

## **The Order 2441**

Chapter: 2441

Du Ziteng replied.

Hearing this, Great Immortal Huli was silent for a moment: "Send someone to check immediately. This young man may have made a breakthrough again, and his level is not low. When you find out the information, come to me directly..."

"Understood....."

Du Ziteng nodded and left!

Immortal Huli was still looking at the sky, his face full of worry...

"Master, when will you be resurrected??, I always have a bad feeling..."

The Great Immortal Huli murmured.

.....

Penglai Island, within a temple!

People come here every day to offer incense and kowtow, and the people who come here are all very pious and respect the stone statues in front of them!

Chen Ping looked at the people coming in and out, and there was nothing strange about them. Although these people were all immortal cultivators, they all lived ordinary lives. They seemed to have no idea that they were immortal cultivators, and no one was obsessed with cultivating immortals. !

The health of the body and the increase in life span have already made these people ecstatic. No one wants to live forever!

“Let’s go in and take a look...”

Chen Ping walked into the temple first!

Looking at the stone statues in front of me, they were very ordinary and nothing special at all. Moreover, the stone statues were somewhat blackened due to being smoked for many years.

Chen Ping instantly emitted his spiritual consciousness, and then his spiritual consciousness covered the stone statue, wanting to detect if there was anything weird about the stone statue.

However, after investigation, it was found that the stone statue was carved from ordinary stone, and nothing was found. This made Chen Ping feel very puzzled!

“Brother, let me ask, why do you keep kneeling down to worship this ordinary stone statue? Who is this stone statue?”

Chen Ping stopped a middle-aged man and asked.

The middle-aged man glanced at Chen Ping, and then said: “This is the god of Penglai Island. Legend has it that Penglai Island was built by this person. We make money from Penglai Island, and of course we have to come to thank them...”

After the middle-aged man finished speaking, he ignored Chen Ping and went directly to kneel down and worship the stone statue!

At this moment, several guards in armor came over, each with a fierce look, and surrounded Chen Ping and the others as soon as they arrived.

The leader among them is a young man wearing silk and satin, holding a folding fan in his hand. However, although he is young, the aura of this man is not weak.

Chen Ping took a look at this person. He looked like a playboy in a TV series. He probably wouldn't survive more than two episodes!

Chapter: 2442

"Who are you? Why don't you worship when you enter the temple? How dare you use your spiritual sense to investigate?"

The young man glanced at Chen Ping and the others, and then shouted angrily!

Only then did Chen Ping realize that it was he who had just emitted his spiritual consciousness and provoked these people.

"Sorry, we are new here and don't understand the rules..."

Seeing this, Hu Mazi hurriedly stepped forward to explain to the young man!

"Coming from outside?"

After the young man looked at Chen Ping and the others again, he said calmly: "Since you don't understand the rules, I won't argue with you. Go and kneel down..."

Hu Mazi nodded repeatedly: "Okay..."

Zhao Chuang, who was on the side, was already unhappy when he saw the young man's arrogant look. Seeing Hu Mazi's submissive behavior, he felt very embarrassed!

After all, Zhao Chuang was once a playboy, the son of a wealthy family, and he couldn't stand this anger!

"If you ask us to kneel down, we will kneel down and worship. What the hell does a man with broken stones have to worship?"

Zhao Chuang asked the young man.

Zhao Chuang's words instantly aroused the young man's anger, and the guards in armor directly surrounded Zhao Chuang.

"Be bold, dare to be rude to the prince, and seek death..."

As he said that, the scimitar in the hand of a guard suddenly slashed towards Zhao Chuang!

Zhao Chuang showed disdain. The strength of these guards was no match for him, so Zhao Chuang was not afraid!

He reached out and grabbed the scimitar, then kicked it out.

The guard was instantly kicked to the ground, and the other guards rushed towards Zhao Chuang!

"Okay, okay, don't fight..."

Hu Mazi stepped forward, and the aura on his body exploded, instantly making the guards feel pressure and unable to take a step forward!

Feeling the aura on Hu Mazi's body, it was obvious that the young man's face changed, and then his brows also wrinkled, and he looked at Hu Mazi with some surprise.

"Everyone, step back..."

The young man spoke, and all the guards retreated.

"We're going to kneel down and worship now, we're going to kneel down now..."

Chapter: 2443

Hu Mazi nodded to the young man repeatedly, and then pulled Zhao Chuang and Chen Ping to kneel down!

“Don’t make trouble here, otherwise how can you investigate the secrets here...”

Hu Mazi whispered to Chen Ping!

Zhao Chuang was still a little dissatisfied, but Chen Ping said: “Zhao Chuang, listen to Master Hu...”

Seeing Chen Ping speak, Zhao Chuang didn’t dare to say anything anymore.

The three people walked into the temple and then knelt down to worship!

The moment they knelt down and worshiped, a faint white light emanated from them and was immediately absorbed by the stone statue!

Neither Zhao Chuang nor Hu Mazi felt anything strange, but Chen Ping suddenly frowned and then looked straight at the stone statue in front of him.

The moment he knelt down and worshiped, Chen Ping felt a trace of spiritual power being inexplicably sucked out of his body, and then entered the stone statue!

“There’s something weird about this stone statue...”

Chen Ping said softly.

“What’s weird? Didn’t you investigate?”

Hu Mazi asked strangely.

“I just checked my consciousness and found nothing. I need to check again...”

Chen Ping said, then stood up and walked towards the stone statue, and gently placed his palm on the stone statue!

This scene of Chen Ping instantly shocked others around him and started shouting.

“Bold, how dare you touch the gods with your hands, you are too presumptuous...”

“Come back quickly, you are seeking death...”

“kill him.....”

When the people around saw Chen Ping’s actions, everyone became angry!

When the young people outside heard the shouting, they rushed in quickly!

When he saw Chen Ping touching the stone statue with his hand, he suddenly became extremely angry!

“Let go, you are seeking death...”

The young man suddenly burst out with terrifying murderous intent!

Chapter: 2444

However, the young man did not attack Chen Ping, fearing that he would damage the stone statue if he did it here.

But Chen Ping didn’t seem to hear it, and ignored the young man at all. Instead, he increased the strength of his hands, and cracks appeared in the stone statue instantly, and then it collapsed instantly.

The moment the stone statue collapsed, the power of the magic circle dissipated instantly!

Chen Ping murmured to himself: "Sure enough, there is a formation inside. It seems that my guess was good..."

Seeing that Chen Ping destroyed the stone statue, the young man became even more angry!

"court death....."

The young man slapped Chen Ping with his palm.

At the same time, several guards rushed forward with scimitars in hand!

Seeing this, Zhao Chuang stepped forward and stopped several guards. Hu Mazi frowned and randomly waved his hand, and all the guards were knocked away!

And the young man had already arrived in front of Chen Ping, and then slapped Chen Ping hard on the chest!

boom!

After a muffled sound, Chen Ping's body did not move at all, and he was still thinking. However, the young man was shocked by the force of the counterattack and backed away!

This scene made the young man's face change drastically, and he looked at Chen Ping in shock!

"Chen Ping, what are you thinking? Why did you destroy this stone statue? How can we investigate the secrets here now!"

Hu Mazi asked Chen Ping in confusion.

“How many temples like this are there in total?”

Chen Ping did not answer Hu Mazi, but asked Hu Mazi.

Hu Mazi was stunned and said: “I don’t know very well, but there are at least hundreds...”

Chen Ping’s eyes narrowed slightly: “I seem to know something...”

With that said, Chen Ping walked out. Hu Mazi was confused for a while, but he followed behind.

At this moment, outside the temple, Zhao Chuang was confronting the young man. At this time, dozens of guards had already arrived and surrounded the place.

Chen Ping just glanced at these people, ignored them at all, and continued walking out!

“Hmph, you’ve damaged the stone statue and you still want to leave. It’s impossible...”

“Next, I’m going to let you know the power of gods!”

Chapter: 2445

The young man said and began to mutter something!

“Divine Punishment... The prince has used divine punishment!”

“This man deserves to die. If he dares to destroy the stone statue of a god, he deserves to die!”

“When divine punishment comes, no one will survive!”

The people around were all talking in shock, and then hid far away.

The young man chanted the spell, and soon a ray of light appeared above Chen Ping's head. The light was like a pillar and extremely dazzling!

Hu Mazi's eyes suddenly widened, with a look of surprise on his face.

"Ancient magic? How come there are still people who know this kind of magic now?"

Hu Mazi was so shocked that his eyes almost popped out!

"What ancient magic?"

Chen Ping still doesn't understand why Hu Mazi is so shocked!

After all, Hu Mazi is much more professional when it comes to spells!

"Go quickly, get out of here..."

Hu Mazi didn't have time to explain, so he pulled Chen Ping and wanted to leave!

However, black chains suddenly appeared under Chen Ping's feet, binding Chen Ping instantly!

Immediately afterwards, the beam of light above his head fell from the sky and bombarded Chen Ping instantly!

boom!

There was a loud noise, dust flew up, and the whole ground began to shake!

Hu Mazi and Zhao Chuang on the side were also knocked away by the huge force.

Seeing this scene, the corners of the young man's mouth raised slightly.

At the same time, in the forbidden area of the palace, Immortal Huli stared at the stone statue more than ten meters high in front of him, looking at the missing piece of the stone statue, his eyes filled with anger!

“Since someone dares to damage the stone statue, he should be damned...”

Then Huli Daxian held a scepter in his hand. A white gemstone on the scepter emitted light, and the light rose into the sky!

It turns out that the so-called divine punishment is not the magic spell performed by the young man!

Chapter: 2446

What he recited was not a divine punishment incantation, but just some ordinary psychic incantations. As long as he recited the incantation, Immortal Huli could sense it.

Then the Great Immortal Huli used his magic, and divine punishment came directly!

This approach not only made everyone in Penglai Island believe in gods, but even the senior officials in the palace believed in it!

It was obvious that this young man did not know that this formation was not performed by him!

“When divine punishment comes, no one can survive. This is the result of desecrating and destroying the statues of gods...”

The young man said to the people around him in a condescending tone.

Obviously, the people around were frightened, and they all nodded desperately, but no one of them dared to desecrate the statue.

Hu Mazi and Zhao Chuang were so shocked that they stood up slowly.

Looking at the smoke and dust in front of them, neither of them knew what happened to Chen Ping.

“Who said no one would survive God’s punishment...”

At this time, Chen Ping’s figure slowly walked out from the dust!

At this moment, the young man was dumbfounded, and the people around him also widened their eyes with disbelief on their faces!

The gods in their hearts were probably going to be shattered by Chen Ping at this moment.

There was not a single scratch on Chen Ping’s body, and even his clothes were intact. The moment the divine punishment came, Chen Ping had already activated his indestructible golden body!

“This...how is this possible? How is this possible?”

The young man was dumbfounded and looked at Chen Ping in disbelief: “Who are you?”

“It doesn’t matter who I am, what’s important is, I want to know who you are?”

“Why do you want to absorb other people’s spiritual power? No wonder the people here can’t improve their strength...”

“And the rich spiritual energy here is definitely not a natural formation, right? There must be some manipulation in this spiritual energy!”

Chen Ping walked towards the young man step by step and asked with sharp eyes.

The young man stepped back step by step. He had long been confused by Chen Ping’s question. In fact, he had no idea what Chen Ping said.

“What are you talking about? I don’t understand it at all...”

The young man stepped back, then his face turned cold: “Come on, arrest these people...”

The young man gave the order, and dozens of guards swarmed forward and rushed towards Chen Ping and Hu Mazi.

Chapter: 2447

Pressure suddenly erupted from Chen Ping’s body. Dozens of guards were directly pressed to the ground by the pressure before they could even move.

The young man suddenly took out a black dagger and stabbed Chen Ping.

“Even divine punishment can’t hurt you. Let me see if this ancient divine weapon can hurt you...”

There was a fierce look on the young man’s face, and he placed all his hopes on the black dagger in his hand.

clang.....

There was a crisp sound, and the dagger stabbed Chen Ping hard, but it failed to hurt Chen Ping.

A sneer appeared on Chen Ping's face, and then he grabbed the black dagger.

"What ancient magic weapon, a lie..."

As he spoke, Chen Ping exerted a little force, and the black dagger broke instantly!

The young man was so stupid that he backed away and finally sat on the ground!

Feeling the terrifying pressure on Chen Ping, cold sweat broke out on the young man's forehead!

Chen Ping walked towards the young man step by step, and then looked down at him.

"You...what do you want? I am the palace prince, and my father is Du Ziteng. You can't kill me, or my father will not let you go."

The young man got scared and moved out with his father.

"Du Ziteng?" Chen Ping sneered at the corner of his mouth: "I still have a headache. What I just asked you, answer me honestly..."

"I don't know. I don't know what you asked about!"

The young man shook his head desperately!

"Don't know?" Chen Ping's face turned cold, and the pressure on him became a little more domineering.

The young man instantly knelt down in front of Chen Ping and kowtowed continuously.

"Brother, I really don't know, I really don't know..."

Young people are scared!

Watching the palace prince kowtow in front of Chen Ping, the expressions of the people around him changed again and again, and there was an indescribable feeling in his heart!

“It seems like he really doesn’t know...”

At this time, Hu Mazi came over and said to Chen Ping.

Chapter: 2448

Chen Ping also saw that this palace prince knew nothing!

“What a useless palace prince, he doesn’t know anything when asked...”

Chen Ping cursed, but the young man didn’t dare to fart!

However, Hu Mazi asked the young man: “Let me ask you, who taught you your ancient magic?”

“Yes Yes.....”

The young man was hesitant, as if he didn’t want to say anything!

Hu Mazi slapped him up, instantly making the young man’s face red and swollen.

Chen Ping was shocked by Hu Mazi’s actions!

Just now, Hu Mazi had a calm attitude, nodding and bowing to the young man, but now he disagreed and started beating him!

“Master Hu, what are you doing?”

Chen Ping asked puzzledly.

“It’s like this anyway, and I can’t hide it anymore, so why do I still need to spoil him...”

Hu Mazi explained!

After hearing this, Chen Ping was speechless!

“Yes, we can’t spoil him anymore...”

After Zhao Chuang finished speaking, he also rushed over, raised his foot and kicked the young man.

But before Zhao Chuang’s feet fell, the young man shouted instantly: “I said, I said, this spell was taught to me by my father. There are only a few people in the entire Penglai Island who know this kind of divine punishment.” Magic!”

“Let’s go, take me to find your dad...”

Hu Mazi picked up the young man in one fell swoop.

“Master Hu, are you planning to break into the palace?”

Chen Ping asked.

“We can’t conduct a secret investigation anyway. We might as well just ask Du Ziteng directly. He’s not your opponent anyway...”

Hu Mazi smiled at Chen Ping and said!

When Chen Ping saw this, he could only smile and follow along!

Chapter: 2449

“Boy, let me tell you, don’t play tricks. Your dad is just a person at the peak of the Golden Core. My little brother is at the Nascent Soul realm!”

Hu Mazi carried the young man, then pointed at Chen Ping and said.

The young man looked at Chen Ping with an expression of disbelief in his eyes.

He didn’t quite believe that at Chen Ping’s age, he could actually be in the Nascent Soul realm!

When Chen Ping saw that he didn’t believe it, the aura on his body came out unreservedly.

Chen Ping had only used half of his strength just now, otherwise the pressure alone would have caused these people’s internal organs to burst and die!

Feeling Chen Ping’s aura again, the young man’s eyes were full of horror!

Then he said tremblingly: “You...are you really in the Nascent Soul Realm?”

“Can this be false? Can’t you feel the breath yourself?”

Chen Ping smiled coldly.

“I feel it, I feel it. I was so offended just now. I hope you won’t be offended. I will definitely cooperate with you. You can have whatever you want. Gold, silver, jewelry, and rare beauties are all available in our palace!”

The young man said hurriedly to please.

“We are not robbers. What do we want from you? A rare beauty, but you are still a cultivator. We want gold, silver and jewelry. What is the use of a rare beauty?”

Hu Mazi slapped the young man on the back of the head!

“Master’s lesson is right. We have an alchemist in the palace who can give you some pills!”

The young man received a slap, but instead of being angry, he even said with a flattering smile!

When he heard about the alchemist, Chen Ping was instantly interested. He wanted to see what the level of the alchemist here was!

After all, Chen Ping had only seen Elder Xu and his friends refining medicine in Medicine God Valley, and he had never seen anyone else refining medicine at all!

A few people chatted while walking, and Chen Ping and the others also gained an in-depth understanding of young people!

This guy’s name is Du Nan, and he is Du Ziteng’s only son!

Although he is a bit dandy, he is not bad-hearted, and he does not bully the ordinary residents of Penglai Island!

It was this name that made Chen Ping speechless for a long time!

I feel like the people who named these two men have a feud with the Du family...

In the palace!

Chapter: 2450

Du Ziteng was resting, but the Great Elder ran in in a hurry!

“Prince Du, it’s not good. Someone reported that the prince was captured...”

The great elder said anxiously.

Du Ziteng’s body, which had been lying down, stood up in an instant.

“Who? Who dares to arrest my son?”

Du Ziteng asked angrily.

“I heard they are a few foreigners who have just arrived at Penglai Island.”

The great elder said

“Quickly, gather my troops. You dare to touch my son on Penglai Island. I’m really tired of living.”

Du Ziteng was filled with murderous intent.

You must know that the Du family has absolute authority on Penglai Island. Who dares to touch the Du family’s people.

Soon, Du Ziteng gathered hundreds of people and headed out of the palace in a mighty manner.

At this time, Du Nan also brought Chen Ping and the others to the palace.

Several people were chatting and laughing, and they were obviously familiar with each other!

“This is my home...”

Du Nan pointed at the palace in front and counted.

“Damn, it’s so impressive...”

After Zhao Chuang saw it, he couldn’t help but sigh!

At first, he thought that his Wuying Villa was quite impressive, but when he saw this palace and his own house, they looked like rubbish.

I saw that the palace was built with extremely special techniques, and it obviously had many years of history.

Every brick and stone used to build the palace seemed to have been polished directly by hand.

Chen Ping’s spiritual consciousness spread out and instantly covered the palace walls. He wanted to see if such a magnificent palace was protected by formations!

But after exploring for a long time, there was no response from the palace, which meant that the palace was not protected by formations, which made Chen Ping feel a little strange.

In the world of cultivating immortals on Penglai Island, in such an important place, logically speaking, defensive formations should be set up.
