

The Order 2431

Chapter: 2431

Seeing Hu Mazi say this, Chen Ping believed what the great elder said, so he waved his hand and said: "Okay, you can leave, and don't mess with me again..."

"I don't dare, I don't dare anymore..."

The great elder turned around and ran away in a hurry!

When Hu Mazi saw Chen Ping letting the elder go, he asked with some confusion: "Why did you let him go? They will definitely come back to cause trouble again."

"Don't be afraid even if you come. That Du Ziteng is only at the peak of the Golden Core and is no match for me..."

Chen Ping smiled lightly, but soon the smile disappeared and he frowned slightly: "However, I always feel that Penglai Island's highest realm is not just the peak of the Golden Core. There must be something hidden behind it. It seems that I have to find time to follow the Du family. people to talk to."

"I think the environment here has no impact on you at all. You should seize the time to practice. If there is really an expert hiding behind Penglai Island, what will happen if we dig it out?"

"With the strength of you and me, I'm afraid I won't be able to cope with it at all, and I will cause trouble for myself when the time comes."

"I'll investigate secretly by myself. You can continue practicing, but this time remember to set up a defensive formation!"

Hu Mazi said to Chen Ping.

"you're right!"

Chen Ping nodded.

The people here are all immortal cultivators. Different from the martial arts world, the realm of immortal cultivators is higher. Even above the immortals, there are many different realms!

But in the martial arts world, after entering the Martial Saint and entering the realm of transformation, there are no records anymore!

And some martial arts sects, great martial arts sects, etc., if placed in the world of immortality, are not worth mentioning at all!

In essence, there is no way for warriors to compare with monks!

It's just that now the general environment has changed, the spiritual energy is exhausted, and it is not suitable for immortal cultivators to survive, so the martial arts world will become prosperous!

But martial arts is martial arts after all, and the upper limit of the martial arts world is too low for the world of immortality...

Chen Ping didn't know what kind of master he would encounter on Penglai Island, which was full of immortal cultivators, but someone who could control such a large Penglai Island from behind and lay out formations or curses must be powerful!

Even if they dig out the secret now and find the master behind it, it is still not something they can handle.

It is better to seize the time to practice now, and when your realm improves and your strength is strong enough, you can crack the secret of Penglai Island!

"We have three months as a deadline. After three months, you come here to find me. No matter what level I can reach by then, I will investigate the secrets of Penglai Island!" Chen Ping said.

“Okay!” Hu Mazi nodded.

Chen Ping set up a defensive formation and entered the cultivation state again!

Chapter: 2432

And Hu Mazi is secretly investigating the secrets of Penglai Island on Penglai Island!

.....

Penglai Island, among the palaces!

Du Ziteng’s face was full of disbelief: “You said you met a master of immortal cultivation in the Nascent Soul Realm?”

“Yes, and the other party is only in his twenties, very young!”

The Great Elder followed Du Ziteng and reported truthfully.

“A Nascent Soul master in his twenties? How is it possible...”

Du Ziteng simply couldn’t believe that there was such a young Nascent Soul master in the world!

After all, today’s world is no longer suitable for the existence of immortal cultivators. It is simply impossible to cultivate to the Nascent Soul at a young age by relying on the barren spiritual energy of heaven and earth, or some medicinal herbs and spiritual stones.

“Prince Du, this is absolutely true. I definitely didn’t lie to you. In front of that person, I didn’t even have a chance to move...”

The great elder said firmly.

Du Ziteng was silent, and after a while, he finally spoke: "Remember, no one should bother him, and don't spy on that person, so as not to anger the other person. If the other person has no ill intentions and leaves in the end, we will leave it alone. ..."

"If he never leaves and stays here with us, we are thinking of ways..."

"Understood!" The great elder nodded!

Then the great elder walked out of the palace, and Du Ziteng stood up and walked back.

Du Ziteng walked all the way to the end of the back garden, and at the end he saw a wall blocking his way!

After looking around twice, Du Ziteng walked to an extremely private place and pressed the button!

The wall in front of him suddenly slowly faded away to both sides, and there was an open scene behind, like another space!

And here, four guards in armor stood on both sides!

The aura of these guards is not weak, and they are obviously much stronger than the guards outside. These guards are also from the Du family!

This is a restricted area. All the people here are descendants of the Du family. There is no outsider!

When the four guards saw Du Ziteng coming in, they immediately saluted!

Du Ziteng hurriedly walked inside without even looking at the guards. Soon a mansion appeared, and a wave of spiritual power visible to the naked eye enveloped the mansion!

These are taboo powers. There are dozens of taboo powers that isolate the mansion from the outside!

Chapter: 2433

I saw a faint red light flickering on Du Ziteng's left chest, and then dozens of taboo powers seemed to turn on a switch and disappeared in an instant!

Du Ziteng stepped in. After Du Ziteng entered, dozens of taboo powers were restored again!

Entering the huge mansion, there were still people guarding it. Each of these people had cold faces and dull eyes, as if they were puppets!

However, the fluctuations of the auras of these people are actually the same as those of Du Ziteng. This shows that they have the same strength and are all masters of the Golden Core Realm!

The masters of the Golden Core Realm act as gatekeepers here, so you can only imagine what kind of strength the people inside will have!

Du Ziteng entered the mansion and was taken to a side room. When Du Ziteng came out, he had already changed his clothes!

Immediately afterwards, Du Ziteng began to kneel down, kneeling once every three steps, and walked towards the main hall!

Entering the main hall, sitting on the throne in the middle is a monster with the head of a tiger and the body of a human body. One look at it can scare people to death!

But when Du Ziteng saw this monster, he was not afraid at all. His face was full of piety and he knelt down heavily!

"What do you want to see me for?"

The monster on the throne spoke, and human words came out of his mouth!

“Great Immortal Hu Li, a Nascent Soul Realm master entered Penglai Island, and he was only in his twenties. I sent people to investigate, but they were massacred. How should Immortal Hu Li deal with it?”

Du Ziteng asked respectfully.

“A person in the Nascent Soul realm in his twenties?” Great Immortal Huli was startled: “If this was in ancient times, it wouldn’t be surprising, but in today’s society, there are still such wizards...”

After pondering for a while, Great Immortal Huli spoke again: “Don’t worry about him now. As long as he doesn’t cause trouble, just let him go...”

“The power of faith has shown signs of weakening during this period. How did you do things? You are far worse than your brother...”

The Great Immortal Huli said in a cold tone.

When Du Ziteng heard this, he was so frightened that he trembled: “I’ll do it right away, please forgive me...”

“Go ahead, if you can’t do this position, then change someone...”

Immortal Huli waved his hand.

Du Ziteng stepped back with cold sweat on his face, and then left in a hurry!

The Great Immortal Huli came to a valley behind the mansion, and in the middle of the valley, a huge sculpture was placed!

This sculpture looks very primitive, and has experienced countless years of ravage, with some signs of damage!

But even so, it still cannot conceal the majesty of that sculpture!

Chapter: 2434

There was a futon in front of the sculpture, and the Great Immortal Huli knelt down deeply.

.....

After Du Ziteng returned to the palace, he immediately called a meeting with all the elders!

“If the notice goes down, everyone will come to worship. Anyone who does not participate will be directly expelled from Penglai Island...”

Du Ziteng said with a cold face.

After receiving the order, the elders immediately went to make arrangements!

For a time, everyone on Penglai Island put down what they were doing and started to worship at the nearest temple!

Hu Mazi, who was originally eating, saw that many people put down what they were doing and hurriedly walked out, so he followed curiously.

I saw many people pouring into a temple, and then left after bowing and kowtowing three times!

Hu Mazi also followed in and saw that there was no god or Buddha enshrined in the temple, just a stone statue over one meter high.

Hu Mazi was a little confused. He didn't understand how these people could kneel down and worship a stone statue.

After all, these are all cultivators of immortality. What's the point of kneeling down and worshipping a stone statue?

"Why don't you kneel down and worship when you enter the temple? Do you want to be expelled from Penglai Island?"

An old man over seventy years old saw Hu Mazi standing in a daze, so he yelled at Hu Mazi.

Seeing this, Hu Mazi hurriedly knelt down and kowtowed twice casually!

But Hu Mazi didn't know that when he knelt down, a trace of white energy rose from his body and instantly entered the body of the stone statue!

After kneeling down and worshipping, Hu Mazi followed the old man and walked out!

"Brother, let me ask you something. Why don't you kneel down to worship the gods and Buddhas, but you have to kneel down to worship a stone statue?"

"And as if they had received an order, they all hurried over and knelt down?"

Hu Mazi took out a cigarette, handed it to the old man, lit it himself, and asked curiously.

The old man smoked a cigarette and glanced at Hu Mazi: "You're new here, right?"

"Yes, the new one..."

Hu Mazi nodded repeatedly.

"Let me tell you, this is an order from the palace. Everyone must worship today, otherwise they will be kicked out of Penglai Island, so people come here in a hurry to worship."

Chapter: 2435

The old man explained.

“Brother, why does the palace force people to worship this stone statue?”

Hu Mazi asked.

“Then how do I know? Anyway, this is the rule. Someone will explain it as soon as you come to the island. Didn’t anyone tell you?”

The old man looked at Hu Mazi strangely and asked.

Hu Mazi shook his head: “I’ve been here for a few months, and I haven’t seen anyone say...”

“Then you must have either gone to Penglai Island or come here for fun. No wonder you don’t know how to kneel down in the temple. Let me tell you, there are rules on Penglai Island...”

The old man followed Hu Mazi’s words, and Hu Mazi gradually understood!

It turns out that the people on Penglai Island are not the original inhabitants!

They all came to the island later.

In fact, many people don’t know what kind of immortal cultivators they are. The reason why they come to Penglai Island is because they can extend their lifespan on the island!

After going to Penglai Island, someone will give something like a scripture and ask everyone to memorize it and practice it!

Moreover, worship must be performed at the prescribed time!

Many people discovered that after reciting and practicing it, they could live to be over a hundred years old, and word spread slowly.

This has also allowed Penglai Island to grow from a few dozen people to tens of thousands now, with people from all walks of life!

“I’m telling you, when I came to the island, I was all sick. Now I’m all healed. I advise you to stay too. This is a fairyland...”

The old man persuaded Hu Mazi!

Hu Mazi smiled: “Brother is right, let me think about it...”

Hu Mazi left, but he had even greater doubts in his heart!

Who is it that controls the situation behind the scenes and allows so many ordinary people to become immortals?

“This matter is a bit big. Let’s wait until Chen Ping finishes practicing...”

Hu Mazi didn’t dare to continue the investigation, so he could only find a place to close his eyes and wait for Chen Ping to complete his training!

.....

Time flies, years fly by!

Chapter: 2436

Three months of cultivation have passed in the blink of an eye!

For three months, Chen Ping has been practicing, and the Penglai Island court did not trouble him. Everything was very peaceful!

But at this time, thousands of kilometers away in the martial arts world of Kyoto, things suddenly appeared about men in black robes killing people wantonly and absorbing strength.

Many people were panicked, and some speculated that Chen Ping had secretly returned!

“Damn, this guy Long Xiao doesn’t know how to restrain himself at all. If he continues like this, I won’t be able to hold him back...”

Zhu Zhishan was walking back and forth angrily in the hall of the Martial Arts Alliance!

In this case of the black-robed man’s murder, Zhu Zhishan knew that it was not Chen Ping who came back for revenge, but that Long Xiao had no choice but to attack other sects and families in the martial arts world in order to quickly improve his cultivation.

Not only in the Kyoto martial arts world, but also in other places, people often disappear for no reason.

This matter got bigger and bigger, putting Zhu Zhishan under a lot of pressure.

He had already sent people to find Long Jingguo, hoping that Long Jingguo would restrain Long Xiao.

During this period of time, Zhu Zhishan had been restless and anxious.

After such a long time, there is no news from Chen Ping, as if he has disappeared from the world.

But if Chen Ping doesn’t come to Kyoto to cause trouble, Zhu Zhishan feels a little more relaxed!

But Zhu Zhishan was afraid that Chen Ping would return to Kyoto at some point and fight against their martial arts alliance!

Zhu Zhishan could only comfort himself every day, imagining that Chen Ping had become a useless person, so he didn't dare to show up!

"Zhu Alliance Leader, I didn't know you were in such a hurry. Why did you bring me here?"

Long Jingguo hurried into the hall and asked Zhu Zhishan.

"You still have the nerve to ask, see these for yourself..."

Zhu Zhishan picked up the documents on the table and threw them hard on Long Jingguo's face: "You guys are too unrestrained. Recently, people in the Kyoto martial arts community have been reporting attacks by men in black robes, and even the sects in the alliance have been Some aristocratic families have also been attacked."

"The martial arts alliances in other places have also reported the news of the black-robed man's appearance. Are you trying to disrupt the entire martial arts world?"

"Let me tell you, I have been keeping this matter under wraps. If the authorities find out and find out, no one in your Long family will be able to survive..."

Zhu Zhishan roared angrily. He was angry in his heart, and it happened to be Long Jingguo's body.

As the head of the Long family, Long Jingguo couldn't help but feel reprimanded by Zhu Zhishan like this.

Long Jingguo did not look at the documents, and said with a slightly displeased expression: "Zhu Alliance Leader, I will persuade my Xiao'er about this matter, but my Xiao'er is not the only one who has such frequent black-robed men coming and going."

Chapter: 2437

“If you want to pursue me, then go find Ning Zhi and those black bronze robes...”

After Long Jingguo finished speaking, he turned around and left without giving Zhu Zhishan any face.

Zhu Zhishan stood there blankly, looking at Long Jingguo’s back, and it took him a long time to catch his breath.

“Presumptuous, too presumptuous, what kind of attitude is this to talk to me...”

Zhu Zhishan slapped the table angrily.

However, Zhu Zhishan himself also knew that his current alliance leader was just a false name and had long since lost real power.

As for going to Ning Zhi and those black bronze robes to investigate, Zhu Zhishan didn’t have the courage!

.....

The Long Family is a very secret room!

Long Xiao’s body was exuding bursts of cold light, and around Long Xiao, there were mummies all over the ground, all of which died after their strength was sucked away.

Long Jingguo sent people to arrest people everywhere for Long Xiao to practice!

Long Jingguo used to disdain this, but now, he fully supports Long Xiao’s doing this!

In three months, Long Xiao worked very hard, and by this time he had reached the peak of Wuhou!

There are probably not many people in the entire martial arts world who can advance at this speed.

But this is also thanks to the soul in his body, otherwise Long Xiao would not have been able to hit so fast no matter how talented he was.

“I’m looking for an opportunity to break through the Great Wuhou...”

“As long as I reach Da Wuhou, no one in the entire martial arts world can be my enemy...”

Long Xiao had a sneer on his face.

Da Wuhou’s breakthrough is not just a matter of pure cultivation. Fan Jiang has been stuck at the peak of Wuhou for more than ten years and has never been able to break through to Da Wuhou!

Such a big breakthrough requires opportunity and process, and it is a qualitative leap!

As for the circumstances under which Da Wuhou can be broken through, no one can predict.

Some people may break through to the level of Dawuhou in their sleep, and their whole body seems to be reshaped and enter a higher realm!

Whether it is divine consciousness or control over all things, it is a new level!

So the higher the level, the harder it will be to break through!

Chapter: 2438

Moreover, if you force a breakthrough, you will sometimes fail. If you fail, you will lose all your skills and become an ordinary person...

In the past, there were warriors who failed to achieve a breakthrough and could not bear the pain of being ordinary people and committed suicide!

“I don’t know where Chen Ping is now. Maybe he is my opportunity...”

Long Xiao’s eyes narrowed slightly, and there was murderous intent in his body!

He had always wanted to kill Chen Ping with his own hands, but being hit by Chen Ping again and again made Long Xiao hate Chen Ping!

At this time, Long Jingguo walked in. Feeling the killing intent on Long Xiao, Long Jingguo shuddered involuntarily!

Ever since Long Xiao was possessed by the spirit, Long Jingguo always felt that Long Xiao no longer seemed like his son.

“Xiao’er, then Zhu Zhishan came to me today to make us stop...”

Long Jingguo said to Long Xiao.

“Stop?” Long Xiao sneered: “I am about to break through the Great Wuhou, and I will break through the Martial Saint in the future. Our Long family will be the number one family in the martial arts world from now on, how can I stop...”

When Long Jingguo saw Long Xiao like that, his heart was filled with passion!

“Yes, our Long family will regain its glory in the future and become the first family in the martial arts world...”

Long Jingguo’s face was full of excitement and admiration!

“I’m going to find that Chen Ping. If he doesn’t die, I will always have a knot in my heart...”

After Long Xiao finished speaking, he walked out of the secret room!

He wanted to find Chen Ping and kill him with his own hands, so that he could untie the knot in his heart and break through without any distracting thoughts.

Long Jingguo did not stop him, but went directly to the dungeon. Long Ruotong was afraid that he would not be able to escape another severe beating!

.....

Penglai Island!

Chen Ping felt as comfortable as bathing in a hot spring. He had never felt such rich spiritual energy, let alone absorbed it so unscrupulously!

You must know that Chen Ping's Heart Condensation Technique is a superior technique. It absorbs spiritual energy much faster than others in the same realm!

Moreover, Chen Ping's Dantian's spiritual energy is converted very quickly. Otherwise, the spiritual energy entering the Dantian cannot be quickly converted into spiritual energy, and the body will soon become full and unable to absorb the spiritual energy.

"Why is this Chen Ping still awake?"

Outside the small courtyard, Hu Mazi was waiting for Chen Ping anxiously.

Chapter: 2439

Hu Mazi has been here for many days, waiting for Chen Ping to wake up from practice!

He didn't dare to disturb easily. If Chen Ping happened to be at the critical moment of breakthrough and disturbed easily, Chen Ping's mind would be damaged.

Suddenly, Hu Mazi discovered that two rays of light shot out of the sky instantly, followed by a terrifying aura coming from the small courtyard.

“The aura of the Seventh Nascent Soul Realm, this guy actually broke through to the Seventh Nascent Soul Realm in three months?”

Feeling the terrifying aura, Hu Mazi’s eyes widened instantly, his face full of disbelief!

You must know that the higher the level of cultivation, the more difficult it is to practice. Even with the support of huge spiritual energy, it will take time to absorb so much spiritual energy.

But this doesn’t seem to be a problem when it comes to Chen Ping. Chen Ping’s strength improves many times faster than others!

Hu Mazi rushed into the courtyard and kicked open the door!

“You kid, you are so awesome. In just three months, you have reached the seventh realm of Nascent Soul?”

Hu Mazi’s face was full of disbelief!

But there was no trace of excitement or joy on Chen Ping’s face, but a slight frown on his face!

“I thought I could reach the peak of Nascent Soul, but I didn’t expect to be so far behind...”

Chen Ping’s words almost made Hu Mazi vomit blood!

He has been on Penglai Island for several months, and his strength has not increased at all, but Chen Ping has grown so much, and he is still not satisfied!

“Your cultivation speed is already abnormal. You are still not satisfied. You are really comparing people to death, comparing goods and throwing them away...”

Hu Mazi sighed for a while!

“If there was no resistance, I would indeed be able to reach the peak of Yuanying. However, during my cultivation, I seem to have encountered resistance and cannot take a step forward. Could it be that this Penglai Island can really only allow people to be promoted to Yuanying, not Are you moving up?”

Chen Ping had a solemn look on his face and frowned, thinking about what was going on!

At the beginning of the training, the progress was very fast, but the resistance became stronger as it went on. Until reaching the seventh realm of Nascent Soul, Chen Ping’s repair speed actually stagnated. That’s why Chen Ping woke up!

“So you were also affected?”

Hu Mazi looked surprised. He thought Chen Ping would not be affected by the formation or curse here.

“How has your investigation been going over the past few months?”

Chen Ping asked Hu Mazi.

Hu Mazi quickly told Chen Ping what he knew. When Chen Ping heard that there were many temples on Penglai Island, but only one stone statue was enshrined in the temple, he felt something was wrong.

Chapter: 2440

He felt that there must be something wrong with this stone statue, and since so many temples enshrine the same stone statue, someone must have done it deliberately.

“Let’s go, take me to see...”

Chen Ping couldn't wait to see it.

"What about your friend?"

Hu Mazi pointed to another room.

"I'll wake him up..."

Chen Ping went next door and woke Zhao Chuang up from practicing.

In the past few months, Zhao Chuang's strength has improved every time. After several months of training, he has cultivated a loneliness.

"Brother Chen, why do I feel like my strength hasn't changed at all?"

Zhao Chuang looked depressed.

After practicing for such a long time, his strength has not changed at all. When will he be able to cultivate to the level of Wuhou and marry Xiaoru!

Chen Ping stared closely at Zhao Chuang's lower abdomen. The energy gathered in Zhao Chuang's Dantian had already undergone qualitative changes, but Zhao Chuang's strength could not be seen to have increased!

"Don't worry, I believe you will reach Wuhou soon..."

Chen Ping comforted Zhao Chuang. Although Chen Ping didn't know why Zhao Chuang's strength didn't increase, he was sure that as long as he found the crux, the energy in Zhao Chuang's dantian would definitely make his strength grow by leaps and bounds!

Chen Ping, Hu Mazi, and Zhao Chuang headed towards the nearest temple.

At the same time, in the palace's forbidden area, Immortal Huli looked at the sky with a solemn look on his face!

"With such terrifying spiritual power fluctuations, are there any masters who can break through it on Penglai Island?"

The Great Immortal Huli muttered to himself!

Soon, Du Ziteng was ordered to rush over. When he saw the Great Immortal Huli, he knelt down directly!

"Great Immortal Huli, I don't know why you came to see me for something?"

Du Ziteng asked.

"Let me ask you, has the young man in the Nascent Soul Realm you mentioned left Penglai Island?"

Great Immortal Huli asked.

"No, he has been on Penglai Island, but he has never left the house. He should have been practicing..."
