

The Order 2471

Chapter: 2471

The light dissipated, and before the Great Immortal Huli could react, Chen Ping was already in front of him!

I saw the dragon-slaying sword in Chen Ping's hand instantly slashing towards the gem on the scepter.

The Great Immortal Huli was shocked and wanted to protect the gem, but it was already too late!

clang.....

The tip of the dragon-slaying sword in Chen Ping's hand had already pierced the gem hard.

A burst of dazzling light burst out, and Chen Ping felt a huge force invading his body along the Dragon Slayer Sword!

This force was so fierce that even the power of the dragon in Chen Ping's body was instantly defeated!

At this moment, Chen Ping felt that his Dantian was instantly filled with power, and that power was still pouring into the Dantian non-stop!

It seemed that Chen Ping's Dantian was going to burst.

Chen Ping's whole body flashed with red light, and this red light even reflected half of the sky!

The dragon-slaying sword turned blood red!

As the fierce power continued to pour into Chen Ping's body, cracks began to appear in the colorful gem!

The cracks got bigger and bigger, and finally the gem broke into pieces!

Seeing this, the Great Immortal Huli hurriedly released the scepter in his hand and stepped back!

There is a bit of panic in the eyes!

“ah.....”

Chen Ping roared, and he felt like his whole body was about to burst!

Looking at Chen Ping in front of him, Great Immortal Huli was trembling slightly all over.

“Blood...is Lord Blood Demon about to show up?”

Immortal Huli’s eyes were full of horror. The pressure on Chen Ping made him kneel down!

Chen Ping’s eyes were bloodshot and soon turned extremely scarlet!

“ah.....”

There was another roar, the aura on Chen Ping’s body exploded again, a hurricane blew through, and rocks flew across the scene instantly!

The Great Immortal Huli resisted the hurricane, while Du Ziteng and Du Nan were directly blown a hundred meters away and fell heavily to the ground!

Chapter: 2472

“I will never let you control me...”

Suddenly, a golden light flashed between Chen Ping's eyebrows, and then he recited the Heart-Cleaning Mantra!

At the same time, the talisman left by Hu Mazi flew out of Chen Ping's arms, and then turned into a ball of flame and burned.

The burning smoke entered Chen Ping's body along his nose!

Chen Ping chanted the Heart-Cleaning Mantra in his mouth, and he was running the Heart-Condensing Art in his body desperately, and began to refine this extremely powerful power in his body!

The red light on Chen Ping's body began to dim, and finally disappeared completely.

At this time, Chen Ping has returned to his original appearance, but his aura has obviously increased significantly!

"Thanks to Master Hu's spell..."

Chen Ping let out a long breath!

He didn't expect that a small gem contained such huge power that it almost cost him his body!

The Great Immortal Huli looked at Chen Ping. He was originally full of confidence, but now it no longer existed. All that was left was panic in his eyes!

"Without that scepter, I see what else you can use against me. If you have any other tricks, just use them!"

Chen Ping looked at the Great Immortal Huli coldly and said.

Immortal Huli did not speak, but focused on Du Ziteng and Du Nan!

“You two come here...”

The Great Immortal Huli said to the two of them.

Du Ziteng and Du Nan were both stunned, and even hesitated.

Originally, they had always regarded this great tiger power as a god.

But now, the powerful immortal was forced to a disadvantage by Chen Ping, and the two of them began to waver.

Seeing that the two of them hesitated, the Great Immortal Huli became angry: “If you don’t come here yet, do you want to be punished by God?”

With the roar of the Great Immortal Huli, the two of them moved closer reluctantly!

“You dare to be suspicious of gods, you deserve to be damned...”

“Everything you have is given by me, I can take it away from you now...”

As the Great Immortal Huli said, he suddenly raised his hand, and bursts of light filled Du Ziteng’s body!

Chapter: 2473

“dad.....”

Du Nan shouted hurriedly when he saw this.

Du Ziteng knelt on the ground and begged desperately for mercy: "I beg the Great Immortal Huli to have mercy on me, have mercy on me..."

But no matter how Du Ziteng begged for mercy, all his cultivation and spiritual power disappeared in an instant and entered the body of the great tiger power immortal!

Du Ziteng sat paralyzed on the ground. At this moment, he had lost all his cultivation and became an ordinary person who could no longer be ordinary!

"ah....."

Du Ziteng roared, he couldn't accept such punishment, such punishment, it would be better to kill him!

Du Ziteng looked like he was going crazy, and then he hit the boulder on the side!

Without cultivation, he no longer has the courage to live.

Bang.....

Du Ziteng hit his head on a boulder, and then his brain exploded and he died with his eyes wide open!

I will never die with my eyes in peace...

"dad....."

Du Nan rushed over, hugged his father's body and cried bitterly.

He turned to look at the Great Immortal Huli. There was no respect in his eyes, but anger...

“Don’t look at me, everyone on Penglai Island is just a spiritual vessel raised by me. I can deprive you of everything at any time...”

“Without me, how would your Du family enjoy these things? You should dedicate yourself to me and be happy!”

“Your father is dead, now it’s your turn...”

Immortal Huli raised his hand, and a ray of light shrouded Du Nan.

At this moment, Chen Ping’s figure flashed away and stood in front of Du Nan. He waved his palm and forced the Great Immortal Huli back!

“You are a tiger spirit, but you dare to call yourself a god and deprive humans of everything. You think too highly of yourself...”

Chen Ping’s face was cold, and then he punched the Great Immortal Huli with a punch!

With this punch, the wind roared, much more fierce than before.

When the Great Immortal Huli saw this, he did not directly confront him. Instead, he quickly retreated and swung out a series of spiritual powers, hoping to weaken the power of Chen Ping’s punch!

Chapter: 2474

But it was useless, without a scepter. Even if the Great Immortal Hu Power absorbed Du Ziteng’s spiritual power, he was still no match for Chen Ping!

boom.....

Chen Ping punched the tiger-power immortal in the chest, and instantly knocked the tiger-power immortal away.

Chen Ping jumped up, and then punched out again!

In mid-air, Chen Ping threw more than a dozen punches in a row, and the punches hit the flesh, beating the great tiger-power immortal without the strength to fight back!

“Roar.....”

Finally, the Great Immortal Tiger Power let out a tiger roar, and the entire forbidden area began to collapse!

Soon, Chen Ping noticed waves of fluctuations in the void, and then they entered a valley!

And in this valley, a stone statue more than ten meters high stands!

This stone statue is exactly the same as the stone statue in the temple!

Chen Ping discovered that there was always faint spiritual power floating around the entire valley, and then entered the body of the stone statue.

Chen Ping’s consciousness instantly enveloped the stone statue, and within the body of the stone statue, there were fluctuations of spiritual power.

“Is this the real master behind Penglai Island?”

Chen Ping frowned slightly!

At this moment, a burst of golden light flashed from the stone statue, instantly cutting off Chen Ping’s consciousness!

Chen Ping was hit hard and couldn't help but take a few steps back!

At this time, the Great Immortal Huli was covered in blood and finally knelt in front of the stone statue.

“Master, please give me strength...”

Immortal Huli knelt devoutly in front of the stone statue!

Soon, Chen Ping saw that the stone statue began to shine with light, and then above his head, a beam of light penetrated into the sky, and finally spread in the sky, covering the entire Penglai Island.

The rich spiritual energy on Penglai Island disappeared without a trace in an instant, and light spots began to float on the entire Penglai Island people!

These are the spiritual powers in everyone's body, and they are all absorbed now!

At this moment, even Du Nan's body began to glow with light spots, and he felt the loss of spiritual power in his body!

“No...no, no...”

Chapter: 2475

Du Nan yelled, he wanted to stop the loss of spiritual power in his body, but he couldn't stop it at all!

When Chen Ping saw this, he frowned tightly, and then a golden light shot out, directly covering Du Nan.

With the barrier of golden light, the loss of spiritual power in Du Nan's body was controlled!

Over the entire Penglai Island, countless spiritual powers began to gather together!

“I will never let you succeed...”

When Chen Ping saw this, he jumped up, and then his whole body emitted a golden light, and his fists were even wrapped in a layer of light white mist!

“Holy Light Fist...”

Chen Ping punched the stone statue. He couldn't let the stone statue absorb all the spiritual power, otherwise even a hundred of himself would not be a match for this tiger spirit!

boom!

After punching out, Chen Ping's body was shaken back by a huge counter-shock force!

The stone statue seems to be protected by something, and it cannot cause any harm at all!

The Great Immortal Huli still knelt devoutly in front of the stone statue, and did not pay any attention to Chen Ping's attack!

Between the eyebrows of the stone statue, a ray of light shines directly on the body of the Great Immortal Huli!

Chen Ping took out the Dragon-Slaying Sword directly and slashed at the Great Immortal Huli with one strike.

Since you can't destroy the stone statue, then take action against this tiger spirit!

Chen Ping volleyed his sword in the air, and a golden dragon roared out, letting out dragon roars in mid-air!

Immediately afterwards, the golden dragon opened its bloody mouth and headed towards the Great Immortal Huli!

The Great Immortal Huli was still kneeling on the ground, with his head lowered, as if he didn't even know the danger he was facing!

boom.....

Light shot out from the eyes of the stone statue and hit the golden dragon in an instant, making the golden dragon disappear into thin air. However, the great tiger power immortal did not raise his head from the beginning to the end!

Seeing the spiritual power gathering more and more, forming the shape of a sun in mid-air, Chen Ping's face became extremely anxious!

He never thought that it was just a stone statue, how could it have such ability?

Chen Ping holds the dragon-slaying sword and keeps moving towards the Great Immortal Huli!

He knew that as long as Immortal Hu Li died, no matter how powerful the stone statue was, he would not be able to take action himself!

Chapter: 2476

“Nine Shadows Sword Technique.....”

Chen Ping swung his sword one after another, and the terrifying sword energy roared in the air!

boom.....

The sword energy came out, but was instantly stopped by the light emanating from the stone statue's eyes!

Chen Ping gritted his teeth and kept swinging the Dragon-Slaying Sword in his hand. The entire void began to tremble under the sword energy!

Huli Daxian lowered his head, feeling the power given by the stone statue, and the aura in his body was growing rapidly!

The spiritual power in the sky has reached an indescribable level!

Chen Ping raised his head and glanced, his face was extremely pale, and he let out waves of roars, and the golden light on his body once again increased by several points!

But no matter what moves Chen Ping used, he couldn't break the stone statue's defense!

Seeing that the spiritual power in the sky has reached its extreme!

Chen Ping gritted his teeth and gave up attacking the Tiger Power Immortal. Instead, he jumped up and headed directly towards the light ball where spiritual power was condensed in mid-air!

Du Nan was shocked when he saw Chen Ping's weak figure facing the sun-like ball of light in mid-air.

At this moment, Chen Ping was like a moth flying into the flame, and he was throwing an egg at a stone!

If such a huge amount of spiritual energy were to explode, the power would be unimaginable, and the entire Penglai Island would disappear from now on!

Seeing Chen Ping rushing towards the light ball with condensed spiritual power, the head of the stone statue flashed red light, and the light ball with condensed spiritual power began to emit a ray of light.

The stone statue actually began to greedily absorb the spiritual power from this light ball!

When Chen Ping saw this, his entire body instantly blocked the light, cutting off the connection between the stone statue and the ball of light!

Huge spiritual power hit Chen Ping's body and began to pour into Chen Ping's body crazily!

This power is even more powerful than the blood energy emitted by the broken gem!

Soon, Chen Ping's Dantian was filled, and every part of his body was full of spiritual power. However, the power in the light ball still did not stop flowing!

Chen Ping felt like he was about to burst. His body was getting bigger and his skin was starting to crack!

"ah....."

Chen Ping roared, he could feel the explosions constantly ringing in his body!

At this time, the aura in Huli Great Immortal's body has undergone great changes, and his strength is rising towards transformation.

Chapter: 2477

Soon, there was a huge wave of energy, and the body of the Great Immortal Huli changed instantly. The scary tiger head began to slowly disappear, and turned into a young man!

It was this huge energy fluctuation that caused the light ball to shrink instantly, and Chen Ping also took the opportunity to take a breather!

"Hahaha... I broke through, I broke through..."

Immortal Huli touched his face, and then kowtowed heavily!

“Master, I will always be by your side in this life, helping you to be reborn...”

After the Great Immortal Huli finished speaking, he looked greedily at the ball of light in mid-air!

Such huge spiritual power, but for the Great Immortal Huli who has broken through to the transformation, it can just take his strength to the next level!

Chen Ping felt the breath of Immortal Huli, and his expression was indescribably ugly!

But when he saw the Great Tiger Immortal looking greedily at the spiritual light ball, Chen Ping knew that he must not be allowed to swallow up the spiritual power!

Otherwise, let alone Penglai Island, I am afraid no one in the whole world can stop this guy!

Chen Ping gritted his teeth, and the heat in his eyes gradually gathered into a cluster of intense light. He stared at the spiritual light ball in front of him, and finally rushed directly towards it.

He wants to use his body to detonate the entire spiritual light ball, and he must not let this great tiger power get it!

In an instant, Chen Ping’s figure was swallowed up by the ball of light!

A dazzling light burst out, and no one could see Chen Ping!

At this moment, Chen Ping, who was in the middle of the spiritual light ball, was constantly twisting and deforming, as if he had entered another dimension!

The severe torture caused Chen Ping to faint!

If it weren’t for Chen Ping’s physical strength, his body would have been torn to pieces and turned into scum!

A large amount of spiritual power continued to flow into Chen Ping's body!

Chen Ping's body grew bigger and bigger, and blood seeped out of his skin, turning blood red!

boom.....

There was a huge explosion.

All the light dissipated instantly, and there was no trace of spiritual power in the sky!

But at this time, Chen Ping also disappeared.

"It's a pity for him..."

Chapter: 2478

The Immortal Huli shook his head. It was not a pity for him to lose his spiritual power. After all, if his spiritual power was lost, he could still use the people on Penglai Island to slowly regain it.

What was a pity for him was that Chen Ping's perverted body, the true form of the golden dragon, could not be encountered at any time.

Even in the Dragon Clan, there are very few golden dragon true bodies...

The sky above Penglai Island returned to calm, and the light mask surrounding it disappeared in an instant!

Everyone continued to work. They just regarded the scene as a spectacle!

Du Nan, who really saw this scene, felt as if he was stupid!

The battle in front of him was beyond his understanding!

For so many years on Penglai Island, he always thought that Duda's Nascent Soul was about to reach the pinnacle of the world of immortality!

But at this time, Chen Ping, who was the Nascent Soul, turned into dust and disappeared into thin air!

"You know too much, so you will die too..."

The Great Immortal Huli looked at Du Nan and said slowly!

Facing the Great Immortal Hu Power, Du Nan was not frightened at first, but instead had a look of helplessness on his face!

He knew that if the other party asked him to die, there would be no chance of him surviving!

Slowly closing his eyes, Du Nan was waiting for his fate to come!

"Everything you have was given to you by me, and now I want to take it back..."

As he spoke, Great Immortal Huli slowly raised his palm, and in his palm, a black ball of light appeared!

There seems to be lightning flowing in the ball of light!

A suction force hit Du Nan instantly, and the spiritual power in Du Nan's body was slowly draining away!

Just when the Great Immortal Huli was absorbing Du Nan's strength, he didn't find it in a deep pit not far away!

Chen Ping, who had long been changed beyond recognition and whose body was broken, his Nascent Soul was flashing with light at this moment!

Chen Ping's body is recovering at a speed visible to the naked eye!

In the blink of an eye, there was no trace of wounds on Chen Ping's body, and streaks of luster appeared on his skin.

At this moment, Chen Ping's physical body became more powerful again, and even his strength broke through to the eighth realm of Nascent Soul!

He was only one step away from the peak of Nascent Soul. Chen Ping didn't expect that he would break through to a new level with his desperate efforts.

Chapter: 2479

Suddenly, Chen Ping opened his eyes, with a cold look in his eyes!

Chen Ping rose into the air, and then he saw the great tiger power, who was actually absorbing Du Nan's strength at this moment!

Du Nan's eyes were closed tightly at this moment, without any struggle!

He accepted his fate!

When Chen Ping saw this, he frowned, then shouted loudly, and punched the powerful immortal with a punch!

Hearing Chen Ping's loud shout, the Great Immortal Huli was startled!

Turning around and seeing it was Chen Ping, the Great Immortal Huli hurriedly stepped back, with surprise in his eyes!

“How is this possible? How could you still survive in an explosion like that?”

“Even if you have a Nascent Soul, it would have been shattered by that kind of explosion!”

The eyes of the Great Immortal Hu Li were filled with incredulity!

Du Nan also opened his eyes at this moment and saw that Chen Ping was still alive, and there seemed to be no injuries on his body. His jaw dropped in shock.

“Not a single tiger spirit of yours has died, how could I die...”

Chen Ping looked at the Great Immortal Huli coldly and said.

After hearing this, the Great Immortal Hu Li was slightly shaken, and a huge aura instantly enveloped Chen Ping!

“I have now broken through the realm of transformation. Even if you are not dead, how can you be my opponent?”

The Great Immortal Huli snorted coldly, his eyes full of contempt!

Even if Chen Ping is not dead, it is impossible for a Nascent Soul to beat a transformed one. There is a big gap in the difference between such a large level of strength!

Chen Ping frowned, feeling the breath of the great tiger power immortal, it really made Chen Ping feel a lot of pressure!

“Whether he is your opponent or not, how can he be your family? You will only know if you try...”

The aura on Chen Ping's body also burst out, and the aura of the Eighth Nascent Soul Realm resisted the pressure of the Great Immortal Huli!

"You still want to try? You are such a reckless guy..."

After saying that, the Great Immortal Huli raised his hand, and then clapped it out with a light palm.

An unprecedented force suddenly rushed towards Chen Ping!

Chen Ping's body glowed with golden light, his indestructible golden body activated, and scales began to cover Chen Ping's body, resisting this terrifying power!

Chapter: 2480

The strong wind was like a sharp blade, leaving scars on Chen Ping's body.

The indestructible golden body immediately shattered, leaving Chen Ping completely exposed to this terrifying power!

Chen Ping glanced at Du Nan who was not far behind him. If he escaped at this moment, Du Nan would definitely die. The entire residents of Penglai Island did not know what would happen!

How could a noble human being be dominated by a tiger spirit?

Thinking of this, Chen Ping gritted his teeth and stepped forward, his fists glowing with golden light.

boom.....

An unprecedented explosion sounded, a huge sound that everyone on Penglai Island could hear clearly!

Outside the palace, Hu Mazi and Zhao Chuang felt a little calmer as they listened to the huge roar inside.

After the huge explosion just now, the fighting stopped immediately, and there was no sound of fighting in the forbidden area. Hu Mazi and Zhao Chuang instantly became worried about Chen Ping.

The fighting stopped and there was no sound. They didn't know what happened to Chen Ping.

Now the two people have not responded yet, so there is no way to check!

The loud sound that just sounded again let Hu Mazi and Zhao Chuang know that Chen Ping was still alive and still fighting!

Chen Ping's blow consumed almost all his spiritual power, but this blow gave the great tiger power immortal a new understanding of Chen Ping.

Chen Ping is just a monk in the Nascent Soul Realm. Now he is fighting against a monk in the Transformation Realm, but he is not at a disadvantage. This makes the Great Immortal Hu Li very puzzled!

Even though Chen Ping's physical body is stronger than others, the spiritual power in Chen Ping's body seems to have been blessed!

There are monks who can cross a huge realm without losing at all, but those are all genius-level figures!

"Although you blocked this blow of mine, you spent all your spiritual power. I wonder what you can do to block the next one?"

The Great Immortal Huli snorted and said.

Chen Ping did not speak, but frantically ran the Heart Condensation Technique. The spiritual energy around him swarmed into Chen Ping's body. Spiritual energy whirlpools had already formed around Chen Ping!

"Absorbing so quickly?"

Immortal Huli's pupils shrank, and then he frowned.

Soon, Immortal Huli's eyes widened, and his expression became a little strange: "No wonder you can fight beyond the level. What you practice is the most superior technique. Who taught you this technique?"

Great Immortal Huli asked with a look of disbelief on his face.

"Whoever passed it on to me, I can't possibly tell you. You must give up..."
