you know is sitting in a well and looking at the sky. The Martial Saint is a legend in this era, but a thousand years ago, it was not worth mentioning, because there is a higher realm than the Martial Saint...”

“I’ve told you too much now, but it’s useless. You just need to digest the strength you’ve absorbed and reach the peak of Wuhou as soon as possible.”

“The past era may never come back again...”

The old voice became weaker and weaker, and the tone became more and more sad.

It seemed like he was remembering things he didn’t want to remember.

At this moment, Zhu Zhishan, who had been standing on the coast, frowned tightly!

His eyes never left the water for a moment. He always hoped to see Chen Ping’s body!

But after such a long time, if Chen Ping was really dead, his body would definitely float up.

“Zhu Alliance Leader, are you still worried that Chen Ping is alive?”

At this time, Long Xiao came over and asked Zhu Zhishan.

Zhu Zhishan nodded: “I always feel uneasy when I can’t see Chen Ping’s body!”

“Don’t worry, then Chen Ping will definitely not survive. Maybe his body was swallowed by a monster. I think we should not waste time here...”

Long Xiao said to Zhu Zhishan.

Zhu Zhishan turned to look at Long Xiao: “You just absorbed the strength of so many people, and you can’t stand it anymore so soon?”

Chapter: 2239

Long Xiao was stunned for a moment, but then he laughed and said: "They are all from small sects and aristocratic families. No one will hold them accountable if they die. I have not touched any of the aristocratic sects in the Martial Arts Alliance..."

Long Xiao really didn't dare to attack those people from the big sect families, otherwise it would be hard to explain. Although people would inevitably die in the trial, those who really wanted to die were the people from the powerful sect families. They didn't care about the rules!

"You'd better be more restrained. Not everyone is a fool. I'm afraid someone has already targeted you..."

Zhu Zhishan warned Long Xiao.

"Don't worry, Alliance Leader, I know what to do!"

Long Xiao smiled lightly.

Zhu Zhishan said nothing more, but looked at the sea again, turned around and left.

Long Xiao gathered everyone and prepared to set off towards the hinterland of Suolong Island, because the real place of trial was in the hinterland of Suolong Island!

On the road, many people who had killed monsters and obtained beast pills were chatting excitedly.

People who have not obtained the beast elixir are also looking forward to seeing what treasures there are in this trial place!

Only Dong Jiahao himself had slightly narrowed eyes and followed behind him with murderous intent. He didn't want to get any treasures. He stared at Long Xiao's back!

Although his strength is not as good as that of Long Xiao, he must endure the humiliation and find opportunities in the trial to kill Long Xiao and avenge Chen Ping.

“You can’t kill Long Xiao. If you have murderous intentions towards him, you will be the first to die...”

Just when Dong Jiahao was staring at Long Xiao’s back, Ge Jiayi suddenly walked up to Dong Jiahao and said.

Dong Jiahao was slightly stunned, and then said: “When the trial comes, I can take advantage of him when he is not prepared. Brother Chen Ping cannot die in vain...”

Ge Jiayi smiled faintly: “Even if he falls asleep, you can’t kill him. Not to mention you, even I can’t kill this Long Xiao now...”

Dong Jiahao looked at Ge Jiayi and didn’t understand why she said that. Ge Jiayi’s current strength is also unfathomable!

Ge Jiayi saw that Dong Jiahao couldn’t understand what she said, so she stopped talking, took a few steps forward quickly, and distanced herself from Dong Jiahao.

“Miss Ge...”

Dong Jiahao chased after her. No matter what Ge Jiayi meant, it was always good to remind him out loud, so Dong Jiahao also wanted to get closer to Ge Jiayi, so that he could be taken care of during the trial!

Moreover, Ge Jiayi is still a goddess-level figure in Dong Jiahao’s heart. It is always good to be able to follow your goddess a little closer.

“Are you alright?”

Ge Jiayi turned to look at Dong Jiahao and asked.

“Miss Ge, thank you for your concern and reminder just now, but as long as I have a chance, I will still kill that Long Xiao...”

Chapter: 2240

Dong Jiahao said to Ge Jiayi with a grateful expression.

“You don’t need to thank me. I don’t care about you. I just don’t want Long Xiao’s strength to grow too fast...”

“If you insist on killing Long Xiao, I have nothing to do with it. I think Long Xiao will definitely eat the meat delivered to your door!”

After Ge Jiayi finished speaking, she ignored Dong Jiahao!

Dong Jiahao was confused. He really didn’t understand. What did it have to do with killing Long Xiao himself and growing in strength with Long Xiao?

In fact, Ge Jiayi had long discovered that Long Xiao was absorbing other people’s strength.

But she didn’t tell anyone else, because the people Long Xiao attacked were only people from small sect families, and to them, they were all low-level people.

Long Xiao didn’t kill Dong Jiahao because he was afraid of the Dong family. After all, the Dong family was considered a wealthy family in Kyoto’s martial arts world!

But if Dong Jiahao really wants to kill Long Xiao, Ge Jiayi knows that Long Xiao will never show mercy.

When Long Xiao absorbs Dong Jiahao’s strength, his own strength will definitely grow rapidly.

These are things Dong Jiahao doesn’t know.

However, Dong Jiahao's intention to kill Long Xiao has not changed. He must avenge Chen Ping.

The group of them walked for more than an hour before arriving at the foot of a mountain.

The mountain is not high, but it exudes majesty!

And the place where they are going to test this time is a cave here!

The entrance of the cave is not very big, but the wind blowing from the entrance is biting cold!

"Long Xiao, what exactly is this place? Have your Long family investigated it? It's just a broken cave, a waste of our time..."

Someone took a look at the cave and then questioned Long Xiao.

"The place this cave leads to is an ancient ruins, and there are treasures everywhere in the ancient ruins. But whether you can get the treasures depends on your luck."

Long Xiao said to everyone.

"Since you know there is a treasure here, why didn't your Long family get the treasure in advance? But you proposed this trial to take advantage of us?"

Some people started to raise questions again.

If there really is a rare treasure, why don't the Long family get the treasure themselves?

"To be honest, this cave is complicated and dangerous. It will be difficult to find the ruins in the end!"
