

The Order 2421

Chapter: 2421

Chen Ping looked at Zhao Chuang not far away and decided to take care of this kid.

Without him, Zhao Chuang would have to rely on his own efforts. He doesn't know how long it will take to reach the realm of Wuhou. Do you want Xiaoru to wait for him?

But Zhao Chuang's strength is too weak. If he is taken to a particularly dangerous ancient ruins, he will definitely become a burden and may even be in danger.

We must find a place that is safe and rich in resources!

"Where is such a perfect place?"

Chen Ping frowned slightly, thinking about where in the world would be suitable for such a request.

Soon, a place flashed in Chen Ping's mind, and that was Penglai Island!

After killing Duda, Chen Ping always wanted to visit Penglai Island!

He wanted to see what kind of island it was that could cultivate so many immortal cultivators in this era of lack of spiritual energy!

On Penglai Island, Chen Ping can also practice in seclusion and improve his cultivation!

After having this idea, Chen Ping did not stay in Medicine God Valley for long!

After calling Zhao Chuang and saying goodbye with everyone, he went straight to Penglai Island.

Because Penglai Island is overseas, Chen Ping and the others need to go through the formalities and travel by boat!

Along the way, Chen Ping was happy for his clear choice of calling Zhao Chuang!

Although Zhao Chuang is usually careless, he took very good care of Chen Ping along the way!

Five days later, Chen Ping and Zhao Chuang set foot on the legendary fairy island 'Penglai Island'.

"Brother Chen, why is the air here different? It feels so comfortable to breathe?"

After landing on the island, Zhao Chuang asked Chen Ping.

Chen Ping did not speak, but opened the pores on his body, feeling the rich spiritual energy on Penglai Island.

Such rich aura as Penglai Island cannot be found anywhere else!

"It's really strange. Why is there such a strong spiritual energy on this island but not elsewhere? And this spiritual energy seems to only cover Penglai Island and not spread at all!"

Chen Ping frowned slightly!

You must know that spiritual energy is just like the air and will disperse. However, the spiritual energy on Penglai Island is rich. As soon as you leave the island, the spiritual energy will become thin immediately.

"Where does such a strong spiritual energy come from? Are there ruins under Penglai Island?"

Chapter: 2422

Chen Ping thought of Suolong Island and wondered if there might be ruins under Penglai Island as well!

“Brother Chen, this place is really like a paradise. If I had known, I would have brought Xiaoru and Sister Ling’er with me...”

As soon as Zhao Chuang arrived here, he started to miss Xiaoru!

After all, it is understandable for young people to be in love.

“Let’s take a look around first. If it’s really good, it won’t be too late to ask them to come over...”

After Chen Ping finished speaking, he took Zhao Chuang and started walking around Penglai Island.

Penglai Island is not very big, with a population of only tens of thousands, but everyone is cultivating immortality!

This surprised Chen Ping. It was not easy to find so many immortal cultivators!

According to Ge Fuhai, most of the immortal cultivating sects have gone into seclusion, but there are still so many immortal cultivators active on Penglai Island.

And there doesn’t seem to be any special attention here!

Logically speaking, the spiritual energy here is so rich that it should be a place that many people dream of, and many sects and families will definitely compete for it!

But looking at the peaceful Penglai Island now, it does not look like it is suffering from war.

After walking around for a while, Chen Ping and Zhao Chuang rented a courtyard to live in, so they could practice without being disturbed!

Such a rich aura is an excellent place for cultivation. No matter why, Chen Ping must improve his strength as soon as possible!

“Zhao Chuang, I brought you here so that you can practice hard and improve your strength. You can’t be lazy. The environment here is the most suitable for cultivation...”

Chen Ping warned Zhao Chuang.

“Brother Chen, don’t worry. I will practice hard for Xiaoru. I believe I will reach the level of Wuhou soon.”

Zhao Chuang looked confident!

Seeing Zhao Chuang’s confident look, Chen Ping nodded with satisfaction.

Chen Ping began to set up the Spirit Gathering Array in their rented place. With such a rich spiritual energy, and adding the Spirit Gathering Array, one can imagine the richness of the spiritual energy here.

It took a full day for Chen Ping to set up the spirit gathering array, and then passed a set of mental techniques to Zhao Chuang, and the two of them started practicing!

The billowing spiritual energy condensed towards the courtyard where Chen Ping and the others rented like thick fog!

Soon, the entire courtyard was shrouded in spiritual mist, and the small courtyard seemed to be in danger.

Waves of spiritual energy swept through Chen Ping’s body. The pores on Chen Ping’s body opened, greedily absorbing this rich spiritual energy.

Chapter: 2423

Chen Ping's Heart Condensation Technique is different from other immortal cultivation techniques. It requires extremely huge amount of spiritual energy.

The rich spiritual energy on Penglai Island at this moment just makes up for this!

After only ten days of seclusion, Chen Ping has already touched the ceiling of the four realms of Nascent Soul. As long as he practices for a few days, he will definitely be able to break through!

This abnormal speed of cultivation made Chen Ping feel astonished!

You must know that when he was in Paradise City, with tens of thousands of beast pills and the shark bead, Chen Ping was promoted to the third realm of Nascent Soul!

You must know that the higher the realm, the greater the spiritual energy required and the longer the cultivation time will be.

But at this moment, Chen Ping found that his cultivation speed had reached an astonishing speed.

When Chen Ping and Zhao Chuang were practicing, they didn't know that this small courtyard had already been targeted!

With such a huge amount of spiritual power gathered in a courtyard, it was foggy all day long, how could it not attract others' attention!

At this time, two men in uniforms and holding machetes were staring closely at Chen Ping's courtyard!

"It has been ten days, but this spiritual mist has not dispersed yet. There must be a spirit gathering array set up here. Let's tell Prince Du the news as soon as possible..."

One of them whispered.

The other person nodded, and then the two turned around and prepared to leave!

But just when the two people turned around, a masked man appeared behind them!

The moment the two people turned around, the masked man took action instantly!

His hands were shaped like claws, and he directly pinched their throats, crushing their throat bones instantly.

The two of them died immediately before they had any time to struggle!

After killing two people, the masked man looked at Chen Ping and his family's foggy courtyard, and couldn't help but curse: "I'm so careless, I really thought this place was peaceful..."

After the masked man finished speaking, he entered the courtyard in a flash!

At this time, Chen Ping was at a critical moment in his cultivation. He was as deep in concentration as an old monk, unable to notice what was going on outside at all!

Entering the room, the masked man looked at Chen Ping who was practicing and suddenly sneered.

"We didn't even set up a defensive formation. It was careless, so careless..."

The masked man said, pulling off the black scarf on his face!

A face full of pockmarks was revealed.

Chapter: 2424

This person turned out to be Hu Mazi.

Hu Mazi saw the faint dark golden light shining on Chen Ping and couldn't help but smile: "This guy is about to break through again."

As he spoke, Hu Mazi took out a few talismans and tossed them casually, and the talismans began to surround Chen Ping.

Rays of light surrounded Chen Ping, while Hu Zi himself sat leisurely aside, took out a handful of melon seeds and started cracking them.

Another day and night!

The dark golden light on Chen Ping's body became stronger and stronger, accompanied by waves of buzzing sounds.

Looking around, Chen Ping at this time is like a god, extremely mysterious!

"In such a small realm, this guy actually needs such huge spiritual power. It's so perverted..."

Looking at Chen Ping, Hu Mazi was speechless for a while!

Buzz.....

Suddenly there was a wave of spiritual energy, and Chen Ping suddenly opened his eyes, his body glowing with golden light.

"It's comfortable. It's so comfortable to practice here..."

Chen Ping couldn't help but admired!

"You're almost dead, let's see if you still feel better..."

Hu Mazi said with a smile.

Chen Ping was stunned. He had just woken up, so he didn't notice Hu Mazi.

Hearing Hu Mazi's voice, Chen Ping's face became a little ugly!

"Master Hu, why are you here?"

Chen Ping asked in surprise.

"I have been here for several months. If I were not here, you might have been assassinated long ago while you were practicing."

"You practice and don't even set up a defensive array. Wouldn't that mean you'd be chopped off with your head stretched out?"

Hu Mazi scolded Chen Ping!

Chen Ping suddenly felt embarrassed. He was indeed careless at that time. He felt that there were all immortal cultivators here, and people were not surprised about cultivating immortals.

In addition, none of these people on Penglai Island know him, who will come to kill him!

Chapter: 2425

"Master Hu, you said someone wants to harm me, what's going on? No one here knows me..."

Chen Ping asked in surprise.

He didn't understand why someone would harm him here. Just because he was full of spiritual energy and formed a spiritual mist, would those people want to kill him?

“You have set up such a large spirit gathering array. You have condensed the spiritual energy for miles around. You have generated spiritual mist here. Do you think it will attract attention?”

“And the biggest person in charge of Penglai Island now is Du Da’s brother Du Ziteng. If he knew that you were the one who killed his brother, would he take revenge?”

Hu Mazi’s series of rhetorical questions made Chen Ping realize that he had made a serious mistake!

“broken.....”

Chen Ping thought of Zhao Chuang at this time!

Hu Mazi has been guarding him, but Zhao Chuang has no one to guard him, so isn’t it also in danger?

Chen Ping hurriedly rushed to the next room and found that Zhao Chuang was practicing with his eyes closed, and there was a faint light on his chest!

Seeing that Zhao Chuang was fine, Chen Ping breathed a sigh of relief.

If something happens to Zhao Chuang because of his carelessness, Chen Ping will feel guilty.

“This kid has great talent. Under this environment, breaking through to Wuhou is just around the corner...”

Chen Ping looked at the faint light on Zhao Chuang’s chest and said with a slight smile.

“Don’t worry, here, he will never be able to reach the realm of Wuhou in his lifetime...”

Hu Mazi said on the side.

Chen Ping was stunned: “Why is this?”

“Don’t you realize that Penglai Island is very strange?”

Hu Mazi asked rhetorically.

Chen Ping shook his head: “What’s so strange?”

“The spiritual energy here is so rich, but there are no real masters. Only Du Da has cultivated Yuanying, which is the Wuhou in the martial arts world. The others are at the Golden Core level at most. Now Du Da’s younger brother Du Ziteng, also It’s just the peak of the Golden Core Realm.”

“No matter how hard people here practice, it is difficult to break through to the Nascent Soul. I have been here for several months, but my strength has not improved at all.”

Hu Mazi explained.

“Why?”

Chapter: 2426

Chen Ping’s eyes widened, but he did feel that the strength of the people on Penglai Island was generally low.

In this environment, the strength cannot be improved, which is somewhat contrary to common sense.

Hu Mazi shook his head: “I don’t know why, but I suspect this island has been cursed.”

“Basically all the immortal cultivators now live in seclusion or hide in bustling cities. Places like this where large-scale immortal cultivators live almost do not exist.”

“But this place is an exception, and the spiritual energy is still so abundant, so I suspect that this place is cursed, so the strength of the people here cannot be improved, or the improvement is extremely slow.”

“For such a price, these immortal cultivators do not have to go into seclusion and can live a normal life and communicate...”

Chen Ping’s face was filled with shock. He could not imagine what kind of curse could affect tens of thousands of people on the entire island.

This is too outrageous!

“That’s not right, why didn’t I have any influence at all? In just ten days, I have improved to a small level...”

Chen Ping suddenly remembered that when he was practicing, he didn’t find anything abnormal!

Moreover, the speed of cultivation was extremely fast, so fast that even Chen Ping was surprised!

“I don’t know about this, maybe it has something to do with your physique...”

Hu Mazi knew the identity of Chen Pinglong’s son.

“This Penglai Island is definitely not as simple as it seems on the surface. There must be some secret in it!”

Chen Ping frowned slightly!

Hu Mazi rolled his eyes: “Don’t tell me, if there were no secrets, would I appear here? It’s just that I have been searching for several months, but I haven’t found any ruins or ancient tombs.”

“Don’t worry, the two of us will look for it together...”

Chen Ping decided to follow Hu Mazi to discover the secrets of Penglai Island!

Whether it’s a curse or a magic formation, if a curse or formation can affect tens of thousands of people on such a large island, then the other party is definitely an expert.

.....

Penglai Island, inside the highest palace!

Du Ziteng is sitting on the throne. Since Du Da died, Du Ziteng took over the throne!

Although it is only the peak of the Golden Core Realm, it is also the highest realm on Penglai Island!

In the world of martial arts, the peak of Jindan is just the peak of the Great Wuzong, not even the Marquis of Wu!

Chapter: 2427

However, although cultivating immortals and cultivating martial arts are of the same sect, the peak golden elixir of immortal cultivators can still fight against the newly promoted Wuhou in the martial arts world.

“Great Elder, can you find out the vision? Why did the spiritual mist suddenly appear?”

Du Ziteng asked the elder beside him.

“Prince Du, the two people I sent to investigate have not returned yet. There is no news at all. They are probably killed...”

The great elder said softly.

“What?” Du Ziteng shouted: “Does anyone dare to touch the palace guards? This is asking for death...”

“Prince Du, I suspect that the person who did this is not a citizen of Penglai Island. It is likely that he came from outside.”

The great elder explained.

“We on Penglai Island rarely have conflicts with the outside world. Except for some tourists, there has never been such a hurtful incident in so many years. Go and investigate it yourself immediately!”

Du Ziteng said gloomily.

“As ordered...”

The great elder nodded, then took the order and left.

Soon, the great elder came to the courtyard where Chen Ping and the others were renting!

Looking at the corpses of the two guards, the great elder frowned instantly.

“You are so brave, you dare to kill the palace guards...”

The great elder’s face was full of anger, and he led the people and rushed towards the courtyard!

At this time, Chen Ping had already left with Hu Mazi, but when he left, Chen Ping set up a defensive formation!

Make sure that no one will disturb Zhao Chuang while he is practicing.

When the great elder led the people to rush towards the courtyard, a white light suddenly flashed, followed by a burst of terrifying power, which directly knocked the great elder and the guards away.

“You actually set up a formation?”

The great elder was shocked. He was also a master in the Golden Core Realm. He didn't expect that the opponent's formation would directly knock him away.

The person who set up the formation must be very strong!

The great elder slowly drew out a sword, a white light flashed across his chest, and then he slashed forward with the sword!

He wants to forcefully break this formation!

Chapter: 2428

Buzz.....

A huge rebound force caused the sword in the great elder's hand to fly away, and the great elder fell directly to the ground!

“So strong...”

The great elder's eyes widened with disbelief on his face!

At the same time, Chen Ping, who was having dinner in a hotel, suddenly changed his expression: “It's broken...”

“What's wrong?”

Hu Mazi asked.

“Someone is forcibly breaking the formation...”

After Chen Ping finished speaking, his figure disappeared in a flash and left the hotel!

“Hey, wait for me...” Upon seeing this, Hu Mazi hurriedly shouted to Chen Ping, but Chen Ping had long since disappeared.

“Waiter, pack...”

Hu Mazi looked at the dishes on the table and saw that none of them had been eaten yet. It would be a pity to throw them away!

Soon, Hu Mazi was carrying the food and chasing Chen Ping!

When Chen Ping returned to the courtyard, he found that a group of people had already surrounded the courtyard.

One of them was a middle-aged man, holding a sword and looking very ugly.

“Who are you? Why are you surrounding this place?”

Upon seeing this, Chen Ping stepped forward and asked the middle-aged man.

The middle-aged man looked at Chen Ping, and then said angrily: “I am the Grand Elder of the Penglai Island Palace. The bodies of two of our guards were found here. I suspect that you were the ones who killed them. Now go back and investigate...”

“Great Elder?” Chen Ping glanced at him and found that the Great Elder was only at the third level of the Golden Core, while the other guards were even lower in strength. Most of them were only from the Wuzong, and had not even reached the Great Wuzong!

“I didn’t kill any of your guards. If you can’t produce evidence, please leave immediately. You are not welcome here!”

Chen Ping said with a gloomy face.

The elder was stunned. He didn’t expect Chen Ping to dare to talk to him like this.

“You are young and your tone is not too young. It seems that you don’t want to stay on Penglai Island anymore...”

After the great elder finished speaking, he waved his hand gently, and instantly two guards rushed forward.

Chapter: 2429

The two guards shouted, and then slashed at Chen Ping with the steel knives in their hands.

Looking at the two guards rushing over, Chen Ping wanted to laugh!

With such strength, Chen Ping could not hurt himself even if he stood still without activating the Indestructible Golden Body.

Chen Ping’s current physical body is strong enough to withstand the attack of Da Wuzong!

Dangdang.....

With two crisp sounds, the steel knife fell on Chen Ping’s body, and it broke into two pieces!

The two guards were stunned for a moment, and even the great elder frowned slightly!

“You guys can’t hurt me at all...”

Chen Ping had a calm look on his face, and then he waved his hand gently, and a burst of energy directly knocked the two guards away.

At this moment, Chen Ping was like a god in the sky facing a group of mortals.

A proper dimensionality reduction attack!

“Sure enough, there are two brushes!” The elder said with a cold face: “Come with me...”

The great elder shouted angrily, and a dozen guards rushed towards Chen Ping instantly.

The aura on Chen Ping’s body spread instantly, and the terrifying pressure made the guards fall to their knees on the ground, unable to stand up!

The great elder was dumbfounded and looked at Chen Ping in disbelief!

“We are members of the palace. If you dare to hurt us, Prince Du will not let you go...”

The great elder trembled and threatened Chen Ping.

Chen Ping smiled coldly: “When King Du comes, I will kill him with one hand. Do you think I will be afraid of him?”

After Chen Ping finished speaking, all the aura on his body burst out. Feeling the terrifying aura on Chen Ping’s body, the great elder knelt down with a pop.

“You...you...you are in the Nascent Soul Realm, you are actually in the Nascent Soul Realm...”

The great elder looked at Chen Ping like a monster.

Chen Ping was also very surprised when he saw the great elder’s expression. Logically speaking, the Yuanying realm is a very small realm in the realm of immortal cultivation, and cannot even reach the level of a half-step immortal.

But looking at the expression of the great elder, it is obvious that masters of the Nascent Soul Realm are rarely seen here. Is it really what Hu Mazi said here, that Duda is the only one who is in the Nascent Soul Realm, and others cannot achieve it in their lifetime?

Thinking of this, Chen Ping planned to ask the elder. After all, he had lived here for so long and was a member of the palace. He must know the secrets here.

Chapter: 2430

Chen Ping withdrew the pressure from his body, and the great elder and the guards let out a long breath.

“Get your men back, and I’ll ask you something.”

Chen Ping said to the great elder.

The Great Elder did not dare to hesitate at all and waved his hands hastily: “You all stand down...”

Soon, all the guards left, leaving only Chen Ping following the elder.

“I’m going to ask you something, and you have to answer me honestly...”

Chen Ping said coldly.

“Sir, don’t worry, I promise to tell you everything I know...”

The great elder was frightened by Chen Ping's level and said with a look of fear.

"Let me ask you, are there no immortal cultivators in the Nascent Soul Realm in Penglai Island?"

Chen Ping asked.

The Great Elder swallowed his saliva and said: "Yes, but in the entire Penglai Island, only our former King Du Da is a master of the Nascent Soul Realm. However, Du Da was invited away a few months ago and has not returned yet. I heard that he was invited by someone named Chen Ping was killed..."

"The current King of Du is succeeded by Du Da's younger brother Du Ziteng. This Du Ziteng is just the peak of the Golden Core."

Hearing the great elder mentioning himself, Chen Ping laughed secretly in his heart. Fortunately, none of the people on Penglai Island knew him.

"Why is there so much spiritual energy here, and why are you cultivating so slowly? And it seems that you can't break through to the Nascent Soul?"

Chen Ping continued to ask, he couldn't believe that the entire Penglai Island would be affected by a formation or curse!

Because of such a huge area and people, it is really hard to imagine what level the people who cast formations or curses have reached.

The elder looked embarrassed and shook his head: "I don't know what's going on. Only people from the royal family should know that Penglai Island has been controlled by the Du family for hundreds of years. King Du must know how to respond. thing....."

"Are you telling the truth?" Chen Ping frowned and stared at the great elder!

As the great elder, Chen Ping decided that it was impossible for him not to know.

“What he said is true. I’m afraid only the Du family knows the secret...”

At this time, Hu Mazi caught up with the food.

When the Great Elder saw another person coming, he felt the aura on Hu Mazi’s body. He was actually in the Golden Core realm. He was in the same realm as Du Ziteng, and his expression changed again!

There are only a handful of golden elixir realms in the entire Penglai Island.
