

The Order 2651

Chapter: 2651

Chen Ping took advantage of the shock of these people, shouted loudly, and then punched again!

Holy Light Fist, this is the ancient holy fist!

Although Chen Ping did not learn the highest essence, he learned some superficial knowledge, which was extremely powerful.

I saw bright golden light shining in the sky above the entire martial arts alliance, and then with a devastating force, it instantly blasted towards those black copper robes!

The terrifying power caused fear in the eyes of many people in black bronze robes. They did not expect that one person could actually unleash such power!

At this time, even Ning Zhi frowned. He didn't know whether it was right or wrong to anger Chen Ping!

boom!

This punch exploded among the people in black bronze robes!

All the black bronze robes were knocked away directly, and the one in the middle of the force suffered the biggest impact!

The whole person has become a puddle of flesh, and the ground is covered with blood.

Ning Zhi looked at the black copper robe that had turned into a puddle of mud on the ground, with disbelief in his eyes!

Ning Zhi's hand held the vajra tightly. At this time, only this holy weapon could give him a sense of security!

Chen Ping glanced at those black copper robes coldly. Just this glance made those black copper robes feel chills in their hearts!

Chen Ping walked towards Ning Zhi step by step, but the black bronze robes on the side did not make any move!

When Ning Zhi saw this, he hurriedly shouted: "Kill him quickly..."

Many people in black bronze robes looked at each other, then with fierce looks in their eyes, they rushed towards Chen Ping!

They knew that even if they did not take action and would not die by Chen Ping's hands, the powerful man would not let them go.

And they don't even dare to try powerful methods!

That would be a life worse than death...

"bring it on....."

Chen Ping roared angrily, and endless killing intent emerged from Chen Ping's body!

More than a dozen people in black bronze robes suddenly had bursts of black mist above their heads!

The black mist shrouded and turned into a human form. There is a soul hidden in these black copper robes!

A soul that has survived for who knows how many years!

Chapter: 2653

When Chen Ping saw this, he punched a man in a black bronze robe hard on the chest!

boom!

This punch instantly penetrated the body of the black copper robe, and the broken internal organs and blood sprayed all over the ground!

And the soul in the black copper robe took the opportunity to escape, a black mist rose up, and was about to escape!

Chen Ping grabbed forward, then opened his mouth and inhaled, and the soul was instantly sucked into Chen Ping's body!

Without any struggle, the soul was instantly refined by Chen Ping's Heart Condensation Technique!

Seeing this scene, the remaining black copper robes were shocked!

You must know that no one dares to inhale the soul into the body. Many people dare to inhale the soul even if they want to hide.

Isn't this obviously letting the soul control one's body?

But when the soul entered Chen Ping's body, it was directly refined without any control over the body!

This was the first time they had seen such a domineering technique!

At this moment, many black bronze robes wanted to retreat, and none of them dared to step forward!

But if they don't take action, Chen Ping won't let them go.

Chen Ping came in front of a man in black bronze robe in the blink of an eye, and then punched him out!

puff!

The head of the black copper robe was directly smashed into pieces, and then another black mist rose into the sky!

When the host body dies, these souls must leave the body and find a new host body!

Chen Ping repeated his old trick and swallowed the soul with his mouth open!

This time, these black copper robes did not cause any harm to Chen Ping, but became Chen Ping's resources.

"Cast a spell, cast a spell..."

Ning Zhi shouted, if this continues, these black copper robes will definitely be killed one by one by Chen Ping!

And those souls will also be swallowed up by Chen Ping.

The remaining black copper robes looked at each other, with a bit of fear and helplessness in their eyes!

In the end, I saw these black copper robes standing together, and then the black mist in their bodies continued to emerge from above their heads!

Chapter: 2654

The black mist that emerged instantly condensed together and turned into the shape of a huge giant!

This giant is extremely ferocious and is formed by the condensation of these souls.

But those black copper robes, their eyes were dull and motionless at this time, like corpses!

Between the eyebrows of each black copper robe, a drop of bright red blood slowly seeped out, and then slowly floated into the air!

The essence and blood gathered together to form a gem the size of an egg, and was finally embedded into the giant's forehead!

At the same time, those black copper robes fell to the ground one after another, their bodies shrank rapidly and turned into mummies, as if the strength in their bodies had been absorbed by others!

The giant looked down at Chen Ping, and a terrifying aura filled the air instantly!

The huge figure simply blocked the sky and the sun. Chen Ping was like an ant in front of this giant!

Ning Zhi looked at the giant formed in front of him and his eyes widened with disbelief!

This is also the first time he has seen this technique called the Demonic Heart of All Realms!

As long as the secondary spell is cast, everything owned by the caster will be stripped away. Not only the black copper robes become mummies, but even the souls have already become a part of this giant!

The strength of the giant is directly proportional to the strength of the person who casts the spell, and the longer it lasts, the stronger it is!

Judging from the strength of these black copper robes, this giant only lasts for half an hour!

In half an hour, the giant will disappear into thin air, and those black copper robes and the souls within them will also die.

This technique is extremely cruel, so few people use it!

“Chen Ping, you will definitely die this time...”

Ning Zhi looked proud and arrogant!

Those black copper robes were dead, and Ning Zhi didn't care at all, as long as he lived.

“Really? Then just keep an eye on it...”

After Chen Ping said this, his feet shook, and then his body jumped up!

Looking at the huge Juju, Chen Ping didn't even have the slightest hint of cowardice. Golden light shone on his fists, and the power of the dragon was concentrated on his fists, and then he punched out.

The roar of the dragon sounded, and the power of Chen Ping's punch poured out, hitting the giant like a cannonball!

The red light flashed on the giant's forehead, and then he punched out!

Compared with the giant, Chen Ping's figure is simply too small, not even as big as the giant's fist!

Chapter: 2655

However, Chen Ping's eyes showed perseverance and he was not timid at all!

boom!

Chen Ping's punch collided hard with the giant, and Chen Ping's figure instantly flew backwards!

But the giant's figure also swayed under this punch!

Chen Pingping calmed down and looked at the swaying giant, with a more determined look on his face!

"It's a useless thing. I'll blow your head off with this punch..."

Chen Ping knew that the giant relied on the gem condensed from blood on his forehead. As long as the gem was shattered with one punch, the giant would disappear!

Thinking of this, Chen Ping punched out again, and the golden light on his body burst out. Chen Ping's whole body was like a golden cannonball, heading towards the giant again!

Seeing this, the giant punched Chen Ping again. Unfortunately, when he punched out, Chen Ping instantly shattered him!

At this moment, the giant's body fell to the ground, stirring up bursts of dust!

Chen Ping hit Ji Ran's forehead hard. He wanted to destroy the gem on his forehead!

At this moment, Chen Ping was as if he was going crazy, and his golden fists kept hitting the giant's head!

One punch, two punches, three punches...

The giant fell to the ground, unable to fight back!

Two moves, just two moves, the giant fell to the ground and became the target of a beating!

Ning Zhi looked at this scene and he didn't want to believe it!

This giant was formed by condensing the power of more than a dozen men in black copper robes and souls. Why can't he just fight?

"boom!"

Chen Ping landed another punch, and the red gem on the giant's forehead shattered instantly!

As the gem shattered, the giant's head also shattered, and then the body began to slowly dissipate!

Chen Ping stood up slowly and looked at Ning Zhi with cold eyes.

"Next, it's your turn..."

Chen Ping's eyes were cold, and he jumped up, his golden fist heading towards Ning Zhi.

"Chen Ping, I have a sacred weapon in my hand, you are seeking death..."

Chapter: 2656

Ning Zhi snorted coldly, then raised the vajra, and an extremely terrifying force spread instantly!

Ning Zhi held the vajra in his hand and swung it towards Chen Ping with all his strength, and the terrifying force instantly hit Chen Ping!

boom!

The terrifying force hit Chen Ping's body, instantly sending Chen Ping's body flying out, and the indestructible golden body on his body dissipated instantly!

The Martial Saint Weapon possesses the power of the Martial Saint. Chen Ping's current strength is not enough to fight against the Martial Saint's power!

"Hahaha, Chen Ping, you'd better just surrender and be captured!"

Seeing Chen Ping vulnerable in front of the martial arts weapon, Ning Zhi laughed crazily!

"Fuck you!"

Chen Ping roared angrily, and then the power of the dragon boiled, heading towards Ning Zhi again!

But Chen Ping's strength is really nothing in front of Wu Shengqi!

Even though Chen Ping tried his best, he was still hit hard by the vajra!

A mouthful of blood spurted out, and Chen Ping suffered two heavy blows in a row. Chen Ping's body was severely injured.

At this time, Chen Ping's face was very ugly, and the aura on his body was constantly adjusting. However, facing the martial arts weapon in Ning Zhi's hand, Chen Ping was a little helpless.

"Chen Ping, let's go, let's go quickly, leave me alone, leave me alone..."

Su Yuqi shouted loudly at Chen Ping.

She didn't want Chen Ping to die on the spot trying to save herself.

"Yu Qi, no matter what happens today, I will rescue you."

Chen Ping knew that if Su Yuqi was imprisoned in the dungeon, it would be even more difficult for him to rescue Su Yuqi.

But looking at the vajra in Ning Zhi's hand, Chen Ping was in trouble. How was he going to deal with Ning Zhi and rescue Su Yuqi?

At this time, Chen Ping looked at Ge Yuhan, who had been standing blankly!

Ge Cangsheng said that Ge Yuhan's strength was that of a Martial Saint, and he might be able to deal with the Martial Saint weapon in Ning Zhi's hand.

"Yuhan, Yuhan, can you help me kill this kid?"

Chen Ping asked Ge Yuhan.

But Ge Yuhan was motionless, his eyes were dull, as if he couldn't hear Chen Ping's words at all!

Chapter: 2657

When Chen Ping saw this, his face was full of helplessness. Although Ge Yuhan was as powerful as a martial saint, he was now as good as a fool, or even worse than a fool. It was a joke for him to expect Ge Yuhan to help.

"Hahaha, Chen Ping, are you afraid that you want a stupid person to deal with me?"

Ning Zhi laughed!

Chen Ping looked at Ning Zhi's arrogant look, his eyes flashing with sternness!

Chen Ping sacrificed the Dragon-Slaying Sword. If he wanted to save Su Yuqi now, he had to lure Ning Zhi away. Ning Zhi had been guarding the iron cage, but Chen Ping didn't almost take action!

“Ning Zhi, even if you have a martial arts weapon, I can still kill you...”

As Chen Ping spoke, he jumped up high and then slashed at Ning Zhi with his sword!

The huge sword light headed towards Ning Zhi.

Facing the huge sword light, Ning Zhi raised a smile and waved the vajra in his hand. A terrifying force instantly shattered Chen Ping’s sword light!

Immediately afterwards, Chen Ping felt an overwhelming force, and his whole body instantly flew backwards into the distance!

While Chen Ping’s body was flying backwards, he shouted: “Ning Zhi, I will come back sooner or later and kill you...”

Then Chen Ping’s figure gradually disappeared and ran away!

“Damn it, you still want to escape...”

Ning Zhi jumped up and chased after him!

How could he let Chen Ping escape when he had a martial arts weapon in hand.

But just when Ning Zhi was chasing Chen Ping, Chen Ping’s figure had already turned around and returned.

He just deliberately lured Ning Zhi away and then rescued Su Yuqi!

Without rescuing Su Yuqi, how could Chen Ping escape?

Su Yuqi originally thought that Chen Ping had escaped, and she breathed a sigh of relief. Seeing that Chen Ping turned back, she suddenly said anxiously: "Chen Ping, leave quickly and leave me alone. They don't dare to kill me..."

Su Yuqi urged Chen Ping, but Chen Ping would listen!

"Yu Qi, I have to rescue you today!"

Chen Ping said, stepped forward directly, grabbed the iron cage with both hands, and suddenly tried to break the iron cage with force!

But just when Chen Ping was trying to break my iron cage, a light suddenly shot out from the ground!

This light directly enveloped Chen Ping and Su Yuqi inside!

Chapter: 2658

Immediately afterwards, densely packed runes appeared on the ground, and these runes shone with light. Then these runes floated up, surrounding Chen Ping and Su Yuqi!

"What is this?"

Chen Ping frowned.

He didn't know what these were, but it looked like they were some kind of formation!

Just when Chen Ping and Su Yuqi didn't know what the rune that suddenly appeared was, they discovered that a black hole appeared under their feet!

The black hole seemed to have suction, slowly dragging their bodies downward!

Chen Ping was startled and tried hard to break free, but found that he couldn't break free at all. His feet felt like they were stuck in a quagmire!

"Hahaha, Chen Ping, you idiot, do you really think I'm going to chase you?"

"I avoided it on purpose to give you a chance to save your girlfriend."

"Are you fooled now? Just wait to enter the dungeon with your girlfriend!"

"If you want to fight with me, you are too young..."

Ning Zhi's eyes were full of pride and arrogance!

Chen Ping stared at Ning Zhi with anger in his eyes, but no matter how hard he tried, he could not escape from the black hole under his feet!

Chen Ping and Su Yuqi slowly fell downwards.

"Why, why are you so stupid, now you are caught too, is it worth it?"

Su Yuqi reached out across the iron cage and gently touched Chen Ping's face!

"It's worth it, even if it means death, as long as I can die by your side, it's worth it..."

Chen Ping's eyes were full of tenderness and he held Su Yuqi's hand tightly!

The two of them haven't touched each other for a long time!

Feeling each other's warmth, Chen Ping didn't even have a trace of fear in his heart!

Seeing Chen Ping and Su Yuqi quarreling with each other, Ning Zhi's eyes flashed with fierceness: "Chen Ping, I will separate you and your girlfriend from Yin and Yang. Even if we go to the underworld, you won't even think about seeing each other again!"

Chen Ping ignored Ning Zhi. He held Su Yuqi's hand tightly and enjoyed the last beautiful time!

Soon, Chen Ping and Su Yuqi sank to their chests. It won't take long for the two of them to fall into the dungeon!

Ning Zhi watched from not far away, his eyes full of satisfaction!

Chapter: 2659

He was finally able to avenge his family!

Chen Ping has always been a nightmare in his heart, but after today, he will never have nightmares again.

But just when Ning Zhi was about to watch Chen Ping fall into the dungeon, a figure suddenly flashed past him!

When Ning Zhizai looked closely, he found that Ge Yuhan, who had been standing blankly for some time, was already standing on Chen Ping's side.

Ge Yuhan's body was also in the formation, but her body did not collapse!

Ge Yuhan stretched out her hand, took Chen Ping and threw him gently, and threw Chen Ping out!

Chen Ping was overjoyed and hurriedly shouted: "Yuhan, hurry up, pull my girlfriend up, hurry up..."

But no matter how Chen Ping shouted, Ge Yuhan did not move. In the end, Chen Ping could only watch as Su Yuqi finally fell into the dungeon!

“ah.....”

Chen Ping yelled out angrily and unwillingly. This was the one he was closest to Su Yuqi and had the best chance of rescuing her, but he still failed!

At this time, Ning Zhi stared blankly at Ge Yuhan in front of him, his eyes full of shock and disbelief!

How could a stupid, lifeless person rescue Chen Ping from the formation so easily?

Ning Zhi couldn't figure it out, even more so!

“Don't be stunned. Even if Chen Ping is not captured in the dungeon, you can still kill him with the martial arts weapon in your hand. Do it quickly...”

The soul in Ning Zhi's body reminded Ning Zhi.

Ning Zhi reacted, and the vajra in his hand flashed with light, and a terrifying aura began to fill the air. The aura emitted alone was enough to make some Wuhou vomit blood and die.

Chen Ping felt the terrifying aura and his face was extremely ugly.

However, he knew that he could not fight head-on with Ning Zhi at this time. Now that Su Yuqi was imprisoned in the dungeon again, it was no longer possible for Chen Ping to rescue Su Yuqi!

He must not die here. If he dies, Su Yuqi will never have a chance to come out!

Chen Ping jumped up and prepared to escape!

But how could Ning Zhi let Chen Ping escape this time? With a wave of the vajra in his hand, the terrifying power instantly crushed Chen Ping!

Chen Ping gritted his teeth, but did not dare to stop at all. He could only pray that he could withstand the blow of the martial arts weapon!

boom!

There was a loud noise, and waves of terrifying air rolled out in all directions!

Chapter: 2660

Chen Ping thought that this blow would definitely cause him serious injury, but he didn't expect that Chen Ping didn't feel anything when such a big movement happened!

"How is this going?"

Chen Ping couldn't help but look back curiously!

It didn't matter what he saw. He saw Ge Yuhan following behind him, and the terrifying blow just now hit Ge Yuhan!

Chen Ping was shocked and hurriedly checked Ge Yuhan's body. Ge Cangsheng entrusted Ge Yuhan to him, but he could not let Ge Yuhan really die in the end.

But after checking again, I found that there was nothing wrong with Ge Yuhan. He just stood there blankly, his eyes dull!

When Ning Zhi saw this, he was stunned!

"This...how is this possible?"

Ning Zhi was dumbfounded. Just now it was a blow from the Martial Saint Weapon.

Although the power exerted by the Martial Saint Weapon is not as powerful as the real Martial Saint, it is still almost the same!

How is it possible that he can't even break the body of an ordinary person?

With that kind of power just now, even a strong man in the Wuhou realm would have been turned into flesh long ago.

But the blow on Ge Yuhan's body didn't even scratch her skin!

Chen Ping smiled. Ge Yuhan's physical strength was beyond his imagination!

At that time, Ge Cangsheng said that Ge Yuhan's body was extremely powerful. Chen Ping still didn't believe it. After all, there were not many people who were physically stronger than him!

But now that he saw Ge Yuhan's body, Chen Ping was completely convinced!

Maybe this has something to do with the fact that Ge Yuhan's body has been fumigated with antiseptic aromatherapy for so many years.

"It would be great if she could come back to life completely and listen to me..."

Chen Ping looked at Ge Yuhan, filled with anticipation!

If Ge Yuhan could listen to Chen Ping, he might have rescued Su Yuqi just now!

"Ning Zhi, just wait, I will kill you sooner or later..."

After Chen Ping finished speaking, he jumped forward again.

This time, with Ge Yuhan protecting him, Chen Ping no longer had any worries!

“Chen Ping, don’t get too damn happy too soon, I will never let you go!”
