

## **The Order 2461**

Chapter: 2461

A burst of breath shot out from the body of the Great Tiger Power Immortal and hit Hu Mazi instantly!

Hu Mazi groaned and fell directly to the ground, his face was very ferocious, he must be in pain!

Zhao Chuang was already pale with fright at this time. He had never seen such a person before!

Only Chen Ping had a serious look on his face, his brows knitted together tightly!

“Great Immortal Huli, this guy is Chen Ping...”

Du Ziteng pointed at Chen Ping and followed the tiger power immortal.

Immortal Huli stood up, walked down slowly, and then walked towards Chen Ping.

As we get closer and closer, the aura of Immortal Huli becomes more and more obvious!

With this aura that is obviously different from humans, it can be concluded that the guy in front of him is a real tiger spirit, not a human pretending to be one.

The demon tiger takes shape and can only change after reaching the realm of transformation above Nascent Soul.

Not all monsters can transform into human form when they reach the state of transformation. The conditions are very strict.

And the demon tiger in front of me, although it has transformed into a human body, has the head of a tiger, obviously it has not transformed into a human body!

It is very possible that the demon tiger in front of him did not reach the state of transformation, but used external power to forcibly transform into a human form. As a result, the power it borrowed collapsed, so it has the current appearance of a human body and a tiger head.

“ah.....”

As the Great Immortal Huli got closer and closer, Du Nan couldn't help but scream!

This time, Du Ziteng was scared to death!

Seeing the Great Immortal Huli turning his head and looking over, Du Ziteng quickly begged: “Great Immortal Huli, this is a dog. The dog is ignorant and disturbed the Great Immortal Huli. I will definitely punish him severely!”

However, Great Immortal Huli ignored it and once again set his sights on Chen Ping!

Immortal Huli looked Chen Ping up and down, his eyes sparkling!

“It's great, it's great. Such a beautiful body is hard to find in the world...”

There was greed in Huli Daxian's eyes.

Then the Great Immortal Huli stretched out his hand and gently stroked Chen Ping's body. This almost made Chen Ping sick to death!

But when Immortal Huli's hand touched Chen Ping's body, he froze instantly, his eyes showing disbelief!

Before the Great Immortal Huli could react, Chen Ping punched out and hit the Great Immortal Huli hard on the chest!

Chapter: 2462

This sudden attack gave the great tiger power no time to react, and he was directly punched away!

His body hit the seat behind him hard, smashing the seat into pieces!

This sudden change scared Du Ziteng beside him!

The Great Immortal Hu Li stood up, full of anger, and the terrifying pressure began to spread. Du Ziteng was so frightened that he pulled Du Nan back again and again!

“Du Ziteng, how dare you deceive me...”

The Great Immortal Huli looked at Du Ziteng!

Du Ziteng felt the coercion and knelt down in fear: “Great Immortal Huli, I will never dare to deceive you. Chen Ping did take the elixir, but I don’t know why, but his power is still there!”

Du Ziteng really couldn’t understand how Chen Ping didn’t lose his power!

“You want me to lose my power even with a small pill?”

Chen Ping smiled coldly, and then looked at the great tiger-power immortal: “You are just a demon beast transformed into a spirit, and you dare to call yourself an immortal. You are really bragging...”

“Hmph, even a mere Nascent Soul dares to yell at me in my transformation state...”

The Great Immortal Huli snorted coldly!

“If you really reach the state of transformation, how can you become a human with a tiger’s head? You must have used other powers to force the transformation. As a result, the external power collapsed, causing you to look like a human and a tiger now...”

Chen Ping sneered.

Immortal Huli's expression changed instantly, and his eyes narrowed slightly: "Even if I haven't reached the transformation state, I can still poke you enough..."

After saying that, the Great Immortal Hu Li raised his hand and made a mark. The mark cut through the space and entered Chen Ping's body in the blink of an eye!

It was obvious that this great tiger power man did not want to hurt Chen Ping. He wanted to control Chen Ping and get Chen Ping's body!

After the mark entered Chen Ping's body, it quickly began to spread in his mind, seeming to control Chen Ping's thoughts!

Chen Ping raised the corner of his mouth, and a golden light flashed in his mind, instantly swallowing up the mark, and the face of the Great Immortal Huli instantly became extremely gloomy!

"Who are you? How come you have such a powerful consciousness?"

"In today's society, it is impossible for this kind of situation to happen..."

Immortal Huli asked in shock.

"It doesn't matter who I am, what matters is who you are?"

"Why do you use those stone statues to absorb everyone's spiritual energy? What is your purpose in doing this?"

Chapter: 2463

Chen Ping asked the Great Immortal Huli.

“You actually know this?” Great Immortal Huli’s eyes narrowed slightly: “Everyone here has their strength given by me. I taught them the method of cultivating immortals, allowing them to embark on the path of cultivation, giving up diseases, and increasing their life span. I What about absorbing some spiritual power from them?”

“I am the master here, the god here, everything they have is mine...”

Immortal Huli began to glow faintly!

When Du Ziteng and Du Nan saw this, they hurriedly knelt down and knelt down continuously!

Chen Ping sneered: “How can you, a monster, have such abilities? Stop bragging. Is there someone behind you?”

“Bold, you dare to say that I am a monster...”

The Great Immortal Huli was angry.

“Chen Ping, you are so brave. Everything here was given by the Great Immortal Huli. He is the god on Penglai Island. I can prove it. If you follow the Great Immortal Huli, you will only die.”

Du Ziteng angrily scolded Chen Ping.

“It’s a joke that a tiger that became a spirit has become a god worshiped by thousands of humans...”

Chen Ping snorted coldly!

“Presumptuous, you dare to insult me, I will let you taste my power...”

The Great Immortal Huli burst into anger!

Then his palms flew towards Chen Ping, and his whole body exuded a faint light, just like a real god!

“That’s all, I will also...”

Chen Ping’s body shook slightly, and his whole body began to burst into golden light. The golden light on Chen Ping’s body was stronger than that of the great tiger power immortal.

But just when Chen Ping was about to swing out a palm to block the blow of the Great Tiger Power Immortal, he found that the Great Tiger Power Immortal’s blow had a strange suction force, and the spiritual power in his body was uncontrollable. Start boiling!

“After absorbing your strength, I can really reach the transformation state and become a real human being...”

Whirlpools formed in the palms of the Huli Great Immortal, and they began to absorb the spiritual power in Chen Ping’s body!

Just when the spiritual power in Chen Ping’s Dantian was about to break through his body out of control, the dragon crystal on his chest suddenly flashed!

The power of the divine dragon instantly suppressed the boiling spiritual power.

After a while, the Great Immortal Huli couldn’t help but be surprised when he saw that his technique was not effective at all, and Chen Ping was not affected at all!

“how so?”

Chapter: 2464

Immortal Huli frowned.

Immortal Huli's eyes flashed, and a ray of consciousness shot towards Chen Ping instantly. He wanted to see who Chen Ping was!

But at the moment when the spiritual consciousness was emitted, the golden light on Chen Ping's body flickered, cutting off the spiritual consciousness!

Seeing that his spiritual consciousness was useless, the Great Immortal Hu Li took two steps back, and then let out a tiger roar!

Then he picked up the scepter on the side, and the gem on the scepter began to shine brightly!

The light illuminated the entire mansion, and Chen Ping was also wrapped in the light, unable to escape!

Chen Ping wanted to use the golden light on his body to push back the light that enveloped him, but no matter how the golden light shone, it seemed eclipsed by this light!

Under the light, a golden dragon slowly emerged behind Chen Ping. The mighty golden dragon hovered above Chen Ping's head. At this moment, Chen Ping's body was filled with golden light!

The golden light flashed, causing everyone to close their eyes, and even the great tiger power man retreated continuously!

"The golden dragon's true body, what a good body, what a good body, hahaha..."

The Great Immortal Huli laughed crazily, the greed in his eyes radiating out unabashedly!

Scales began to appear on Chen Ping's body, and his indestructible golden body was activated, and then he looked at the Great Immortal Hu Li with a sharp gaze.

"Who is the master behind you? You are a monster, there is no way you have such great power..."

Chen Ping took a step forward and asked the great tiger power immortal.

“If you want to know, then defeat me. Defeat me, and I will tell you naturally...”

The Great Immortal Huli exuded fighting spirit, and then shouted loudly, his body instantly turned into a black shadow, and his body was spinning rapidly!

As Huli Daxian turned faster and faster, a black hole similar to a space-time tunnel appeared in mid-air!

The black hole has extremely strong devouring power, and seems to be swallowing up everything!

The entire Penglai Island began to slowly fall into darkness, and everyone appeared panicked!

“I said, I am the master here, and everyone is my people...”

As the Great Immortal Huli said, he raised the scepter in his hand toward the sky. The scepter instantly emitted a ray of light and sank directly into the black hole!

Then the light explodes in the black hole, emitting brilliant colors!

Everyone looked up and looked at the vision in mid-air!

But no one noticed that everyone’s bodies began to emit little bits of light, which were absorbed by the black hole.

Chapter: 2465

Even Du Ziteng and his son are no exception.

When Chen Ping saw this, he frowned. This was absorbing the spiritual power of everyone on Penglai Island. When these spiritual powers were gathered together, it would be very terrifying.

Slowly, bursts of rumbling sounds came from the black hole, just like the sound of thunder!

Suddenly...

Click!

A dazzling light shot out from the black hole, like a bolt of lightning, hitting Chen Ping instantly!

This powerful immortal actually gathered the power of the entire Penglai Island to deal with Chen Ping.

The moment the light hit Chen Ping, Chen Ping was stunned. The feeling as if the sky was falling made Chen Ping's body tremble slightly!

The indestructible golden body was defeated instantly and disappeared into thin air, but Chen Ping's body was not seriously injured!

After one blow, the Great Immortal Hu Li made a move, and the black hole in the mid-air slowly disappeared, the sky returned to normal, and the sun shone in!

"If I kill you, it will be like crushing an ant. Now if you obey me, I can keep your soul and find you a new body..."

The Great Immortal Huli said with a condescending attitude.

The reason why he didn't hurt Chen Ping was because he needed Chen Ping's physical body and couldn't damage it!

"A shameless talk..."

Chen Ping's eyes condensed, and the power of the dragon instantly condensed on his fists!

"Holy Light Fist..."

A ray of light enveloped Chen Ping's fist, followed by overwhelming terrifying power, instantly heading towards the powerful immortal!

When the Great Immortal Huli saw this, he frowned slightly: "It's really surprising that you know how to use the Holy Light Fist..."

After saying that, the Great Immortal Huli pushed his hand forward, and a barrier appeared in front of him out of thin air.

boom!

With a loud noise, the barrier was instantly shattered.

The terrifying power shook the entire mansion and it was about to collapse!

Immortal Huli's eyes became more and more fiery: "I didn't expect you to have so many secrets. It seems that after the war between gods and demons, there are quite a few old guys who are still alive..."

Chen Ping didn't understand what this guy was talking about about the battle between gods and demons, but his Holy Light Fist was indeed taught by a senior.

Chapter: 2466

At that time, it was just a ray of spiritual consciousness that taught Chen Ping the Holy Light Fist. If the true body can be found, who knows what kind of terrifying skills that old guy will have!

Creaking.....

At this time, the pillars of the mansion began to make noises and were about to collapse!

“Get out of here quickly...”

Chen Ping said, holding Hu Mazi with one hand and Zhao Chuang with the other, and rushed out of the mansion in an instant!

Now that the power of the two people has been dispersed, they are just ordinary people. How can they bear the impact of this house on them!

After escaping, Du Ziteng pulled Du Nan and ran out. Only the great tiger power broke through the roof, suspended in the air, and stared at Chen Ping!

“You can’t escape today no matter what...”

The words of Immortal Hu Li were so powerful that they instantly shocked Hu Mazi and Zhao Chuang to the point where they vomited blood!

They don’t have the power to resist even the slightest bit of power now!

Upon seeing this, Chen Ping hurriedly waved his hand, and a golden light enveloped the two people.

“You two, leave quickly, don’t stay here...”

Chen Ping said to Hu Mazi and Zhao Chuang.

“Brother Chen.....”

Zhao Chuang was worried about Chen Ping and didn’t want to leave!

Hu Mazi went to pull Zhao Chuang and said: "We are useless people now. What's the use of staying here? It will also distract him..."

After Hu Mazi finished speaking, he took out a charm from his arms, and then whispered a few words in Chen Ping's ear!

Chen Ping took the spell and looked at Hu Mazi in surprise.

"Master Hu, thank you..."

Chen Ping's eyes were filled with gratitude!

"Thank you, it's just for myself. If you kill this tiger spirit and find the treasure, you will share half of it with me..."

Hu Mazi said with a smile.

"no problem!"

Chen Ping nodded.

Chapter: 2467

But just when Hu Mazi pulled Zhao Chuang away, who knew that Du Ziteng stood directly in front of him!

"You have offended the Great Immortal Huli, do you still want to leave?"

Du Ziteng said with a ferocious expression.

Hu Mazi and Zhao Chuang looked ugly, but there was nothing they could do. The two of them were useless now. How could they deal with Du Ziteng!

“You are looking for death...”

Chen Ping’s cold voice came, followed by a terrifying force!

Du Ziteng was instantly knocked away, and his body hit the ground hard, making a big hole!

Facing Chen Ping, Du Ziteng had no ability to fight back!

“You regard a monster as a god. You are extremely ignorant. If you dare to stop them two, I will kill you and your son right now...”

Chen Ping’s eyes were sharp, and his murderous intent enveloped Du Ziteng and Du Nan’s father and son.

Feeling the murderous aura on Chen Ping’s body, Du Ziteng’s face became very ugly and he did not dare to say a word.

Hu Mazi and Zhao Chuang took the opportunity to run out of the forbidden area in a hurry.

Great Immortal Huli looked at everything in front of him, but did not stop him. In his eyes, he only needed to keep Chen Ping. As for the others, it didn’t matter!

“When death is imminent, you can still think about your friends. Your temperament is nothing like those of the dragons...”

The Great Immortal Huli sneered condescendingly, and then the scepter in his hand emitted streaks of light.

The light shrouded Chen Ping's surroundings, like a cage, trapping Chen Ping in it!

Chen Ping frowned, raised his hand and punched out!

But just as he raised his hand, his wrist was instantly wrapped by a ray of light, which restrained Chen Ping's movements like a chain, making it impossible for Chen Ping to perform at all!

Then came another ray of light, entwining Chen Ping's limbs, directly controlling Chen Ping as if he was tied up!

Chen Ping struggled desperately, but he couldn't break free at all. The more Chen Ping struggled, the tighter the chains of light became!

"Hahaha, you are trapped by the dragon-binding rope formation. Even if you are a real dragon, you can't escape..."

The Great Immortal Huli laughed, slowly fell from the air, and looked at Chen Ping with a proud look on his face!

Chen Ping, on the other hand, placed his eyes on the scepter in the hand of the Great Immortal Huli!

He found that the Great Tiger Immortal didn't seem to be particularly strong. He always used the scepter, and the power in the scepter must come from the gem embedded in it!

Chapter: 2468

As long as the gem is destroyed, the scepter will be useless. Without the scepter, the tiger spirit in front of you will not be a concern!

The Immortal Huli didn't know what Chen Ping was thinking, so he walked up to Chen Ping with a grin on his face.

"For thousands of years, I never thought I could meet the true form of a golden dragon. It's so perfect..."

The Huli Great Immortal stared at Chen Ping with greed in his eyes, just like a bachelor looking at the little widow!

Chen Ping took advantage of the Great Immortal Huli's carelessness, and a golden light flashed out!

I saw a wound instantly opened on the chest of Great Immortal Huli!

Blood spurted out, and the huge power directly knocked the tiger-power immortal away!

The Great Immortal Huli was startled, and then looked at the sword floating in front of him in disbelief!

The sword body is emitting a hazy light, and the aura on the sword body is very strong!

With a thought in Chen Ping's mind, he slashed out the Dragon-Slaying Sword, instantly cutting off those chains of light!

As soon as he stretched out his hand, the Dragon-Slaying Sword was in Chen Ping's hand!

"You actually still have a spiritual sword..." Immortal Huli's eyes narrowed slightly: "But the sword spirit has not yet opened its mind, it is just a piece of broken copper and iron. If you dare to hurt me, I will make you look good!"

After Huli Daxian finished speaking, he waved the scepter in his hand towards Chen Ping, and a huge force went towards Chen Ping!

Chen Ping hurriedly used his sword to block, but he was still thrown straight away and fell heavily to the ground!

Chen Ping got up and wiped the blood from the corner of his mouth: "Sure enough, all the power is on that scepter..."

But before Chen Ping could react, another terrifying aura hit him, each time as fast as lightning!

Chen Ping was not given any time to react. The power on the scepter seemed to be inexhaustible!

Bang bang bang...

Chen Ping suffered a dozen heavy blows in a row!

It can be seen that Chen Ping just injured the Huli Immortal, and the Huli Immortal was really angry!

Chen Ping slowly stood up again. Even without the indestructible golden body, Chen Ping's physical body could withstand all attacks!

"It's a rare physical body for thousands of years. I really don't know how you cultivated in such a harsh environment..."

The Great Immortal Huli sighed!

Chen Ping didn't speak, but was looking for an opportunity. Seeing that the great tiger power man relaxed his vigilance, Chen Ping jumped up in an instant!

Chapter: 2469

Whoosh!

Chen Ping was extremely fast and suddenly swung out the Dragon-Slaying Sword in his hand!

"Nine Shadows Sword Technique, First Cut..."

The terrifying sword energy seemed to come from the sky, mixed with the roaring sound and went straight towards the Great Immortal Huli!

However, this sword was not directed at the Immortal Huli, but at the scepter in the hand of the Immortal Huli!

The Great Immortal Huli was startled and retreated quickly!

“You actually know the Nine Shadows Sword Technique, which is the famous trick of the Sword God...”

The Great Immortal Huli stepped back and used the scepter in his hand to block it with a stream of breath!

But the sword Qi wielded by Chen Ping was full of murderous intent and extremely sharp!

The Great Immortal Huli fired out several breaths in succession, but still could not stop the sharp sword energy!

clang.....

There was a deafening sound, and all I could see was fire!

The sword energy struck the scepter fiercely, emitting a dazzling light.

The huge power made Huli Daxian's hands numb, and the scepter in his hand almost came out!

Huli Daxian's face was very ugly, and the hand holding the scepter was trembling slightly!

When Du Ziteng and Du Nan's father and son saw this scene, their jaws almost dropped in shock!

You must know that Immortal Huli is a god in their hearts, the master of Penglai Island. Everything in their Du family was given by Immortal Huli.

But the gods in their hearts were actually beaten into a state of embarrassment by Chen Ping at this moment!

Immortal Huli's eyes narrowed slightly: "You kid, I can't keep you anymore."

Immortal Huli actually had a bad feeling in his heart. He always felt that if he didn't use all his strength today, he would die in Chen Ping's hands!

From the beginning, he underestimated Chen Ping. He never thought that Chen Ping had so many secrets!

The Golden Dragon True Body, the Dragon-Slaying Sword, the Holy Light Fist, and the Nine Shadows Sword Technique, any one of them is invincible in today's world!

It's just that Chen Ping hasn't fully understood these things yet. If one day Chen Ping's strength reaches a certain level and he fully understands these things, it will be very terrifying.

Immortal Huli didn't believe that what Chen Ping got were all opportunities. Even thousands of years ago, these things were very dazzling.

Chapter: 2470

Thousands of years later, why did it fall to Chen Ping alone?

"This son can never be kept..."

After the Great Immortal Hu Li said this, his feet paused slightly, and his body instantly rose into the air:  
"Suffer death..."

The Great Immortal Huli roared angrily, and then his body burned with blazing flames, and the breath he exuded was as cold as the Jiuyou Underworld!

“God’s punishment is coming...”

The Great Immortal Huli suddenly waved his staff toward the sky!

The gem on the scepter instantly emitted light that surpassed that of the sun, and then shot straight into the sky!

Then chains of light bound Chen Ping instantly, and from the sky, a beam of light with a diameter of ten meters hit Chen Ping fiercely!

The divine punishment this time was many times more powerful than the one Du Nan had used!

Du Ziteng and Du Nan’s father and son looked at the divine punishment unleashed by the Great Immortal Huli. Their mouths grew wide and their eyes almost burst out of shock.

The nearly ten-meter-diameter beam of light in front of them was hundreds of times more powerful than the divine punishment they had unleashed!

The father and son still don’t know that the divine punishment they unleashed was also done by the Great Immortal Huli, and they both know how to do it!

Chen Ping felt the terrifying pressure and frowned.

The dragon-slaying sword in his hand made a buzzing sound, and fighting spirit was constantly aroused from the sword.

“I don’t see that you are still a bellicose guy...”

Chen Ping glanced at the Dragon-Slaying Sword, and then all the power of the dragon in his body was poured into the Dragon-Slaying Sword!

Then, a sword was swung out, and bursts of dragon roars sounded!

A golden dragon flew out of the Dragon Slaying Sword!

When the golden dragon met the beam of light, Chen Ping quickly cut off the chain of light and disappeared from the spot!

boom.....

The golden dragon collided with the light pillar, and bursts of dragon roars were heard. White light and golden light were mixed together, like a bomb exploding. The light emitted instantly illuminated the entire Penglai Island. Even the sun in the sky instantly dimmed. Disgraceful!

Everyone on Penglai Island gathered outside the house, watching the light bursting out in the air!

Everyone was illuminated by this dazzling light and closed their eyes tightly!

The Great Immortal Huli was no exception, he stretched out his hand to block his eyes.
