

The Order 2381

Chapter: 2381

After finishing speaking, a man in black copper robe sat down directly and stopped talking.

Ning Zhi also sat back. Now he can only wait for Zhu Zhishan to come back. He doesn't know how things that were originally a sure thing ended up like this.

Soon, Zhu Zhishan also came back, with anger and unwillingness on his face!

If Ge Fuhai hadn't intervened, Chen Ping would have died. If the three black bronze robes hadn't backed down in the end, Chen Ping wouldn't have been able to hold on anymore.

"They're all fucking trash..."

Zhu Zhishan cursed fiercely, but it was useless no matter how hard he cursed, there was no if in this world...

Seeing Zhu Zhishan coming back, Ning Zhi hurriedly stepped forward.

"Zhu Alliance Leader, what happened to Chen Ping? Even the four black bronze robes failed to kill him?"

Ning Zhi asked in confusion.

"If these black bronze robes hadn't been so timid and escaped in the end, Chen Ping would have died..."

Zhu Zhishan glanced at the three men in black bronze robes and said with annoyance on his face.

The status of these black bronze robes is higher than that of Zhu Zhishan, otherwise Zhu Zhishan would have ordered the execution of the three black bronze robes who escaped.

“Escape?” Ning Zhi was stunned and glanced at the three men in black bronze robes!

“Zhu Zhishan, what the hell are you talking about? Were we escaping? Don’t you know what the situation was at that time?”

“Then Chen Ping broke the space magic weapon and killed one of our brothers.”

“In the end, they started to burn their essence and blood, and they wanted to fight us to the death. If we continue to fight, we will only die in vain...”

The three men in black bronze robes roared at Zhu Zhishan and defended themselves.

“After you escaped, Chen Ping fainted immediately. He was already at the end of his strength and was trying to scare you.”

Zhu Zhishan saw that the three black bronze robes still had the nerve to defend themselves, so he said disdainfully.

“Since he fainted, did you kill Chen Ping?”

One of the men in black copper robe asked.

“I.....”

Zhu Zhishan was immediately speechless.

“Alliance leader, since Chen Ping fainted at the end of a powerful crossbow, you should be able to kill him easily. Have you killed him?”

Chapter: 2382

Ning Zhi also asked Zhu Zhishan.

“Originally I wanted to kill him, but the Dong family and the Ge family defended Chen Ping, so I couldn’t take action...”

Zhu Zhishan explained.

“What? The Ge family also protected Chen Ping?”

After hearing this, Ning Zhi’s expression was slightly shocked: “The Ge family has never asked about the affairs of the martial arts world. How could they suddenly go against our martial arts alliance for Chen Ping?”

“The head of the Ge family said that someone in our Martial Arts Alliance touched his daughter. Once he investigates clearly, he will personally go to the Martial Arts Alliance to take revenge...”

When Zhu Zhishan said this, he looked directly at Ning Zhi.

Because he knew that Ning Zhi must have done this, and he had to use this method to provoke the Ge family!

Sure enough, after hearing this, Ning Zhi’s expression changed slightly, but it only lasted for a moment!

“Alliance leader, since Chen Ping is seriously injured, he will definitely not leave Kyoto. We should set up a dragnet to kill Chen Ping in Kyoto.”

Ning Zhi took the topic away from the Ge family!

“Kingto is so big, where can we find Chen Ping? If he hides in the Dong family, that’s okay. If he hides in the Dharma Protector Pavilion or the Ge family, can we go to the door in person to ask for him?”

Zhu Zhishan asked.

“No matter where he is hiding, as long as he does not leave Kyoto, I have a way. I will apply now and ask the senior management to send more experts. If it doesn’t work, I will send a black-silver robe to see if Chen Ping can do it. Escape...”

Ning Zhi’s eyes narrowed slightly, and it seemed that he would not give up until Chen Ping was killed!

“It’s better not to report this matter to the senior management, otherwise none of us will get any good results. I’ll find a way myself...”

Zhu Zhishan knew that as the leader of the alliance, he had failed repeatedly and the top management was very unhappy.

Maybe I’ll just get out!

He still has a killer weapon in his hand. When Fan Jiang is released, he will definitely be able to kill Chen Ping.

“Well, I won’t report this matter now. If you can’t kill Chen Ping, don’t blame me for reporting it truthfully...”

After Ning Zhi finished speaking, he turned and left.

The three men in black bronze robes followed Zhu Zhishan and looked at each other in confusion. Now they knew that these people were like grasshoppers on a rope. If they couldn’t kill Chen Ping, none of them would survive.

.....

Dharma Protector Pavilion!

Chapter: 2383

Although Mr. Shi said he didn't care about Chen Ping, he was always paying attention to matters in the martial arts arena.

At this moment, Xing Jun has understood the entire process from the martial arts field and comes back to report!

When he heard that Ge Fuhai was going against the Martial Arts Alliance for Chen Ping, Mr. Shi's expression obviously changed!

"The Ge family actually came forward?"

Mr. Shi frowned slightly: "I don't know if it was Ge Fuhai's intention to save Chen Ping, or the Ge family ancestor's intention..."

"Mr. Shi, Ge Fuhai said himself that he targeted the Martial Arts Alliance because the Martial Arts Alliance touched his daughter."

Xing Jun explained.

"Do you believe it?" Mr. Shi looked at Xing Jun and asked.

Xing Jun said nothing, but shook his head.

"Ge Fuhai's wife died in a fight in the martial arts world, and the Ge family did not come forward. Do you think Ge Fuhai will go against the martial arts alliance for his daughter?"

Mr. Shi continued.

"Then why did Ge Fuhai save Chen Ping? Did he have any intention and would rather break the rules of the Ge family for so many years?"

Xing Jun asked very puzzledly.

Mr. Shi pondered for a moment: "I don't know what the Ge family's intentions are, but it will become more and more lively in the future. It seems that some guys who have been hiding for thousands of years will surface..."

"What about Chen Ping? He is still in the Ge family, will he be in danger?"

Seeing that Mr. Shi didn't know the Ge family's intentions, Xing Jun asked.

"No, since Ge Fuhai saved Chen Ping, he will not kill him. You continue to pay attention to the trends in the martial arts world, but remember, you are not allowed to interfere. We officially treat this period as if it does not exist..."

Mr. Shi's eyes narrowed slightly, and there was a breathtaking light in his eyes. It seemed that nothing could escape his eyes.

Ge family!

Chen Ping slowly opened his eyes. The wounds on his body had healed. With Chen Ping's own terrifying self-healing ability and Ge Fuhai's elixir, Chen Ping's body healed very quickly!

Looking at the luxurious room and the soft big bed, Chen Ping frowned slightly.

He only remembered that he fainted in the martial arts arena. He couldn't remember anything about what happened next, and he didn't know where he was!

Chen Ping stood up and found that he was naked, and there was a new set of clothes on the bedside!

Chen Ping got dressed and got out of bed, wanting to see where this place was!

Chapter: 2384

At this moment, Ge Jiayi opened the door and walked in, holding a bowl of steaming soup in her hand!

Seeing Chen Ping wake up, Ge Jiayi was a little surprised!

“you’re awake?”

Ge Jiayi’s eyes widened with disbelief on her face!

Chen Ping was so seriously injured that he recovered and woke up within two days. It was simply amazing. Remember URL

“Miss Ge?”

Seeing that it was Ge Jiayi, Chen Ping was slightly startled: “Where am I?”

“Of course it’s in our Ge family, otherwise where do you think it is?”

Ge Jiayi put the soup on the table and said.

“The Ge family? Why am I in the Ge family?”

Chen Ping was a little strange. He had no connection or friendship with the Ge family. Why was he in the Ge family?

Ge Jiayi explained everything after Chen Ping, telling him exactly what happened after he fainted!

After hearing this, Chen Ping was filled with fear. If Ge Fuhai hadn’t come forward at that time, he would have become a lonely ghost by now.

“Ms. Ge, thank you so much for taking care of me...”

Chen Ping said with a grateful look.

“You’re welcome. What the Martial Arts Alliance did is really shameful. You should quickly drink this ginseng soup to replenish yourself. I’ll tell my father that you’re awake...”

After Ge Jiayi finished speaking, she turned around and walked out of the room!

Chen Ping looked at the ginseng soup and drank it all in one gulp. A warm current instantly spread through Chen Ping’s body!

Chen Ping knew that this ginseng soup must be made from ginseng that is more than a thousand years old, and there are many precious medicinal materials in it, otherwise it would not have this effect.

At this time, Chen Ping was very grateful to the Ge family. No matter what the Ge family’s intentions were, his life was saved by Ge Fuhai, and he should repay them!

Soon, Ge Fuhai opened the door and walked in. Upon seeing this, Chen Ping hurriedly stepped forward and saluted: “Master Ge, thank you for your life-saving grace!”

“You’re exaggerating. It’s just a simple task for me. Besides, I’ve long been dissatisfied with the style of the Martial Arts Alliance...”

Ge Fuhai gently supported Chen Ping and said calmly.

“Master Ge, as long as you can use me, Chen Ping, I will go through fire and water without hesitation...”

Chapter: 2385

Chen Ping said with a grateful look.

“Chen Ping, I don’t need your help, but there is something very strange that I want to ask you?”

Ge Fuhai said.

“Master Ge, if you have anything to say, feel free to ask. If I know, I will tell you the truth.”

Chen Ping nodded.

“Then I won’t hide it anymore. Your body is so strong, you are definitely not an ordinary cultivator. Who are you?”

Ge Fuhai asked curiously.

This time, Chen Ping was stopped. Chen Ping knew that Ge Fuhai was also an immortal cultivator, and he would definitely be able to tell his identity as an immortal cultivator.

But when asked who he was, Chen Ping really couldn’t answer.

Because he himself doesn’t know who he is.

He doesn’t even know who his father is now!

Seeing that Chen Ping was silent, Ge Fuhai thought that Chen Ping was in trouble, so he said: “If you are in trouble, just pretend that I didn’t ask, I was just curious...”

“Master Ge, there is actually nothing to be embarrassed about, because I myself don’t know who I am, because I was abandoned when I was very young.”

“I only recently found out that my mother is the eldest lady of the Long family, and I don’t know who my father is, so I can’t answer you...”

Chen Ping followed Ge Fuhai truthfully.

After hearing this, Ge Fuhai's eyes suddenly flashed with surprise: "Are you Long Ruotong's child?"

Chen Ping looked at Ge Fuhai's appearance and nodded: "Yes, I heard Uncle Long say that my mother's name is Long Ruotong..."

"No wonder, no wonder..."

Ge Fuhai looked suddenly enlightened, as if he understood something!

"Master Ge, do you know about my mother?"

Chen Ping asked hurriedly when he saw this.

"I know a little bit, but I don't know the identity of your father. Many people know about your mother back then. The Zixiao Mansion was so angry that it almost destroyed the Long family..."

Ge Fuhai said calmly.

Chen Ping saw Ge Fuhai talking about Zixiao Mansion again, so he asked: "Master Ge, can you tell me about the situation in Zixiao Mansion?"

Chapter: 2386

Ge Fuhai glanced at Chen Ping: "It seems you don't know anything about the world of immortality?"

Chen Ping shook his head: "I don't understand at all..."

Ge Fuhai looked at Chen Ping in surprise. He didn't say anything, but glanced away, then raised his hand and waved.

In an instant, a secret space appeared, and Chen Ping and Ge Fuhai seemed to be transferred to other places instantly!

Just like the Nine Thousand Miles of Mountains and Rivers map that Chen Ping obtained, it can be transferred to other places instantly.

However, the Nine Thousand Miles of Mountains and Rivers Map is just a transfer of spiritual consciousness, but the real body has not moved at all!

And the secret space that Ge Fuhai cast casually allowed Chen Ping to truly feel that he had indeed arrived in another space!

Chen Ping looked at Ge Fuhai in surprise. He didn't expect that someone could control space magic so easily!

If you have such a space magic, you can easily escape, and you will no longer need a space magic weapon like the Qiankun Circle.

Seeing Chen Ping's shocked look, Ge Fuhai just smiled faintly: "I can tell you the secrets of the world of immortality now..."

"Actually, our Ge family is the Immortal Cultivating Sect family left over thousands of years ago. Due to the depletion of spiritual energy, many Immortal Cultivating Sects and aristocratic families have slowly become lonely. Some have gone to other realms, while others have remained in seclusion!"

"The strength of these hidden sects left behind is beyond your imagination. These talented disciples in the martial arts world and sect families are not considered to be popular at all in the eyes of the Immortal Cultivation Sect..."

"It's just that with the exhaustion of spiritual energy and martial arts running rampant, the Immortal Cultivating Sect family can only choose to retreat into seclusion, no longer interfere with worldly affairs, and will not cause conflicts with the martial arts world. After all, every consumption requires a lot of time in this era of lack of spiritual energy. To make amends."

“Many great immortal cultivators have slowly declined with the changes of the times and have completely disappeared in the long river of time.”

Chen Ping frowned slightly and said: “Master Ge, as an immortal cultivator, is your Ge family also a hidden sect? And I have also met other immortal cultivators. How to explain this?”

Before Chen Ping met Ge Fuhai, he met Du Da and Hu Mazi. These two people are veritable immortal cultivators!

Moreover, Duda has reached the Nascent Soul Realm, and his strength is definitely among the best.

“What’s so hard to explain!”

Ge Fuhai smiled faintly: “Although many sects and aristocratic families who cultivate immortals live in seclusion, they still have spokespersons who remain in the society. For example, our Ge family has been the spokesperson of the sect in the society for a lifetime. From my grandfather’s Generations, we will integrate into society and develop normally!”

“However, we have our ancestral teachings and we must not follow the martial arts world into any entanglements or disputes. This is why our Ge family has remained indifferent to the world for so many years.”

“There are still some casual cultivators who don’t want to go into seclusion and will integrate into society, or find a remote place with abundant spiritual energy to continue practicing!”

“However, no matter how hard these casual cultivators practice, they will never be able to ascend to immortality...”

Chen Ping’s face was full of surprise: “Is it really possible to ascend to immortality and live forever?”

Seeing Chen Ping like that, Ge Fuhai laughed again: “It is said that immortals live as long as heaven and earth. That is just nonsense. Immortals also have a lifespan. How can they live forever...”

Chapter: 2387

“It’s just that the lifespan of an immortal is very long, and can reach thousands of years, or even ten thousand years. However, I have never heard of an immortal who truly lives as long as heaven and earth.”

“Actually, I haven’t even seen a real immortal. It’s just been passed down orally from my ancestors.”

Ge Fuhai’s eyes were full of longing, and it seemed that he also had a great yearning to become an immortal.

Chen Ping was surprised when he heard this. If it weren’t for Ge Fuhai, Chen Ping would never have known these secrets of the world of immortality!

“Master Ge, what’s going on with the evil spirits in the martial arts alliance? The four black bronze robes who dealt with me are all possessed by evil spirits...”

Chen Ping was a little confused as to why so many people possessed by evil spirits suddenly appeared in the martial arts world.

“These evil spirits are all the remaining souls of demonic cultivators after their death. I heard that in a war between gods and demons, the demonic cultivators were almost slaughtered. At that time, many big demons were suppressed. Although some demonic cultivators were still alive, He died, but his soul still wanders the world!”

“Now these evil spirits suddenly revive and attach themselves to other people, in order to be resurrected one day!”

“I feel that not long after, the entire martial arts world will collapse and a new order will be re-established...”

Ge Fuhai’s face began to look solemn!

After hearing Ge Fuhai’s words, Chen Ping fell into deep thought!

Sometimes, Chen Ping always feels like he is in a trap, and his every move is being controlled by others.

Every step he takes seems to have been planned!

At this moment, the door suddenly rang, and Ge Jiayi barged in.

However, Ge Jiayi, who broke in, did not see Chen Ping and Ge Fuhai. Because the two were in another space, Ge Jiayi could not see them at all.

“dad?”

Ge Jiayi shouted.

Ge Fuhai waved his hand and put away the secret space technique, and the two figures instantly appeared in front of Ge Jiayi.

Ge Jiayi was not surprised, as she seemed to face such things often.

“Jiayi, what’s the matter?”

Ge Fuhai asked.

“Dad, the Martial Arts Alliance sent many people to block all the passages in Kyoto, and I found that there were many strangers walking around our Ge family. I suspect they are also people from the Martial Arts Alliance.”

“It seems that the Martial Arts Alliance knows that Chen Ping has not left Kyoto and wants to intercept Chen Ping in Kyoto.”

Ge Jiayi said.

Chapter: 2388

“It doesn’t matter, they don’t dare to break into my Ge family to search. Chen Ping is safe here...”

Ge Fuhai said with confidence.

But Chen Ping frowned. He couldn’t stay in Ge’s house forever.

Besides, his top priority was to rescue his mother and Su Yuqi, but now, after listening to the secrets of the cultivation world told by Ge Fuhai, Chen Ping suddenly felt powerless!

His current strength would be nothing in the world of immortal cultivation!

Even in the current martial arts world, Chen Ping feels deeply frustrated after being hit again and again!

Every time the martial arts alliance sends out masters, they are almost all beyond Chen Ping’s knowledge!

This time, four men in black bronze robes were sent directly, and Chen Ping was almost killed in the martial arts field.

If this continues, when will he be able to rescue Su Yuqi and his mother?

“Master Ge, I can’t stay in the Ge family forever. I still have my own things to do. I will repay the favor of saving my life this time...”

Chen Ping said gratefully to Ge Fuhai.

“Then where do you plan to go? I can find a way to send you there...”

Ge Fuhai also knew that Chen Ping could not stay in the Ge family forever.

Chen Ping pondered for a moment and said: "I will go to the Dharma Protector Pavilion to meet Mr. Shi..."

Ge Fuhai knew what Chen Ping meant when meeting Mr. Shi. After all, the only person in Kyoto who could really help Chen Ping was Mr. Shi.

"Okay, I'll take you there!"

Ge Fuhai nodded, and then said to Ge Jiayi: "Jiayi, go prepare the car..."

Soon, a luxurious Rolls-Royce drove out of Ge's house. The curtains were drawn on the windows, so no one could be seen in the car.

After the car drove out of Ge's house, someone quietly followed it and called Zhu Zhishan!

Zhu Zhishan frowned after receiving the call.

"Follow me closely. As long as they don't leave Kyoto City, leave them alone..."

After saying that, Zhu Zhishan hung up the phone and went directly to the dungeon! Remember URL

At the end of the dungeon, Fan Jiang slowly raised his head with a smile on his lips.

"Are you here to beg me?"

Chapter: 2389

Fan Jiang asked.

Zhu Zhishan shook his head: "I'm here to give you a chance, to give you a chance to leave..."

Seeing Zhu Zhishan like that, Fan Jiang smiled even brighter!

"For so many years, what I like to see the most is your pretentious look..."

After saying that, Fan Jiang stood up slowly, then grabbed the iron railing in front of him with both hands, broke the railing with a little force, and walked out.

When Zhu Zhishan saw this scene, he was instantly shocked, his eyes widened and almost fell down.

"you you....."

Zhu Zhishan was so shocked that he was speechless.

"Are you trying to say why this formation has no effect on me?"

Fan Jiang smiled coldly.

Zhu Zhishan said nothing, but judging from his expression, he really wanted to know, how could Fan Jiang ignore the formation in the dungeon?

You must know that the formation in the Martial Arts Alliance dungeon was set up by a master of magic hundreds of years ago. How could it be broken so easily?

"I can tell you that in fact, the formation here has never been of use to me. For more than 20 years, I just don't want to leave..."

“I have had an epiphany here for more than ten years, but I have never been able to break through to the realm of Great Wuhou, so I am going out to look for opportunities.”

“But in the past twenty years, thanks to your care, I can do one thing for you, but only one thing. You and I will never owe each other anything.”

Fan Jiang slowly followed Zhu Zhishan and said.

Zhu Zhishan swallowed. He did not expect that Fan Jiang would reach the peak of Wuhou more than ten years ago.

After Fan Jiang leaves, the evil cultivators in the entire martial arts world will probably resurface!

But Zhu Zhishan doesn't care about this. It doesn't matter whether he is an evil cultivator or not. In this society where strength is respected, as long as he can increase his strength!

“You help me kill someone...”

Zhu Zhishan said.

“Give me the information...”

Fan Jiang didn't even ask who Zhu Zhishan wanted him to kill.

“good!”

Chapter: 2390

Zhu Zhishan looked at Fan Jiang's confident look and felt relieved.

With Wu Hou's peak strength, Chen Ping couldn't escape even if he had wings!

Soon, Zhu Zhishan gave Chen Ping's information to Fan Jiang. When Fan Jiang saw Chen Ping's information, he frowned slightly.

"Immortal cultivator?" Fan Jiang blurted out!

Zhu Zhishan nodded: "Not bad!"

"In just one year, he was able to cultivate from an inconspicuous ordinary person to the Nascent Soul Realm. He is really a genius."

"In this era of lack of spiritual energy, how on earth does this guy practice?"

"It seems that there must be a secret hidden in him. Maybe my chance lies with this person..."

Fan Jiang's eyes were full of fire!

Dharma Protector Pavilion!

Ge Fuhai left after sending Chen Ping to the place. He did not enter the Dharma Protector Pavilion. It seemed that Ge Fuhai didn't like dealing with Mr. Shi!

Chen Ping stepped into the Dharma Protector Pavilion and met Zhao Wuji head-on. Zhao Wuji and Chen Ping had not met each other for a while.

"Mr. Chen..."

Zhao Wuji was very excited to see Chen Ping take the initiative to come to the Dharma Protector Pavilion.

“Pavilion Master Zhao, long time no see...”

Chen Ping smiled slightly.

“No, I heard that the Martial Arts Alliance has been causing trouble for you and sent people to hunt you down several times. Why are you still staying in Kyoto?”

Zhao Wuji asked with some confusion.

Although he often heard news about Chen Ping, Zhao Wuji didn't know much about the inside story.

There are many things that he, the master of the Dharma Protector Pavilion, cannot interfere with.

What's more, now that Mr. Shi is in charge of the Guardian Pavilion, Xing Jun will handle some of Chen Ping's matters, so Zhao Wuji has no ability to help Chen Ping.

“I came here to talk to Mr. Shi about something.”

Chen Ping said.

“Oh, Mr. Shi is waiting for you in the lobby, I will take you there...”
