

## **The Order 2481**

Chapter: 2481

Chen Ping snorted coldly!

“Do you think that since you have superior skills and the golden dragon’s true body, I won’t dare to kill you?”

Immortal Huli’s face turned cold, and the aura on his body continued to rise!

“Stop talking nonsense, come on...”

Chen Ping paused and rushed straight towards the powerful immortal.

Chen Ping’s speed and strength have reached a new level!

The surrounding spiritual energy was quickly absorbed and digested by Chen Ping, converted into spiritual power, and stored in the Dantian!

boom.....

Another blow, covering the sky and the sun, leaving no light from the sun and the moon...

Chen Ping was full of fighting spirit. At this moment, he knew that he had no way out!

This blow once again consumed all the spiritual power Chen Ping had accumulated!

The Heart Condensation Technique was operating to the extreme, desperately converting spiritual energy, but if it continued to be consumed like this, even the best techniques would not be able to afford it.

“I want to see how long you can hold on...”

The corners of Huli Daxian’s mouth were slightly raised, and there was a bit of contempt in his eyes!

At this moment, Du Nan, who had been watching the battle, his eyes lit up, he seemed to have thought of something, and he hurriedly ran out!

Because Chen Ping was there, the Great Immortal Huli no longer paid attention to Du Nan who had escaped!

However, Du Nan did not escape, but ran out of the forbidden area and directly found the great elder.

Although they knew something must have happened in the forbidden area, the Great Elder and the others would never dare to enter without their permission.

“Great Elder, please notify me immediately and ask everyone to go to the temple to worship...”

Du Nan said to the great elder.

“Prince, what happened inside? Where is Prince Du?”

The great elder asked Du Nan.

“Stop asking so many questions and just follow my instructions immediately...”

Du Nan frowned and shouted.

Chapter: 2482

Seeing this, the great elder could only accept the order and leave.

Soon, all the residents on Penglai Island went to the temple to worship, and they did not dare to disobey!

Du Nan did not run away, but returned to the forbidden area!

At this time, Chen Ping was already at a disadvantage, and scars began to appear on his body!

“This time, I will personally crush your Nascent Soul to see how you survive...”

The Great Immortal Huli snorted coldly.

“Come if you can!”

Chen Ping exuded murderous aura and headed towards the Great Immortal Huli again!

Chen Ping is already prepared to die. At the last moment, Chen Ping can choose to self-destruct and directly take away the powerful immortal!

However, the self-destruction of a Nascent Soul, that is, Wuhou, may be something that the entire Penglai Island cannot bear!

Chen Ping had no reservations and used all his moves. He used all kinds of explosive spells, even Samadhi True Fire!

But there was still nothing he could do about this tiger-powerful immortal.

Although this guy may look like a tiger, he knows a lot, and Chen Ping can't take advantage at all!

“Chen Ping, there will be spiritual power soon, you have to be ready...”

Du Nan yelled at Chen Ping!

Chen Ping was stunned. He still didn't understand what Du Nan meant!

But before Chen Ping asked, he saw bursts of spiritual power rising from all sides of Penglai Island, and those spiritual powers were gathering here!

At this moment, Chen Ping understood that Du Nan wanted to absorb these spiritual powers. Only in this way, Chen Ping's strength could reach its peak in an instant!

The Great Immortal Hu Power also saw that the overwhelming spiritual power would soon gather above their heads!

This should have been absorbed by the stone statue, but at this time, Chen Ping can only fight with the Great Immortal Hu Li.

The spiritual power was very fast, forming a ball of light in mid-air, but this time the ball of light was obviously much dimmer than the first one.

After all, the spiritual light ball just now was the spiritual energy forcibly absorbed by the magic circle emitted by the stone statue!

But the situation is different now!

“Go to hell...”

Chapter: 2483

The Huli Great Immortal struck out with a palm, and the hurricane-like force went straight towards Chen Ping, trying to repel Chen Ping.

Chen Ping quickly twisted his body. This time he would not attack head-on. Instead, he relied on his flexible body to dodge the attack!

Chen Ping quickly rushed towards the spiritual light ball, and at the same time, the Heart Condensation Technique in his body began to operate rapidly!

The huge suction force directly sucked the spiritual power in the spiritual light ball into Chen Ping's body!

Seeing this, the Great Immortal Huli held up his palm, and a black ball appeared, and then it also emitted a huge suction force, constantly absorbing spiritual power!

At this moment, Chen Ping's superior technique, Heart Condensation Technique, appeared!

I saw that Chen Ping's speed of absorbing spiritual energy was more than ten times that of the Great Tiger Power Immortal. The huge power of Condensing Heart Technique was simply not comparable to that of other techniques.

The golden light on Chen Ping's body became brighter and brighter, and the flickering light almost illuminated the entire Penglai Island!

At this time, even Chen Ping's eyes shone with light!

Without any nonsense, after Chen Ping absorbed the spiritual power, his body instantly jumped up!

"Holy Light Fist....."

With the huge spiritual power in his body and the blessing of the power of the divine dragon, Chen Ping's punch caused the universe to shake and the avenue to roar!

Seeing that Chen Ping actually dared to attack first, Immortal Huli's face was full of disdain!

Immortal Huli raised his hand, and a barrier appeared out of thin air!

boom!

This punch hit the barrier hard.

The Great Immortal Huli, who was originally confident and unconcerned, was suddenly stunned.

I saw that the barrier was shattered in an instant, and then the huge force caused the palm of the Great Immortal Huli to burst instantly!

With blood pouring out, the Great Immortal Hu Li retreated continuously, with a look of shock on his face!

Chen Ping punched his hand and his confidence greatly increased.

“Good boy, it looks like I’m going to have fun with you...”

As he spoke, the human head originally transformed by the Great Immortal Hu Li changed back to the appearance of a tiger head.

Along with a tiger roar, the whole body of the Great Immortal Huli lit up with black light!

This light is getting stronger and stronger, and it has the potential to surpass the golden light on Chen Ping’s body!

Chapter: 2484

As the black light on Huli Great Immortal’s body lit up, the entire sky began to turn dark!

A terrifying and ominous atmosphere enveloped the entire Penglai Island!

Chen Ping felt this aura, and his face became very ugly!

The dragon-slaying sword was instantly sacrificed, and blazing spiritual fire burned on the sword!

Chen Ping had never encountered this kind of aura before. He could only use spiritual fire to see if he could restrain this gloomy death aura!

The Huli Great Immortal slowly raised his hands, and between his hands, a black ball of light flashing with lightning appeared!

The ball of light exudes a huge suction force, seeming to suck away all signs of life around it!

The terrifying power rushed towards his face. Chen Ping held the sword in both hands and his face became more and more solemn!

After all, this Great Immortal of Tiger Strength has advanced to the Transformation Realm. If you want to defeat him, you can't defeat him with just one move.

The body of the Huli Great Immortal floated up, like a god of death, suspended in the dark mid-air!

"go to hell....."

"Rumble..."

The black ball of light was thrown directly towards Chen Ping by the Great Immortal Huli.

Endless pressure and terrifying power were in front of Chen Ping in an instant.

The terrifying death aura made the entire Penglai Island feel depressed.

Chen Ping felt this aura, as if he saw countless gods of death holding scythes, waving the scythes at him.

The terrifying aura made Chen Ping's legs involuntarily want to move back!

But Chen Ping gritted his teeth and muttered words, and the spiritual fire on the Dragon-Slaying Sword became even more powerful!

Waves of divine power were also injected into the Dragon-Slaying Sword. The power of the divine dragon fueled the spiritual fire, burning even more fiercely!

The dragon-slaying sword began to make buzzing sounds, accompanied by tremors!

The Dragon-Slaying Sword seems to be a little impatient!

“Nine Shadows Divine Sword.....”

With an angry shout, Chen Ping stood where he was, and four identical Chen Pings appeared instantly!

There were five Chen Pings in total, all holding dragon-slaying swords burning with spiritual fire.

Chapter: 2485

“Hmph, you dare to use this mere blind trick in front of me...”

Seeing Chen Ping suddenly become five, Immortal Huli sneered disdainfully.

Chen Ping ignored him and slashed down the Dragon-Slaying Sword in his hand angrily!

A huge sword light burst out from the dragon-slaying sword.

Five rays of sword energy shot out, and finally merged together, causing a huge tremor!

Chen Ping's hand holding the Dragon-Slaying Sword was trembling slightly.

With this sword coming out, Chen Ping's four phantoms disappeared in an instant!

This sword consumed most of Chen Ping's spiritual power. He could no longer hold on and continued to use the Nine Shadows Divine Sword.

The sword energy emitted blazing spiritual fire, and instantly collided with the black ball of light.

The spiritual fire wrapped around the black ball of light, burning fiercely, and you could actually hear some crackling sounds!

The black ball of light stopped attacking Chen Ping. The sword strike just blocked the black ball of light!

Seeing this, the Great Immortal Huli waved his hand to take the black ball of light back into his hand!

But the black ball of light was still wrapped in spiritual fire. The spiritual fire raised a flame more than one meter high. The Great Immortal Huli was afraid that the spiritual fire would burn him.

Wow.....

Soon, the black ball of light shattered and turned into dots of light and disappeared!

Great Immortal Huli looked at it, his eyes filled with anger!

The scepter was destroyed, and now the black ball of light was also destroyed...

The trump cards in the hands of Huli Daxian are getting fewer and fewer!

Although the Great Immortal Huli doesn't have any trump cards, Chen Ping is not much better. At this moment, there is not much spiritual power left in his body!

The huge consumption left him no time to replenish his spiritual power. Now the two of them were tied. They looked at each other and neither of them took action easily!

If either party has help at this time, they will have an absolute upper hand.

"My divine master, I beg you to give me strength again..."

The Great Immortal Huli knelt down in front of the stone statue again, begging for strength!

But this time, the stone statue didn't react at all, which made the Great Immortal Huli look extremely ugly!

Chapter: 2486

Chen Ping was desperately running the Heart Condensation Art, frantically absorbing the surrounding spiritual energy, but now on Penglai Island, the spiritual energy is not as full as before. Coupled with Chen Ping's crazy absorption, there is not much spiritual energy left!

It seems that the rich spiritual energy on Penglai Island is not formed naturally, but is caused by the powerful immortal in front of him!

For a moment, the two sides fell into an awkward situation, looking at each other, but no one was taking action!

Great Immortal Huli stared at Chen Ping, but he forgot about Du Nan beside him!

At this time, Du Nan had quietly climbed up and ran out of the forbidden area quickly!

He wants to find helpers. In this situation, as long as someone helps Chen Ping, Chen Ping will definitely win!

However, there was no one who was too strong on Penglai Island, so Du Nan set his sights on Hu Mazi and Zhao Chuang.

Du Nan sent people to find Hu Mazi and Zhao Chuang immediately. The two did not leave the palace because they were worried about Chen Ping's safety!

"Du Nan, what do you want to do?"

Zhao Chuang asked with an ugly look on his face when he saw Du Nan leading people to find them.

Now that Hu Mazi and Zhao Chuang's skills have been blocked, they are just ordinary people, so if Du Nan wants to kill them both at this time, they will have no room to resist.

"You two, don't be nervous, I'm here to ask you to help Mr. Chen..."

Du Nan said, and hurriedly took out two pills: "You take them first, and you will be able to relieve the San Gong Pills in your body..."

Hu Mazi and Zhao Chuang looked at each other. They couldn't believe Du Nan.

They didn't understand that they had just been deceived by Du Nan and his son, and they didn't want to be fooled again.

"Don't hesitate. I really didn't lie to you. My father is dead. Now Mr. Chen is following the tiger spirit at the moment of life and death. As long as you go to help, Mr. Chen will definitely win..."

Du Nan was a little anxious and followed Hu Mazi and Zhao Chuang to explain!

Hu Mazi glanced at Du Nan, then took the elixir and threw it into his mouth without hesitation!

Seeing that the flax seeds were eaten, Zhao Chuang also took the elixir.

After taking the elixir, the two people's skills really recovered!

When Hu Mazi saw this, he was very happy.

"let's go....."

Soon, several people hurried towards the forbidden area!

At this time, in the forbidden area, Chen Ping and the Great Immortal Huli were still confronting each other, and both sides were very cautious!

Chapter: 2487

"Boy, you and I have no grievances, why are you targeting me like this?"

"As long as you leave Penglai Island, I can teach you a few techniques. I have lived for thousands of years and have learned countless techniques."

Immortal Huli wants to follow Chen Ping to seek peace!

Continuing to waste it like this is not good for anyone, and it is unnecessary!

"You can leave if you want me to, but you have to tell me what's going on with the stone statue behind you? Who are you?"

Chen Ping asked the Great Immortal Huli curiously.

Immortal Huli hesitated for a moment, probably to show his sincerity, and then said: "It doesn't matter if I tell you, the statue behind me is my master Blood Demon, and I am just a pet beside him."

"In the war between gods and demons thousands of years ago, our blood demon clan was defeated. The master sealed himself and asked me to guard him, waiting to wake up again one day."

"Master helped me transform into a human body, but unfortunately it was not completely successful. He was instantly petrified..."

"Over the years, I have been guarding my master, using the power of everyone's faith to resurrect my master."

"It will take another hundred years at most. It will take another hundred years for the master to be resurrected..."

"At that time....."

Immortal Huli's eyes flashed with light, but he did not continue speaking.

"Did the depletion of spiritual energy start from that time?"

Chen Ping continued to ask.

"Yes, after that battle between gods and demons, the heavens collapsed, everything was destroyed, and the whole world fell into a cycle of reincarnation!"

"From then on, spiritual energy began to dry up, gods and demons fell, and martial arts became rampant..."

"Now I've told you what you want to know, can you leave?"

Immortal Huli looked at Chen Ping and said.

“Leave?” Chen Ping sneered: “If I leave, will you continue to use these people on Penglai Island to resurrect your master?”

“When your master is resurrected, it will be a disaster for all living beings and a disaster for mankind!”

“You...” Immortal Huli saw that Chen Ping was playing tricks on him, and he was furious: “Ordinary humans are nothing more than ants. As a cultivator, how can you pity those ants?”

“Ant?” Chen Ping frowned: “You are just a tiger spirit, but you dare to say such things, you are so brazen...”

Chen Ping’s body jumped up, and a golden light glowed on his fists!

Chapter: 2488

After recovering part of his spiritual power, Chen Ping immediately launched an attack on the Great Immortal Huli!

“you wanna die.....”

The Great Immortal Huli roared angrily, being teased by Chen Ping, the Great Immortal Huli was not completely irritated.

I saw Huli Daxian’s hands waving continuously, and soon a black ball of light slowly condensed, but this time the black ball of light was obviously much smaller.

Chen Ping punched out a golden light fist, and then the black light ball collided heavily.

boom.....

With a loud noise, the black ball of light exploded, blowing Chen Ping's body away!

However, the Great Immortal Hu Li also felt uncomfortable. His body was shaking as if he had been struck by lightning!

This time the collision was a close match again, with no winner or loser!

"Are you going to die with me?"

The Great Immortal Huli roared!

He couldn't understand why Chen Ping was so stubborn!

"Are you scared to death?"

Chen Ping sneered.

"Fart, I've lived for thousands of years, and I've never been afraid of death. It's a joke..."

The Great Immortal Huli shouted angrily!

"Since you are not afraid of death, then stop talking nonsense and come on..."

Chen Ping waved to the great tiger power immortal!

But the Great Immortal Huli did not move. At this time, whoever strikes first will be at a disadvantage. He still knows this.

Chen Pingyuan originally wanted to deliberately provoke the Tiger Power Immortal to attack him first, but the Tiger Power Immortal didn't look stupid.

For a moment, the two fell into a confrontation again!

"Brother Chen..."

"Chen Ping..."

At this moment, Hu Mazi and Zhao Chuang had broken into the forbidden area!

Chapter: 2489

Looking at the forbidden land that had become a ruin, Hu Mazi and Zhao Chuang couldn't help but take a breath of air.

What a fierce battle it was to make this place look like this.

When Chen Ping saw that Hu Mazi and the others had returned, he frowned and said, "What are you two doing here?"

Chen Ping couldn't protect himself now. If he were to protect the two of them, he would really be unable to do what he wanted. He might let Immortal Huli find a flaw in it.

"Chen Ping, our skills have been restored now. Come and help you deal with this tiger spirit..."

After Hu Mazi finished speaking, he walked straight towards the Great Immortal Hu Li.

"You monster, you don't stay in the cave honestly, but you dare to make trouble. In a moment, I will peel off your tiger skin, pull out your tiger tendons, and turn you into a dead tiger..."

Hu Mazi insulted the Great Immortal Huli!

“you wanna die.....”

Immortal Huli gritted his teeth. He didn't expect that a little golden elixir monk would dare to speak arrogantly to him!

The Huli Great Immortal took one step forward, and then punched Hu Mazi.

“careful.....”

When Chen Ping saw this, he knew that Hu Mazi was no match for the powerful immortal, so he jumped up and punched him.

At this moment, Hu Mazi hurriedly took out a talisman, bit his finger, and wrote a spell on the talisman with blood!

The charm in his hand was instantly thrown away and stuck directly on Chen Ping's back!

“Zhao Chuang...”

Hu Mazi then shouted at Zhao Chuang.

“I understand, Master Hu...”

Zhao Chuang understood what Hu Mazi meant, and stepped forward to grab Hu Mazi's hand, sending waves of energy into Hu Mazi's body!

Hu Mazi muttered something, and the talisman behind Chen Ping flashed red.

Soon, streams of spiritual power entered Chen Ping's body.

Hu Mazi used another spell to transport his spiritual power into Chen Ping's body!

Although Zhao Chuang is not very strong, at this time, even a small mosquito is still meat!

Just a little more can be delivered to Chen Ping!

Chapter: 2490

"I'll come too..."

Du Nan on the side saw this, stepped forward and grabbed Zhao Chuang, and instantly released the little spiritual power in his body.

At this time, Chen Ping suddenly felt that his originally depleted Dantian instantly became extremely full, and his body was also full of strength!

Chen Ping couldn't help but look back, his eyes full of surprise!

"Chen Ping, we are sending spiritual power into your body now. You can feel free to beat this tiger spirit..."

Hu Mazi shouted at Chen Ping.

Only then did Chen Ping realize that it was Hu Mazi and the others who were sending him the spiritual power behind his back!

At this moment, Chen Ping instantly gained the upper hand, and then counterattacked with a punch from the powerful immortal!

There was a violent explosion, and the body of the Great Immortal Huli was like a kite with its string broken, hitting the stone statue heavily!

The stone statue suddenly emitted a ray of light, and it shook the body of the Great Immortal Huli away!

This blow made Great Immortal Huli's face become extremely ugly, and blood flowed from his mouth!

Chen Ping looked at the injured Huli Great Immortal with a hint of joking in his eyes!

"You are a bunch of ignorant kids. I have lived for thousands of years, how could I be defeated by you..."

"Today I will make you pay a heavy price..."

As Huli Daxian said, his body began to emit light, and then he lay on the ground and began to slowly shrink!

In the end, he turned into a tiger and returned to his true form!

After returning to his true form, Great Immortal Huli knew that if he wanted to transform into a human form, it would be even harder than ascending to heaven!

But now that the matter has come to this, he has no choice.

"Roar....."

The Great Immortal Hu Power roared, and then spit out a burst of spiritual power from his mouth, and hit Chen Ping hard!

boom.....

With a loud noise, the spiritual power exploded on Chen Ping's body instantly!

Chen Ping's body glowed with golden light, and he didn't dodge at all, not even moving!

"How can this be?"
