

## **The Order 2361**

Chapter: 2361

Four masters in black bronze robes stood in four directions and blocked Chen Ping's path so tightly that Chen Ping could not escape at all.

"Chen Ping, just surrender yourself and stop struggling pointlessly..."

Chills burst out from the bodies of the four of them, and the aura erupting from their bodies was terrifying!

Chen Ping's expression changed, and he held Long Jingguo tightly with one hand. As long as Long Jingguo was in his hands, these people would be afraid, and he could find a chance to escape!

Chen Ping slowly touched the Qiankun Circle with one hand. He wanted to use the space magic of the Qiankun Circle to escape from here.

Although Chen Ping, the four masters in the middle stage of Wuhou, can fight hard, but this is Kyoto, and who knows if the Martial Arts Alliance has a back-up, so Chen Ping is not going to fight head-on!

"This Long Jingguo is in my hands, so you dare to attack me?"

Chen Ping looked at the four black bronze robes coldly and said.

"Haha, what does it matter if you kill him? Our character takes your life, and the life and death of others has nothing to do with us..."

One of the men in black copper robe laughed instantly.

Not to mention Long Jingguo, they don't even care about Zhu Zhishan's life. In their eyes, the only thing they can do is complete the mission!

Seeing what the black copper robe said, Long Jingguo's face turned very ugly, and he felt a little embarrassed on his face.

Long Xiao looked at Zhu Zhishan aside: "Zhu Alliance Leader, what do you mean?"

"Don't worry, Mr. Long, they are just talking casually, the Master of the Long family will be fine!"

Zhu Zhishan comforted Long Xiao.

In fact, Zhu Zhishan himself has no right to order these four black bronze robes.

"Since this Long Jingguo is useless, then I will kill him..."

After Chen Ping finished speaking, he slapped Long Jingguo with his palm.

Seeing this, one of the men in black robe suddenly punched Chen Ping, while the other man in black bronze robe stepped forward and caught Long Jingguo instantly!

Chen Ping didn't want to kill Long Jingguo, he just wanted to attract these four black bronze robes!

Seeing the opportunity, Chen Ping suddenly threw the Qiankun Circle, and a black hole instantly appeared in mid-air.

But just when Chen Ping was about to escape into the black hole, he found a golden light flashing in the sky, and then he saw a magic weapon suspended in the air, with bursts of golden light emitting from the magic weapon!

This light instantly enveloped the entire martial arts arena and blocked Chen Ping's escape path!

The hole that appeared disappeared, and the Universe Circle fell to the ground!

Chapter: 2362

“Hahaha, we have known for a long time that you would play this trick, so we have been prepared for a long time...”

Zhu Zhishan laughed.

At this time, Ge Fuhai, who was in the crowd, couldn't help but be a little surprised after seeing the magic weapon in mid-air: “This martial arts alliance is really hidden, and there is such a space magic weapon...”

“Dad, what is a space magic weapon?”

Ge Jiayi asked curiously.

“You will understand later that Chen Ping is in big trouble now...”

Ge Fuhai stared at the martial arts field.

At this moment, Chen Ping, after realizing that he could not escape, instantly used the dragon-slaying sword, the light on his body began to flicker, and the indestructible golden body covered his whole body!

“Let me see how powerful your formation is...”

Chen Ping said, the dragon-slaying sword in his hand suddenly swung towards the magic weapon in mid-air!

An extremely sharp sword energy instantly slashed at the magical weapon in mid-air!

But before the sword energy even touched the magical weapon, it disappeared without a trace in an instant!

Chen Ping frowned, and then swung his sword energy again, but the result was still the same. Not to mention breaking the formation, he couldn't even touch the magic weapon!

Seeing this scene, Zhu Zhishan raised his lips!

"Don't waste your efforts. This is a space magic weapon. Your sword energy has not disappeared, it has just been transported to another space."

At this time, a secret voice rang in Chen Ping's ears.

Chen Ping was slightly startled because the sound was obviously coming from Ge Fuhai.

But Chen Ping looked down and found that Ge Fuhai was hundreds of meters away from him and looking at him!

Chen Ping didn't understand why Ge Fuhai told him this, but he didn't have time to think about it now!

"Boy, aren't you awesome? Why can't you break this formation?"

A man in black bronze robe looked at Chen Ping, his voice full of sarcasm.

Chen Ping's eyes narrowed slightly, and he held the Dragon-Slaying Sword tightly in his hand. He knew that this time, it would be a fierce battle!

"Open the formation..."

Immediately afterwards, a loud shout sounded, like thunder, exploding in Chen Ping's ears.

Chapter: 2363

Then the martial arts arena where Chen Ping and the others were located began to shake violently, and the space began to become distorted.

Chen Ping looked at the people around him and found that the people around him were slowly disappearing. In the end, only a few of them were left. In this martial arts field, there was already nothing around.

Chen Ping knew that the people around him did not disappear, but the other party activated the space magic weapon. They should be in another space now!

However, the people around them could really see Chen Ping and the others, but what they saw was no longer a real scene, but more like a mapped picture!

“Suffer death...”

Four black copper robes spoke at the same time!

Chen Ping felt loud noises coming from all directions at the same time, and then he felt dizzy and almost lost consciousness!

“Sacred consciousness attack...”

Chen Ping's expression changed, and then a white light flashed in his mind. He did not expect that these four guys would suddenly launch a spiritual attack, taking advantage of Chen Ping's tense moment to directly attack Chen Ping's mental power!

Because when a person is extremely nervous, his mental strength will become very fragile and he can be easily defeated.

Just when Chen Ping was slightly distracted, four black bronze robes shot at the same time, and four rays of light went straight to Chen Ping, hitting Chen Ping instantly!

Chen Ping's body flew out directly, and there was obviously nothing in front of him. But after Chen Ping's body flew hundreds of meters, he suddenly hit something and fell to the ground hard!

Chen Ping stood up and saw that there was nothing in front of him, but when he reached out to touch it, an invisible barrier suddenly appeared.

"In this alien space, unless you die or we die, otherwise this space will not be broken. You don't have to think about escaping, just use your best ability..."

After a man in black copper robe finished speaking, he waved his sleeves, and the black sleeve robe was like a snake, and instantly moved towards Chen Ping.

Seeing this, the other three men in black copper robes also waved their sleeves instantly. The four sleeves like spiritual snakes entangled Chen Ping's body in an instant!

Then the four people suddenly exerted force, and Chen Ping's body was pulled back directly, hanging in mid-air!

Chen Ping's face changed, golden light suddenly appeared on his body, and the terrifying power of the dragon exploded. His whole body began to surge, trying to break free!

However, the four-sleeved robe was extremely tough. No matter how hard Chen Ping struggled, he could not break free. Instead, he was so tired that his forehead was covered with cold sweat!

"Mr. Chen....."

Seeing that Chen Ping was controlled by the opponent as soon as he made a move, Dong Liqun frowned and was about to rush out.

Dong Jiahao also led many experts from the Dong family to stand up instantly, eager to try!

They want to save Chen Ping.

The Dong family is what it is today because of Chen Ping, so it is impossible for Dong Liqun to watch Chen Ping die in front of him and remain indifferent.

Chapter: 2364

As the saying goes, gratitude should be repaid, otherwise how would the Dong family gain a foothold in Kyoto's martial arts world!

"Brother Dong, you must not be reckless. If you rush forward, you won't be able to save Chen Ping at all. You won't even be able to see him, and he will be crushed by the space barrier."

"The matter is not over yet. Chen Ping should not be subdued so easily."

Ge Fuhai stopped Dong Liqun and said.

Seeing this, Dong Liqun could only sit back slowly, but kept his eyes fixed on the martial arts field.

On the other side, Zhu Zhishan, who was watching Chen Ping being controlled, raised his lips with pride: "The black copper robe is the black copper robe. The strength is really strong. I subdued Chen Ping in one go. This time I see that Chen Ping How can you escape!"

"This Chen Ping will not be controlled so easily. This is just the beginning..."

Long Xiao was not so optimistic, because he had fought with Chen Ping and knew how terrifying Chen Ping's strength had grown.

"Huh, let's wait and see..." Zhu Zhishan glanced at Long Xiao and raised the corners of his mouth slightly.

At this time, Chen Ping wanted to cut off the sleeve robe with the dragon-slaying sword in his hand, but unfortunately his hands were restrained and he could not move!

“Hmph, with just this little ability, I don’t know how I can create a storm in the martial arts world.”

Seeing Chen Ping being controlled, a man in black bronze robe snorted coldly, looking very disdainful.

“Stop talking nonsense to him and just kill him. We have completed our mission.”

After saying that, another man in black bronze robe held a sharp blade and stabbed Chen Ping fiercely.

Chen Ping was restrained and had no way to dodge. He could only use the Indestructible Golden Body to its maximum!

The golden light on Chen Ping’s body was as bright as the sun in the sky!

The power of the divine dragon protected his whole body. He needed to resist the opponent’s blow, but Chen Ping did not dare to show any signs of neglect.

After all, the opponent is in the middle stage of Wuhou, and each of them is no worse than Long Xiao!

clang!

With a crisp sound, the sharp blade drew a white mark on Chen Ping’s body, but it did not hurt Chen Ping’s body.

On the contrary, the black copper robe was so shocked that his wrists became numb, and the sharp blade in his hand broke instantly!

“Damn, this kid’s body is really abnormal, he’s so strong...”

The man in black copper robe was shocked and his wrists were numb. He cursed angrily.

“Let’s go together, don’t leave this kid a chance...”

Chapter: 2365

Another man in black copper robe said coldly.

The other people no longer said much, but started to attack Chen Ping together!

Chen Ping frowned. If four people attacked at the same time, Chen Ping might not be able to withstand them even if he had an indestructible golden body to protect him.

But no matter how hard Chen Ping struggled, he couldn’t break free from the shackles of this sleeve robe!

At this moment, Chen Ping’s powerful dragon-slaying sword started to shake.

With a thought in Chen Ping’s mind, the Dragon-Slaying Sword instantly came out of his hand!

However, Chen Ping discovered that the Dragon-Slaying Sword did not seem to be under his control at this time, but had a sense of autonomy!

“Could it be that the sword spirit has become conscious?”

Chen Ping was overjoyed!

I saw the Dragon-Slaying Sword leaping into the sky, followed by a burst of light, and a terrifying sword energy descending from the sky!

The aura emitted by this sword energy was not owned by Chen Ping, but emitted by the Dragon Slayer Sword itself.

The four men in black bronze robes were stunned on the spot for a moment, looking at the Dragon Slayer Sword in disbelief!

The terrifying sword energy instantly cut off the sleeves and robes that bound Chen Ping, and at the same time, the Dragon-Slaying Sword seemed to have consumed all its breath and instantly fell from the air.

Chen Ping broke away from the restraints, then waved his hand and caught the Dragon-Slaying Sword. The power of the divine dragon was continuously injected into the Dragon-Slaying Sword!

The dragon-slaying sword that was re-infused with the power of the divine dragon began to emit light again, and a buzzing sound resounded throughout the entire martial arts arena!

“Nine Shadows Sword Technique, the First Sword...”

Chen Ping waved his backhand and used the Nine Shadows Sword Technique!

I saw a terrifying sword light rising up, and the entire alien space began to twist and shake under this sword!

“Hmph, you still dare to resist...”

Several people snorted coldly, and then activated the spells at the same time. The space magic weapon in mid-air burst out with a ray of light in an instant!

In an instant, Chen Ping’s terrifying sword light disappeared and was swallowed up by the light!

Chen Ping frowned. He knew that his sword light was transported to another space and did not disappear!

“Space rotation...”

I saw a man in black copper robe shouting loudly!

Chapter: 2366

Then the four people simultaneously grabbed the space magic weapon in mid-air.

The space magic weapon seemed to be affected by some gravitational force, and suddenly started to rotate, and then changed its direction!

He saw only fluctuations in the space, and then after a period of distortion, Chen Ping found that the people who were originally invisible had returned.

But at this moment, the people around them suddenly couldn't see Chen Ping and the others on the martial arts field.

It's as if the entire space has changed direction!

Along with the shaking of the space magic weapon, terrifying breaths shot out from the space magic weapon!

Swish, brush, brush...

Sharp sword rays shot out from the space magic weapon and headed straight for Chen Ping. Remember URL

"Holy shit..."

Chen Ping's expression changed, and he couldn't help but uttered a curse word. He hurriedly waved his hand in front of him to form a barrier, and his indestructible golden body was also used to its maximum, emitting a bright golden light!

The sword light with an all-too-familiar aura instantly arrived in front of Chen Ping.

These sword lights disappeared inexplicably after Chen Ping swung them out one after another, but unexpectedly they all came back and came towards him!

Dang Dang Dang.....

The sword light hit the barrier in front of Chen Ping, instantly destroying the barrier, and then hit Chen Ping!

The terrifying power caused large scales on Chen Ping's body to fall off and disappear, and his indestructible golden body was directly destroyed.

And Chen Ping's body also flew backwards and hit the ground directly!

Although he was not injured, Chen Ping's indestructible golden body was damaged, which directly caused Chen Ping to lose his advantage.

"This magical weapon is too terrifying..."

Chen Ping looked at the magical weapon in mid-air, his face became very ugly!

"Hahaha, wouldn't it feel great to hit yourself with your own moves?"

One of them in black copper robe laughed wantonly.

Chen Ping said nothing and frowned. He was thinking of a way to solve it!

If this continues, the four of them don't have to take action, or they will all die in their own hands.

At this time, Dong Liqun outside became a little impatient because he suddenly couldn't see Chen Ping's condition.

Chapter: 2367

"Dad, do you think something will happen to Chen Ping?"

Ge Jiayi asked Ge Fuhai.

Ge Fuhai's face didn't look good at the moment either. He looked at the empty martial arts field with a solemn expression!

"I can't tell, it depends on Chen Ping's luck this time. The opponent's space magic weapon is too powerful..."

Ge Fuhai said.

"Then you find a way to save him. These guys from the Martial Arts Alliance don't have any good things..."

After hearing this, Ge Jiayi prayed to Ge Fuhai.

Ge Fuhai glared at Ge Jiayi fiercely: "You forgot what I told you. Our Ge family will never be allowed to participate in any fights or join any organization. Just do your own thing..."

When Ge Jiayi saw that her father was angry, she was too frightened to speak!

At this time, Chen Ping still looked at the four black bronze robes cautiously. He did not dare to take action easily. Every time he took action, he was the one who was attacked in the end.

"Why, you don't dare to take action? If you don't dare to take action, then we can do it..."

After saying that, four men in black bronze robes rushed towards Chen Ping.

When Chen Ping saw this, he raised his sword helplessly and slashed at the four people with a fierce sword light!

But the four people didn't seem to really attack Chen Ping. After Chen Ping slashed out with his sword, they dodged instantly.

And above the space magic weapon, a ray of light instantly swallowed up Chen Ping's terrifying sword light!

"Space rotation..."

Then the four of them repeated their old tricks, and with a burst of space fluctuations, the terrifying sword light suddenly headed towards Chen Ping.

Chen Ping tried his best to block it, but the indestructible golden body on his body was completely shattered and disappeared without a trace!

And he himself was so shocked that his mouth and nose were bleeding, and his face was very ugly!

"Hahaha....."

Seeing Chen Ping's embarrassed look, the four men in black bronze robes laughed instantly.

Chen Ping seemed a little helpless at the moment. He could only look at the four people angrily. Facing this space magic weapon, Chen Ping had no choice but to do anything.

Because every sword light spell can be swallowed up by this magical weapon, Chen Ping has no way to destroy this magical weapon.

As long as this space magic weapon is not destroyed, Chen Ping can't even think about defeating these four black bronze robes!

Chapter: 2368

But just when Chen Ping was helpless, a familiar secret voice came to Chen Ping's ears again: "This space magic weapon can swallow any spiritual power, but it cannot swallow the physical body and pure power. Do you understand??"

Chen Ping was stunned for a moment, and then his eyes flashed, and he seemed to understand.

Although this space magic weapon is powerful, it cannot swallow the physical body, which means that it cannot transport people to other dimensions. What it can swallow is only the magic spells cast by spiritual power. If it relies on the physical body's own strength, that is to say, this There is no way to swallow the space magic weapon.

Chen Ping looked at Ge Fuhai gratefully, then put away the dragon-slaying sword in his hand instantly, and the power of the dragon was directly absorbed into his body!

He must rely on the strength of his body to smash this space magic weapon. Only then can he have the strength to fight with these four black bronze robes.

After Chen Ping was promoted to the third realm of Nascent Soul, his physical body has also been greatly improved.

Now Chen Ping, even without the blessing of the indestructible golden body, is extremely powerful physically.

The four men in black bronze robes were slightly startled and frowned when they saw that Chen Ping had actually put away his dragon-slaying sword, and even the aura on his body had calmed down.

"Didn't that kid see through the method of cracking this space magic weapon?"

A man in black copper robe whispered.

“Ignore it for now, kill him, don’t let him get close to the magic weapon!”

After the other man in black bronze robe said that, he punched Chen Ping.

Chen Ping no longer has the indestructible golden body to protect him, and he has restrained all his aura. Now he is an ordinary person. When he takes action with this black copper robe, he is full of confidence!

boom!

The black copper robe arrived in front of Chen Ping at an extremely fast speed and hit Chen Ping hard on the body.

Chen Ping flew backwards and fell directly to the ground.

Standing up slowly, Chen Ping looked at his body, his face becoming colder.

The black copper robe looked at Chen Ping in surprise. He didn’t expect that Chen Ping could resist his punch with his physical body at this moment, and he was fine!

It’s just that at this time, Chen Ping’s attention was not on these four people, but on constantly looking at the space magic weapon in mid-air!

The four men in black bronze robes also saw what Chen Ping meant, so they shouted: “Boy, you have no chance...”

After saying that, the four people activated their spells at the same time, and rays of light came towards Chen Ping!

As black copper robes, everyone has a soul living in their bodies, so they practice countless spells!

The overwhelming amount of spells hit Chen Ping directly.

Each one was like thunder, striking Chen Ping's body.

Chapter: 2369

Chen Ping did not have an indestructible golden body to protect his body, so he could only rely on his physical body to resist.

Chen Ping dodged while leaning on the space magic weapon to get closer!

But the densely packed spells were constantly bombarding Chen Ping, making it very difficult for Chen Ping to take a step forward.

Chen Ping felt as if his body was being roasted in flames!

Wounds appeared one after another, and blood kept spraying out!

At this time, everyone around the martial arts arena was shocked when they saw the scene in front of them.

They don't understand what kind of perseverance Chen Ping relies on to persist!

Under this kind of attack, even an iron man will be reduced to rubbish by you!

While being shocked, everyone had to admire Chen Ping's physical strength!

"Damn, this guy's body is too perverted. If we don't kill him today, he will become a big problem in the future..."

Zhu Zhishan looked at Chen Ping's abnormal body, feeling frightened in his heart.

On the martial arts field, Chen Ping was covered in scars and his face became increasingly ugly!

As the four men in black bronze robes continued to cast spells, the scars on Chen Ping's body became more and more serious!

However, in this case, Chen Ping didn't fall down yet, which surprised the four black bronze robes!

"hateful....."

Looking at the mid-empty space magic weapon, Chen Ping couldn't help but cursed angrily.

"Boy, you are bound to die today. Stop resisting needlessly, otherwise you will die even more miserably..."

A man in black copper robe said coldly.

"Fuck you, four of you are fighting one, you still have a fucking face, come on if you have the ability..."

Chen Ping shouted angrily!

"snort!"

With a cold snort, several people fired another Taoist spell, hitting Chen Ping instantly and sending Chen Ping flying dozens of meters away!

Chen Ping's body was torn and bloody, but Chen Ping still stood up with difficulty.

"Going against the Martial Arts Alliance will lead to death..."

Chapter: 2370

The four men in black bronze robes slowly raised their palms, and streaks of black and golden light continued to flicker.

These rays of light gathered together, and a huge force was rippling.

Chen Ping frowned, knowing that this was a fatal blow from four people!

The terrifying power is constantly rising, heading towards Chen Ping with endless destructive power.

The surrounding space began to twist and deform, and the twisted space seemed to tear Chen Ping into pieces!

As soon as Chen Ping gritted his teeth, all the power of the divine dragon burst out, and then formed a solid barrier around him!

clang!

The black-gold light struck hard in front of Chen Ping, and the burst of power caused dense cracks to appear throughout the martial arts arena!

The magic weapon in mid-air also began to shake in the aftermath, and seemed to be on the verge of collapse.

Wow.....

The barrier on Chen Ping's body shattered, and waves of power began to hit Chen Ping's body!

"ah....."

Chen Ping roared, veins bulged on his body, and his strong body was used to the extreme.

When the light dissipated, Chen Ping could already see the white bones on his body, which looked extremely terrifying.

When the four men in black bronze robes saw this, they all fell into a daze. This was their strongest blow, and Chen Ping actually withstood it with his flesh and blood.

It's incredible!

Even the people outside the martial arts arena were so shocked that their jaws dropped when they saw the scene in front of them.

"Is this...is this still a fucking human?"

"Perverted, so perverted..."

"Even the four masters of the Martial Arts Alliance can't kill Chen Ping. It's going to be embarrassing now!"

Everyone was talking about it, and they were all impressed by Chen Ping's abnormal body.

At this time, Ge Fuhai's face was solemn and his eyes were slightly narrowed!

"This Chen Ping, his physical body is so strong, he is not an ordinary cultivator..."

Ge Fuhai whispered.
