

The Order 2271

Chapter: 2271

This fish bone is about half a meter long, with a cold light on it, as if it were carved from white marble!

When the fish bone penetrated Chen Ping's body, it disappeared in an instant, and Chen Ping also fell to the ground with a thud. Then his eyes became darker and darker, and he fainted...

Looking at the fainted Chen Ping, the mermaid's eyes narrowed slightly: "You stinky boy, force me to waste the body-fixing thorns in my body. After a while, I will definitely peel off your skin, beat your tendons, and suck you dry." net....."

The mermaid looked at Chen Ping angrily, and then began to absorb the spiritual energy in the beast elixir, slowly regaining its strength!

.....

On the other side, Zhu Zhishan and others escaped from Paradise City, but when they came out, they discovered that Suolong Island had begun to collapse. The originally huge island now only had a small area left. These places are also collapsing toward the seafloor.

Fortunately, there was a cruise ship, and everyone hurriedly boarded the ship, and then watched helplessly as Suolong Island disappeared into the sea.

Soon, everything became calm, as if there had never been an island here!

"What a pity....."

"So many beast elixirs, all wasted..."

"I was hoping to have another chance to do it again in the future, but now it's all over."

Many people began to feel sorry.

Long Xiao looked at the silent Suolong Island with regret on his face!

Only Zhu Zhishan's face darkened slightly, staring at the sea where Suolong Island disappeared, not knowing what he was thinking.

Long Xiao walked over. Both of them were missing an arm at this time, and the person who caused all this was the same person, that is Chen Ping!

It can be said that both of them hate Chen Ping deeply now!

"Do you think Chen Ping will escape?"

Zhu Zhishan suddenly asked.

Long Xiao was stunned for a moment, and then said: "This time, he will never survive. Even if he escapes, how many days can he survive in this vast sea without a boat?"

Zhu Zhishan heard it right, and finally a smile appeared on his face.

"It's just that I couldn't kill him with my own hands. It's such a pity..."

Long Xiao always wanted to kill Chen Ping with his own hands, but in the end this wish never came true.

Zhu Zhishan looked at Long Xiao: "What happened when you were killing Chen Ping? Why did you suddenly cut off one of your arms?"

Zhu Zhishan remembered that Long Xiao had torn off his arm forcefully in the palace, so he asked curiously.

Chapter: 2272

Long Xiao forgot to glance at his broken arm, and there was an indescribable look on his face.

There were some things he couldn't tell Zhu Zhishan. Remember URL

Zhu Zhishan looked at Long Xiao like this and knew that Long Xiao didn't want to say anything, so he smiled slightly and said, "It was the soul in your body that made the decision to tear off your arm, right?"

Long Xiao was stunned for a moment, then looked at Zhu Zhishan in disbelief, but quickly nodded: "Yes, Chen Ping's cultivation method at that time was very strange. Originally, I wanted to absorb his strength, but I didn't want to be He controlled and continuously sucked the strength out of my body."

Zhu Zhishan couldn't help but gasped when he heard that Chen Ping's practice was so powerful.

"Fortunately, this guy is dead now, otherwise this guy's strength will be absolutely immeasurable in the future..."

"When the time comes, all of us will probably die badly."

Zhu Zhishan said with some fear.

After hearing this, Long Xiao smiled awkwardly. He was originally the most talented person of the younger generation, but now, he was suppressed by Chen Ping. Although Chen Ping will never appear again in the future, Chen Ping's legend is afraid that it will take a long time to fade.

"Long Xiao, what happened to the soul in your body? Why did your aura drop significantly during the battle just now?"

Zhu Zhishan asked strangely, wondering why Long Xiao's strength suddenly declined!

In fact, Long Xiao himself didn't understand. He was also about to ask what happened to the soul.

It's just that I didn't have time to ask just now!

Soon, Long Xiao regained consciousness and asked the soul: "Senior, when that girl's armor appeared just now, where were you? Why can't I feel you?"

"The armor on that girl is a Buddhist treasure, and the light is Buddha's light."

"That's the Buddha's light shining all over the place. If I hadn't hidden myself, I wouldn't be able to talk to you now. I would have been wiped out in ashes..."

The soul said in a voice filled with fear.

It seemed that the Buddha's light just now really put a lot of pressure on him.

But after Xiaoru escaped, the soul came out again.

When Long Xiao heard this, his eyes suddenly flashed with light. He didn't expect that a seemingly ordinary piece of armor turned out to be a treasure!

"Long Xiao?"

Seeing Long Xiao's expression, Zhu Zhishan shouted softly.

Long Xiao came to his senses and said to Zhu Zhishan: "Leader Zhu, Dong Jiahao escaped with the girl. He will definitely not be able to escape on this sea. He should still be on the boat. Let's go look for it..."

After Long Xiao finished speaking, he ran to look for it impatiently.

Chapter: 2273

Zhu Zhishan frowned, wondering why Long Xiao was suddenly interested in these two people.

Long Xiao searched the entire ship, but there was no sign of Dong Jiahao and Xiaoru. It turned out that the two people put down the lifeboat and escaped.

This made Long Xiao feel very regretful!

“You two can escape as long as Chen Ping can’t escape.”

“Let’s get down to business...”

Zhu Zhishan patted Long Xiao on the shoulder and said.

Long Xiao nodded: “Okay, let’s get down to business!”

Later, Long Xiao summoned everyone on the cruise ship who participated in the trial.

This trial can be said to have resulted in heavy casualties. Some people died in the battle with the monsters on the shore, and more than ten people died in the battle with Chen Ping.

In the end, a few of them escaped and were killed in the palace!

More than twenty people died in one trial. This was the first time!

But again, it is the only time in a trial that one gets so many resources!

Everyone carries at least a hundred beast pills with them. You must know that there are many rare beast pills in them, but their effectiveness has been reduced due to the age.

But these beast elixirs are absolutely priceless!

“Everyone, I have called you all together to tell you that this trial is organized by our Long Family, so the resources obtained this time need to be handed over to our Long Family and then distributed to all of you.”

“I hope you can hand over the beast pills you got, and I will redistribute them when the time comes.”

Long Xiao said loudly to everyone.

Long Xiao’s words instantly made everyone shout in dissatisfaction.

“Mr. Long, what do you mean? Although your Long family is responsible for the trial, you didn’t say you want to allocate resources?”

“Long Xiao, you are fucking killing a donkey. What did you say when you just killed Chen Ping?”

“Yes, what are you doing? Now that Chen Ping is dead and Suolong Island is gone, you are adding insult to injury?”

“I won’t hand it over. I’ll do it if I can. There are so many of us, why are we still afraid of you?”

Everyone roared angrily, how could anyone be willing to hand over the resources they had obtained.

Listening to the roar of the crowd, Long Xiao was not angry at all. He raised the corner of his mouth slightly and said, “It’s okay if you don’t want to be friends with each other. Then just wait until seven days later and die of intestinal rupture...”

Chapter: 2274

“Long Xiao, what do you mean?”

Someone asked loudly.

“Nothing else. Do you still remember the Qi Gathering Pill you took before departure? If you don’t want to die, just hand over the Beast Pill obediently and I will redistribute it to you.”

Long Xiao said with a sneer.

After hearing what Long Xiao said, everyone started to curse.

He scolded the Long family for being shameless, scolding the Long family for not having a good death...

No matter how much he was scolded, Long Xiao was not angry. Even Zhu Zhishan admired Long Xiao.

However, when it comes to life and death, someone will compromise after all.

Soon, someone handed over the beast elixir.

Immediately afterwards, more and more people handed over the beast pills!

In the end, Ge Jiayi was the only one who failed to hand over the beast elixir.

“Ms. Ge, aren’t you afraid of intestinal rupture?”

Long Xiao looked at Ge Jiayi in confusion: “Let me tell you, I didn’t lie to you at all. If you don’t hand over the beast elixir, I won’t give you the antidote.”

“I’m not afraid. I can die, but I won’t hand over the beast elixir.”

Ge Jiayi sneered.

Because Ge Jiayi didn’t take the Qi Gathering Pill at all, there was nothing to be afraid of.

Long Xiao looked at Ge Jiayi angrily, but due to Ge Jiayi's identity, Long Xiao did not do anything to her.

Long Xiao put all the beast pills together and began to distribute them uniformly!

It's just that the distribution is not evenly distributed, but is distributed according to the size and strength of the sect family.

The children of those big sects and aristocratic families got a lot, while the children of some small sects and aristocratic families got very little.

Although the children of the small sect family were dissatisfied, they had no choice but to curse in their hearts!

And the children of those big sect families are very satisfied, so they won't cause trouble to the Long family!

This is a society where the jungle prevails, and this is the law of survival.

During this trial trip, Long Xiao got a lot of beast pills, and he also killed Chen Ping, which was a double harvest.

Chapter: 2275

The only regret is that Long Xiao lost an arm.

Paradise City, inside the palace!

Chen Ping was still unconscious on the ground, and the mermaid's eyes became sharp after absorbing part of the spiritual energy.

Looking at Chen Ping on the ground, the corners of the mermaid's mouth raised slightly.

“I didn’t expect that after thousands of years, I would meet the Son of the Dragon just after I woke up. It seems like this is God’s favor for me...”

The mermaid slowly walked up to Chen Ping.

The mermaid’s eyes emitted red light, like a scanner, scanning Chen Ping’s body, and then the light disappeared!

“Little monk Yuanying, the son of a dignified dragon, is so weak in strength.”

“But the dragon crystal in my body is quite large. I’ll absorb it first, kid. I’m slowly recovering my strength...”

The mermaid said, suddenly grabbing the dragon crystal in Chen Ping’s body.

But just when the mermaid is about to succeed!

Buzz...

Suddenly a golden light flashed, and then a figure flew out of Chen Ping’s body!

This figure was extremely tall, covered in bright scales, and the aura exuding from his body made people shudder!

After seeing the sudden appearance of the figure, the mermaid was so frightened that she quickly backed away!

His eyes were full of fear and anxiety!

“Can a mere smelly fish want to cause trouble?”

The figure said coldly!

The mermaid trembled all over and knelt directly on the ground!

His eyes were full of disbelief: “You...you are...you are a dragon...”

But before the mermaid could finish speaking, the figure waved lightly with one hand, and a light breath flew towards the mermaid in an instant.

The mermaid didn’t even dodge, and instantly disappeared into ashes, as if she had never been here before.

Only a crystal clear shark bead appeared on the ground, indicating that the mermaid had appeared!

The figure slowly turned its head, staring at Chen Ping with its deep eyes. The sharp-edged face actually had some similarities with Chen Ping.

Chapter: 2276

“My child, you can only walk your own path in the future...”

There was a hint of tenderness in the figure’s eyes.

Chen Ping seemed to sense something, his eyelids moved slightly, but he didn’t wake up!

Rumble.....

Paradise City is still collapsing, and the sound is shocking!

With a slight wave of the figure, the Paradise City, which had been violently shaking and rapidly collapsing, suddenly became quiet!

The wind and waves on the sea caused by the collapse also subsided instantly.

Soon, the figure slowly disappeared, as if it had never been there!

But Chen Ping is still in a coma and knows nothing about the outside world!

.....

Kyoto!

After returning from this trial, I feel so happy and so sad!

Many sect families have lost their best disciples, but there are also many sect families who have received generous rewards. A large number of beast pills have allowed them to cultivate a few more masters.

However, this trial has also put the Long Family and the Martial Arts Alliance into the spotlight. Some small sect families have taken to the forum to denounce the Long Family's actions!

At this moment, Long Jingguo of the Long family looked at Long Xiao with a broken arm, feeling unspeakable in his heart!

"Xiao'er, you were too reckless in this trial. Didn't you make enemies of our Long family?"

Long Jingguo said to Long Xiao.

Many sects and aristocratic families denounced the Long family, causing the Long family's reputation to fall into ruin!

“Dad, how can a man care about small details when doing things? Look at how many masters I can train for our Long family with so many beast pills this time.”

“And with these beast pills, I am confident that I will become the number one person in Kyoto’s martial arts world in a short time.”

Long Xiao’s eyes narrowed slightly and he said with arrogance.

“Hey...” Long Jingguo sighed slightly, and then said: “Did you see Chen Ping die with your own eyes?”

“No, but the entire Suolong Island collapsed and disappeared into the sea. Then Chen Ping wouldn’t be able to survive at all. It’s just a pity for the beast pills in the Paradise City.”

A trace of pity flashed in Long Xiao’s eyes.

Chapter: 2277

“It’s good that Chen Ping is dead. Now we need to quickly calm down the anger of those martial arts families.”

After Long Jingguo finished speaking, he walked directly out. He just took two steps, but stopped and turned around and said: “Xiao’er, you don’t want to go anywhere during this period. Practice well at home. You look like this now. It would be very troublesome if people knew about it...”

After Long Jingguo finished speaking, he walked straight out of the Long family and went straight to the Martial Arts Alliance!

In the hall of the Martial Arts Alliance, Zhu Zhishan was in a good mood. Not only did he kill Chen Ping this time, he also brought back so many beast pills to the Martial Arts Alliance!

I believe that the higher-ups will definitely not punish him, and maybe the great power will reward him with some treasures!

Just when Zhu Zhishan was happy, Long Jingguo walked in!

“Master Long, please sit down quickly...”

Zhu Zhishan was very polite to Long Jingguo.

This trial was conducted by the Long family. Being able to kill Chen Ping and obtain so many beast pills can be regarded as the Long family’s contribution, so of course Zhu Zhishan must be polite to Long Jingguo.

“Zhu Alliance Leader, in this trial, Xiaoer was young and energetic, and changed the rules randomly, which made many martial arts families dissatisfied. Now there are negative news about our Long family everywhere, so I would like to ask Zhu Alliance Leader to come up with a way to put this Suppress the matter.”

Long Jingguo said straight to the point.

When Zhu Zhishan heard this, he frowned slightly: “Master Long, your Long family is also a member of the Martial Arts Alliance. Of course our Martial Arts Alliance will take care of this kind of thing if it happens, but you also know that many aristocratic families here are not I haven’t joined the Martial Arts Alliance, so what I said doesn’t count.”

“But I can guarantee that any sect family belonging to the martial arts alliance who dares to make irresponsible remarks against the Long family will be punished by me.”

When Long Jingguo heard this, his brows knitted together tightly.

But Zhu Zhishan is indeed right. Many sects and aristocratic families have not joined the martial arts alliance, so even if Zhu Zhishan speaks, no one may listen!

But if these people are allowed to continue making trouble, the reputation of the Long family will be ruined. After all, the Long family is also a famous martial arts family in Kyoto. If something like this happens, it is better to find a way to suppress it.

Could it be that there are rumors that the martial arts circles across the country know about this, then the Long family will be ashamed of themselves.

“I have a solution here, I don’t know if it’s suitable or not...”

At this moment, Ning Zhi walked out from the side.

Ning Zhi always had that faint smile on his face, no one could guess what he was thinking!

“Ning...what can deputy leader Ning do?”

Long Jingguo originally wanted to call Ning Zhi, but now Ning Zhi is the deputy leader. Moreover, this trial was approved by Ning Zhi, so Long Jingguo also wanted to give Ning Zhi face.

“Master Long, these sect families have not joined the martial arts alliance, so we can’t control them, but from now on, we can let them join.”

“As long as these sects and aristocratic families have joined the martial arts alliance, then if the leader of the alliance is talking, wouldn’t it be easy?”

Chapter: 2278

Ning Zhi smiled lightly.

When Long Jingguo heard this, he immediately smiled bitterly: “Deputy Leader Ning, after so many years, if these sects and aristocratic families want to join the martial arts alliance, they have already joined. Why wait until now? They joined without us asking them to join.”

“Master Long is right. Many sect families don’t want to join the martial arts alliance. They feel restricted. We can’t force them to join.”

Zhu Zhishan also explained.

“This is easy to handle. In this trial, Mr. Long got a lot of beast pills. We can use some of them as resources. As long as they join the Martial Arts Alliance, we can share the resources with them and increase the resources of our Martial Arts Alliance. shared.”

“In addition to the annual trial, there are also some other benefits. In the face of interests, who can refuse?”

Ning Zhi said to Zhu Zhishan and Long Jingguo.

Hearing what Ning Zhi said, Zhu Zhishan nodded with satisfaction. After all, the more martial arts families that join the martial arts alliance, the greater the strength of their martial arts alliance.

However, Long Jingguo was a little hesitant. After all, these beast pills were now the resources of the Long family. He was asked to take them out to recruit members for the martial arts alliance. Long Jingguo was a little reluctant to part with them.

“Deputy Leader Ning, what if there are so many benefits, but there are still some sect families who don’t join?”

Long Jingguo asked.

Ning Zhi raised the corner of his mouth and revealed a hint of sneer: “Since you don’t eat the toast, then you will eat the fine wine. Anyone who does not join the martial arts alliance will directly...”

Ning Zhi made a gesture of wiping his neck, which shocked both Zhu Zhishan and Long Jingguo.

If you don’t join the martial arts alliance and just kill them, isn’t that forcing people to join?

“Ning Zhi, you think well, but have you forgotten that there is a Mr. Shi in Kyoto?”

Zhu Zhishan reminded Ning Zhi.

“Leader, we are recruiting members normally, Mr. Shi can’t stop us, right?”

“Leave those stubborn sect families to me to handle. Mr. Shi will not know about my secret handling.”

“Without evidence, can Mr. Shi still disband our martial arts alliance?”

Ning Zhi said with a sneer.

After hearing this, Zhu Zhishan pondered for a moment, then nodded and said: “Then you can handle this matter. When our martial arts alliance becomes stronger, you will have the greatest contribution.”

Zhu Zhishan stood up, patted Ning Zhi on the shoulder and said.

Ning Zhi nodded, then looked at Long Jingguo: “Master Long, regarding the resources, I’d like to ask you to send someone to deliver them.”

Seeing this, Long Jingguo could only agree: “Okay, I will send someone to deliver it.”

Chapter: 2279

Long Jingguo stood up and left, while Zhu Zhishan looked at Ning Zhi: “Ning Zhi, you must be careful not to cause big trouble...”

Zhu Zhishan is still in the position of alliance leader, and he has finally secured his position. He does not want to cause trouble, nor does he want to take responsibility.

“Don’t worry, Alliance Leader!”

Ning Zhiman said confidently.

Zhu Zhishan nodded, got up and went to rest in the back, while Ning Zhi looked at Zhu Zhishan's back with a sinister smile on his face.

.....

Inside the Dharma Protector Pavilion in Kyoto!

The atmosphere was very depressing, everyone was silent, and Mr. Shi was sitting in the main seat with a cigarette in his hand, taking a puff from time to time, frowning!

Xing Jun on the side didn't dare to breathe. He had been with Mr. Shi for more than ten years, and this was the first time he saw Mr. Shi's expression like this.

And Zhao Wuji was trembling slightly. Although he had been with Mr. Shi for a while, Zhao Wuji became nervous every time he faced Mr. Shi.

After smoking a cigarette, Mr. Shi slowly looked at Zhao Wuji: "Is the news you heard accurate?"

"Mr. Shi, it's absolutely true, and I also found Dong Jiahao, the boy from the Dong family. He is outside the Dharma Protector Pavilion."

"There is also a girl named Xiaoru. They all escaped from Suolong Island."

Zhao Wuji hurriedly said to Mr. Shi.

As soon as Mr. Shi heard Xiaoru, he quickly said: "Bring them two in quickly..."

Zhao Wuji did not dare to neglect and hurriedly brought Dong Jiahao and Xiaoru in!

After seeing Xiaoru, Mr. Shi looked up and down with his eyes, making Xiaoru a little scared!

When Dong Jiahao faced Mr. Shi, he was extremely nervous. He hurriedly bowed to Mr. Shi and said:
“Dong Jiahao, meet Mr. Shi.”

“Dong Jiahao, tell me everything you saw and knew!”

Realized asked Dong Jiahao.

Dong Jiahao quickly told everything that happened after he met Chen Ping, without any concealment.

After Xing Jun and Zhao Wuji heard this, they were all filled with indignation. They did not expect that at the last moment, all the guys in Kyoto’s martial arts circles would target Chen Ping for their own benefit and wanted to kill Chen Ping. It was so shameless.

Is this still the style of a well-known and decent family, or the style of a martial arts family? What’s the difference between following those evil cultivators?

Mr. Shi’s face was also extremely ugly. He had not expected such a change. It seemed that he had overestimated human nature.

Chapter: 2280

“Did Chen Ping really die at the bottom of the sea?”

Remorse flashed across Mr. Shi’s face.

“Mr. Shi, the news I heard is that Mr. Chen was trapped in that Paradise City. When those people escaped, Mr. Chen was not dead.”

Zhao Wuji followed Mr. Shi and explained.

“There is no difference between being trapped in Paradise City and dying. Since Paradise City has collapsed, I am afraid that the entire Suolong Island will no longer exist. How can you survive if you are trapped under the sea?”

Mr. Shi looked solemn!

“Mr. Shi, what is Paradise City? Have you been to that place?”

Xing Jun asked Mr. Shi curiously.

He had never heard of this Paradise City.

Mr. Shi shook his head: “I just heard that it was an ancient city thousands of years ago. It suddenly disappeared overnight. No one knows where the Paradise City went. I didn’t expect it to sink to the bottom of the sea.”

“Mr. Shi, would you like me to take someone to find Chen Ping? Even if Chen Ping is trapped at the bottom of the sea, with our current strength, we can rescue him.”

“If it doesn’t work, we have to find his body, right?”

Xing Jun asked.

Mr. Shi said nothing, lit up a cigarette again, and then started smoking vigorously.

Suddenly, a white light flashed in Mr. Shi’s mind, and Mr. Shi, who originally had a gloomy face, now smiled.

The change in Mr. Shi’s expression stunned everyone!

I don’t know if Mr. Shi is stupid, why he suddenly grinned.

“Okay, don’t worry about Chen Ping. You can go out.”

Mr. Shi kicked everyone out.

“This kid is really lucky. I knew he wouldn’t die. I hope this time it’s his fate!”

Mr. Shi put out his cigarette and his expression returned to his cold state.

.....

“Miss Xiaoru, why don’t you rest at our house for a few days, and then I’ll take you to Medicine God Valley?”

After walking out of the Dharma Protector Pavilion, Dong Jiahao said to Xiaoru.
