

The Order 261

Chapter: 261

Xing Jun said, suddenly took out the pistol in the drawer and pointed it directly at Chen Ping!

This was the first time Xing Jun pointed a gun at someone, and his hands were shaking badly!

Seeing Xing Jun actually taking out a gun and pointing it at him, the sneer on Chen Ping's face became even more obvious!

Seeing that Chen Ping was not afraid at all, Xing Jun roared: "I can really shoot. As long as I pull the trigger, your blood will be splattered on the spot..."

"Then you're going to shoot? I see your hands are shaking so much, maybe you can't shoot accurately? I'll get closer so you can aim..."

Chen Ping actually moved his body towards Xing Jun so that the gun in Xing Jun's hand would be closer!

Seeing Chen Ping's reaction, Xing Jun's face turned red with anger: "Chen Ping, I really know how to shoot. Get out of Hongcheng now. I can spare your life, otherwise I will kill you... .."

Xing Jun's face turned red from holding back. He had never killed anyone, let alone shot anyone. This gun was assembled from spare parts he bought himself. He liked firearms when he was abroad, but after returning to China, gun control It was very strict, so Xing Jun secretly assembled one!

Although he likes to play with guns, he has never hit anyone with a gun, let alone killed anyone. Now Xing Jun is trying his best to control himself, but his hands are still shaking badly!

Seeing Xing Jun like that, Chen Ping's face was full of sneers: "You are like you, you don't even dare to kill a chicken, right? You still dare to kill people?"

"Don't force me, I really know how to shoot..."

Xing Jun was sweating profusely at the moment. Although he had made a decision, Xing Jun was still nervous at the last moment!

“Now if you put down the gun, I might be able to spare your life. If you shoot, the person who dies will definitely be you...”

Chen Ping’s face turned cold!

“What are you bragging about? I’ll shoot you to death now. Then I’ll go abroad directly. Who can do anything to me...”

Xing Jun didn’t believe what Chen Ping said. Now that the gun is in his hand, he has absolute initiative!

“If you don’t believe it, then shoot, shoot...”

Chen Ping suddenly raised his voice, which shocked Xing Jun!

But just because of this scare, Xing Jun pulled the trigger of the gun in his hand!

boom!

After a gunshot, a spark burst out from the muzzle, and the bullet spun and flew out of the barrel!

This time, Xing Jun was shocked. He was not mentally prepared at all. This was a nervous trigger!

Chen Ping held his hand in the void, and the bullet was directly caught in his hand. At this moment, Chen Ping’s entire hand was wrapped in spiritual power, and the bullet could not hurt him at all!

Slowly opening his hand, yellow and orange bullets were revealed!

Chapter: 262

Catching bullets with bare hands?

At this moment, Xing Jun was stunned, and the pistol in his hand fell directly to the ground!

“I said, if you shoot, you will be the one who dies...”

After Chen Ping finished speaking, he exuded a terrifying murderous aura!

The murderous aura directly enveloped Xing Jun. Feeling the murderous aura on Chen Ping’s body, Xing Jun’s scalp went numb, as if he had fallen into an abyss of hell!

“No...no...this is impossible, impossible...how could you catch the bullet?”

Xing Jun’s face was full of horror and he shook his head desperately. He couldn’t believe that what he was seeing was real. He couldn’t understand it. This was beyond his cognition!

Xing Jun is just an ordinary person, not even a martial artist, so he has no idea about the magical powers of martial arts.

“Nothing is impossible. If you don’t believe it, you can try firing a shot...”

Chen Ping narrowed his eyes slightly, and the cold light in his eyes made Xing Jun fall directly from the chair to the ground!

Xing Jun didn’t dare to shoot, he didn’t even have the courage to pick up the gun!

Catching bullets with bare hands? Although Xing Jun couldn’t believe it, this was the fact before him, and he couldn’t tolerate disbelief!

At this moment, Xing Jun seems to have figured out why Chen Ping, a seemingly ordinary guy who has been in prison, can be liked by Su Yuqi!

Can a person who can catch a bullet with his bare hands be an ordinary person?

Xing Jun knew that Chen Ping must have another identity, which he could not find out at all!

Xing Jun also remembered the scene in Xianhezhuang where Liao Feixiong did not do anything to Chen Ping but scolded him. Now it seems that Liao Feixiong is also afraid of Chen Ping's identity.

It turned out that he was not from the same world as Chen Ping. Xing Jun had always been proud of himself as a returnee from overseas and believed that he was hundreds of times better than Chen Ping. But at this moment, he suddenly realized that he was still superficial!

"Please, please don't kill me..."

Xing Jun was scared, he was afraid of death, and he dared to kill people. He just pulled the trigger out of nervousness. Even though he had been mentally prepared, Xing Jun still didn't dare to pull the trigger and kill people when he was actually faced with it. of!

Seeing Xing Jun like that, Chen Ping also lost interest in killing him. He threw the bullet to the ground and said coldly: "Starting today, get out of Hongcheng. Don't let me see you again..."

After Chen Ping finished speaking, he turned around and walked out of the office!

When the office door opened, the secretary was at the door. When she saw Xing Jun kneeling on the ground through the crack of the open door, she was shocked.

Chen Ping glanced at the secretary, which shocked him. However, Chen Ping didn't say anything and didn't close the door. He just let the secretary look at Xing Jun who was kneeling on the ground!

"Get out, get out of here..."

Chapter: 263

Xing Jun roared at his secretary!

The secretary was so frightened that she ran away in a hurry. She was also worried inside, fearing that she would be fired because she saw Xing Jun's ugly appearance!

The secretary didn't know that Xing Jun slowly picked up the gun and bullets, took a look at his office, and left!

Since then, Xing Jun has never appeared in the company or Hongcheng!

"Chen Ping, did Mr. Xing come to you to tell you about the commission? Why did you follow what Mr. Xing said?"

Seeing Chen Ping return to the sales department, Cui Zhiyuan asked Chen Ping hurriedly.

Although he didn't like to deal with Chen Ping, Cui Zhiyuan still found Chen Ping for the commission!

"Said nothing!" Chen Ping glanced at Cui Zhiyuan and said coldly!

"Chen Ping, I think you just want to monopolize the commission, right? I can tell you that the company stipulates that for any contract signed by anyone in the sales department, the commission will be part of the manager's share. What's more, we have been running Tianmei Company for several months. You just got a contract for nothing, don't think you are so great, if I hadn't introduced you, would you have been able to join the company?"

When Sun Xiaomeng saw Chen Ping like that, she immediately said angrily!

"I don't care about that commission. If there is any, I don't want any of it..."

Chen Ping glanced at Sun Xiaomeng, and then said calmly!

"Chen Ping, this is what you said. Everyone has heard it. You don't want any of it. Don't regret it..."

When Cui Zhiyuan heard this, he hurriedly said loudly, for fear that Chen Ping would regret it!

“You won’t regret it!” Chen Ping smiled coldly!

Cui Zhiyuan was so happy now. If Chen Ping didn’t want commission, wouldn’t it all be his? When the time comes to buy a house in Panlong Bay, it should be no problem to pay a down payment!

Everyone else in the sales department looked at Chen Ping in shock. They all laughed at Chen Ping for being a charlatan. There must be a lot of commission for such a big contract, but Chen Ping actually said he didn’t want it and just didn’t want it!

“Hanhan, you and Chen Ping are on the same team. I don’t want Chen Ping’s commission. You must take it. Don’t be stupid like him...”

Wang Lanlan came to Wang Hanhan’s side and whispered!

Wang Hanhan glanced at Chen Ping who was not far away, then shook his head and said, “I don’t want it either!”

I didn’t sign this contract myself, and Wang Hanhan didn’t want any commission!

As for why Chen Ping doesn’t want commission, Wang Hanhan doesn’t want to ask. Maybe it’s because he has a rich girlfriend and doesn’t like the money anymore!

“Both of these two people must be sick. They have a grudge against money...”

Wang Lanlan curled her lips and left!

Chapter: 264

When he got off work in the afternoon, Wang Hanhan did not take Chen Ping's car home, but took a taxi by himself!

"This girl, what happened today?"

Chen Ping murmured in a low voice. He felt that Wang Hanhan had no energy all afternoon and did not talk to him!

After returning home, Chen Ping simply changed his clothes, and Su Yuqi drove up to pick him up!

In this dilapidated community, there was a luxury car parked at the door, which instantly attracted the attention of many people!

"Whose rich girl is this? Why did she drive to our poor neighborhood?"

"Isn't it because you have a crush on some young man in the community?"

"How could he fall in love with a young man from our community if he already has money?"

At the gate of the community, a group of old ladies were sitting, chatting about nothing!

Wang Changfeng was among them, and she was also curious as to who the car was here to pick up.

But when she saw Chen Ping walking out of the community and getting in the car, she was stunned!

"Changfeng, is that young man Chen Ping from Bao Country? He has found a rich girlfriend!"

"I remember that Chen Ping had a good relationship with your family Hanhan. What's going on?"

"Today's young people are all greedy for vanity..."

Several old ladies were chattering, but Wang Changfeng hurried home. She wanted to ask her daughter what was going on!

Chen Ping got into Su Yuqi's car and followed the address given by Gu Wentian until he arrived at a suburb of Hongcheng. This area has not been developed yet. There are low bungalows everywhere and the roads are not very good!

After more than an hour, Chen Ping arrived at the place, and Gu Wentian was already waiting!

Chen Ping looked at this place and couldn't believe that someone like Gu Wentian had friends in a place like this!

"Mr. Chen..."

Seeing Chen Ping arriving, Gu Wentian greeted him very politely!

Next to Gu Wentian, there was also an old man with gray hair on his temples, but this old man's aura and clothes were far different from Gu Wentian's!

"Old Song, this is the Mr. Chen I told you about. He is very skilled in medicine..."

Gu Wentian said to the old man beside him!

When Old Song saw Chen Ping, he was stunned, with an incredible expression on his face.

Chapter: 265

In his impression, the person who Gu Wentian respectfully calls "sir" and has excellent medical skills must be an old professor or expert who is over 70 years old. However, he did not expect that Chen Ping is so young. He sounds like a child. !

"Old Song, Old Song..."

Gu Wentian shouted twice more to the dazed Lao Song!

“Oh...” Lao Song reacted and hurriedly stretched out his withered and wrinkled hand and said to Chen Ping: “Hello, Mr. Chen...”

Chen Ping shook hands with Lao Song and nodded slightly, which was considered a greeting!

“Mr. Chen, Lao Song’s wife is in the house. Please help her take a look...”

Gu Wentian said, letting Lao Song lead the way!

Gu Wentian walked side by side with Chen Ping, and at the same time explained his relationship with Lao Song!

It turns out that Gu Wentian grew up with Lao Song. When Gu Wentian was a child, he also lived in this low bungalow for decades!

Later, Gu Wentian went to school and left here, and slowly entered the political world. He didn’t keep in touch with many of his old friends anymore!

After Gu Wentian retired, he returned to Hongcheng and got in touch with his former friends. Gu Wentian once wanted to help Lao Song leave here and buy a building in the city, but Lao Song was reluctant to leave here. Gu Wentian Just give up asking Tian!

The two often drank tea and chatted together. Although Lao Song lived a poorer life, he also lived a fulfilling life and had never asked Gu Wentian for help. But just a few days ago, Lao Song found Gu Wentian and wanted Gu Wentian to give him help. Find a famous doctor to treat your wife!

After all, Gu Wentian has a wide network of contacts and good reputation, so it is not difficult to find a doctor with good medical skills. However, after Gu Wentian heard about Lao Song’s wife’s condition, he immediately guessed that Lao Song’s wife was not simply sick. So I found Chen Ping!

Soon, under the guidance of Lao Song, Chen Ping and the others arrived at a small courtyard. The courtyard was very small, with only three brick houses. There were chickens and ducks in a corner of the courtyard. There was an unpleasant smell in the air. odor!

As soon as she entered the yard, Su Yuqi frowned slightly and covered her nose and mouth. Su Yuqi, who rarely came to such places, couldn't stand the smell, but Chen Ping didn't feel anything. After all, he had lived in the countryside for ten years. A few years later, I followed my mother to the city!

As soon as Chen Ping and the others entered the room, they heard a woman crying in the room on the left. Her voice was shrill and shrill, especially scary!

"Ah... I want to kill you, I want to kill you... I am the Queen Mother now, and I want to sentence you to death..."

The sound of the woman crying and fussing frightened Su Yuqi so much that she turned pale and tightly grasped Chen Ping's sleeve with one hand. She regretted coming with her!

Lao Song opened the door on the left and saw an old woman in her sixties, with white hair and a wrinkled face, screaming like crazy.

There was only one bed and nothing else in the room, and when the old woman saw someone coming in, she immediately jumped on the bed!

"Who are you? If you dare to break into my palace, I will arrest you..."

The old woman shouted with wide eyes!

"Honey, I'm going to find someone to come over and see you. Please stop making trouble..."

The husband went over to comfort his wife!

Chapter: 266

But who would have thought that the old woman stepped forward, bit Old Song hard, and then ran to the corner!

“Hey...” Old Song sighed helplessly when he saw this!

“How long has your wife been like this? Has she always been crazy?”

Chen Ping asked Lao Song.

“It’s been seven or eight days. It hasn’t always been like this. Sometimes it’s good and sometimes it’s bad. But now the good times are getting less and less...”

Old Song said with a sad look on his face!

“I heard from Gu Gu that you came back after going to the cemetery and your wife was like this?”

Chen Ping continued to ask.

Old Song nodded: “Yes, a few days ago my wife kept saying she missed our son, so I took her to the cemetery to see it, but who knew that it would be like this at night...”

“Mr. Chen, Lao Song’s son died due to an accident a few years ago...”

Gu Gu hurriedly followed Chen Ping and explained!

Chen Ping looked at Lao Song and his wife, feeling pity in his heart. Losing a son in old age is the saddest thing.

“Did anything strange happen after you went to the cemetery?” Chen Ping asked.

Old Song thought for a while, then shook his head: “No, everything is normal, nothing happened...”

“Mr. Chen, could Lao Song’s wife be possessed by a ghost?” Gu Gu asked in a low voice.

“Let me take a look first and then talk!” After Chen Ping finished speaking, he took out a cloth bag from his body, which contained rows of silver needles!

Soon, Chen Ping pulled out a silver needle and walked towards the old woman in the corner!

Seeing this, Lao Song hurriedly stood in front of Chen Ping: “You have to be careful, don’t let my wife hurt you, she doesn’t recognize anyone now...”

“Don’t worry, nothing will happen!” Chen Ping smiled slightly!

When Chen Ping arrived in front of the old woman, the old woman suddenly rushed towards Chen Ping and opened her mouth to bite him!

The silver needle in Chen Ping’s hand pierced the old woman’s neck. The old woman was stunned, and then she lay down on the bed with a pop!

Seeing this, Old Song rushed forward and shook his wife vigorously. Seeing that his wife was motionless, Old Song became anxious and immediately shouted at Chen Ping: “What did you do to my wife? Is she dead?”

Lao Song was very excited and seemed to be going to attack Chen Ping!

Seeing this, Gu Wentian hurriedly stepped forward to stop Old Song: “Old Song, Mr. Chen is treating your wife. What are you doing?”

Chapter: 267

“Don’t worry, your wife just passed out and will be fine!”

After Chen Ping finished speaking, he sat directly on the bed, placed a hand on the old woman's pulse, and then a pure spiritual power was transmitted from Chen Ping's body to the old woman's body!

If the old woman was possessed by a ghost, Chen Ping's spiritual power would definitely be able to force the ghost out. It's a pity that no matter how Chen Ping increased the transmission of spiritual power, the old woman remained motionless and showed no reaction at all!

Chen Ping frowned slightly: "Did I make a mistake?"

At first, Chen Ping thought that the old woman was possessed by an evil spirit, and that he only needed to force the ghost out, and then absorb and refine it himself. But now the old woman does not seem to be possessed by a ghost!

"Mr. Chen?" Gu Wentian saw that there was no movement for a long time, and Chen Ping's face looked a little wrong, so he shouted softly!

At this time, Su Yuqi also had the courage to stand behind Chen Ping. Although she was scared, she was still curious to see what the ghost looked like!

But for a long time, there was no movement at all, and the atmosphere in the whole room became a little awkward!

Chen Ping slowly took his hand back, and there were already faint stains of sweat on his forehead!

He just used too much spiritual power, which made him feel a little tired!

"She's not hysterical. I'm checking other things..."

After Chen Ping finished speaking, he picked up the silver needle and gently pierced the old woman's wrist, and then slowly twisted it!

Soon, almost all the silver needles pierced into the old woman's wrist.

After a while, Chen Ping took out the silver needle, and at this time, a drop of black blood came out from the old woman's wrist!

Everyone was shocked to see that the old woman's blood was black, especially Old Song, who looked nervous and wanted to speak, but was afraid of disturbing Chen Ping.

"Mr. Chen, what's going on?" Gu Wentian was also a little confused. How could a normal person have black blood coming out!

"This is a symptom of poisoning. It seems that it is a mental disorder caused by poisoning, so it is crazy..."

Chen Ping explained!

"Poisoned?" Gu Gu was stunned, then looked at Lao Song and said, "Old Song, what did your wife eat before she got sick? How could she be poisoned?"

Old Song frowned and thought carefully, then shook his head: "You didn't eat anything? When you came back from the cemetery, you just had a simple meal, and I also ate the food. Why wasn't I poisoned?"

At this time, Gu Wentian didn't know how to explain it, so he could only look at Chen Ping!

"Remember carefully. After your wife went to the cemetery, did she eat or drink anything, including wild fruits and weeds, or did she touch anything?"

Chen Ping asked Lao Song solemnly.

"No...no, I didn't touch anything..."

Chapter: 268

It's just that when Lao Song answered, his eyes dodged and he didn't dare to look directly at Chen Ping.

Seeing Lao Song like that, Chen Ping knew he must have lied!

Since the other party is unwilling to tell the truth, even if Chen Ping pities them, he can't continue to treat them!

"In this case, you should hire someone else. I can't treat this disease..."

Chen Ping packed up his silver needles and prepared to leave!

At this time, Old Song was a little panicked, and Gu Wentian also saw that Old Song seemed to be hiding something, so he yelled at Old Song: "Old Song, I asked Mr. Chen to treat your wife, and you still... If you don't tell the truth, are you planning to let your wife die?"

Old Song looked embarrassed, looked at his wife on the bed, and finally gritted his teeth and said: "We did see something in the cemetery, and then my wife picked it up and brought it home..."

"what?"

Gu Wentian and Chen Ping asked in unison.

"It's a *Ganoderma lucidum*. It looks very big, like wild *Ganoderma lucidum*, but it's a little different from other *Ganoderma lucidum*. My wife thought this thing must be very valuable, so she brought it back."

Lao Song said with an embarrassed look!

"Where is the thing? Bring it to me and see..."

Chen Ping said!

Lao Song nodded, walked out of the room, and soon came over with a large glass bottle in his hand!

Inside the glass bottle, there is indeed a Ganoderma lucidum, but this Ganoderma lucidum does not look like a plant!

“What kind of Ganoderma lucidum is this? It’s obviously just a pile of rotten meat...”

After Su Yuqi saw what was inside the glass bottle, she almost vomited it out!

“This is not rotten meat, it is indeed a plant, growing on the ground, but it looks just like meat products...”

With that said, Lao Song opened the glass bottle and took out the thing!

“Old Song, be careful of the poison...”

Seeing that Lao Song was actually trying to take out the things with his hands, Gu Wentian shouted hurriedly!

“It’s okay, I took it a long time ago. If it was poisonous, it would have been poisonous long ago!”

Lao Song didn’t take it seriously and took out the thing that looked like Ganoderma lucidum!

“Then it means your wife can’t be poisoned by this kind of thing!”

Chapter: 269

Gu Wentian analyzed!

Since Lao Song is fine with it, his wife can’t be poisoned if she touches it!

“It’s okay if you touch it, but you’ll be poisoned if you bite it...”

As Chen Ping said, he took something similar to Ganoderma lucidum in Lao Song’s hand and turned it over slightly. He saw that there was a small gap on the bottom of the thing. It was obviously a bite!

When Lao Song saw the gap, he was immediately surprised and said: “I have told her a long time ago that this unknown thing cannot be eaten easily, but I didn’t expect that she actually took a bite secretly. If I had known I wouldn’t have let her go!”

Lao Song regretted it very much and kept beating himself up!

“Old Song, don’t blame yourself, Mr. Chen will find a solution!”

Gu Wentian stopped Lao Song, then looked at Chen Ping and said, “Mr. Chen, what on earth is this? It doesn’t look like Ganoderma lucidum!”

Chen Ping reached out and took the Ganoderma-like thing in Lao Song’s hand, and squeezed it gently. The Ganoderma-like thing seemed to move, as if he felt something.

“This is called Aconitum lucidum, also called Ganoderma lucidum. This kind of thing will grow in places where the feng shui is greatly affected and the purity and turbidity are imbalanced. Although it is also a plant, it has eyes and can feel like animals. To the outside world, this Ganoderma lucidum is called Tai Sui with one eye and blue eyes with two eyes. As long as it can grow to the point where all the five senses are complete, it will become Aconitum ganoderma. This kind of thing is very rare. It is usually detected at a very young age. If humans pick it by mistake, or if it is eaten by other animals, very few of them will grow into shape!”

“This thing is extremely poisonous. It uses carrion in the ground as nutrients, so it has a high chance of growing in the cemetery. Fortunately, it only took a small bite. Otherwise, even if the Da Luo gods descended to earth, they would not be able to save it. Don’t look at this. The items are rare and have no medicinal value. If you brew them into medicinal wine, you will probably die...”

Chen Ping explained carefully!

After hearing Chen Ping's words, Old Song trembled with fright. Fortunately, because his wife was sick, he didn't have time to brew the medicinal wine, otherwise he would have been doomed!

"Mr. Chen, does Lao Song's wife still have hope for help?"

Gu Wentian asked softly.

"Help!" Chen Ping nodded, returned the Ganoderma lucidum to Old Song, then took out the silver needle and began to quickly pierce Old Song's wife!

After a while, Lao Song's wife woke up, and then spit out a mouthful of black blood!

Chen Ping waved his hand, took back the silver needle coefficient, and put it back into the cloth bag!

"Okay, just rest quietly for a few days and you'll be fine..."

Chen Ping said to Lao Song.

"Wife, wife..."

Lao Song hurriedly shouted to his wife!

The old woman slowly opened her eyes. After seeing several people in the room, she looked confused and said, "Old Song, why are there so many people at home?"

"Oh, it's okay. I'm here to see you. You're okay now. Have a good rest!"

Chapter: 270

Seeing that his wife was really fine, Lao Song said happily!

Chen Ping and the others walked out of the room and came to the courtyard. After Lao Song came out, he knelt down directly to Chen Ping!

Chen Ping was stunned, and quickly lifted up Lao Song with one hand, without letting him kneel down!

“Benefactor, thank you for your great kindness. Our family doesn’t have much money, and we don’t know how to repay our benefactor...”

Lao Song kept following Chen Ping to say thank you!

Lao Song was skeptical at the beginning, but now he is grateful to Chen Ping!

“Old Song, Mr. Chen is not here for money, and you don’t have to be like this either...”

Gu Wentian said to Lao Song persuaded!

If it was because of money, Chen Ping wouldn’t come!

“Yes, yes, they are not short of money at all!” Old Song nodded repeatedly. After all, he saw that Su Yuqi and Chen Ping came in luxury cars, how could they be short of money.

“I’ll catch some chickens and ducks for Mr. Chen to stew and eat. They’re all raised by me and have never been fed...” Old Song said, going to catch some chickens and ducks for Chen Ping!

Chen Ping quickly stopped and said: “Uncle Song, don’t be polite to me. If you really want to thank me, can you give me the Ganoderma lucidum? I can pay for it...”

Old Song was stunned and looked at Chen Ping with confusion on his face: “Mr. Chen, you didn’t say that this thing has no medicinal value and is also poisonous. What do you want with this thing?”

“This thing is definitely not useful in the hands of ordinary people, but it is necessary for me to practice...”

Chen Ping can use this kind of thing in his practice. If he can absorb the essence of Ganoderma lucidum, Chen Ping believes that his strength will definitely improve a lot!

“Since Mr. Chen is of use, I will give it to you directly. It will be thrown away in my hands anyway. I don’t dare to keep it at home...”

Lao Song didn’t hesitate and gave Chen Ping the Ganoderma lucidum in his hand!

Chen Ping wanted to give Lao Song money, but Lao Song refused. He didn’t want Chen Ping’s money at all!

After leaving Lao Song’s house, Su Yuqi was a little disappointed and said: “I originally thought I could see some novel things, but it turns out there is nothing...”

Seeing Su Yuqi’s disappointed look, Chen Ping smiled lightly: “There are so many ghosts, but if you have a chance to see them, don’t faint from fright...”

“As long as you protect me, I won’t faint!” Su Yuqi smiled at Chen Ping!

After sending Chen Ping home, Su Yuqi left directly. Just as Chen Ping went upstairs, Wang Hanhan slowly revealed her figure behind a big tree in the courtyard of the community. She looked at Chen Ping’s back with mixed feelings in her heart. !

She had been secretly waiting for Chen Ping here very early. She wanted to see who this woman was, but because it was too dark, Su Yuqi didn’t get out of the car, and Wang Hanhan still couldn’t do it!

“Daughter, go home. If Chen Ping really chooses a rich girl, it will be her choice...”
